## **Exhibit 4:**

# **Operating Costs**

Exhibit 4: Operating Costs

---

**Tab 1 (of 10): Overview**

## OVERVIEW

### 4.1 Operating Costs Overview

This Exhibit represents the expenses that NPEI incurs to service its customers and maintain and operate NPEI's distribution assets. This level of expenditure ensures that NPEI is able to achieve performance targets set by the OEB and provide quality service while ensuring safety for both staff and the public. Expenses incurred ensure that NPEI can meet the increasing needs and expectations of NPEI's customers as required by legislation. Costs incurred ensure that NPEI adheres to all relevant codes (Distribution System Codes, Retail Settlement Code, Standard Supply Service Code, etc.). An LDC is a service related company whereby, it distributes electricity from the transmission grid down to residential dwellings and businesses, both small commercial and general service customers requiring greater than 50 kilo-watts.

NPEI is proposing to recover through distribution rates for the 2021 Test Year a total of \$29,160,746 for OM&A, depreciation and income taxes as detailed in Table 4.1.1 below:

(Note: Table 4.1.1 below does not include interest)

**Table 4.1.1 – Summary of Operating Costs**

	<b>2015 Board Approved IFRS</b>	<b>2021 Test Year IFRS</b>
<b>OM&amp;A Expenses</b>		
Operations	4,181,150	4,798,729
Maintenance	2,439,001	2,577,832
Billing and Collecting	5,248,882	6,792,581
Community Relations	69,600	102,200
Administrative and General Expenses	4,199,129	5,849,573
<b>Total Recoverable OM&amp;A Expenses</b>	<b>16,137,763</b>	<b>20,120,915</b>
Property Taxes	287,232	263,095
<b>Total Operating OM&amp;A Expenses</b>	<b>16,424,995</b>	<b>20,384,010</b>
Depreciation (Gross of Amortization of Capital Contributions)	5,937,406	8,442,650
PILS	109,157	334,085
<b>Total Recoverable expenses</b>	<b>22,471,558</b>	<b>29,160,746</b>

1 Property taxes and PILS are discussed more fully in Section 4.9 and Depreciation is discussed  
 2 in Section 4.8.

3  
 4 Since NPEI last filed in 2015, many new initiatives have been introduced by the OEB. There is  
 5 an increased focus on customer engagement and customer service standards for consumers  
 6 and vulnerable customers as well as rate design for the residential customer rate class,  
 7 streetlight and unmetered scattered load rate classes where cost allocation has been updated.

8  
 9 **Table 4.1.2 – OM&A cost per Customer**

10

Year	Total # of Customers	OM&A \$	OM&A per Customer	OM&A per Customer \$ Change Year over Year	OM&A per Customer \$ Change Year over Year
2015 Board Approved	52,314	15,840,615	303		
2015	52,770	16,187,152	307	4	1.30%
2016	53,617	16,460,130	307	0	0.08%
2017	54,919	17,659,769	322	15	4.74%
2018	55,593	17,364,087	312	(9)	-2.87%
2019	56,067	18,410,813	328	16	5.13%
2020 Bridge Year	56,673	18,790,069	332	3	0.97%
2021 Test Year	57,286	19,504,328	340	9	2.69%
2021 vs 2015 Board Approved				38	
# of Years				6	
\$ Average increase per year over 6 years				6.28	
% Increase over 2015 Board Approved				2.07%	

11  
 12  
 13 Table 4.1.2 includes the LEAP funding each year. Table 4.1.2 above varies from the Cost  
 14 Trends table in Exhibit 1, where the Cost Trends table includes OM&A expenses without LEAP  
 15 funding.

16  
 17 NPEI's OM&A costs have been steadily increasing each year, except for in 2018 whereby, NPEI  
 18 experienced seven retirements.

19  
 20 The above OM&A costs are calculated based on the same inclusions used for the PEG  
 21 benchmarking. The PEG benchmarking calculates OM&A by excluding property taxes, bad

1 debt expense and costs associated with LDC owned transformer stations, high voltage costs,  
2 and by including an adjustment for Low Voltage expenses allocated by HONI to LDC's that own  
3 their own transformer stations. NPEI estimated the LV cost for 2019 Actuals, 2020 Bridge Year  
4 and 2021 Test Year that is included in the OM&A table above.

6 A summary of NPEI's operating costs for the 2015 Board Approved, 2015 through 2019 Actuals  
7 and the 2020 Bridge Year and 2021 Test Year is provided in Table 4.1.3 below.

9 Total operating costs will rise from \$16,424,995 as approved by the Board to \$20,384,010 in the  
10 2021 Test Year. This is an increase of \$3,959,015 or 24.10%.

12 **4.1.3 Recoverable OM&A Expenses by Operating Unit**

OM&A Expenses	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year

16

17

1 The recoverable OM&A in excess of 2% inflation increases year of year is \$1,886,798, of which  
2 50.17% is related to labour and benefits and 49.93% of the excess is related to outside  
3 purchases. Sections 4.2 and 4.3 provides a breakdown of cost drivers related to outside  
4 purchases and Section 4.4 provides explanations related to labour and benefits. NPEI's  
5 customer count has increased by over 4,950 between 2015 and the 2021 Test Year. This  
6 represents a 9.5% increase in the number of customers NPEI serves.

7  
8 NPEI's actual variances year over year from 2015 through to 2019 Actuals and the 2020 Bridge  
9 Year and 2021 Test Year by cost component is illustrated in Table 4.1.8 below.

10

1 **4.1.9 Accounting Policy Changes**

2

3 In accordance with the Board's letter dated July 12, 2012, NPEI adopted capitalization and  
4 depreciation policies under CGAAP that were compliant with International Financial Reporting  
5 Standards. NPEI adopted the required accounting changes for depreciation and capitalization  
6 policies on January 1, 2013, which were included in NPEI's 2015 Cost of Service Application.

7 At the time of changing the depreciation useful lives for the distribution assets and general  
8 equipment, NPEI did not adjust the amortization of the capital contributions related to the  
9 distribution assets. The 2015 Cost of Service Application includes the capital contributions  
10 amortized over 25 years. In 2015, NPEI adjusted the amortization period for capital  
11 contributions to coincide with the respective useful life of the distribution asset the capital  
12 contribution relates to. As a result, the impact of this change has decreased Other Revenue.  
13 See Exhibit 3 for more detail. There were no changes to expensing of overheads since the last  
14 Cost of Service Application in 2015.

15

Exhibit 4: Operating Costs

---

**Tab 2 (of 10): Summary and Cost Driver Tables**

# SUMMARY AND COST DRIVER TABLES

## 4.2.1 Overview of Budgeting Process

### OM&A Costs:

OM&A costs in this Exhibit represent NPEI's integrated set of asset maintenance and customer activity needs to meet public and employee safety objectives; to comply with the Distribution System Code, environmental requirements and government direction; and to maintain distribution business service quality and reliability at targeted performance levels. OM&A costs also include providing services to customers connected to NPEI's distribution system and meeting requirements of the OEB's Standard Supply Service Code and Retail Settlement Code.

The proposed OM&A cost expenditures for the 2021 Test Year are the result of a business planning and work prioritization process that ensures that the most appropriate, cost effective solutions are put in place. The 2021 Test Year includes initiatives for customer engagement and cyber security. Customer Service has typically been a reactive process to serve NPEI's customers, customer engagement is a more proactive process. Throughout the customer engagement initiative specifically the focus group meetings, NPEI learned its customers what more information and on a timely basis. Customers wanted to know about conservation programs and when there are outages that affect them or their businesses. There is a need for NPEI to enhance customer communications.

### OM&A Budgeting Process Used by NPEI

The operating budget is prepared annually by Senior Management on a collaborative basis with all departments of NPEI. The annual budget is reviewed and approved by NPEI's Finance Committee and Board of Directors. The capital and operating budgets are prepared before the start of each fiscal year. The current operating year is Forecasted using the actual OM&A and

1 capital expenditures at the end of October plus an estimate for November and December. The  
2 Budget operating year is prepared and compared to the Forecasted year and the prior year  
3 Actuals. For example, the 2020 Bridge Year Budgets are compared and analyzed to the  
4 Forecasted 2019 year and the 2018 Actual year.

5  
6 NPEI reviews its budgets using different methodologies to ensure its proposed budgets are  
7 reasonable before seeking its Board of Director for approval. Review methodologies employed  
8 include the Bottom Up Approach, the Top Down Approach and the Total Spend Envelope.

9  
10 ***Bottom Up Approach***

11  
12 The bottom up approach is performed at the detail level, employing the expertise of each  
13 responsible Director or Vice President to create departmental budgets by expense type. The  
14 labour budget is prepared in detail by employee using current pay rates, estimated performance  
15 increases in pay rates and estimated overhead burden rates. All new FTE positions and  
16 replacement of FTE's retiring or leaving the corporation are approved by NPEI's President/CEO.  
17 The budget includes the following:

- 18  
19 • Estimated OM&A expenses for all department budgets are built using the previous two  
20 years of actual invoices by Vendor, current year forecast and current year budget as the  
21 base;
- 22  
23 • Significant variances in spending from prior years is explained in the budget report;
- 24  
25 • The Finance department prepares a total labour budget by employee by department  
26 using projected wage and benefit costs. Overtime and account distribution are projected  
27 considering previous year's actual changes
- 28  
29 • The labour required for the capital budget is reconciled to the total labour budget where  
30 the difference become OM&A labour. This only applies to the direct labour positions that  
31 are capitalized. NPEI does not capitalize any management or executive labour costs.

- 1 • Depreciation expenses are calculated using the forecast current year's additions by  
2 general ledger account and useful lives.  
3
- 4 • Income taxes are budgeted using a 26.5% tax estimate. Future income taxes are not  
5 accounted for the annual budget.  
6
- 7 • Net movement in regulatory accounts are budgeted for all regulatory assets and  
8 liabilities except for RSVA (Retail Settle Variance Accounts) accounts. NPEI's Sale of  
9 Energy equals its Cost of Power in the annual budget on the Statement of Income.  
10

#### 11 ***Top Down Approach***

12

13 The top down approach can be performed in aggregate or at the individual expense level. NPEI  
14 employs both strategies. This method tests the proposed expenses and capital expenditures  
15 against expected inflation. Outliers are identified and explained in the annual budget report.  
16

#### 17 ***Total Spend Approach***

18

19 NPEI employs the Total Spend Approach in all of its budgeting and actual spend monitoring  
20 throughout the year. NPEI can reasonably estimate and manage within what its total spending  
21 envelope will be in any given year. Budgets are then developed using the Total Spend that is  
22 approved in rates, inclusive of both the capital and operating budgets. If capital requirements  
23 are higher or lower in any given year, the offset will increase or decrease the operating budgets.  
24 From 2015 to 2019, capitalized labour and benefits as a percentage of total labour and benefits  
25 has ranged from 24.32% to 28.84% with the corresponding percentage of labour and benefits  
26 included in OM&A ranged from 71.16% to 75.68%.  
27

28 Over its existence, NPEI has always had to deal with competing demands, balancing the needs  
29 of its customers against rising OM&A costs, inclusive of inflation.

30 In this Application, NPEI recognizes that it cannot maintain operations within its current  
31 spending envelope, given its increased needs in both CAPEX and OPEX. In addition to

1 inflation, NPEI has incremental costs such as meter reading related to the mandatory  
2 conversion of conventional meters to either a MIST meter or Smart meter, meter reading and  
3 postage costs related to an increase in customer count, OEB cost assessment fees, Cost of  
4 Service application preparation expenses, increased customer engagement expectations, rising  
5 postage costs, cyber security expenses and disaster recovery plans, increased expenses in HR  
6 and Safety, succession planning and leadership training due to an aging workforce, future build  
7 of a transformer station in the Lincoln area due to development of the former Prudhommes  
8 Landing property, and additional maintenance expenses.

9  
10 **4.2.2 Summary of Recoverable OM&A Expenses**

11  
12 Table 4.2.2-1 below shows a summary of recoverable OM&A costs for 2015 Board Approved,  
13 2015-2019 Actuals and the 2020 Bridge and 2021 Test Years. Table 4.2.2-1 is a reproduction  
14 of the OEB's filing requirement Appendix 2-JA.

5

6

7 Table 4.2.2-2, Filing Requirement Appendix 2-L is a summary of the OM&A Cost per Customer  
8 and per Full-Time Equivalent (FTE). The FTE's agree to the numbers shown in the  
9 Compensation Section 4.4, Table 4.4.3-1 and Filing Requirement Appendix 2-K. The number of  
10 customers is based on the fourth quarter average number of customers for each rate class of  
11 metered customers and is consistent with the load forecast used in the weather normalization  
12 model and the OEB published year books.

13

14 OM&A per Customer for the 2015 Board Approved was \$313.97. In 2015 Actual, OM&A per  
15 customer on a consolidated basis was \$319.75. For the 2020 Bridge Year, the OM&A per  
16 customer is projected to be \$346.26 or \$26.51 more than the 2015 Actuals. This represents an  
17 increase of 8.3% over five years. The 2021 Test Year OM&A per customer is projected to be

1 \$355.83 or \$36.08 or 11.28% over six years. Table 4.2.2-3 below illustrates the OM&A costs  
2 per customer and FTE by a more detailed reporting basis.

3 **Table 4.2.2-3 OM&A Costs per customer and FTE – Detailed Reporting Basis**

1  
2

3

1 Billing and Collecting expenses per customer and Administrative and General expenses per  
2 customer are the two main areas driving the increase of \$36.07 per customer from 2015 Actuals to  
3 the 2021 Test Year. Billing and Collecting expenses have increased \$18.46 per customer from  
4 2015 Actuals to the 2021 Test Year and Administrative and General expenses have increased by  
5 \$14.77 per customer from 2015 Actuals to the 2021 Test Year.

6  
7 Billing and Collecting expenses have increased mainly due to increased meter reading expenses as  
8 a result of replacing conventional meters with either a MIST meter or a Smart Meter. Software and  
9 hardware maintenance expenses have increased by \$200,000 from 2015 to 2021. NPEI's disaster  
10 recovery plan including built-in redundancy as well as cyber security software are the main reasons  
11 for computer maintenance expenses increasing. The bi-annual Customer Satisfaction survey and  
12 bi-annual Public Safety survey are new costs since 2015. An increased focus on Customer  
13 Engagement with two new positions, a Customer Engagement Manager and a Customer  
14 Engagement Key Account Coordinator. Refer to Section 4.4.1 for more detail. Customer  
15 Engagement allows NPEI to take a more proactive approach to engage with our customers. In the  
16 past, through customer service it is the usually the customer initiating the conversations. The new  
17 Customer Service rules coming into effect on March 1, 2020, have resulted in an additional  
18 communication of an Overdue Account Notice to customers which will increase postage costs.  
19 Effective November 2017, electricity distributors are banned from disconnecting residential  
20 customers for non-payment from November 15 to April 30. In 2018, NPEI starting sending active  
21 delinquent customer accounts greater than \$1,000 to a third party collection agency to minimize  
22 potential increases to bad debt expenses. Bad debt expenses have increased as a result of the  
23 disconnection ban where several active accounts now have balances exceeding \$3,000 that are  
24 greater than 90 days past due. On February 14, 2019, the OEB released a Decision and Order EB-  
25 2015-0304 in the matter of energy retailer service charges effective May 1, 2019. NPEI has used  
26 accounts RCVA accounts 1518 and 1548 since the opening of the retail settlement market in 2002.  
27 NPEI has included the incremental retailer revenues in this COS Application as Other Revenue  
28 Offsets, refer to Exhibit 3. The impact to NPEI's OM&A expenses is an increase as the expenses  
29 related to the retail settlement market will now be included in recoverable OM&A.

30

1 General and Administrative expenses have increased from 2015 to 2021 mainly due to a new HR  
2 Administrative Assistant, a Communications Administrative Coordinator and a Regulatory  
3 Compliance and Financial Manager that will be hired in 2020. Refer to Section 4.4.1 for details  
4 related to these new positions. Increased OEB assessment fees, and costs related to the  
5 preparation of the 2021 COS rate application are also G&A cost drivers. In the 2021 Test Year,  
6 Bank charges will now include the Letter of Credit fee related to NPEI's prudential support  
7 obligation held in favour of the IESO that was previously recorded in Retailer Expenses account in  
8 the Customer Service and Billing reporting area. A portion of the Letter of Credit fee was moved to  
9 the Deferral and Variance accounts, 1518 and 1548 each year. The portion captured in the Deferral  
10 and Variance account is based on the number of retailer customers billed as a percentage of the  
11 total customers billed. The closing of the RCVA deferral and variance accounts requires these  
12 expenditures to be included in OM&A going forward effective January 1, 2021. The Retailer service  
13 charge revenues are recorded at the new higher rates and provide a revenue offset. At a glance  
14 these expenses formerly moved to the Deferral and Variance account are cost drivers when only  
15 analyzing OM&A expenses, however due to the increase in the revenue offset related to Retailer  
16 Service Charges, the impact on the overall revenue deficiency is reduced.

17  
18 Operations and maintenance costs per customer and per FTE have fluctuated over the years  
19 between 2015 and 2021. The operations, engineering and metering departments have experienced  
20 a significant number of retirements since 2015. OM&A costs fluctuate depending on the number of  
21 Power-line Technician Apprentices. The training costs associated with Power-line Technician  
22 Apprentices vary depending on the level of the apprentice. Operations and maintenance labour  
23 costs included in OM&A vary from year to year in correlation to the capital planned expenditures  
24 included in the annual capital budget. Years with higher capital work reduces the labour related to  
25 operations and maintenance included in OM&A. Years with lower capital expenditures increases  
26 the labour related to operations and maintenance included in OM&A.

### 27 28 **4.2.3 Summary of Cost Drivers**

29  
30 NPEI has completed Filing Requirement Appendix 2-JB with the year over year cost drivers. Table  
31 4.2.3-1 is a summary of the cost drivers in OM&A for NPEI since it last rebased in 2015.

1 The OM&A opening balance for the last rebasing year of \$16,424,995 represents the 2015 Board  
2 approved. The proposed OM&A level of \$20,384,010,728 for the 2021 Test Year is \$3,959,015 or  
3 24.1% higher than the 2015 Board approved of \$16,424,995. This increase is for the six-year  
4 period from 2015 to the 2021 Test year. NPEI has provided the OM&A details and variance  
5 analysis on a program basis using the Board's Appendix 2-JB in Section 4.3. Line items in italics  
6 are related to labour and benefits, all other line items are outside purchases.

**Table 4.2.3-2 Summary of OM&A Cost Drivers**

<b>2015 Board Approved OM&amp;A</b>	<b>16,424,995</b>
Staffing changes	517,258
Wage and Benefit Increases	1,797,082
Meter Reading	434,868
IT maintenance expenses	288,682
Regulatory	149,840
Operations	172,479
HR programs & Strategic Planning	160,192
Transformer Station	145,000
Postage	125,550
Retailer Expenses reallocated	(210,000)
RCVA Deferral and Variance ending	62,100
Other	315,964
<b>2021 Test Year</b>	<b>20,384,010</b>

**Staffing level changes – increase \$517,258.** The staffing changes mainly consists of two new Customer Engagement positions and one Regulatory Compliance and Financial Manager. Since NPEI last rebased in 2015, twenty-one (21) employees have retired as at December 31, 2019 and an additional twelve (12) employees have left the corporation. Also during this same time period, NPEI recruited and hired twenty-four (24) new employees and transitioned three of the five CDM employees into various departments. Table 4.2.3-3 below details the changes in actual head count from 2015 to the 2021 Test Year. For more details, refer to Section 4.4 regarding workforce planning.

**Table 4.2.3-3 Changes in Head Count**

<b>Actual Head Count 2015 (before Settlement)</b>	<b>128</b>
Retirements 2015-2019	(21)
Employees leaving corporation 2015 to 2019	(12)
New Hires	24
CDM transitions	2
Maternity leave	(1)
<b>Head Count 2019</b>	<b>120</b>
Regulatory Compliance Manager	1
GIS Technician	1
Retirement Meter Tech	(1)
Stores Attendant (currently Third party contract)	1
Powerline Technician Apprentice	2
CDM transitions	2
<b>Head count 2020</b>	<b>126</b>
Maternity leave	1
Powerline Technician Apprentice	1
<b>Head count 2021</b>	<b>128</b>

**Wage and Benefit increases – increase - \$1,797,082.** Sections 4.4.2 and 4.4.3 and 4.4.4 provide an analysis of wages, benefits, FTE's and head count for the years 2015-2019 Actuals, and the 2020 Bridge and 2021 Test Years. This represents the annual wage increases, increases from the job evaluation process completed in 2018 and the incentive pay plan introduced in 2019.

**Meter Reading – increase \$434,868.** Table 4.2.3-4 below provides a breakdown of the meter reading expenses included in the 2021 Test Year as well as the variances accounting for the increase in meter reading expenses from the 2015 Board Approved to the 2021 Test Year expenses.

**Table 4.2.3-4 – Meter Reading Expenses**

	<b>Last Year Rebasing 2015 Actuals</b>	<b>2021 Test Year</b>	<b>2021 versus 2015 Board Approved</b>
Meter reading	375,850	645,466	269,616
MIST meter Deferral and Variance	43,760	0	(43,760)
EBT settlement expenses reallocated	0	128,700	128,700
Additional Base Station expenses	0	78,660	78,660
Meter reading TS and DS's	15,000	16,653	1,653
<b>Total Meter reading expenses</b>	<b>434,610</b>	<b>869,479</b>	<b>434,869</b>

In the 2015 Cost of Service rate application, NPEI was approved for a Deferral and Variance Account related to the incremental meter reading expenses as a result of converting conventional meters to MIST meters as required by the OEB's Amendment to the Distribution System Code EB-2013-0311, dated May 21, 2014. As per the Amendment to Section 5.1.3 of the DSC, distributors have until August 21, 2020 to install a MIST meter on any existing installation that has a monthly average peak demand during a calendar year of over 50 kW. NPEI will have all of its conventional meters converted to either a MIST meter or Smart meter by the end of June 2020. NPEI's Deferral and Variance account for incremental meter reading costs related to MIST meters was based on an annual MIST meter reading expense of \$43,760. Any MIST meter reading expenses above or below \$43,760 was recorded to the Deferral and Variance Account for MIST meter reading. At the end of December 2019, the balance of the Deferral and Variance Account for MIST meter reading was \$86,344. In December 2019, the MIST meter reading variance above the monthly amount of \$43,760 was \$121,501. For each month in fiscal year 2020, this amount will continue. In the 2021 Test Year the MIST meter Deferral and Variance account will end and the \$43,760 is included in the meter reading increase of \$267,899. Meter reading expenses has also increased due to the growth in customer count from 2015 Board Approved to the 2021 Test Year. Any new customer since 2015 requiring a MIST meter has not been included in the Deferral and Variance MIST meter reading account.

The EBT retail settlement expenses accounted for in a separate account for the purposes of calculating the RCVA Deferral and Variance have been included as Meter Reading expenses in the

1 2021 Test Year due to the closing of the RCVA Deferral and Variance accounts. See below for  
2 more detail.

3 In 2018, there were two severe wind storms in NPEI's service territory. During the April 2018 wind  
4 storm a TGB (Tower Gateway Base Station) base station tower located on a Grimsby Hydro  
5 customer's property snapped in half. NPEI had approximately 2,000 customer's smart meter  
6 readings being collected by this tower. During a lengthy investigation between Grimsby Hydro and  
7 NPEI, it was determined that Grimsby Hydro paid the Base station fees related to this tower since  
8 the inception of smart meters in 2010. The Grimsby Hydro customer declined to have a new tower  
9 erected of their property. NPEI had to complete several propagation studies with the sole vendor.  
10 As a result of these propagation studies, NPEI had to purchase two towers, one in Campden and  
11 one in Greenlane in order to obtain meter readings for these customers. Due to the height of the  
12 escarpment and tower height restrictions in the Town of Lincoln and the City of Grimsby, NPEI  
13 required two towers. Since January of 2019, NPEI now bears the expenses of these two base  
14 station towers. The increase is approximately, \$6,555 per month in Canadian dollars. This  
15 expense is paid to the vendor in US\$ and varies each month due to the exchange rate. NPEI has  
16 used a 36% foreign exchange rate for the 2021 Test Year. The cost of these base station towers is  
17 a cost driver for the 2021 Test Year. As a result of this investigation, NPEI learned the original  
18 smart metering network was constructed with no redundancy.

19

20 **IT Maintenance Expenses – increase \$288,682.** The development of the virtual servers to be  
21 used for disaster recovery was completed in 2015. Testing of these servers was completed in  
22 2016. The backup to/from Niagara Falls, Smithville and an out of town location on both the physical  
23 and virtual servers was completed during the year. This full backup system increased redundancy  
24 and allowed for contingency planning.

25

26 In 2015, software was installed to enable NPEI to pay its vendors using EFT (Electronic Funds  
27 Transfer). Customer refunds, monthly Micro-fit payments and employee expense reimbursements  
28 are paid using EFT wherever possible. Currently, 268 of NPEI's 443 micro-fit customers are now  
29 on EFT. This new payment process saves postage, envelopes and time with respect to stale-dated  
30 or returned cheques. NPEI has also converted over 60% of its trade accounts payable vendors to  
31 be on EFT.

1 In 2016, NPEI installed a third party software called e-pay stub. This new software reduced the use  
2 of paper and envelopes as well as the labour that was being used to print, staple and stuff the  
3 paystubs into the envelopes and deliver them by hand to each employee.

4  
5 The use of Adobe as a form of electronic storage provided many efficiencies. Paper billing journals  
6 were saved as PDF files and stored on NPEI's servers. While the efficiencies were gained in data  
7 retrieval, and reduced the need to increase physical storage facilities, data storage became an  
8 issue. A third party consultant was engaged to review NPEI's data storage. In 2017, NPEI adopted  
9 a new model for its technology using nodes for hyper-convergence. Hyper-convergence is storage  
10 in a server which includes all backup, disaster recovery, data movement and data efficiency. The  
11 main difference between converged (physical servers) and hyperconverged infrastructure is that the  
12 converged model relies on hardware and employs building blocks. Hyperconverged is software-  
13 defined and is more flexible, maneuverable, and scalable than converged infrastructure.  
14 Hyperconverged infrastructure shares storage to all compute and virtual machines whereas  
15 converged infrastructure does not. Each node has the same storage space as twenty physical  
16 servers. From 2017 to 2019, NPEI has installed six nodes. NPEI signed a five-year maintenance  
17 agreement for each of these nodes, and these maintenance expenses are the main reason the IT  
18 maintenance expenses have increased.

19  
20 Call flow review was completed for NPEI's telephone system and automated voice callback  
21 software was configured and implemented. A Collections automation platform was implemented in  
22 the CIS system, an interactive Outage map was deployed both internally and externally on NPEI's  
23 website. Hand held devices for services orders and work tickets were upgraded to tablets installed  
24 in NPEI's vehicles. Service orders are now dispatched electronically to mobile devices. Radio  
25 equipment installed in NPEI's vehicles now have GPS capability. The GPS technology provides  
26 efficiencies when deploying service orders, especially during outage situations as well as it provides  
27 a level of safety for NPEI's employees in cases of emergency.

28  
29 Interactive customer forms and employee forms were deployed. Customers may now complete  
30 Account Access, Billing Issue, Connection Agreement, Request for deposit waive, Move out, Owner

1 Memo, Pre-authorized payment application, and Declaration of farm or multi-residence forms on-  
2 line. Total number of forms completed on-line in 2018 and 2019 were 399 and 705 respectively.

3  
4 NPEI has three core systems it uses in its operations, a CIS, GIS and Financial software package.  
5 Throughout the past five years, many interfaces have been built between the CIS and the GIS.  
6 Most recently NPEI purchased and installed a software for engineering design estimates that  
7 interfaces into its Financial software. In 2020, an API (Application Programming Interface) is  
8 currently being configured between NPEI's web-form's and NPEI's engineering estimating system  
9 where customers can complete service upgrade requests on-line.

10  
11 With each new software upgrade, re-design or API, software maintenance fees increase. Many  
12 software providers are moving in the direction on one year subscriptions versus purchasing the  
13 software outright.

14  
15 **Cyber Security** - In February 2016, the OEB announced a review of cyber security best practices  
16 with respect to the distribution grid with an aim to propose an industry standard for managing cyber  
17 security risks by the end of 2016. The OEB said it will use the working group to establish a  
18 common framework referencing recognized industry standards, policy guidelines and auditing  
19 requirements. Cyber risk must be managed through best practices, with the goal to reduce the  
20 likelihood and impact of a cyber-event to the company's operation, assets and reputation.

21  
22 Over the past decade, the electricity sector has become increasingly dependent on digital  
23 technology, to increase efficiency and maintain reliability. Information technology and industrial  
24 control systems are vulnerable to attacks and misuse. Historically systems were composed of  
25 propriety technologies with limited connection to corporate networks or the internet. More recently,  
26 commercial hardware platforms and software applications are causing a move from an isolated  
27 environment to an interconnected environment. The increase of interconnections of systems also  
28 increases vulnerabilities. Attacks can cause damage to assets, individuals or reliability. The goal is  
29 to manage these increased risks. Between March 2019 and February 2020, NPEI has received  
30 651,034 data items that were scanned (emails, downloads, attachments etc.), 447,370 data items

1 were blocked representing 68.72%. Within this same time frame, NPEI has blocked 7 ransom ware  
2 threats.

3

4 With the advance in technology comes advanced threats from intentional and unintentional cyber  
5 activities that threatens the privacy of customer information and the security and reliability of the  
6 company's operations. In February 2016, the OEB launched "Protecting Privacy of Personal  
7 Information and the Reliable Operation of the Smart Grid in Ontario" (EB-2016-0032). NPEI is  
8 expected to incorporate cyber security investments into its distribution system plans.

9

10 The estimated incremental cost to bolster NPEI's cyber security posture and provide the ability to  
11 monitor, detect, respond and recover from cyber events is \$341,000. This includes two additional  
12 IT Specialists hired in 2018 as well as additional security software maintenance fees and an annual  
13 security audit which includes penetration testing. NPEI's IT department is responsible for training  
14 all of NPEI's staff and Board of Directors on cyber security awareness. Included in the \$341,000 is  
15 additional software related to cyber security in the amount of \$44,500 which is included in the IT  
16 maintenance expenses above. The remaining amount relates to labour and benefits and is  
17 included in the Staffing changes cost driver line in Table 4.2.3-1 above.

18

19 With the inception of the Ontario Energy Board Cyber Security Framework, in December 2017,  
20 Niagara Peninsula Energy Inc. embraced the framework and established its Written Information  
21 Security Program (WISP) in December 2018. Capital investments in security appliances and  
22 software mitigate cyber security risk enabling all functions of the framework: Identify, Protect,  
23 Detect, Respond and Recover. NPEI created a Cyber Security Committee in 2018, this committee  
24 has representatives from all departments and has been working on developing NPEI's WISP.

25

26 **Regulatory – increase \$149,840.** Effective April 1, 2016, the OEB revised its Cost Assessment  
27 Model (CAM), the methodology used to apportion its costs under Section 26 of the Ontario Energy  
28 Board Act, 1998 (Act). As a result of this change in the CAM, NPEI experienced a significant  
29 increase in its OEB Assessment Fees compared to the amounts previously approved in distribution  
30 rates. Table 4.2.3-5 summarizes the Board approved OEB Assessment Fees compared to the  
31 2015 Board Approved and the 2021 Test Year, and the resulting increase of \$86,000 between the

1 2015 Board Approved amounts and the 2021 Test Year. In accordance with the Board's letter  
 2 dated February 9, 2016, for 2016 through 2019 Actuals and the 2020 Bridge Year, NPEI has  
 3 recorded the difference between the actual OEB Assessment amount in each year and the amount  
 4 of OEB cost assessment currently built into rates as part of Account 1508, Other Regulatory Assets,  
 5 Sub-Account OEB Cost Assessment Variance. The request for dispositions of this variance  
 6 account up to December 31, 2020 in included in Exhibit 9.

7  
 8  
 9

**Table 4.2.3-5 – Increase in OEB Cost Assessment Fees**

	2015 Board Approved	2019 Actual	2021 Test Year	2021 Test Year vs 2015 Board Approved \$	2021 Test Year vs 2015 Board Approved %
Increase in OEB Assessment Fees	172,000	229,127	258,000	86,000	50.00%

**Cost of Service preparation costs** - In 2015, NPEI's Board Approved Cost of Service Preparation costs were \$268,250. These costs were amortized over five years and seven months as the rebasing cycle under 3<sup>rd</sup> Generation IRM is five years for NPEI due to NPEI deferring to rebase from May 1<sup>st</sup> 2020 to January 1, 2021. In 2021, NPEI has budgeted \$583,451 for its Cost of Service preparation costs, one fifth (\$116,690) of which is included each year this Cost of Service covers. Note the 2021 Cost of Service preparation costs are fully incremental as the 2015 Cost of Service preparation costs will be fully amortized by the end of the year 2020. Refer to Section 4.6.3 for more details related to the 2021 Cost of Service preparation costs. Table 4.2.3-6 details the regulatory expenses for 2015 Board Approved and the 2021 Test Year.

**Table 4.2.3-6 Regulatory Expenses**

	2015 Board	2015	2021	2021 Test Year
	Approved	Actual	Test Year	vs 2015 Board Approved
OEB Annual Assessment	172,000	164,419	258,000	86,000
OEB Section 30 Costs	10,000	15,960	10,800	800
<b>Annual Regulatory expenses</b>	<b>182,000</b>	<b>180,379</b>	<b>268,800</b>	<b>86,800</b>
Legal Costs	100,000	72,193	200,000	100,000
Consultants Costs	115,250	85,250	289,451	174,201
Intervenor Costs	31,000	72,509	72,000	41,000
OEB Section 30 Costs (Application related)	22,000	19,559	22,000	0
<b>Total one-time costs</b>	<b>268,250</b>	<b>249,511</b>	<b>583,451</b>	<b>315,201</b>
# of years	5	5	5	5
<b>Annual amortized cost</b>	<b>53,650</b>	<b>49,902</b>	<b>116,690</b>	<b>63,040</b>
<b>Total Regulatory expenses</b>	<b>235,650</b>	<b>230,281</b>	<b>385,490</b>	<b>149,840</b>

**Operations – increase \$172,479.** This cost driver relates to Operations and Maintenance labour included in recoverable OM&A. This cost driver varies from year to year. Included in O&M labour are the costs for repairs resulting from wind and/or ice storms, training and on-going maintenance of the distribution plant. Training includes Power-line Technician Apprenticeship training as well as safety training. NPEI commenced a new Lines Proficiency training program in 2019 with ten of its Power-line Technicians in attendance. Over the next three years, all of NPEI’s Powerline Technicians will complete this new training program. From 2015 through to 2019, NPEI’s training programs include: CPR, First Aid, WHMIS, Utility Work Protection and Traffic Control, Lift Truck, confined space, working at heights training and OHS certification. O&M labour included in recoverable OM&A may also vary from year to year due to the level of capital expenditures required.

**Human Resources (HR) programs and Strategic Planning – increase \$160,192.** The HR department in conjunction with a third party consultant was heavily involved in a Succession Planning initiative in 2015. Several management staff members are eligible for retirement in the

1 upcoming five years. NPEI continues to invest in its employees where nine of its supervisors  
2 completed a leadership training course in 2015.

3

4 The third party consultant reviewed and enhanced the performance appraisal and development  
5 plan tool and developed a process for managers to integrate performance with leadership potential  
6 assessments. NPEI's Senior management was interviewed to identify strengths, key challenges  
7 and potential changes to continuously improve and achieve strategic goals. Succession planning,  
8 leadership development and Organization structure were the three key areas of the engagement.

9

10 The HR department engaged a third party consultant to assist with the search and replacement of a  
11 Director of Engineering. A new Director of Engineering was hired at the beginning of October 2015.  
12 In 2015, NPEI engaged a third party consultant to facilitate strategic planning sessions with NPEI's  
13 Board of Directors and Senior Management and update its strategic plan from 2008. The strategic  
14 plan was prepared by NPEI's Senior Management staff in 2016. See Appendix 1-12. As part of  
15 strategic planning, the organizational structure was reviewed. NPEI's mission, vision, values and  
16 strategic goals were also updated. NPEI will update its strategic plan after completion of the 2021  
17 Cost of Service rate application process.

18

19 **Transformer Station – increase \$145,000.** NPEI has included \$145,000 as a cost driver in the  
20 2021 Test Year. This is mainly due to additional maintenance that will be incurred as a result of  
21 adding a second switchgear at the Kalar Transformer Station in 2021. The second switchgear is  
22 needed as a result of system capacity constraints. Refer to section 5.3.2.3 Assessment of System  
23 Capacity in the DSP for more detail. NPEI has included \$45,000 in the 2021 Test Year for this  
24 maintenance. In the Town of Lincoln, the former Prudhommes Landing property is currently being  
25 re-developed. The initial development plans include multi-unit residential buildings, single dwelling  
26 units and commercial properties. Initial estimates include an additional 10 MW of system capacity.  
27 In order to provide service to accommodate this increase in capacity, NPEI will need to conduct a  
28 case study which will build the business case to justify the build of an additional TS in the Town of  
29 Lincoln. A Hydro One study and I.E.S.O. capacity study will also be required. These studies will be  
30 completed between 2020 and 2025. In south Niagara, a new hospital is projected to be constructed  
31 by the end of 2026. With the expected growth that is anticipated as a result of the new hospital a

1 second case study will need to be completed to justify the build of an additional TS in South  
2 Niagara. NPEI has included \$100,000 in the 2021 Test Year for all of the studies required from  
3 2021 to 2025. The on-going incremental cost for these studies will be sustained in each of the five  
4 years from 2021 to 2025.

5

6 **Postage – increase \$125,550.** Included in NPEI’s postage account is the cost of postage and the  
7 costs related to mail pick-up. For the past two decades, NPEI has engaged a third party vendor to  
8 pick up its mail at the post office in Niagara Falls and deliver it to its head office. The third party  
9 vendor would also, transport all of NPEI’s out-going mail from its head office to the post office. Up  
10 until August 2016, the vendor performed two deliveries per day. NPEI restructured the mail pick-up  
11 service to be once a day, thereby reducing the cost by 50%.

12 In both 2017 and 2018, NPEI held a six-month e-bill contest. The premise of the six-month period  
13 was to change a customer’s preference and reliance on a hard copy bill to an electronically emailed  
14 notification that their bill was ready under “My Account”. The two e-bill contests and the migration  
15 to EFT vendor payments has made a positive impact on the reduction of postage costs. NPEI’s old  
16 “My Account Customer Portal” had a button where customers could easily switch back to a paper  
17 bill. After the e-bill contests finished, some customers did revert back to a paper bill. Approximately  
18 500 new e-bill customers signed up in each of the two contests. NPEI launched its new Customer  
19 Connect Portal on February 10, 2020. The new Customer Connect portal does not allow a  
20 customer to press a button to revert back to a paper bill. A customer may contact one of NPEI’s  
21 Customer Service Representatives to switch back to hard copy bill which incur postage. With the  
22 new Customer Connect portal being live, NPEI’s Customer Engagement team will prepare a plan in  
23 2020 to increase the number of customers on e-bill.

24

25 NPEI has increased the postage in the 2021 Test Year as a result of an additional level being  
26 added to collections. As per the new Customer Service Rules coming into effect March 1, 2020,  
27 there will be an added level of communication to a customer during the months when the  
28 disconnection ban is lifted. Currently, there are two levels of communication; an Important Notice  
29 and a Disconnection Letter. Effective March 1, 2020, there will be an Overdue Account Notice, an  
30 Important Notice and a Disconnection Letter. Based on the number of Important Notices issued  
31 between May 1, 2019 and November 15 2019, which was 33,800 notices, NPEI has increased

1 postage by \$35,000 to account for the Overdue Account notice. Postage has increased from \$0.85  
2 to \$1.20 for a letter between 30g and 50 g. NPEI's growth in customers over the past five years is  
3 approximately 5,000 new customers which has a direct impact on postage for hard copy bills. And  
4 growth in customer count is forecasted from 2021 to 2025. Also, as the number of pages per  
5 monthly bill continues to increase due to on-going bill presentment changes so do the postage  
6 costs.

7

8 **Retailer expenses reallocated – decrease \$210,000.** Since the opening of the retailer market,  
9 NPEI has incurred incremental costs related to the retailer market. These costs include a Retail  
10 Settlement Billing Representative, the bank fees related to the Letter of Credit in favour of the  
11 I.E.S.O, IT maintenance expenses related to the EBT (Electronic Business Transactions) hub, and  
12 the meter reading settlement costs related to EBT transactions. NPEI recorded these retailer  
13 settlement expenses in a separate account and as part of Billing and Collecting expenses. With the  
14 closing of the RCVA Deferral and Variance account effective January 1, 2021, these expenses  
15 have been reallocated to other expense accounts. The letter of credit fee in the amount of \$59,550  
16 has been included in General and Administration expenses, the EBT hub expenses have been  
17 included in IT maintenance expenses and the EBT settlement expenses have been reallocated to  
18 meter reading expenses. Table 4.2.3.3-7 below details the retailer expenses from the 2015 Board  
19 Approved, 2015 to 2019 Actuals and the 2020 Bridge Year and 2021 Test Year.

20

21

22

**Table 4.2.3.3-7 – Retailer Expenses reallocated to other OM&A expense accounts**

23

Type of expense	Last Year Rebasing 2015 Actuals	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year	2021 versus 2015 Board Approved
EBT hub expenses	23,000	24,797	23,190	21,538	19,765	18,329	21,966	0	(23,000)
Letter of Credit fee	58,300	59,701	59,551	59,551	59,551	59,551	59,551	0	(58,300)
EBT settlement expenses	128,700	128,700	128,700	128,700	128,700	128,700	128,700	0	(128,700)

24

25

1 **RCVA Deferral and Variance account ending – increase \$62,100.** On February 14, 2019, the  
2 OEB issued its *Decision and Order in the Matter of Energy Retailer Service Charges Effective May*  
3 *1, 2019*. The Decision and Order provides updated service charges for electricity distributors  
4 effective May 1, 2019, and provides accounting guidance related to the updated charges.

5  
6 The Decision and Order states: *“Electricity Distributors that currently record the revenues and costs*  
7 *associated with the RCVAs are expected to do so until their next rebasing application. At rebasing,*  
8 *the balances will be disposed of and the RCVAs will be eliminated.”*

9  
10 As NPEI currently records its retailer revenues and costs in RCVA accounts, NPEI will continue to  
11 do so until December 31, 2020. In this current application, NPEI is proposing to dispose of its RCVA  
12 balances. Further details are provided in Exhibit 9.

13  
14 The RCVA Deferral and Variance account represents the variance between the Retailer revenues  
15 collected and the incremental Retailer expenses incurred. Table 4.2.3.3-8 below details the net  
16 movement in regulatory expenses from 2015 Board Approved through to the 2020 Bridge Year. As  
17 a result of the RCVA Deferral and Variance account ending effective January 1, 2021, the net  
18 expense position is included in OM&A in the 2021 Test Year and is a cost driver in the 2021 Test  
19 Year. The Retailer Settlement Billing Representative labour costs formerly included as part of the  
20 RCVA Deferral and Variance costs are included in Staffing Level changes in Appendix 2-JB and  
21 Table 4.2.3-1 above.

22  
23  
24

Net expenses to allocate	257,045	266,741	283,441	292,672	292,214	278,272	261,330	(39,927)	(296,972)
Allocated to SSS Customers	(194,945)	(199,244)	(199,961)	(203,866)	(200,121)	(198,072)	(185,430)	0	194,945
Allocated to Retailer Customers	62,100	67,497	83,480	88,805	92,093	80,200	75,900	(39,927)	(102,027)

The amount included in the 2021 Test Year for Retailer Revenues are at the new rates that came into effect May 1, 2019. Refer to Exhibit 3 for more detail. The overall impact of closing the RCVA Deferral and Variance account on the Revenue requirement is an increase of \$102,027.

Exhibit 4: Operating Costs

---

**Tab 3 (of 10): Program Delivery Costs**

## PROGRAM DELIVERY COSTS

### 4.3 Program Delivery Costs with Variance Analysis

#### 4.3.1 Materiality Threshold for Variance Analysis

The materiality threshold used by NPEI to determine the OM&A accounts requiring analysis was computed based on the Chapter 2 Filing Requirements as 0.5% of the proposed distribution revenue requirement or “Base Revenue Requirement”. NPEI has adopted a threshold of \$175,000 for variance analysis. The calculation of materiality is set out in Table 4.3.1-1 below.

**Table 4.3.1-1 – Variance Analysis Threshold**

<b>Variance Analysis Threshold</b>	<b>2021 Test Year</b>
Estimated Distribution Revenue Requirement (Base Revenue Requirement)	34,869,338
0.5% of proposed Distribution Revenue Requirement (Base Revenue Requirement)	174,347
<b>Materiality Threshold for Variance Analysis</b>	<b>175,000</b>

#### 4.3.1.2 – Overview

As part of the overall financial management of its operating costs, NPEI produces monthly financial statements in comparison to the approved budget and the prior year on a month-to-date basis as well as a year-to-date basis. NPEI also produces every month a financial statement with the OM&A presented by department by cost component, i.e. labour, material, equipment and outside purchases. The cost component report identifies the operating variance analysis. The monthly financial statements (which include the Balance Sheet and Statement of Income) are emailed to the Finance Committee each month and on a quarterly basis are presented to NPEI’s Board of Directors where a verbal update is provided for significant variances on the Balance Sheet or Income Statement may occur.

1 Detailed variances to budget and the prior year are included in NPEI's annual Budget.

2

3 In Table 4.3.1.2-1 below, Filing Requirement Appendix 2-JC, provides a summary of Operations,  
4 Maintenance, Billing and Collections, and Administration expenses for the 2015 Board Approved, 2015  
5 through 2019 Actuals and the 2020 Bridge Year and 2021 Test Years by program. An analysis is  
6 provided on all material variances that exceed the materiality threshold for the 2021 Test Year versus  
7 the 2019 Actual and 2021 Test Year versus 2015 Board Approved. All highlighted items in Yellow in  
8 Table 4.3.1.2-1 exceed the materiality threshold and an explanation is provided.

9

#### 10 **Controllable versus uncontrollable costs**

11 As per the filing requirements for Electricity Distribution Rate Applications – 2020 edition for 2021 Rate  
12 Applications - Chapter 2 Cost of Service, dated May 14, 2020, section 2.4.3 OM&A Program Delivery  
13 Costs with Variance Analysis, the variance analysis should include an explanation of whether the  
14 change was within or outside the Applicant's control. In addition, for each significant change within the  
15 Applicant's control, the Applicant should describe the business decision that was made to manage the  
16 cost increase/decrease and the alternatives, including associated costs, assessed by the applicant  
17 and rejected in favour of the course of action taken or proposal to be taken. It should be noted that  
18 certain costs may have elements that are controllable and elements that are uncontrollable.

19

20 Controllable costs are costs over which NPEI has full authority or influence. These costs have a direct  
21 relationship with a service, department or function. Examples, may include direct labour, direct  
22 materials, direct equipment utilization, training costs, and overhead costs. NPEI's direct labour costs  
23 and some overhead costs (i.e. benefits) are a result of negotiations between NPEI's management and  
24 its' union, the I.B.E.W. NPEI's management salaries are controllable by NPEI's senior management.  
25 NPEI maintains competitive salaries and benefits in order to attract and retain highly skilled  
26 employees. NPEI invests in its employees to reduce turnover and provide for a knowledgeable  
27 workforce for the company's future. New positions are a controllable cost by NPEI's senior  
28 management with variables such as overall justification, timing and classification. All new positions  
29 are evaluated based on the need for the resource related to compliance, customer focus, safety focus,  
30 technology focus and/or operational efficiency. For example, additional IT analysts were needed due  
31 to the increase in cyber security threats and NPEI's continuous move toward a digital environment

1 which is consistent with the direction of the industry. Options available would be to maintain status  
2 quo or move towards a digital technology environment. The non-digital environment has high costs  
3 associated with document storage, document retrieval, document retention, disaster recovery and  
4 risks of data breaches. Within the option of moving towards the digital technology, NPEI considers  
5 whether the service should be provided internally or be provided by a third party. NPEI determined it  
6 was appropriate to add the employee complement. In another situation, NPEI's new outage map and  
7 mobile technology has improved customer service by reducing call-in wait times, reduced outage  
8 investigation time, and shortened the duration of outages. Other costs related to technology are  
9 improvements in NPEI's website. NPEI listened to their customers and opted to improve the website  
10 to provide better search functionality, improved appearance, and better communication. Redundant  
11 and restructured positions are also evaluated by NPEI's senior management. Redundant positions in  
12 the bargaining unit are negotiated to be removed. Management positions deemed redundant are  
13 eliminated or restructured. As an example, the Assistant Director of Operations positions will be  
14 eliminated in 2021 as discussed below in the Workforce planning section of Exhibit 4. NPEI is very  
15 conscientious about succession planning and ensuring it has the skilled resources for the future.

16

17 Training is an un-controllable cost when it is required for certification or professional designation. Most  
18 of NPEI's training is related to safety. The lines proficiency training was performed in-house by a third  
19 party in the past. In 2019, NPEI evaluated this training program and decided to hold the training off-  
20 site to decrease the number of distractions and interruptions. This training is important as it exposes  
21 employees to the best practices for power-line technician work and safety.

22

23 Uncontrollable costs are those costs that NPEI cannot change such as OEB regulatory expenses,  
24 insurance, property taxes, letter of credit fees for the prudential held with the I.E.S.O., postage, LEAP  
25 funding. There are also uncontrollable programs or functions which are those costs incurred as a  
26 result of being in compliance with IESO Market Rules and NPEI's distribution license, for example, bi-  
27 annual customer survey, bi-annual electricity safety survey, pole and pad-mount inspections,  
28 distribution station inspections, electrical safety audit, tree trimming, embedded generation connection  
29 impact assessments, and underground locates. NPEI makes its best effort to control the service  
30 quality and price for these uncontrollable programs by following its Purchasing Policy and by utilizing  
31 Grid Smart City's co-operative purchasing powers where possible. Some overhead costs are

1 uncontrollable as they pertain to legislated payroll costs, for example Employer Health Tax and WSIB.  
2 The rates for these types of costs are legislated by the government. Other costs may  
3 increase/decrease as a result of increase/decrease in growth of customer base, for example meter  
4 reading, postage. Increased monitoring and maintenance fees for the second switchgear at NPEI's  
5 Kalar transformer station are a result of the growth occurring in the south end of Niagara Falls. Fleet  
6 maintenance costs, such as annual inspections and licensing are required to ensure safety and hence  
7 are uncontrollable.

8

9 NPEI manages its costs by evaluating its programs, labour resources, and assets by balancing  
10 customer needs, safety, regulatory, technology, public policy, operational efficiency and the financial  
11 impacts. All purchases greater than \$5,000 are subject to NPEI's purchasing policy whereby request  
12 for proposals are required. NPEI reviews its monthly financial statements and communicates to its'  
13 Finance Committee any significant variances to budget and/or prior year. NPEI manages its  
14 controllable costs and where purchases are not budgeted, NPEI will review other areas of the budget  
15 to determine if it can compensate for the unbudgeted expenditure prior to the purchase order being  
16 prepared in order to maintain overall expenditures within budget.

1  
2

**Table 4.3.1.2-1 – OM&A Costs by Program**

Programs	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year	Test Year vs 2019 Actuals	2021 vs 2015 Board Approved

3

1 **4.3.1.3 Program Descriptions**

2  
3 **Distribution Operations Supervision** – Distribution Operations encompasses the cost of  
4 labour, equipment usage and outside purchases for the on-going operation of the overhead and  
5 underground distribution system. For NPEI, this mainly consists of the management and  
6 supervisory labour costs of the operations department. This unit prepares and oversees the  
7 implementation of the Distribution System Plan and the annual capital budget.

8  
9 **Engineering and Control Room** – The Engineering and Control Room program include the  
10 day to day tasks and procedures necessary to design, build, operate and maintain NPEI's  
11 distribution system including its transformer station. NPEI monitors and controls its own  
12 transformer station and monitors six (6) transformer stations owned by HONI (Hydro One  
13 Networks) and one Grimsby Power owned transformer station. NPEI owns fourteen (14)  
14 distribution stations, where one distribution station is currently initialized on SCADA  
15 (Supervisory Control and Data Acquisition) and can be remotely monitored. Inspections ensure  
16 that station equipment is operating as designed and if not, maintenance activities are scheduled  
17 to bring the equipment back into suitable operating condition. The Control Room is responsible  
18 for overseeing the entire operation including reacting to real-time information and working with  
19 SCADA and Outage Management Systems (OMS). The unit is responsible for the management  
20 of power outages (outage planning, dispatching, tracking of events and restoration), preparation  
21 and issuance of work permits to establish safe work areas for all crews, preparing switching  
22 orders for load transfers and isolation, and providing supporting guarantees for third parties.  
23 The Control Room is also responsible for keeping the "as-operated" model of the distribution  
24 system up to date with current field conditions.

25  
26 NPEI meets or exceeds Appendix C of the Distribution System Code (DSC) which specifies  
27 inspection requirements for LDC's. Inspection programs that are implemented to meet these  
28 requirements are:

- 29
- Monthly transformer and quarterly distribution stations
  - Manhole and sidewalk vault inspections (3-year cycle)
- 30

1 The benefits of system monitoring and control improves customer service, increase reliability,  
2 increase efficiency of asset utilization and restoration and improve power quality.

3  
4 The Engineering Technicians prepare designs for the capital budget projects as well as prepare  
5 designs for customer driven system upgrades. The Distribution Engineers work with developers  
6 for preliminary designs and feasibility studies as well as monitor current and future load  
7 requirements. Data analytics are performed to monitor equipment performance and to find  
8 efficiencies. The GIS (Geographical Information System) is also updated and maintained by  
9 this unit. This program includes the software maintenance expenses related to NPEI's GIS  
10 system, Dess, CAD and Spidaweb software programs. NPEI is also a member of USF (Utility  
11 Standards Forum) and pays an annual membership fee.

### 13 **Pole and Pad-mount Transformer Inspections**

14  
15 NPEI has a program for pole testing and pad mount transformer inspections. This program  
16 encompasses only the third party costs related to perform these inspections.

17  
18 NPEI adheres to Appendix C of the Distribution System Code (DSC) which specifies inspection  
19 requirements for LDC's. Inspection programs that are implemented to meet these requirements  
20 are:

- 21 • Annual pole and overhead equipment (3-year Urban and 6-year Rural cycle)
- 22 • Annual pad-mounted equipment (3-year Urban and 6-year Rural cycle)

### 24 **Metering**

25  
26 Metering encompasses the cost of labour, materials and expenses for the on-going operation  
27 and maintenance of existing metering installations. This includes the reverification and sample  
28 testing of meters and the testing and verification of metering installations to meet regulatory  
29 requirements and ensure the accuracy of the installation for revenue billing purposes. Metering

1 also investigates potential diversion and/or theft of power that may give rise to unsafe conditions  
2 or the risk of other customers being held financially responsible for costs.

### 3 4 **Transformer and Distribution Stations**

5  
6 NPEI owns one transformer station and fourteen (14) distribution stations. Station maintenance  
7 encompasses the cost of labour, materials and expenses for the on-going maintenance of these  
8 stations to ensure that the stations can effectively and reliably operate under all system  
9 conditions. This includes protection systems reverifications, circuit breaker maintenance,  
10 transformer tapchanger maintenance, standard oil testing and analysis, circuit switcher  
11 maintenance and other related maintenance activities at the stations.

### 12 13 **Overhead Operations and Maintenance**

14  
15 Overhead operations and maintenance encompasses the cost of labour, materials, training and  
16 expenses for the on-going preventative and reactive maintenance of overhead distribution  
17 poles, conductors, transformers, services and other overhead equipment.

18  
19 Preventative maintenance programs, such as switch maintenance, repairs identified through  
20 system surveys, including infra-red thermography, and the installation of animal guarding, helps  
21 to minimize customer outages and avoids potentially costly repairs or replacement should  
22 equipment fail.

23  
24 Reactive maintenance includes unplanned equipment failures and emergency repairs required  
25 due to inclement weather events and motor vehicle accidents. This work is often performed  
26 outside normal working hours at considerably more cost.

### 27 28 **Storm Operations**

29  
30 Storm operations encompasses the labour, material, equipment and expenses in 2017 and  
31 2018, for three wind storms, where the damage caused significant power outages. The costs to

1 restore the power and services, perform equipment repair and remove debris mainly from  
2 downed tree limbs is included in the storm operations program. Storms are uncontrollable,  
3 however NPEI's makes every best effort through its' preventive maintenance programs to  
4 minimize the cost impact of storms.

## 6 **Underground Operations and Maintenance**

7  
8 Underground maintenance encompasses the cost of labour, materials, and expenses for the on-  
9 going preventative and reactive maintenance of underground distribution cables, transformers,  
10 services, ductwork, vaults, pullboxes and other underground equipment. Preventive  
11 maintenance programs, such as infra-red thermography, network system maintenance, vault  
12 cleaning, standard oil testing and analysis and repairs identified through system surveys,  
13 including infra-red thermography, helps to minimize customer outages and avoids potentially  
14 costly repairs or replacement should equipment fail.

15  
16 Reactive maintenance includes unplanned equipment failures, underground cable faults and  
17 emergency repairs required due to inclement weather events and third-party excavators. This  
18 work is often performed outside normal working hours at considerably more cost.

19  
20 NPEI adheres to Appendix C of the Distribution System Code (DSC) which specifies inspection  
21 requirements for LDC's. Inspection programs that are implemented to meet these requirements  
22 are:

- 23 • Kiosk inspections (3-year cycle)

## 25 **Underground Locates**

26  
27 NPEI includes its Underground Cable Locate Service expenses and related costs. This  
28 program encompasses only the third party costs related to underground locates which includes  
29 Ontario One Call and the vendor performing the locates. From 2015 to 2019, the five-year  
30 average is \$365,000 annually.

31

1 **Tree Trimming Program**

2  
3 NPEI's tree trimming program encompasses the cost of internal labour related to tree trimming  
4 required as part of an unplanned overhead maintenance job and the expenses for NPEI's  
5 annual tree trimming program which is contracted out to a third party. The majority of the  
6 expenses relate to the cyclical tree trimming program. Expenses can vary from year to year  
7 based on the area that is being renewed for tree trimming and inspection. NPEI makes every its  
8 best effort to control the costs of the tree trimming program by annually issuing a Request for  
9 Proposal for both of its service territory areas. In some cases, the third party selected is  
10 different for each service territory area.

11  
12 **Fleet and Supply Chain Management**

13  
14 The Fleet and Supply chain management program encompasses the cost of labour, materials  
15 and expenses related to the operation and maintenance of NPEI's fleet and stores operations.  
16 The Purchasing department is responsible for all of the purchasing activities at NPEI as well as  
17 the care and control of all inventoried items. NPEI's stores operations includes the receiving of  
18 stock material, and kitted material jobs and the issuance of inventory to the operations  
19 department for capital related projects and operations maintenance jobs. Due to NPEI's large  
20 service territory, NPEI has 2 warehouse locations, one in Niagara Falls and one in Smithville, to  
21 maximize efficiencies. Both locations have a yard facility as well as an indoor store location.  
22 Niagara Falls also has a stand-alone building that houses all of the wire. This stand-alone drive  
23 through facility is equipped with an over-head crane.

24  
25 NPEI's fleet operations encompasses the cost of labour for three mechanics and expenses  
26 related to the operation and maintenance of 37 small vehicles, 25 large vehicles and 35 other  
27 motorized pieces of equipment including, pole and reel trailers, cranes, forklift, bobcat, and  
28 tension stringers. The expenses include, repairs, preventative maintenance i.e. undercoating,  
29 truck fuel, and vehicle licensing.

30

31

1 **Customer Service and Billing**

2  
3 The Customer Service and Billing program conducts the majority of interactions between NPEI  
4 and its 56,000 customers. Efforts to support these interactions include customer call centre  
5 management, billing, payments, payment arrangements and collection and disconnection  
6 management. NPEI maintains office hours that allow its customers to pay their bills in person  
7 and/or interact directly with its customer service representatives should they wish to do so.  
8

9 The Customer Service and Billing Program is comprised of the following main functions  
10 deliverables:

- 11
- 12 • Customer Call Center Management
  - 13 • Billing and Business Applications Support
  - 14 • Payments on Account
  - 15 • Customer Moves and Account Changes
  - 16 • Customer driven requests for Service Upgrades
  - 17 • Customer Satisfaction Survey

  - 21 • Collection and Disconnection Management
- 22

23 **Meter Reading**

24  
25 Meter reading costs encompass the third party costs to electronically read the smart meters,  
26 MIST meters and interval meters. Also, included in this program are the meter reading costs for  
27 NPEI's distribution stations and NPEI's transformer station. In NPEI's 2015 Cost of Service  
28 Rate Application, NPEI received OEB to establish a MIST meter reading variance account to  
29 capture the increase in meter reading expenses exceeding \$43,760 annually, associated with  
30 the conversion from a conventional meter to a MIST meter. NPEI will have all MIST meter

1 conversions complete in 2020. For the 2021 Test Year, NPEI is requesting disposition of this  
2 MIST meter reading variance account, see Exhibit 9 for more details. On a go-forward basis  
3 commencing January 1, 2021 the meter reading expenses previously recorded to the MIST  
4 meter reading variance account are included in the OM&A. Meter reading costs are  
5 uncontrollable as they are a required function of billing and due to the smart meter infrastructure  
6 and MIST meter requirement, the vendors required to perform this function are sole source  
7 vendors.

## 8

### 9 **Postage**

10  
11 Postage encompasses the costs related to mail the monthly bills to all customers, reminder  
12 notices, cheques to vendors and other various forms of communication. Beginning in June  
13 2016, NPEI converted 274 of its 452 Micro-fit customers to receive their monthly payment by  
14 EFT (Electronic Fund Transfer) and NPEI has converted approximately 55% of its vendors to be  
15 paid by EFT since June of 2016. In 2017 and 2018 NPEI initiated two e-bill contests to try and  
16 encourage customers to use e-bill versus the mailed paper bill. Postage is an uncontrollable  
17 cost with respect to the rates, however, NPEI is making efforts to reduce the volume of mail  
18 requiring postage.

### 19

### 20 **Collections**

21  
22 Collections encompasses the cost of labour and expenses related to customer accounts that  
23 are past due and in arrears. NPEI collection representatives collaboratively make payment  
24 arrangements with its customers, offer information about the local agency administering the  
25 LEAP program and provides information related to the OESP program.

26  
27 NPEI partners with a third party collection agency to assist with professional collection services  
28 of final customer accounts as well as active delinquent accounts. Collection fees and  
29 performance are reviewed annually with its third party collection agency. Utilizing a professional  
30 collection service has resulted in NPEI's bad debt expense remaining consistently flat from 2015  
31 to 2017. The increase in bad debts in 2018 can be attributed in part to the change in public

1 policy related to the winter disconnection ban. Prior to 2018, NPEI only sent final delinquent  
2 accounts to the third party collection agency, and since 2018, NPEI will also send active  
3 delinquent accounts to the third part collection agency. NPEI works with its customers to help  
4 them pay their hydro bills by following the OEB's customer service rules.

## 5 6 **Bad Debts**

7  
8 NPEI performs a year end analysis on its aged final accounts receivable related to energy sales  
9 as well as an analysis on its aged accounts receivable related to sundry accounts i.e. insurance  
10 companies in respect of motor vehicle accidents and drivers without insurance. The allowance  
11 is detailed by customer name and balance outstanding versus using an estimated general  
12 provision. NPEI calculates the balance required as at the end of the fiscal year for the  
13 Allowance for Doubtful accounts and records the offset to Bad Debt expense. Final Energy  
14 Sales accounts are written off once a year through the Allowance for Doubtful accounts upon  
15 receiving approval from NPEI's Finance Committee and Board of Directors.

## 16 17 **Retailer related Expenses and RCVA (Retail Cost Variance Account)**

18  
19 NPEI's Retailer related expenses include the labour costs and other expenses related to the  
20 Retailer market. The former Niagara Falls Hydro created a new Retail Settlement Clerk position  
21 in 2001 when the market opened for Retailers. This position was filled by an existing Billing  
22 Clerk at that time and the Billing Clerk position was back filled. Since 2001, NPEI has recorded  
23 the letter of credit fee from its financial institution as a retailer expense due to the fact the letter  
24 of credit posted with the IESO was a new direct expense as a result of the market opening.  
25 Interval meter reading expenses related to the EBT settlement process are also charged to the  
26 retailer expense account on a monthly basis.

27  
28 On a monthly basis, the costs noted above are totaled and then a proportion of these costs are  
29 recorded as RCVA costs and moved to the regulatory asset account. The proportion of these  
30 costs is based on the total number of retailer customers billed in the month as a percentage of  
31 the total of all customers billed in that month. The RCVA accounts represent the variance

1 between the Retailer Revenue billed to the apportioned Retailer expenses. The RCVA  
2 balances are discussed further in Exhibit 9. In the 2021 Test Year, the RCVA variance account  
3 will come to an end and as a result the Letter of Credit fee will be recorded with Bank Service  
4 Charges, and all of the base station fees will be included with meter reading expenses. The  
5 increase in the Retailer Revenues will offset these expense increases included in OM&A,  
6 however the number of customers signed with Retailers is estimated to continue to decline in  
7 the 2021 Test Year.

## 8 9 **Information Technology**

10  
11 NPEI has an Information Technology department on site with a staff of five including one  
12 Manager, one Systems Analyst and three IT specialists. The IT department is responsible for  
13 providing the applications and infrastructure required for the day to day operation of the  
14 business. It builds and maintains NPEI's extensive network and operating systems and it  
15 assists the operational units by facilitating the flow of information and providing staff with the  
16 functionality they need.

17 The IT department plans, operates and supports the organization's IT systems and  
18 infrastructure requirements, enabling business users to carry out their roles efficiently,  
19 productively and securely. The department is responsible for developing and implementing the  
20 organizations' cyber security policies, standards and procedures required to keep the network  
21 and its associated data safe and secure. The IT department monitors daily the cyber security  
22 threats and constantly is updating the rules against cyber security attacks. In 2020, NPEI  
23 implemented an IT help desk which will issue IT work tickets, prioritize resources, track IT  
24 issues and communicate resolutions to NPEI's users. The IT department also designed and  
25 built an IT network for a neighboring LDC in 2019. All fully allocated actual expenses related to  
26 this project were fully recovered by NPEI and are recorded as Other Revenue, see Exhibit 3 for  
27 more details. As an opportunity to reduce IT administrative costs NPEI entered into an  
28 agreement with the LCD to monitor their network for performance and cyber security attacks.  
29 These costs are 100% recoverable on a monthly basis. The IT department performs the  
30 maintenance, upgrades and testing for all of its physical and virtual servers as well as the  
31 workstations, laptops, mobile devices, UPS batteries and printers.

1 Supported software includes operating systems, CIS, GIS and NPEI's financial software  
2 application. The SCADA system, OMS (Outage Management System), Microsoft Office Suite,  
3 and document management system (FileNexus) are all maintained by NPEI's IT department.  
4

## 5 **Communications, Community and Customer Relations**

6

7 The Communications Department encompasses the costs for labour and expenses to provide  
8 customer communications. This department develops communication plans and strategies to  
9 inform and educate customers on changes or new developments that may affect the services  
10 that they receive from NPEI. Similarly, internal communications and programs are  
11 communicated to employees to ensure they have the most recent information regarding  
12 changes in the industry, safety issues and programs to ensure they have the information  
13 required to assist NPEI's customers, when required, and to provide a safe and healthy work  
14 environment. The Communications department encompasses NPEI's Privacy Office where by  
15 compliance with Privacy legislation is monitored and investigated for any privacy breaches. The  
16 Communications Department in collaboration with the Customer Services Department  
17 developed the "welcome package" which is provided to all new customers of NPEI. This unit  
18 maintains and updates the NPEI's website and its internal intranet which is used for employee  
19 communications. Maintaining NPEI's social media communications on Facebook and Twitter  
20 are also the responsibilities of this department. During outages, the Communications  
21 department posts updates on Social Media and communicates with NPEI's senior leadership  
22 team as well as NPEI's Board of Directors. This department arranges public safety initiatives  
23 including a Grade School Education program. This program is administered by a contracted  
24 third party. Customer premises encompasses the costs of labour, equipment and expenses for  
25 providing service on assets on customers' premises. These services may include inspection of  
26 premises, including a check of wiring for code compliance, investigating, locating and clearing  
27 grounds on customers' wiring, and voltage testing.  
28  
29  
30  
31

1 **Administration, Human Resources, Finance and Regulatory**

2  
3 Administration, Finance, Regulatory and Human Resources includes the salaries and other  
4 related costs of NPEI's Board of Directors, CEO, Executive Assistant and the full accounting,  
5 regulatory and human resources department. The executive members are responsible for the  
6 strategic and financial leadership of NPEI. The Finance department is responsible for the  
7 financial aspects of the company, ensuring that items are recorded and reported properly in the  
8 financial statements that are shared with NPEI's Board of Directors, external auditor, all third  
9 party lending institutions, the shareholders and the public. The Senior VP of Finance prepares  
10 the annual capital and operating budgets as well as the Cost of Service Rate Application in  
11 conjunction with the Director of Regulatory Affairs. Administration expenses also include  
12 membership fees related to the EDA (Electricity Distribution Association), Grid Smart City, HR  
13 professionals and CPA (Chartered Professional Accountants) professional designation  
14 expenses.

15  
16 The Regulatory department prepares all IRM rate applications, monthly form 1598 submissions,  
17 all RRR filings, and monitors and communicates new regulatory changes to the affected  
18 departments. The regulatory program is responsible for all regulatory reporting and compliance  
19 with applicable codes and legislation governing NPEI. The regulatory department directly  
20 reports to the Finance department. Currently, NPEI's regulatory department consists of a  
21 Director of Regulatory and Financial Affairs. In 2020, NPEI is recruiting for an additional  
22 Regulatory and Financial Analyst due to the increase in workload as a result of the increases in  
23 regulatory legislative changes related to on-going OEB initiatives. NPEI is using more data  
24 analytics to determine if any anomalies exist. The additional staff member will be an asset for  
25 the preparation of NPEI's next Cost of Service rate application. The job posting was issued  
26 March 3<sup>rd</sup> with the EDA and Indeed. NPEI's goal is to have the new hire start at the end of May  
27 2020.

28  
29 NPEI's Human Resources department includes a Vice President of Human Resources, a Safety  
30 and Wellness Manager, a Human Resources Coordinator, and a Human Resources Assistant.  
31 The Human Resources department is responsible for the strategic planning and administration

1 of all safety, health and wellness programs in the utility including ergonomics. This includes,  
2 orientation, safety training, written procedure training, on-line training, apprenticeship training,  
3 and proficiency training meeting the legally mandated Electrical Utility Safety Rules. It also  
4 includes the various legally required training items from various sections of legislation and their  
5 regulations e.g. Highway Traffic Act (HTA), Occupational Health and Safety Act of Ontario  
6 (OHSA), and Technical Standards and Safety Act (TSSA).

7  
8 NPEI's Human resources department is responsible for ensuring that the organization stays  
9 compliant with Employment Standards regulations and any other legal requirements which  
10 includes policies and procedures to address these issues. Other responsibilities include  
11 succession planning, employee retention, employee files, recruitment, labour negotiations and  
12 labour relations, performance reviews, workplace conflict, attendance management,  
13 compensation and benefit administration, work place injury claims, administers the modified  
14 work program, and employer branding of core values and promoting the company as an  
15 employer of choice within a collaborative environment The HR department also assists in  
16 developing core training platforms for new and emerging leaders. A member of NPEI's HR  
17 department collaborates with other HR professionals associated with Grid Smart City which  
18 enables NPEI to stay current with LDC industry trends.

## 19 20 **Legal and Audit**

21  
22 Legal expenses incurred by NPEI mainly relate to personnel matters. Prior to 2015, NPEI's  
23 audit was performed by a local firm but due to the implementation of IFRS, this firm informed  
24 NPEI they would no longer be able to perform an audit under IFRS. NPEI completed a Request  
25 for Proposal where two proponents bid on the annual audit. NPEI selected KPMG to be perform  
26 the audit.

## 27 28 **Telephone, Bank Service Charges, and Office Supplies**

29  
30 Telephone expenses include the costs related to the monthly telephone services provider for  
31 NPEI's phone lines and toll free lines at NPEI's head office located in Niagara Falls and at the

1 Smithville service center location. The costs related to NPEI's after-hours answering service  
2 are also included. Bank service charges include the costs related to both incoming and  
3 outgoing cash payments. Office supplies include consumables as well as monthly photocopier  
4 usage charges. NPEI owns all of its photocopiers which have the functionality of faxing, printing  
5 and scanning documents.

## 6 7 **Property Insurance**

8  
9 To protect itself, its assets and its customers from large bill impacts resulting from catastrophic  
10 loss, NPEI purchases the following types of insurance each year:

- 11
- 12 • Liability
  - 13 • Property
  - 14 • Vehicle
  - 15 • Privacy/Cyber/Network Security
- 16

17 The insurance is purchased through MEARIE (Municipal Electric Association Reciprocal  
18 Insurance Exchange) which has provided comprehensive liability insurance coverage for  
19 decades. Commercial property insurance is also purchased from a local insurance company  
20 which covers the Transformer Station, Administration building located in Niagara Falls and the  
21 Service Centre located in Smithville.

22  
23 Through the establishment of a Subscribers Agreement, MEARIE allows LDC's to pool their  
24 resources to meet their specific insurance needs. MEARIE is a co-operative concept with  
25 premiums designed to bear a direct relationship to actual member claims experience and  
26 exposures. There is no pooling of risk with other industries or economies and MEARIE has a  
27 history of stable premiums, premium reductions and no retro-assessments.

28  
29 Reciprocals are not-for profit and not subject to income tax and as such, surplus funds in excess  
30 of those required for claims, or reserved for future claims, may be returned to its members.

31

1 MEARIE is regulated by the Financial Services Commission of Ontario (FSCO) which requires  
2 that reciprocal insurance exchanges offer coverage via underwriting periods of no less than  
3 three years. A member LDC; therefore, must continue to subscribe to MEARIE for the entirety  
4 of the three-year underwriting period in order to benefit should a premium rebate occur.

5  
6 **Administration Building Maintenance expenses**

7  
8 NPEI's administration building maintenance expense encompass the costs for labour  
9 associated with the maintenance of NPEI's head office building located in Niagara Falls and its'  
10 service center located in Smithville. Expenses include, utility bills, cleaning services,  
11 landscaping and snowplowing, fire monitoring, security monitoring, air-care services, waste  
12 removal services, building supplies, pest control and building repairs as required.

13  
14 **Regulatory Expenses**

15  
16 The regulatory expenses program includes the OEB Cost Assessments, OEB Cost Awards for  
17 OEB initiated proceedings and the cost of preparing a cost of service application which is  
18 spread over the term of the Cost of Service usually five years. Due to NPEI requesting to  
19 change its rate year from May 1 to January 1, the costs associated with the preparation of the  
20 2015 Cost of Service rate application is spread over six years. All labour costs are included  
21 above in Administration, Finance, Regulatory and Human Resource program.

22  
23 **Property Taxes**

24  
25 NPEI pays property taxes to the City of Niagara Falls, the Township of West Lincoln, the Town  
26 of Lincoln and the Town of Pelham. In addition, NPEI makes annual payments to the Ontario  
27 Electricity Financial Corporation for Payments in Lieu of Property Taxes.

28  
29  
30  
31

1 **Donations**

2  
3 NPEI makes charitable donations to several local charities in its service territory. NPEI confirms  
4 that it has not included the recovery of charitable donations for the purpose of setting rates,  
5 apart from the LEAP program, summarized in Exhibit 4, Tab 7, Schedule 1. NPEI has not  
6 historically made political donations and therefore confirms that no political donations are  
7 included for recovery in this application.

8  
9 **LEAP funding**

10  
11 The LEAP program is an OEB mandated program to provide Emergency Financial Assistance  
12 to help customers pay their hydro bill and avoid disconnection once the Winter disconnection  
13 ban ends in May. NPEI has partnered with Project Share to assist in administering the LEAP  
14 program.

15  
16  
17  
18  
19  
20  
21  
22  
23  
24  
25  
26  
27  
28  
29  
30  
31

1 **4.3.1.4 Variance Analysis Programs**

2  
3 **4.3.1.4.1 – 2021 Test Year versus 2015 Board Approved**

4  
5 **Engineering and Control Room – Increase of \$221,451**

6 In addition to estimated inflation on both labour and non-labour components of \$200,000 and  
7 the additional Distribution Engineer NPEI hired in 2019. The additional Distribution Engineer  
8 was required due to the increased workload arising from developer subdivision projects. The  
9 additional Distribution Engineer handles all of the generation inquires, oversees the  
10 maintenance programs for NPEI's transformer station and performs data analytics and identifies  
11 efficiencies. Due to the lack of NPEI resources, data analytics was performed on a sporadic  
12 basis. Engineering software maintenance expenses have increased by approximately \$100,000  
13 since 2015. The new outage management system that is interfaced with NPEI's GIS system  
14 utilizes smart meter data to predict the source of outages and to identify protective devices  
15 affected. The outage management system was interfaced to NPEI's outage map system which  
16 now displays on NPEI's website areas with outages. NPEI also implemented a Mobile  
17 technology for inspection record keeping. This mobile technology is interfaced and connected  
18 to NPEI's GIS system to complete system condition inspections on a real time basis. Offsetting  
19 these increases is an increase in the capitalized engineering design work which is reflected in  
20 the increased capital budget in the 2021 Test Year. Higher capitalized engineering design work  
21 results in lower engineering labour and benefits charged to OM&A.

22  
23 **Distribution and Transformer Station – Increase of \$196,396**

24 NPEI has included \$145,000 as a cost driver in the 2021 Test Year. This is mainly due to  
25 additional maintenance that will be incurred as a result of adding a second switchgear at the  
26 Kalar Transformer Station in 2021. The second switchgear is needed as a result of system  
27 capacity constraints. Refer to section 5.3.2.3 Assessment of System Capacity in the DSP for  
28 more detail. NPEI has included \$45,000 in the 2021 Test Year for this maintenance which  
29 covers a full year. In the Town of Lincoln, the former Prudhommes Landing property is currently  
30 being re-developed. The initial development plans include multi-unit residential buildings, single  
31 dwelling units and commercial properties. Initial estimates include an additional 10 MW of

1 system capacity. In order to provide service to accommodate this increase in capacity, NPEI  
2 will need to conduct a case study which will build the business case to justify the build of an  
3 additional TS in the Town of Lincoln. A Hydro One study and I.E.S.O. capacity study will also  
4 be required. These studies will be completed between 2020 and 2025. In south Niagara, a new  
5 hospital is projected to be constructed by the end of 2026. With the expected growth that is  
6 anticipated as a result of the new hospital a second case study will need to be completed to  
7 justify the build of an additional TS in South Niagara. NPEI has included \$100,000 in the 2021  
8 Test Year for all of the studies required from 2021 to 2025. The on-going incremental costs for  
9 these studies will be sustained in each of the next five years from 2021 to 2025.

10  
11 **Overhead Operations and Maintenance – Increase of \$210,776**

12 In addition to estimated inflation on both labour and non-labour components of \$167,000 for the  
13 six-year period 2015 through 2021, \$43,000 remains to be explained. In 2019, NPEI introduced  
14 a lines proficiency training program held offsite. NPEI sent ten Power-line Technicians to this  
15 training in 2019 and will continue this program over the next five years.

16  
17 **Customer Service and Billing – Increase of \$511,561**

18 In addition to the estimated inflation on labour and benefits and the executive incentive plan of  
19 \$260,000, \$251,000 remains to be explained. Between 2019 and the 2021 Test Year NPEI has  
20 transitioned two former CDM employees to a Customer Engagement Manager and a Customer  
21 Engagement Key Account Coordinator. Refer to Section 4.4.1 New Positions for more detail.  
22 The labour increase has been offset by a decrease in outside purchases in the amount of  
23 \$89,000. The 2015 Board Approved included \$65,000 for the outsourcing of mail. NPEI further  
24 reviewed the outsourcing of its mailing processes and decided to keep this in-house to maintain  
25 control over the timely issuance of its hydro bills to customers.

26  
27 **Retailer Expenses – Decrease of \$210,000**

28 Since the opening of the retailer market, NPEI has incurred incremental costs related to the  
29 retailer market. These costs include a Retail Settlement Billing Representative, the bank fees  
30 related to the Letter of Credit in favour of the I.E.S.O, IT maintenance expenses related to the  
31 EBT (Electronic Business Transactions) hub, and the meter reading settlement costs related to

1 EBT transactions. NPEI recorded these retailer settlement expenses in a separate account and  
 2 as part of Billing and Collecting expenses. With the closing of the RCVA Deferral and Variance  
 3 account effective January 1, 2021, these expenses have been reallocated to other expense  
 4 accounts. The letter of credit fee in the amount of \$59,550 has been included in General and  
 5 Administration expenses, the EBT hub expenses have been included in IT maintenance  
 6 expenses and the EBT settlement expenses have been reallocated to meter reading expenses.  
 7 See Table 4.2.3.3-5 for more details.

8  
 9 **Meter Reading – Increase of 434,869**

10 Table 4.3.1.4.1-1 below provides a breakdown of the meter reading expenses included in the  
 11 2021 Test Year as well as the variances accounting for the increase in meter reading expenses  
 12 from the 2015 Board Approved to the 2021 Test Year expenses.

13  
 14 **Table 4.3.1.4.1-1 – Meter Reading Expenses**

15

	<b>Last Year Rebasing 2015 Actuals</b>	<b>2021 Test Year</b>	<b>2021 versus 2015 Board Approved</b>
Meter reading	375,850	645,466	269,616
MIST meter Deferral and Variance	43,760	0	(43,760)
EBT settlement expenses reallocated	0	128,700	128,700
Additional Base Station expenses	0	78,660	78,660
Meter reading TS and DS's	15,000	16,653	1,653
<b>Total Meter reading expenses</b>	<b>434,610</b>	<b>869,479</b>	<b>434,869</b>

16  
 17  
 18 In the 2015 Cost of Service rate application, NPEI was approved for a Deferral and Variance  
 19 Account related to the incremental meter reading expenses as a result of converting  
 20 conventional meters to MIST meters as required by the OEB's Amendment to the Distribution  
 21 System Code EB-2013-0311, dated May 21, 2014. As per the Amendment to Section 5.1.3 of  
 22 the DSC, distributors have until August 21, 2020 to install a MIST meter on any existing  
 23 installation that has a monthly average peak demand during a calendar year of over 50 kW.  
 24 NPEI will have all of its conventional meters converted to either a MIST meter or Smart meter by  
 25 the end of June 2020. NPEI's Deferral and Variance account for incremental meter reading

1 costs related to MIST meters was based on an annual MIST meter reading expense of \$43,760.  
2 Any MIST meter reading expenses above or below \$43,760 was recorded to the Deferral and  
3 Variance Account for MIST meter reading. At the end of December 2019, the balance of the  
4 Deferral and Variance Account for MIST meter reading was \$86,344. In December 2019, the  
5 MIST meter reading variance above the monthly amount of \$43,760 was \$121,501. For each  
6 month in fiscal year 2020, this amount will continue. In the 2021 Test Year the MIST meter  
7 Deferral and Variance account will end and the \$43,760 is included in the meter reading  
8 increase of \$267,899. Meter reading has also increased due to the growth in customer count  
9 from 2015 Board Approved to the 2021 Test Year.

10  
11 The EBT retail settlement expenses accounted for in a separate account for the purposes of  
12 calculating the RCVA Deferral and Variance have been included as Meter Reading expenses in  
13 the 2021 Test Year due to the closing of the RCVA Deferral and Variance accounts. See below  
14 for more detail.

15  
16 In 2018, there were two severe wind storms in NPEI's service territory. During the April 2018  
17 wind storm a TGB (Tower Gateway Base Station) base station tower located on a Grimsby  
18 Hydro customer's property snapped in half. NPEI had approximately 2,000 customer's smart  
19 meter readings being collected by this tower. During a lengthy investigation between Grimsby  
20 Hydro and NPEI, it was determined that Grimsby Hydro paid the Base station fees related to  
21 this tower since the inception of smart meters in 2010. The Grimsby Hydro customer declined  
22 to have a new tower erected of their property. NPEI had to complete several propagation  
23 studies with the sole vendor. As a result of these propagation studies, NPEI had to purchase  
24 two towers, one in Campden and one in Greenlane in order to obtain meter readings for these  
25 customers. Due to the height of the escarpment and tower height restrictions in the Town of  
26 Lincoln and the City of Grimsby, NPEI required two towers. Since January of 2019, NPEI now  
27 bears the expenses of these two base station towers. The increase is approximately, \$6,555  
28 per month. The expense is in US\$ and varies due to the exchange rate. The cost of these  
29 base station towers is a cost driver for the 2021 Test Year. As a result of this investigation, NPEI  
30 learned the original smart metering network was constructed with no redundancy.

31

1 **Information Technology Expenses – Increase of \$635,705**

2 In addition to estimated inflation on labour and benefits and non-labour components of \$97,000  
3 for the six-year period 2015 through 2021, \$538,705 remains to be explained. The estimated  
4 incremental cost to bolster NPEI's cyber security posture and provide the ability to monitor,  
5 detect, respond and recover from cyber events is \$341,000. This includes two additional IT  
6 Specialists hired in 2018 as well as additional security software maintenance fees and an  
7 annual security audit which includes penetration testing. NPEI's IT department is responsible  
8 for training all of NPEI's staff and Board of Directors on cyber security awareness. Included in  
9 the \$341,000 is additional software related to cyber security in the amount of \$44,500 which is  
10 included in the IT maintenance expenses above. The remaining \$197,705 (\$538,705 –  
11 \$341,000) relates to the conversion of physical servers to a hyper-convergence model of  
12 technology and for the automation improvements NPEI has made over the last five years. Refer  
13 to Section 4.2.3 Summary of Cost Drivers for additional details regarding these automation  
14 improvements.

15  
16 **Communications, Community and Customer Relations – Increase of \$275,631**

17 In addition to estimated inflation on labour and benefits as well as the executive incentive pay  
18 program, the remaining increase is due to NPEI hired a Communications Coordinator. Refer to  
19 Section 4.4.1 for details related to this new position.

20  
21 **Administration, HR and Finance – Increase of \$934,304**

22 In addition to estimated inflation on both labour and non-labour components of \$300,000 for the  
23 six-year period from 2015 to 2021, \$634,000 remains to be explained. In 2018, NPEI performed  
24 a job evaluation review for all management salaries and in 2019 NPEI introduced an executive  
25 incentive plan. The impact of these two programs account for \$225,000 of the increase in 2021  
26 over the 2015 Board Approved. A new HR Administrative Coordinator was hired in 2018 and  
27 NPEI plans to hire a new Regulatory Compliance and Financial Manager in 2020. Refer to  
28 Section 4.4.2 New Positions for details related to these two new positions. In 2020, NPEI  
29 introduced a Workplace Manager Program and a Wellness Coaching Program. These two  
30 programs amount to an increase of \$30,000 in the 2021 Test Year.

31

1 **4.3.1.4.2 – 2021 Test Year versus 2019 Actual**

2  
3 **Distribution Operations Supervision – Decrease of \$177,043**

4 Estimated inflationary increases on labour and benefits for the two-year period 2019 through to  
5 2021 are decreased by the retirement of one Assistant Director of Operations in June 2019 and  
6 a personnel legal matter that was accrued for at the end of 2019. NPEI does not intend to fill  
7 these the Assistant Director of Operations position at this time.

8  
9 **Customer Service and Billing – Increase of \$485,531**

10 In addition to estimated inflation on both labour and non-labour components of \$117,000 for the  
11 two-year period 2019 through 2021, \$368,000 remains to be explained. In 2019, one Customer  
12 Service Representative returned from a maternity leave and is included in the 2021 Test Year  
13 for 12 months versus five months in 2019. The two former CDM employees are included in the  
14 2021 Test Year as a Customer Engagement Manager and a Customer Engagement Key  
15 Account Coordinator. Also, in 2019, there were several Customer Service Representatives on  
16 extended sick leaves. NPEI has estimates no extended sick leaves in any departments in the  
17 2021 Test Year.

18  
19 **Retailer Expenses – Decrease of \$206,580**

20 See the explanation provided above regarding Retailer Expenses variance for the 2021 Test  
21 Year versus the 2015 Board Approved and the closing of the RCVA Deferral and Variance  
22 account.

23  
24 **Meter Reading – Increase of \$282,744**

25 Meter reading expenses in 2019 totaled \$542,974 plus \$43,760 for the MIST meter annual  
26 Deferral and Variance amount for a total of \$586,734. In 2021, the meter reading expenses are  
27 estimated at \$869,479. In 2019, NPEI continued to convert conventional meters to either a  
28 MIST meter or smart meter depending on the customer's annual demand. These meters were  
29 read manually by a third party contractor. In 2021, the manual meter reading expenses have  
30 been discontinued which is a reduction of \$71,000. Table 4.3.1.4.2-1 below illustrates the  
31 increase of \$282,744 in meter reading expenses for the 2021 Test Year over the 2019 actuals.

1 The Deferral and Variance account for MIST meter reading ends at the end of the fiscal year  
2 2020.

3

4 **Table 4.3.1.4.2-1 – Meter Reading expenses variance 2021 Test Year versus 2019 Actuals**

5

	<b>2019 Actuals</b>	<b>2021 Test Year</b>	<b>2021 versus 2019 Actuals</b>
Meter reading	377,827	645,466	267,639
MIST meter Deferral and Variance	43,760	0	(43,760)
EBT settlement expenses reallocated	0	128,700	128,700
Additional Base Station expenses	78,660	78,660	0
Manual meter reading	70,886	0	(70,886)
Meter reading TS and DS's	15,500	16,653	1,153
<b>Total Meter reading expenses</b>	<b>586,633</b>	<b>869,479</b>	<b>282,846</b>

6

7

8 **Administration, HR and Finance – Increase of \$353,747**

9 In addition to the estimated inflation on both labour and non-labour components of \$119,000, for  
10 the two-year period 2019 through 2021, \$234,000 remains to be explained. In August of 2019,  
11 the HR Administrative Coordinator commenced an eighteen-month maternity leave. This  
12 employee is expected to return January 1, 2021. In 2020, NPEI plans to hire a new Regulatory  
13 Compliance and Financial Manager. This new position accounts for the remaining increase in  
14 2021 over 2019.

15

16 **Regulatory Expenses – Increase of \$174,793**

17 Table 4.3.1.4.2-2 below details the increase of \$174,793 from the 2019 Actuals to the 2021 Test  
18 Year. Effective April 1, 2016, the OEB revised its Cost Assessment Model (CAM), the  
19 methodology used to apportion its costs under Section 26 of the Ontario Energy Board Act,  
20 1998 (Act). As a result of this change in the CAM, NPEI experienced a significant increase in its  
21 OEB Assessment Fees compared to the amounts previously approved in distribution rates.  
22 Table 4.2.3-5 summarizes the Board approved OEB Assessment Fees compared to the 2015  
23 Board Approved and the 2021 Test Year, and the resulting increase of \$86,000 between the  
24 2015 Board Approved amounts and the 2021 Test Year. In accordance with the Board's letter

1 dated February 9, 2016, for 2016 through 2019 Actuals and the 2020 Bridge Year, NPEI has  
 2 recorded the difference between the actual OEB Assessment amount in each year and the  
 3 amount of OEB cost assessment currently built into rates as part of Account 1508, Other  
 4 Regulatory Assets, Sub-Account OEB Cost Assessment Variance. The request for dispositions  
 5 of this variance account up to December 31, 2020 in included in Exhibit 9.

6  
 7 **Table 4.3.1.4.2-2 Regulatory Expenses – 2021 Test Year versus 2019 Actuals**  
 8

	<b>2019 Actuals</b>	<b>2021 Test Year</b>	<b>2021 Test Year vs 2019 Actuals</b>
OEB Annual Assessment	172,000	258,000	86,000
OEB Section 30 Costs	7,534	10,800	3,266
<b>Annual Regulatory expenses</b>	<b>179,534</b>	<b>268,800</b>	<b>89,266</b>
12 months of 2015 Actual COS expenses	31,163	116,690	85,527
<b>Total regulatory expenses</b>	<b>210,697</b>	<b>385,490</b>	<b>174,793</b>

Exhibit 4: Operating Costs

---

**Tab 4 (of 10): Workforce Planning and Employee  
Compensation**

## NEW POSITIONS

### 4.4.1 New Positions

#### Regulatory Compliance and Financial Manager

Currently NPEI has a Regulatory Department with one employee, the Director of Regulatory Affairs. This position reports to the Senior Vice President of Finance. All of the review functions related to the monthly Form 1598 filing with the IESO, the monthly variance accounting entries, the annual RRR filings, and the annual IRM rate application are currently being performed by the Senior VP of Finance. The regulatory workload has increased in both volume and complexity over the last five years with respect to the RRR (Regulatory Reporting Requirements) filings, the annual Scorecard with its accompanying Management and Discussion Analysis, reconciliations for Global Adjustment and Power variances, keeping current with regulatory guidelines and OEB accounting guidance, OEB consultations and reviews such as the new Customer Service Rules, Net Metering and the OEB's Review of Miscellaneous Rates and Charges. NPEI will hire in 2020 a Regulatory Compliance and Financial Manager to perform the day to day and monthly tasks where the Director of Regulatory Affairs will perform the regulatory review functions. The risk of not keeping current with the changes to the DSC has also increased since the 2015 and could have substantial penalties for non-compliance. The Regulatory Compliance and Financial Manager will report to the Director of Regulatory Affairs and will be responsible for assisting with regulatory financial reporting, data analytics, and accounting activities, corporate compliance with Regulatory Reporting Requirements (RRR), assisting with the preparation of the annual IRM rate applications and the Cost of Service rate application which may occur every five years or longer.

The new Regulatory Compliance and Financial Manager will gain experience with the current rate application process and fulfill this function as a key team member of NPEI's next Cost of Service rate application.

1 **Human Resources Assistant**

2  
3 The HR department is responsible for health and safety matters, performance measures  
4 and appraisals, labour relations, collective agreement negotiations, grievances,  
5 employment legal matters; compensation and benefit strategies, recruitment processes,  
6 and development and implementation of programs that align the workforce with key  
7 business strategies and initiatives. Many of these responsibilities were spread out  
8 through-out the organization. In 2016, NPEI streamlined these responsibilities to the HR  
9 department to ensure corporate HR policies were being consistently applied and to  
10 improve efficiencies in other departments that were performing many of these tasks.  
11 The complexities of human resources have grown significantly over the last decade.  
12 New focuses on mental health awareness and training have come to the forefront in the  
13 last five years. The aging of NPEI's workforce has had a significant impact on  
14 recruitment and training as part of its succession planning.

15  
16 During the period from 2010 to 2014, nine (9) employees retired and zero left the  
17 corporation. Since NPEI last rebased in 2015, twenty-one (21) employees have retired  
18 as at December 31, 2019 and an additional twelve (12) employees have left the  
19 corporation. Also during this same time period, NPEI recruited and hired twenty-four  
20 (24) new employees and transitioned three of the five CDM employees into various  
21 departments. Depending on the retirement, some positions becoming vacant can  
22 trigger a chain reaction in back filling the vacancy. In 2016, NPEI's HR department  
23 developed a formal recruiting process which involves the initial screening and sorting of  
24 all external applicant's resumes. This function was previously performed by the head of  
25 the department requiring the new recruit. A two-step interview process occurs, followed  
26 by a mandatory Emotional Intelligence Inventory (EQ-i) which is performed by a third  
27 party. Successful candidates are then presented an offer of employment. Back ground  
28 checks are performed and pre-employment medical forms are completed before the  
29 successful candidate commences employment.

30  
31 As a result of the increase in responsibilities, a Human Resource Assistant position was  
32 created and filled in 2017. The main responsibilities include: provide administrative

1 support to the HR department including the development of corporate policies and  
2 procedures and assistance with benefits administration; prepare and distribute by email  
3 a weekly Wellness newsletter to all NPEI employees; maintain employee and company  
4 files including personnel and training files; maintain and update job descriptions and  
5 Safety Data Sheets; respond to employee inquiries relating to benefits and interpretation  
6 of the Collective Agreement; assist with the recruitment process and conduct employee  
7 orientations for new hires.

8  
9 **Communications Coordinator**

10  
11 In 2017, NPEI created a temporary position of Communications Coordinator. The  
12 purpose of this position was to assist in planning, developing and implementing  
13 communications and/or marketing programs for CDM projects and initiatives and to  
14 assist with the communications for NPEI. Sixty percent of the CDM Communications  
15 Coordinator's labour and benefits were recovered from the IESO as part of the CDM  
16 funding. In 2018, NPEI hired the CDM Communications Coordinator as a full time  
17 position as there was a need for increased communications with customers especially  
18 during power outages.

19  
20 The responsibility for internal and external communications was the responsibility of the  
21 Management team. Communications were filtered through the senior management  
22 team through the various levels of staff. Often, communications were slow and  
23 inconsistent with respect to the appropriate audience. External communications would  
24 occasionally be sent to the media, but generally external communications were posted  
25 on NPEI's website albeit infrequently. NPEI's internal intranet was not current with  
26 information for employees to access. As the expectations for better and more frequent  
27 communications on the part of both the public and staff grew, it became apparent that  
28 NPEI needed to expand its Communications department.

29  
30 In 2019, there was a need to improve NPEI's corporate website and its internal intranet  
31 as well as increase the use of social media during large outages. Prior to 2019, NPEI's  
32 use of social media (Facebook and Twitter) was low as there were not enough resources

1 available to perform these functions. The CDM Communications Coordinator position  
2 was revised to Communications Coordinator. As a result, NPEI ceased claiming the  
3 labour and benefits for this position from the IESO in 2019.

4  
5 The major responsibilities of this role include: support the maintenance and reporting for  
6 the corporate website; monitor and respond to customer inquiries on NPEI's social  
7 media sites; maintain a photography archive; support NPEI's Customer Service  
8 department with inquiries and communications; assist with providing communications  
9 support for community outreach programs; assist in the planning and coordination of  
10 public information sessions related to capital projects (typically residential overhead  
11 rebuilds); assist with customer surveys.

12  
13 On March 21, 2019, the Provincial Government announced the Fixing the Hydro Mess  
14 Act, 2019 whereby the CDM programs were uploaded to the IESO and removed from  
15 the LDC's. Prior to this announcement NPEI had transitioned this position out of the  
16 CDM department and into NPEI's Communications department.

17  
18 NPEI is improving consistency in its branding and messaging with its customers. NPEI's  
19 website has been kept current and up-to-date. In 2019, the communications department  
20 in collaboration with NPEI's IT department launched a fresh new internal intranet for its  
21 employees which is also current and user friendly. There have been reduced complaints  
22 regarding the lack of communications during outage times. There is also increased  
23 support for safety messaging and awareness and employees feel they are better  
24 informed. NPEI's external website is currently under review in 2020. A new website is  
25 planned for the end of 2020.

26  
27 For this Cost of Service rate application, the Communications Coordinator was an  
28 integral part of preparing the Customer Engagement section in Exhibit 1.

29  
30  
31  
32

1 **Customer Engagement Manager/Key Account Coordinator**

2  
3 In 2019, after the announcement from the Provincial government to upload CDM  
4 activities to the IESO and away from LDC's, NPEI submitted a transition plan and budget  
5 to the IESO covering the period from June 2019 to December 31 2020. NPEI's  
6 transition plan related to four (4) CDM employees as at December 31, 2018; one (1)  
7 CDM Manager, two (2) Advisors for Commercial/Industrial Energy and one (1) CDM  
8 Administrative Coordinator. In May 2019, one Advisor for Commercial/Industrial Energy  
9 was relocated to NPEI's Engineering department due to a Distribution Engineer leaving  
10 the company in January 2019.

11  
12 The CDM Manager's labour and benefits were included in the transition plan with the  
13 IESO at 50% for the period from June 2019 to December 2019. For the remaining 50%  
14 of this employee's time, the CDM Manager was given the Project Lead for the Customer  
15 Engagement initiative included in this Cost of Service rate application. The knowledge  
16 and experience obtained by this employee during the last eight months was invaluable.

17  
18 With respect to the OEB's requirements for LDC's to perform customer engagement  
19 activities, NPEI has been lacking the necessary resources to actively and consistently  
20 engage with its customers. NPEI has discovered there is a real need for NPEI to  
21 improve its Customer Engagement activities. Throughout the Customer Engagement  
22 project included with this Cost of Service rate application, NPEI discovered through the  
23 focus groups held that many customers were not familiar with NPEI's services it  
24 provided. NPEI also learned that customers are very interested in managing their usage  
25 and wanted to know more about what NPEI did.

26  
27 In 2020, the former CDM Manager will be transitioned to the new position of Customer  
28 Engagement Manager. This new position will proactively engage with customers and  
29 various customer groups i.e. low income as well as key commercial accounts. The  
30 position will report to the Vice President of Communications, Marketing and Public  
31 Affairs. The major responsibilities will include building and strengthening customer  
32 relationships, develop and implement outreach programs to communicate and engage

1 with low income customers, prepare communication strategies and plans to update  
2 contact information and communication preferences in the CIS system, engage with the  
3 customers about their key issues and concerns, collaborate with the Communications  
4 department and Customer Service on ways to improve providing useful information to  
5 customers on a timely basis. Customer surveys related to customer satisfaction and  
6 public safety awareness will become responsibilities of the Customer Engagement  
7 department instead of Customer Service which is where these responsibilities currently  
8 reside.

9

10 The CDM Administrative Coordinator was included in the transition plan with the IESO at  
11 100% of the labour and benefits for the period May 1, 2019 to December 31, 2020. Once  
12 all of the CDM projects are complete, NPEI will transition the CDM Administrative  
13 Coordinator into the position of Key Account Coordinator. This new position will report to  
14 the Customer Engagement Manager. Major responsibilities will be to assist with the  
15 responsibilities of the Customer Engagement Manager; develop and implement  
16 engagement plans with NPEI's key accounts.

17

18 The two new positions will provide direct benefits to NPEI's customers by enhancing and  
19 improving the customer service NPEI currently provides.

# OVERVIEW OF COMPENSATION STRATEGY

## 4.4.2 Overview of Compensation Strategy

The goal of NPEI's workforce philosophy is to attract, retain, motivate and empower good people. To accomplish this goal, NPEI recognizes that it must offer salaries that are competitive in the local market and LDC environment, but also be reflective of the budgetary and business constraints of operating in a regulated environment. Many of NPEI's positions are highly skilled in both trade and non-trade jobs.

NPEI believes that its overall compensation package is competitive, reasonable and current. It acknowledges that it is becoming increasingly difficult to hire experienced top talent, particularly in some trade's classifications; thus, the reason NPEI recognizes the value in maintaining competitive employee compensation packages. NPEI's workforce is comprised of both unionized and non-unionized/management employees.

NPEI is facing challenges with an aging workforce as can be seen by Table 4.4.2-1 below and, in conjunction with succession planning, has been actively recruiting Power Line Technicians and Apprentices in order to prepare for retiring employees in the Operations department. Since NPEI last rebased in 2015, twenty-one (21) employees retired and an additional twelve (12) employees left the corporation.

**Table 4.4.2-1 – Average Age Brackets**

Age group	# Employees at 12/31/2019
< 50 years	86
51-55	20
> 55 years	18
	124

1 During the period from 2010 to 2014, there were nine (9) retirements and zero  
2 employees left the corporation. The retirement and attrition has more than tripled when  
3 comparing these last five years to the previous five years. As per the Table above, NPEI  
4 currently has eighteen (18) employees over the age of 55 that are eligible to retire in the  
5 next five to ten years.

#### 6 7 **4.4.2.1 Unionized Employees**

8  
9 NPEI's workforce is comprised of one union. The unionized employees are represented  
10 by the International Brotherhood of Electrical Workers (IBEW), Local 636. In 2019, NPEI  
11 completed bargaining and now has a four-year (4) Collective Agreement with the IBEW,  
12 covering the period April 1, 2019 to March 31, 2023. Labour wages are the result of the  
13 negotiation process with a focus on other recent settlements reached in neighbouring  
14 LDC areas and current and trending CPI statistics. NPEI's operations department  
15 employees work 8 hours per day, the inside workers typically work 7 hours per day and  
16 the two Assistants supporting the Engineering and Operations department work 7.5  
17 hours per day.

18  
19 See Table 4.4.2.1-1 below, which summarized the annual wage adjustments under the  
20 Collective Agreements for the historical years of 2015 to 2019 and the negotiated rates  
21 for the 2019 – 2023 years. The negotiated wages increases are competitive within this  
22 labour market. The annual wage adjustments noted below have been used respectively  
23 for both the 2020 Bridge Year and 2021 Test Year for forecasting the labour and benefits  
24 for both unionized and non-unionized employees.

25  
26  
27  
28  
29  
30  
31  
32

1                   **Table 4.4.2.1-1 – Annual Percentage Adjustment for all Employees**  
2

<b>% Annual Salary Adjustment</b>	
<b>Year</b>	<b>%</b>
2015	2.10%
2016	2.00%
2017	2.00%
2018	2.00%
2019	2.10%
2020	2.00%
2021	2.00%
2022	2.00%
2023	2.00%

3  
4  
5 Every job classification within the organization has been reviewed under the Hays Job  
6 Evaluation Program and points have been assigned to each position. The methodology  
7 used in determining the points is based upon each position's Know-How, Problem  
8 Solving, Accountability and Working Conditions. The results of the job evaluations are  
9 used to place each job at an appropriate rate within the pay grade and wage rate. Job  
10 Evaluations are then reviewed again every 3-5 years or sooner, if needed.

11  
12 **4.4.2.2 Executive/Management/Non-Union Employees**

13  
14 **Salaries**

15  
16 Prior to 2018, NPEI's compensation program was comprised of 19 Pay Grades. These  
17 Pay Grades were first established in 2008. These grades were for all levels of the  
18 management team which consists of Administrative, Technical, Supervisory, Managerial,  
19 Vice-President and President roles. The 2008 job evaluation mainly focused its market  
20 competitiveness specifically against the LDC sector. In 2018, NPEI engaged a third  
21 party to conduct a more robust market review of its salaries to include both public and  
22 private sector comparators. NPEI recognized that although many of its management  
23 positions require LDC specific skills, there are many positions that can be hired outside

1 of the LDC sector for example, Finance, HR, Customer Service and IT. The review  
2 engaged the Hay Group to provide and develop databases for the Broader Public Sector  
3 – Ontario (excluding the GTA) and the Broader Industrial Sector – Ontario (excluding the  
4 GTA). The review also included a “reasonability test” against the most recent MEARIE  
5 Management survey.

6  
7 The 2018 job evaluation review resulted in 12 Pay Grades with five pay bands within  
8 each Pay Grade. The pay bands commence with 80% of the maximum base pay. The  
9 pay bands increase by 5% on an annual basis, whereby, a new employee would reach  
10 100% of the base salary after five years of experience. The management positions are  
11 compared to the Lead Hand Powerline Technician and the Powerline Technician  
12 positions which are the highest paid positions in the Union.

13  
14 NPEI also have salaried employees who work a 7-hour day or an 8-hour day. The base  
15 annual salary does not vary depending on the number of hours per day worked but are  
16 presented as annual base salaries.

17  
18 **Incentive Pay**

19  
20 There are seven employees that are eligible to receive incentive pay at NPEI  
21 commencing in 2019 and this information has been included in the OEB Filing  
22 Requirement Appendix 2-K in aggregate with the Wages for Executive/Management.  
23 The Incentive Pay Plan rewards individuals for both personal and corporate objectives  
24 being met, stretch target goals achieved and for adding value beyond the expected  
25 performance of their role in the organization. The corporate performance is reviewed  
26 annually by the Board of Directors each year. The plan requires that personal and  
27 corporate objectives be set and an evaluation of both the personal and corporate  
28 objectives be performed on an annual basis. As part of the 2018 Job Evaluation project,  
29 survey results related to incentive pay plans were obtained from nine LDC participants.  
30 Six of the nine LDC survey participants have incentive pay plans currently in effect.  
31 NPEI had two options to bring the upper pay grades in line with similar LDC total

1 compensation and the BPS/Industrial compensation; implement a one-time market  
2 salary adjustment or implement an incentive pay plan that is correlated to personal and  
3 corporate objectives being met. NPEI chose to implement the incentive pay plan as this  
4 option provides more value to both the corporation and NPEI's customers as it is tied to  
5 corporate performance measures being achieved.

6  
7 Pay for executives and management is reviewed annually by the President and CEO,  
8 Human Resources, and the Board of Directors.

9  
10 **4.4.2.3 Employee Benefits Program**

11  
12 A comprehensive and competitive benefits package exists which includes health and  
13 dental benefits, life insurance, paid sick leave, vacation, and OMERS retirement plan  
14 contributions. The plans are designed to address the health and welfare needs of  
15 employees, with similar plans for both union and management employees. NPEI's  
16 Collective Agreement with its unionized staff provides benefits which are a result of a  
17 collaborative and negotiated process, based on factors such as recent settlements in the  
18 LDC sector including neighbouring LDC's. As a result of the 2008 negotiations, the post-  
19 employee retirement benefits for life insurance cease at the date of retirement for  
20 employees hired after January 1, 2007. For health and dental post-retirement benefits  
21 between the age of 55-65 the Corporation will pay 55% of the premiums for all  
22 employees hired after January 1, 2007. For most employees hired prior to January 1,  
23 2007, the Corporation pays the life insurance premium for the life of the employee and  
24 pays 100% of the health and dental premiums up to the age of 65. The costs are  
25 discussed in the Other Post-Employment Benefits section below. Refer to Section 4.4.4.

26

## EMPLOYEE COSTS AND VARIANCE ANALYSIS

### 4.4.3 Employee Costs and Variance analysis

Table 4.4.3-1 below replicates Appendix 2-K of the Chapter 2 Filing Requirements. The table summarizes the employee complement, compensation and benefits for 2015 Board Approved, 2015 to 2019 Actuals and 2020 Bridge and 2021 Test Years. All compensation is included whether expensed or capitalized. The number of employees is based on the computation of the number of full-time equivalent (FTEs) positions throughout each of the fiscal years. Employees that were hired during the year or employees that left the organization were pro-rated based on the start or end date month. FTEs exclude NPEI's Board of Directors and those employees who are funded through the IESO's Conservation First Framework.

**Table 4.4.3-1 – Employee Costs**

	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year
<b>Number of Employees (FTE's including Part-Time</b>								
Management (including executive)	34.00	37.59	36.75	40.51	39.35	39.17	39.58	41.00

Non-Management (union and non-union)	2,171,774	2,034,929	2,260,580	2,586,643	2,432,308	2,457,551	2,446,459	2,533,045
<b>Total</b>	<b>3,099,682</b>	<b>2,996,562</b>	<b>3,351,750</b>	<b>3,902,648</b>	<b>3,671,290</b>	<b>3,863,559</b>	<b>3,841,898</b>	<b>4,074,753</b>
<b>Total Compensation (Salary, Wages &amp; Benefits)</b>								
Management (including executive)	4,597,712	4,839,727	5,392,253	5,787,709	5,829,989	6,479,638	6,325,772	6,711,393
Non-Management (union and non-union)	9,509,345	9,048,628	9,675,850	9,749,293	9,844,523	9,837,227	10,345,081	10,566,226
<b>Total</b>	<b>14,107,057</b>	<b>13,888,356</b>	<b>15,068,104</b>	<b>15,537,003</b>	<b>15,674,512</b>	<b>16,316,864</b>	<b>16,670,854</b>	<b>17,277,619</b>

1 **4.4.3.1 Full Time Employees**

2  
3 Table 4.4.3.1-1 summarizes the headcount at year end since 2015 by department level. In 2015,  
4 NPEI had a head count of 130 which included 2 CDM employees included in the rate application.  
5 The total head count prior to the 2015 Settlement conference was 128 employees (excluding the  
6 2 CDM employees). As a result of NPEI's settlement conference in 2015, NPEI agreed to  
7 reduce its OM&A by \$300,000 due to the loss of billing water and sewer on behalf of the City of  
8 Niagara Falls. The \$300,000 is directly related to the equivalent of 3 employees, one billing  
9 supervisor, one cashier, and one billing Representative. Therefore, NPEI adjusted the corrected  
10 2015 Board Approved Headcount from 128 employees down to 125 employees. NPEI removed  
11 the 3 positions related to NPEI performing the water activities on behalf of the City of Niagara  
12 Falls to obtain the correct 2015 Board Approved total head count. NPEI has included a column  
13 related to 2015 Before Settlement to illustrate through attrition that NPEI reduced the head count  
14 by the 3 positions related to water billing activities on behalf of the City of Niagara Falls. NPEI  
15 has also included at the bottom of Table 4.4.3.1-1 the CDM employees and how NPEI was able  
16 to transition these employees to other departments in the company. The total number of  
17 employees at year end may differ from the full-time equivalents presented in Table 4.4.3-1 above  
18 due to the timing of new hires, vacancies during the year and the timing of retirements.  
19 Additionally, hires identified in the variance commentary that follows the tables, reflects inter-  
20 departmental transfers.

21  
22  
23  
24  
25  
26  
27  
28  
29  
30  
31

**Table 4.4.3.1-1 – Headcount at Year End by Department**

Department	2015 Before Settlement	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year
Accounting	8	7	6	7	7	7	7	7	7
Regulatory	1	1	1	1	1	1	1	2	2
Executive	6	6	9	10	11	8	8	8	8
Building Maintenance	1	1	1	1	1	1	0	0	0
Billing and Business Applications	16	14	15	14	13	14	14	14	14
Customer Service	13	13	13	12	12	13	14	15	15
Human Resources	3	3	2	2	3	3	2	2	3
Engineering	16	16	15	15	14	15	17	18	18
Fleet	3	3	3	3	3	3	3	3	3
Metering	6	6	6	5	6	5	5	5	5
Stores	4	4	4	4	4	3	3	4	4
Operations	47	47	44	44	44	42	40	42	43
IT	3	3	3	3	3	5	5	5	5
Communications	1	1	0	0	0	1	1	1	1
<b>Total Head Count</b>	<b>128</b>	<b>125</b>	<b>122</b>	<b>121</b>	<b>122</b>	<b>121</b>	<b>120</b>	<b>126</b>	<b>128</b>
CDM	2	2	3	3	6	4	2	0	0
<b>Total Head Count</b>	<b>130</b>	<b>127</b>	<b>125</b>	<b>124</b>	<b>128</b>	<b>125</b>	<b>122</b>	<b>126</b>	<b>128</b>

NPEI notes that its 2015 Board approved headcount was 36 management employees and 94 union and non-union employees for a total of 130 employees. Two CDM employees were inadvertently included in the headcount table in the 2015 Application. The correct headcount for 2015 would be 34 management employees and 94 Union employees for a total of 128 employees.

Table 4.4.3.1-2, for the purpose of the variance analysis, highlights changes in headcount by year between 2015 Board Approved and 2021.

**Table 4.4.3.1-2 – Changes in Headcount**

Department	2015 Before Settlement	2015 Board Approved After Settlement	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year	2021 Test Year Total

**2015 Board Approved versus 2015 Actual (-6)**

**Accounting** - one employee commenced a maternity leave, and the cashier left the corporation.

**Executive** - as part of succession planning, the restructuring of the HR department, and the implementation of the Conservation First Framework, a second VP of Engineering was hired, the HR Manager was promoted to Director of HR, and the Communications Manager was promoted to Director of Communications. This position was not recovered through the IESO CDM funding program.

**Billing** – one billing Representative retired, this position was not replaced due to the loss of the water and sewer billing activities on behalf of the City of Niagara Falls

1 **Human Resources** – the HR Manager was promoted to Director of HR and employee is  
2 included in the Executive Department

3 **Engineering** – the Director of Engineering and the Engineering Service Manager left the  
4 company. A new Distribution Engineer was hired.

5 **Stores** – Storekeeper retired and was back-filled with a Truck Driver from the operations  
6 department.

7 **Operations** – one Truck Driver moved into the Stores Department, one Truck Driver retired, one  
8 Power-line Technician retired, one Labourer and one Power-line Technician left the company  
9 and two Lines Apprentices were hired. The Labourer position has not been filled since 2015 and  
10 NPEI does not intend to fill this position.

11 **Communications** – Communications Manager promoted to Director of Communications and  
12 moved to the Executive Department.

13 **CDM** – CDM Administrative Coordinator was hired. Position was funded by the IESO  
14 Conservation First Framework.

15

16 **2016 vs 2015 (-1)**

17

18 **Accounting** – employee on maternity leave returned to work

19 **Executive** - The Customer Service Supervisor previously reported to the VP of Billing and IT,  
20 however due to the increase in workload related to DSC regulation changes and cyber security,  
21 the Customer Service Supervisor was promoted to Director of Customer Service, and was  
22 moved to the Executive department and now reports directly to the President and CEO.

23 **Billing and Business Applications** – one Business Applications Analyst left the corporation

24 **Customer Service** - the Customer Service Supervisor was promoted to Director of Customer  
25 Service

26 **Engineering** – a lead hand metering technician retired and a GIS Technologist was hired. NPEI  
27 review its control room operations and determined the need for a second Control Center  
28 Technician position. One Engineering Technician was awarded this position.

29 **Metering** – the Metering Supervisor retired, the Quality Assurance Representative was promoted  
30 to Metering Supervisor. The Quality Assurance Representative position was eliminated due to

1 NPEI's meter shop no longer required a Meter Shop Accreditation certificate and NPEI's garage  
2 no longer was a part of the ISO 9000 accreditation.

3 **Operations** – Director of Lines Superintendent and one Operations Supervisor retired. 2 power  
4 line technician apprentices were hired.

5 **IT** – System Analyst left the corporation and was replaced with another System analyst.

6

7 **2017 vs 2016 (+1)**

8

9 **Accounting** – one Junior Accounting Representative left the corporation, and this position was  
10 back-filled by a Billing Representative.

11 **Executive** – the Executive Assistant announced their retirement to be in February of 2018, a  
12 Billing Representative was promoted to the Executive Assistant in November for succession  
13 planning.

14 **Billing** – one Billing Representative moved to Accounting, one Billing Representative moved to  
15 Executive, one position was back-filled by a Customer Service Representative

16 **Customer Service** – one customer service representative moved to the Billing department, and  
17 one new Customer Service Representative was hired. One Customer Service Representative  
18 was promoted to Customer Service Supervisor. This position is responsible for the day-to-day  
19 operations of the customer service department.

20 **Human Resources** – Human resource administrative assistant was hired – refer to 4.4.1 - New  
21 Positions for more details

22 **Engineering** – An Engineering Technician was promoted to Manager of Engineering Systems.  
23 This position is responsible for the operations of the Control Room and NPEI's smart grid, Wi-  
24 Max project, and the operations of the Metering department. The GIS Supervisor retired at the  
25 end of 2017.

26 **Metering** – The Manager of Engineering Systems assumed the responsibilities of the Meter  
27 department.

28 **Operations** – no changes occurred

29 **CDM** – two Advisors for Commercial and Industrial Energy were hired for CDM projects, one  
30 Communications Coordinator was hired on a temporary contract. Sixty percent of the

1 Communications Coordinator labour and benefits were included as part of the CDM funding from  
2 the I.E.S.O.

3

4 **2018 vs 2017 (-1)**

5

6 **Accounting** – the VP of Finance was promoted to Senior VP of Finance and assumed more  
7 strategic responsibilities, the Controller was promoted to Director of Finance.

8 **Executive** – one of the VP's of Engineering, the VP of Operations and the Executive Assistant  
9 retired. The VP of Engineering and VP of Operations positions were re-evaluated and combined  
10 into the Senior VP of Asset Management position, thereby eliminating the one of the VP of  
11 Operations/Engineering positions.

12 **Billing** – one Billing Representative retired, and two Billing Representatives were back-filled by  
13 two Customer Service Representatives

14 **Customer Service** – two Customer Service Representatives were moved to Billing, one  
15 customer service representative went on maternity leave, two customer service representatives  
16 were hired, and one employee from the operations department was transferred to customer  
17 service under NPEI's modified work program.

18 **Engineering** – One Engineering Technician was hired.

19 **Metering** – the Metering Supervisor retired, this position was back-filled in 2017 by the Manager  
20 of Engineering Systems.

21 **Stores** – one Storekeeper retired, this position was back-filled by the Maintenance/Handyman in  
22 2019

23 **Operations** – the last Truck Driver retired. This position was removed from the Collective  
24 Agreement in 2019. One power line technician left the corporation. One power line technician  
25 was placed on NPEI's modified work program as a result of a work place injury in the Customer  
26 Service Department. Two power line technician apprentices were hired.

27 **IT** – hired two IT systems Analysts, the main driver is cyber security and performing IT network  
28 administration functions for a neighbouring LDC. NPEI has included the revenue recovery for  
29 the IT network administration function, refer to Other Revenue in Exhibit 3.

30 **Communications** – A new Communications Coordinator was hired on as a full time position,  
31 refer to section 4.4.3 for details. This position was included in the CDM line in 2017.

1 **CDM** – one Advisor Commercial and Industrial Energy left the corporation to pursue other  
2 opportunities.

3

4 **2019 vs 2018 (-1)**

5

6 **Building/Maintenance** – The Maintenance/Handyman employee was moved to the Stores  
7 department.

8 **Human Resources** – HR administrative assistant commenced an eighteen-month maternity  
9 leave.

10 **Customer Service** – The Customer Service Supervisor retired and was back-filled by Billing  
11 Representative. One Customer Service Representative back-filled the Billing Representative.  
12 NPEI transitioned the CDM Manager to Customer Engagement Manager, refer to section 4.4.3  
13 for more details regarding this new position.

14 **Engineering** –one Distribution Engineer left the corporation. One Engineering Technician  
15 retired. Hired a Distribution Engineer externally and transitioned one Advisor  
16 Commercial/Industrial Energy from CDM to the engineering department as a Distribution  
17 Engineer. Hired two Engineering Technicians externally. The Manager of Engineering Services  
18 was promoted to Director of Engineering. This position has been vacant since 2015.

19 **Stores** – the storekeeper retired in 2018, this position was back-filled by the  
20 Maintenance/Handyman position in 2019. The Maintenance/Handyman position was not back-  
21 filled. This storekeeper then retired in 2019. The Stores department is currently under review by  
22 NPEI. The storekeeper duties are being currently being performed by an outside third party  
23 contractor. This position will be filled in 2020.

24 **Operations** – The Director of Operations left the corporation at the end of the year and one of  
25 the three Assistant Directors of Operations retired at the end of June 2019.

26

27 **2020 Bridge vs 2019 Actual (+6)**

28

29 **Regulatory** – position for Regulatory Compliance and Financial Analyst was posted in February  
30 2020. Refer to section 4.4.3 – New Positions for more detail.

1 **Customer Service** – NPEI will transition the CDM Administrative Coordinator to the new position  
2 of Key Account Coordinator once all of NPEI's CDM projects are completed. Refer to section  
3 4.4.3 – New Positions for more detail

4 **Engineering** – GIS Technician was transferred to the Meter Department as a Meter Technician  
5 Apprentice. NPEI hired a new GIS Technician commencing employment in February 2020. NPEI  
6 will replace one Engineering Technician by the end of 2020.

7 **Metering** - GIS Technician was transferred to the Meter Department as a Meter Technician  
8 Apprentice. One Meter Technician is retiring in April 2020. NPEI's plan is to move The Manager  
9 of Engineering Systems to Assistant Director of Operations in anticipation the current Assistant  
10 Director of Operations will retire in 2021. NPEI also plans to transition the Advisor  
11 Commercial/Industrial Energy CDM employee to replace the Manager of Engineering Systems  
12 as a Meter Supervisor by the end of 2020.

13 **Supply Chain** – NPEI will fill the Stores position once the review of the stores operations is  
14 complete in 2020.

15 **Operations** – NPEI will hire two apprentices full-time in September 2020. One Assistant  
16 Director of Operations was promoted to Director of Operations. The Assistant Director of  
17 Operations position will not be filled.

18

#### 19 **2021 Test Year vs 2020 Bridge Year (+2)**

20

21 **Human Resources** - HR Administrative Assistant will return from maternity leave.

22 **Operations** – It is anticipated one of the Assistant Director of Operations will retire in 2021. The  
23 Manager of Engineering Systems was moved to train for this position in 2020. NPEI plans to hire  
24 one Power-line Technician apprentice in 2021.

25

26 In summary, the changes in 2021 compared to 2015 Before Settlement are as follows:

- 27 • Accounting – decrease one FTE – Cashier - 2015
- 28 • Regulatory – increase one FTE – Regulatory Compliance and Financial Manger- 2020
- 29 • Executive – increase two FTEs – added VP of Human Resources, VP of  
30 Communications, Director of Customer Service and eliminated VP of Engineering
- 31 • Building Maintenance – decrease one FTE –Maintenance/Handyman to be left vacant

- 1 • Billing – decrease two FTEs – related to the water billing activities, one Billing  
2 Representative in 2015 and one Billing Supervisor in 2018
- 3 • Customer Service – increase two FTEs – one Customer Engagement Manager (2020),  
4 one Customer Engagement Key Account Coordinator (2020),
- 5 • Engineering – increase two FTEs – One Control Centre Technician (2016) and one  
6 additional Distribution Engineer (2018)
- 7 • Metering – decrease one FTE – eliminated the Quality Assurance Representative  
8 position (2016)
- 9 • Operations – decrease four FTE's – One Labourer (2015) and two Truck Driver positions  
10 (2015 and 2018) to be left vacant, one Powerline Technician currently on modified duties  
11 in the Customer Service Department.
- 12 • IT – increase two FTE's – IT Systems Analyst (2018)
- 13 • Communications– increase one FTE – Communications Coordinator (2018)

14

15 NPEI has a formal process in place prior to hiring, whether it be a new position and/or a  
16 replacement for a retiree, etc. At the time, NPEI will reassess the role, review the corporation's  
17 needs to ensure that the position provides a benefit to the corporation, review the job description  
18 and the departmental needs. All new hires are approved by the President and CEO. Any new  
19 positions in management are evaluated and assigned the Hay points by the HR department and  
20 approved by the President and CEO. Any new unionized positions are evaluated and presented  
21 to the Union.

22

23 Table 4.4.3.1-3 below shows the cost variances as per Appendix 2-K of the Filing Requirements.

24

**Benefits Variance analysis** – Refer to section 4.4.4-3 for all benefits variance analysis.

**2016 Actual vs 2015 Actual**

The total salary and wages increased by \$825K primarily due to a 2% negotiated wage increase, one management employee returning from maternity leave, an increase in paid overtime of \$333K. The overtime was related to a FIT capital project where the customer had a tight timeline for NPEI to relocate and build a new pole line. All of the overtime related to this FIT capital project was recovered through a capital contribution. Changes in staffing levels in both 2015 and

1 2016 due to retirements, employees leaving the corporation and new hires account for the  
2 remaining increase.

3

4 **2017 Actual vs 2016 Actual**

5

6 The total salary and wages decreased by \$82K, there was a 2% negotiated wage increase that  
7 was offset by a decrease in overtime. The overtime in 2016 was driven by a customer system  
8 access capital project.

9

10 **2018 Actual vs 2017 Actual**

11

12 The total salary and wages increased by \$369K. There was a 2% negotiated wage increase  
13 along with the job evaluation review of management salaries in 2018. The overtime increased by  
14 \$116K over 2017, one employee commenced a twelve-month maternity leave and changes in  
15 staffing levels in both 2018 and 2017 due to retirements, employees leaving the corporation and  
16 new hires account for the remaining increase. The increase related to the job evaluation review  
17 of management salaries in 2018 was offset by the VP of Engineering retiring and this position  
18 was not replaced.

19

20 **2019 Actual vs 2018 Actual**

21

22 The total salary and wages increased by \$450K in 2019 over 2018. There was a 2.10%  
23 negotiated wage increase in 2019. NPEI has accrued an amount related to the new executive  
24 incentive program in 2019, that will be paid in 2020. There is an estimated accrual related to a  
25 personnel legal matter in 2019. Changes in staffing levels in both 2019 and 2018 due to  
26 retirements, employees leaving the corporation and new hires offset these increases.

27

28 **2020 Bridge vs 2019 Actual**

29

30 The total salary and wages increased by \$374K in the 2020 Bridge year as compared to the  
31 2019 Actuals. A negotiated 2.0% wage increase is included in the 2020 Bridge Year. There is

1 no estimated accrual related to a personnel legal matter in 2020 as there was in 2019. Changes  
2 in staffing levels in both 2020 and 2019 due to retirements, employees leaving the corporation  
3 and new hires account for the remaining increase in salary and wages. A new Regulatory  
4 Compliance and Financial Manager is scheduled to be hired in 2020. The GIS Technician being  
5 replaced will commence employment in February 2020. Two Power-line Technician apprentices  
6 are scheduled to be hired in the fourth quarter of 2020 once they completed their schooling in  
7 August. In addition, the 2020 Bridge year includes the transition of two CDM employees, one  
8 into Engineering as a Distribution Engineer and one into the Customer Engagement Manager  
9 position. NPEI does not intend to hire in the near future for the two Assistant Director of  
10 Operations positions that became vacant at the end of 2019.

11

12 **2021 Test vs 2020 Bridge**

13

14 A total salary and wage increase of \$374K in 2021 over the 2020 Bridge Year includes a  
15 negotiated 2.0% wage increase and reflects a full year of the positions filled in 2020. In addition,  
16 the 2021 plan includes the return of one management employee returning from an eighteen-  
17 month maternity leave and the final transition of two former CDM employees into Customer  
18 Engagement Coordinator and the Meter department.

19

20 Table 4.4.3.1-4 FTE's by department below illustrates the FTE's by department and by  
21 management versus non-management positions for the 2015 Board Approved and the 2021 Test  
22 Year.

Over the past ten years, NPEI has transition from a poles and wires company to a poles, wires and information company. Increased focus has been placed on communications with customers for example the outage map, NPEI’s website, social media, My Account portal, customer engagement, and conservation and demand management. The electricity distribution industry has become very complex with smart meters, time of use billing, net metering, FIT contracts, DER’s, global adjustment, Ontario Electricity Support Program, and new customer service rules. The future of NPEI’s business will continue to be highly technological with SMS text messaging as a communication tool with customers on the horizon. With the increase in the use of technology comes the associated risks of cyber security and the need for disaster recovery plans. NPEI has replaced through attrition, redundant non-management positions such as the labourer, truck driver, building maintenance handyman and quality assurance representative with higher skilled management positions such as IT Specialists, Customer Engagement personnel,

1 Distribution Engineers, Communications Coordinator and a Regulatory Compliance and  
2 Financial Manager. These management positions will continue to provide benefits as NPEI  
3 transitions to this information services type of company. Planning and coordination of significant  
4 complex growth will be required in the next ten years with the new Transformer Stations, one in  
5 Lincoln and one in South Niagara. The new hospital and Metrolinx station are key drivers to the  
6 future growth in the City of Niagara Falls, the Town of Lincoln and the Township of West Lincoln.

#### 7 8 **4.4.3.2.1 On-going Efficiency Projects**

9  
10 Human Resources at NPEI is currently working with the GridSmart City Cooperative which  
11 consists of 14 LDCs. This Co-operative was created to improve service to electricity customers  
12 by increasing the efficiencies of scale within the partnership and to assist in reducing the  
13 members' operating, maintenance, inventory and administrative costs.

14  
15 To date, several initiatives have been introduced. A new software program (HR Downloads) was  
16 purchased collaboratively with a 15% net savings to all. Secondly, a sub-committee from the HR  
17 GridSmart City group (GSV) has been working together with Mohawk College Enterprise (MCE)  
18 to develop a training platform for new emerging leaders as the LDC positions are all very similar  
19 in nature and have the same needs. The program can be tailored to meet LDC's expectations  
20 and again, with a savings to all members of the GSC group. Lastly, the GSC group negotiated a  
21 group training session on workplace harassment investigation at a discount. This will now allow  
22 LDCs to assist each other in the event that a utility is unable to do a timely workplace  
23 harassment investigation either it be because of other commitments or because the nature of the  
24 incident will not allow for an impartial investigation to be done internally. Collective training will  
25 now make it possible for a member from another GSC LDC to assist with the investigation at no  
26 cost to the LDC as this effort could be reciprocated in the future. Therefore, efficiencies are  
27 attained with no additional cost.

28  
29 The HR GSC committee is focused on identifying synergies for employee engagement, labour  
30 relations, Employment Standards Act changes, Disability Management and assessing benefits  
31 and taking benefit plans to market to ensure members remain competitive.

1 NPEI is currently piloting 10 hour shifts from Monday to Thursday in the Operations department  
2 for certain capital overhead re-build projects. NPEI recently constructed an overhead re-build on  
3 Mountain Road. At the completion, the Operations department estimates the project was  
4 completed two weeks sooner due to the 10 hour shifts. The line crew's set up and tear down  
5 times and the flagging set up and tear down times were reduced to the piloted ten-hour shift.

6

7 NPEI will continue to find efficiencies in all departments throughout the company.

8

9

# BENEFITS, PENSIONS AND OPEBS

## 4.4.4 – Benefits Variance Analysis

The following Table 4.4.4-1 summarizes the OMERS, CPP, EI and EHT contribution rates that have been used for the 2021 Test Year as well as a comparison to the 2019 Actual rates:

**Table 4.4.4-1 – Benefit Expense Rates**

Benefit Contribution Rates	YMPE 2020 Maximum	2020 Rates	2021 Test Maximum	2021 Test Year Rates
OMERS Tier 1 Up to YMPE	58,700	9.00%	60,000	9.00%
OMERS Tier 2/3 Over YMPE	> 58,700	14.60%	> 60,000	14.60%
EHT		1.95%		1.95%
WSIB	95,400	1.10%	98,200	1.10%
CPP Employer Portion		5.25%		5.45%
EI Employer Portion		2.21%		2.21%

A detailed summary of NPEI's actual benefit program costs are presented in Table 4.4.4-2 below:

1

% Change year over year	11.85%	16.44%	-5.93%	5.19%	-0.48%	6.02%

3  
4

5 There are two benefits expenses where the variance exceeds \$175,000 on a year over  
6 year basis between 2015 and 2021.

7

8 ***Health & Dental and LTD Insurance***

9

10 The variance from 2016 over 2015 was an increase of \$187,332. The Health, Dental  
11 and LTD Insurance premiums are a function of the number of employees and the type of  
12 coverage, i.e. single or family. In 2016, the head count (excluding CDM employees)  
13 increased by four. In 2015, NPEI negotiated a four-year contract effective April 1, 2015.  
14 Premiums related to Health & Dental increased in 2016 as a result of negotiated  
15 benefits. The total cost claims for 2015 were higher than the 2015 premiums paid and  
16 as a result the 2016 monthly premiums for single or family coverage were increased.

1 The total cost claims increase is due to an increase mainly in the drug costs and there  
2 was an increase in the utilization of higher priced drugs in 2015.

3  
4 ***Employee Future Benefits***

5  
6 Employee Future Benefits change in the years where an Actuarial Valuation is  
7 completed. NPEI completed an Actuarial Valuation as at January 1, 2017 and as at  
8 December 31 2019. In both 2017 and 2019, NPEI experienced past service costs which  
9 are related to the Corporation approving a retention policy for management employees.

10  
11 **4.4.4.4 OMERS and Post-Employment Benefits**

12  
13 OMERS Pension Plan

14  
15 NPEI's employees are members of the Ontario Municipal Employees Retirement System  
16 (OMERS). OMERS is a multi-employer pension plan that most LDC's participate in;  
17 therefore, the pension benefit provided to NPEI employees is consistent with that of  
18 other LDC's. The plan is a contributory defined benefit pension plan which is financed  
19 by equal contributions from the employer and employee based on the employee's  
20 contributory earnings. For the 2021 Test Year, NPEI assumed a YMPE (Year's  
21 Maximum Pensionable Earnings) of \$60,000. The 2019 YMPE was \$57,400 and 2020  
22 YMPE is \$58,700. NPEI also assumed OMERS rates of 9% on earnings up the YMPE  
23 limit; and 14.6% on earnings over the YMPE limit as per the OMERS website. Table  
24 4.4.4.4-1 provides a summary of the annual OMERS contributions for the actuals for the  
25 2015 Board Approved, the actuals 2015 to 2019, and the 2020 Bridge Year and 2021  
26 Test Years. Table 4.4.4.4-1 excludes the CDM employees.

**Table 4.4.4.4-1 – OMERS Contribution Costs**

Benefit Expense	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year
OMERS	1,127,382	1,116,384	1,191,771	1,220,898	1,231,426	1,240,213	1,287,104	1,341,027

Post-employment and other actuarial defined benefits (PBO)

NPEI pays certain health, dental and life insurance benefits under defined benefits plans on behalf of its retired employees. The cost of these benefits are burdened as earned by employees through employment service. The accrued benefit obligations and current service cost are actuarially determined by applying the projected benefits method prorated on service and based on assumptions that reflect management’s best estimates. The amount of the obligation is determined from actuarial valuations that are performed every three years. In the years between valuations, NPEI uses the Projected Benefit Expense provided by the Actuary. Refer to the Detailed Accounting Schedules at the end of the Actuarial Valuation report in Appendix 4-3 of this Exhibit. Actuarial gains and losses on the PBO liability are recorded to the income statement in the year that they arise (the year of the actuarial report). Table 4.4.4.4-2 below summarizes the amount of the PBO that is included in benefit costs for the 2015 Board approved, the actuals 2015 through 2019 and the 2020 Bridge and 2021 Test Years.

**Table 4.4.4.4-2 – Post-Retirement and Other Benefits – Actuarial Expense**

Benefit Expense	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year
Actuarial Expense

3

4

5 Refer to Exhibit 1, Tab 9, Schedule 7 for more details related to NPEI's OPEB Deferral  
 6 Account. The adjustments to OCI (Other Comprehensive Income) in both 2017 and  
 7 2019 are related to the change in the discount rate used to value the liability. The  
 8 discount rate in the 2014 Actuarial Valuation was 4.80%; 2017 was 3.50% and 2019 the  
 9 discount rate used was 3.0%.

10

11 Non-vested sick leave and Vested Sick Leave

12

13 *Vested Sick Leave*

14

15 As at December 31, 2019, NPEI has one employee still eligible for a Vested Sick Leave  
 16 payment. The Vested Sick Leave is recorded as a liability on NPEI's Statement of  
 17 Financial Position.

18

19 *Non-Vested Sick Leave*

20

21 NPEI provides a non-vested sick leave benefit to its employees. Under IFRS, an entity  
 22 must recognize this non-vested sick leave as a potential liability on its Statement of  
 23 Financial Position. NPEI's non-vested sick leave is an estimate based on the average  
 24 previous five years of sick leave utilized in excess of the annual sick leave entitlement

1 benefit. Beginning at the effective date of IFRS adoption, NPEI's initial estimate for this  
2 liability was \$20,000. The full balance was written to retained earnings in 2014. Each  
3 year NPEI determines an updated year end estimate and the difference between the  
4 opening liability balance and the year-end estimate is recorded as a sick leave expense  
5 in the current year which is included in the labour burden. The balance of the Non-  
6 Vested Sick Leave Liability as at December 31 2019 is \$14,800. For the 2021 Test  
7 Year, NPEI has assumed this balance to remain unchanged from the 2019 year-end  
8 balance.

9  
10 Accounting for PBO and non-vested sick leave is on an accrual basis and the approach  
11 has not changed since NPEI last rebased in 2015. NPEI confirms that the Pension and  
12 Other Post-Employment Benefits (OPEB's) costs treatment proposed in the Application  
13 is consistent with the Report of the Board: Regulatory Treatment of Pension and Other  
14 Post-Employment Benefits (OPEB's) Costs (EB-2015-0040) issued September 14, 2017.

15  
16 **4.4.4.5 – Allocation of Benefits to OM&A and Capital**

17  
18 Please refer to Exhibit 2 Tab 2 Schedule 3 for a description of NPEI's capitalization of  
19 overhead policy, including the allocation of payroll burden, which includes benefits.  
20 Table 4.4.4.5-1 which is the OEB's Appendix 2-D, and is also included in Exhibit 2  
21 provides the amount of direct labour, including benefits, that is allocated to capital.

22  
23 **Table 4.4.4.5-1 Capitalized OM&A**

Capitalized OM&A	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year
Labour Burdens	1,383,616	1,659,371	1,665,078	1,567,492	1,573,990	1,702,716	1,788,330
Fleet Burdens	1,040,714	1,100,217	999,035	1,140,037	1,102,302	1,194,259	1,254,171
<b>Total OM&amp;A Capitalized</b>	<b>2,424,330</b>	<b>2,759,588</b>	<b>2,664,113</b>	<b>2,707,529</b>	<b>2,676,292</b>	<b>2,896,975</b>	<b>3,042,501</b>
Year over year \$ Change		335,257	(95,475)	43,416	(31,237)	220,683	145,526
Year over year % Change		13.83%	-3.46%	1.63%	-1.15%	8.25%	5.02%

1 The OM&A capitalized varies from year to year in the same proportion to the type of  
 2 work being performed, i.e. capital projects or maintenance work. The 2020 Bridge Year  
 3 and 2021 Test Year capital budgets are higher due to higher customer system access  
 4 projects.

5

6 Table 4.4.4.5-2 below illustrates the breakdown of Post-Retirement and Other Benefits  
 7 capitalized and included in operating expenses

8

9 **Table 4.4.4.5-2 – Post-Retirement and Other Benefits – Capital and Operating**  
 10 **Breakdown**

11

	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year
Post Retirement Benefits	258,513	210,769	254,241	710,930	310,007	509,304	301,932	325,370

Exhibit 4: Operating Costs

---

**Tab 5 (of 10): Shared Services & Corporate Cost  
Allocations**

# 1                   **SHARED SERVICES & CORPORATE COST** 2                   **ALLOCATIONS**

## 3   **4.5 Shared Services and Corporate Cost Allocations**

### 4   **4.5.1 Shared Services**

5  
6 NPEI records a flat fee for accounting services and actual insurance premiums for  
7 director's liability to its shareholders; Niagara Falls Hydro Holding Corporation (NFHHC)  
8 and Peninsula West Power Inc. (PWP) as detailed in the attached OEB Appendix 2-n  
9 Shared Services table. NPEI also performs bookkeeping services for a subsidiary of  
10 Peninsula West Power Inc., Peninsula West Services Ltd (PWS). The price for each  
11 service and the cost to provide the service is also illustrated in the OEB Appendix 2-N.  
12 The OEB Appendix 2-N is in Appendix 4-1 of Exhibit 4.

13  
14 NPEI allocates director's liability insurance to NFHHC, PWP, Niagara Falls Hydro  
15 Services Inc. (NFS) and PWS based on the actual premiums included on the invoice  
16 from the insurance vendor. Since these costs are paid for by NPEI and charged back to  
17 the shareholders they have been included as shared services. All bookkeeping costs  
18 related to PWS are based on actual time and actual rates recorded including a payroll  
19 burden.

20  
21 Prior to April 2014, NPEI performed the water and sewer billing and billing related  
22 activities on behalf of the City of Niagara Falls through its affiliate Niagara Falls Hydro  
23 Services Inc. Since April 2014, the City of Niagara Falls maintains the water and sewer  
24 billing and Niagara Falls Hydro Services Inc. has been dormant with respect to any  
25 affiliate transactions from NPEI.

26

1 **4.5.2 Corporate Cost Allocation**

2

3 NPEI does not have any corporate cost allocations other than the shared services noted  
4 above.

5

Exhibit 4: Operating Costs

---

**Tab 6 (of 10): Non-Affiliate, One-Time and  
Regulatory Costs**

# **PURCHASE OF NON-AFFILIATE SERVICES**

## **4.6 Purchase of Non-Affiliate Services**

NPEI purchases many services and products from third parties like other distributors. NPEI purchases equipment, materials and services in a cost effective manner with full consideration given to price as well as product quality, the ability to deliver on time, reliability, compliance with engineering specifications and quality of services. Vendors are screened to ensure knowledge, reputation, and the capability to meet NPEI's needs. The procurement of goods and services for NPEI is carried out with the highest of ethical standards and consideration to the public nature of the expenditures. To ensure that the Corporation receives the value for its money when purchasing a product or service, NPEI developed a purchasing policy which outlines the procedures to be followed by all employees of NPEI. In 2018, NPEI updated its purchasing policy which was approved by its Finance Committee and Board of Directors. The purchasing policy is attached as Appendix 4-2 Purchasing Policy.

The Purchasing policy includes signing authority levels and identifies which purchases that require a request for proposal ("RFP"). NPEI is fully compliant with its purchasing policy.

NPEI is a member of the Gridsmart City Cooperative (GSC) group which helps bridge the need for innovation and infrastructure renewal with the benefits of collaboration and cost efficiency. GSC provides an economy of scale that otherwise might not be achieved. Combined, the GSC customer base is close to 750,000 customers – the equivalent to the 4<sup>th</sup> biggest LDC in Ontario. Since 2016, NPEI has participated in various joint RFP's RFQ's, information sharing and networking sessions towards obtaining the best total costs for the company. Benefits of working as a purchasing team under the GSC banner includes:

- 1 • Leverage best practices;
- 2 • Shared resources and networking leads to increased efficiencies;
- 3 • Supports each other when short on supplies or sourcing new or hard to find
- 4 products or services;
- 5 • Provides a high level of transparency towards market pricing, material
- 6 availability.

7 GSC is currently working together on material standardization which will help reduce  
8 inventories and drive costs down with our distributors and manufacturers. GSC is also  
9 looking a standardized fleet purchases.

10

11 For 2020 and 2021, NPEI anticipates that many of the same vendors will be used as in  
12 prior years although it will continually search for new suppliers and materials to stay as  
13 cost efficient as possible to ultimately benefit NPEI's customers.

14

15 NPEI is a member of the Utility Standards Forum (USF). As a member of USF, NPEI  
16 learns best practices and methods for troubleshooting common challenges. It also  
17 provides the opportunity for sharing the cost of engaging subject matter experts and  
18 develop common templates, processes and tools. USF connects professionals in the  
19 engineering, IT and regulatory areas of NPEI's business.

1

## ONE TIME COSTS

### 2 4.6.2 One-time Regulatory Costs

3

4 NPEI considers the cost of preparing its Cost of Service Application as a one-time (albeit  
5 recurring) cost. This cost is incurred in the period prior to filing and is expensed over five  
6 years.

7

8 NPEI estimates the incremental one-time cost for filing its Cost of Service application is  
9 \$583,451. Details are provided in the Regulatory Cost section 4.6.3. The 2015 one-time  
10 costs were \$249,511 which represent the costs of preparing the Cost of Service  
11 application. The increase of \$333,940 relates to costs for an oral hearing and increased  
12 consultant costs related to an in-depth customer engagement project completed in 2020.  
13 The \$249,511 one-time costs were to be expensed over five years as NPEI was  
14 scheduled to file a Cost of Service rate application in August 2019 for rates effective May  
15 1, 2020. NPEI is requesting to align its rate year to its fiscal year in this 2021 COS  
16 application and as a result NPEI has recorded the balance at the end of 2018 in the  
17 amount of \$62,326 over 2019 and 2020.  
18

## REGULATORY COSTS

### 4.6.3 Regulatory Costs

NPEI has a Regulatory department consisting of a Director of Regulatory Affairs. The department is primarily responsible for rate applications, regulatory filings, audits, and ensuring regulatory compliance. Due to the complexity of rate filings, the Senior Vice-President of Finance and all members of the senior management team and various other members of the management team are involved with the preparation and analysis for the Cost of Service Application. As regulatory filings and guidelines continue to increase, NPEI has included an additional FTE to be hired in 2020 in the regulatory department. All staffing costs related to the Regulatory department are included in General Administration expenses, OEB main account 5610.

Regulatory Costs include: OEB Cost Assessments and Cost of Service expenses. The costs for the regulatory expenses are presented in Table 4.6.3.1.

**Table 4.6.3.1 – Regulatory Costs**

	2015 Board	2015	2021
	Approved	Actual	Test Year
OEB Annual Assessment	172,000	164,419	258,000
OEB Section 30 Costs	10,000	15,960	10,800
<b>Annual Regulatory expenses</b>	<b>182,000</b>	<b>180,379</b>	<b>268,800</b>

The filing requirement Appendix 2-M is included in Appendix 4-1 to this Exhibit.

### OEB Annual Cost Assessments

Regulatory expenses include annual cost assessment fees paid to the OEB for hearings, proceedings and other matters before the regulatory body. These costs have increased

1 from the Board approved amount of \$172,000 in NPEI's last COS application EB-2014-  
 2 0096. Since the increase to the Cost Assessment Model was announced in 2016, the  
 3 excess fees have been included in a deferral account as permitted by the OEB. In 2021,  
 4 the OEB Cost Assessment fee is now included in OM&A. The total OEB Cost  
 5 Assessment fee recorded to the deferral account is as follows: 2016 = \$58,785; 2017 =  
 6 \$66,209; 2018 = \$51,637 and 2019 = \$57,127.

7

8 **One-Time Costs – Cost of Service Application**

9

10 As part of this Application, NPEI will incur an additional \$583,451 of incremental  
 11 expenses in its preparation. Table 4.6.3.2 compares the cost of preparing the 2021  
 12 application to the 2015 application. These costs include the preparation of an Asset  
 13 Condition Assessment filed with the Distribution System Plan (DSP), customer  
 14 engagement initiatives, and regulatory and legal support required for the complexities  
 15 involved in preparing an application.

16

17 Regulatory expenses for 2021 include \$116,690 for NPEI's 2021 rate application, which  
 18 is one-fifth of the total cost to prepare the application. The rebasing budget for 2021 is a  
 19 one-time expense of \$583,451 that is or will be incurred in 2018-2020. The one-time  
 20 expense will be amortized over the five years, beginning in 2021.

21

22

**Table 4.6.3.2 – One-time Regulatory Costs**

23

	<b>2015 Board Approved</b>	<b>2015 Actual</b>	<b>2021 Test Year</b>

Exhibit 4: Operating Costs

---

**Tab 7 (of 10): LEAP, Charitable and Political  
Donations**

# 1           **LOW INCOME ENERGY ASSISTANCE PROGRAMS**

## 2           **4.7.1 Low Income Energy Assistance Programs (LEAP)**

3  
4           In 2008, the Ontario Energy Board started consultation with stakeholders to consider the  
5           need for, and the nature of, policies that could assist low-income energy consumers.  
6           Through that consultation, the OEB identified three components of a “Low-Income  
7           Energy Assistance Program”, that could assist low-income energy consumers better  
8           manage their bill payments and energy costs. These components are: (1) emergency  
9           financial assistance; (2) customer service rules; and, (3) targeted conservation and  
10          demand management programs. The LEAP EFA was last reviewed in 2014, but due to  
11          the planned implementation of the Ontario Energy Support Program (OESP), only  
12          administrative changes were made. On October 1, 2018, the OEB announced that the  
13          program is again up for review.

14  
15          The delivery of LEAP relies heavily on the cooperation between utilities and social  
16          service agencies. It is expected that as agencies screen, and assess applicants in need,  
17          that they may refer customers not only for LEAP, but also for customer service  
18          measures such as arrears management and/or conservation programs or the  
19          Affordability Fund Trust. NPEI has partnered with Project Share to assist in the LEAP  
20          program and is intended to provide emergency relief to eligible low-income customers  
21          who may be experiencing difficulty paying current arrears to NPEI.

22  
23          NPEI acknowledges that Account 6205 Donations is generally non-recoverable. NPEI  
24          has included LEAP donations in a sub-account of 6205. Since 2015, NPEI has provided  
25          \$37,166 per year to Project Share for LEAP funding. NPEI has included \$37,166 in its  
26          2020 Bridge Year and \$45,408 in the 2021 Test Year for LEAP funding and has included  
27          it as an OM&A recoverable expense. NPEI has calculated the 2021 Test Year as 0.12%  
28          of the 2021 COS Service Revenue Requirement which is detailed in Exhibit 6.

29

1 Table 4.7.1 below details the LEAP calculation for the 2021 Test Year. NPEI confirms it  
2 will update the LEAP calculation upon completion of the interrogatories and the  
3 settlement process.

4 **Table 4.7.1 – LEAP Calculation for 2021 Test Year**

5

2021 Service Revenue Requirement	37,840,392
	0.12%
LEAP expense	45,408

6

7

1

## **CHARITABLE AND POLITICAL DONATIONS**

### **2 4.7.2 Charitable and Political Donations**

3

4 NPEI confirms that it has not included the recovery of charitable donations for the  
5 purpose of setting rates, apart from the LEAP program, summarized in Exhibit 4, Tab 7,  
6 Schedule 1. NPEI has not historically made political donations and therefore confirms  
7 that no political donations are included for recovery in this application.

8

Exhibit 4: Operating Costs

---

**Tab 8 (of 10): Depreciation and Amortization and  
Depletion**

# OVERVIEW AND ASSET USEFUL LIFES AND DEPRECIATION POLICY

## 4.8.1 – Depreciation Overview

Capital assets related to the distribution system, administration building, land rights, and capital contributions are amortized on a straight line basis, applying the half-year rule in the year the addition is placed into service or acquired in the current year, over the deemed life of the assets. Depreciation of an asset begins in the year when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended.

Construction in progress assets are not amortized until the asset is complete and available for use.

Capital assets recorded in general ledger accounts 1915 to 1980 are recorded in a stand-alone fixed asset sub-ledger called Worth-it. The Worth-it software calculates depreciation on individual assets beginning in the first month after the asset is put into service. For example, a truck purchased and received in April would have depreciation calculated from May 1<sup>st</sup> forward until the asset was fully depreciated. There has been no change to the calculation of these assets in accounts 1915 to 1980 since the 2015 Cost of Service Application.

NPEI's policy regarding depreciable assets useful life was approved by NPEI's Finance committee and its Board of Directors in 2013. This accounting policy was required by the OEB effective January 1, 2013, and is consistent with the requirements of IFRS and MIFRS which began effective January 1, 2015. Since NPEI rebased in 2015, the transition from CGAAP to MIFRS was completed in the 2015 Cost of Service Application. NPEI confirms that the useful lives for its asset group's fall within the range allowed in the Board sponsored Kinectrics study. NPEI included Appendix 2-BB Service

1 Life Comparison – Table F-1 Kinectrics Report in Table 4.8.2-1 below and in Appendix  
2 4-1 of this Exhibit.

3

4 NPEI reviews its depreciable assets useful life each year with its Engineering  
5 department. Since 2015, no changes were made to its depreciable assets useful lives  
6 for depreciable assets.

7

8 NPEI does not have any Asset Retirement Obligations and therefore no associated  
9 depreciation has been recorded.

10

11 NPEI's accounting policy is to expense borrowing costs. NPEI does not capitalize  
12 interest on capital projects. NPEI does not have any capitalized borrowing costs in its  
13 historical capital asset costs and there are no capitalized borrowing costs in the  
14 forecasted 2020 Bridge Year or 2021 Test Year capital additions.

15

16 NPEI's Capitalization Policy is fully described in Exhibit 2.2.3 and is attached in  
17 Appendix 4-9 of this exhibit.

18

19 Table 4.8.1 is a summary of NPEI's depreciation expense for 2015 Board Approved,  
20 2015-2019 Actuals, 2020 Bridge and 2021 Test Years.

21

22

Table 4.8.1 – Summary of Depreciation Expense

USoA	Description	2015 Board Approved	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals	2020 Bridge Year	2021 Test Year
1611	Computer Software (Formerly known as Account 1925)	144,536	199,344	230,226	299,692	427,955	428,997	445,326	237,950
1612	Land Rights (Formally known as Account 1906)	57,034	57,099	57,099	57,099	57,099	57,099	57,099	57,099
1815	Transformer Station Equipment >50 kV (1708,1740,1745)	76,660	76,660	76,660	76,660	77,526	78,447	78,502	78,502

1 Required OEB Filing Appendix 2-C is attached in Appendix 4-1 of this Exhibit. NPEI confirms that  
2 depreciation shown in Appendix 2-C and the above Table 4.8.1 above are the same as shown in the  
3 OEB required Filing Appendix 2-BA.  
4

## 5 **4.8.2 - Depreciation Rates and Methodology**

### 6 7 **4.8.2.1 - Useful Lives and Componentization**

8  
9 The following outlines the depreciation practices used by NPEI in this Application and provides a  
10 summary of any changes since the last Cost of Service Application.  
11

12 As indicated previously, NPEI adopted the required accounting changes for depreciation and  
13 capitalization policies on January 1, 2013 which were included in NPEI's 2015 Cost of Service  
14 Application.  
15

16 NPEI's estimated useful lives (UL) were determined using the Kinectrics Useful Life Study. NPEI  
17 engaged a third party consultant, KPMG to facilitate discussions with NPEI's engineering team,  
18 operations, team, IT department and any other applicable resource with knowledge of the assets and  
19 their useful lives in order to determine a reasonable estimate of the true useful lives of the assets of  
20 NPEI. The range for asset life expectancy from the Kinectrics report was considered in the  
21 discussions, as well as local conditions, experiences with manufacturers, materiality and practices  
22 followed by NPEI, as well as additional factors that may shorten as asset's TUL such as frequency of  
23 road rebuilding projects. NPEI also considered its existing replacement strategy which may include  
24 the replacement of many asset components with varying useful lives. In these scenarios, NPEI  
25 determined which components would be replaced as a result of an overall project versus its individual  
26 useful life and the depreciation rate would be applied accordingly.  
27

28 Table 4.8.2-1 summarizes the fixed asset typical useful lives and depreciation rates for NPEI for the  
29 years 2015 to 2021. Required Filing Appendix 2-BB is shown in Appendix 4-1 of this Exhibit.

### 3 4.8.2.2 Depreciation Expense

4

5 In accordance with the Filing Requirements, NPEI has completed depreciation and amortization  
6 expense tables in accordance with Appendix 2C: Depreciation and Amortization Expense for the  
7 following years:

8

- 9 • 2015 Actuals MIFRS
- 10 • 2016 Actuals MIFRS
- 11 • 2017 Actuals MIFRS
- 12 • 2018 Actuals MIFRS
- 13 • 2019 Actuals MIFRS

- 1 • 2020 Bridge Year MIFRS
- 2 • 2021 Test Year MIFRS

3  
4 Appendix 2-C for each year is included in Appendix 4-1 of this Exhibit.

5  
6 During the 2015 annual audit, it was determined that the Amortization of the Capital Contributions &  
7 Grants were being amortized over 25 years. In consultation with NPEI's auditors, NPEI prepared a  
8 componentization of Account 1995 into the following categories, Overhead, Underground,  
9 Transformers, Meters and Smart Meters. The amortization of Capital Contributions are as follows:

- 10  
11 • Overhead Capital Contributions– 50 years
- 12 • Underground Capital Contributions– 35 years
- 13 • Transformers Capital Contributions – 40 years
- 14 • Meter Capital Contributions – 20 years
- 15 • Smart Meter Capital Contributions – 15 years

16  
17 The 2015 Cost of Service Application however, accounted for the amortization of Capital Contributions  
18 over 25 years. As a result, Other Revenue related to Capital Contributions from 2015 to present are  
19 less than the 2015 Board Approved.

20  
21 Material differences in Appendix 2-C for each year from 2015 to 2019 are related to the depreciation  
22 calculated for accounts 1915 (Computer Software-Account 1611) to 1980. Appendix 2-C calculates  
23 depreciation for half a year regardless of when the asset is purchased. For example, a truck  
24 purchased on December 15<sup>th</sup> would have six months depreciated under the pooling method calculated  
25 in Appendix 2C. NPEI uses a stand-alone software program called Worth-it which depreciates an  
26 asset beginning on the first day of the following month in which the asset is placed into service. As  
27 evidence to support the depreciation expense related to accounts 1915 to 1980, the Worth-it program  
28 detailed depreciation for the years 2015 to 2021 is attached in Appendix 4-8 of this exhibit. There are  
29 no other material differences in Appendix 2-C.

30  
31  
32

Exhibit 4: Operating Costs

---

**Tab 9 (of 10): Taxes or Payments in Lieu of Taxes  
(PILs) and Property Taxes**

# 1       **OVERVIEW OF PROVISION IN LIEU OF TAXES (PILS)**

## 2       **4.9.1 Overview of PILS**

3  
4       NPEI is subject to the payment of PILS under Section 93 of the Electricity Act, 1998, as  
5       amended. NPEI does not pay Section 89 proxy taxes and is exempt from the payment  
6       of income and capital taxes under the Income Tax Act (Canada) and the Ontario  
7       Corporations Tax Act. Table 4.9.1.1 below provides a summary of 2015 Board  
8       approved, 2015 through 2019 Actual income taxes included in audited statements, 2020  
9       Bridge Year estimate using current tax rates, and 2021 Tax Year income taxes based on  
10      the calculated regulatory net income. In this Application, NPEI's taxable income for the  
11      2021 Test Year amounts to \$1,239,942 before non-capital losses of previous tax years.  
12      NPEI is forecasting a non-capital loss carry forward balance of \$2,029,931 at the end of  
13      2020. As per Schedule 4 Loss Carry-Forward – Test Year, the Amount to be used in  
14      Test Year and Price Cap Years is \$1,239,942 and the number of year's loss until next  
15      cost of service is five (5). As a result, the non-capital loss to be used in the Test Year is  
16      \$247,988. After applying the non-capital loss of \$247,988 to the net income for tax  
17      purposes in the amount of \$1,239,942 on Schedule 1, the Regulatory Taxable Income  
18      for the 2021 Test Year is \$991,954. NPEI is requesting recovery of Income Tax  
19      (grossed-up) in the amount of \$334,085 in this Application. Income Tax (grossed-up)  
20      before applying the \$247,988 non-capital loss would be \$423,496.

21  
22      Table 4.9.1.1 below provides a summary of the 2015 through 2019 Actuals, and the  
23      2020 Bridge and 2021 Test Year PILS estimates. The historical year's balance  
24      represents the actual numbers per the general ledger which are a mix of year end  
25      provision estimates and prior year adjustments made when the tax returns were actually  
26      filed. The 2020 estimate is based on the rates prescribed by the Board in the Board's  
27      Income Tax/PILS Work form for 2020 Filers and as provided in Appendix 4-6. The OEB  
28      issued the 2021\_Test\_year\_Income\_Tax\_PILS\_20200520 model in May 2020. This  
29      model includes the change in the Ontario Small Business Rate from 3.5% to 3.2%

1 effective for both January 1, 2020 and January 1, 2021. NPEI has included the  
 2 2021\_Test\_year\_Income\_Tax\_PILS\_20200550 model in Appendix 4-14. The change in  
 3 the Ontario Small Business Rate had no impact on the 2021 Test Year PILS amount.  
 4 The 2021 Test Year PILS have been determined by applying substantively enacted 2018  
 5 rates against taxable regulatory income.

6  
 7  
 8 **Table 4.9.1.1 – Summary of PILS**  
 9

	2015 Board	2015	2016	2017	2018	2019	2020	2021
	Approved	Actuals	Actuals	Actuals	Actuals	Actuals	Bridge	Test (Grossed- Up)
Income Taxes (current)	109,157	859,182	(80,990)	307,340	457,677	(55,160)	0	334,085
Income Taxes (prior years)	0	0	(107,881)	(632,350)	(277,752)	408,979	0	0
<b>Total Taxes per G/L</b>	<b>109,157</b>	<b>859,182</b>	<b>(188,871)</b>	<b>(325,010)</b>	<b>179,925</b>	<b>353,819</b>	<b>0</b>	<b>334,085</b>

10  
 11  
 12 A copy of the 2018 Federal and Provincial (Ontario) tax return (with Notice of  
 13 Assessment) has been provided in Appendix 4-5. PILS amounts included in the 2019  
 14 financial statements are based on the estimates in the audited year-end financial  
 15 statements and will differ from the actual PILS return. The difference between actual  
 16 and estimate will be recorded in the 2020 financial statements. NPEI has also included a  
 17 redacted copy of the 2019 Actual tax return in Appendix 4-13.

18  
 19 NPEI has provided an additional live Excel model using the Board approved model –  
 20 “Income Tax/PILS Work Form – Version 1.10 labelled  
 21 *2020\_Test\_Year\_Income\_Tax\_PILS\_2018 Actuals only* to illustrate the continuity of  
 22 Schedule 8 CCA, Schedule 4 – Non-capital Loss carry forward and Schedule 13 –  
 23 Reserves and Schedule 1 from 2018 to 2019. This model includes the 2018 Actuals as  
 24 the Historical sheets and 2019 Actuals as the “Bridge Sheets”. The closing balances on  
 25 Schedule 8 CCA Bridge, Schedule 4 Loss Carryforward and Schedule 13 Reserves  
 26 agree to the opening balances on the *2020\_Test\_Year\_Income\_Tax\_PILS* excel file. A  
 27 PDF version of the *2020\_Test\_Year\_Income\_Tax\_PILS\_2018 Actuals only* is included in

1 Appendix 4-7, and a PDF version of the 2020\_Test\_Year\_Income\_Tax\_PILS is included  
 2 in Appendix 4-6.

3

4 A summary of the variances between the recorded amounts in the General Ledger and  
 5 the actual tax returns is shown below in Table 4.9.1.2.

6

7

**Table 4.9.1.2 – Variance of PILS to the General Ledger**

8

	2015 Actuals	2016 Actuals	2017 Actuals	2018 Actuals	2019 Actuals
Income Taxes (Actual)	830,843	33,082	14,838	65,891	55,160
Income Taxes (per G/L)	859,182	(188,871)	(325,010)	179,925	353,819
<b>Variance Return to G/L</b>	<b>(28,339)</b>	<b>221,953</b>	<b>339,848</b>	<b>(114,034)</b>	<b>(298,659)</b>

9

10

11 In 2018 the \$65,891 relates to the corporate minimum tax less the co-operative  
 12 education tax credit and the apprenticeship training credit. The income tax expense  
 13 recorded in the G/L is detailed in Note 10 of the 2018 Audited Financial Statements  
 14 included with the 2018 Income Tax return in Appendix 4-5. NPEI has included a  
 15 redacted version of the 2018 Income Tax return in Appendix 4-5. The names of the co-  
 16 operative and apprentices has been redacted for privacy reasons.

17

18 NPEI has used the most recent tax rates available at present for the 2020 Bridge Year  
 19 and 2021 Test Year, which are listed below:

20

- 21 • Small Business Deduction – 7.00%
- 22 • Federal Income Tax – 15.00%
- 23 • Ontario Income Tax – 11.50%
- 24 • Combined Income Tax – 26.50%

25

26 NPEI has calculated PILS using the Board approved model – “Income Tax/PILS Work  
 27 Form – Version 1.10 and has attached it as a live spreadsheet to this Application. A

1 summary of the calculation of Regulatory Taxable Income is provided in Table 4.9.1.3  
2 below.

3  
4  
5

**Table 4.9.1.3 – Taxable Income Calculation**

Description	T2 S1	2015 Board	2018	2019	2020	2021
		Approved				
<b>Determination of Taxable Income</b>						
Utility Income Before Taxes		5,206,576	4,658,497	3,311,849	3,976,153	5,791,971
<b>Additions to Accounting Income</b>						
Interest and penalties				38,282		
Amortization of tangible assets	104	5,034,074	7,449,739	7,818,837	8,224,182	8,442,650

Total Taxes		109,158	65,891	55,160	90,041	334,085

6  
7

8 The table presents the calculation of taxable income for the 2021 Test Year. Tax  
9 adjustments are made for both temporary and permanent differences and reserves. The  
10 most significant temporary differences included are:

- 1 • The difference between depreciation for accounting purposes versus capital cost  
2 allowance (CCA) for tax purposes; and
- 3 • The difference between accrual accounting and actual expenses from the  
4 financial statements for the Reserve related to the post-employment other  
5 employee benefits. The ending balances for Historical 2019, Bridge year 2020  
6 and the Test Year 2021 can be found on Schedule 13-Reserves and agree to the  
7 liability balances in the most recent 2019 Actuarial Valuation which is included in  
8 Appendix 4-3 of this Exhibit.

9

10 Table 4.9.1.4 below calculates the CCA for each of the Actual years from 2018 to 2019,  
11 the 2020 Bridge Year and 2021 Test Year. This table replicates Schedule 8 of the  
12 income tax return.

2

1 **4.9.1.4 Loss Carry forwards**

2

3 Table 4.9.1.4 below illustrates NPEI's Loss Carry forwards from 2015 to 2019. In 2015,  
 4 NPEI underwent a PILS audit related to the taxation years 2011 and 2012. The results  
 5 of this audit were to remove the monies from the 2014 taxation year related to the smart  
 6 meter rate adder and include these monies in the years they were received i.e. 2010,  
 7 2011 and 2012. NPEI file a Notice of Objection in March 2016. In April 2019, NPEI  
 8 received the decision related to the Notice of Objection. The result was to reverse the  
 9 MOF auditor's adjustments in 2011 and 2012 and restore 2014 to the original amount.  
 10 In 2018, NPEI underwent a PILS audit related to 2013 and 2014. Prior to the results  
 11 being finalized for the 2013 and 2014 audits, NPEI received the Decision related to the  
 12 Notice of Objection. NPEI was successful in applying the 2018 tax loss back to 2013,  
 13 2014 and 2015. The application of the losses back to 2013, 2014 and 2015 years is still  
 14 awaiting approval from the MOF. As per the 2018 Income Tax Return in Appendix 4-5 of  
 15 this Exhibit the Non-Capital loss carry-forward balance at the end of 2018 was  
 16 \$1,578,382. NPEI is waiting for approval from the MOF, however, the MOF auditor  
 17 provided NPEI with an adjusted Non-capital loss carry-forward balance of \$634,419 on  
 18 January 7, 2020. The \$634,419 balance was entered as the opening Non-capital loss  
 19 carry forward at the end of 2018.

20

21 **Table 4.9.1.4 Loss Carry Forwards 2015 to 2019**

22

	2015	2016	2017	2018	2019
	Taxation Year				
Opening Loss CF balance				943,963	634,419
Non-capital losses	0	202,647	1,685,379	2,610,148	1,395,512
Applied to 2013		(202,647)		3,554,111	2,029,931
Applied to 2015			(741,416)	(1,975,729)	
Non-capital loss carry forward					
Balance per Tax Return	0	0	943,963	1,578,382	2,029,931
Loss Carry back to 2014- approved by MOF February 24, 2020				(943,963)	
2018 Non-Capital loss carry forward Balance adjusted at February 24 2020				634,419	2,029,931

## HISTORICAL PILS

### 2 **4.9.2 Historical PILS**

3

4 NPEI has included the 2018 Income Tax return and the most recent 2018 Notice of  
5 Assessment date July 2, 2019 in Appendix 4-5. In Appendix 4-12 of this Exhibit, NPEI  
6 has included the 2015 OEB PILS model that was filed after the OEB's decision related to  
7 the adjustment to the WCA from 13% to 10.48%. The updated 2015 RRWF has also  
8 been included in Appendix 4-12. The updated 2015 OEB PILS model and 2015 RRWF  
9 were filed on April 25, 2016.

10

# TAX CREDITS

## 4.9.3 Tax Credits

NPEI takes advantage of tax credits where applicable to minimize taxes payable. Table 4.9.3.1 summarizes the tax credits for the historical years 2015-2019 Actuals. NPEI has forecasted tax credits of \$17,315 for the 2020 Bridge Year and \$13,400 for the 2021 Test Year. Every year, NPEI claims tax credits for co-op students and apprentices (both federal and provincial, where applicable). Each year, NPEI budgets these tax credits.

**Table 4.9.3.1 Tax Credits**

Tax Credit Type	2015 Board					
	Approved	2015	2016	2017	2018	2019
Federal Apprentice Tax Credit	6,208	19,799	0	0	0	0
Co-Op Tax Credit	0	3,000	0	0	9,000	0
Provincial Apprentice Tax Credit	74,795	74,788	66,678	57,210	22,166	13,589
<b>Total Tax Credits</b>	<b>81,003</b>	<b>97,587</b>	<b>66,678</b>	<b>57,210</b>	<b>31,166</b>	<b>13,589</b>
Federal Apprentice Tax Credit Carryovers		0	8,921	4,436	0	0

In 2015, NPEI had 8 apprentices where tax credits were claimed. In 2018, NPEI had 3 co-op employees and 6 apprentices being claimed for tax credits. In 2019, 2020 and 2021 Tax Year, NPEI has included 2 apprentices being claimed for tax credits.

The 2018, Income Tax return included in Appendix 4-5 is redacted for the employee's names listed in Schedules 550 and 552 to protect the privacy of these employees.

## **SUPPORTING SCHEDULES**

### **4.9.4 Supporting schedules for PILS**

#### **4.9.4.1 Additions and Deductions to accounting income**

The Additions to accounting income for the 2019 Historical Year, 2020 Bridge Year and 2021 Test Year include the following:

- Amortization of tangible assets-supporting schedule is Appendix 2-C in Appendix 4-1, Appendix 4-8 Worthit - Depreciation for accounts 1915 to 1980 and Appendix 4-9 - Depreciation Policy
- Non-deductible meals and entertainment – historical amounts for 2018 and 2019 were used to forecast 2020 Bridge Year and 2021 Test Year
- Donations are being claimed in the 2020 Bridge Year however no donations except for LEAP were included in the 2021 Test Year Revenue Requirement
- Reserves from financial statements- balance at end of year relate to the post-employment employee benefits. The supporting documentation is included in the Actuarial Valuation in Appendix 4-3 of this exhibit.

The Deductions to accounting income for the 2019 Historical Year, 2020 Bridge Year and 2021 Test Year include the following:

- Capital Cost allowance from Schedule 8 – the additions are supporting by Exhibit 2 of this application and agree to the OEB filing - Appendix 2BA included in Appendix 4-1 of this Exhibit.
- Reserves from financial statements- balance at beginning of year relate to the post-employment employee benefits. The supporting documentation is included in the Actuarial Valuation in Appendix 4-3 of this exhibit.
- Depreciation of capital contributions are supported by Exhibit 2 and Exhibit 3 of this Application and agree to the OEB filing - Appendix 2BA included in Appendix 4-1 of this Exhibit.

1 **4.9.4.2 Other Additions and Deductions**

2

3 In accordance with the filing requirements, NPEI has excluded Regulatory Assets and  
4 Liability balances from the additions/deductions to accounting income for both the 2020  
5 Bridge Year and 2021 Test Year.

# PROPERTY TAXES

## 4.9.5 Property Taxes

NPEI pays property taxes to the City of Niagara Falls, the Township of West Lincoln, the Town of Lincoln and the Town of Pelham. In addition, NPEI makes annual payments to the Ontario Electricity Financial Corporation for Payments in Lieu of Property Taxes. Property taxes for the 2015 Board approved, 2015 Actual to 2019 Actuals and the 2020 Bridge Year and 2021 Test Year are provided in Table 4.9.1 below.

**Table 4.9.5.1-Property Taxes**

	2015 Board	2015	2016	2017	2018	2019	2020	2021
	Approved	Actuals	Actuals	Actuals	Actuals	Actuals	Bridge Year	Test Year
City of Niagara Falls	188,312	165,288	209,925	148,919	145,898	146,066	148,058	173,486
Township of West Lincoln	80,000	79,850	81,687	71,852	69,556	67,759	68,000	74,360
Town of Lincoln	2,100	2,059	2,128	2,305	2,482	2,682	2,700	2,754
Town of Pelham	620	627	629	693	756	831	850	867
OEFC	16,200	16,197	15,947	16,731	18,699	11,384	11,400	11,628
<b>Total</b>	<b>287,232</b>	<b>264,022</b>	<b>310,316</b>	<b>240,499</b>	<b>237,392</b>	<b>228,723</b>	<b>231,008</b>	<b>263,095</b>

In the City of Niagara Falls, a large commercial mall closed in 2015. This mall is located across the street from NPEI's administration building. As a result, the market assessment for NPEI's administration building decreased in 2017 resulting in lower property taxes. In 2019, the mall (except for all stand-alone buildings) commenced demolition in preparation for a large retail store to be built in 2020. As a result, NPEI has increased the property taxes on the administration building in 2021 in anticipation of an increase in its market value assessment. NPEI has included an additional \$5,000 of property taxes related to the purchase of land in the Town of Lincoln for the future site of a new transformer station.

1       **NON-RECOVERABLE AND DISALLOWED EXPENSES**

2       **4.9.6 Non-recoverable and disallowed expenses for PILS**

3

4       There are no material other additions/deductions (i.e. greater than \$175,000) included in  
5       the historical, bridge or test year PILS calculations as per the PILS model included in  
6       Appendix 4-6. Net movement in regulatory assets/liabilities has been excluded in the  
7       2020 Bridge Year and 2021 Test Year as these reconciling items are excluded for the  
8       purposes of calculating PILS to determine rates as per the OEB filing requirements.

9

10       Donations are being claimed in the 2020 Bridge Year however, no donations except for  
11       LEAP were included in the 2021 Test Year Revenue Requirement.

12

# INTEGRITY CHECKS

## 4.9.7 Integrity checks

NPEI has completed the integrity checks for the following information as detailed in the filing requirements:

- The depreciation and amortization added back in the PILS model agree with the numbers disclosed in the rate base section of the Application.
- The capital additions and deductions in the USS/CCA Schedule 8 agree with the rate base section for the Historical, Bridge and Test Years.
- Schedule 8 of the 2018 most recent T2 tax return filed as at December 31, 2018 agrees with the opening 2018 Forecast Year UCC. NPEI confirms that there were no non-distribution tax amounts on Schedule 8 on the 2018 tax return. NPEI has included in Appendix 4-7 a copy of the OEB PILS model with the 2018 Actuals for Tab H0, H1, H4, H8 and H13 that will roll forward as opening balances for the 2019 Historical Tabs in the 2020 OEB PILS model.
- The CCA deductions in the PILS tax model for Historic, Bridge and Test Years agree with the numbers in the UCC schedules for the same years filed in the Application.
- The Loss Carry-forward from the 2018 tax year agrees to the tax return provided in Appendix 4-5 of this Exhibit. NPEI has included a discussion in the Application where the tax loss carry-forward balance will be utilized over the next 5 years, until the next Cost of Service Application.
- CCA is maximized even with NPEI's tax loss carry-forward.
- Post-retirement benefit obligations added back on Schedule 1, the reconciliation of accounting income to net income for tax purposes, agree with the amounts provided in the OM&A analysis for compensation. NPEI confirms the amounts on Schedule 13-Reserves agrees to the Actuarial Valuation provided in Exhibit 4-3.

- 1
  - 2
- The income tax rate used to calculate the tax expense is consistent with NPEI's actual tax facts and the evidence filed in the Application.

Exhibit 4: Operating Costs

---

**Tab 10 (of 10): Conservation and Demand  
Management**

# 1                   **LOST REVENUE ADJUSTMENT MECHANISM**

## 2           **4.10.1 Lost Revenue Adjustment Mechanism**

### 3 4           **Conservation and Demand Management**

5           All of NPEI's Conservation and Demand Management ("CDM") activity has been funded  
6           through programs contracted with the IESO. NPEI has not included any costs directly  
7           attributable to these CDM programs in its revenue requirement. CDM revenues are  
8           recorded in Account 4375 Revenues from Non-Utility Operations, and CDM expenses  
9           are recorded in Account 4380 Expenses from Non-Utility Operations.

10  
11          On March 20, 2019, the Minister of Energy, Northern Development and Mines issued a  
12          directive to the IESO that concluded the Conservation First Framework. Accordingly,  
13          NPEI has not included any CDM revenues or expenses in Account 4375 or Account  
14          4380 for the 2021 Test Year.

### 15 16          **Lost Revenue Adjustment Mechanism ("LRAM")**

17          On March 31, 2010, the Minister of Energy and Infrastructure issued a directive (the  
18          "Directive") to the OEB regarding electricity CDM targets to be met by licensed electricity  
19          distributors. The Directive required that the OEB amend the licenses of distributors to  
20          add, as a condition of license, the requirement for distributors to achieve reductions in  
21          electricity demand through the delivery of CDM programs over a four-year period  
22          beginning January 1, 2011.

23  
24          Section 12 of the Directive required that the OEB have regard to the objective that lost  
25          revenues that result from CDM programs should not act as a disincentive to a distributor.

26          On April 26, 2012, the OEB issued *Guidelines for Electricity Distributor Conservation and*  
27          *Demand Management* (2012 CDM Guidelines). In keeping with the Directive, the OEB  
28          adopted a mechanism to capture the difference between the results of actual, verified  
29          impacts of authorized CDM activities undertaken by distributors between 2011 and 2014,

1 and the level of activities embedded into rates through the distributors load forecast in an  
2 LRAM Variance Account (“LRAMVA”).

3 In December 2013, the Government of Ontario released its *Long-Term Energy Plan*  
4 (“LTEP”) that among other priorities encourages conservation and reinforces the policy  
5 of considering conservation first in planning processes. Under the LTEP, conservation  
6 will be used to lessen the need for new supply and demand-response initiatives will be  
7 used to meet peak demand requirements.

8  
9 Resulting from the LTEP, the Board received a Directive on March 31, 2014 from the  
10 Minister of Energy pursuant to sections 27.1 and 27.2 of the Act (altogether, the  
11 “Conservation Directive”) requiring the Board to take steps to promote CDM including  
12 amendments to the licences of electricity distributors and the establishment of CDM  
13 Requirement guidelines.

14  
15 On December 19, 2014, the OEB issued its *Conservation and Demand Management*  
16 *Requirement Guidelines for Electricity Distributors* (“2015 CDM Guidelines”), which  
17 continued the LRAM mechanism for CDM activities undertaken by distributors between  
18 2015 and 2020.

19  
20 On November 16, 2015, NPEI filed an application with the OEB (EB-2015-0328)  
21 requesting approval for the disposition of its LRAMVA account balance of \$482,804,  
22 relating to conservation program results for the period 2011-2014, based on a report  
23 prepared for NPEI by IndEco Strategic Consulting Inc. (“IndEco”). In a letter issued on  
24 November 27, 2015, the OEB decided it would hold a combined hearing for NPEI’s  
25 LRAMVA Application and NPEI’s 2016 IRM Rate Application (EB-2015-0090).

26  
27 In the EB-2015-0328/EB-2015-0090 Decision and Order, issued March 17, 2016, the  
28 OEB did not approve disposition of NPEI’s LRAMVA balance due to a generic issue that  
29 the IESO had identified, related to quantifying savings from demand response programs.  
30 The OEB intended to issue further guidance on LRAMVA following a stakeholder  
31 meeting to be held on March 31, 2016.

32

1 On May 19, 2016, the Board issued its *Report of the Ontario Energy Board – Updated*  
2 *Policy for the Lost Revenue Adjustment Mechanism Calculation: Lost Revenues and*  
3 *Peak Demand Savings from Conservation and Demand Management Programs*, in  
4 which the OEB determined that peak demand savings from demand response programs  
5 should not be included in LRAMVA results.

6  
7 NPEI engaged IndEco to update its 2011-2014 LRAMVA report to exclude demand  
8 response results, as well as incorporate an additional year of LRAMVA results for 2015,  
9 as the 2015 final verified CDM results had become available.

10 The updated 2011-2015 report identified additional LRAM revenue for 2015 of \$27,307,  
11 and a reduction to 2011-2014 LRAM revenue of \$18,006 for the removal of demand  
12 response savings.

13  
14 NPEI requested disposition of its 2011-2015 LRAMVA balance of \$496,934 in its 2017  
15 IRM Rate Application (EB-2016-0094). In the EB-2016-0094 Decision and Order, issued  
16 May 4, 2017, the OEB approved the disposition of NPEI's LRAMVA balance of  
17 \$496,934, to be collected through rate riders in effect from May 1, 2017 to April 30,  
18 2018.

19  
20 On March 20, 2019, the Minister of Energy, Northern Development and Mines issued a  
21 directive to the IESO that concluded the Conservation First Framework. All electricity  
22 CDM activity for the balance of 2019 and for 2020 will be centralized and administered  
23 by the IESO.

24  
25  
26 NPEI again engaged IndEco to prepare an LRAMVA report for 2016-2018, and complete  
27 the OEB's LRAMVA Workform. The IndEco report is included in Appendix 4-10 of this  
28 Exhibit. The OEB LRAMVA Workform is included as Appendix 4-11 of this Exhibit.

29  
30 As explained in the LRAMVA report, in calculating NPEI's 2016-2018 LRAM amounts,  
31 IndEco has incorporated the following:

- 32
- The IESO's 2011-2014 Final Results Report (for persistence savings).

- 1       • The IESO's Final 2015 Annual Verified Results Report – Annual Persistence (for  
2 persistence savings)
- 3       • The IESO's Final Verified 2016 Annual LDC CDM Program Results Report
- 4       • The IESO's Final Verified 2017 Annual LDC CDM Program Results Report
- 5       • The IESO's latest Participation and Cost Report, issued in April 2019
- 6       • The Streetlighting upgrade projects were undertaken as part of the Retrofit  
7 program, and energy savings were reported within the results of that program.  
8 Accordingly, the calculated kWh of savings has been manually removed from the  
9 Retrofit program results each year.

10 The IESO results files listed above are included as Appendix 4-4 of this Exhibit, and  
11 have also been filed in live Excel format.

12

13 In this current Application, NPEI is requesting approval for the disposition of its 2016-  
14 2018 LRAMVA total amount of \$828,864, which consists of a principal amount of  
15 \$778,151 plus carrying charges of \$50,713 (including projected carrying charges to  
16 December 31, 2020).

17

18 Table 4.10.1 provides a summary of NPEI's 2016-2018 proposed LRAMVA by rate  
19 class.

20

21

22

**Table 4.10.1 – Summary of Proposed LRAMVA Claim**

Rate Class	Principal	Carrying Charges	Total LRAMVA
Residential	362,535	24,651	387,186
GS < 50 kW	66,329	3,938	70,266
GS > 50 kW	259,890	16,137	276,027
Streetlighting	89,397	5,988	95,385
<b>Total LRAMVA</b>	<b>778,151</b>	<b>50,713</b>	<b>828,864</b>

23

24

25 Please refer to Exhibit 9 for the calculation of NPEI's recovery of the LRAMVA balance  
26 and corresponding rate riders.

## Appendix 2-D Overhead Expense

Applicants are to provide a breakdown of OM&A before capitalization in the below table. OM&A before capitalization may be broken down by cost center, program, drivers or another format best suited to focus on capitalized vs. uncapitalized OM&A.

OM&A Before Capitalization	2015 Historical Year	2016 Historical Year	2017 Historical Year	2018 Historical Year	2019 Historical Year	2020 Bridge Year	2021 Test Year
Operations	5,351,195	5,511,542	5,731,189	5,598,324	6,087,979	6,042,983	6,052,900
Maintenance	2,345,782	2,203,115	2,660,236	2,589,112	2,678,573	2,567,275	2,577,832
Billing and Collecting	5,283,210	5,295,777	5,620,257	5,717,281	5,966,076	6,406,032	6,792,581
Community Relations	82,819	99,714	161,253	132,561	133,276	129,200	102,200
Administration & General	6,234,765	6,795,960	6,759,615	6,690,845	6,969,193	7,374,878	7,900,998
<b>Total OM&amp;A Before Capitalization (B)</b>	\$ 19,297,771	\$ 19,906,107	\$ 20,932,551	\$ 20,728,124	\$ 21,835,098	\$ 22,520,366	\$ 23,426,511

Applicants are to provide a breakdown of capitalized OM&A in the below table. Capitalized OM&A may be broken down using the categories listed in the table below if possible. Otherwise, applicants are to provide its own break down of capitalized OM&A.

Capitalized OM&A	2015 Historical Year	2016 Historical Year	2017 Historical Year	2018 Historical Year	2019 Historical Year	Directly 2020 Bridge Year	2021 Test Year
Employee benefits	\$ 1,383,616	\$ 1,659,371	\$ 1,665,078	\$ 1,567,492	\$ 1,573,990	\$ 1,702,716	\$ 1,788,330
Fleet costs	\$ 1,040,714	\$ 1,100,217	\$ 999,035	\$ 1,140,037	\$ 1,102,302	\$ 1,194,259	\$ 1,254,171
initial delivery and handling costs							
costs of testing whether the asset is functioning properly							
professional fees							
costs of opening a new facility							
costs of introducing a new product or service (including costs of advertising and promotional activities)							
costs of conducting business in a new location or with a new class of customer (including costs of staff training)							
administration and other general overhead costs							
Insert description of additional item(s) and new rows if needed							
<b>Total Capitalized OM&amp;A (A)</b>	\$ 2,424,330	\$ 2,759,588	\$ 2,664,113	\$ 2,707,529	\$ 2,676,292	\$ 2,896,975	\$ 3,042,501
<b>% of Capitalized OM&amp;A (=A/B)</b>	13%	14%	13%	13%	12%	13%	13%

**Notes:**

- 1 Tables in the format outlined above covering all fixed asset accounts should be submitted for the Test Year, Bridge Year and all relevant historical years. At a minimum, the applicant must provide data for the earlier of: 1) all historical years back to the date of the Test Year or 2) at least three years of historical actuals, in addition to Bridge Year and Test Year forecasts.
- 2 The "CCA Class" for fixed assets should generally agree with the CCA Class used for tax purposes in Tax Returns. Fixed Assets sub-components may be used where the underlying asset components are classified under multiple CCA Classes for tax purposes. If an applicant uses any different classes from those shown in the table, an explanation should be provided. (also see note 3).
- 3 The table may need to be customized for a utility's asset categories or for any new asset accounts announced or authorized by the OEB.
- 4 The additions in column (E) must not include construction work in progress (CWIP).
- 5 Effective on the date of IFRS adoption, customer contributions will no longer be recorded in Account 1995 Contributions & Grants, but will be recorded in Account 2440, Deferred Revenues.
- 6 The applicant must ensure that all asset disposals have been clearly identified in the Chapter 2 Appendices for all historic, bridge and test years. Where a distributor for general financial reporting purposes under IFRS has accounted for the amount of gain or loss on the retirement of assets in a pool of like assets as a charge or credit to income, for reporting and rate application filings, the distributor shall reclassify such gains and losses as depreciation expense, and disclose the amount separately.

**Appendix 2-C  
Depreciation and Amortization Expense**

This appendix is to be completed in conjunction with the accounting instructions in Appendix 2-B

Scenario that applies	Applicable Years and Accounting Standard	Year Reflected in Schedule Below	Accounting Standard Reflected in Schedule Below
Rebasing for the first time with depreciation policy changes made in 2012. <input type="checkbox"/>	This appendix must be duplicated and completed for the years 2012 to 2021. The appendix for 2012 is to be completed under CGAAP (prior to changes in depreciation policies). The appendix for 2014 to 2012 must be completed under Revised CGAAP (after changes in depreciation policies). The appendix for 2014 to 2021 is to be completed under MIFRS (2014 if changes to MIFRS are material).		
Rebasing for the first time with depreciation policy changes made in 2013. <input type="checkbox"/>	This appendix must be duplicated and completed for the years 2013 to 2021. The appendix for 2013 is to be completed under CGAAP (prior to changes in depreciation policies). The appendix for 2013 to 2014 must be completed under Revised CGAAP (after changes in depreciation policies). The appendix for 2014 to 2021 is to be completed under MIFRS (2014 if changes to MIFRS are material).		
Already rebased with depreciation policy changes in a prior rate application or <input type="checkbox"/> rebasing MIFRS for the first time.	This appendix must be completed for 2014 to 2021. The appendix for 2014 is to be completed under Revised CGAAP (after changes in depreciation policies). The appendix for 2014 to 2021 is to be completed under MIFRS (2014 if changes to MIFRS are material).		
Already rebased under MIFRS in a prior rate application <input type="checkbox"/>	This appendix must be completed under MIFRS for each year for the earlier of: 1) all historical years back to its last rebasing; or 2) at least three years of historical actuals, in addition to Bridge Year and Test Year forecasts.	2015	MIFRS

**Corporate Cost Allocation**

Name of Company		Service Offered	Pricing Methodology	% of Corporate Costs Allocated	Amount Allocated
From	To			%	\$

**Note:**

1 This appendix must be completed in relation to each service provided or received for the Historical (actuals), Bridge and Test years. The required information includes:

**Type of Service:**

Services such as billing, accounting, payroll, etc. The applicant must identify any costs related to the Board of Directors of the parent company that are allocated to the applicant.

**Pricing Methodology:**

Pricing Methodology includes approaches such as cost-base, market-base, tendering, etc. The applicant must provide evidence demonstrating the pricing methodology used. The applicant must also provide a description of why that pricing methodology was chosen, whether or not it is in conformity with ARC, and why it is appropriate.

**% Allocation:**

The applicant must provide the percentage of the costs allocated to the entity for the service being offered. The Applicant must also provide a description of the allocator and why it is an appropriate allocator.

## **1. Corporate Statement for Purchasing**

Niagara Peninsula Energy Inc. will maintain an open and competitive process with respect to the purchase of goods and services. We will actively investigate new sources and methods of procurement to provide the most effective and efficient products and services that comply with ESA and other applicable regulatory agencies. We will also pursue beneficial cooperative purchasing with other utilities, the local municipalities and the Municipal Niagara Region.

## **2. Goals and Objectives for Departments**

To direct their activities towards the corporate statement, the goals and objectives of all departments in the purchasing of goods and services are as follows:

- provide clear, objective and approved specifications for all significant purchases,
- assist in identifying potential sources for purchases,
- develop and maintain reliable sources of supply,
- obtain a minimum of three competitive bids where possible and practical,
- negotiate major contracts,
- recommend sole source justification in accordance with the policies,
- select successful bidders and suppliers based on written quotations, bids and proposals,
- designate persons authorized to approve expenditures and their expenditure limits within their department,
- review purchases upon delivery to ensure compliance with specifications,
- comply with the approved purchasing policies and procedures of the corporation,
- ensure the timely and efficient procurement of quality goods and services for the needs of the corporation,

- create and ensure standards of quality, safety and compatibility in the procurement of goods and services,
- standardize to reduce the kinds of goods used by the corporation to the smallest number practical to meet the needs of the departments,
- use the concepts of lowest overall cost (material and labour) and lowest life cycle cost when purchasing products and services

### **3. Definitions**

"Goods and services" shall include all supplies, materials, equipment, major tools, general maintenance and service contracts, subscriptions, publications, consultants' services, and construction contracts and shall not include the purchase or sale of land or buildings.

"Value" of a lease or rental shall be determined by multiplying the monthly payment by the number of months contained in the lease.

"Purchase Requisition" is a written request for goods or services purchased. It is prepared by the department head or manager and is sent to the Company's Purchasing department. The Purchase requisition should include item description, specifications, quantity, general ledger account number, work request number, project number and details and supporting documentation if sole source procurement is being used.

"Purchase Order" is a buyer generated document that authorizes a purchase transaction. When accepted by the seller, it becomes a contract binding on both parties. A purchase order sets forth the descriptions, quantities, prices, discounts, payment terms, date of performance or shipment, other associated terms and conditions, and identifies a specific seller. A purchase order may only be issued by the Company's Purchasing Manager, Director of Finance or Senior Vice President of Finance.

"Request for Proposal": A request for proposal (RFP) is an invitation for suppliers, through a bidding process, to submit a proposal on a specific commodity or service. It is a process in which the issuing authority surveys vendors to solicit competitive bids on products and services. An RFP should include information about the company and project as well as questions that elicit differences among competing companies. An RFP should also solicit cost quotes that allow for the determination of both initial and ongoing costs of the product or service. The information requested includes Pricing, Basic corporate information and history, Financial information, Technical capability,

Product information such as stock availability and estimated completion period or delivery date, Customer references that can be checked to determine a company's suitability.

"Non-Inventory Goods" is a product that is purchased or sold but whose quantity is not tracked. A non-inventory purchase may also include services.

#### **4. Environmentally Sound Procurement Policy**

Wherever we can influence the life cycle of goods and services, departments shall apply the reduce, reuse, recycle and recover methodology, to reduce our environmental impact.

#### **5. Responsibility**

Purchasing Department representatives or departmental purchasing authorities.

#### **6. Reference**

NPE-F-201 Records Management  
NPE-OP-201 Corrective/Preventive Action and Continual Improvement

#### **7. Review of Needs Prior to Sourcing Goods and Services**

It is the policy of Niagara Peninsula Energy Inc. to ensure that:

Specifications are available and identified prior to a purchase being made;  
Purchase orders and purchase order changes are processed by the Purchasing Department or departmental purchasing authority;  
Purchase orders are awarded only to approved suppliers;  
Purchases conform to specified requirements.

##### **a) Requirement Assessment**

Prior to purchase, product/service requirements are determined and specified on the **Purchase Requisition**. Requisitioners assess requirements with consideration to the following:

Product reliability;

Longevity;  
Past history of product/service (as indicated by previous performance, noncompliances or feedback from users or other corporations);  
Price;  
Quality;  
Inherent safety features;  
Data or information provided by their supervisor and/or a health & safety representative regarding product/service health & safety concerns or requirements;  
Product replacement parts should be equivalent or superior in quality to those of the OEM (Original Equipment Manufacturer).

***b) CSA Standards***

Niagara Peninsula Energy adheres to the standards set forth by the CSA in reference to any and all materials that we, as a company, purchase and issue for use and protection in our electrical distribution system.

**8. Personal Protective Equipment (PPE) and Certified Equipment**

Niagara Peninsula Energy is dedicated to providing maximum protection for our employees in the working environment. Our company purchases, and will only purchase, certified safety equipment that meets the standards of our governing authority. Suppliers are required to submit CSA or equivalent standard codes, or related information on each product that assures they meet the requirements set forth by our governing authority. Products and/or equipment that DO NOT meet, or are in question, are immediately quarantined for either disposal, or decision from our governing authority if use can be continued.

**9. Evaluation and Selection of Suppliers**

Suppliers are evaluated and selected by one or more of the criteria described below. Product and/or service applications often dictate that multiple selection criteria be met by the potential supplier. Circumstances and individual department requirements may apply additional selection criteria as indicated in applicable departmental manuals.

The organization controls any suppliers procured for outsourcing by imposing on them the same requirements that the organization itself must fulfill.

Supplier evaluation results and subsequent actions are documented. Records of assessment are created prior to addition of the supplier to the Approved Supplier Inventory and prior to placing an order.

**a) Performance Based**

Suppliers of products and services may be approved on the basis of their previous delivery and quality performance.

**b) Vendors of Record**

The Corporation maintains a listing of Vendors of Record that have met specific qualifications. This list is reviewed at least annually and is maintained by the purchasing department. See Appendix A for criteria, terms and conditions for Vendors of Record.

**c) Supplier Audits**

The Purchasing Department representatives or departmental purchasing authorities may audit suppliers. The audit's purpose is to ensure that the supplier's manufacturing, quality and health & safety practices satisfy the organization's requirements.

Survey audit reports are prepared and retained on file.

**d) Review of Supplier Data**

The organization may approve a supplier based upon a review of the supplier product technical data, contract terms and conditions, published information, or through discussions with customer references provided by the supplier.

**e) Client-Specified Supplier Requirements**

The organization may use suppliers specified by their clients as long as the products do not contravene statutory or regulatory requirements.

Departmental purchasing authorities or Purchasing Department representatives normally perform the assessment of suppliers. Input from other organizational personnel is obtained as required. Records of the assessments are produced. Individual departments maintain records of supplier assessment along with other supplier performance information.

**f) *Approved Supplier Inventory***

An Approved Supplier Inventory is maintained by the Purchasing Department for use in purchasing products and services for the organization.

**g) *New Suppliers***

The addition of new suppliers, and removal of existing suppliers, is authorized by the Finance Department with input provided by the Purchasing Manager. When consulting and auditing organizations are being assessed, the Management Representative participates and has the final authority for the approval.

Applicable purchasing departmental authorities notify the Purchasing Department of additions to the Approved Supplier Inventory.

**10. Inventory Review**

The Approved Supplier Inventory is reviewed and updated annually as a minimum. Each department notifies the Purchasing Department of any additions or modifications to the Inventory in order to maintain its master list of approved suppliers.

With input from each department, the Purchasing Department and/or the Quality Assurance Representative monitor supplier nonconformances and limitations, and as necessary, initiates appropriate action with identified suppliers.

Suppliers failing to provide acceptable product or services are removed from the Approved Suppliers Inventory.

**11. Nonconforming Products**

Each department monitors its nonconformances on a regular basis and nonconformances or limitations (particularly numerous ones) related to purchased product or service are communicated to Purchasing through the CPI process in accordance with Corrective/Preventive Action and Continual Improvement, NPE-OP-201.

Following evaluation of this data, the Approved Supplier's Inventory is reviewed and updated as necessary.

## 12. Purchasing Process

Purchasing activities are conducted in accordance with purchasing practices established by the organization. Departmental Manuals may have extra requirements to meet their specific needs.

The purchasing process includes the following phases and inputs as identified in figure 1 below.

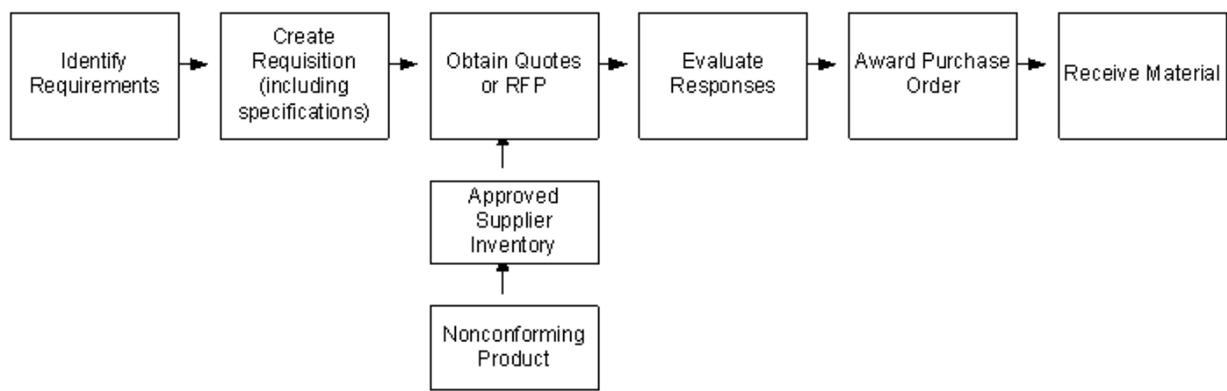

Figure 1, Purchasing Process

Departmental authorities identify their purchasing needs.

## 13. Purchase Requisition and Purchase Order (Non- Inventory)

A purchase requisition is required for Budgeted purchases of goods or services >\$5,000 and for Non-Budgeted purchases of goods or services >\$2,500, except for expenditures identified in Appendix B. The exceptions can be signed by the President/CEO and designate.

- **At least three competitive quotations** shall be obtained where the expenditure is to exceed \$10,000, except as noted under sole source procurement or under emergency situations written requests for quotation or request for proposal.
- All expenditures in excess of \$100,000 will be subject to a sealed request for proposal process whereby the subject requests for proposal will be opened and reviewed by the Purchasing Manager and the Department Vice President or Senior Vice President.

The purchase requisition starts the procurement process and is used to acquire materials, supplies, equipment or services.

The requisitioning department is responsible for providing all supporting documents such as specifications, sole source justification, a complete G/L number, work request number, project number if applicable and appropriate approval(s).

Departments should anticipate their requirements to allow adequate lead-time for request for proposal/quotation, order processing and product delivery. Item descriptions should be complete and accurate to allow buyers to bid the requirements expeditiously.

Once the Purchase requisition is completed and signed off by the appropriate authority and the vendor is selected from the Request for Proposal (RFP) process, if applicable, or quotations if applicable, the Purchasing Manager will prepare and issue the purchase order. In the absence of the Purchasing Manager, the Director of Finance or Senior Vice President of Finance or designate may issue the purchase order.

A purchase order is required for all purchase requisitions >\$5,000 for Budgeted goods or services and >\$2,500 for Non-Budgeted goods or services.

The purchasing authority may allow verbal requisitions for routine purchases such as those identified under a blanket purchase order. Verbal orders to the supplier are identified and recorded through the use of a **Purchase Requisition, Stock Requirements** form or by equivalent means.

The departmental purchasing authority obtains purchase order numbers or blanket purchase orders from the Purchasing Department and processes the requisitions as appropriate.

The departmental purchasing authority is responsible for ensuring that approval of the supplier and product are obtained prior to making the purchase.

Copies of records created or obtained by the department such as **Purchase Requisitions** or receiving documentation such as packing slips and Bills of Lading are approved by department management and forwarded to the Purchasing Department.

#### **14. Purchases Authority**

See Appendix C for Budgeted and Non-Budgeted purchase authority for both Operational and Capital expenditures.

- any computer hardware or software that is part of the corporate information systems, must be approved by the Vice President of Information Services in addition to Appendix C. The Vice President of Information Services shall be

consulted and must approve software systems that integrate data from the corporate information system or feed data into the corporate information system. The Vice President of Information Services will ensure all hardware, software and system services' purchases meet NPEI's Cyber Security Policy.

- In the event a purchase should cause the budget line item to be overspent by more than 10%, the purchase must be approved by the Senior Vice President of Finance, provided the amount is found elsewhere within the department budget.
- No transfers of budget funds from capital expenditures to operating expenses to be undertaken unless approved by the President and the Senior Vice President of Finance. Unusual circumstances will require Board approval.

### **15. Emergency Purchases**

The President/CEO or a Senior Vice President may authorize expenditures in the case of an emergency to restore service or maintain continuity of service to customers. Competitive quotations are not required in this circumstance.

### **16. Professional Services**

At times the Company will require access to professional services on an intermittent or temporary basis. Professional services consist of specialized intellectual or creative expertise based on personal skills or ideas of an individual(s) that are provided for a fee, which may be determined individually within each customer for each service contract. Purchases \$50,000 and over, a competitive process (RFP) must be used select a service provider. For purchases under \$50,000, the department may request that Purchasing conduct an RFP process or the department may document some other credible basis for contractor selection, basis for pricing and assurance that price is reasonable. See Appendix B for a listing of professional services.

### **17. Purchase Order Approval Levels for Inventory**

The Purchasing Manager is authorized to approve a purchase order for inventory items up to the amount of \$100,000 to an individual vendor. An order shall not be split into two separate purchase orders to avoid going to the next level for approval.

The Senior Vice President of Finance, or the Senior Vice President of Asset Management, or the Senior Process Improvement Manager or the President/CEO must approve purchase orders in excess of \$100,000 for inventory items. The Purchasing Manager must co-sign, along with the requisitioner, any purchase order in excess of \$100,000 to ensure the purchase is in compliance with the purchasing policy.

Inventory levels are to be maintained at the lowest possible level to reduce stock on hand, yet still meet the needs of the Corporation to have material on hand when required.

A purchase order is required for all inventory purchases.

All inventories must have an Equipment Approval Sheet that has been approved by a P.Eng.

### **18. Purchases when only one Bid/Quotation is Received**

When only one bid is received on a Request for Proposal (RFP), a decision will be made by the Senior Vice President of Asset Management the Senior Vice President of Finance or the President/CEO as to whether the bid shall be opened or returned to the bidder unopened. The Purchasing or user department shall investigate the rationale for receiving only one (1) bid. If a new bid call is deemed appropriate, it should be due to a change in the specification, which may have limited bid participation.

### **19. Written Requests for Quotations/Requests for Proposals**

The Purchasing department is responsible for obtaining all written quotations, issuing all requests for proposals for goods and services other than construction services that are requested by Engineering. Any non-inventory goods over \$100,000 and all vehicle purchases shall be subject to request for proposals.

The Purchasing department may, in consultation with the Senior Process Improvement Manager, contact other bidders other than the apparent lowest bidder for the purpose of seeking information, conducting interviews or requesting clarification of their submission.

### **20. Procedure in the calling and opening of sealed requests for proposal**

Requests for proposal shall be opened in the presence of three witnesses, who will consist of the President /CEO, Senior Vice-President of Finance, Senior Vice-President of Asset Management or their designates, and the Purchasing Manager or his designate. Any other authorized Corporation member desiring to be present at the opening of the requests for proposal may attend.

Requests for proposal shall state that the requests for proposal will be received not later than 2:00 p.m., local time on a specified day.

The Purchasing Manager shall not reveal pricing information pertaining to sealed requests for proposals and quotations, to any of the bidders concerned. Provided, however, that if any bidder deems it desirable to do so, he may apply to the President/CEO, who may order that such pricing information be revealed to him.

### **21. Awarding of Requests for Proposal**

The awarding of the requests for proposal will be in favour of a bidder meeting specifications, terms and conditions of the request for proposal and whose request for proposal offers the lowest ultimate cost to the Corporation for the goods, equipment or services with due consideration of the importance of delivery, quality, service and price. The Corporation reserves the right to reject any, or any part of or all proposals and also reserves the right to award a contract to other than the bidder submitting the lowest total acquisition cost.

### **22. Confidentiality of Bids/Quotations/Proposals**

In accordance with fair and sound business practice, all information supplied by vendors in their bid, quotation or proposal will be held in strict confidence.

### **23. Late Bids/Quotations/Proposals**

Late submissions will not be considered and shall be returned to the Vendor unopened.

### **24. Errors in Bids/Quotations/Proposals**

Vendors are responsible for the accuracy of their quoted prices, in the event of an error between a unit price and its extension, the unit price will govern. Quotations may be amended or withdrawn by the vendor up to the closing date and time. Any amendments or withdrawals shall be in writing by the signing officer of the vendor.

### **25. Conditions to purchase by negotiations**

The Purchasing Manager may, under one of the following conditions, purchase by negotiating with one or more sources or bidders. Under the following cases the requirements for inviting requests for proposal and formal quotations may be waived.

- The goods or services are in short supply due to market conditions and in the judgment of the Purchasing Manager;
- Two or more identical bids have been received;
- All bids received failed to meet the specifications and/or request for proposal terms and conditions and it is impractical to recall requests for proposal or formal quotations;
- Certain professional services which require specialized technical knowledge to ensure compliance with structural, civil, environmental, or other regulatory standards, or which are critical to the Corporation's information technology support systems.

## **26. Sole Source Procurement**

Sole source items require detailed documentation from the requisitioning department to justify their purchase and to ensure that the cost charged by the vendor is reasonable. Sole Source Suppliers may be used in the following instances:

- When goods and services can be obtained only from one (1) person or firm,
- The expertise of an individual organization or individual is deemed to specifically required by the Corporation,
- When competition is precluded because of the existence of patent rights, copyrights, secret processes, control of raw material or other such conditions,
- When it is the only product or service that has been approved by the Corporation for use in the distribution system,
- When the procurement is for electric power or energy, gas, water or other utility services where it would not be practical to allow a contractor other than the utility company itself to work upon the system,
- When the procurement is for technical services in connection with the assembly, installation or servicing of equipment of a highly technical or specialized nature,

- When the procurement is for parts or components to be used as replacements in support of equipment specifically designed by the manufacturer,
- The contractor is already at work on the site (based on an existing Purchase Order) and it would not be practical to engage another contractor, or
- Specific Health and Safety items as approved by the Manager of Loss Prevention.

The President/CEO and/or Senior Vice President of Asset Management and/or Senior Vice President of Finance must approve all sole sourced procurements. The requisitioning department must prepare an explanatory memorandum for the Senior Vice President of Finance.

### **27. Demonstration Equipment and Sample Material**

Vendors who supply demonstration equipment or sample material to departments must be advised by the department to provide their own insurance coverage. If the department is interested in purchasing the demonstration equipment or sample material, the standard purchasing and safety procedures must be followed.

### **28. Approvals for Construction and Alterations to Physical Space**

Prior to all requisitions for construction, renovation or alteration to physical space at Corporate facilities all purchases for goods and services require the review of the Department Vice President and final approval by the Senior Vice President of Asset Management and President/CEO.

### **29. Emergency Order**

An emergency shall be defined as any situation which, if not corrected immediately, would result in a hazard to persons or property, create improper working conditions could result in damage to buildings or facilities, would result in a violation of law, statute or ordinance established by governmental regulation, or in any other fashion, if not acted upon, would be seriously detrimental to the interest of the Corporation or its customers.

Failure to anticipate a need is not considered a valid emergency. Emergency orders are generally used for extremely urgent repairs.

The President/CEO or a Senior Vice President may authorize any expenditure in the case of an emergency.

If an emergency purchase is made by a department during non business hours, all supporting documentation must be forwarded to the appropriate approval authority the next business day, in order that a Purchase Order, if required, may be issued to the vendor.

### **30. Processed by Purchasing Department**

The Purchasing Department representatives obtain quotations or requests for proposal from approved suppliers. The requisitioner, with input from the Purchasing Department, reviews the responses, decides on the purchases to be made, ensures that selected purchasing options are identified and selects the supplier. Approval of the **Purchase Requisition** is obtained from the appropriate approval authority. The Purchasing Manager will issue purchase orders as appropriate and provide a copy of the purchase order to the departmental purchasing authority as appropriate.

Departmental purchasing authorities ensure that selected purchasing options are identified to the Purchasing Department for inclusion on the purchase order or referenced documents. Approval of the **Purchase Requisition** is obtained from the appropriate departmental approval authority. The Purchasing Department places the contract award and provides a copy of the purchase order to the departmental purchasing authority.

Notes: The organization does not normally perform product verification at their supplier's premises. Product verification is conducted at the Receiving Inspection stage as defined in applicable departmental Inspection Procedures, Receiving Inspection Lists and Quality Plans. Where product verification is required to be performed at the supplier's premises, the verification will be identified on the purchase order.

Customer verification of subcontracted product will be permitted only where contracted. Verification of product by the customer shall not absolve the organization of the responsibility to provide acceptable product, nor shall it preclude subsequent rejection by the customer.

### **31. Purchase Order Cancellation or Modification**

Changes in a previously issued Purchase Order must be made by a purchase requisition. This does not apply where the goods and services are being provided under

a contract that contains provisions for the issuance of change orders in which case the terms of that contract shall govern the process.

The changes may refer to price, quantities, terms and conditions, delivery point, etc. As a result of these or any other changes, the accounting information may change. Cancellation of Purchase Order or minor changes must be communicated to the purchasing department via email or in writing.

A purchase requisition is generated by the requisitioning department with comments explaining the need for the change. For larger contracts or complicated changes a letter or memorandum may need to be sent to Purchasing department.

Cancellation or modification of purchase orders may only be made by the Purchasing Manager or Senior Process Improvement Manager.

### **32. Leases/Lease Purchase and Rental Agreement**

The policies governing the purchase of goods and services shall also apply to lease and rental agreements. A Corporate Officer must sign all forms of Leases, Lease Purchases or Rental Agreements for the procurement of equipment on behalf of the Corporation. Regardless of the time period involved in these agreements, a formal Purchase Order will be issued (except for car rentals when traveling.) Departments should fully describe the equipment to be leased and indicate the proposed term. (i.e. number of months or years).

An analysis will be made to determine the economic soundness of whether the goods should be leased or purchased in cooperation with the Senior Vice President of Finance.

### **33. Terms and Conditions**

Terms and conditions governing the purchase of goods and services are printed on the Corporation's Purchase Order that is sent to vendors. When a separate contract is required a copy of the contract must be sent to Purchasing (either hard copy or electronically) in order for the requisition to be processed into a purchase order. Multiple requisitions against one contract will not require subsequent copies of the contract.

### **34. Computer Equipment and Software**

Departments requiring the acquisition of computer and peripheral computer equipment and software shall contact the Information Services Department (IS) for instruction,

research, assistance in system configuration and approval. IS shall prepare the appropriate specifications for use in obtaining competitive pricing.

### **35. Receipt of Goods and Services**

Verification and processing of shipments from vendors and the receipt of proper documentation such as freight bills, bills of lading, packing slips containing the purchase order number, shipping orders or other documentation are the responsibility of the department receiving the goods.

Services from contractors or vendors shall be verified and processed by the department responsible for the service.

Copies of records obtained by the department during receiving are signed by department management and forwarded to the Purchasing Department.

Records created or received during the activities of this process are filed and maintained in accordance with *Records Management*, NPE-F-201.

### **36. Damages, Shortages, Mistakes in Shipping**

In the case of visible damage or shortage of goods received a written notation must be made on the carrier's delivery receipt **at time of delivery**. A copy of this delivery receipt shall be directed to the Purchasing Manager for follow up with the vendor.

In case of concealed damage or shortage of shipment, the goods should be set aside and a written notation concerning the damage/shortage made on the packing slip and **reported immediately** to the **Purchasing Department**, including the following details: Purchase Order number, date, vendor and extent of damage or shortage. Claims to vendors must be filed immediately. Failure to comply may result in the claim being denied.

### **37. Local Preference**

The Corporation will award proposals for goods and services by giving preference to vendors located in the regions where the Corporation serves its customers, when in all other respects, proposals are equal and there is no material difference in cost.

### **38. Conflicts of Interest**

Acquisitions from a business in which an employee or family member has an interest, is prohibited unless full disclosure of the background facts are presented in writing to the Senior Vice President of Finance.

### **39. Code of Conduct for Corporation Employees**

Niagara Peninsula Energy Inc. employment policies outline a code of conduct that applies to all employees and their business relations with individuals and organizations that conduct business with the Corporation.

### **40. Confidentiality and Right to Audit**

All contracts for goods and services in which the contractor will or may have access to confidential information shall contain the Corporation's confidentiality and right to audit clauses. (Privacy Policy of the Corporation)

### **41. Personal Purchases by Employees**

Pricing arrangements negotiated by the Corporation may be made available to employees of the corporation at the discretion of a Corporate Officer. However, any such purchase by staff shall be invoiced directly to the staff member. No personal purchases made by an employee shall be included on any invoice to the Corporation regardless of whether the employee reimburses the Corporation for the cost.

### **42. Charge Accounts**

No credit card or charge accounts, other than those sponsored by the Corporation (e.g., the Visa Purchasing Card) can be opened.

### **43. Purchasing of Goods and Services from Employees**

NPEI will not purchase goods and services from an employee, retiree, or member of the Board.

### **44. Stock Audit**

A physical inventory of stock items shall be taken annually in the last quarter of each year. The Purchasing Manager, Director of Finance and Senior Process Improvement Manager will organize and arrange these stock audits and prepare a reconciliation report for the Senior Vice-President of Finance.

The Purchasing Manager and Store keeper will periodically perform a physical count of inventory goods. Excess or surplus inventory goods may be transferred or otherwise disposed of with the approval of the Senior Vice President of Finance.

### **45. Purchasing Hazardous Materials**

#### **a) Ordering Procedure**

Make a note of supervisor requesting product and location(s) in the plant where product will be used.

Check the S.D.S. inventory list to see if product is presently on-site. If product is on-site and there is a current S.D.S available - Go to Purchasing Procedure.

If product IS NOT on-site presently:

- Contact the supplier and ask if the product is a WHMIS controlled substance.
- If the product is WHMIS controlled ask the supplier to tell you which WHMIS classifications the product is controlled under.
- Request that the supplier provide a copy of the S.D.S.
- Produce copies of the S.D.S. for the order originating supervisor, supervisors in other locations where product will be used and for the receiving supervisor. These copies will be employed by the supervisors to make their employees aware of the products hazard before it arrives on-site.
- Specific Personal Protective Equipment to suit the products hazards will be ordered and received on-site before the arrival of the product.

#### **b) Purchasing Procedure**

When placing an order for a product presently on-site:

Notify the supplier that the product will be returned if it is not labelled according to WHMIS legislation.

When placing an order for a controlled product which is not presently on-site:

Request that the supplier forward a current S.D.S. with the shipment.  
Notify the supplier that the product will be returned if it is not labelled according to WHMIS legislation.

Upon receipt of the S.D.S. and the product, purchasing will produce copies of the Data Sheet and distribute them for inclusion in the S.D.S. inventory list.

### **c) Receiving Procedure**

Supervisor will review with all appropriate receiving personnel, the S.D.S., which arrived electronically from the supplier.

Receiving personnel will check all products entering the site, to ensure that WHMIS labels are affixed and that an S.D.S. has arrived with the order.

Receiving personnel will return unlabelled products and products not accompanied by an S.D.S. to the supplier.

Receiving will be responsible for affixing WHMIS labels to controlled products they accept, which are not labelled properly from the supplier.

### **d) Training Procedure**

The order originating supervisor will review the products hazards with their employees, using the supplied S.D.S. as a guide, before the product arrives on-site.

Other supervisors, who will have the product in their areas, will review the supplied S.D.S. with their personnel, before the product enters the area.

The receiving supervisor will review the S.D.S. with his personnel before the product arrives on-site and before his employees make initial contact with the product.

Training records shall be forwarded to Human Resources in a timely manner.

### **e) Personal Protective Equipment (PPE) Procedure**

Personal Protective Equipment requirements for hazardous materials will be developed jointly by Purchasing and the Joint Health & Safety Committee.

Specific personal protective equipment for each hazardous material will be ordered by Purchasing and received and distributed by Receiving before the product(s) arrive on-site.

Employees who will be working in proximity to a hazardous material, will be trained, by their respective supervisor in the use, care and cleaning of Personal Protective Equipment required in their workplace.

#### **46. Records/Forms**

- i) ***Purchase Requisition***
- ii) ***Stock Requirements*** form
- iii) Quotes/Request for Proposal
- iv) Correspondence
- v) Purchase Orders and Order Changes
- vi) Training Records

## **APPENDIX A**

### **Qualifications for High Voltage Overhead Construction Approved Contractor**

1. Provide a copy of your Health & Safety Policy
2. Provide a copy of your verification of I.H.S.A. membership in good standing

3. Acknowledgement of the requirement to provide a certificate of insurance naming Niagara Peninsula Energy Inc. as additional insured for \$5,000,000 if performing work for NPEI
4. Provide a current Neer or Cad-7 Rating (MAP)
5. Provide a current W.S.I.B. Clearance Certificate (Maintain Bi-Monthly)
6. A complete list of your workers, their competencies and training dates Minimum requirements include:
  - 1) First Aid, CPR
  - 2) WHMIS
7. Proof of qualification and training certificates for:
  - 1) Certified as a Journey person Power Line Worker in Ontario or if under Competent supervision the worker must be registered in the Apprenticeship Training Act and have successfully completed the second year of the Power Line Worker apprenticeship
  - 2) Work Area Protection
  - 3) TCP (Traffic Control Person) Training
  - 4) Utility Work Protection Code Training (2 day course)
8. All courses as given by I.H.S.A. or an equivalent safety association
9. Certification of Aerial Devices & tested tools and equipment as per overhead specifications
10. A record of inspection for any crane or similar hoisting device that will be used to perform work
11. A copy of CVOR certificates for all vehicles
12. A copy of the workers valid drivers license and certification for operating any crane or hoisting device if applicable
13. A copy of Registration of Constructors and Employers Engaged in construction
14. Minimum of two references from customers
15. A contact name and mailing address to which Requests for Proposals can be sent

### **Qualifications for Pole Testing Approved Contractors**

1. Provide a copy of your Health & Safety Policy
2. Acknowledgement of the requirement to provide a certificate of insurance naming Niagara Peninsula Energy Inc. as additional insured for \$5,000,000 if performing work for NPEI
3. Provide a current Neer or Cad-7 Rating (MAP)
4. Provide a current W.S.I.B. Clearance Certificate (Maintain Bi-Monthly)
5. A complete list of your workers, their competencies and training dates
6. Minimum requirements include:
  - 1) First Aid, CPR
  - 2) WHMIS
7. Proof of qualification and training certificates for the distribution system inspector must have a Journeyman Lineman Trade Certificate or 4 years of verifiable experience as a distribution system inspector
8. Minimum of two references from customers
9. A contact name and mailing address to which Requests for Proposals can be sent

## **Qualifications for Electricians & Misc. Services Approved Contractors**

1. Provide a copy of your Health and Safety Policy.
2. Acknowledgement of the requirement to provide a certificate of insurance naming Niagara Peninsula Energy Inc. as additional insured for \$5,000,000 if performing work for NPEI
3. Provide a current Neer or Cad-7 Rating (Accident Frequency Record)
4. Provide a current W.S.I.B. Clearance Certificate (to be maintained every 2 months)
5. A complete list of your workers, their competencies and training dates Minimum requirements include:
  - 1) First Aid, CPR
  - 2) WHMIS
6. All courses as given by I.H.S.A. or an equivalent Safety Association
7. Minimum of two references from customers
8. A contact name and mailing address to which Requests for Proposals can be sent

## **Qualifications for Tree Trimming Construction Approved Contractor**

1. Provide a copy of your Health & Safety Policy
2. Provide a copy of your verification of I.H.S.A. membership in good standing
3. Acknowledgement of the requirement to provide a certificate of insurance naming Niagara Peninsula Energy Inc. as additional insured for \$5,000,000 if performing work for NPEI
4. Provide a current Neer or Cad-7 Rating (or MAP)
5. Provide a current W.S.I.B. Clearance Certificate (every 2 months)
6. A complete list of your workers, their competencies and training dates Minimum Requirements include:
  - First Aid, CPR
  - WHMIS
7. Proof of qualification and training certificates for:
  - a. Safety in Line Clearing Operations
  - b. Work Area Protection
  - c. TCP (Traffic Control Person) Training
  - d. Utility Work Protection Code Training (1/2 day course)
8. All courses as given by I.H.S.A. or endorsed by I.H.S.A. as an equivalent training course
9. Certification of Aerial Devices & tested tools and equipment as per overhead specifications
10. A Record of Inspection for any crane or similar hoisting device that will be used to perform work
11. A copy of CVOR certificates for all vehicles
12. A copy of the workers valid drivers license and certification for operating any crane or hoisting device if applicable

13. A copy of Registration of Constructors and Employers Engaged in construction
14. Minimum of two references from customers
15. A contact name and mailing address to which Request for Proposals can be sent

### **Qualifications for Civil Contractors Approved Contractors**

1. Provide a copy of your Health and Safety Policy.
2. Provide a copy of your verification of I.H.S.A. membership or CSAO membership in good standing
3. Acknowledgement of the requirement to provide a certificate of insurance naming Niagara Peninsula Energy Inc. as additional insured for \$5,000,000 if performing work for NPEI
4. Provide a current NEER or Cad-7 Rating (Accident Frequency Record)
5. Provide a current W.S.I.B. Clearance Certificate (to be maintained every 2 months)
6. A complete list of your workers, their competencies and training dates.
7. Minimum requirements include:
8. First Aid, CPR
9. WHMIS
10. Proof of qualification and training certificates for:
11. TCP (Traffic Control Person) Training
12. Confined Space
13. All courses as given by IHSA or an equivalent Safety Association
14. A record of inspection on any crane or hoisting device that will be used to perform the work
15. A copy of CVOR certificates for all vehicles (including certification for backhoes, trailers, etc.)
16. A copy of the workers valid drivers license and certification for operating any crane or hoisting device if applicable
17. A copy of Registration of Constructors and Employers Engaged in Construction
18. Minimum of two references from customers
19. A contact name and mailing address to which the Request for Proposal can be sent.

### **Vendors of Record Terms and Conditions**

Vendors of record will be assessed on the following:

Product reliability;

Longevity;

Past history of product/service (as indicated by previous performance, noncompliance's or feedback from users or other corporations);

Price;

Quality;

Inherent safety features;

Data or information provided by their supervisor and/or a health & safety representative regarding product/service health & safety concerns or requirements;

Product replacement parts should be equivalent or superior in quality to those of the OEM (Original Equipment Manufacturer).

Delivery performance

References from other corporations

## **APPENDIX B**

### **Professional Services and Exclusions from Purchase Requisition Process**

#### **Professional Services**

Legal  
Audits  
Engineering consulting  
Architectural  
Equipment specific maintenance  
Courier

#### **Exclusions from Purchase Requisition process**

Petty Cash  
Government Remittances - HST  
Regulatory fees/Intervener payments/Cost Awards  
Taxes, PILS, & Property taxes  
Water payments to City and payments to PWS  
Interest on Debt  
Dividend payments  
CDM and customer refunds  
Payroll remittances - WSIB, EHT, Dues, OMERS, Mearie, Manulife, Benevolent fund  
Software maintenance fees for GP, Harris and GIS  
Mileage, Hotel, Meals, Airfare for employees  
Conferences and Seminars  
Mandatory training - lineman training, WHIMIS  
Postage  
Telephone/Fiber services  
Meter reading  
Fuel  
Enbridge Gas  
Scada Services  
Locates  
Professional services  
Leap funding/Scholarship payments/sponsorships  
Membership fees - Chamber, ESA etc  
Load transfers  
Safety awards  
Answering service  
Retailer Payments  
Powerbills

## APPENDIX C Purchase Authority

### Budgeted and Non-Budgeted Purchases – Operations and Engineering

#### Excluding Facilities

<u>Operational Expenses</u>		<u>Capital Expenses</u>		Requisitioner	Approval Required	Purchase Requisition	3 Quotes or RFP	Purchase Order
Budgeted Amount	Non-Budgeted Amount	Budgeted Amount	Non-Budgeted Amount					
Up to \$1,000	Up to \$500	N/A	N/A	Supervisor	Supervisor	Not Required	Not Required	Not Required

## EXECUTIVE SUMMARY

### Purpose

RSM Canada Consulting LP was engaged by Niagara Peninsula Energy Inc. (the "Corporation") to perform an actuarial valuation of the post-retirement non-pension benefits sponsored by the Corporation and to determine the accounting results for those benefits for the fiscal period ending December 31, 2019. The nature of these benefits is defined benefit.

This report is prepared in accordance with the International Financial Reporting Standards ("IFRS") guidelines for post-retirement non-pension benefits as outlined in the International Accounting Standard 19 – Employee Benefits ("IAS 19").

The most recent full valuation was prepared as at January 1, 2017 based on the assumptions chosen by management at that date and in accordance with IAS 19.

The purpose of this valuation is threefold:

- i) To determine the Corporation's liabilities in respect of post-retirement non-pension benefits at December 31, 2019;
- ii) To determine the defined benefit costs to be recognized for fiscal year 2019; and
- iii) To provide all other pertinent information necessary for compliance with IAS 19.

Note that all monetary figures in this report are rounded to the nearest hundreds of dollars and summated figures in this report may not match total figures due to rounding.

The intended users of this report include the Corporation and its auditors. This report is not intended for use by the plan beneficiaries or for use in determining any funding of the benefit obligations.

Included in the Appendix attached hereto are detailed accounting schedules containing the results of the valuation.

## SECTION A — VALUATION RESULTS

Section A.1 shows the key valuation results compared to previous year's figures projected from the most recent full valuation as well as a breakdown between active and retired individuals and type of benefit.

Section A.2 shows the sensitivity of the valuation results to certain changes in assumptions. We have shown an increase/decrease in the health and dental claims cost trend rates by 1% per annum and an increase/decrease in the discount rate by 1% per annum.

Section A.3 shows the development of changes in the present value of defined benefit obligation as a result of the re-measurement at December 31, 2019.

## Valuation Results

### Section A.1—Valuation Results

Results from the actuarial valuation as at December 31, 2019 compared to previous year's figures projected from the most recent full valuation:

	December 31, 2018	December 31, 2019
<b>Present Value of Defined Benefit Obligation (PV DBO)</b>	<b>4,020,800</b>	<b>4,780,200</b>

	CY 2018	CY 2019
Current Service Cost	127,800	133,100
Past Service Cost	-	239,400
Interest Cost	133,700	137,100
<b>Defined Benefit Cost Recognized in Income Statement</b>	<b>261,500</b>	<b>509,600</b>
Actuarial (Gain)/Loss	-	458,900
<b>Defined Benefit Cost Recognized In OCI</b>	<b>-</b>	<b>458,900</b>
<b>Defined Benefit Cost</b>	<b>261,500</b>	<b>968,500</b>

The following table provides results from the actuarial valuation as at December 31, 2019 broken down by active (including LTD) and retired individuals and type of post-retirement non-pension benefit:

Dec. 31, 2019 PV DBO	Actives (incl. LTD)	Retirees	Total
Life	625,900	1,018,500	1,644,400
Health	1,263,500	967,500	2,231,000
Dental	474,100	366,100	840,200
HCSA	-	64,600	64,600
<b>Total</b>	<b>2,363,500</b>	<b>2,416,700</b>	<b>4,780,200</b>

## Sensitivity Analysis

### Section A.2—Sensitivity Analysis

	Dec. 31, 2019 PV DBO	Difference	% Difference
Base Assumptions	4,780,200		
Cost Trends +1%	5,086,900	306,700	6%
Cost Trends -1%	4,510,500	(269,700)	-6%
Discount Rate +1%	4,204,500	(575,700)	-12%
Discount Rate -1%	5,509,000	728,800	15%

Management's best estimate assumptions are those outlined in *Section C – Summary of Actuarial Method and Assumptions* in this report.

## Development of Changes in the Present Value of Defined Benefit Obligation

### Section A.3—Development of Changes in the Present Value of Defined Benefit Obligation

PV DBO at December 31, 2018	4,020,800
2019 Current Service Cost	133,100
2019 Benefit Payments	(209,100)
2019 Interest Cost	137,100
<b>Expected PV DBO at December 31, 2019</b>	<b>4,081,800</b>
2019 Past Service (Gain)/Cost	239,400
<b>Expected PV DBO at December 31, 2019 (after Past Service Cost)</b>	<b>4,321,200</b>
Actuarial (Gain)/Loss at December 31, 2019	458,900
<b>PV DBO at December 31, 2019</b>	<b>4,780,200</b>

The increase indicated above of \$458,900 in the PV DBO from the expected PV DBO at December 31, 2019 is due to the re-measurement of the liability; a breakdown of the changes is as follows:

Change in composition of active and retiree data (actual experience different from expected)	394,600
Change in assumptions:	
Discount Rate	304,100
Claim Cost Trend	59,700
Withdrawal	41,300
Mortality Improvement Table	14,000
H/D Claims Cost	(354,800)
<b>Total Actuarial (Gain)/Loss at December 31, 2019</b>	<b>458,900</b>

Pursuant to IAS 19, the re-measurement of the PV DBO at December 31, 2019 based on the changes in the assumptions and experience is recognized immediately in other comprehensive income at December 31, 2019.

The past service cost noted above represents the changes to the benefit provisions since the last valuation, resulting in an increase of the liability of approximately, \$239,400 due to a change in the managements retention policy.

Pursuant to IAS 19, past service costs are recognized immediately in income in the period in which they occur.

## SECTION B — PLAN PARTICIPANTS

Section B.1 sets out the summary information with respect to the plan participants valued in the current valuation compared to those valued in the previous valuation.

Section B.2 reconciles the number of participants in the previous valuation to the number of participants in the current valuation.

## Participation Data

### Section B.1—Participant Data

Membership data as at September 30, 2019 was received from the Corporation and included information such as name, gender, age, date of hire, current salary, benefit amounts and other applicable details for all active employees and people in receipt of benefits.

The Corporation has indicated that one member's status will be changed from Active to Terminated between September 30 and December 31. Adjustment has been made to reflect the change. Although the data provided reflected status and benefit information as at September 30, no other changes in status and other member data occurring from September 30 to December 31 are expected to be material to the valuation results.

We have reviewed the data and compared it to the data used in the previous valuation for consistency and reliability for use in this valuation. The main tests of sufficiency and reliability that were conducted on the membership data are as follows:

- Date of hire prior to date of birth;
- Ages under 18 or over 100;
- Abnormal levels of benefits and/or premiums; and
- Duplicate records

In addition, the following tests were performed:

- A reconciliation of statuses from the prior valuation to the current valuation;
- A review of the consistency of individual data items and statistical summaries between the current and prior valuations; and
- A review of the reasonableness of changes in such information since the prior valuation.

	January 1, 2017	September 30, 2019
<b>Active, Disabled and Dependent Employee Count</b>		
Male	78	81
Female	48	50
<b>Total</b>	<b>126</b>	<b>131</b>

**Comments:** The reconciliation includes the board of directors and Directors/Executives

## SECTION C — SUMMARY OF ACTUARIAL METHOD AND ASSUMPTIONS

### Actuarial Method

The aim of an actuarial valuation of post-retirement non-pension benefits is to provide a reasonable and systematic allocation of the cost of these future benefits to the years in which the related employees' services are rendered. To accomplish this, it is necessary to:

- make assumptions for discount rates, mortality, and other decrements;
- use these assumptions to calculate the present value of the expected future benefits; and,
- adopt an actuarial cost method to allocate the present value of expected future benefits to the specific years of employment.

The Defined Benefit Obligation and Current Service Cost were determined using the projected benefit method, pro-rated on service. This is the method stipulated by IAS 19. Under this method, the projected post-retirement benefits are deemed to be earned on a pro-rata basis over the years of service in the attribution period. IAS 19 stipulates that the attribution period commences on the date when service by the employee first leads to benefits under the plan (whether or not the benefits are conditional on further service) and ends on the date when further service by the employee will lead to no material amount of further post-retirement non-pension benefits under the plan, other than from further salary increases.

For each employee not yet fully eligible for benefits, the Present Value of the Defined Benefit Obligation (PV DBO) is equal to the present value of expected future benefits multiplied by the ratio of the years of service to the valuation date to the total years of service in the attribution period. The Current Service Cost is equal to the present value of expected future benefits multiplied by the ratio of the year (or part) of service in the fiscal year to total years of service in the attribution period.

The PV DBO at December 31, 2019 is based on membership data as at September 30, 2019 (with adjustments to reflect estimated changes to occur from October 1 to December 31, 2019) and management's best estimate assumptions established for calculations as at December 31, 2019.

For health and dental benefits, the Corporation has selected the premium rates charge to retirees as management's best estimate of the benefits costs to be incurred. The total monthly premium rates, inclusive of premium taxes, used are as follows:

Effective Period	Group*	Health Single	Health Family	Dental Single	Dental Family
January 1, 2017 – December 31, 2017	All	\$ 200.63	\$ 475.68	\$ 76.17	\$ 185.35
January 1, 2020 – December 31, 2020	Class 3, 4, 5, 6, 10	\$ 209.70	\$ 497.07	\$ 77.03	\$ 187.43
	Class 1, 2, 9	\$ 213.47	\$ 506.00	\$ 77.03	\$ 187.43

\* Class 1 – Hourly Active; Class 2 – Retirees; Class 3 – President Active; Class 4 – Supervisors Active; Class 5 – Board of Directors Active; Class 6 – Qualifying Retention Supervisors; Class 9 – Supervisors Retired; Class 10 – Qualifying Retention Board

The rates above are at the 100% level and prior to any cost-sharing provisions under the plan.

## Management’s Best Estimate Assumptions

The following are management’s best estimate economic and demographic assumptions for calculations as at December 31, 2019.

### Economic Assumptions

#### Discount Rate

The rate used to discount future benefits is assumed to be 3.00% per annum as of December 31, 2019. This rate reflects the Corporation’s expected projected benefit cash flows for post-retirement non-pension benefits and the market yields on high quality bonds at the time of preparing the valuation.

The assumption used in the previous valuation was 3.50% per annum as at January 1, 2017.

#### Salary Increase Rate

The rate used to increase salaries is assumed to be 3.30% per annum. This rate has been chosen by the Corporation’s management and reflect the expected Consumer Price Index adjusted for productivity, merit and promotion and for company-specific information.

This salary increase rate assumption remains unchanged from the previous valuation .

#### Claims Cost Trend Rate

The rates used to project benefits costs into the future were chosen based on a research paper published by the Canadian Institute of Actuaries – *Model of Long-Term Health Care Cost Trends in Canada* - dated March 2018.

The following table provides a sample of the health and dental trend rates used in the valuation and the assumptions used in the previous valuation:

Year	Current Valuation	
	Health	Dental + Vision
2020	4.20%	4.50%
2025	5.30%	5.60%
2030	5.30%	5.30%
2035	4.60%	4.60%
2040 and thereafter	4.00%	4.00%

Year	Previous Valuation	
	Health	Dental
2020	5.47%	4.50%
2021	5.23%	4.50%
2022	4.99%	4.50%
2023	4.74%	4.50%
2024 and thereafter	4.50%	4.50%

## Demographic Assumptions

### Mortality Table

The mortality tables used are as per the Canadian Institute of Actuaries Canadian Pensioners' Mortality Pension Experience Subcommittee final report dated February 11, 2014 (CIA Report). More specifically, the Canada Pensioners Mortality ("CPM") Table Public Sector (CPM2014 PUBL) has been used with the generational projection of mortality improvement based upon the CPM-B 2014, 2-dimensional mortality improvement scale.

The mortality improvement assumption for the previous valuation was the CPM-B 2014, 1-dimensional table.

### Rates of Withdrawal

Termination of employment is assumed to be in accordance with the following withdrawal table:

Age Bucket	Current Valuation	Previous Valuation
18 – 29	3.50%	3.50%
30 – 34	2.00%	2.50%
35 – 39	1.65%	2.15%
40 – 49	1.30%	1.75%
50 – 54	0.95%	1.40%

### Retirement Age

All active employees are assumed to retire at age 60 (or immediately if currently over age 60). For employees who meet the minimum service requirement to be eligible for post-retirement benefits between ages 60 and 65, the retirement age will be extended to this date.

This assumption remains unchanged from the previous valuation.

### Disability

No provision was made for future disability and it is assumed that disabled employees remain disabled until retirement at age 65.

This assumption remains unchanged from the previous valuation.

## Other Assumptions

### Family/Single Coverage

The following assumptions were chosen for the current valuation and are unchanged from the previous valuation:

- Coverage Type at Retirement (i.e. family, single) – The employee's coverage type at the valuation date will remain the same until the employee reaches the assumed retirement age.
- Spousal Gender – For employees with family coverage, the retiree has a spouse of the opposite gender at the date of retirement.
- Spousal Age Offset – Male spouses are assumed to be three years older than female spouses

### Expenses and Taxes

For health and dental coverage, the above premium rates are inclusive of expenses and taxes and therefore no additional assumptions regarding expenses is required.

For Health Care Spending Account benefits, we have assumed a utilization rate of 100% for all eligible employees. Eligible single retirees are entitled to annual credits of \$500, while eligible family retirees are entitled to annual credits of \$1,000.

For life coverage, it is assumed that 10% of the accrued benefit obligation reflects the cost of sponsoring and administering the program for life insurance. No additional information is available regarding the costs for the life insurance program.

These assumptions remain unchanged from the previous valuation.

## SECTION D — SUMMARY OF POST-RETIREMENT BENEFITS

The following is a summary of the plan provisions that are pertinent to this valuation, based on information provided by and discussions with the Corporation.

Details of the retention policy provisions which were introduced in 2017 for management can be found in confidential documents which were provided by the Corporation for our valuation purposes.

### Eligibility

All employees hired prior to January 1, 2007 are eligible for post-retirement life insurance coverage. All employees hired after January 1, 2007 are not eligible for post-retirement life insurance coverage.

All employees who retire from the Corporation from age 55 to age 65 with a minimum of 20 years of active service at the time they retire are eligible for the post-retirement health and dental benefits. Terminated employees are not eligible for the post-retirement health and dental benefits.

### Participant Contributions

For employees hired prior to January 1, 2007, the Corporation shall pay 100% of the cost of the post-retirement life, health and dental benefits for the eligible retirees.

For employees hired after January 1, 2007, the Corporation shall pay 55% of the cost of the post-retirement health and dental benefits for the eligible retirees.

### Past Service

Past service is defined as continuous service prior to joining the plan if the participant was employed by another electrical distribution company prior to joining the Corporation.

### Length of Service

Length of service is defined as continuous service from the date of hire to the valuation date, measured in years and months.

## Summary of Benefits

### Life Insurance

Upon retirement, all employees are entitled to post-retirement life insurance benefits, as per the MEARIE plan, based upon the following table:

Plan Option	Amount of Coverage	Eligibility
A	Flat \$2,000.	Employee retires with less than 10 years of service in the Plan.
B, C1	50% of final annual earnings, reducing by 2.5% of final annual earnings each year for 10 years, to a final benefit equal to 25% of final annual earnings.  Reduction occurs on the anniversary date of retirement.	Employee retires with 10 or more years of service in the Plan and was hired before June 16, 1989.  or  Employee was insured under the superseded plan and elected coverage under option 2, 3, or 4, or employee was not insured under the superseded plan.
C2	50% of final annual earnings.	Employee was insured under the superseded plan and was hired on or after May 1, 1967 and elected coverage under option 1 only.
C3	70% of final amount insured under the life plan immediately prior to retirement.	Employee was insured under the superseded plan and was hired before May 1, 1967 and elected coverage under option 1 only.

### Health and Dental Benefits

Eligible employees are entitled to post-retirement health and dental benefits to age 65. Coverage for health and dental benefits continues to the dependents of a deceased pensioner until the pensioner would have turned age 65.

Benefits with regards to the retention policy provisions for management can be found in the confidential documents which were provided by the Corporation for valuation purposes.

A detailed description of the health and dental benefits covered under the post-retirement non-pension benefits plan can be found in benefit information booklets provided to employees.

## ACTUARIAL CERTIFICATION

An actuarial valuation has been performed on the post-retirement non-pension benefit plans sponsored by Niagara Peninsula Energy Inc. (the "Corporation") as at December 31, 2019, for the purposes described in this report.

In accordance with the Canadian Institute of Actuaries Consolidated Standards of Practice General Standards, we hereby certify that, in our opinion, for the purposes stated in the Executive Summary:

1. The data on which the valuation is based is sufficient and reliable;
2. The assumptions employed, as outlined in this report, have been selected by the Corporation as management's best estimate assumptions (no provision for adverse deviations) and we express no opinion on them;
3. All known legal and constructive obligations with respect to the post-retirement non-pension benefits sponsored by and identified by the Corporation are included in the calculations; and
4. This report has been prepared, and our opinions given, in accordance with accepted actuarial practice in Canada.

We are not aware of any subsequent events after the date of completing this valuation that would have a significant effect on the valuation results contained herein.

The latest date on which the next actuarial valuation should be performed is December 31, 2022. If any supplemental advice or explanation is required, please advise the undersigned.

Respectfully submitted,

**RSM CANADA CONSULTING LP**

**Stanley Caravaggio, FSA, FCIA**  
Director

Toronto, Ontario

## SECTION E — EMPLOYER CERTIFICATION

### Post-Retirement Non-Pension Benefit Plan of Niagara Peninsula Energy Inc. Actuarial Valuation as at December 31, 2019

I hereby confirm, as an authorized signing officer of the administrator of the Post-Retirement Non-Pension Benefit Plan of Niagara Peninsula Energy Inc. that, to the best of my knowledge and belief, for the purposes of the valuation:

- i) The membership data summarized in Section B is accurate and complete;
- ii) The assumptions upon which this report is based as summarized in Section C, are management's best estimate assumptions and are adequate and appropriate for the purposes of this valuation; and
- iii) The summary of Plan Provisions in Section D is an accurate and complete summary of the terms of the Plan in effect on December 31, 2019.

## Appendix 4-4

IESO Final Verified Results for 2016, 2017, 2018, and part of 2019

saveONenergy™

### Message from the Vice President:

The IESO is pleased to provide the enclosed 2011-2014 Final Results Report. This report is designed to help populate LDC Annual Reports that will be submitted to the Ontario Energy Board (OEB) in September 2015.

#### 2011-2014 Conservation Framework Highlights:

- LDCs have made significant achievements against dual energy and peak demand savings targets. Collectively, the LDCs have achieved 109% of the energy target and 70% of the peak demand target.
- Momentum has built as we transition to the Conservation First Framework. 2014 demonstrated an achievement of over 1 TWh of net incremental energy savings, positioning us well for average net incremental energy savings of 1.2 TWh required in the new framework to meet our 2020 CDM targets.
- Throughout the past framework, program results have become more predictable year over year as noted in the increasingly smaller variance between quarterly preliminary results and verified final results.
- Customer engagement continued to increase in both the Consumer and Business Programs. Between 2011 - 2014 consumers have purchased over 10 million energy efficient products through the saveONenergy COUPONS program. Customers in RETROFIT continue to declare a positive experience participating in the program with 86% likely to recommend.
- saveONenergy has seen a steady and significant increase in unaided brand awareness by 33% from 2011-2014
- Conservation is becoming even more cost-effective as programs become more efficient and effective. 2014 proved early investments in long lead time projects will pay off with the high savings now being realized in programs like PROCESS & SYSTEMS and RETROFIT. Within 4 cents per kWh, Conservation programs continue to be a valuable and cost effective resource for customers across the province.

The 2011-2014 Final Results within this report vary from the Draft 2011-2014 Final Results Report for the following reasons:

- Savings from Time of Use pricing are included in the Final Results Report. Overall the province saved 55 MWs from Time-of-Use pricing in 2014, or 0.73% of residential summer peak demand.
- Between August 4th and August 28th, the IESO and LDCs have worked collaboratively to reconcile projects from 2011-2014 Final Results Report to ensure every eligible project was captured and accurately reported.
- Verified savings from Innovation Fund pilots are also included for participating LDCs.

All results will be considered final for the 2011-2014 Conservation Framework. Any additional program activity not captured in the 2011-2014 Final Results Report will not be included as part of a future adjustment process.

Please continue to monitor saveONenergy E-blasts for future updates and should you have any other questions or comments please contact [LDC.Support@ieso.ca](mailto:LDC.Support@ieso.ca).

We appreciate your collaboration and cooperation throughout the reporting and evaluation process and we look forward to the success ahead in the Conservation First Framework.

Sincerely,

Terry Young

Activity and savings for Demand Response resources for each year represent the savings from all active facilities or devices contracted since January 1, 2011 (reported cumulatively).

Adjustments to previous years' results shown in this table will not align to adjustments shown in Table 1 as the information presented above is presented in the implementation year. Adjustments in Table 1 reflect persisted savings in the year in which that adjustment is verified.

**Summary Achievement Against CDM Targets**

Results are recognized using current IESO reporting policies. Energy efficiency resources persist for the duration of the effective useful life. Any upcoming code changes are taken into account. Demand response resources persist for 1 year (Scenario 1). Please see methodology tab for more detailed information.

**Table 4: Net Peak Demand Savings at the End User Level (MW) (Scenario 1)**

Implementation Period	Annual			
	2011	2012	2013	2014
2011 - Verified	1.4	1.2	1.2	1.1

<b>Other Total</b>						<b>1,776</b>	<b>3,712</b>	<b>2,020</b>		<b>7,727,573</b>	<b>11,481,687</b>	<b>10,688,564</b>		<b>7,509</b>	<b>86,732,481</b>
<b>Adjustments to 2011 Verified Results</b>						<b>3,465</b>				<b>27,746,535</b>				<b>3,215</b>	<b>110,143,550</b>
<b>Adjustments to 2012 Verified Results</b>							<b>15,697</b>				<b>80,111,558</b>			<b>15,401</b>	<b>238,780,637</b>
<b>Adjustments to 2013 Verified Results</b>								<b>23,463</b>				<b>145,679,403</b>		<b>24,391</b>	<b>296,465,211</b>
<b>Adjustments to Previous Years' Verified Results Total</b>						<b>3,465</b>	<b>15,697</b>	<b>23,463</b>		<b>27,746,535</b>	<b>80,111,558</b>	<b>145,679,403</b>		<b>43,006</b>	<b>645,389,397</b>

Activity and savings for Demand Response resources for each year represent the savings from all active facilities or devices contracted since January 1, 2011 (reported cumulatively).

Adjustments to previous years' results shown in this table will not align to adjustments shown in Table 1 as the information presented above is presented in the implementation year. Adjustments in Table 1 reflect persisted savings in the year in which that adjustment is verified.

**Summary Provincial Progress Towards CDM Targets**

**Table 9: Province-Wide Net Peak Demand Savings at the End User Level (MW)**

Implementation Period	Annual			
	2011	2012	2013	2014
2011	216.3	136.6	135.8	129.0
2012†	1.4	253.3	109.8	108.2
2013†	0.6	7.0	404.5	122.0
2014†	1.4	10.8	34.2	568.6
<b>Verified Net Annual Peak Demand Savings in 2014:</b>				<b>927.7</b>
<b>2014 Annual CDM Capacity Target:</b>				<b>1,330</b>
<b>Verified Portion of Peak Demand Savings Target Achieved in 2014 (%):</b>				<b>69.8%</b>

**Table 10: Province-Wide Net Energy Savings at the End-User Level (GWh)**

Implementation Period	Annual				Cumulative
	2011	2012	2013	2014	2011-2014
2011	606.9	603.0	601.0	582.3	2,393.1
2012†	18.7	503.6	498.4	492.6	1,513.3
2013†	1.7	44.4	603.3	583.4	1,232.8
2014†	7.3	44.8	191.0	1,170.8	1,413.9
<b>Verified Net Cumulative Energy Savings 2011-2014:</b>					<b>6,553.0</b>
<b>2011-2014 Cumulative CDM Energy Target:</b>					<b>6,000</b>
<b>Verified Portion of Cumulative Energy Target Achieved in 2014 (%):</b>					<b>109.2%</b>

†Includes adjustments to previous years' verified results

Results presented using scenario 1 which assumes that demand response resources have a persistence of 1 year

**METHODOLOGY**

All results are at the end-user level (not including transmission and distribution losses)

<b>EQUATIONS</b>	
Prescriptive Measures and Projects	<p><b>Gross Savings = Activity * Per Unit Assumption</b>  <b>Net Savings = Gross Savings * Net-to-Gross Ratio</b>  <b>All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)</b></p>
Engineered and Custom Projects	<p><b>Gross Savings = Reported Savings * Realization Rate</b>  <b>Net Savings = Gross Savings * Net-to-Gross Ratio</b>  <b>All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)</b></p>
Demand Response	<p><b>Peak Demand: Gross Savings = Net Savings = contracted MW at contributor level * Provincial contracted to ex ante ratio</b>  <b>Energy: Gross Savings = Net Savings = provincial ex post energy savings * LDC proportion of total provincial contracted MW</b>  <b>All savings are annualized (i.e. the savings are the same regardless of the time of year a participant began offering DR)</b></p>
Adjustments to Previous Years' Verified Results	<p>All variances from the Final Annual Results Reports from prior years will be adjusted within this report. Any variances with regards to projects counts, data lag, and calculations etc., will be made within this report. Considers the cumulative effect of energy savings.</p>

<b>Initiative</b>	<b>Attributing Savings to LDCs</b>	<b>Savings 'start' Date</b>	<b>Calculating Resource Savings</b>
<b>Consumer Program</b>			
Appliance Retirement	Includes both retail and home pickup stream. Retail stream allocated based on average of 2008 & 2009 residential throughput; Home pickup stream directly attributed by postal code or customer selection.	Savings are considered to begin in the year the appliance is picked up.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
Appliance Exchange	When postal code information is provided by customer, results are directly attributed to the LDC. When postal code is not available, results allocated based on average of 2008 & 2009 residential throughput.	Savings are considered to begin in the year that the exchange event occurred.	
HVAC Incentives	Results directly attributed to LDC based on customer postal code.	Savings are considered to begin in the year that the installation occurred.	

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
Conservation Instant Coupon Booklet	LDC-coded coupons directly attributed to LDC. Otherwise results are allocated based on average of 2008 & 2009 residential throughput.	Savings are considered to begin in the year in which the coupon was redeemed.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
Bi-Annual Retailer Event	Results are allocated based on average of 2008 & 2009 residential throughput.	Savings are considered to begin in the year in which the event occurs.	
Retailer Co-op	When postal code information is provided by the customer, results are directly attributed. If postal code information is not available, results are allocated based on average of 2008 & 2009 residential throughput.	Savings are considered to begin in the year of the home visit and installation date.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
Residential Demand Response	Results are directly attributed to LDC based on data provided to IESO through project completion reports and continuing participant lists.	Savings are considered to begin in the year the device was installed and/or when a customer signed a peaksaver PLUS™ participant agreement.	Peak demand savings are based on an ex ante estimate assuming a 1 in 10 weather year and represents the "insurance value" of the initiative. Energy savings are based on an ex post estimate which reflects the savings that occurred as a result of activations in the year and accounts for any "snapback" in energy consumption experienced after the event. Savings are assumed to persist for only 1 year, reflecting that savings will only occur if the resource is activated.

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
Residential New Construction	Results are directly attributed to LDC based on LDC identified in application in the iCon system. Initiative was not evaluated in 2011, reported results are presented with forecast assumptions as per the business case.	Savings are considered to begin in the year of the project completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
<b>Business Program</b>			
Efficiency: Equipment Replacement	Results are directly attributed to LDC based on LDC identified at the facility level in the iCon system. Projects in the Application Status: "Post-Stage Submission" are included (excluding "Payment denied by LDC"); Please see page for Building type to Sector mapping.	Savings are considered to begin in the year of the actual project completion date in the iCON system.	Peak demand and energy savings are determined by the total savings for a given project as reported in the iCON system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (i.e. lighting or non-lighting project, engineered/custom/prescriptive track).
	Additional Note: project counts were derived by filtering out invalid statuses (e.g. Post-Project Submission - Payment denied by LDC) and only including projects with an "Actual Project Completion Date" in 2014)		

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
Direct Installed Lighting	Results are directly attributed to LDC based on the LDC specified on the work order.	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumptions multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings take into account net-to-gross factors such as free-ridership and spillover for both peak demand and energy savings at the program level (net).
Existing Building Commissioning Incentive	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined by the total savings for a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
New Construction and Major Renovation Incentive	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
Energy Audit	Projects are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year of the audit date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
Commercial Demand Response (part of the Residential program schedule)	Results are directly attributed to LDC based on data provided to IESO through project completion reports and continuing participant lists	Savings are considered to begin in the year the device was installed and/or when a customer signed a peaksaver PLUS™ participant agreement.	Peak demand savings are based on an ex ante estimate assuming a 1 in 10 weather year and represents the "insurance value" of the initiative. Energy savings are based on an ex post estimate which reflects the savings that occurred as a result of activations in the year. Savings are assumed to persist for only 1 year, reflecting that savings will only occur if the resource is activated.
Demand Response 3 (part of the Industrial program schedule)	Results are attributed to LDCs based on the total contracted megawatts at the contributor level as of December 31st, applying the provincial ex ante to contracted ratio (ex ante estimate/contracted megawatts); Ex post energy savings are attributed to the LDC based on their proportion of the total contracted megawatts at the contributor level.	Savings are considered to begin in the year in which the contributor signed up to participate in demand response.	Peak demand savings are ex ante estimates based on the load reduction capability that can be expected for the purposes of planning. The ex ante estimates factor in both scheduled non-performances (i.e. maintenance) and historical performance. Energy savings are based on an ex post estimate which reflects the savings that actually occurred as a results of activations in the year. Savings are assumed to persist for 1 year, reflecting that savings will not occur if the resource is not activated and additional costs are incurred to activate the resource.
<b>Industrial Program</b>			
Process & System Upgrades	Results are directly attributed to LDC based on LDC identified in application.	Savings are considered to begin in the year in which the incentive project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
Monitoring & Targeting	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the incentive project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
Energy Manager	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the project was completed by the energy manager. If no date is specified the savings will begin the year of the Quarterly Report submitted by the energy manager.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
Efficiency: Equipment Replacement Incentive (part of the C&I program schedule)	Results are directly attributed to LDC based on LDC identified at the facility level in the saveONenergy CRM; Projects in the Application Status: "Post-Stage Submission" are included (excluding "Payment denied by LDC"); Please see "Reference Tables" tab for Building type to Sector mapping.	Savings are considered to begin in the year of the actual project completion date on the iCON CRM system.	Peak demand and energy savings are determined by the total savings for a given project as reported in the iCON CRM system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (i.e. lighting or non-lighting project, engineered/custom/prescriptive track).
Demand Response 3	Results are attributed to LDCs based on the total contracted megawatts at the contributor level as of December 31st, applying the provincial ex ante to contracted ratio (ex ante estimate/contracted megawatts); Ex post energy savings are attributed to the LDC based on their proportion of the total contracted megawatts at the contributor level.	Savings are considered to begin in the year in which the contributor signed up to participate in demand response.	Peak demand savings are ex ante estimates based on the load reduction capability that can be expected for the purposes of planning. The ex ante estimates factor in both scheduled non-performances (i.e. maintenance) and historical performance. Energy savings are based on an ex post estimate which reflects the savings that actually occurred as a results of activations in the year. Savings are assumed to persist for 1 year, reflecting that savings will not occur if the resource is not activated and additional costs are incurred to activate the resource.

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
<b>Home Assistance Program</b>			
Home Assistance Program	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the measures were installed.	Peak demand and energy savings are determined using the measure level per unit assumption multiplied by the uptake of each measure (gross), taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
<b>Aboriginal Program</b>			
Aboriginal Program	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the measures were installed.	Peak demand and energy savings are determined using the measure level per unit assumption multiplied by the uptake of each measure (gross), taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
<b>Pre-2011 Programs completed in 2011</b>			
Electricity Retrofit Incentive Program	Results are directly attributed to LDC based on LDC identified in the application; Initiative was not evaluated in 2011, 2012, 2013 or 2014 assumptions as per 2010 evaluation.	Savings are considered to begin in the year in which a project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported. A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). If energy savings are not available, an estimate is made based on the kWh to kW ratio in the provincial results from the 2010 evaluated results ( <a href="http://www.powerauthority.on.ca/evaluation-measurement-and-verification/evaluation-reports">http://www.powerauthority.on.ca/evaluation-measurement-and-verification/evaluation-reports</a> ).
High Performance New Construction	Results are directly attributed to LDC based on customer data provided to the OPA from Enbridge; Initiative was not evaluated in 2011, 2012, 2013 or 2014, assumptions as per 2010 evaluation.	Savings are considered to begin in the year in which a project was completed.	
Toronto Comprehensive	Program run exclusively in Toronto Hydro-Electric System Limited service territory; Initiative was not evaluated in 2011, 2012, 2013 or 2014, assumptions as per 2010 evaluation.		

Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings
Multifamily Energy Efficiency Rebates	Results are directly attributed to LDC based on LDC identified in the application; Initiative was not evaluated in 2011, 2012, 2013 or 2014, assumptions as per 2010 evaluation.	Savings are considered to begin in the year in which a project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). If energy savings are not available, an estimate is made based on the kWh to kW ratio in the provincial results from the 2010 evaluated results ( <a href="http://www.powerauthority.on.ca/evaluation-measurement-and-verification/evaluation-reports">http://www.powerauthority.on.ca/evaluation-measurement-and-verification/evaluation-reports</a> ).
Data Centre Incentive Program	Program run exclusively in PowerStream Inc. service territory; Initiative was not evaluated in 2011, assumptions as per 2009 evaluation.		
EnWin Green Suites	Program run exclusively in ENWIN Utilities Ltd. service territory; Initiative was not evaluated in 2011 or 2012, assumptions as per 2010 evaluation.		

### Consumer Program Allocation Methodology

Results can be allocated based on average of 2008 & 2009 residential throughput for each LDC (below) when additional information is not available. Source: OEB Yearbook Data 2008 & 2009

## Reporting Glossary

**Annual:** the peak demand or energy savings that occur in a given year (includes resource savings from new program activity and resource savings persisting from previous years).

**Cumulative Energy Savings:** represents the sum of the annual energy savings that accrue over a defined period (in the context of this report the defined period is 2011 - 2014). This concept does not apply to peak demand savings.

**End-User Level:** resource savings in this report are measured at the customer level as opposed to the generator level (the difference being line losses).

**Free-ridership:** the percentage of participants who would have implemented the program measure or practice in the absence of the program.

**Incremental:** the new resource savings attributable to activity procured in a particular reporting period based on when the savings are considered to 'start'.

**Initiative:** a Conservation & Demand Management offering focusing on a particular opportunity or customer end-use (i.e. Retrofit, Fridge & Freezer Pickup).

**Net-to-Gross Ratio:** The ratio of net savings to gross savings, which takes into account factors such as free-ridership and spillover

**Net Energy Savings (MWh):** energy savings attributable to conservation and demand management activities net of free-riders, etc.

**Net Peak Demand Savings (MW):** peak demand savings attributable to conservation and demand management activities net of free-riders, etc.

**Program:** a group of initiatives that target a particular market sector (e.g. Consumer, Industrial).

**Realization Rate:** A comparison of observed or measured (evaluated) information to original reported savings which is used to adjust the gross savings estimates.

**Settlement Account:** the grouping of demand response facilities (contributors) into one contractual agreement

**Spillover:** Reductions in energy consumption and/or demand caused by the presence of the energy efficiency program, beyond the program-related gross savings of the participants. There can be participant and/or non-participant spillover.

**Unit:** for a specific initiative the relevant type of activity acquired in the market place (i.e. appliances picked up, projects completed, coupons redeemed).

Table 11: Niagara Peninsula Energy Inc. Initiative and Program Level Gross Savings by Year

Activity and savings for Demand Response resources for each year represent the savings from all active facilities or devices contracted since January 1, 2011 (reported cumulatively).

\*Includes adjustments after Final Reports were issued

Results presented using scenario 1 which assumes that demand response resources have a persistence of 1 year

Gross results are presented for informational purposes only and are not considered official 2014 Final Verified Results

\*\*Net results substituted for gross results due to unavailability of data

Activity and savings for Demand Response resources for each year represent the savings from all active facilities or devices contracted since January 1, 2011 (reported cumulatively).

\*Includes adjustments after Final Reports were issued  
Results presented using scenario 1 which assumes that demand response resources have a persistence of 1 year

Gross results are presented for informational purposes only and are not considered official 2014 Final Verified Results

# Final 2015 Annual Verified Results - Annual Persistence Report

#	Worksheet Name	Worksheet Description
---	----------------	-----------------------

1	How to Use This Report	Describes the contents and structure of this report
2	Energy Savings	Provides a description of the 2015 - 2040 annual persistence of Net Verified Energy Savings at the end-user level resulting from the 2015 CDM Program Year
3	Demand Savings	Provides a description of the 2015 - 2040 annual persistence of Net Verified Demand Savings at the end-user level resulting from the 2015 CDM Program Year

## Final 2015 Annual Verified Results - Annual Persistence Report

The IESO is pleased to provide the Final 2015 Annual Verified Results - Annual Persistence Report.

This report is based on the same data used to provide the Final 2015 Annual Verified Results Report to LDCs on June 30, 2016. The data included in this report is provided on a more granular level, providing annual savings amounts for the 2015 - 2040 period resulting from the 2015 CDM Program Year to aid LDCs in analysis such as supporting Lost Revenue Adjustment Mechanism (LRAM) calculations.

The data provided is the same final 2015 net verified, end-user level savings amounts for both energy savings and demand savings for the specific LDC service areas only, no province-wide data is included in this report. The program list has been condensed to show only those programs that had achieved savings in the province, not necessarily in every LDC's service area. Initiatives, programs, pilots that were in market in 2015 and adjustments to specific years that may be populated in future years are not displayed for ease of use.

The list of initiatives, programs and pilots is shown on the left and each year's remaining savings is shown across the columns. Savings may deteriorate by year as a result of the mix of measures actually installed may have some measures with shorter expected useful lives (EULs) than others and some measures may have a baseline shift occur during their EULs.

This type of data will be incorporated on an annual basis in each future year's Annual Verified Results Reports rather than provided separately for 2015. We hope you will find this report useful.

# Final Verified 2016 Annual LDC CDM Program Results Report

## Letter from the Vice-President, Conservation & Corporate Relations

June 30, 2017

I am pleased to provide LDCs with their Final Verified 2016 Annual Results Report. Collectively in 2016, LDCs achieved 1.2 TWh of energy savings persisting to 2020. When combined with the 2015 results, LDCs have achieved 2.6 TWh of energy savings, representing 38 % of the 7 TWh target. The results show positive progress towards the achievement of the Conservation First Framework (CFF) target and demonstrate the continued collaboration between LDCs and the IESO in promoting a culture of conservation across the province.

Key highlights from the 2016 final results include the following:

- The Coupons program produced a record achievement, delivering 428 GWh of energy savings in 2016, more than doubling the results from 2015. LED light bulbs remained the most common measure accounting for 75 % of coupons redeemed and 96 % of savings.
- The Retrofit program continues to be the highest performing program achieving 567 GWh of energy savings in 2016, despite experiencing a 29 % reduction in savings over the 2015 results (including adjustments). Lighting measures continue to produce the majority of savings, 74 % in 2016, with non-lighting measures accounting for the remainder.
- The success of the Coupons program supported residential sector programs in achieving a larger share of the portfolio savings in 2016 than in previous years, accounting for 44 % of target achievement, with business sector programs and local and pilot programs accounting for 54 % and 1 %, respectively.
  - o It is important to note that there remains a considerable data lag, representing completed, but unreported projects for the Retrofit and Process and Systems Upgrades Programs. Together, these programs have roughly 250 GWh in unverified savings waiting to be reported by LDCs. It is anticipated that these savings will be reported in future year's 2016 adjustments.
- As with 2015, the IESO evaluation methodology enabled further granulation of net verified results in 2016, resulting in increased LDC-specific and regional level net-to-gross adjustment factors, where data permitted.
- Four LDCs have achieved at least 90 % of their CFF target, and nine others are above 50 %. These early successes are prompting increased dialogue between LDCs with respect to potential target exchange, which is both permitted and encouraged under the CFF.

There were minor revisions to the final results relative to the preliminary results including: 1) revisions/corrections to program savings assumptions / adjustments as required (primarily to participation levels for Coupons Program and Heating & Cooling Program); 2) the inclusion of an additional five LDC Innovation Fund and Conservation Fund Pilot Programs; and 3) amendments based on comments received by LDCs as part of their review of the preliminary results. Further details on the revisions between the preliminary and the final 2016 verified results can be found in the 2016 Frequently Asked Questions (FAQs) and Evaluation Findings Report which will be posted along with the results on the LDC extranet.

Please note that all results contained within this report are considered to be final verified results. Projects included in this report are reflected in the accompanying LDC Project List Report. Any program activity not captured in this report will be included as part of a future adjustment process.

In terms of next steps, as with the 2015 CFF results, Final Verified 2016 Annual Results Reports will be posted on the IESO website in early July. In addition, LDC-Program level and portfolio-level cost effectiveness test results will be available on September 15, 2017, as outlined in the Energy Conservation Agreement version 3.0 update. Finally, 2016 EM&V reports will be available later this summer along with key program recommendations to be shared with the LDC Working Groups and the IESO.

We appreciate your collaboration and cooperation throughout the reporting and evaluation process. As we look ahead, the IESO will be focusing on enhancing its communication and support services to further support LDCs in the delivery of programs and to increase customer participation in these programs. I look forward to continuing to work together in achieving success in the Conservation First Framework.

Sincerely,

Terry Young  
Vice-President, Conservation & Corporate Relations  
Independent Electricity System Operator

3	LDC Rankings	A comprehensive report of each LDC's performance rankings against all other LDCs in major performance categories.
4	LDC Progress	<p>A comprehensive report of 2016 conservation results including:</p> <ol style="list-style-type: none"> <li>1) activity;</li> <li>2) savings including:               <ol style="list-style-type: none"> <li>a) energy and peak demand;</li> <li>b) net and gross;</li> <li>c) CDM Plan forecasts, verified actuals and relative progress;</li> <li>d) Allocated Target and Target achievement; and</li> </ol> </li> <li>3) spending, including participant incentives and administrative expenses and IESO Value Added Services Costs.</li> </ol> <p>Data is grouped by category and summarized at the LDC level.</p>
5	Province-Wide Progress	<p>A comprehensive report of 2016 conservation results including:</p> <ol style="list-style-type: none"> <li>1) activity;</li> <li>2) savings including:               <ol style="list-style-type: none"> <li>a) energy and peak demand;</li> <li>b) net and gross;</li> <li>c) CDM Plan forecasts, verified actuals and relative progress;</li> <li>d) Allocated Target and Target achievement; and</li> </ol> </li> <li>3) spending, including participant incentives and administrative expenses and IESO Value Added Services Costs.</li> </ol> <p>Data is grouped by category and summarized at the province wide level.</p>
6	LDC Savings Persistence	A report detailing the gross and net energy and peak demand savings persistence by program and implementation year (2015, 2015 Adjustment and 2016) at the LDC Level.
7	Province-Wide Persistence	A report detailing the gross and net energy and peak demand savings persistence by program and implementation year (2015, 2015 Adjustment and 2016) at the province wide Level.
8	Methodology	A description of the methods used to calculate energy savings, financial results and cost-effectiveness.
9	Reference Table	Provides detailing how Province wide Consumer Program results were allocated to specific LDCs.
10	Glossary	Definitions for the terms used throughout this report.

# Final Verified 2016 Annual LDC CDM Program Results Report

## How to Use this Report

Niagara Peninsula Energy Inc.  
EB-2020-0040  
Filed: August 31, 2020  
269 of 1407

The IESO is pleased to provide you with the 2016 Annual Verified Results Report.

This report provides:

- 1) electricity savings;
- 2) annual Full Cost Recovery funding model program progress; and
- 3) peak demand savings;
- 4) IESO Value Added Services Costs in accordance with Section 9.2(b)(i) of the Energy Conservation Agreement.

In addition to the above, this report also provides in greater detail:

- 1) program participation results including:
  - a) forecasts; b) actuals; and c) progress (forecast versus (vs) actuals);
- 2) program savings results including:
  - a) net 2020 annual energy and peak demand savings;
  - b) allocated target, target achievement and progress towards target;
  - c) incremental net first year energy and peak demand savings;
  - d) annual net-to-gross and realization rate adjustments; and
  - e) incremental gross first year energy and peak demand savings; and where available reported by: i) forecasts; ii) verified actuals; and iii) progress (forecast vs actuals);
- 3) program spending including:
  - a) participation incentive spending;
  - b) administrative expense spending (including IESO value-added services costs);
  - c) aggregated total spending; and
  - d) allocated budget, LDC CDM Plan budget spending and progress towards budget; and for each cost: i) forecasts; ii) verified actuals; and iii) progress (forecast vs actuals);
- 4) program savings results persistence for:
  - a) gross energy savings;
  - b) gross peak demand savings;
  - c) net energy savings; and
  - d) net peak demand savings;

by both the LDC specific level and the province-wide aggregated level for 2016 and 2015 including 2015 Adjustments.

This report's format is consistent with the IESO issued Monthly Participation and Cost Report in that it is a dynamic sheet that can be expanded or collapsed by clicking the + button or "Show Detail" feature under the Data tab. Each of the four results categories listed above have been grouped together for easy accessibility.

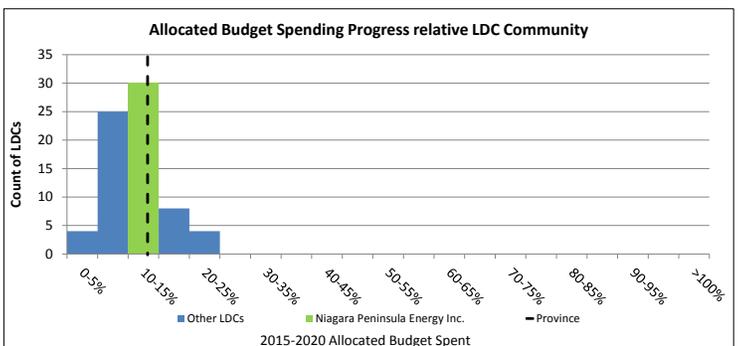

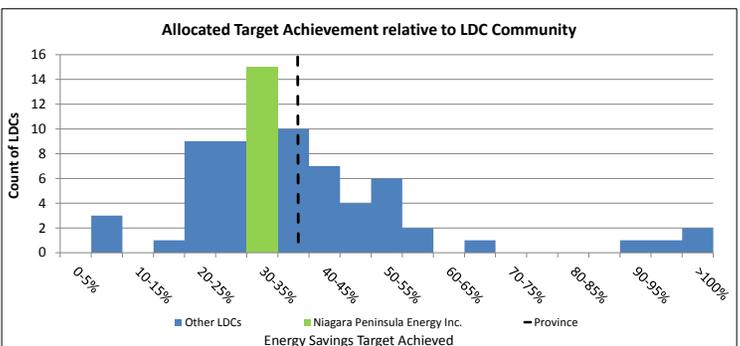

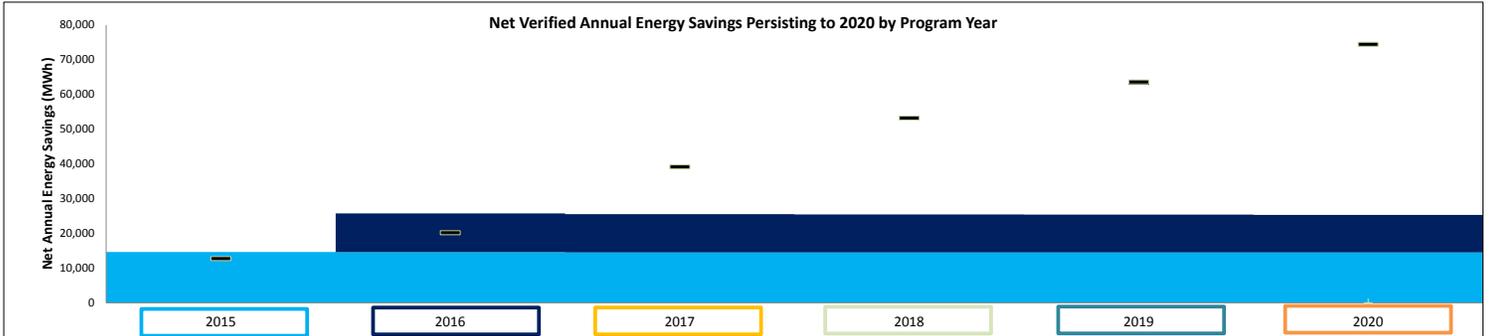

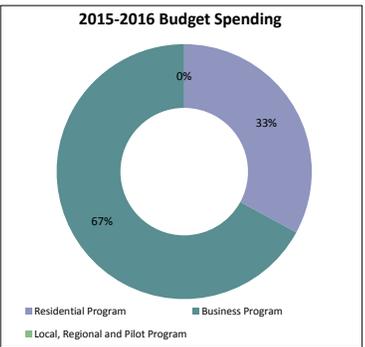

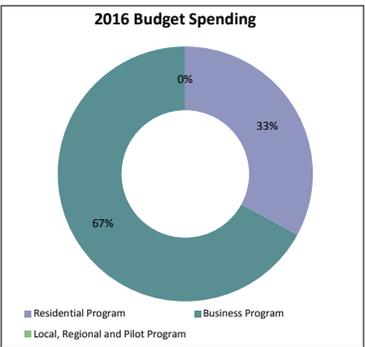

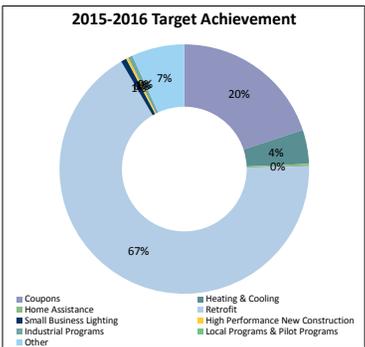

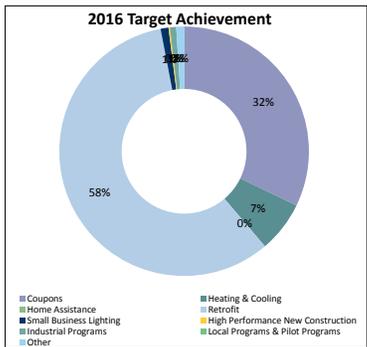

Please note:

- 1) Cost Effectiveness Test (CET) results including:
  - a) total resource cost test;
  - b) program administration cost test;
  - c) leveled unit energy cost test;
 and for each test: i) benefits; ii) cost; iii) net benefit; iv) benefit ratio; at the LDC and province wide level will not be available in this report but will be provided to LDCs by September 15 2017, as per the Energy Conservation Agreement, version 3.0.
- 2) forecasts of: a) activity; b) savings; and c) spending; included in this report are based on approved LDC CDM Plan - Cost Effectiveness Tools as of April 1, 2017 (from the i) Program Design; ii) Budget Inputs; iii) Savings Results; and iv) CE Results; worksheets); Please note that this does not contain data for Legacy Framework program spending or CFF pilot program activity, savings, spending or cost effectiveness.
- 3) Annual FCR Progress only includes Full Cost Recovery funding model program savings results and excludes Pay-for-Performance funding model program savings results.
- 4) The complete list of approved programs and pilots as of April 1, 2017 approved LDC CDM Plans have been included, however only programs and pilots in market for a sufficient period of time to enable a valid EM&V process will have verified results.
- 5) 2015 Adjustments consists of projects completed in 2015 but were not reported to the IESO by the 2015 Verified Results Reporting deadline of March 31, 2016.
- 6) Pilot program savings are attributed to the LDC where the pilot program project is located in; and
- 7) This Annual Verified Results Report provides results for the LDC and province only. No aggregated reporting is provided for LDCs that are part of a joint CDM plan;

## 2015-2020 Conservation First Framework Programs

### Residential Province-Wide Programs

1	Save on Energy Coupon Program
2	Save on Energy Heating & Cooling Program
3	Save on Energy New Construction Program
4	Save on Energy Home Assistance Program
<b>Sub-total: Residential Province-Wide Programs</b>	

### Business Province-Wide Programs

5	Save on Energy Audit Funding Program
6	Save on Energy Retrofit Program
7	Save on Energy Small Business Lighting Program
8	Save on Energy High Performance New Construction Program
9	Save on Energy Existing Building Commissioning Program
10	Save on Energy Process & Systems Upgrades Program
11	Save on Energy Energy Manager Program
12	Save on Energy Monitoring & Targeting Program
13	Save on Energy Retrofit Program - P4P
14	Save on Energy Process & Systems Upgrades Program - P4P
<b>Sub-total: Business Province-Wide Programs</b>	

### Local & Regional Programs

15	Adaptive Thermostat Local Program
16	Business Refrigeration Incentives Local Program
17	Conservation on the Coast Home Assistance Local Program
18	Conservation on the Coast Small Business Lighting Local Program
19	First Nations Conservation Local Program
20	High Efficiency Agricultural Pumping Local Program
21	Instant Savings Local Program
22	OPsaver Local Program
23	PUMPsaver Local Program
24	Social Benchmarking Local Program
25	THESL Swimming Pool Efficiency Local Program
<b>Sub-total: Local &amp; Regional Programs</b>	

### LDC Innovation Fund Pilot Programs

26	Air Source Heat Pump for Residential Water Heating Pilot Program
27	Building Optimization Pilot Program
28	Conservation Voltage Regulation Leveraging AMI Data Pilot Program
29	Demand Control Kitchen Ventilation Pilot Program
30	Direct Install - Hydronic Pilot Program
31	Direct Install - RTU Controls Pilot Program
32	Electronically Commutated Furnace Motor Pilot Program
33	Electronics Takeback Pilot Program
34	Home Energy Assessment and Retrofit Pilot Program
35	HONI HP Pilot Program
36	P4P for Class B Office Pilot Program
37	Performance Based Conservation Pilot Program
38	Re-Invest Pilot Program
39	Residential Direct Install Pilot Program
40	Residential Direct Mail Pilot Program
41	Residential Ductless Heat Pump Pilot Program
42	Residential Install Pilot Program
43	Social Benchmarking Pilot Program
44	Solar Powered Attic Ventilation Pilot Program
45	Truckload Event Pilot Program
<b>Sub-total: LDC Innovation Fund Pilot Programs</b>	

### Program Enabled Savings

46	Save on Energy Retrofit Program Enabled Savings
47	Save on Energy High Performance New Construction Program Enabled Savings
48	Save on Energy Process & Systems Upgrades Program Enabled Savings
<b>Sub-total: Program Enabled Savings</b>	

### Other

<b>2016 Total</b>	
<b>Total</b>	

**General**

All results are at the end-user level (not including transmission and distribution losses) and reported to IESO by April 15, 2017. 2015 results are based on projects completed between January 1, 2015 and December 31, 2015 and reported to the IESO by March 31, 2016. 2015 Adjustment results are based on projects completed between January 1, 2015 and December 31, 2015 and reported to the IESO between April 1, 2016 and April 15, 2017. 2016 results are based on projects completed between January 1, 2016 and December 31, 2016 and reported to the IESO by April 15, 2017.

Legacy Framework results are based on projects begun prior to an LDC's transition to the Conservation First Framework program and completed by December 31, 2015. Conservation First Framework results are based on projects begun after an LDC's transition to the Conservation First Framework program and projects transitioned to the Conservation First Framework through a valid Extension Agreement or single Program.

**Savings Calculations**

#	Project Type	Attributing Savings to LDCs
1	Prescriptive Measures and Projects Programs	<b>Gross Reported Savings</b> = Activity * Per Unit Assumption Savings <b>Gross Verified Savings</b> = Gross Reported Savings * Realization Rate <b>Net Verified Savings</b> = Gross Verified Savings * Net-to-Gross Ratio All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)
2	Engineered and Custom Projects / Programs	<b>Gross Reported Savings</b> = Reported Savings <b>Gross Verified Savings</b> = Gross Reported Savings * Realization Rate <b>Net Verified Savings</b> = Gross Verified Savings * Net-to-Gross Ratio All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)
3	Adjustments to Previous Years' Verified Results	All variances from the Final Annual Results Reports from prior years will be adjusted within this report. Any variances with regards to projects counts, data lag, and calculations etc., will be made within this report. Consider the annual effect of energy savings.

**Cost Determination**

Costs are determined and allocated to the period based on the date the cost has been reported to the IESO regardless of when the cost was incurred.

E.g. if an LDC reports by the December 2016 IESO Reporting Period: 1) program savings; 2) Participant Incentives; and 3) Administrative Expenses associated with a 2016 completed project, then: a) the savings; b) expenditures; and c) corresponding cost effectiveness; are attributed to the 2016 program year.

However if the same is reported on or after the January 2017 IESO Reporting Period: i) the savings will be attributed to the 2016 program year; ii) the expenditures will be attributed to the 2017 program year and will not appear in the 2016 Verified Results Report; but iii) the project's Participant Incentives will be used to calculate 2016 Cost Effectiveness.

**2015-2020 Conservation First Framework**

#	Program	Attributing Savings to LDCs	Project List Date	Savings' start' Date	Calculating Resource Savings
1	Save on Energy Coupon Program	LDC-coded coupons directly attributed to LDC. Otherwise results are allocated based on Consumer Program Allocation Reference Table.	April 15, 2017	Savings are considered to begin in the year in which the coupon was redeemed.	
2	Save on Energy Heating & Cooling Program	Results directly attributed to LDC based on customer applications and postal code.	April 15, 2017	Savings are considered to begin in the year that the installation occurred.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
3	Save on Energy New Construction Program	Results are directly attributed to LDC based on LDC identified in LDC Report	April 15, 2017	Savings are considered to begin in the year of the project completion date.	
4	Save on Energy Home Assistance Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year in which the measure was installed.	
5	Save on Energy Audit Funding Program	Projects are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year of the audit date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
6	Save on Energy Retrofit Program	Projects are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year of the actual project completion date as reported in the LDC Report	Peak demand and energy savings are determined by the total savings for a given project as reported in the ICDN system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (i.e. lighting or non-lighting project, engineered/custom/ prescriptive track).
7	Save on Energy Small Business Lighting Program	Results are directly attributed to LDC based on the LDC specified on the work order.	April 15, 2017	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover for both peak demand and energy savings at the program level (net).
8	Save on Energy High Performance New Construction Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined by the total savings for a given project as reported in the ICDN LDC Report Territory. Preliminary unverified net savings are calculated by multiplying reported savings by 2014 Net-to-gross ratios and realization rates.
9	Save on Energy Existing Building Commissioning Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year of the actual project completion date.	
10	Save on Energy Process and System Upgrades Program	Results are directly attributed to LDC based on LDC identified in application.	April 15, 2017	Savings are considered to begin in the year in which the project was in-service.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
11	Save on Energy Energy Manager Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year in which the project was completed by the energy manager.	
12	Save on Energy Monitoring and Targeting Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year in which the incentive project was completed.	

**2011-2014+2015 Extension Lease Framework**

#	Initiative	Attributing Savings to LDCs	Project List Date	Savings' start' Date	Calculating Resource Savings
1	saveONenergy Appliance Retirement Initiative	Includes both retail and home pickup stream. Retail stream allocated based on average of 2008 & 2009 residential throughput; Home pickup stream directly attributed by postal code or customer selection.	April 15, 2017	Savings are considered to begin in the year the appliance is picked up.	
2	saveONenergy Conservation Instant Coupon Booklet	LDC-coded coupons directly attributed to LDC. Otherwise results are allocated based on average of 2008 & 2009 residential throughput.	April 15, 2017	Savings are considered to begin in the year in which the coupon was redeemed.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
3	saveONenergy Bi-Annual Retailer Event	Results are allocated based on average of 2008 & 2009 residential throughput.	April 15, 2017	Savings are considered to begin in the year in which the event occurs.	
4	saveONenergy HVAC Incentives	Results directly attributed to LDC based on customer applications and postal code.	April 15, 2017	Savings are considered to begin in the year that the installation occurred.	
5	saveONenergy Residential New Construction	Results are directly attributed to LDC based on LDC identified in application in the ICDN system.	April 15, 2017	Savings are considered to begin in the year of the project completion date.	
6	saveONenergy Energy Audit	Projects are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year of the audit date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
7	saveONenergy Efficiency Equipment Replacement	Results are directly attributed to LDC based on LDC identified in the facility level in the ICDN system. Projects in the Application Status: "Post-Stage Submission" are included (excluding "Payment denied by LDC"). Please see page for Building Type to Sector mapping.	April 15, 2017	Savings are considered to begin in the year of the actual project completion date in the ICDN system.	Peak demand and energy savings are determined by the total savings for a given project as reported in the ICDN system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (i.e. lighting or non-lighting project, engineered/custom/ prescriptive track).  Additional Note: project counts were derived by filtering out invalid statuses (e.g. Post-Project Submission - Payment denied by LDC) and only including projects with an "Actual Project Completion Date" in 2014.
8	saveONenergy Direct Installed Lighting	Results are directly attributed to LDC based on the LDC specified on the work order.	April 15, 2017	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net) at the program level (net).
9	saveONenergy New Construction and Major Renovation Incentive	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined by the total savings for a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
10	saveONenergy Existing Building Commissioning Incentive	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year in which the incentive project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
11	saveONenergy Process & System Upgrades	Results are directly attributed to LDC based on LDC identified in application.	April 15, 2017	Savings are considered to begin in the year in which the incentive project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
12	saveONenergy Energy Manager	Results are directly attributed to LDC based on LDC identified in application.	April 15, 2017	Savings are considered to begin in the year in which the project was completed by the energy manager. If no date is specified the savings will begin the year of the Quarterly Report submitted to the energy manager.	
13	saveONenergy Monitoring & Targeting	Results are directly attributed to LDC based on LDC identified in application.	April 15, 2017	Savings are considered to begin in the year in which the incentive project was completed.	
14	saveONenergy Home Assistance Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017	Savings are considered to begin in the year in which the measure was installed.	Peak demand and energy savings are determined using the measure level per unit assumption multiplied by the uptake of each measure (gross), taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
15	Aboriginal Conservation Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2017		
16	Program Enabled Savings		April 15, 2017

# Final Verified 2016 Annual LDC CDM Program Results Report

## Glossary

#	Term	Definition
<b>Reporting Terms</b>		
1	Forecast	An LDCs' forecast of program activity, savings, net-to-gross adjustments, expenditures and cost effectiveness as indicated in each LDC's submitted CDM Plan Cost Effectiveness Tools. Forecasts at the province wide level are the sum of all LDCs' forecasts.
2	Reported	Program activity savings and expenditures as determined by the LDC. For savings: 1) for prescriptive projects/programs: calculating quantity x prescriptive savings assumptions; and 2) for engineered or custom program projects/programs: calculated using prescribed methodologies.
3	Verified	The IESO's annually EM&V assessed program activity, savings, net-to-gross, expenditures and cost effectiveness. Preliminary Verified results are provided by June 1st of each year and Final Verified results are provided by July 1st of each year.
4	Adjustment	Verified results that were achieved in previous years but were not provided in a previous years' Annual Verified Results Report.
5	Progress or Comparison	An assessment of Actual results versus Verified results.
<b>Framework Terms</b>		
6	2011-2014+2015 Extension Legacy Framework	Programs in market from 2011-2015 resulting from the April 23, 2010 GEA CDM Ministerial Directive and funded separately from 2015-2020 Conservation First Framework Programs but whose savings in 2015 are attributed towards the 2015-2020 Conservation First Framework target.
7	2015-2020 Conservation First Framework	Programs in market from 2015-2020 resulting from the March 31, 2014 CFF Ministerial Directive and funded separately from 2011-2014+2015 Extension Legacy Framework Programs.
8	LDC Innovation Fund	A source of funding under the 2015-2020 Conservation First Framework separate from LDC CDM Plan Budgets that the IESO maintains to support LDC led program design and market testing of new initiatives. Savings from LDC Innovation Fund pilot programs contribute to the LDCs savings targets based on the LDC service territory the pilot program is delivered in.
9	Conservation Fund	A source of funding external to the 2015-2020 Conservation First Framework that provides financial support for innovative electricity conservation technologies, practices, research, and pilot programs. Savings from Conservation Fund pilot programs contribute to the LDCs savings targets based on the LDC service territory the pilot program is delivered in.
<b>Programs Terms</b>		
10	Program	A Conservation & Demand Management offering focusing on a particular opportunity or customer end-use (e.g. Coupon; or Retrofit;) from the 2015-2020 Conservation First Framework.
11	Province-Wide Program	Programs available to all LDCs to deliver and that are consistent across the province.
12	Regional Program	Programs designed by LDCs to serve their region and approved by the IESO.
13	Local Program	Programs designed by LDCs to serve their communities and approved by the IESO.
14	Pilot Program	A program pilot that may achieve energy or demand savings and is funded separately from an LDC's CDM Plan Budget.
15	Initiative	A Conservation & Demand Management offering focusing on a particular opportunity or customer end-use (e.g. Fridge & Freezer Pickup) from the 2011-2014+2015 Extension Legacy Framework.
<b>Activity Terms</b>		
16	Participation	A measure of the level of program participation, such as number of projects, homes, equipment, etc..
17	Unit of Measure	For a specific initiative the relevant type of participation acquired in the market place (e.g. appliances picked up; coupon products installed; HVAC equipment installed; audits performed; or projects completed;).

Savings Terms		
18	Energy Savings	Energy savings attributable to conservation and demand management activities.
19	Peak Demand Savings	Peak Demand savings attributable to conservation and demand management activities, as determined by the IESO's EM&V Protocols.
20	Incremental Savings	The energy or peak demand savings newly attributable to activity procured in a particular reporting period based on when the savings are considered to 'start'.  Savings attributed to activity performed or completed in 2016 are presented as 2016 savings.
21	First Year Savings	The energy or peak demand savings that occur in the year it was achieved (includes resource savings from only new program activity).
22	Annual Savings	The energy or peak demand savings that occur in a given year (includes resource savings from new program activity and resource savings persisting from previous years).
23	Gross Savings	The energy or peak demand savings that have been reported based on a conservation and demand management program's participation tracking.
24	Net Savings	The energy or peak demand savings attributable to conservation and demand management activities, net of free-riders, spill over, etc.
25	Realization Rate	A comparison of originally reported savings and observed or measured savings that adjusts reported savings to arrive at verified savings. Accounts for discrepancies such as audited measure counts; adjustment for connected demand savings to peak demand savings; etc.
26	Net-to-Gross Adjustment	The ratio of net savings to gross savings, which takes into account factors such as free-ridership, spillover, etc.
27	Free-ridership	The percentage of participants who would have implemented the program measure or practice in the absence of the program.
28	Spillover	Reductions in energy consumption and/or demand caused by the presence of the energy efficiency program, beyond the program-related gross savings of the participants. There can be participant and/or non-participant spillover.
29	Allocated Target	Each LDC's assigned portion of the Province's 7 TWh Net 2020 Annual Energy Savings Target of the 2015-2020 Conservation First Framework.

Costs Terms		
30	Participant Incentive	Costs incurred in the delivery of a program related to incenting participants to perform peak demand or energy savings.
31	LDC Administrative Expense	Costs reported by the LDC in the delivery of a program related to labour, marketing, third-party expenses, etc.
32	IESO Value Added Services Cost	Costs incurred by the IESO's Value Added Service Provider related to associated programs (Coupons and Heating & Cooling), and charged to the LDC in which the programs's activity took place.
33	Total Administrative Expense	The sum of LDC Administrative Expense and IESO Value Added Services Cost.
34	Delivery Cost	The sum of Total Administrative Expenses and Participant Incentives.  All costs are presented based on the period reported by LDCs to the IESO, not necessarily associated with reported activity.  E.g. if an LDC reports by the December 2016 IESO Reporting Period: 1) program savings; 2) Participant Incentives; and 3) Administrative Expenses associated with a 2016 completed project, then: a) the savings; b) expenditures; and c) corresponding cost effectiveness; are attributed to the 2016 program year.  However if the same is reported in or after the January 2017 IESO Reporting Period: i) the savings will be attributed to the 2016 program year; ii) the expenditures will be attributed to the 2017 program year and will not appear in the 2016 Verified Results Report; but iii) the project's Participant Incentives will be used to calculate 2016 Cost Effectiveness;
35	Allocated Budget	Each LDC's assigned portion of the Province's \$ 1.835 billion CDM Plan Budget of the 2015-2020 Conservation First Framework.

Cost Effectiveness Terms		
36	Total Resource Cost Cost Effectiveness Test	A cost effectiveness test that measures the net cost of CDM based on the total costs of the program including both participants' and utility's costs.
37	Program Administrator Cost Cost Effectiveness Test	A cost effectiveness test that measures the net cost of CDM based on costs incurred by the program administrator, including incentive costs and excluding net costs incurred by the participant.
38	Levelized Unit Energy Cost Cost Effectiveness Test	A cost effectiveness test that normalizes the costs incurred by the program administrator per unit of energy or demand reduced.

# 2017 Final Verified Annual LDC CDM Program Results Report Letter from the Vice-President, Policy, Engagement & Innovation

June 29, 2018

To: Ontario's Local Distribution Companies

At the mid-way point of the Conservation First Framework (CFF) Ontario's Local Distribution Companies (LDCs) along with the IESO have shown significant progress towards the 2020 CFF 7.0 TWh target. The province has achieved 1.8 TWh of persisting energy savings in 2017, the highest performing year on record. Approximately 20% (\$364M) of the allocated \$1.835B CFF LDC Conservation Demand Management (CDM) budget was accounted for in 2017. From 2015, LDCs have achieved 4.8 TWh of energy savings, representing 69% of the CFF 7.0 TWh target. The savings realized to date demonstrate the significant efforts made by LDCs and the IESO in delivering and promoting conservation programs across the province.

**Key highlights from the 2017 results include:**

- The share of residential portfolio savings increased for the third consecutive year, accounting for 46% of 2017 results, while the business portfolio program contributed to 45%, and local/pilot/centrally delivered programs accounting for 9% of 2017 savings.
- The Coupon & Instant Discount residential retail program produced a record achievement of 740 GWh of persisting energy savings, increasing by over 53% of the results from 2016. LED light bulbs remained the most common measure accounting 91% of savings.
- The Retrofit program achieved 663 GWh of persisting energy savings in 2017, which represents a small reduction in savings despite completing approximately half the number projects compared to 2016 results (including adjustments). Lighting continues to represent the majority of results, representing 79% of savings in 2017.
- The Process and Systems Upgrades Program achieved 15 GWh in 2017, but also verified an additional 65 GWh in 2016 completed projects and 11 GWh in 2015 completed projects as part of this year's evaluation. Behind-the-meter generation projects account for 82% of program savings-to-date.
  - The data lag associated with unreported (yet completed) 2017 projects for the Retrofit and Process and Systems Upgrade programs remain an ongoing challenge. Together with the Heating & Cooling program, these programs have approximately 723 GWh in unverified savings yet to be reported by LDCs for which is anticipated to be reported a future verified annual results reports as 2017 adjustments.

Minor revisions were made to the final 2017 results relative to the preliminary 2017 results issued to LDCs on June 1, 2018. Details on the revisions between the 2017 preliminary and final verified results can be found in the 2017 Frequently Asked Questions (FAQs) along with key 2017 evaluation findings and province-wide and local program cost effectiveness test results posted alongside LDC results.

Consistent with prior year evaluation cycles, all 2017 final verified annual results reports will be posted on the IESO website in early July. LDC-specific cost effectiveness test results (program- and portfolio-level) will be available by September 15, 2017. Finally, 2017 EM&V reports will be available later this summer along with key program recommendations to be shared with the Joint Program Operations Committee (JPOC) and associated committees.

I look forward to the continued collaboration with LDCs and stakeholders building off lessons learned and implementing feedback from the mid-term review process to enhance current programs and future efforts.

Sincerely,

Terry Young  
Vice-President, Policy, Engagement & Innovation  
Independent Electricity System Operator

# 2017 Final Verified Annual LDC CDM Program Results Report

## Table of Contents

#	Worksheet Name	Worksheet Description
1	How to Use This Report	Describes the contents and structure of this report
2	Report Summary	<p>A high level summary of the Final 2017 Annual Verified Results Report, including:</p> <ol style="list-style-type: none"> <li>1) progress toward the LDC's:               <ol style="list-style-type: none"> <li>a) Allocated 2020 Annual Energy Savings Target;</li> <li>b) Allocated 2015-2020 LDC CDM Plan Budget;</li> <li>c) CDM Plan 2015-2020 Forecasts;</li> </ol> </li> <li>3) annual savings and spending;</li> <li>4) Annual FCR Progress;</li> <li>5) annual LDC CDM Plan spending progress;</li> <li>6) graphs describing:               <ol style="list-style-type: none"> <li>a) contribution to 2020 Target Achievement by program;</li> <li>b) 2017 LDC CDM Plan Budget Spending by Sector;</li> <li>c) annual energy savings persistence to 2020 by year;</li> <li>d) your Allocated Target achievement progress relative to your peers; and</li> <li>e) your LDC CDM Plan Budget Spending progress relative to your peers;</li> </ol> </li> </ol>
3	LDC Rankings	A comprehensive report of each LDC's performance rankings against all other LDCs in major performance categories.
4	LDC Progress	<p>A comprehensive report of 2017 conservation results including:</p> <ol style="list-style-type: none"> <li>1) activity;</li> <li>2) savings including:               <ol style="list-style-type: none"> <li>a) energy and peak demand;</li> <li>b) net and gross;</li> <li>c) CDM Plan forecasts, verified actuals and relative progress;</li> <li>d) Allocated Target and Target achievement; and</li> </ol> </li> <li>3) spending, including participant incentives and administrative expenses and IESO Value Added Services Costs.</li> </ol> <p>Data is grouped by category and summarized at the LDC level.</p>
5	Province-Wide Progress	<p>A comprehensive report of 2016 conservation results including:</p> <ol style="list-style-type: none"> <li>1) activity;</li> <li>2) savings including:               <ol style="list-style-type: none"> <li>a) energy and peak demand;</li> <li>b) net and gross;</li> <li>c) CDM Plan forecasts, verified actuals and relative progress;</li> <li>d) Allocated Target and Target achievement; and</li> </ol> </li> <li>3) spending, including participant incentives and administrative expenses and IESO Value Added Services Costs.</li> </ol> <p>Data is grouped by category and summarized at the province wide level.</p>
6	LDC Savings Persistence	A report detailing the gross and net energy and peak demand savings persistence by program and implementation year (2015, 2015 Adjustment, 2016, 2016 Adjustment and 2017) at the LDC Level.
7	Province-Wide Savings Persistence	A report detailing the gross and net energy and peak demand savings persistence by program and implementation year (2015, 2015 Adjustment, 2016, 2016 Adjustment and 2017) at the province wide Level.
8	Methodology	A description of the methods used to calculate energy savings, financial results and cost-effectiveness.
9	Reference Table	Provides detailing how Province wide Consumer Program results were allocated to specific LDCs.
10	Glossary	Definitions for the terms used throughout this report.

## 2015-2020 Conservation First Framework Programs

### Residential Province-Wide Programs

1	Save on Energy Coupon Program
2	Save on Energy Instant Discount Program
3	Save on Energy Heating & Cooling Program
4	Save on Energy New Construction Program
5	Save on Energy Home Assistance Program
<b>Sub-total: Residential Province-Wide Programs</b>	

### Business Province-Wide Programs

6	Save on Energy Audit Funding Program
7	Save on Energy Retrofit Program
8	Save on Energy Small Business Lighting Program
9	Save on Energy High Performance New Construction Program
10	Save on Energy Existing Building Commissioning Program
11	Save on Energy Business Refrigeration Incentive Program
12	Save on Energy Process & Systems Upgrades Program
13	Save on Energy Energy Manager Program
14	Save on Energy Monitoring & Targeting Program
15	Save on Energy Retrofit Program - P4P
16	Save on Energy Process & Systems Upgrades Program - P4P
<b>Sub-total: Business Province-Wide Programs</b>	

### Local & Regional Programs

17	Adaptive Thermostat Local Program
18	Business Refrigeration Incentives Local Program
19	Conservation on the Coast Home Assistance Local Program
20	Conservation on the Coast Small Business Lighting Local Program
21	First Nations Conservation Local Program
22	High Efficiency Agricultural Pumping Local Program
23	Instant Savings Local Program
24	OPSaver Local Program
25	Pool Saver Local Program
26	PUMPsaver Local Program
27	RTUsaver Local Program
28	Social Benchmarking Local Program
<b>Sub-total: Local &amp; Regional Programs</b>	

### LDC Innovation Fund Pilot Programs

29	Air Source Heat Pump – For Residential Space Heating LDC Innovation Fund Pilot Program
30	Air Source Heat Pump – For Residential Water Heating LDC Innovation Fund Pilot Program
31	Block Heater Timer LDC Innovation Fund Pilot Program
32	Commercial Energy Management and Load Control (CEMLC) LDC Innovation Fund Pilot Program
33	Conservation Cultivator LDC Innovation Fund Pilot Program
34	Data Centre LDC Innovation Fund Pilot Program
35	Electronics Take Back LDC Innovation Fund Pilot Program
36	Energy Reinvestment LDC Innovation Fund Pilot Program
37	Home Energy Assessment & Retrofit LDC Innovation Fund Pilot Program
38	Hotel/Motel LDC Innovation Fund Pilot Program
39	Intelligent Air Technology LDC Innovation Fund Pilot Program

General

All results are at the end-user level, i.e. not including losses as a result of transmission and distribution lines.  
2015 results are based on projects completed between January 1, 2015 and December 31, 2015. 2016 results are based on projects completed between January 1, 2016 and December 31, 2016, and 2017 results are based on projects completed between January 1, 2017 and December 31, 2017.  
The 2015 verified results considers projects reported to the ISO between January 1, 2015 and March 31, 2016, the 2016 verified results considers projects reported to the ISO between April 1, 2016 and April 15, 2017, the 2017 verified results considers projects reported to the ISO between April 16, 2017 and April 15, 2018.  
Legacy Framework results are based on projects began prior to an LDC's transition to the Conservation First Framework program and completed by December 31, 2015. Conservation First Framework results are based on projects begun on or after an LDC's transition to the Conservation First Framework program and projects transitioned to the Conservation First Framework through a valid Extension Agreement for eligible Programs.

Savings Calculations

#	Project Type	Attributing Savings to LDCs
1	Prescriptive Measures and Projects Programs	Gross Reported Savings * Activity * Per Unit Assumption Savings Gross Verified Savings = Gross Reported Savings * Realization Rate Net Verified Savings = Gross Verified Savings * Net-to-Gross Ratio All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)
2	Engineered and Custom Projects / Programs	Gross Reported Savings = Reported Savings Gross Verified Savings = Gross Reported Savings * Realization Rate Net Verified Savings = Gross Verified Savings * Net-to-Gross Ratio All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)
3	Adjustments to Previous Years' Verified Results	All variances from the Final Annual Results Reports from prior years will be adjusted within this report. Any variances with regards to projects counts, data lag, and calculations etc., will be made within this report. Considers the annual effect of energy savings.

Cost Determination

Costs are determined and allocated to the period based on the date the cost has been reported to the ISO regardless of when the cost was incurred.  
E.g. if an LDC reports by the December 2017 ISO Reporting Period: 1) program savings, and 2) Participant incentives, associated with a 2017 completed project, as well as 3) Administrative Expenses, then 4) the savings, 5) expenditures, and 6) corresponding cost effectiveness, are attributed to the 2017 program year.  
However if the same is reported in or after the January 2018 ISO Reporting Period: only the 4) the savings and 5) costs for the purposes of Cost Effectiveness Test calculations will be attributed to the 2017 program year; the expenditures for the purposes of spending reporting (in the Monthly Participation & Cost Report and this Verified Annual LDC CDM Program Results Report) will be allocated to the 2018 program year and will not appear.

2015-2020 Conservation First Framework

#	Program	Attributing Savings to LDCs	Project List Date	Savings 'start' Date	Calculating Resource Savings
1	Save on Energy Coupon Program	LDC coded coupons directly attributed to LDC. Otherwise results are allocated based on Consumer Program Allocation Reference Table.	April 15, 2018	Savings are considered to begin in the year in which the coupon was redeemed.	
2	Save on Energy Instant Discount Program	Results are allocated based on Consumer Program Allocation Reference Table.	April 15, 2018	Savings are considered to begin in the year in which the event occurred.	
3	Save on Energy Heating & Cooling Program	Results directly attributed to LDC based on customer applications and postal code.	April 15, 2018	Savings are considered to begin in the year that the installation occurred.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
4	Save on Energy New Construction Program	Results are directly attributed to LDC based on LDC identified in LDC Report.	April 15, 2018	Savings are considered to begin in the year of the project completion date.	
5	Save on Energy Home Assistance Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year in which the measures were installed.	
6	Save on Energy Audit Funding Program	Projects are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the audit date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
7	Save on Energy Retrofit Program	Projects are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date as reported in the LDC Report.	Peak demand and energy savings are determined by the total savings for a given project as reported in the ICEN system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (e.g. lighting or non-lighting project, engineered/custom/inscriptive track).
8	Save on Energy Small Business Lighting Program	Results are directly attributed to LDC based on the LDC specified on the work order.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover for both peak demand and energy savings at the program level (net).
9	Save on Energy High Performance New Construction Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date.	
10	Save on Energy Existing Building Commissioning Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined by the total savings for a given project as reported in the CDM LDC Report Template. Preliminary awarded net savings are calculated by multiplying reported savings by 2018 Net-to-gross ratios and realization rates.
11	Save on Energy Business Refrigeration Incentive Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date.	
12	Save on Energy Process and Systems Upgrades Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year in which the project was service.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
13	Save on Energy Energy Manager Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year in which the project was completed by the energy manager.	
14	Save on Energy Monitoring and Targeting Program	Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year in which the incentive project was completed.	

2011-2014+2015 Extension Lease Framework

#	Initiative	Attributing Savings to LDCs	Project List Date	Savings 'start' Date	Calculating Resource Savings
1	saveOnEnergy Appliance Retirement Initiative	2015 Results only. Includes both retail and home pickup streams. Retail stream allocated based on average of 2008 & 2009 residential throughput; home pickup stream directly attributed by postal code or customer selection.	April 15, 2018	Savings are considered to begin in the year the appliance is picked up.	
2	saveOnEnergy Conservation Instant Coupon Booklet	2015 Results only. LDC coded coupons directly attributed to LDC. Otherwise results are allocated based on average of 2008 & 2009 residential throughput.	April 15, 2018	Savings are considered to begin in the year in which the coupon was redeemed.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
3	saveOnEnergy B Annual Retailer Event	2015 Results only. Results are allocated based on average of 2008 & 2009 residential throughput.	April 15, 2018	Savings are considered to begin in the year in which the event occurred.	
4	saveOnEnergy HVAC Incentives	2015 Results only. Results directly attributed to LDC based on customer applications and postal code.	April 15, 2018	Savings are considered to begin in the year that the installation occurred.	
5	saveOnEnergy Residential New Construction	2015 Results only. Results are directly attributed to LDC based on LDC identified in application in the ICen system.	April 15, 2018	Savings are considered to begin in the year of the project completion date.	
6	saveOnEnergy Energy Audit	2015 Results only. Projects are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the audit date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
7	saveOnEnergy Efficiency Equipment Replacement	2015 Results only. Results are directly attributed to LDC based on LDC identified in the facility level in the ICen system. Projects in the Application Status: "Final Stage Submission" are included (including "Payment denied by LDC"). Please see page for building type to sector mapping.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date in the ICEN system.	Peak demand and energy savings are determined by the total savings for a given project as reported in the ICEN system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (e.g. lighting or non-lighting project, engineered/custom/inscriptive track). Additional notes: project counts were derived by filtering out invalid initiatives (e.g. Peak Project Submission - Payment denied by LDC and only including projects with an "Actual Project Completion Date" in 2015).
8	saveOnEnergy Direct Installed Lighting	2015 Results only. Results are directly attributed to LDC based on the LDC specified on the work order.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover for both peak demand and energy savings at the program level (net).
9	saveOnEnergy New Construction and Major Renovation Incentive	2015 Results only. Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined by the total savings for a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
10	saveOnEnergy Existing Building Commissioning Incentive	2015 Results only. Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined by the total savings for a given project as reported in the ICEN system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
11	saveOnEnergy Process & Systems Upgrades	2015 Results only. Results are directly attributed to LDC based on LDC identified in application.	April 15, 2018	Savings are considered to begin in the year in which the incentive project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&B protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).
12	saveOnEnergy Energy Manager	2015 Results only. Results are directly attributed to LDC based on LDC identified in application.	April 15, 2018	Savings are considered to begin in the year in which the project was completed by the energy manager. If no date is specified the savings will begin the year of the Quarterly Report submitted by the energy manager.	
13	saveOnEnergy Monitoring & Targeting	2015 Results only. Results are directly attributed to LDC based on LDC identified in application.	April 15, 2018	Savings are considered to begin in the year in which the incentive project was completed.	
14	saveOnEnergy Home Assistance Program	2015 Results only. Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year in which the measures were installed.	Peak demand and energy savings are determined using the measure level per unit assumption multiplied by the uptake of each measure (gross), taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.
15	Aboriginal Consumption Program	2015 Results only. Results are directly attributed to LDC based on LDC identified in the application.	April 15, 2018	Savings are considered to begin in the year in which the measures were installed.	
16	Program Enabled Savings	2015 Results only.	April 15, 2018	Savings are considered to begin in the year in which the measures were installed.

# 2017 Final Verified Annual LDC CDM Program Results Report

## Glossary

Niagara Peninsula Energy Inc.  
 EB-2020-0040  
 Filed: August 31, 2020  
 341 of 1407

#	Term	Definition
<b>Reporting Terms</b>		
1	Forecast	An LDCs' forecast of program activity, savings, net-to-gross adjustments, expenditures and cost effectiveness as indicated in each LDC's submitted CDM Plan Cost Effectiveness Tools. Forecasts at the province wide level are the sum of all LDCs' forecasts.
2	Reported	Program activity savings and expenditures as determined by the LDC. For savings: 1) for prescriptive projects/programs: calculating quantity x prescriptive savings assumptions; and 2) for engineered or custom program projects/programs: calculated using prescribed methodologies.
3	Verified	The IESO's annually EM&V assessed program activity, savings, net-to-gross, expenditures and cost effectiveness. Preliminary Verified results are provided by June 1st of each year and Final Verified results are provided by July 1st of each year.
4	Adjustment	Verified results that were achieved in previous years but were not provided in a previous years' Annual Verified Results Report.
5	Progress or Comparison	An assessment of Actual results versus Verified results.
<b>Framework Terms</b>		
6	2011-2014+2015 Extension Legacy Framework	Programs in market from 2011-2015 resulting from the April 23, 2010 GEA CDM Ministerial Directive and funded separately from 2015-2020 Conservation First Framework Programs but whose savings in 2015 are attributed towards the 2015-2020 Conservation First Framework target.
7	2015-2020 Conservation First Framework	Programs in market from 2015-2020 resulting from the March 31, 2014 CFF Ministerial Directive and funded separately from 2011-2014+2015 Extension Legacy Framework Programs.
8	LDC Innovation Fund	A source of funding under the 2015-2020 Conservation First Framework separate from LDC CDM Plan Budgets that the IESO maintains to support LDC led program design and market testing of new initiatives. Savings from LDC Innovation Fund pilot programs contribute to the LDCs savings targets based on the LDC service territory the pilot program is delivered in.
9	Conservation Fund	A source of funding external to the 2015-2020 Conservation First Framework that provides financial support for innovative electricity conservation technologies, practices, research, and pilot programs. Savings from Conservation Fund pilot programs contribute to the LDCs savings targets based on the LDC service territory the pilot program is delivered in.
<b>Programs Terms</b>		
10	Program	A Conservation & Demand Management offering focusing on a particular opportunity or customer end-use (e.g. Coupon; or Retrofit;) from the 2015-2020 Conservation First Framework.
11	Province-Wide Program	Programs available to all LDCs to deliver and that are consistent across the province.
12	Regional Program	Programs designed by LDCs to serve their region and approved by the IESO.
13	Local Program	Programs designed by LDCs to serve their communities and approved by the IESO.
14	Pilot Program	A program pilot that may achieve energy or demand savings and is funded separately from an LDC's CDM Plan Budget.
15	Initiative	A Conservation & Demand Management offering focusing on a particular opportunity or customer end-use (e.g. Fridge & Freezer Pickup) from the 2011-2014+2015 Extension Legacy Framework.
<b>Activity Terms</b>		
16	Participation	A measure of the level of program participation, such as number of projects, homes, equipment, etc..
17	Unit of Measure	For a specific initiative the relevant type of participation acquired in the market place (e.g. appliances picked up; coupon products installed; HVAC equipment installed; audits performed; or projects completed;).

Savings Terms		
18	Energy Savings	Energy savings attributable to conservation and demand management activities.
19	Peak Demand Savings	Peak Demand savings attributable to conservation and demand management activities, as determined by the IESO's EM&V Protocols.
20	Incremental Savings	The energy or peak demand savings newly attributable to activity procured in a particular reporting period based on when the savings are considered to 'start'.  Savings attributed to activity performed or completed in 2016 are presented as 2016 savings.
21	First Year Savings	The energy or peak demand savings that occur in the year it was achieved (includes resource savings from only new program activity).
22	Annual Savings	The energy or peak demand savings that occur in a given year (includes resource savings from new program activity and resource savings persisting from previous years).
23	Gross Savings	The energy or peak demand savings that have been reported based on a conservation and demand management program's participation tracking.
24	Net Savings	The energy or peak demand savings attributable to conservation and demand management activities, net of free-riders, spillover, etc.
25	Realization Rate	A comparison of originally reported savings and observed or measured savings that adjusts reported savings to arrive at verified savings. Accounts for discrepancies such as audited measure counts; adjustment for connected demand savings to peak demand savings; etc.
26	Net-to-Gross Adjustment	The ratio of net savings to gross savings, which takes into account factors such as free-ridership, spillover, etc.
27	Free-ridership	The percentage of participants who would have implemented the program measure or practice in the absence of the program.
28	Spillover	Reductions in energy consumption and/or demand caused by the presence of the energy efficiency program, beyond the program-related gross savings of the participants. There can be participant and/or non-participant spillover.
29	Allocated Target	Each LDC's assigned portion of the Province's 7 TWh Net 2020 Annual Energy Savings Target of the 2015-2020 Conservation First Framework.

Costs Terms		
30	Participant Incentive	Costs incurred in the delivery of a program related to incenting participants to perform peak demand or energy savings.
31	LDC Administrative Expense	Costs reported by the LDC in the delivery of a program related to labour, marketing, third-party expenses, etc.
32	IESO Value Added Services Cost	Costs incurred by the IESO's Value Added Service Provider related to associated programs (Coupons and Heating & Cooling), and charged to the LDC in which the programs's activity took place.
33	Total Administrative Expense	The sum of LDC Administrative Expense and IESO Value Added Services Cost.
34	Delivery Cost	The sum of Total Administrative Expenses and Participant Incentives.  All costs are presented based on the period reported by LDCs to the IESO, not necessarily associated with reported activity.  E.g. if an LDC reports by the December 2016 IESO Reporting Period: 1) program savings; 2) Participant Incentives; and 3) Administrative Expenses associated with a 2016 completed project, then: a) the savings; b) expenditures; and c) corresponding cost effectiveness; are attributed to the 2016 program year.  However if the same is reported in or after the January 2017 IESO Reporting Period: i) the savings will be attributed to the 2016 program year; ii) the expenditures will be attributed to the 2017 program year and will not appear in the 2016 Verified Results Report; but iii) the project's Participant Incentives will be used to calculate 2016 Cost Effectiveness;
35	Allocated Budget	Each LDC's assigned portion of the Province's \$ 1.835 billion CDM Plan Budget of the 2015-2020 Conservation First Framework.

Cost Effectiveness Terms		
36	Total Resource Cost Cost Effectiveness Test	A cost effectiveness test that measures the net cost of CDM based on the total costs of the program including both participants' and utility's costs.
37	Program Administrator Cost Cost Effectiveness Test	A cost effectiveness test that measures the net cost of CDM based on costs incurred by the program administrator, including incentive costs and excluding net costs incurred by the participant.
38	Levelized Unit Energy Cost Cost Effectiveness Test	A cost effectiveness test that normalizes the costs incurred by the program administrator per unit of energy or demand reduced.

# Program Participation & Cost Report

## Message from the IESO Reporting Team

The IESO is pleased to provide LDCs with the Monthly Program Participation & Cost Report.

This report is generally posted on the IESO LDC Extranet by the Friday of the week following the 15th of each month. The report provides province-wide and LDC specific program participation and costs to the extent known based on information received by the IESO from all distribution companies and IESO Value Added Service Provider.

The Monthly Program Participation & Cost Report includes preliminary, unverified results based on information received by the IESO. Upon verification of project information through the IESO Evaluation, Measurement and Verification (EM&V) process, results will be reported as 'verified'. Performance against CDM Plan information is also available in this report and is based on the LDC's approved CDM Plan as at the end of the reporting period. Where two or more LDCs have submitted a joint CDM Plan, the IESO will provide a Monthly Program Participation & Cost Report for each LDC included in the CDM Plan.

The IESO strives to improve on the current reporting processes to provide meaningful and timely information to LDCs. Your feedback is encouraged and appreciated. Should you have any feedback, questions or comments on this report please contact us at [LDC.Support@ieso.ca](mailto:LDC.Support@ieso.ca).

# Program Participation & Cost Report

## Table of Contents

#	Worksheet Name	Worksheet Description
1	Cover Letter	Provides an overview of the IESO Value Added Services Report.
2	How to Use This Report	Describes the contents and structure of this report.
3	LDC Summary	A high level summary of the Program Participation & Cost Report, including: 1) Progress toward the LDC's a) Allocated 2020 Energy Savings Target; b) Allocated 2015-2020 LDC CDM Plan Budget; c) CDM Plan 2015-2020 Forecasts; 2) Annual savings and spending; 3) Annual LDC CDM Plan spending progress; 4) Graphs describing: a) Contribution to 2020 Target Achievement by program; b) Program to Date LDC CDM Plan Budget Spending by Sector; c) Annual energy savings persistence to 2020 by year; d) Allocated Target achievement progress relative to other LDCs; and e) LDC CDM Plan Budget Spending progress relative to other LDCs.
4	LDC Progress	A comprehensive report of 2015-20 conservation results including: 1) Activity; 2) Savings including: a) Net Energy; b) CDM Plan forecasts, verified actuals and relative progress; c) Allocated Target and Target achievement; and 3) Spending, including participant incentives and administrative expenses.
5	Province-Wide Summary	A high level summary of the Program Participation & Cost Report, including: 1) Progress toward the Province's a) Allocated 2020 Energy Savings Target; b) Allocated 2015-2020 LDC CDM Plan Budget; c) Savings and Spending 2015-2020 Forecasts; 2) Centrally Delivered Spending and Budget 3) LDCs who are forecasted to be over 2015-2020 allocated budget
6	Province-Wide Progress	A comprehensive report of 2015-20 conservation results including: 1) Activity; 2) Savings including: a) Net Energy; b) CDM Plan forecasts, verified actuals and relative progress; c) Allocated Target and Target achievement; and 3) Spending, including participant incentives and administrative expenses.
7	IESO VAS and CD Costs	Insight into the spending and savings of Centrally Delivered Programs and non-program related items.
8	Retrofit Multi-Site Applications	Provision of the LDCs and the Province-Wide aggregated Multi-Site Application activity and costs for each year of the Save on Energy Retrofit Program.
9	Methodology	Description of the methods used to calculate energy savings, financial results and cost-effectiveness.
10	Reference Tables	Consumer Program Province-Wide results allocation to specific LDCs.
11	Glossary	Definitions for the terms used throughout this report.

# Program Participation & Cost Report

## How to Use This Report

The IESO is pleased to provide you with the Monthly Participation and Cost Report.

This report provides:

- 1) program participation;
- 1) electricity savings; and
- 2) costs

to the extent known based on information received by the IESO in accordance with Section 9.2(c)(i) of the Energy Conservation Agreement.

In addition to the above, this report also provides in greater detail:

- 1) program participation results including:
  - a) forecasts; b) actuals; and c) progress (forecast versus (vs) actuals);
- 2) program savings results including:
  - a) net 2020 annual energy savings;
  - b) allocated target, target achievement and progress towards target;
  - c) incremental net first year energy savings;
 and where available reported by: i) forecasts; ii) unverified and verified actuals; and iii) progress (forecast vs actuals);
- 3) program spending including:
  - a) participation incentive spending;
  - b) administrative expense spending (including IESO value-added services costs);
  - c) aggregated total spending;
 and for each cost: i) forecasts; ii) unverified and verified actuals; and iii) progress (forecast vs actuals);

by both the LDC specific level and the province wide aggregated level.  
 This report's format is a dynamic sheet that can be expanded or collapsed by clicking the + button or "Show Detail" feature under the Data tab. Each of the results categories listed above have been grouped together for easy accessibility.

	+	+	+	+	+	+	
L	AD	AW	CD	CV	DA	DF	D
	ental) >	ental) >	Date) >	Date) >	Date) >	Date) >	

Please note:

- 1) Cost Effectiveness Test (CET) results including:
  - a) total resource cost test;
  - b) program administration cost test;
  - c) levelized unit energy cost test;
 will not be available for the 2015 program year in this report but will be provided to LDCs once available.
- 2) forecasts of: a) activity; b) savings; and c) spending; included in this report are based on LDC submitted and IESO approved CDM Plan - Cost Effectiveness Tools as of the end of the reporting month.
  - (from the i) Program Design; ii) Budget Inputs; iii) Savings Results; and iv) CE Results; worksheets);
 Please note that this does not contain data for Legacy Framework program spending or CFF pilot program activity, savings, spending or cost effectiveness.
- 3) Annual FCR Progress only includes Full Cost Recovery funded program savings. In future reports, any Pay-for-Performance funded programs will be reported as a separate line item.
- 4) The complete list of programs and pilots launched into market in 2015 has been included, however no programs and pilots were in market for a sufficient period of time to enable a valid EM&V process. Therefore these programs and pilots have nothing to report at this time and have cells greyed out rather than reporting zero savings or spending. Any results in 2015 will be determined in a subsequent EM&V process and will be included in a future year's Annual Verified Results Report as a 2015 adjustment;
- 5) Pilot program savings are attributed to the LDC where the pilot program project is located in; and
- 6) This Monthly Participation and Cost Report provides results for the LDC and province only. No aggregated reporting is provided for LDCs that are part of a joint CDM plan.

# Program Participation & Cost Report Summary

**Niagara Peninsula Energy Inc.**  
As of: **15-Apr-19**

	<b>CDM Plan</b>	<b>vs</b>	<b>Allocated</b>	<b>Paid Pre-Funding</b>
<b>CFF Target (kWh):</b>	74,439,999		74,442,710	
<b>CFF Budget:</b>	\$19,056,865		\$19,056,865	\$795,237

## Summary of Performance Metrics

	2019 CDM Results	2019 CDM Plan %	6-year CDM Results	6-year CDM Plan %	6-year Allocated %
Net Energy Savings (kWh) as at 2020	518,012	3%	53,499,595	71.9%	71.9%
Total Actual Spending (\$)	\$ 557,523	11%	\$ 8,329,631	43.7%	43.7%
Cost-effectiveness: Total Resource Cost Test (Ratio)	2.32		1.97		
Cost-effectiveness: Program Administrator Cost Test (Ratio)	3.42		2.96		
Cost-effectiveness: Levelized Unit Electricity Cost (\$/kWh)	0.02		0.02

## Province Wide Dashboard High Level Summary

as of: 15-Apr-19

### LDCs and IESO Centrally Delivered

6.06 TWh achieved to date. 82% of allocated target and 16% ahead of CDM plans.

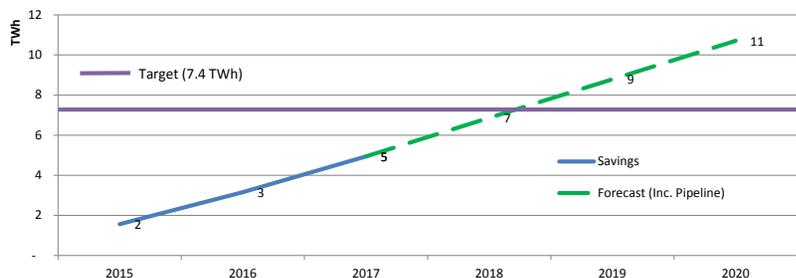

\$1268.1 million spent to date. 52% of allocated budget and 19% behind CDM plans.

### IAP

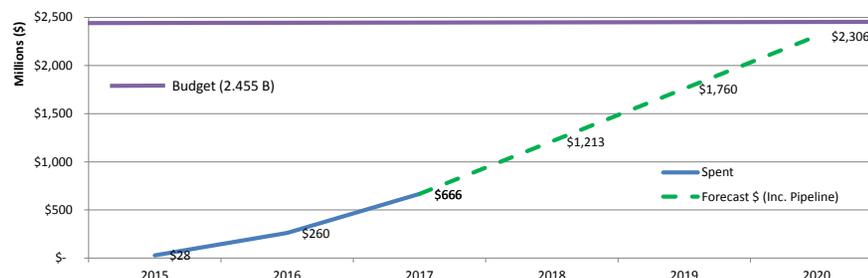

0.42 TWh achieved to date. 32% of allocated target.

\$69.3 million spent to date. 27% of allocated budget.

Savings Summary (LDCs and IESO Centrally Delivered)

Spending Summary (LDCs and IESO Centrally Delivered)

LDCs Forecasted Spending in millions at 2020 (excluding First Nations)

	Allocated	Forecast	%
1 Milton Hydro Distribution Inc.	\$11.91	\$19.03	160%
2 Halton Hills Hydro Inc.	\$8.39	\$11.99	143%
3 EnWin Utilities Ltd.	\$38.42	\$48.31	126%
4 Tillsonburg Hydro Inc.	\$2.88	\$2.89	100%
5 Northern Ontario Wires Inc.	\$1.17	\$1.45	123%
6 Essex Powerlines Corporation	\$8.53	\$12.12	142%

8 Brantford Power Inc.	\$16.55	\$17.84	108%
9 Midland Power Utility Corporation	\$2.74	\$2.57	94%
10 Orillia Power Distribution Corporation	\$4.32	\$4.46	103%
11 PUC Distribution Inc.	\$7.44	\$7.30	98%
12 London Hydro Inc.	\$51.19	\$49.80	97%
13 Hydro Ottawa Limited	\$105.24	\$92.54	88%
14 Algoma Power Inc.	\$2.11	\$1.93	92%
15 Erie Thames Powerlines Corporation	\$7.11	\$14.22	200%
16 Oakville Hydro Electricity Distribution Inc.	\$24.58	\$25.30	103%
17 Hydro One Networks Inc.	\$338.36	\$348.59	103%
18 Renfrew Hydro Inc.	\$1.07	\$1.03	96%
19 Burlington Hydro Inc.	\$25.83	\$25.77	100%

Central Services Spending in millions

	Total Actual	Budget
CFF Labour	\$2.04	\$5.40
Technical Services (to include tech reviewer)	\$36.36	\$77.40
IESO Infrastructure (IS, IT, CRM, Call Centre)	\$6.73	\$14.71
LDC Innovation Fund (Not including Whole Home)	\$13.09	\$30.64
Collaboration Fund	\$4.60	\$12.22
Capability Building, National Accounts & Energy Managers	\$4.77	\$37.03
Province Wide Marketing & Market Research	\$35.65	\$55.73
LDC Performance Incentives (MTI/ATI/ETI)	\$68.04	\$128.50
Centrally Delivered Programs Total	\$27.92	\$255.01
Centrally Delivered Provincial Total	\$199.21	\$616.64

### Assumptions

Forecast (Deal Days): Assume savings/spending for 1 event a year.  
 Pipeline: Includes discounted Retrofit data in the pipeline and all PSUP and IAP projects.  
 Forecasts are a linear based on past performance, aside from large PSUP and IAP projects.  
 Forecasts include pipeline information as well as verified and unverified data.  
 Forecasts for savings are based on a 6 years, spending is based on a 5 years (legacy extension).

## Program Participation & Cost Report

IESO Value Added Services Costs and Centrally Delivered Costs

### Niagara Peninsula Energy Inc.

Unless otherwise stated, all values are unverified

Year end adjustments for invalid coupons that didn't align with retailer sales data are done in the Decembers IESO reporting period.

\*The IESO adjusted values reported as Value Added Services Unverified Adjustments from Previous Years to discount savings reported as verified savings from previous years.

	Activity	Measures Installed	Net Incremental Energy Savings (kWh)	Administrative Expenses (Variable)	Participant Incentives	Total Value Added Services Spending	
Provincial Value Added Services Actuals for the period	Coupon Total	Measures	38,087,165	1,035,550,189	\$ 10,575,058	\$ 101,323,731	\$ 111,898,788

Spending (Year to Date) ^

**Program Participation & Cost Report**  
Methodology

**General**

All results are at the end-user level (not including transmission and distribution losses).

**Forecasting**

Forecasting is a linear formulae used to predict savings and spending. Savings are based on a 72 month period, spending is based on a 60 month period because of the legacy extension year. Savings and spending are calculated the same aside from the ratio used for the denominator to determine how many more months should be projected forewards (\$ uses 60 months, kWh uses 72 months as described above). Forecasting is calculated as follows:

(V  
eri  
Pipeline: For Retrofit the pipeline data is based on projects not already submitted.

Pre stage application status' are discounted based on created year. If today date less the creation data is 3 years or older, the discount rate is a random number between 99% - 100%, 2 years 92% - 100%, 1 year 70% - 100%

Discount rates were established based on an analysis conducted by the IESO including all province wide Retrofit data spanning from 2014 onward.

Retrofit Post stage applications and PSUI applications are not discounted at all.

Instant Discounts is projected forward based on 2018 results but discounted by half, then added back into the forecast.

Instant Discounts savings are expected to be reduced by half as there is only 1 event a year projected for Instant Discounts as oppose to 2 that was in 2018.

Coupons Program is removed from future projections as the program is discontinued. It is then added back into the forecast similar to PSUI.

**Savings Calculations**

#	Project Type	Equations
1	Prescriptive Measures and Projects Programs	Gross Reported Savings = Activity * Per Unit Assumption Savings Gross Verified Savings = Gross Reported Savings * Realization Rate Net Verified Savings = Gross Verified Savings * Net-to-Gross Ratio All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)
2	Engineered and Custom Projects / Programs	Gross Reported Savings = Reported Savings Gross Verified Savings = Gross Reported Savings * Realization Rate Net Verified Savings = Gross Verified Savings * Net-to-Gross Ratio All savings are annualized (i.e. the savings are the same regardless of time of year a project was completed or measure installed)
3	Adjustments to Previous Years' Verified Results	All variances from the Final Annual Results Reports from prior years will be adjusted within this report. Any variances with regards to projects counts, data lag, and calculations etc., will be made within this report. Considers the annual effect of energy savings.

**2011-2014+2015 Extension Legacy Framework Initiatives**

#	Initiative	Attributing Savings to LDCs	Savings 'start' Date	Calculating Resource Savings	Project Count
1	saveONenergy Conservation Instant Coupon Booklet	LDC-coded coupons directly attributed to LDC. Otherwise results are allocated based on average of 2008 & 2009 residential throughput.	Savings are considered to begin in the year in which the coupon was redeemed.		
2	saveONenergy Bi-Annual Retailer Event	Results are allocated based on average of 2008 & 2009 residential throughput.	Savings are considered to begin in the year in which the event occurs.		
3	saveONenergy Appliance Retirement	Includes both retail and home pickup stream. Retail stream allocated based on average of 2008 & 2009 residential throughput. Home pickup stream directly attributed by postal code or customer selection.	Savings are considered to begin in the year the appliance is picked up.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.	
4	saveONenergy HVAC Incentives	Results directly attributed to LDC based on customer applications and postal code.	Savings are considered to begin in the year that the installation occurred.		
5	saveONenergy Residential New Construction	Results are directly attributed to LDC based on LDC identified in application in the iCon system.	Savings are considered to begin in the year of the project completion date.		
6	saveONenergy Energy Audit	Projects are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year of the audit date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).	
7	saveONenergy Efficiency: Equipment Replacement	Results are directly attributed to LDC based on LDC identified at the facility level in the iCon system. Projects in the Application Status: "Post-Stage Submission" are included (excluding "Payment denied by LDC"); Please see page 10f Building type to Sector mapping. Additional Note: project counts were derived by filtering out invalid statuses (e.g. Post-Project Submission - Payment denied by LDC) and only including projects with an "Actual Project Completion Date" in 2014)	Savings are considered to begin in the year of the actual project completion date in the iCon system.	Peak demand and energy savings are determined by the total savings for a given project as reported in the iCon system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (i.e. lighting or non-lighting project, engineered/custom/prescriptive track).	Based on project completion date. Count is based of the unit of measurement shown beside the program name. Eg Retrofit is the count of Projects.
9	saveONenergy Direct Installed Lighting	Results are directly attributed to LDC based on the LDC specified on the work order.	Savings are considered to begin in the year of the actual project completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumptions multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings take into account net-to-gross factors such as free-ridership and spillover for both peak demand and energy savings at the program level (net).	
10	saveONenergy New Construction and Major Renovation Incentive	Results are directly attributed to LDC based on LDC identified in the application.		Peak demand and energy savings are determined by the total savings for a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).	
11	saveONenergy Existing Building Commissioning Incentive				
12	saveONenergy Process & System Upgrades		Savings are considered to begin in the year in which the	Peak demand and energy savings are determined by the	

13	saveONenergy Monitoring & Targeting	Results are directly attributed to LDC based on LDC identified in application.	Incentive project was completed.	total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).	
14	saveONenergy Energy Manager		Savings are considered to begin in the year in which the project was completed by the energy manager. If no date is specified the savings will begin the year of the Quarterly Report submitted by the energy manager.		
14	saveONenergy Home Assistance Program	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the measures were installed.	Peak demand and energy savings are determined using the measure level per unit assumption multiplied by the uptake of each measure (gross), taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.	
15	Aboriginal Conservation Program				

2015-2020 Conservation First Framework Programs

#	Program	Attributing Savings to LDCs	Savings 'Start' Date	Calculating Resource Savings	Project Count
1	Save on Energy Coupon Program	LDC-coded coupons directly attributed to LDC; Otherwise results are allocated based on average of 2008 & 2009 residential throughput.	Savings are considered to begin in the year in which the coupon was redeemed.		
2	Save on Energy Heating and Cooling Program	Results directly attributed to LDC based on customer applications and postal code. LDCs may see additional participation, savings and spending relative to the March 2016 Value Added Services Report due to previously unassigned applications completed in 2015. Adjustments to reflect final 2015 verified participation will appear in your July 2016 Value Added Services Report to be issued on August 15, 2016	Savings are considered to begin in the year that the installation occurred.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.	
3	Save on Energy New Construction Program	Results are directly attributed to LDC based on LDC identified in CDM LDC Report Template.	Savings are considered to begin in the year of the project completion date.		
4	Save on Energy Home Assistance Program	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the measures were installed.		
5	Save on Energy Audit Funding Program	Projects are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year of the audit date.	Peak demand and energy savings are determined by the total savings resulting from an audit as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).	Based on project completion date. Count is the number of line items (rows) that are entered into the "Program Activity Information" tab in the LDC Report Template.
6	Save on Energy Retrofit Program	Results are directly attributed to LDC based on LDC identified at the facility level in the saveOnEnergy CRM: Projects in the Application Status: "Post-Stage Submission" are included (excluding "Payment denied by LDC"); Please see page for Building type to Sector mapping.	Savings are considered to begin in the year of the actual project completion date as reported in the CDM LDC Report Template	Peak demand and energy savings are determined by the total savings for a given project as reported in the ICON system (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net). Both realization rate and net-to-gross ratios can differ for energy and demand savings and depend on the mix of projects within an LDC territory (i.e. lighting or non-lighting project, engineered/custom/prescriptive track).	
7	Save on Energy Small Business Lighting Program	Results are directly attributed to LDC based on the LDC specified on the work order.	Savings are considered to begin in the year of the actual project completion date. Count is based off the actual completion date.	Peak demand and energy savings are determined using the verified measure level per unit assumptions multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings take into account net-to-gross factors such as free-ridership and spillover for both peak demand and energy savings at the program level (net).	
8	Save on Energy High Performance New Construction Program	Results are directly attributed to LDC based on LDC identified in the application.		Peak demand and energy savings are determined by the total savings for a given project as reported in the CDM LDC Report Template. Preliminary unverified net savings are calculated by multiplying reported savings by 2014 Net-to-gross ratios and realization rates.	Based on project completion date. Could be a future completion date as incentives are paid before the project is completed.
9	Save on Energy Existing Building Commissioning Program				Based on project completion date.
10	Save on Energy Process and Systems Upgrades Program	Results are directly attributed to LDC based on LDC identified in application.	Savings are considered to begin in the year in which the project was in-service.		Count is the number of line items (rows) that are entered into the "Program Activity Information" tab in the LDC Report Template.
11	Save on Energy Monitoring and Targeting Program	Results are directly attributed to LDC based on LDC identified in the application; Initiative was not evaluated, no completed projects in 2011, 2012 or 2013.	Savings are considered to begin in the year in which the incentive project was completed.	Peak demand and energy savings are determined by the total savings from a given project as reported (reported). A realization rate is applied to the reported savings to ensure that these savings align with EM&V protocols and reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings takes into account net-to-gross factors such as free-ridership and spillover (net).	Based on project completion date. Could be a future completion date as incentives are paid before the project is completed.
12	Save on Energy Energy Manager Program	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the project was completed by the energy manager. If no date is specified the savings will begin the year of the Quarterly Report submitted by the energy manager.		Based on project completion date. Could be a future completion date as incentives are paid before the project is completed.
13	Business Refrigeration Incentive Program		Savings are considered to begin in the year in which the measures were installed.	Peak demand and energy savings are determined using the verified measure level per unit assumptions multiplied by the uptake of each measure accounting for the realization rate for both peak demand and energy to reflect the savings that were actually realized (i.e. how many light bulbs were actually installed vs. what was reported) (gross). Net savings take into account net-to-gross factors such as free-ridership and spillover for both peak demand and energy savings at the program level (net).	Based on project completion date. Count is the number of line items (rows) that are entered into the "Program Activity Information" tab in the LDC Report Template.
14	Social Benchmarking Program	Results are directly attributed to LDC based on LDC identified in the application.	Savings are considered to begin in the year in which the report was sent.	Peak demand and energy savings are determined using the verified measure level (home) per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level (home).	
15	First Nations Conservation Program		Savings are considered to begin in the year in which the measures were installed.	Peak demand and energy savings are determined using the verified measure level per unit assumption multiplied by the uptake in the market (gross) taking into account net-to-gross factors such as free-ridership and spillover (net) at the measure level.	

IESO Value Added Services Costs

- 1) IESO Value Added Services Costs are based on activity reported as of March 31, 2016.
- 2) Save on Energy Heating & Cooling Program activity may be greater than the March 2016 IESO Value Added Services Report due to previously unassigned applications being assigned to LDCs through the Evaluation, Measurement & Verification Process based on updated applicant postal code mappings. These additional applications and costs will be reflected in the July 2016 IESO Value Added Services Report.
- 3) Future years may include adjustments to prior years based on delays of Value-Added Service report submissions to IESO from IESO Value-Added Service providers.
- 4) IESO Value Added Services costs are calculated based on the prevailing IESO Value Added Services Rates as per the applicable IESO Central Services Strategy and Rate Guideline.

Results can be allocated based on average of 2008 & 2009 residential throughput for each LDC (below) when additional information is not available. Source: OEB Yearbook Data 2008 & 2009

# Program Participation & Cost Report

## Glossary

#	Term	Definition
1	2011-2014+2015 Extension Legacy Framework Programs	Programs in market from 2011-2015 resulting from the April 23, 2010 GEA CDM Ministerial Directive and funded separately from 2015-2020 Conservation First Framework Programs but whose savings in 2015 are attributed towards the 2015-2020 Conservation First Framework target.
2	2015-2020 Conservation First Framework Programs	Programs in market from 2015-2020 resulting from the March 31, 2014 CFF Ministerial Directive and funded separately from 2011-2014+2015 Extension Legacy Framework Programs.
3	Allocated Target	Each LDC's assigned portion of the Province's 7 TWh Net 2020 Annual Energy Savings Target of the 2015-2020 Conservation First Framework.
4	Allocated Budget	Each LDC's assigned portion of the Province's \$ 1.835 billion CDM Plan Budget of the 2015-2020 Conservation First Framework.
5	Province-Wide Program	Programs available to all LDCs to deliver and that are consistent across the province.
6	Regional Program	Programs designed by LDCs to serve their region and approved by the IESO.
7	Local Program	Programs designed by LDCs to serve their communities and approved by the IESO.
8	Pilot Program	A program pilot that may achieve energy or demand savings and is funded extraneous to an LDC's CDM Plan Budget.
9	Initiative	A Conservation & Demand Management offering focusing on a particular opportunity or customer end-use (i.e. Retrofit, Fridge & Freezer Pickup) from the 2011-2014+2015 Extension Legacy Framework.
10	Program	A Conservation & Demand Management offering focusing on a particular opportunity or customer end-use (i.e. Retrofit, Fridge & Freezer Pickup) from the 2015-2020 Conservation First Framework.
11	Activity	The number of projects.

12	Unit	For a specific initiative the relevant type of activity aggregated in the market place (i.e. appliances picked up, projects completed, coupons redeemed).
13	Forecast	LDC's forecast of activity, savings, expenditures and cost effectiveness as indicated in each LDC's submitted CDM Plan Cost Effectiveness Tools.
14	Actual	The IESO determined final results of activity, savings, expenditures and cost effectiveness.
15	Progress	A comparison of Actuals versus Forecasts.
16	Full Cost Recovery Progress	For a given year, the percentage calculated by dividing: a) the sum of verified electricity savings for all years of the term up to and including the applicable year for all Programs that receive full cost recovery funding, by b) the Cumulative FCR Milestone, multiplied by 100%, as specified in Schedule A of the Energy Conservation Agreement.
17	Reported Savings	Savings determined by the LDC: 1) for prescriptive projects/programs: calculating quantity x prescriptive savings assumptions; and 2) for engineered or custom program projects/programs: calculated using prescribed methodologies.
18	Verified Savings	Savings determined by the IESO's evaluation, measurement and verification that may adjust reported savings by the realization rate.
19	Gross Savings	Savings determined as either: 1) program activity multiplied by per unit savings assumptions for prescriptive programs; or 2) reported savings multiplied by the realization rate for engineered or custom program streams.
20	Net Savings	The peak demand or energy savings attributable to conservation and demand management activities net of free-riders, etc.
21	Realization Rate	A comparison of observed or measured (evaluated) information to original reported savings which is used to adjust the gross savings estimates.
22	Net-to-Gross Adjustment	The ratio of net savings to gross savings, which takes into account factors such as free ridership and spillover.
23	Free-ridership	The percentage of participants who would have implemented the program measure or practice in the absence of the program.

24	Spillover	Reductions in energy consumption and/or demand caused by the presence of the energy efficiency program, beyond the program-related gross savings of the participants. There can be participant and/or non-participant spillover.
25	Incremental Savings	The new resource savings attributable to activity procured in a particular reporting period based on when the savings are considered to 'start'.
26	First Year Savings	The peak demand or energy savings that occur in the year it was achieved (includes resource savings from only new program activity).
27	Annual Savings	The peak demand or energy savings that occur in a given year (includes resource savings from new program activity and resource savings persisting from previous years).
28	Demand Savings	Demand savings attributable to conservation and demand management activities.
29	Energy Savings	Energy savings attributable to conservation and demand management activities.
30	Administrative Expenses	Costs incurred in the delivery of a program related to labour, marketing, third-party expenses, value added services or other central services.
31	Participant Incentives	Costs incurred in the delivery of a program related to incenting participants to perform peak demand or energy savings.
32	Total Expenditure	The sum of Administrative Expenses and Participant Incentives
33	Total Resource Cost Cost Effectiveness Test	A cost effectiveness test that measures the net cost of CDM based on the total costs of the program including both participants' and utility's costs.
34	Program Administrator Cost Cost Effectiveness Test	A cost effectiveness test that measures the net cost of CDM based on costs incurred by the program administrator, including incentive costs and excluding net costs incurred by the participant.
35	Levelized Unit Energy Cost Cost Effectiveness Test	A cost effectiveness test that normalizes the costs incurred by the program administrator per unit of energy or demand reduced.

**PRIVATE AND CONFIDENTIAL**

Suzanne Wilson  
Niagara Peninsula Energy Inc.  
7447 Pin Oak Drive  
Niagara Falls ON L2E 6S9

June 17, 2019

Dear Ms. Wilson:

**Corporate Income Tax Returns**

We have enclosed the following income tax returns of Niagara Peninsula Energy Inc. (the "Company") for the year ended **December 31, 2018**:

- |  |
|--|
| <input checked="" type="checkbox"/> T2 – Corporation Income Tax Return – EXEMPT  |
| <input checked="" type="checkbox"/> T183 Information Return For Corporations Filing Electronically (Federal – to be e-filed with CRA) - Exempt |
| <input checked="" type="checkbox"/> T2 – Corporation Income Tax Return (to be filed with Ministry of Finance) – PILS                           |
| <input checked="" type="checkbox"/> Instalment Schedule  |
| <input checked="" type="checkbox"/> One copy of each return for your files   |

We have prepared these returns based on our understanding of the information provided to us by the Company and we recommend that you review the returns to ensure that all of the relevant facts are properly disclosed. When you are satisfied that the returns are in order, one copy of each return should be retained for your records (the copy stamped "Client Copy") and the remaining copies should be completed by an authorized signing officer of the Company and filed as described below.

**DUE DATE OF RETURNS AND PAYMENTS**

All returns must be filed with the respective taxing authorities by the due date if late filing penalties are to be avoided. We suggest that the returns be sent by registered mail and that the mailing receipt be kept on file in order to have evidence of the date of filing.

**Niagara Peninsula Energy Inc.**  
Corporate Income Tax Returns  
June 17, 2019

Any balances owing must be remitted by the due date or as soon as possible if interest charges are to be minimized.

## **T2 – CORPORATION INCOME TAX RETURN (FEDERAL) CRA COPY - EXEMPT**

### **Signature**

 The Form T183CORP - *Information Return for Corporations Filing Electronically* should be completed and signed.

### **Payment**

No amount is payable for the **December 31, 2018** taxation year.

### **Mailing**

 One copy of the signed Form T183CORP should be returned to us in the self-addressed envelope no later than **June 30, 2019** in order to have the Company's corporate income tax return filed on or before the due date for filing. Alternatively, you can fax it to **(905) 523-2222**.

## **T2 – CORPORATION INCOME TAX RETURN - MINISTRY OF FINANCE**

### **Signature**

 Form T2 – *Corporate Income Tax Return*, the certification section at the bottom of page 9 should be completed and signed.

### **Refund**

A payment of **\$51,053** is required for the **December 31, 2018** taxation year.

### **Mailing**

 One copy of the *T2 Corporate Income Tax Return* must be received by The Ministry of Finance, HYDRO PIL DIVISION, P.O. Box 620, 33 King Street West, Oshawa, Ontario, L1H 8E9 no later than **June 30, 2019**. The Company's account number should be recorded on each of the paper documents submitted.

## **NOTICES OF ASSESSMENT**

If your Company receives a Notice of Assessment that does not agree with the returns prepared by us, please contact us so that we can determine whether any action should be taken. The Company has only 90 days (180 days in the case of Ontario) from the date of mailing of the Assessment in which to object. Failure to respond within the prescribed time limit will cause the Company to lose its right to object to the Assessment.

**Niagara Peninsula Energy Inc.**  
*Corporate Income Tax Returns*  
*June 17, 2019*

## **INSTALMENTS**

We have prepared and enclose an estimate of PILS tax instalments as applicable for the Company for the **2019** taxation year. The amounts were computed with reference to the Company's taxable income, taxable capital and taxes payable for prior years. If during the year it is evident that the taxable income or taxable capital for the current year will be substantially less than for the previous taxation year, your instalments may be recalculated. Please call your KPMG advisor in order that we may determine what course of action should be taken.

In order to avoid interest charges, the Ministry of Finance must receive the instalment payments no later than the date indicated on the attached schedule.

If you have any questions concerning these returns, or if we may be of any further assistance, please do not hesitate to contact us.

Yours truly,

A handwritten signature in black ink that reads 'Tony Italiano'. The signature is written in a cursive, flowing style.

Tony Italiano

*Enclosures*

### Information Return for Corporations Filing Electronically

- You have to complete this return for every initial and amended T2 Corporation Income Tax Return electronically filed to the Canada Revenue Agency (CRA) on your behalf.
- By completing Part 2 and signing Part 3, you acknowledge that, under the *Income Tax Act*, you have to keep all records used to prepare your corporation income tax return, and provide this information to us on request.
- Part 4 must be completed by either you or the electronic transmitter of your corporation income tax return.
- Give the signed original of this return to the transmitter and keep a copy in your own records for six years.
- **Do not submit** this form to the CRA unless we ask for it.
- We are responsible for ensuring the confidentiality of your electronically filed tax information only after we have accepted it.

#### Part 1 – Identification

Corporation's name NIAGARA PENINSULA ENERGY INC.			Business number 87196 9127 RC0002		
Tax year ▶	From Y M D 2018-01-01	To Y M D 2018-12-31	Is this an amended return? . . . . . <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

# T2 Corporation Income Tax Return

## EXEMPT FROM TAX

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see [canada.ca/taxes](http://canada.ca/taxes) or Guide T4012, T2 Corporation – Income Tax Guide.

365

**Tax years starting after 2018**

Amount A, B, C, or M, whichever is the least \_\_\_\_\_ x 19 % = \_\_\_\_\_ 4

**Small business deduction** (total of amounts 1 to 4) **430** N

Enter amount N at amount J on page 8.

- \* Calculate the amount of foreign non-business income tax credit deductible on line 632 without reference to the refundable tax on the CCPC's investment income (line 604) and without reference to the corporate tax reductions under section 123.4.
- \*\* Calculate the amount of foreign business income tax credit deductible on line 636 without reference to the corporation tax reductions under section 123.4.

**\*\*\* Large corporations**

- If the corporation is not associated with any corporations in both the current and previous tax years, the amount to be entered on line 415 is: (total taxable capital employed in Canada for the **prior** year **minus** \$10,000,000) x 0.225%.
- If the corporation is not associated with any corporations in the current tax year, but was associated in the previous tax year, the amount to be entered on line 415 is: (total taxable capital employed in Canada for the **current** year **minus** \$10,000,000) x 0.225%.
- For corporations associated in the current tax year, see Schedule 23 for the special rules that apply.

\*\*\*\* Enter the total adjusted aggregate investment income of the corporation and all associated corporations. For the first tax year starting after 2018, use the total of lines 744 of Schedule 7. Otherwise, use the total of lines 745 of the preceding tax year.

**Small business deduction (continued)**

**Specified corporate income and assignment under subsection 125(3.2)**

O1 Name of corporation receiving the income and assigned amount	O Business number of the corporation receiving the assigned amount	P Income paid under clause 125(1)(a)(i)(B) to the corporation identified in column O <sup>3</sup>	Q Business limit assigned to corporation identified in column O <sup>4</sup>
1.	<b>490</b>	<b>500</b>	<b>505</b>

Total **510**      Total **515**

**Notes:**

- This amount is [as defined in subsection 125(7) **specified corporate income** (a)(i)] the total of all amounts each of which is income from an active business of the corporation for the year from the provision of services or property to a private corporation (directly or indirectly, in any manner whatever) if (A) at any time in the year, the corporation (or one of its shareholders) or a person who does not deal at arm's length with the corporation (or one of its shareholders) holds a direct or indirect interest in the private corporation, and (B) it is not the case that all or substantially all of the corporation's income for the year from an active business is from the provision of services or property to (I) persons (other than the private corporation) with which the corporation deals at arm's length, or (II) partnerships with which the corporation deals at arm's length, other than a partnership in which a person that does not deal at arm's length with the corporation holds a direct or indirect interest.
- The amount of the business limit you assign to a CCPC cannot be greater than the amount determined by the formula A – B, where A is the amount of income referred to in column P in respect of that CCPC and B is the portion of the amount described in A that is deductible by you in respect of the amount of income referred to in clauses 125(1)(a)(i)(A) or (B) for the year. The amount on line 515 cannot be greater than the amount on line 425 (426 for tax years starting after 2018).

### Notes Checklist

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax Year End Year Month Day <b>2018-12-31</b>
--	---	---

- Parts 1, 2, and 3 of this schedule must be completed from the perspective of the person (referred to in these parts as the **accountant**) who prepared or reported on the financial statements. If the person preparing the tax return is not the accountant referred to above, they must still complete Parts 1, 2, 3, and 4, as applicable.
- For more information, see Guide RC4088, *General Index of Financial Information (GIFI)* and T4012, *T2 Corporation – Income Tax Guide*.
- Complete this schedule and include it with your T2 return along with the other GIFI schedules.

#### Part 1 – Information on the accountant who prepared or reported on the financial statements

Does the accountant have a professional designation? **095** Yes  No

Is the accountant connected\* with the corporation? **097** Yes  No

**Note**

If the accountant does not have a professional designation or is connected to the corporation, you do not have to complete Parts 2 and 3 of this schedule. However, you **do have** to complete Part 4, as applicable.

\*A person connected with a corporation can be: (i) a shareholder of the corporation who owns more than 10% of the common shares; (ii) a director, an officer, or an employee of the corporation; or (iii) a person not dealing at arm's length with the corporation.

#### Part 2 – Type of involvement with the financial statements

Choose the option that represents the highest level of involvement of the accountant: **198**

Completed an auditor's report ..... 1

Completed a review engagement report ..... 2

Conducted a compilation engagement ..... 3

#### Part 3 – Reservations

If you selected option 1 or 2 under **Type of involvement with the financial statements** above, answer the following question:

Has the accountant expressed a reservation? **099** Yes  No

#### Part 4 – Other information

If you have a professional designation and are not the accountant associated with the financial statements in Part 1 above, choose one of the following options: **110**

Prepared the tax return (financial statements prepared by client) ..... 1

Prepared the tax return and the financial information contained therein (financial statements have not been prepared) ..... 2

Were notes to the financial statements prepared? **101** Yes  No

If **yes**, complete lines 104 to 107 below:

Are subsequent events mentioned in the notes? **104** Yes  No

Is re-evaluation of asset information mentioned in the notes? **105** Yes  No

Is contingent liability information mentioned in the notes? **106** Yes  No

Is information regarding commitments mentioned in the notes? **107** Yes  No

Does the corporation have investments in joint venture(s) or partnership(s)? **108** Yes  No

**Part 4 – Other information (continued)**

**Impairment and fair value changes**

In any of the following assets, was an amount recognized in net income or other comprehensive income (OCI) as a result of an impairment loss in the tax year, a reversal of an impairment loss recognized in a previous tax year, or a change in fair value during the tax year? . . . . .

**200** Yes  No

If **yes**, enter the amount recognized:

	<b>In net income</b>	<b>In OCI</b>
	Increase (decrease)	Increase (decrease)
Property, plant, and equipment . . . . .	<b>210</b>	<b>211</b>
Intangible assets . . . . .	<b>215</b>	<b>216</b>
Investment property . . . . .	<b>220</b>	
Biological assets . . . . .	<b>225</b>	
Financial instruments . . . . .	<b>230</b>	<b>231</b>
Other . . . . .	<b>235</b>	<b>236</b>

**Financial instruments**

Did the corporation derecognize any financial instrument(s) during the tax year (other than trade receivables)? . . . . .

**250** Yes  No

Did the corporation apply hedge accounting during the tax year? . . . . .

**255** Yes  No

Did the corporation discontinue hedge accounting during the tax year? . . . . .

**260** Yes  No

**Adjustments to opening equity**

Was an amount included in the opening balance of retained earnings or equity, in order to correct an error, to recognize a change in accounting policy, or to adopt a new accounting standard in the current tax year? . . . . .

**265** Yes  No

If **yes**, you have to maintain a separate reconciliation.

**Net income (loss) for income tax purposes** (amount **C minus** amount **D**) ..... -2,610,148 **E**

Enter amount **E** on line 300 of the T2 return.

# Inducement

This form is used to calculate inducements that a corporation must add to its income under paragraph 12(1)(x) ITA. If an amount reduces the capital cost of a property, this amount will be indicated in Part "Tax credits whose amount should reduce the capital cost of property."

If you want to transfer an amount to Schedule 1 and include it in the corporation's income for tax purposes, select the corresponding check box in column A. You can also select the option **Select this check box to add all the amounts to income calculated in Schedule 1** to transfer all the amounts to Schedule 1. In either case, the column A check box will be selected for that amount and it will therefore be updated to Schedule 1.

## Tax credits whose amount should be added to income

### Ontario

A

- Portion of the Ontario research and development tax credit that relates to the prescribed proxy amount (PPA) and portion of the Ontario investment tax credit that relates to contributions made to SR&ED farming organizations . . . . .
- Ontario co-operative education tax credit . . . . .
- Ontario apprenticeship training tax credit . . . . . 57,210
- Ontario computer animation and special effects tax credit\* . . . . .
- \* Please verify if the credit amount relates to depreciable property.  
For more information, consult the Help (F1).
- Ontario film and television tax credit\* . . . . .
- \* Please verify if the credit amount relates to depreciable property.  
For more information, consult the Help (F1).
- Ontario production services tax credit\* . . . . .
- \* Please verify if the credit amount relates to depreciable property.  
For more information, consult the Help (F1).
- Ontario interactive digital media tax credit\* . . . . .
- \* Please verify if the credit amount relates to depreciable property.  
For more information, consult the Help (F1).
- Ontario sound recording tax credit\* . . . . .
- \* Please verify if the credit amount relates to depreciable property.

## Tax credits whose amount should reduce the capital cost of property

## Charitable Donations and Gifts

Corporation's name  NIAGARA PENINSULA ENERGY INC.	Business number  87196 9127 RC0002	Tax year-end Year Month Day 2018-12-31
---	--	--

- For use by corporations to claim any of the following:
  - the eligible amount of charitable donations to qualified donees
  - the Ontario, Nova Scotia, and British Columbia food donation tax credits for farmers
  - the eligible amount of gifts of certified cultural property
  - the eligible amount of gifts of certified ecologically sensitive land or
  - the additional deduction for gifts of medicine made before March 22, 2017
- All legislative references are to the federal Income Tax Act, unless stated otherwise.
- The eligible amount of a gift is the amount by which the fair market value of the gifted property exceeds the amount of an advantage, if any, for the gift.
- The donations and gifts can be carried forward for 5 years except for gifts of certified ecologically sensitive land made after February 10, 2014, which can be carried forward for 10 years. Provincial food donation tax credits must be applied in the current tax year.
- Use this schedule to show a transfer of unused amounts from previous years following an amalgamation or the wind-up of a subsidiary as described under subsections 87(1) and 88(1).
- Subsection 110.1(1.2) provides as follows:
  - Where a particular corporation has undergone an acquisition of control, for tax years that end on or after the acquisition of control, no corporation can claim a deduction for a gift made by the particular corporation to a qualified donee before the acquisition of control.
  - If a particular corporation makes a gift to a qualified donee pursuant to an arrangement under which both the gift and the acquisition of control is expected, no corporation can claim a deduction for the gift unless the person acquiring control of the particular corporation is the qualified donee.
- An eligible medical gift made before March 22, 2017, to a qualifying organization for activities outside of Canada may be eligible for an additional deduction. Calculate the additional deduction in Part 5.
- File one completed copy of this schedule with your T2 Corporation Income Tax Return.
- For more information, see the T2 Corporation – Income Tax Guide.

### Part 1 – Charitable donations

Charity/Recipient	Amount (\$100 or more only)

\* For federal and Alberta tax purposes, donations and gifts made before February 11, 2014, that are included on line 6<sup>th</sup> prior year and gifts that are included on line 11<sup>th</sup> prior year expire automatically in the current year.

The field "Amount of carried forward gifts made on or after February 11, 2014, in the tax year including this date" is used to distinguish the portion of the gifts made in the tax year straddling February 11, 2014, that expires after ten tax years, from the portion that expires in the current tax year.

For Québec tax purposes, donations and gifts made during a tax year that ended before March 24, 2006, that are included on line 6<sup>th</sup> prior year and gifts that are included on line 21<sup>st</sup> prior year expire automatically in the current tax year.

## Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
--	---	---

- Corporations must use this schedule to report:
  - non-taxable dividends under section 83;
  - deductible dividends under subsection 138(6);
  - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d); or
  - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3).
- All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations.
- A recipient corporation is **connected** with a payer corporation at any time in a tax year, if at that time the recipient corporation:
  - controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b); or
  - owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation.
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 – Enter "X" if dividends received from a foreign source.
- Column F1 – Enter the code that applies to the deductible taxable dividend.

### Part 1 – Dividends received in the tax year

- Do **not** include dividends received from foreign non-affiliates.
- Complete columns B, C, D, H and I **only** if the payer corporation is **connected**.

#### Important instructions to follow if the payer corporation is connected

- If your corporation's tax year-end is different than that of the **connected** payer corporation, dividends could have been received from more than one tax year of the payer corporation. If so, **use a separate line** to provide the information according to each tax year of the payer corporation.
- When completing column J and K use the **special calculations provided in the notes**.

A Name of payer corporation (from which the corporation received the dividend)	A1	B Enter 1 if payer corporation is <b>connected</b>	C Business Number of <b>connected</b> corporation	D Tax year-end of the payer corporation in which the sections 112/113 and subsection 138(6) dividends in column F were paid YYYYMMDD	E Non-taxable dividends under section 83
<b>200</b>		<b>205</b>	<b>210</b>	<b>220</b>	<b>230</b>
1		2			
<b>Total of column E</b> (enter amount on line 402 of Schedule 1)					

**Part 1 – Dividends received in the tax year (continued)**

F Taxable dividends deductible from taxable income under section 112, subsections 113(2) and 138(6), and paragraphs 113(1)(a), (a.1), (b), or (d) <sup>note 1</sup>	F1	G Eligible dividends included in column F	H Total taxable dividends paid by <b>connected</b> payer corporation (for tax year in column D)	I Dividend refund of the <b>connected</b> payer corporation (for tax year in column D) <sup>note 2</sup>	J Part IV tax for eligible dividends. Dividends (from column G) <b>multiplied</b> by 38 1/3% <sup>note 3</sup>	K Part IV tax before deductions. Dividends (from column F) <b>multiplied</b> by 38 1/3% <sup>note 4</sup>
<b>240</b>		<b>242</b>	<b>250</b>	<b>260</b>	<b>265</b>	<b>275</b>
1						

Taxable dividends received from connected corporations (total amounts from column F with code 1 in column B)	1A
Taxable dividends received from non-connected corporations (total amounts from column F with code 2 in column B)	1B
Subtotal (amount 1A <b>plus</b> amount 1B, include this amount on line 320 of the T2 Return)	1C
Eligible dividends received from connected corporations (total amounts from column G with code 1 in column B)	1D
Eligible dividends received from non-connected corporations (total amounts from column G with code 2 in column B)	1E
Part IV tax before deductions on taxable dividends received from connected corporations (total amounts from column K with code 1 in column B)	1F
Part IV tax before deductions on taxable dividends received from non-connected corporations (total amounts from column K with code 2 in column B)	1G
Subtotal (amount 1F <b>plus</b> amount 1G)	1H
Part IV tax on eligible dividends received from connected corporations (total amounts from column J with code 1 in column B)	1I
Part IV tax on eligible dividends received from non-connected corporations (total amounts from column J with code 2 in column B)	1J
Subtotal (amount 1I <b>plus</b> amount 1J)	1K
Part IV tax before deductions on taxable dividends (other than eligible dividends) (amount 1H <b>minus</b> amount 1K)	1L

- 1 If taxable dividends are received, enter the amount in column F, but if the corporation is not subject to Part IV tax (such as a public corporation other than a subject corporation as defined in subsection 186(3)), enter "0" in column J or column K whichever one applies. Life insurers are not subject to Part IV tax on subsection 138(6) dividends.
- 2 If the connected payer corporation's tax year ends after the corporation's balance-due day for the tax year (two or three months, as applicable), you have to estimate the payer's dividend refund when you calculate the corporation's Part IV tax payable.
- 3 For eligible dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column G.
- 4 For taxable dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column F.

**Part 2 – Calculation of Part IV tax payable**

Part IV tax on dividends received before deductions (amount 1H in part 1) ..... 2A

Part IV tax payable on dividends subject to Part IV tax (from line 360 of Schedule 43) ..... **320**

Subtotal (amount 2A minus line 320) ..... 2B

Current-year non-capital loss claimed to reduce Part IV tax ..... **330**

Non-capital losses from previous years claimed to reduce Part IV tax ..... **335**

Current-year farm loss claimed to reduce Part IV tax ..... **340**

Farm losses from previous years claimed to reduce Part IV tax ..... **345**

Total losses applied against Part IV tax (total of lines 330 to 345) ..... 2C

Amount 2C multiplied by 38 1 / 3 % ..... 2D

**Part IV tax payable** (amount 2B minus amount 2D, if negative enter "0") ..... **360**

(enter amount on line 712 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax before deductions on taxable dividends received from connected corporations <sup>note 5</sup> (amount 1F in part 1) ..... 2E

Amount 4A from Schedule 43 ..... 2F

**Part IV tax payable on taxable dividends received from connected corporations** (amount 2E minus amount 2F, if negative enter "0") ..... 2G

(enter at amount L on page 7 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax on eligible dividends received from non-connected corporations (amount 1J in part 1) ..... 2H

Amount 4C from Schedule 43 ..... 2I

**Part IV tax payable on eligible dividends received from non-connected corporations** (amount 2H minus amount 2I, if negative enter "0") ..... 2J

(enter at amount M on page 7 of the T2 return)

5 To the extent of a dividend refund to the connected payer corporation from its eligible refundable dividend tax on hand (ERDTH). Otherwise, the amount 2E is nil.

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund**

If your corporation's tax year-end is different than that of the connected recipient corporation, your corporation could have paid dividends in more than one tax year of the recipient corporation. If so, use a separate line to provide the information according to each tax year of the recipient corporation.

	L Name of connected recipient corporation	M Business Number	N Tax year-end of connected recipient corporation in which the dividends in column O were received YYYYMMDD	O Taxable dividends paid to connected corporations	P Eligible dividends included in column O
	<b>400</b>	<b>410</b>	<b>420</b>	<b>430</b>	<b>440</b>
1	NIAGARA FALLS HYDRO HOLDING CORPORATION	86750 8830 RC0001	2018-12-31	1,043,000	
2	PENINSULA WEST POWER INC.	89108 9419 RC0001	2018-12-31	357,000	
3					

1,400,000  
 (Total of column O) (Total of column P)

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund (continued)**

Total taxable dividends paid in the tax year to other than connected corporations	450	414 of 1407
Eligible dividends included in line 450	455	
Total taxable dividends paid in the tax year that qualify for a dividend refund (total of column O plus line 450)	460	1,400,000
Total eligible dividends paid in the tax year (total of column P plus line 455)	465	
Total non-eligible taxable dividends paid in the tax year (line 460 minus line 465)	470	1,400,000
Complete this part to determine the following amounts in order to calculate the dividend refund.		
Line 465 multiplied by 38 1 / 3 % (enter at amount AA on page 7 of the T2 return)		3A
Line 470 multiplied by 38 1 / 3 % (enter at amount DD on page 7 of the T2 return)		536,667 3B

**Part 4 – Total dividends paid in the tax year**

Complete this part if the total taxable dividends paid in the tax year that qualify for a dividend refund (line 460) is different from the total dividends paid in the tax year.

Total taxable dividends paid in the tax year for the purposes of a dividend refund (from above)		1,400,000
Other dividends paid in the tax year (total of 510 to 540)		
Total dividends paid in the tax year	500	1,400,000
Dividends paid out of capital dividend account	510	
Capital gains dividends	520	
Dividends paid on shares described in subsection 129(1.2)	530	
Taxable dividends paid to a controlling corporation that was bankrupt at any time in the year	540	
Subtotal (total of lines 510 to 540)		4A
Total taxable dividends paid in the tax year that qualify for a dividend refund (Line 500 minus amount 4A)		1,400,000 4B

## Corporation Loss Continuity and Application

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
--	---	---

- Use this form to determine the continuity and use of available losses; to determine a current-year non-capital loss, farm loss, restricted farm loss, or limited partnership loss; to determine the amount of restricted farm loss and limited partnership loss that can be applied in a year; and to ask for a loss carryback to previous years.
- A corporation can choose whether or not to deduct an available loss from income in a tax year. The corporation can deduct losses in any order. However, for each type of loss, deduct the oldest loss first.
- According to subsection 111(4) of the *Income Tax Act*, when control has been acquired, no amount of capital loss incurred for a tax year ending before that time is deductible in computing taxable income in a tax year ending after that time. Also, no amount of capital loss incurred in a tax year ending after that time is deductible in computing taxable income of a tax year ending before that time.
- When control has been acquired, subsection 111(5) provides for similar treatment of non-capital and farm losses, except as listed in paragraphs 111(5)(a) and (b).
- For information on these losses, see the *T2 Corporation – Income Tax Guide*.
- File one completed copy of this schedule with the T2 return, or send the schedule by itself to the tax centre where the return is filed.
- All legislative references are to the *Income Tax Act*.

### Part 1 – Non-capital losses

#### Determination of current-year non-capital loss

Net income (loss) for income tax purposes		-2,610,148	A
<b>Deduct:</b> (increase a loss)			
Net capital losses deducted in the year (enter as a positive amount)	_____		a
Taxable dividends deductible under section 112 or subsections 113(1) or 138(6)	_____		b
Amount of Part VI.1 tax deductible under paragraph 110(1)(k)	_____		c
Amount deductible as prospector's and grubstaker's shares – Paragraph 110(1)(d.2)	_____		d
Subtotal (total of amounts a to d)			B
Subtotal (amount A <b>minus</b> amount B; if positive, enter "0")		-2,610,148	C
<b>Deduct:</b> (increase a loss)			
Section 110.5 or subparagraph 115(1)(a)(vii) – Addition for foreign tax deductions	_____		D
Subtotal (amount C <b>minus</b> amount D)		-2,610,148	E
<b>Add:</b> (decrease a loss)			
Current-year farm loss (the lesser of: the net loss from farming or fishing included in income and the non-capital loss before deducting the farm loss)	_____		F
Current-year non-capital loss (amount E <b>plus</b> amount F; if positive, enter "0")		-2,610,148	G

If amount G is negative, enter it on line 110 as a positive.

#### Continuity of non-capital losses and request for a carryback

Non-capital loss at the end of the previous tax year	943,963		e
<b>Deduct:</b> Non-capital loss expired (note 1)	<b>100</b> _____		f
Non-capital losses at the beginning of the tax year (amount e <b>minus</b> amount f)	<b>102</b> 943,963		H
<b>Add:</b>			
Non-capital losses transferred on an amalgamation or on the wind-up of a subsidiary (note 2) corporation	<b>105</b> _____		g
Current-year non-capital loss (from amount G)	<b>110</b> 2,610,148		h
Subtotal (amount g <b>plus</b> amount h)		2,610,148	I
Subtotal (amount H <b>plus</b> amount I)		3,554,111	J

Note 1: A non-capital loss expires as follows:

- after **10** tax years if it arose in a tax year ending after March 22, 2004, and before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

An allowable business investment loss becomes a net capital loss after **10** tax years if it arose in a tax year ending after March 22, 2004.

Note 2: Subsidiary is defined in subsection 88(1) as a taxable Canadian corporation of which 90% or more of each class of issued shares are owned by its parent corporation and the remaining shares are owned by persons that deal at arm's length with the parent corporation.

**Part 1 – Non-capital losses (continued)**

<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	150		i
Section 80 – Adjustments for forgiven amounts	140		j
Subsection 111(10) – Adjustments for fuel tax rebate			j.1
Non-capital losses of previous tax years applied in the current tax year	130		k
Enter amount k on line 331 of the T2 Return.			
Current and previous year non-capital losses applied against current-year taxable dividends subject to Part IV tax (note 3)	135		l
	Subtotal (total of amounts i to l)		K
	Non-capital losses before any request for a carryback (amount J minus amount K)		3,554,111 L

**Deduct – Request to carry back non-capital loss to:**

First previous tax year to reduce taxable income	901		m
Second previous tax year to reduce taxable income	902		n
Third previous tax year to reduce taxable income	903	1,975,729	o
First previous tax year to reduce taxable dividends subject to Part IV tax	911		p
Second previous tax year to reduce taxable dividends subject to Part IV tax	912		q
Third previous tax year to reduce taxable dividends subject to Part IV tax	913		r
	Total of requests to carry back non-capital losses to previous tax years (total of amounts m to r)		1,975,729 M
	Closing balance of non-capital losses to be carried forward to future tax years (amount L minus amount M)		180 1,578,382 N

Note 3: Amount l is the total of lines 330 and 335 from Schedule 3, *Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation*.

**Part 2 – Capital losses**

**Continuity of capital losses and request for a carryback**

Capital losses at the end of the previous tax year	200		a
Capital losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	205		b
	Subtotal (amount a plus amount b)		A

<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	250		c
Section 80 – Adjustments for forgiven amounts	240		d
	Subtotal (amount c plus amount d)		B
	Subtotal (amount A minus amount B)		C

<b>Add:</b> Current-year capital loss (from the calculation on Schedule 6, <i>Summary of Dispositions of Capital Property</i> )	210		D
Unused non-capital losses that expired in the tax year (note 4)			e
Allowable business investment losses (ABILs) that expired as non-capital losses at the end of the previous tax year (note 5)			f
Enter amount e or f, whichever is less	215		g
ABILs expired as non-capital losses: line 215 multiplied by 2.000000		220	E
	Subtotal (total of amounts C to E)		F

**Note**

If there has been an amalgamation or a wind-up of a subsidiary, do a separate calculation of the ABIL expired as non-capital loss for each predecessor or subsidiary corporation. Add all these amounts and enter the total on line 220 above.

Note 4: If the loss was incurred in a tax year ending after March 22, 2004, determine the amount of the loss from the 11th previous tax year and enter the part of that loss that was not used in previous years and the current year on line e.

Note 5: If the ABILs were incurred in a tax year ending after March 22, 2004, enter the amount of the ABILs from the 11th previous tax year. Enter the full amount on line f.

**Part 2 – Capital losses (continued)**

**Deduct:** Capital losses from previous tax years applied against the current-year net capital gain (note 6) ..... **225** \_\_\_\_\_ G  
 Capital losses before any request for a carryback (amount F **minus** amount G) \_\_\_\_\_ H

**Deduct – Request to carry back capital loss to (note 7):**

	Capital gain (100%)	Amount carried back (100%)	
First previous tax year .....	<b>951</b>	_____	h
Second previous tax year .....	<b>952</b>	_____	i
Third previous tax year .....	<b>953</b>	_____	j
	Subtotal (total of amounts h to j) _____		I
	Closing balance of capital losses to be carried forward to future tax years (amount H <b>minus</b> amount I) <b>280</b>		J

Note 6: To get the net capital losses required to reduce the taxable capital gain included in the net income (loss) for the current-year tax, enter the amount from line 225 **divided** by 2 at line 332 of the T2 return.

Note 7: On line 225, 951, 952, or 953, whichever applies, enter the actual amount of the loss. When the loss is applied, divide this amount by 2. The result represents the 50% inclusion rate.

**Part 3 – Farm losses**

**Continuity of farm losses and request for a carryback**

Farm losses at the end of the previous tax year ..... a  
**Deduct:** Farm loss expired (note 8) ..... **300** \_\_\_\_\_ b  
 Farm losses at the beginning of the tax year (amount a **minus** amount b) ..... **302** \_\_\_\_\_ A

**Add:**

Farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation ... **305** \_\_\_\_\_ c  
 Current-year farm loss (amount F in Part 1) ..... **310** \_\_\_\_\_ d  
 Subtotal (amount c **plus** amount d) \_\_\_\_\_ B  
 Subtotal (amount A **plus** amount B) \_\_\_\_\_ C

**Deduct:**

Other adjustments (includes adjustments for an acquisition of control) ..... **350** \_\_\_\_\_ e  
 Section 80 – Adjustments for forgiven amounts ..... **340** \_\_\_\_\_ f  
 Farm losses of previous tax years applied in the current tax year ..... **330** \_\_\_\_\_ g  
 Enter amount g on line 334 of the T2 Return.  
 Current and previous year farm losses applied against current-year taxable dividends subject to Part IV tax (note 9) ..... **335** \_\_\_\_\_ h  
 Subtotal (total of amounts e to h) \_\_\_\_\_ D  
 Farm losses before any request for a carryback (amount C **minus** amount D) \_\_\_\_\_ E

**Deduct – Request to carry back farm loss to:**

First previous tax year to reduce taxable income .....	<b>921</b>	_____	i
Second previous tax year to reduce taxable income .....	<b>922</b>	_____	j
Third previous tax year to reduce taxable income .....	<b>923</b>	_____	k
First previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>931</b>	_____	l
Second previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>932</b>	_____	m
Third previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>933</b>	_____	n
	Subtotal (total of amounts i to n) _____		F
	Closing balance of farm losses to be carried forward to future tax years (amount E <b>minus</b> amount F) <b>380</b>		G

Note 8: A farm loss expires as follows:  
 • after **10** tax years if it arose in a tax year ending before 2006; and  
 • after **20** tax years if it arose in a tax year ending after 2005.

Note 9: Amount h is the total of lines 340 and 345 from Schedule 3.

**Part 4 – Restricted farm losses**

**Current-year restricted farm loss**

Total losses for the year from farming business	485	A
<b>Minus</b> the deductible farm loss:		
(amount A above _____ – \$2,500) <b>divided by 2 =</b> _____ a		
Amount a or \$ 15,000 (note 10), whichever is less	2,500	b
	2,500	c
Subtotal (amount b <b>plus</b> amount c)	2,500	B
Current-year restricted farm loss (amount A <b>minus</b> amount B)	2,500	C

**Continuity of restricted farm losses and request for a carryback**

Restricted farm losses at the end of the previous tax year		d
<b>Deduct:</b> Restricted farm loss expired (note 11)	400	e
Restricted farm losses at the beginning of the tax year (amount d <b>minus</b> amount e)	402	D
<b>Add:</b>		
Restricted farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	405	f
Current-year restricted farm loss (from amount C)	410	g
Enter amount g on line 233 of Schedule 1, <i>Net Income (Loss) for Income Tax Purposes</i> .		
Subtotal (amount f <b>plus</b> amount g)		E
Subtotal (amount D <b>plus</b> amount E)		F

**Deduct:**

Restricted farm losses from previous tax years applied against current farming income	430	h
Enter amount h on line 333 of the T2 return.		
Section 80 – Adjustments for forgiven amounts	440	i
Other adjustments	450	j
Subtotal (total of amounts h to j)		G
Restricted farm losses before any request for a carryback (amount F <b>minus</b> amount G)		H

**Deduct – Request to carry back restricted farm loss to:**

First previous tax year to reduce farming income	941	k
Second previous tax year to reduce farming income	942	l
Third previous tax year to reduce farming income	943	m
Subtotal (total of amounts k to m)		I
Closing balance of restricted farm losses to be carried forward to future tax years (amount H <b>minus</b> amount I)	480	J

**Note**

The total losses for the year from all farming businesses are calculated without including scientific research expenses.

Note 10: For tax years that end before March 21, 2013, use \$6,250 instead of \$15,000.

Note 11: A restricted farm loss expires as follows:

- after **10** tax years if it arose in a tax year ending before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

**Part 5 – Listed personal property losses**

**Continuity of listed personal property loss and request for a carryback**

Listed personal property losses at the end of the previous tax year ..... a

**Deduct:** Listed personal property loss expired after 7 tax years ..... **500** ..... b

Listed personal property losses at the beginning of the tax year (amount a **minus** amount b) ... **502** ..... **A**

**Add:** Current-year listed personal property loss (from Schedule 6) ..... **510** ..... **B**

Subtotal (amount A **plus** amount B) ..... **C**

**Deduct:**

Listed personal property losses from previous tax years applied against listed personal property gains ..... **530** ..... c

Enter amount c on line 655 of Schedule 6.

Other adjustments ..... **550** ..... d

Subtotal (amount c **plus** amount d) ..... **D**

Listed personal property losses remaining before any request for a carryback (amount C **minus** amount D) ..... **E**

**Deduct – Request to carry back listed personal property loss to:**

First previous tax year to reduce listed personal property gains ..... **961** ..... e

Second previous tax year to reduce listed personal property gains ..... **962** ..... f

Third previous tax year to reduce listed personal property gains ..... **963** ..... g

Subtotal (total of amounts e to g) ..... **F**

Closing balance of listed personal property losses to be carried forward to future tax years (amount E **minus** amount F) **580** ..... **G**

**Part 7 – Limited partnership losses**

**Current-year limited partnership losses**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Corporation's share of limited partnership loss	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, farming losses, and resource expenses	Column 4 <b>minus</b> column 5 (if negative, enter "0")	Current-year limited partnership losses (column 3 <b>minus</b> column 6)
<b>600</b>	<b>602</b>	<b>604</b>	<b>606</b>	<b>608</b>		<b>620</b>
<b>Total</b> (enter this amount on line 222 of Schedule 1)						

1.

**Limited partnership losses from previous tax years that may be applied in the current year**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Limited partnership losses at the end of the previous tax year and amounts transferred on an amalgamation or on the wind-up of a subsidiary	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, business or property losses, and resource expenses	Column 4 <b>minus</b> column 5 (if negative, enter "0")	Limited partnership losses that may be applied in the year (the lesser of columns 3 and 6)
<b>630</b>	<b>632</b>	<b>634</b>	<b>636</b>	<b>638</b>		<b>650</b>

1.

**Continuity of limited partnership losses that can be carried forward to future tax years**

1	2	3	4	5	6
Partnership account number	Limited partnership losses at the end of the previous tax year	Limited partnership losses transferred in the year on an amalgamation or on the wind-up of a subsidiary	Current-year limited partnership losses (from line 620)	Limited partnership losses applied in the current year (must be equal to or less than line 650)	Current year limited partnership losses closing balance to be carried forward to future years (column 2 <b>plus</b> column 3 <b>plus</b> column 4 <b>minus</b> column 5)
<b>660</b>	<b>662</b>	<b>664</b>	<b>670</b>	<b>675</b>	<b>680</b>
<b>Total</b> (enter this amount on line 335 of the T2 return)					

1.

**Note**

If you need more space, you can attach more schedules.

**Part 8 – Election under paragraph 88(1.1)(f)**

If you are making an election under paragraph 88(1.1)(f), check the box ..... **190** Yes

In the case of the wind-up of a subsidiary, if the election is made, the non-capital loss, restricted farm loss, farm loss, or limited partnership loss of the subsidiary—that otherwise would become the loss of the parent corporation for a particular tax year starting after the wind-up began—will be considered as the loss of the parent corporation for its immediately preceding tax year and not for the particular year.

**Note**

This election is only applicable for wind-ups under subsection 88(1) that are reported on Schedule 24, *First-Time Filer after Incorporation, Amalgamation, or Winding-up of a Subsidiary into a Parent*.

# Non-Capital Loss Continuity Workchart

## Part 6 – Analysis of balance of losses by year of origin

### Non-capital losses

Year of origin	Balance at beginning of year	Loss incurred in current year	Adjustments and transfers	Loss carried back Parts I & IV	Applied to reduce		Balance at end of year
					Taxable income	Part IV tax	
Current	N/A	2,610,148		1,975,729	N/A		634,419
1st preceding taxation year 2017-12-31	943,963	N/A		N/A			943,963
2nd preceding taxation year 2016-12-31		N/A		N/A

<b>Totals</b>			143,866,996		1,329,919	591,757				10,445,587	133,421,409

Enter the total of column 15 on line 107 of Schedule 1.  
 Enter the total of column 16 on line 404 of Schedule 1.  
 Enter the total of column 17 on line 403 of Schedule 1.

- Note 1. If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101. Class numbers followed by a letter indicate the basic rate of the class taking into account the additional deduction allowed. Class 1a: 4% + 6% = 10% (class 1 to 10%), class 1b: 4% + 2% = 6% (class 1 to 6%).
- Note 2. Include any property acquired in previous years that has now become available for use. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule. See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 3. An accelerated investment incentive property (AIIP) is a property (other than property included in Class 54 or 55) that you acquired after November 20, 2018 and became available for use before 2028. See the T2 Corporation Income Tax Guide for more information. Classes 54 and 55 include property that is a zero-emission vehicle you acquired after March 18, 2019 and became available for use before 2028.
- Note 4. Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the undepreciated capital cost (column 9). Items that increase the undepreciated capital cost include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the undepreciated capital cost (show amounts that reduce the undepreciated capital cost in brackets) include government assistance received or entitled to be received in the year, or a reduction of capital cost after the application of section 80. See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.
- Note 5. Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.
- Note 6. Include all amounts you have repaid during the year with respect to any legally required repayment, made after the disposition of a corresponding property, of:
- assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d); and
  - an inducement, assistance or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b).
- Also include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor less than 364 days before the end of your tax year.
- Note 7. For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21).
- Note 8. If the amount in column 5 reduces the undepreciated capital cost (i.e. it is shown in brackets), you must subtract it for the purposes of the calculation. Otherwise, add the amount in column 5 for the purposes of the calculation.
- Note 9. The relevant factors for AIIP of a class in Schedule II and for property included in classes 54 and 55, available for use before 2024, are:
- 2 1/3 for property in Classes 43.1 and 54;
  - 1 1/2 for property in Class 55;
  - 1 for property in Classes 43.2 and 53;
  - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 14 for additional information); and
  - 0.5 for all other property that is AIIP.
- Note 10. The UCC adjustment for non-AIIP acquired during the year (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP). For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 11. Enter a rate only if you are using the declining balance method. For any other method (for example the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 17.
- Note 12. If the amount in column 9 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 9 in column 15 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1.
- Note 13. If no property is left in the class at the end of the tax year and there is still a positive amount in the column 9, you have a terminal loss. If applicable, enter the positive amount from column 9 in column 16. The terminal loss rules do not apply to:
- passenger vehicles in Class 10.1;
  - property in Class 14.1, unless you have ceased carrying on the business to which it relates; or
  - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply.
- Note 14. If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AIIP listed below, the maximum first year allowance you can claim is determined as follows:
- Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction).
  - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction).
  - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot or cubic metre cut in the tax year and the UCC at the end of the tax year (before any CCA deduction).
  - Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction).
  - Class 41.2: use a 25% CCA rate. The additional allowance under paragraph 1100(1)(y.2)(for single mine properties) and 1100(1)(ya.2 (for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive.
  - Property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit: 150% of the amount determined by first subtracting the total of the residual value of the timber limit and all amounts you expended for the 1949 or later tax years for surveys, cruises or preparation of prints, maps or plans for the purpose of obtaining a licence or right to cut timber from the capital cost of the limit or right, and then dividing the result by the quantity of timber in the limit or the quantity of timber you have the right to cut.
  - Industrial mineral mine or a right to remove industrial minerals from an industrial mineral mine: 150% of the amount determined by first subtracting the residual value, if any, of the mine or right from the capital cost of the mine or right, and then dividing the result by the number of units of commercially mineable material estimated to be in the mine when the mine or right was acquired (alternatively, if you have acquired a right to remove only a specified number of units, that number of units that you acquired a right to remove).

# Fixed Assets Reconciliation

Reconciliation of change in fixed assets per financial statements to amounts used per tax return.

## Tax return

Additions for tax purposes – Schedule 8 regular classes		12,447,874	
Additions for tax purposes – Schedule 8 leasehold improvements	+		
Operating leases capitalized for book purposes	+		
Capital gain deferred	+

- Complete this schedule if the corporation is related to or associated with at least one other corporation.
- For more information, see the *T2 Corporation Income Tax Guide*.

	<b>100</b>	<b>200</b>	<b>300</b>	<b>400</b>	<b>500</b>	<b>550</b>	<b>600</b>	<b>650</b>	<b>700</b>
Name	Country of residence (other than Canada)	Business number (see note 1)	Relationship code (see note 2)	Number of common shares you own	% of common shares you own	Number of preferred shares you own	% of preferred shares you own	Book value of capital stock	
1. NIAGARA FALLS HYDRO SERVICES		87146 8120 RC0001	3						
2. NIAGARA FALLS HYDRO HOLDING C		86750 8830 RC0001	1	1,000	100.000			25,605,089	
3. City of Niagara Falls		NR	3						
4. Niagara Regional Broadband Netwo		87177 4105 RC0001	3						

Note 1: Enter "NR" if the corporation is not registered or does not have a business number.

Note 2: Enter the code number of the relationship that applies from the following order: 1 - Parent 2 - Subsidiary 3 - Associated 4 - Related but not associated

# Continuity of financial statement reserves (not deductible)

## Financial statement reserves (not deductible)

Description		Balance at the beginning of the year	Transfer on an amalgamation or the wind-up of a subsidiary	Add	Deduct	Balance at the end of the year
1	Employee Future Benefits	3,883,400		4,020,821	3,883,400	4,020,821
2						
	Reserves from Part 2 of Schedule 13					
<b>Totals</b>		3,883,400		4,020,821	3,883,400	4,020,821

The total opening balance plus the total transfers should be entered on line 414 of Schedule 1 as a deduction.  
 The total closing balance should be entered on line 126 of Schedule 1 as an addition.

## Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for purposes of the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one tax year ending in a calendar year is required to file an agreement for each tax year ending in that calendar year.

- Column 1:** Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act.
- Column 2:** Provide the business number for each corporation (if a corporation is not registered, enter "NR").
- Column 3:** Enter the association code from the list below that applies to each corporation:
- 1 – Associated for purposes of allocating the business limit (unless association code 5 applies)
  - 2 – CCPC that is a **third corporation** as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
  - 3 – Non-CCPC that is a **third corporation**
  - 4 – Associated non-CCPC
  - 5 – Associated CCPC to which association code 1 does not apply because a **third corporation** has filed Schedule 28
- Column 4:** Enter the business limit for the year of each corporation in the associated group. Enter "0" if the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
- Column 5:** Assign a percentage to allocate the business limit to each corporation that has association code 1 in column 3. The total of all percentages in column 5 cannot exceed 100%.
- Column 6:** Enter the business limit allocated to each corporation by multiplying the amount in column 4 by the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A. Ensure that the total at line A does not exceed \$500,000.

### Allocating the business limit

Date filed (do not use this area) ..... **025** Year Month Day

Enter the calendar year to which the agreement applies ..... **050** Year  
2018

Is this an amended agreement for the above calendar year that is intended to replace an agreement previously filed by any of the associated corporations listed below? ..... **075**  Yes  No

	1 Name of associated corporations	2 Business number of associated corporations	3 Association code	4 Business limit for the year before the allocation \$	5 Percentage of the business limit %	6 Business limit allocated* \$
	<b>100</b>	<b>200</b>	<b>300</b>		<b>350</b>	<b>400</b>
1	NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	1	500,000		
2	NIAGARA FALLS HYDRO SERVICES INC.	87146 8120 RC0001	1	500,000	100.0000	500,000
3	NIAGARA FALLS HYDRO HOLDING CORPORAT	86750 8830 RC0001	1	500,000		
4	City of Niagara Falls	NR	4			
5	Niagara Regional Broadband Network Limited	87177 4105 RC0001	1	500,000		
<b>Total</b>					100.0000	500,000 A

**Business limit reduction under subsection 125(5.1) of the Act**

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula  $0.225\% \times (D - \$10,000,000)$ . Details of this formula and variable D are in subsection 125(5.1) of the Act.

\* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

**Special rules for business limit**

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year, whichever is less.

## Taxable Capital Employed in Canada – Large Corporations

Corporation's name	Business number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2018-12-31

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 *Corporation Income Tax Return* no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 181(1) defines the terms **financial institution**, **long-term debt**, and **reserves**.
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4, **Taxable capital employed in Canada**.

### Part 1 – Capital

Add the following year-end amounts:

Reserves that have not been deducted in calculating income for the year under Part I	<b>101</b>		
Capital stock (or members' contributions if incorporated without share capital)	<b>103</b>	31,245,882	
Retained earnings	<b>104</b>	36,333,330	
Contributed surplus	<b>105</b>	25,459,207	
Any other surpluses	<b>106</b>		
Deferred unrealized foreign exchange gains	<b>107</b>		
All loans and advances to the corporation	<b>108</b>		
All indebtedness of the corporation represented by bonds, debentures, notes, mortgages, hypothecary claims, bankers' acceptances, or similar obligations	<b>109</b>		
Any dividends declared but not paid by the corporation before the end of the year	<b>110</b>		
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	<b>111</b>		
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	<b>112</b>		
Subtotal (add lines 101 to 112)		93,038,419	93,038,419 A

**Note:**

Line 112 is determined by the formula  $(A - B) \times C/D$  (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
  - a) those lines applied to partnerships in the same manner that they apply to corporations, and
  - b) those amounts were computed without reference to amounts owing by the partnership
    - (i) to any corporation that held a membership interest in the partnership either directly or indirectly through another partnership, or
    - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

**Part 1 – Capital (continued)**

Deduct the following amounts:

Deferred tax debit balance at the end of the year	121	_____
Any deficit deducted in calculating its shareholders' equity (including, for this purpose, the amount of any provision for the redemption of preferred shares) at the end of the year	122	_____
To the extent that the amount may reasonably be regarded as being included in any of lines 101 to 112 above for the year, any amount deducted under subsection 135(1) in calculating income under Part I for the year.	123	_____
Deferred unrealized foreign exchange losses at the end of the year	124	_____
Subtotal (add lines 121 to 124)		_____ <b>B</b>
<b>Capital for the year</b> (amount A minus amount B) (if negative, enter "0")	<b>190</b>	<u>93,038,419</u>

**Part 2 – Investment allowance**

Add the carrying value at the end of the year of the following assets of the corporation:

A share of another corporation	401	_____
A loan or advance to another corporation (other than a financial institution)	402	_____
A bond, debenture, note, mortgage, hypothecary claim, or similar obligation of another corporation (other than a financial institution)	403	_____
Long-term debt of a financial institution	404	_____
A dividend payable on a share of the capital stock of another corporation	405	_____
A loan or advance to, or a bond, debenture, note, mortgage, hypothecary claim or similar obligation of, a partnership each member of which was, throughout the year, another corporation (other than a financial institution) that was not exempt from tax under this Part (otherwise than because of paragraph 181.1(3)(d)), or another partnership described in paragraph 181.2(4)(d.1)	406	_____
An interest in a partnership (see note 2 below)	407	_____
<b>Investment allowance for the year</b> (add lines 401 to 407)	<b>490</b>	<u>_____</u>

**Notes:**

- Lines 401 to 405 should not include the carrying value of a share of the capital stock of, a dividend payable by, or indebtedness of a corporation that is exempt from tax under Part I.3 (other than a non-resident corporation that at no time in the year carried on business in Canada through a permanent establishment).
- Where the corporation has an interest in a partnership held either directly or indirectly through another partnership, refer to subsection 181.2(5) for additional rules regarding the carrying value of an interest in a partnership.
- Where a trust is used as a conduit for loaning money from a corporation to another related corporation (other than a financial institution), the loan will be considered to have been made directly from the lending corporation to the borrowing corporation. Refer to subsection 181.2(6) for special rules that may apply.

**Part 3 – Taxable capital**

Capital for the year (line 190)	_____	93,038,419 C
<b>Deduct:</b> Investment allowance for the year (line 490)	_____	_____ D
<b>Taxable capital for the year</b> (amount C minus amount D) (if negative, enter "0")	<b>500</b>	<u>93,038,419</u>

**Part III.1 Tax on Excessive Eligible Dividend Designations**

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
--	---	---

**Do not use this area**

- Every corporation resident in Canada that pays a taxable dividend (other than a capital gains dividend within the meaning assigned by subsection 130.1(4) or 131(1)) in the tax year must file this schedule.
- Canadian-controlled private corporations (CCPC) and deposit insurance corporations (DIC) must complete Part 1 of this schedule. All other corporations must complete Part 2.
- Every corporation that has paid an eligible dividend must also file Schedule 53, *General Rate Income Pool (GRIP) Calculation*, or Schedule 54, *Low Rate Income Pool (LRIP) Calculation*, whichever is applicable.
- File the completed schedules with your *T2 Corporation Income Tax Return* no later than six months from the end of the tax year.
- All legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 89(1) defines the terms eligible dividend, excessive eligible dividend designation, general rate income pool (GRIP), and low rate income pool (LRIP).
- The calculations in Part 1 and Part 2 do not apply if the excessive eligible dividend designation arises from the application of paragraph (c) of the definition of excessive eligible dividend designation in subsection 89(1). This paragraph applies when an eligible dividend is paid to artificially maintain or increase the GRIP or to artificially maintain or decrease the LRIP.

**Part 1 – Canadian-controlled private corporations and deposit insurance corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3	_____	
Taxable dividends paid in the tax year <b>included</b> in Schedule 3	_____	1,400,000
<b>Total taxable dividends paid in the tax year</b>	<b>100</b>	<u>1,400,000</u>
<b>Total eligible dividends paid in the tax year</b>	_____	<b>150</b> _____ A
<b>GRIP at the end of the tax year (line 590 on Schedule 53) (if negative, enter "0")</b>	_____	<b>160</b> _____ B
<b>Excessive eligible dividend designation (line 150 minus line 160)</b>	_____	_____ C
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *	_____	<b>180</b> _____ D
<b>Subtotal (amount C minus amount D)</b>	_____	_____ E
<b>Part III.1 tax on excessive eligible dividend designations – CCPC or DIC (amount E multiplied by 20 %)</b>	_____	<b>190</b> _____ F

Enter the amount from line 190 on line 710 of the T2 return.

**Part 2 – Other corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3	_____	
Taxable dividends paid in the tax year <b>included</b> in Schedule 3	_____	
<b>Total taxable dividends paid in the tax year</b>	<b>200</b>	<u>_____</u>
<b>Total excessive eligible dividend designations in the tax year (amount from line A of Schedule 54)</b>	_____	_____ G
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *	_____	<b>280</b> _____ H
<b>Subtotal (amount G minus amount H)</b>	_____	_____ I
<b>Part III.1 tax on excessive eligible dividend designations – Other corporations (amount I multiplied by 20 %)</b>	_____	<b>290</b> _____ J

Enter the amount from line 290 on line 710 of the T2 return.

\* You can elect to treat all or part of your excessive eligible dividend designation as a separate taxable dividend in order to eliminate or reduce the Part III.1 tax otherwise payable. You must file the election on or before the day that is 90 days **after** the day the notice of assessment for Part III.1 tax was sent. We will accept an election before the assessment of the tax. For more information on how to make this election, go to [www.cra.gc.ca/eligibledividends](http://www.cra.gc.ca/eligibledividends).

**CORPORATIONS INFORMATION ACT ANNUAL RETURN FOR ONTARIO CORPORATIONS**

Name of corporation  NIAGARA PENINSULA ENERGY INC.	Business Number  87196 9127 RC0002	Tax year-end Year Month Day 2018-12-31
--	--	--

- This schedule should be completed by a corporation that is incorporated, continued, or amalgamated in Ontario and subject to the Ontario *Business Corporations Act* (BCA) or Ontario *Corporations Act* (CA), except for registered charities under the federal *Income Tax Act*. This completed schedule serves as a *Corporations Information Act* Annual Return under the *Ontario Corporations Information Act*.
- Complete parts 1 to 4. Complete parts 5 to 7 only to report change(s) in the information recorded on the Ontario Ministry of Government Services (MGS) public record.
- This schedule must set out the required information for the corporation as of the date of delivery of this schedule.
- A completed Ontario *Corporations Information Act* Annual Return must be delivered within six months after the end of the corporation's tax year-end. The MGS considers this return to be delivered on the date that it is filed with the Canada Revenue Agency (CRA) together with the corporation's income tax return.
- It is the corporation's responsibility to ensure that the information shown on the MGS public record is accurate and up-to-date. To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. Visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca) for more information.
- This schedule contains non-tax information collected under the authority of the Ontario *Corporations Information Act*. This information will be sent to the MGS for the purposes of recording the information on the public record maintained by the MGS.

**Part 1 – Identification**

<b>100</b> Corporation's name (exactly as shown on the MGS public record) NIAGARA PENINSULA ENERGY INC.

# T2 Corporation Income Tax Return

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see [canada.ca/taxes](http://canada.ca/taxes) or Guide T4012, T2 Corporation – Income Tax Guide.

Filed: August 31, 2020 Yes Schedule

Table with 3 columns: Question, Amount (e.g., 271, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269), and Schedule (e.g., T1134, T1135, T1141, T1142, T1145, T1146, T1174, 55, T2002, T2002, 53, 54). Includes questions about foreign affiliates, property, SR&ED, dividends, and CCPC/DIC elections.

Additional information

Table with 3 columns: Question, Amount (e.g., 270, 280, 284, 285, 286, 287, 288, 289, 291, 292, 293, 294, 295), and Yes/No options. Includes questions about IFRS, inactivity, main business activity (Electric Power Distribution), and products (ELECTRICITY).

Taxable income

Table for Taxable Income calculation. Includes Net income (300), Deduct items (311-350), Subtotal (B), Section 110.5 additions (355), Taxable income (360), Income exempt (370), and final Taxable income for year (Z, Z.1).

\* This amount is equal to 3.5 times the Part VI.1 tax payable at line 724 on page 9.

**Small business deduction**

**Canadian-controlled private corporations (CCPCs) throughout the tax year**

Income eligible for the small business deduction from Schedule 7	400	A
Taxable income from line 360 on page 3, <b>minus</b> 100/28 ( 3.57143 ) of the amount on line 632* on page 8, <b>minus</b> 4 times the amount on line 636** on page 8, and <b>minus</b> any amount that, because of federal law, is exempt from Part I tax	405	B
Business limit (see notes 1 and 2 below)	410	C

- Notes:**
- For CCPCs that are not associated, enter \$ 500,000 on line 410. However, if the corporation's tax year is less than 51 weeks, prorate this amount by the number of days in the tax year **divided** by 365, and enter the result on line 410.
  - For associated CCPCs, use Schedule 23 to calculate the amount to be entered on line 410.

**Business limit reduction**

**Taxable capital business limit reduction**

Amount C \_\_\_\_\_ x **415** \*\*\* 447,838 D = \_\_\_\_\_ E  
11,250

**Passive income business limit reduction**

Adjusted aggregate investment income from Schedule 7\*\*\*\* **417** - 50,000 = \_\_\_\_\_ F

Amount C \_\_\_\_\_ x Amount F \_\_\_\_\_ = \_\_\_\_\_ G  
100,000

Subtotal (the greater of amount E and amount G) **422** H

Reduced business limit for tax years starting before 2019 (amount C **minus** amount E) (if negative, enter "0") **425** I

Reduced business limit for tax years starting after 2018 (amount C **minus** amount H) (if negative, enter "0") **426** J

Business limit the CCPC assigns under subsection 125(3.2) (from line 515 on page 5) \_\_\_\_\_ K

**Reduced business limit after assignment for tax years starting before 2019** (amount I **minus** amount K) **427** L

**Reduced business limit after assignment for tax years starting after 2018** (amount J **minus** amount K) **428** M

**Small business deduction**

**Tax years starting before 2019**

Amount A, B, C, or L, whichever is the least \_\_\_\_\_ x  $\frac{\text{Number of days in the tax year before January 1, 2018}}{\text{Number of days in the tax year}}$  x 17.5 % = \_\_\_\_\_ 1

Amount A, B, C, or L, whichever is the least \_\_\_\_\_ x  $\frac{\text{Number of days in the tax year after December 31, 2017, and before January 1, 2019}}{\text{Number of days in the tax year}}$  x 18 % = \_\_\_\_\_ 2  
365

Amount A, B, C, or L, whichever is the least \_\_\_\_\_ x  $\frac{\text{Number of days in the tax year after December 31, 2018}}{\text{Number of days in the tax year}}$  x 19 % = \_\_\_\_\_ 3  
365

**Tax years starting after 2018**

Amount A, B, C, or M, whichever is the least \_\_\_\_\_ x 19 % = \_\_\_\_\_ 4

**Small business deduction** (total of amounts 1 to 4) **430** N

Enter amount N at amount J on page 8.

- \* Calculate the amount of foreign non-business income tax credit deductible on line 632 without reference to the refundable tax on the CCPC's investment income (line 604) and without reference to the corporate tax reductions under section 123.4.
- \*\* Calculate the amount of foreign business income tax credit deductible on line 636 without reference to the corporation tax reductions under section 123.4.

**\*\*\* Large corporations**

- If the corporation is not associated with any corporations in both the current and previous tax years, the amount to be entered on line 415 is: (total taxable capital employed in Canada for the **prior** year **minus** \$10,000,000) x 0.225%.
- If the corporation is not associated with any corporations in the current tax year, but was associated in the previous tax year, the amount to be entered on line 415 is: (total taxable capital employed in Canada for the **current** year **minus** \$10,000,000) x 0.225%.
- For corporations associated in the current tax year, see Schedule 23 for the special rules that apply.

\*\*\*\* Enter the total adjusted aggregate investment income of the corporation and all associated corporations. For the first tax year starting after 2018, use the total of lines 744 of Schedule 7. Otherwise, use the total of lines 745 of the preceding tax year.

**Small business deduction (continued)**

**Specified corporate income and assignment under subsection 125(3.2)**

O1 Name of corporation receiving the income and assigned amount	O Business number of the corporation receiving the assigned amount	P Income paid under clause 125(1)(a)(i)(B) to the corporation identified in column O <sup>3</sup>	Q Business limit assigned to corporation identified in column O <sup>4</sup>
1.	<b>490</b>	<b>500</b>	<b>505</b>
Total		<b>510</b>	<b>515</b>

**Notes:**

- This amount is [as defined in subsection 125(7) **specified corporate income** (a)(i)] the total of all amounts each of which is income from an active business of the corporation for the year from the provision of services or property to a private corporation (directly or indirectly, in any manner whatever) if (A) at any time in the year, the corporation (or one of its shareholders) or a person who does not deal at arm's length with the corporation (or one of its shareholders) holds a direct or indirect interest in the private corporation, and (B) it is not the case that all or substantially all of the corporation's income for the year from an active business is from the provision of services or property to (I) persons (other than the private corporation) with which the corporation deals at arm's length, or (II) partnerships with which the corporation deals at arm's length, other than a partnership in which a person that does not deal at arm's length with the corporation holds a direct or indirect interest.
- The amount of the business limit you assign to a CCPC cannot be greater than the amount determined by the formula A – B, where A is the amount of income referred to in column P in respect of that CCPC and B is the portion of the amount described in A that is deductible by you in respect of the amount of income referred to in clauses 125(1)(a)(i)(A) or (B) for the year. The amount on line 515 cannot be greater than the amount on line 425 (426 for tax years starting after 2018).

## INDEPENDENT AUDITORS' REPORT

To the Shareholders of Niagara Peninsula Energy Inc.:

### ***Opinion***

We have audited the accompanying financial statements of Niagara Peninsula Energy Inc. (the "Entity") which comprise:

- the statement of financial position as at December 31, 2018
- the statement of comprehensive income for the year then ended
- the statement of changes in equity for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2018, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## ***Responsibilities of Management and Those Charged With Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with Governance are responsible for overseeing the Entity's financial reporting process.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

---

## 1. Reporting entity

Niagara Peninsula Energy Inc. (the "Corporation") is a rate regulated, municipally owned hydro distribution company incorporated under the laws of Ontario, Canada. The Corporation is located in the City of Niagara Falls. The address of the Corporation's registered office is 7447 Pin Oak Drive, Niagara Falls, Ontario.

The Corporation delivers electricity and related energy services to residential and commercial customers in the City of Niagara Falls, the Town of Lincoln, the Township of West Lincoln and the Town of Pelham. The Corporation is owned 74.5% by Niagara Falls Hydro Holding Corporation which is wholly owned by the City of Niagara Falls and 25.5% by Peninsula West Power Limited which is owned 59% by the Town of Lincoln, 24% by the Township of West Lincoln and 17% by the Town of Pelham.

The financial statements are for the Corporation as at and for the year ended December 31, 2018.

## 2. Basis of presentation

### (a) Statement of compliance

The Corporation's financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS").

The financial statements were approved by the Board of Directors on April 17, 2019.

As explained in Note 5, the Corporation has adopted IFRS 9 *Financial Instruments* and IFRS 15 *Revenue from Contracts with Customers* in these financial statements.

### (b) Basis of measurement

These financial statements have been prepared on the historical cost basis, unless otherwise stated.

### (c) Functional and presentation currency

These financial statements are presented in Canadian dollars, which is the Corporation's functional currency.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

---

### 2. Basis of presentation (continued)

#### (d) Use of estimates and judgments

##### (i) Assumptions and estimation uncertainty

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in material adjustment is included in the following notes:

- (i) Note 3(b) – measurement of unbilled revenue
- (ii) Notes 3(d)(e), 8, 9 – estimation of useful lives of its property, plant and equipment and intangible assets
- (iii) Note 3(i), 11 – recognition and measurement of regulatory balances
- (iv) Note 14 – measurement of defined benefit obligations: key actuarial assumptions
- (v) Note 19 – recognition and measurement of provisions and contingencies

#### (e) Rate regulation

The Corporation is regulated by the Ontario Energy Board (“OEB”), under the authority granted by the *Ontario Energy Board Act, 1998*. Among other things, the OEB has the power and responsibility to approve or set rates for the transmission and distribution of electricity, providing continued rate protection for electricity consumers in Ontario, and ensuring that transmission and distribution companies fulfill obligations to connect and service customers. The OEB may also prescribe license requirements and conditions of service to local distribution companies (“LDCs”), such as the Corporation, which may include, among other things, record keeping, regulatory accounting principles, separation of accounts for distinct businesses, and filing and process requirements for rate setting purposes.

The Corporation is required to bill customers for the debt retirement charge set by the province for certain customer classes. Effective March 31, 2018, the debt retirement charge will no longer be charged to any customer in the province. The Corporation may file to recover uncollected debt retirement charges from Ontario Electricity Financial Corporation (“OEFC”) once each year.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

---

### 2. Basis of presentation (continued)

#### (e) Rate regulation (continued)

##### Rate setting

##### *Distribution revenue*

For the distribution revenue, the Corporation files a “Cost of Service” (“COS”) rate application with the OEB every five years. The COS filing timeline may be extended if the Corporation is able to maintain good reliability and operations under the existing approved rate structure, and has received approval by the OEB for such a deferral. The COS rates are determined through a review of the forecasted annual amount of operating and capital expenditures, debt and shareholder’s equity required to support the Corporation’s business. The Corporation estimates electricity usage and the costs to service each customer class to determine the appropriate rates to be charged to each customer class. The COS application is reviewed by the OEB and interveners and rates are approved based upon this review, including any revisions resulting from that review.

In the intervening years an Incentive Rate Mechanism application (“IRM”) is filed. An IRM application results in a formulaic adjustment to distribution rates that were set under the last COS application. The previous year’s rates are adjusted for the annual change in the Gross Domestic Product Implicit Price Inflation for Final Domestic Demand (“GDP IPI-FDD”) net of a productivity factor and a “stretch factor” determined by the relative efficiency of an electricity distributor.

As a licensed distributor, the Corporation is responsible for billing customers for electricity generated by third parties and the related costs of providing electricity service, such as transmission services and other services provided by third parties. The Corporation is required, pursuant to regulation, to remit such amounts to these third parties, irrespective of whether the Corporation ultimately collects these amounts from customers.

The Corporation last filed a COS application in 2014 for rates effective June 1, 2015 to April 30, 2016. The Board issued a Rate Order on April 28, 2015 declaring NPEI’s existing rates interim on May 1, 2015. In the Ontario Energy Board’s Decision and Order dated May 14, 2015, new rates for 2015 will be based on the Amended Settlement Proposal, utilizing a 13% Working capital allowance. The 2015 rates were implemented and effective as of June 1, 2015, pending the results of the lead/lag study requested by the OEB and the Corporation obtaining the necessary, subsequent OEB approvals at the time of its next incentive rate application. The Corporation’s lead/lag study was approved by the OEB utilizing a 10.48% working capital allowance and in conjunction with the 2016 IRM rate application effective May 1, 2016. A rate rider for Adjustment to 2015 Interim Rates was effective from May 1, 2016 to April 30, 2017 to account for the change in working capital allowance that resulted from the lead/lag study. The GDP IPI-FDD for 2017 is 1.9%, the Corporation’s productivity factor is 0% and the stretch factor is 0.3%, resulting in a net adjustment after the change in working capital allowance of 1.6%, to the previous year’s rates. An IRM Application was filed on October 16, 2017 for rates effective May 1, 2018. The OEB issued its Decision and Rate Order on March 22, 2018. The GDP-IPI-

Notes to Financial Statements  
Year ended December 31, 2018

---

### 2. Basis of presentation (continued)

#### (e) Rate regulation (continued)

Rate setting (continued)

*Distribution revenue (continued)*

FDD for 2019 is 1.5% the Corporation's productivity factor is 0.0% and the stretch factor is 0.3% resulting in a net adjustment of 1.2% to the previous year's rates.

*Electricity rates*

The OEB sets electricity prices for low-volume consumers twice each year based on an estimate of how much it will cost to supply the province with electricity for the next year. All remaining consumers pay the market price for electricity. The Corporation is billed for the cost of the electricity that its customers use and passes this cost on to the customer at cost without a mark-up.

### 3. Significant accounting policies

The accounting policies set out below have been applied consistently in all years presented in these financial statements.

#### (a) Financial instruments

All financial assets and all financial liabilities are recognized initially at fair value plus any directly attributable transaction costs. Subsequently, they are measured at amortized cost using the effective interest method less any impairment for the financial assets as described in note 3(f). The Corporation does not enter into derivative instruments.

Hedge accounting has not been used in the preparation of these financial statements.

#### (b) Revenue recognition

*Sale and distribution of electricity*

The performance obligations for the sale and distribution of electricity are recognized over time using an output method to measure the satisfaction of the performance obligation. The value of the electricity services transferred to the customer is determined on the basis of cyclical meter readings plus estimated customer usage since the last meter reading date to the end of the year and represents the amount that the Corporation has the right to bill. Revenue includes the cost of electricity supplied, distribution, and any other regulatory charges. The related cost of power is recorded on the basis of power used.

For customer billings related to electricity generated by third parties and the related costs of providing electricity service, such as transmission services and other services provided by third parties, the Corporation has determined that it is acting as a principal for these electricity charges and, therefore, has presented electricity revenue on a gross basis.

Customer billings for debt retirement charges are recorded on a net basis as the Corporation is acting as an agent for this billing stream.

Notes to Financial Statements  
Year ended December 31, 2018

---

### 3. Significant accounting policies (continued)

#### (b) Revenue recognition (continued)

##### *Other revenue*

Revenue earned from the provision of services is recognized as the service is rendered. Amounts received in advance of these milestones are presented as deferred revenue.

Developers are required to contribute towards the capital cost of construction of distribution assets in order to provide ongoing service. The developer is not a customer and therefore the contributions are scoped out of IFRS 15 *Revenue from Contracts with Customers*. Cash contributions, received from developers are recorded as deferred revenue. When an asset other than cash is received as a capital contribution, the asset is initially recognized at its fair value, with a corresponding amount recognized as deferred revenue. The deferred revenue, which represents the Corporation's obligation to continue to provide the customers access to the supply of electricity, is amortized to income on a straight-line basis over the useful life of the related asset.

Certain customers and developers are required to contribute towards the capital cost of construction of distribution assets in order to provide ongoing service. These contributions fall within the scope of IFRS 15 *Revenue from Contracts with Customers*. The Corporation has concluded that the performance obligation is the supply of electricity over the life of the relationship with the customer which is satisfied over time as the customer receives and consumes the electricity. Cash contributions are recorded as deferred revenue. When an asset other than cash is received as a capital contribution, the asset is initially recognized at its fair value, with a corresponding amount recognized as deferred revenue. The deferred revenue, which represents the Corporation's obligation to continue to provide the customers access to the supply of electricity, is amortized to income on a straight-line basis over the useful life of the related asset.

Government grants and the related performance incentive payments under Conservation and Demand Management (CDM) programs are recognized as revenue in the year when there is reasonable assurance that the program conditions have been satisfied and the payment will be received.

#### (c) Materials and supplies

Materials and supplies, the majority of which are consumed by the Corporation in the provision of its services, is valued at the lower of cost and net realizable value, with cost being determined on an average cost basis, and includes expenditures incurred in acquiring the materials and supplies and other costs incurred in bringing them to their existing location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated selling expenses.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

---

### 3. Significant accounting policies (continued)

#### (d) Property, plant and equipment (continued)

Items of property, plant and equipment ("PP&E") used in rate-regulated activities are measured at deemed cost established on the transition date less accumulated depreciation. All other items of property, plant and equipment are measured at cost, or, where the item is contributed by customers, its fair value, less accumulated depreciation.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes contracted services, materials and transportation costs, direct labour, overhead costs, borrowing costs and any other costs directly attributable to bringing the asset to a working condition for its intended use.

Borrowing costs on qualifying assets are capitalized as part of the cost of the asset based upon the weighted average cost of debt incurred on the Corporation's borrowings. Qualifying assets are considered to be those that take in excess of 12 months to construct.

When parts of an item of PP&E have different useful lives, they are accounted for as separate items (major components) of PP&E.

When items of PP&E are retired or otherwise disposed of, a gain or loss on disposal is determined by comparing the proceeds from disposal, if any, with the carrying amount of the item and is included in profit or loss.

Major spare parts and standby equipment are recognized as items of PP&E.

The cost of replacing a part of an item of PP&E is recognized in the net book value of the item if it is probable that the future economic benefits embodied within the part will flow to the Corporation and its cost can be measured reliably. In this event, the replaced part of PP&E is written off, and the related gain or loss is included in profit or loss. The costs of the day-to-day servicing of PP&E are recognized in profit or loss as incurred.

The need to estimate the decommissioning costs at the end of the useful lives of certain assets is reviewed periodically. The Corporation has concluded it does not have any legal or constructive obligation to remove PP&E.

Depreciation is calculated to write off the cost of items of PP&E using the straight-line method over their estimated useful lives, and is generally recognized in profit or loss. Depreciation methods, useful lives, and residual values are reviewed at each reporting date and adjusted prospectively if appropriate. Land is not depreciated. Construction-in-progress assets are not depreciated until the project is complete and the asset is available for use.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

### 3. Significant accounting policies (continued)

#### (d) Property, plant and equipment (continued)

The estimated useful lives are as follows:

Asset	Years
Buildings and fixtures	60 years
Transformer station building	50 years
Transformer station equipment	10-45 years
Distribution stations	30-45 years
Distribution overhead lines	15-60 years
Distribution underground lines	30-50 years
Distribution transformers	30-40 years
Distribution meters	20 years
Smart meters	15 years
General office equipment	10 years
Computer equipment	5 years
Trucks and rolling stock	8-20 years
Major tools	10 years
Other capital assets	5-20 years

#### (e) Intangible assets

Intangible assets used in rate-regulated activities and acquired prior to January 1, 2014 are measured at deemed cost established on the transaction date less accumulated amortization.

Computer software that is acquired or developed by the Corporation after January 1, 2014, including software that is not integral to the functionality of equipment purchased which has finite useful lives, is measured at cost less accumulated amortization.

Payments to obtain rights to access land ("land rights") are classified as intangible assets. These include payments made for easements, right of access and right of use over land for which the Corporation does not hold title. Land rights are measured at cost less accumulated amortization.

Amortization is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use. Amortization methods and useful lives of all intangible assets are reviewed at each reporting date and adjusted prospectively if appropriate. The estimated useful lives are:

Asset	Years
Computer software	3 years
Land rights	25 years

### 3. Significant accounting policies (continued)

#### (f) Impairment

##### (i) Financial assets measured at amortized cost

At each reporting date, the Corporation assess whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Corporation uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Corporation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Expected credit losses of a financial instrument are measured in a way that reflects: an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; the time value of money; and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### (ii) Non-financial assets

The carrying amounts of the Corporation's non-financial assets, other than materials and supplies and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit" or "CGU"). The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss.

For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

---

### 3. Significant accounting policies (continued)

#### (g) Customer deposits

Customer deposits represent cash deposits from electricity distribution customers and retailers to guarantee the payment of energy bills. Interest is paid annually on customer deposits.

Deposits are refundable to customers who demonstrate an acceptable level of credit risk as determined by the Corporation in accordance with policies set out by the OEB or upon termination of their electricity distribution service.

#### (h) Provisions

A provision is recognized if, as a result of a past event, the Corporation has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

#### (i) Regulatory balances

Regulatory deferral account debit balances represent costs incurred in excess of amounts billed to the customer at OEB approved rates. Regulatory deferral account credit balances represent amounts billed to the customer at OEB approved rates in excess of costs incurred by the Corporation.

Regulatory deferral account debit balances are recognized if it is probable that future billings in an amount at least equal to the deferred cost will result from inclusion of that cost in allowable costs for rate-making purposes. The offsetting amount is recognized in net movement in regulatory balances in profit or loss or OCI. When the customer is billed at rates approved by the OEB for the recovery of the deferred costs, the customer billings are recognized in revenue. The regulatory debit balance is reduced by the amount of these customer billings with the offset to net movement in regulatory balances in profit or loss or OCI.

The probability of recovery of the regulatory deferral account debit balances is assessed annually based upon the likelihood that the OEB will approve the change in rates to recover the balance. The assessment of likelihood of recovery is based upon previous decisions made by the OEB for similar circumstances, policies or guidelines issued by the OEB, etc. Any resulting impairment loss is recognized in profit or loss in the year incurred.

When the Corporation is required to refund amounts to ratepayers in the future, the Corporation recognizes a regulatory deferral account credit balance. The offsetting amount is recognized in net movement in regulatory balances in profit or loss or OCI. The amounts returned to the customers are recognized as a reduction of revenue. The credit balance is reduced by the amount of these customer repayments with the offset to net movement in regulatory balances in profit or loss or OCI.

### 3. Significant accounting policies (continued)

(j) Post-employment benefits

(i) Pension plan

The Corporation provides a pension plan for all its full-time employees through Ontario Municipal Employees Retirement System (“OMERS”). OMERS is a multi-employer pension plan which operates as the Ontario Municipal Employees Retirement Fund (“the Fund”), and provides pensions for employees of Ontario municipalities, local boards and public utilities. The Fund is a contributory defined benefit pension plan, which is financed by equal contributions from participating employers and employees, and by the investment earnings of the Fund. To the extent that the Fund finds itself in an under-funded position, additional contribution rates may be assessed to participating employers and members.

OMERS is a defined benefit plan. However, as OMERS does not segregate its pension asset and liability information by individual employers, there is insufficient information available to enable the Corporation to directly account for the plan. Consequently, the plan has been accounted for as a defined contribution plan. The Corporation is not responsible for any other contractual obligations other than the contributions. Obligations for contributions to defined contribution pension plans are recognized as an employee benefit expense in profit or loss when they are due.

(ii) Post-employment benefits, other than pension

The Corporation provides some of its retired employees with life insurance and medical benefits beyond those provided by government sponsored plans.

The obligations for these post-employment benefit plans are actuarially determined by applying the projected unit credit method and reflect management’s best estimate of certain underlying assumptions. Re-measurements of the net defined benefit obligations, including actuarial gains and losses and the return on plan assets (excluding interest), are recognized immediately in other comprehensive income. When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized immediately in profit or loss.

## NIAGARA PENINSULA ENERGY INC.

### 3. Significant accounting policies (continued)

#### (k) Finance income and finance costs

Finance income is recognized as it accrues in profit or loss, using the effective interest method. Finance income comprises interest earned on cash.

Finance costs comprise interest expense on borrowings and customer deposits. Finance costs are recognized in profit or loss unless they are capitalized as part of the cost of qualifying assets.

#### (l) Income taxes

The income tax expense comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in equity, in which case, it is recognized in equity.

The Corporation is currently exempt from taxes under the Income Tax Act (Canada) and the Ontario Corporations Tax Act (collectively the "Tax Acts"). Under the *Electricity Act*, 1998, the Corporation makes payments in lieu of corporate taxes to the Ontario Electricity Financial Corporation ("OEFC"). These payments are calculated in accordance with the rules for computing taxable income and taxable capital and other relevant amounts contained in the Tax Acts as modified by the *Electricity Act*, 1998, and related regulations. Prior to October 1, 2001, the Corporation was not subject to income or capital taxes. Payments in lieu of taxes are referred to as income taxes.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized in respect of temporary differences between the tax basis of assets and liabilities and their carrying amounts for accounting purposes. Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted, at the reporting date.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

### 4. Future changes in accounting policy and disclosures

The Corporation is evaluating the adoption of the following new and revised standards along with any subsequent amendments.

#### *Leases*

In January 2016, the IASB issued IFRS 16 to establish principles for the recognition, measurement, presentation and disclosures of leases, with the objective of ensuring that lessees and lessors provide relevant information that faithfully represents those transactions. IFRS 16 replaces IAS17 and it is effective for annual periods beginning on or after January 1, 2019. The Corporation intends to adopt IFRS 16 in its financial statements for the annual period beginning on January 1, 2019. The Corporation does not expect the standard to have a material impact on the financial statements.

### 5. Change in accounting policy

The Corporation has initially applied IFRS 15 *Revenue from Contracts with Customers* and IFRS 9 *Financial Instruments* from January 1, 2018 on a retrospective basis. The following practical expedients have been used in the initial application of these new standards:

For complete contracts, the Corporation did not restate contracts that:

- (i) Began and ended within the same annual reporting period; or
- (ii) Were completed at the beginning of January 1, 2016

There are no transitional impacts to report as adoption of these standards did not have a material on impact comparative information.

### 6. Accounts receivable

	2018	2017

### 11. Regulatory balances (continued)

The regulatory balances are recovered or settled through rates approved by the OEB which are determined using estimates of future consumption of electricity by its customers. Future consumption is impacted by various factors including the economy and weather. The Corporation has received approval from the OEB to establish its regulatory balances.

Settlement of the Group 1 deferral accounts is done on an annual basis through application to the OEB. An application has been made to the OEB to repay the Group 1 deferral accounts as at December 31, 2017. These balances were included in the Corporation's IRM application in 2018 for rates effective May 1, 2019. Once approval is received, the approved account balance is moved to the regulatory settlement account. Approval from the OEB to repay the regulatory settlement account balance is pending. The balance is to be repaid over a period of 1 year ending April 30, 2020. The OEB requires the Corporation to estimate its income taxes when it files a COS application to set its rates. As a result, the Corporation has recognized a regulatory deferral account for the amount of deferred taxes that will ultimately be recovered from/paid back to its customers. This balance will fluctuate as the Corporation's deferred tax balance fluctuates. Regulatory balances attract interest at OEB prescribed rates, which are based on Bankers' Acceptances three-month rate plus a spread of 25 basis points. In 2018 the rate was 1.8625% (2017 - 1.20%).

### 12. Accounts payable and accrued liabilities

	2018	2017
Accounts payable	\$ 13,818,274	\$ 17,831,990
Debt retirement charge payable to OEFC	4	459,406
Payroll payable	1,198,488	1,235,238
Other	214,197	274,522
City of Niagara Falls	832	1,020
Township of West Lincoln	897	954
	<u>\$ 15,232,692</u>	<u>\$ 19,803,130</u>

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

### 13. Long-term debt

	2018	2017
Secured bank loans	\$ 40,337,500	\$ 41,461,323
Note payable – City of Niagara Falls	22,000,000	22,000,000
Note payable – Niagara Falls Hydro Holding Corporation	3,605,090	3,605,090
	<u>\$ 65,942,590</u>	<u>\$ 67,066,413</u>

The notes payable bear interest at 4.77% and are due on demand to the City of Niagara Falls and Niagara Falls Hydro Holding Corporation respectively. The City has waived its right to demand payment until January 1, 2019. There is no immediate intent to redeem the notes payable and both notes payable are due April 2020.

The secured bank loans which are secured by a general security agreement over the Corporation's assets and governed by an Inter-creditor agreement dated September 15, 2016 consists of the following:

	2018	2017
TD bank term loan-fixed rate 4.58% due July 2019. Repayment is in equal monthly installments of \$93,442 of interest and principal	\$ 673,823	\$ 1,737,717
Scotiabank loan-fixed rate 2.67% due September 2020. Repayment is in equal monthly installments of \$37,500 plus interest	787,500	1,237,500
TD loan payable - interest only-fixed rate 2.933% due December 2018	-	10,000,000
TD loan payable - interest only-fixed rate 2.633% due November 2019	10,000,000	10,000,000
Meridian Credit Union loan payable - interest only-fixed rate 2.60% due September 2026	20,000,000	20,000,000
TD loan payable - interest only-fixed rate 2.81% due June 2027	10,000,000	10,000,000
TD loan payable - interest only-fixed rate 3.671% due December 2028	10,000,000	-
	<u>\$ 51,461,323</u>	<u>\$ 52,975,217</u>

Principal payments on the secured bank loans are as follows:

2019	\$ 11,123,823
2020	337,500
2021	-
2022	-
2023	-
2024 – 2028	40,000,000
	<u>51,461,323</u>
Less: current portion	11,123,823
Long-term portion of loan	<u>\$ 40,337,500</u>

### 14. Post-employment benefits

#### (a) OMERS pension plan

The Corporation provides a pension plan for its employees through OMERS. The plan is a multi-employer, contributory defined pension plan with equal contributions by the employer and its employees. In 2018, the Corporation made employer contributions of \$1,268,470 to OMERS (2017 - \$1,246,730), of which \$320,489 (2017 - \$331,972) has been capitalized as part of PP&E and the remaining amount of \$947,981 (2017 - \$914,757) has been recognized in profit or loss. The Corporation estimates that a contribution of \$1,293,840 to OMERS will be made during the next fiscal year.

As at December 31, 2018, OMERS had approximately 482,000 members, of whom 123 are current employees of the Corporation. The most recently available OMERS annual report is for the year ended December 31, 2018, which reported that the plan was 96% (2017 - 94%) funded, with an unfunded liability of \$4.2 billion (2017 - \$5.4 billion). This unfunded liability is likely to result in future payments by participating employers and members.

#### (b) Post-employment benefits other than pension

The Corporation pays certain medical and life insurance benefits on behalf of some of its retired employees. The Corporation recognizes these post-employment benefits in the year in which employees' services were rendered. The Corporation is recovering its post-employment benefits in rates based on the expense and re-measurements recognized for post-employment benefit plans.

Reconciliation of the obligation	2018	2017
Defined benefit obligation, beginning of year	\$ 3,883,400	\$ 2,619,248
Included in profit or loss		
Current service cost	127,779	109,400
Past service cost	-	412,700
Interest cost	133,748	123,500
	4,144,927	3,264,848
Benefits paid	(124,106)	(94,648)
Actuarial loss at December 31, 2017	-	713,200
Defined benefit obligation, end of year	\$ 4,020,821	\$ 3,883,400

Actuarial assumptions	2018	2017
General inflation	2.00%	2.00%
Discount (interest) rate	3.50%	3.50%
Salary levels	3.30%	3.30%
Medical Costs	5.96%	6.20%
Dental Costs	4.50%	4.50%

A 1% increase in the assumed discount rate would result in the defined benefit obligation decreasing to \$3,423,600. A 1% decrease in the assumed discount rate would result in the defined benefits obligation increasing to \$4,459,800.

### **19. Commitments and contingencies**

#### General

From time to time, the Corporation is involved in various litigation matters arising in the ordinary course of its business. The Corporation has no reason to believe that the disposition of any such current matter could reasonably be expected to have a materially adverse impact on the Corporation's financial position, results of operations or its ability to carry on any of its business activities.

#### Letter of Credit

The Corporation has arranged for a standby letter of credit of \$12,000,000 (2017 - \$12,000,000) of which \$11,910,187 (2017 - \$11,910,187) has been drawn down. The Independent Electricity Market Operator is the beneficiary for \$11,910,187 (2017 - \$11,910,187). This is to provide a prudential letter of credit supporting the purchase of electrical power.

#### General Liability Insurance

The Corporation is a member of the Municipal Electric Association Reciprocal Insurance Exchange (MEARIE). MEARIE is a pooling of public liability insurance risks of many of the LDCs in Ontario. All members of the pool are subjected to assessment for losses experienced by the pool for the years in which they were members, on a pro-rata basis based on the total of their respective service revenues. As at December 31, 2018, no assessments have been made.

### **20. Related party transactions**

#### (a) Parent and ultimate controlling party

The shareholders of the Corporation are Peninsula West Power Inc. (PWPI) and Niagara Falls Hydro Holding Corporation (NFHHC). NFHHC is wholly-owned by the City of Niagara Falls. PWPI is owned by the Towns of Lincoln and Pelham and the Township of West Lincoln. The Municipalities produce consolidated financial statements that are available for public use.

### 21. Financial instruments and risk management

#### Fair value disclosure

The carrying values of cash and cash equivalents, accounts receivable, unbilled revenue, and accounts payable and accrued liabilities approximate fair value because of the short maturity of these instruments. The carrying value of the customer deposits approximates fair value because the amounts are payable on demand.

The fair value of the long-term debt at December 31, 2018 is \$76,025,000 (2017 - \$77,820,000). The fair value is calculated based on the present value of future principal and interest cash flows, discounted at the current rate of interest at the reporting date. The interest rate used to calculate fair value at December 31, 2018 was 4.34% (2017 - 4.24%).

#### Financial risks

The Corporation understands the risks inherent in its business and defines them broadly as anything that could impact its ability to achieve its strategic objectives. The Corporation's exposure to a variety of risks such as credit risk, interest rate risk, and liquidity risk, as well as related mitigation strategies are discussed below.

##### (a) Credit risk

Financial assets carry credit risk that a counterparty will fail to discharge an obligation which could result in a financial loss. Financial assets held by the Corporation, such as accounts receivable, expose it to credit risk. The Corporation earns its revenue from a broad base of customers located in the City of Niagara Falls, Town of Lincoln, Township of West Lincoln and the Town of Pelham. No single customer accounts for a balance in excess of 10% of total accounts receivable.

The carrying amount of accounts receivable is reduced through the use of an allowance for impairment and the amount of the related impairment loss is recognized in profit or loss. Subsequent recoveries of receivables previously provisioned are credited to profit or loss. The balance of the allowance for impairment at December 31, 2018 is \$623,246 (2017 - \$559,111). An impairment loss of \$308,528 (2017 - \$263,168) was recognized during the year.

The Corporation's credit risk associated with accounts receivable is primarily related to payments from distribution customers. At December 31, 2018, approximately \$840,695 (2017 - \$645,575) is considered 60 days past due. The Corporation has over 54,000 thousand customers, the majority of whom are residential. Credit risk is managed through collection of security deposits from customers in accordance with directions provided by the OEB. As at December 31, 2018, the Corporation holds security deposits in the amount of \$1,267,703 (2017 - \$1,033,731).

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements  
Year ended December 31, 2018

---

### 21. Financial instruments and risk management (continued)

#### (b) Market risk

Market risks primarily refer to the risk of loss resulting from changes in commodity prices, foreign exchange rates, and interest rates. The Corporation currently does not have any material commodity or foreign exchange risk. The Corporation is exposed to fluctuations in interest rates as the regulated rate of return for the Corporation's distribution business is derived using a complex formulaic approach which is in part based on the forecast for long-term Government of Canada bond yields. This rate of return is approved by the OEB as part of the approval of distribution rates.

#### (c) Liquidity risk

The Corporation monitors its liquidity risk to ensure access to sufficient funds to meet operational and investing requirements. The Corporation's objective is to ensure that sufficient liquidity is on hand to meet obligations as they fall due while minimizing interest exposure. The Corporation has access to a \$10,000,000 credit facility and monitors cash balances daily to ensure that a sufficient level of liquidity is on hand to meet financial commitments as they become due. As at December 31, 2018, no amounts had been drawn under the Corporation's credit facility.

The Corporation also has a bilateral facility for \$12 million (the "LC" facility) for the purpose of issuing letters of credit mainly to support the prudential requirements of the IESO, of which \$11,910,187 has been drawn and posted with the IESO (2017 - \$11,910,187).

The majority of accounts payable, as reported on the statement of financial position, are due within 30 days.

#### (d) Capital disclosures

The main objectives of the Corporation, when managing capital, are to ensure ongoing access to funding to maintain and improve the electricity distribution system, compliance with covenants related to its credit facilities, prudent management of its capital structure with regard for recoveries of financing charges permitted by the OEB on its regulated electricity distribution business, and to deliver the appropriate financial returns.

The Corporation's definition of capital includes shareholder's equity and long-term debt. As at December 31, 2018, shareholder's equity amounts to \$93,038,419 (2017 - \$91,088,527) and long-term debt amounts to \$77,066,413 (2017 - \$78,580,307).

### 22. Comparative figures

Enter amount **E** on line 300 of the T2 return.

# Inducement

This form is used to calculate inducements that a corporation must add to its income under paragraph 12(1)(x) ITA. If an amount reduces the capital cost of a property, this amount will be indicated in Part "Tax credits whose amount should reduce the capital cost of property."

If you want to transfer an amount to Schedule 1 and include it in the corporation's income for tax purposes, select the corresponding check box in column A. You can also select the option **Select this check box to add all the amounts to income calculated in Schedule 1** to transfer all the amounts to Schedule 1. In either case, the column A check box will be selected for that amount and it will therefore be updated to Schedule 1.

## Tax credits whose amount should be added to income

## Tax credits whose amount should reduce the capital cost of property

## Charitable Donations and Gifts

Corporation's name  NIAGARA PENINSULA ENERGY INC.	Business number  87196 9127 RC0002	Tax year-end Year Month Day 2018-12-31
---	--	--

- For use by corporations to claim any of the following:
  - the eligible amount of charitable donations to qualified donees
  - the Ontario, Nova Scotia, and British Columbia food donation tax credits for farmers
  - the eligible amount of gifts of certified cultural property
  - the eligible amount of gifts of certified ecologically sensitive land or
  - the additional deduction for gifts of medicine made before March 22, 2017
- All legislative references are to the federal Income Tax Act, unless stated otherwise.
- The eligible amount of a gift is the amount by which the fair market value of the gifted property exceeds the amount of an advantage, if any, for the gift.
- The donations and gifts can be carried forward for 5 years except for gifts of certified ecologically sensitive land made after February 10, 2014, which can be carried forward for 10 years. Provincial food donation tax credits must be applied in the current tax year.
- Use this schedule to show a transfer of unused amounts from previous years following an amalgamation or the wind-up of a subsidiary as described under subsections 87(1) and 88(1).
- Subsection 110.1(1.2) provides as follows:
  - Where a particular corporation has undergone an acquisition of control, for tax years that end on or after the acquisition of control, no corporation can claim a deduction for a gift made by the particular corporation to a qualified donee before the acquisition of control.
  - If a particular corporation makes a gift to a qualified donee pursuant to an arrangement under which both the gift and the acquisition of control is expected, no corporation can claim a deduction for the gift unless the person acquiring control of the particular corporation is the qualified donee.
- An eligible medical gift made before March 22, 2017, to a qualifying organization for activities outside of Canada may be eligible for an additional deduction. Calculate the additional deduction in Part 5.
- File one completed copy of this schedule with your T2 Corporation Income Tax Return.
- For more information, see the T2 Corporation – Income Tax Guide.

### Part 1 – Charitable donations

Charity/Recipient	Amount (\$100 or more only)
Project Share	37,166
Community Care West Niagara	5,000

### Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
--	---	---

- Corporations must use this schedule to report:
  - non-taxable dividends under section 83;
  - deductible dividends under subsection 138(6);
  - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d); or
  - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3).
- All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations.
- A recipient corporation is **connected** with a payer corporation at any time in a tax year, if at that time the recipient corporation:
  - controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b); or
  - owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation.
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 – Enter "X" if dividends received from a foreign source.
- Column F1 – Enter the code that applies to the deductible taxable dividend.

**Part 1 – Dividends received in the tax year**

- Do **not** include dividends received from foreign non-affiliates.
- Complete columns B, C, D, H and I **only** if the payer corporation is **connected**.

**Important instructions to follow if the payer corporation is connected**

- If your corporation's tax year-end is different than that of the **connected** payer corporation, dividends could have been received from more than one tax year of the payer corporation. If so, **use a separate line** to provide the information according to each tax year of the payer corporation.
- When completing column J and K use the **special calculations provided in the notes**.

A Name of payer corporation (from which the corporation received the dividend)	A1	B Enter 1 if payer corporation is <b>connected</b>	C Business Number of <b>connected</b> corporation	D Tax year-end of the payer corporation in which the sections 112/113 and subsection 138(6) dividends in column F were paid YYYYMMDD	E Non-taxable dividends under section 83
<b>200</b>		<b>205</b>	<b>210</b>	<b>220</b>	<b>230</b>
1		2			
<b>Total of column E</b> (enter amount on line 402 of Schedule 1)					

**Part 1 – Dividends received in the tax year (continued)**

F Taxable dividends deductible from taxable income under section 112, subsections 113(2) and 138(6), and paragraphs 113(1)(a), (a.1), (b), or (d) <sup>note 1</sup>	F1	G Eligible dividends included in column F	H Total taxable dividends paid by <b>connected</b> payer corporation (for tax year in column D)	I Dividend refund of the <b>connected</b> payer corporation (for tax year in column D) <sup>note 2</sup>	J Part IV tax for eligible dividends. Dividends (from column G) <b>multiplied</b> by 38 1/3% <sup>note 3</sup>	K Part IV tax before deductions. Dividends (from column F) <b>multiplied</b> by 38 1/3% <sup>note 4</sup>
<b>240</b>		<b>242</b>	<b>250</b>	<b>260</b>	<b>265</b>	<b>275</b>
1						

Taxable dividends received from connected corporations (total amounts from column F with code 1 in column B)	1A
Taxable dividends received from non-connected corporations (total amounts from column F with code 2 in column B)	1B
Subtotal (amount 1A <b>plus</b> amount 1B, include this amount on line 320 of the T2 Return)	1C
Eligible dividends received from connected corporations (total amounts from column G with code 1 in column B)	1D
Eligible dividends received from non-connected corporations (total amounts from column G with code 2 in column B)	1E
Part IV tax before deductions on taxable dividends received from connected corporations (total amounts from column K with code 1 in column B)	1F
Part IV tax before deductions on taxable dividends received from non-connected corporations (total amounts from column K with code 2 in column B)	1G
Subtotal (amount 1F <b>plus</b> amount 1G)	1H
Part IV tax on eligible dividends received from connected corporations (total amounts from column J with code 1 in column B)	1I
Part IV tax on eligible dividends received from non-connected corporations (total amounts from column J with code 2 in column B)	1J
Subtotal (amount 1I <b>plus</b> amount 1J)	1K
Part IV tax before deductions on taxable dividends (other than eligible dividends) (amount 1H <b>minus</b> amount 1K)	1L

- 1 If taxable dividends are received, enter the amount in column F, but if the corporation is not subject to Part IV tax (such as a public corporation other than a subject corporation as defined in subsection 186(3)), enter "0" in column J or column K whichever one applies. Life insurers are not subject to Part IV tax on subsection 138(6) dividends.
- 2 If the connected payer corporation's tax year ends after the corporation's balance-due day for the tax year (two or three months, as applicable), you have to estimate the payer's dividend refund when you calculate the corporation's Part IV tax payable.
- 3 For eligible dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column G.
- 4 For taxable dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column F.

**Part 2 – Calculation of Part IV tax payable**

Part IV tax on dividends received before deductions (amount 1H in part 1) ..... 2A

Part IV tax payable on dividends subject to Part IV tax (from line 360 of Schedule 43) ..... **320**

Subtotal (amount 2A minus line 320) ..... 2B

Current-year non-capital loss claimed to reduce Part IV tax ..... **330**

Non-capital losses from previous years claimed to reduce Part IV tax ..... **335**

Current-year farm loss claimed to reduce Part IV tax ..... **340**

Farm losses from previous years claimed to reduce Part IV tax ..... **345**

Total losses applied against Part IV tax (total of lines 330 to 345) ..... 2C

Amount 2C multiplied by 38 1 / 3 % ..... 2D

**Part IV tax payable** (amount 2B minus amount 2D, if negative enter "0") ..... **360**

(enter amount on line 712 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax before deductions on taxable dividends received from connected corporations <sup>note 5</sup> (amount 1F in part 1) ..... 2E

Amount 4A from Schedule 43 ..... 2F

**Part IV tax payable on taxable dividends received from connected corporations** (amount 2E minus amount 2F, if negative enter "0") ..... 2G

(enter at amount L on page 7 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax on eligible dividends received from non-connected corporations (amount 1J in part 1) ..... 2H

Amount 4C from Schedule 43 ..... 2I

**Part IV tax payable on eligible dividends received from non-connected corporations** (amount 2H minus amount 2I, if negative enter "0") ..... 2J

(enter at amount M on page 7 of the T2 return)

5 To the extent of a dividend refund to the connected payer corporation from its eligible refundable dividend tax on hand (ERDTH). Otherwise, the amount 2E is nil.

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund**

If your corporation's tax year-end is different than that of the connected recipient corporation, your corporation could have paid dividends in more than one tax year of the recipient corporation. If so, use a separate line to provide the information according to each tax year of the recipient corporation.

	L Name of connected recipient corporation	M Business Number	N Tax year-end of connected recipient corporation in which the dividends in column O were received YYYYMMDD	O Taxable dividends paid to connected corporations	P Eligible dividends included in column O
	<b>400</b>	<b>410</b>	<b>420</b>	<b>430</b>	<b>440</b>
1	NIAGARA FALLS HYDRO HOLDING CORPORATION	86750 8830 RC0001	2018-12-31	1,043,000	
2	PENINSULA WEST POWER INC.	89108 9419 RC0001	2018-12-31	357,000	
3					

1,400,000  
 (Total of column O) (Total of column P)

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund (continued)**

Total taxable dividends paid in the tax year to other than connected corporations	450	
Eligible dividends included in line 450	455	
Total taxable dividends paid in the tax year that qualify for a dividend refund (total of column O plus line 450)	460	1,400,000
Total eligible dividends paid in the tax year (total of column P plus line 455)	465	
Total non-eligible taxable dividends paid in the tax year (line 460 minus line 465)	470	1,400,000
Complete this part to determine the following amounts in order to calculate the dividend refund.		
Line 465 multiplied by 38 1 / 3 % (enter at amount AA on page 7 of the T2 return)		3A
Line 470 multiplied by 38 1 / 3 % (enter at amount DD on page 7 of the T2 return)		536,667 3B

**Part 4 – Total dividends paid in the tax year**

Complete this part if the total taxable dividends paid in the tax year that qualify for a dividend refund (line 460) is different from the total dividends paid in the tax year.

Total taxable dividends paid in the tax year for the purposes of a dividend refund (from above)		1,400,000
Other dividends paid in the tax year (total of 510 to 540)		
Total dividends paid in the tax year	500	1,400,000
Dividends paid out of capital dividend account	510	
Capital gains dividends	520	
Dividends paid on shares described in subsection 129(1.2)	530	
Taxable dividends paid to a controlling corporation that was bankrupt at any time in the year	540	
Subtotal (total of lines 510 to 540)		4A
Total taxable dividends paid in the tax year that qualify for a dividend refund (Line 500 minus amount 4A)		1,400,000 4B

## Corporation Loss Continuity and Application

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
--	---	---

- Use this form to determine the continuity and use of available losses; to determine a current-year non-capital loss, farm loss, restricted farm loss, or limited partnership loss; to determine the amount of restricted farm loss and limited partnership loss that can be applied in a year; and to ask for a loss carryback to previous years.
- A corporation can choose whether or not to deduct an available loss from income in a tax year. The corporation can deduct losses in any order. However, for each type of loss, deduct the oldest loss first.
- According to subsection 111(4) of the *Income Tax Act*, when control has been acquired, no amount of capital loss incurred for a tax year ending before that time is deductible in computing taxable income in a tax year ending after that time. Also, no amount of capital loss incurred in a tax year ending after that time is deductible in computing taxable income of a tax year ending before that time.
- When control has been acquired, subsection 111(5) provides for similar treatment of non-capital and farm losses, except as listed in paragraphs 111(5)(a) and (b).
- For information on these losses, see the *T2 Corporation – Income Tax Guide*.
- File one completed copy of this schedule with the T2 return, or send the schedule by itself to the tax centre where the return is filed.
- All legislative references are to the *Income Tax Act*.

### Part 1 – Non-capital losses

#### Determination of current-year non-capital loss

Net income (loss) for income tax purposes		-2,610,148	A
<b>Deduct:</b> (increase a loss)			
Net capital losses deducted in the year (enter as a positive amount)	_____		a
Taxable dividends deductible under section 112 or subsections 113(1) or 138(6)	_____		b
Amount of Part VI.1 tax deductible under paragraph 110(1)(k)	_____		c
Amount deductible as prospector's and grubstaker's shares – Paragraph 110(1)(d.2)	_____		d
Subtotal (total of amounts a to d)			B
Subtotal (amount A <b>minus</b> amount B; if positive, enter "0")		-2,610,148	C
<b>Deduct:</b> (increase a loss)			
Section 110.5 or subparagraph 115(1)(a)(vii) – Addition for foreign tax deductions	_____		D
Subtotal (amount C <b>minus</b> amount D)		-2,610,148	E
<b>Add:</b> (decrease a loss)			
Current-year farm loss (the lesser of: the net loss from farming or fishing included in income and the non-capital loss before deducting the farm loss)	_____		F
Current-year non-capital loss (amount E <b>plus</b> amount F; if positive, enter "0")		-2,610,148	G

If amount G is negative, enter it on line 110 as a positive.

#### Continuity of non-capital losses and request for a carryback

Non-capital loss at the end of the previous tax year	943,963		e
<b>Deduct:</b> Non-capital loss expired (note 1)			
	<b>100</b>		f
Non-capital losses at the beginning of the tax year (amount e <b>minus</b> amount f)	<b>102</b>	943,963	H
<b>Add:</b>			
Non-capital losses transferred on an amalgamation or on the wind-up of a subsidiary (note 2) corporation	<b>105</b>		g
Current-year non-capital loss (from amount G)	<b>110</b>	2,610,148	h
Subtotal (amount g <b>plus</b> amount h)		2,610,148	I
Subtotal (amount H <b>plus</b> amount I)		3,554,111	J

Note 1: A non-capital loss expires as follows:

- after **10** tax years if it arose in a tax year ending after March 22, 2004, and before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

An allowable business investment loss becomes a net capital loss after **10** tax years if it arose in a tax year ending after March 22, 2004.

Note 2: Subsidiary is defined in subsection 88(1) as a taxable Canadian corporation of which 90% or more of each class of issued shares are owned by its parent corporation and the remaining shares are owned by persons that deal at arm's length with the parent corporation.

**Part 1 – Non-capital losses (continued)**

<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	150	i	
Section 80 – Adjustments for forgiven amounts	140	j	
Subsection 111(10) – Adjustments for fuel tax rebate		j.1	
Non-capital losses of previous tax years applied in the current tax year	130	k	
Enter amount k on line 331 of the T2 Return.			
Current and previous year non-capital losses applied against current-year taxable dividends subject to Part IV tax (note 3)	135	l	
	Subtotal (total of amounts i to l)		K
	Non-capital losses before any request for a carryback (amount J minus amount K)		3,554,111 L
<b>Deduct – Request to carry back non-capital loss to:</b>			
First previous tax year to reduce taxable income	901	m	
Second previous tax year to reduce taxable income	902	n	
Third previous tax year to reduce taxable income	903	o	1,975,729
First previous tax year to reduce taxable dividends subject to Part IV tax	911	p	
Second previous tax year to reduce taxable dividends subject to Part IV tax	912	q	
Third previous tax year to reduce taxable dividends subject to Part IV tax	913	r	
	Total of requests to carry back non-capital losses to previous tax years (total of amounts m to r)		1,975,729 M
	Closing balance of non-capital losses to be carried forward to future tax years (amount L minus amount M)		180 1,578,382 N

Note 3: Amount l is the total of lines 330 and 335 from Schedule 3, *Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation*.

**Part 2 – Capital losses**

<b>Continuity of capital losses and request for a carryback</b>			
Capital losses at the end of the previous tax year	200	a	
Capital losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	205	b	
	Subtotal (amount a plus amount b)		A
<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	250	c	
Section 80 – Adjustments for forgiven amounts	240	d	
	Subtotal (amount c plus amount d)		B
	Subtotal (amount A minus amount B)		C
<b>Add:</b> Current-year capital loss (from the calculation on Schedule 6, <i>Summary of Dispositions of Capital Property</i> )	210		D
Unused non-capital losses that expired in the tax year (note 4)		e	
Allowable business investment losses (ABILs) that expired as non-capital losses at the end of the previous tax year (note 5)		f	
Enter amount e or f, whichever is less	215	g	
ABILs expired as non-capital losses: line 215 multiplied by 2.000000			220 E
	Subtotal (total of amounts C to E)		F

**Note**  
 If there has been an amalgamation or a wind-up of a subsidiary, do a separate calculation of the ABIL expired as non-capital loss for each predecessor or subsidiary corporation. Add all these amounts and enter the total on line 220 above.

Note 4: If the loss was incurred in a tax year ending after March 22, 2004, determine the amount of the loss from the 11th previous tax year and enter the part of that loss that was not used in previous years and the current year on line e.

Note 5: If the ABILs were incurred in a tax year ending after March 22, 2004, enter the amount of the ABILs from the 11th previous tax year. Enter the full amount on line f.

**Part 2 – Capital losses (continued)**

**Deduct:** Capital losses from previous tax years applied against the current-year net capital gain (note 6) ..... **225** \_\_\_\_\_ G  
 Capital losses before any request for a carryback (amount F **minus** amount G) \_\_\_\_\_ H

**Deduct – Request to carry back capital loss to (note 7):**

	Capital gain (100%)	Amount carried back (100%)	
First previous tax year .....	<b>951</b>	_____	h
Second previous tax year .....	<b>952</b>	_____	i
Third previous tax year .....	<b>953</b>	_____	j
	Subtotal (total of amounts h to j) _____		I
	Closing balance of capital losses to be carried forward to future tax years (amount H <b>minus</b> amount I) <b>280</b>		J

Note 6: To get the net capital losses required to reduce the taxable capital gain included in the net income (loss) for the current-year tax, enter the amount from line 225 **divided** by 2 at line 332 of the T2 return.

Note 7: On line 225, 951, 952, or 953, whichever applies, enter the actual amount of the loss. When the loss is applied, divide this amount by 2. The result represents the 50% inclusion rate.

**Part 3 – Farm losses**

**Continuity of farm losses and request for a carryback**

Farm losses at the end of the previous tax year ..... a  
**Deduct:** Farm loss expired (note 8) ..... **300** \_\_\_\_\_ b  
 Farm losses at the beginning of the tax year (amount a **minus** amount b) ..... **302** \_\_\_\_\_ A

**Add:**

Farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation ... **305** \_\_\_\_\_ c  
 Current-year farm loss (amount F in Part 1) ..... **310** \_\_\_\_\_ d  
 Subtotal (amount c **plus** amount d) \_\_\_\_\_ B  
 Subtotal (amount A **plus** amount B) \_\_\_\_\_ C

**Deduct:**

Other adjustments (includes adjustments for an acquisition of control) ..... **350** \_\_\_\_\_ e  
 Section 80 – Adjustments for forgiven amounts ..... **340** \_\_\_\_\_ f  
 Farm losses of previous tax years applied in the current tax year ..... **330** \_\_\_\_\_ g  
 Enter amount g on line 334 of the T2 Return.  
 Current and previous year farm losses applied against current-year taxable dividends subject to Part IV tax (note 9) ..... **335** \_\_\_\_\_ h  
 Subtotal (total of amounts e to h) \_\_\_\_\_ D  
 Farm losses before any request for a carryback (amount C **minus** amount D) \_\_\_\_\_ E

**Deduct – Request to carry back farm loss to:**

First previous tax year to reduce taxable income .....	<b>921</b>	_____	i
Second previous tax year to reduce taxable income .....	<b>922</b>	_____	j
Third previous tax year to reduce taxable income .....	<b>923</b>	_____	k
First previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>931</b>	_____	l
Second previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>932</b>	_____	m
Third previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>933</b>	_____	n
	Subtotal (total of amounts i to n) _____		F
	Closing balance of farm losses to be carried forward to future tax years (amount E <b>minus</b> amount F) <b>380</b>		G

Note 8: A farm loss expires as follows:  
 • after **10** tax years if it arose in a tax year ending before 2006; and  
 • after **20** tax years if it arose in a tax year ending after 2005.

Note 9: Amount h is the total of lines 340 and 345 from Schedule 3.

**Part 4 – Restricted farm losses**

**Current-year restricted farm loss**

Total losses for the year from farming business	485	A
<b>Minus</b> the deductible farm loss:		
(amount A above _____ – \$2,500) <b>divided by 2 =</b> _____ a		
Amount a or \$ 15,000 (note 10), whichever is less	2,500	b
	2,500	c
Subtotal (amount b <b>plus</b> amount c)	2,500	B
Current-year restricted farm loss (amount A <b>minus</b> amount B)	485	C

**Continuity of restricted farm losses and request for a carryback**

Restricted farm losses at the end of the previous tax year		d
<b>Deduct:</b> Restricted farm loss expired (note 11)	400	e
Restricted farm losses at the beginning of the tax year (amount d <b>minus</b> amount e)	402	D
<b>Add:</b>		
Restricted farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	405	f
Current-year restricted farm loss (from amount C)	410	g
Enter amount g on line 233 of Schedule 1, <i>Net Income (Loss) for Income Tax Purposes</i> .		
Subtotal (amount f <b>plus</b> amount g)		E
Subtotal (amount D <b>plus</b> amount E)		F

**Deduct:**

Restricted farm losses from previous tax years applied against current farming income	430	h
Enter amount h on line 333 of the T2 return.		
Section 80 – Adjustments for forgiven amounts	440	i
Other adjustments	450	j
Subtotal (total of amounts h to j)		G
Restricted farm losses before any request for a carryback (amount F <b>minus</b> amount G)		H

**Deduct – Request to carry back restricted farm loss to:**

First previous tax year to reduce farming income	941	k
Second previous tax year to reduce farming income	942	l
Third previous tax year to reduce farming income	943	m
Subtotal (total of amounts k to m)		I
Closing balance of restricted farm losses to be carried forward to future tax years (amount H <b>minus</b> amount I)	480	J

**Note**

The total losses for the year from all farming businesses are calculated without including scientific research expenses.

Note 10: For tax years that end before March 21, 2013, use \$6,250 instead of \$15,000.

Note 11: A restricted farm loss expires as follows:

- after **10** tax years if it arose in a tax year ending before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

**Part 5 – Listed personal property losses**

**Continuity of listed personal property loss and request for a carryback**

Listed personal property losses at the end of the previous tax year ..... a

**Deduct:** Listed personal property loss expired after 7 tax years ..... **500** ..... b

Listed personal property losses at the beginning of the tax year (amount a **minus** amount b) ... **502** ..... **▶** ..... A

**Add:** Current-year listed personal property loss (from Schedule 6) ..... **510** ..... B

Subtotal (amount A **plus** amount B) ..... C

**Deduct:**

Listed personal property losses from previous tax years applied against listed personal property gains ..... **530** ..... c

Enter amount c on line 655 of Schedule 6.

Other adjustments ..... **550** ..... d

Subtotal (amount c **plus** amount d) ..... **▶** ..... D

Listed personal property losses remaining before any request for a carryback (amount C **minus** amount D) ..... E

**Deduct – Request to carry back listed personal property loss to:**

First previous tax year to reduce listed personal property gains ..... **961** ..... e

Second previous tax year to reduce listed personal property gains ..... **962** ..... f

Third previous tax year to reduce listed personal property gains ..... **963** ..... g

Subtotal (total of amounts e to g) ..... **▶** ..... F

Closing balance of listed personal property losses to be carried forward to future tax years (amount E **minus** amount F) **580** ..... G

**Part 7 – Limited partnership losses**

**Current-year limited partnership losses**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Corporation's share of limited partnership loss	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, farming losses, and resource expenses	Column 4 <b>minus</b> column 5 (if negative, enter "0")	Current-year limited partnership losses (column 3 <b>minus</b> column 6)
<b>600</b>	<b>602</b>	<b>604</b>	<b>606</b>	<b>608</b>		<b>620</b>
<b>Total</b> (enter this amount on line 222 of Schedule 1)						

1.

**Limited partnership losses from previous tax years that may be applied in the current year**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Limited partnership losses at the end of the previous tax year and amounts transferred on an amalgamation or on the wind-up of a subsidiary	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, business or property losses, and resource expenses	Column 4 <b>minus</b> column 5 (if negative, enter "0")	Limited partnership losses that may be applied in the year (the lesser of columns 3 and 6)
<b>630</b>	<b>632</b>	<b>634</b>	<b>636</b>	<b>638</b>		<b>650</b>

1.

**Continuity of limited partnership losses that can be carried forward to future tax years**

1	2	3	4	5	6
Partnership account number	Limited partnership losses at the end of the previous tax year	Limited partnership losses transferred in the year on an amalgamation or on the wind-up of a subsidiary	Current-year limited partnership losses (from line 620)	Limited partnership losses applied in the current year (must be equal to or less than line 650)	Current year limited partnership losses closing balance to be carried forward to future years (column 2 <b>plus</b> column 3 <b>plus</b> column 4 <b>minus</b> column 5)
<b>660</b>	<b>662</b>	<b>664</b>	<b>670</b>	<b>675</b>	<b>680</b>
<b>Total</b> (enter this amount on line 335 of the T2 return)					

1.

**Note**

If you need more space, you can attach more schedules.

**Part 8 – Election under paragraph 88(1.1)(f)**

If you are making an election under paragraph 88(1.1)(f), check the box ..... **190** Yes

In the case of the wind-up of a subsidiary, if the election is made, the non-capital loss, restricted farm loss, farm loss, or limited partnership loss of the subsidiary—that otherwise would become the loss of the parent corporation for a particular tax year starting after the wind-up began—will be considered as the loss of the parent corporation for its immediately preceding tax year and not for the particular year.

**Note**

This election is only applicable for wind-ups under subsection 88(1) that are reported on Schedule 24, *First-Time Filer after Incorporation, Amalgamation, or Winding-up of a Subsidiary into a Parent*.

# Non-Capital Loss Continuity Workchart

## Part 6 – Analysis of balance of losses by year of origin

### Non-capital losses

Year of origin	Balance at beginning of year	Loss incurred in current year	Adjustments and transfers	Loss carried back Parts I & IV	Applied to reduce		Balance at end of year
					Taxable income	Part IV tax	
Current	N/A	2,610,148		1,975,729	N/A		634,419
1st preceding taxation year 2017-12-31	943,963	N/A		N/A			943,963
2nd preceding taxation year 2016-12-31		N/A		N/A

<b>Total</b>		<b>129</b>	<b>G</b>	<b>169</b>	<b>H</b>	

\* "Permanent establishment" is defined in subsection 400(2)

\*\* For corporations other than those described under section 402, use the appropriate calculation described in the Regulations to allocate taxable income.

- Notes:**
1. After determining the allocation of taxable income, you have to calculate the corporation's provincial or territorial tax payable. For more information on how to calculate the tax for each province or territory, see the instructions for Schedule 5 in the T2 Corporation – Income Tax Guide.
  2. If the corporation has provincial or territorial tax payable, complete Part 2.
  3. If the corporation is a member of a partnership and the partnership had a permanent establishment in a jurisdiction, select the jurisdiction in Column A and include your proportionate share of the partnership's salaries and wages and gross revenue in columns B and D, respectively.

**Part 2 – Ontario tax payable, tax credits, and rebates**

Total taxable income	Income eligible for small business deduction	Provincial or territorial allocation of taxable income	Provincial or territorial tax payable before credits
<b>Ontario basic income tax</b> (from Schedule 500)			<b>270</b>
Ontario small business deduction (from Schedule 500)			<b>402</b>
		Subtotal (line 270 <b>minus</b> line 402)	<b>5A</b>
Ontario transitional tax debits (from Schedule 506)			<b>276</b>
Recapture of Ontario research and development tax credit (from Schedule 508)			<b>277</b>
		Subtotal (line 276 <b>plus</b> line 277)	<b>5B</b>
		Gross Ontario tax (amount 5A <b>plus</b> amount 5B)	<b>5C</b>
Ontario resource tax credit (from Schedule 504)			<b>404</b>
Ontario tax credit for manufacturing and processing (from Schedule 502)			<b>406</b>
Ontario foreign tax credit (from Schedule 21)			<b>408</b>

<b>Totals</b>			143,866,996		1,329,919	591,757				10,445,587	133,421,409

Enter the total of column 15 on line 107 of Schedule 1.  
 Enter the total of column 16 on line 404 of Schedule 1.  
 Enter the total of column 17 on line 403 of Schedule 1.

- Note 1. If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101. Class numbers followed by a letter indicate the basic rate of the class taking into account the additional deduction allowed. Class 1a: 4% + 6% = 10% (class 1 to 10%), class 1b: 4% + 2% = 6% (class 1 to 6%).
- Note 2. Include any property acquired in previous years that has now become available for use. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule. See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 3. An accelerated investment incentive property (AIIP) is a property (other than property included in Class 54 or 55) that you acquired after November 20, 2018 and became available for use before 2028. See the T2 Corporation Income Tax Guide for more information. Classes 54 and 55 include property that is a zero-emission vehicle you acquired after March 18, 2019 and became available for use before 2028.
- Note 4. Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the undepreciated capital cost (column 9). Items that increase the undepreciated capital cost include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the undepreciated capital cost (show amounts that reduce the undepreciated capital cost in brackets) include government assistance received or entitled to be received in the year, or a reduction of capital cost after the application of section 80. See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.
- Note 5. Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.
- Note 6. Include all amounts you have repaid during the year with respect to any legally required repayment, made after the disposition of a corresponding property, of:
- assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d); and
  - an inducement, assistance or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b).
- Also include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor less than 364 days before the end of your tax year.
- Note 7. For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21).
- Note 8. If the amount in column 5 reduces the undepreciated capital cost (i.e. it is shown in brackets), you must subtract it for the purposes of the calculation. Otherwise, add the amount in column 5 for the purposes of the calculation.
- Note 9. The relevant factors for AIIP of a class in Schedule II and for property included in classes 54 and 55, available for use before 2024, are:
- 2 1/3 for property in Classes 43.1 and 54;
  - 1 1/2 for property in Class 55;
  - 1 for property in Classes 43.2 and 53;
  - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 14 for additional information); and
  - 0.5 for all other property that is AIIP.
- Note 10. The UCC adjustment for non-AIIP acquired during the year (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP). For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 11. Enter a rate only if you are using the declining balance method. For any other method (for example the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 17.
- Note 12. If the amount in column 9 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 9 in column 15 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1.
- Note 13. If no property is left in the class at the end of the tax year and there is still a positive amount in the column 9, you have a terminal loss. If applicable, enter the positive amount from column 9 in column 16. The terminal loss rules do not apply to:
- passenger vehicles in Class 10.1;
  - property in Class 14.1, unless you have ceased carrying on the business to which it relates; or
  - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply.
- Note 14. If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AIIP listed below, the maximum first year allowance you can claim is determined as follows:
- Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction).
  - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction).
  - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot or cubic metre cut in the tax year and the UCC at the end of the tax year (before any CCA deduction).
  - Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction).
  - Class 41.2: use a 25% CCA rate. The additional allowance under paragraph 1100(1)(y.2)(for single mine properties) and 1100(1)(ya.2 (for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive.
  - Property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit: 150% of the amount determined by first subtracting the total of the residual value of the timber limit and all amounts you expended for the 1949 or later tax years for surveys, cruises or preparation of prints, maps or plans for the purpose of obtaining a licence or right to cut timber from the capital cost of the limit or right, and then dividing the result by the quantity of timber in the limit or the quantity of timber you have the right to cut.
  - Industrial mineral mine or a right to remove industrial minerals from an industrial mineral mine: 150% of the amount determined by first subtracting the residual value, if any, of the mine or right from the capital cost of the mine or right, and then dividing the result by the number of units of commercially mineable material estimated to be in the mine when the mine or right was acquired (alternatively, if you have acquired a right to remove only a specified number of units, that number of units that you acquired a right to remove).

# Fixed Assets Reconciliation

Reconciliation of change in fixed assets per financial statements to amounts used per tax return.

## Tax return

Additions for tax purposes – Schedule 8 regular classes		12,447,874	
Additions for tax purposes – Schedule 8 leasehold improvements	+		
Operating leases capitalized for book purposes	+		
Capital gain deferred	+		
Recapture deferred	+

3.	City of Niagara Falls		NR	3					
4.	Niagara Regional Broadband Netwo		87177 4105 RC0001	3					

Note 1: Enter "NR" if the corporation is not registered or does not have a business number.

Note 2: Enter the code number of the relationship that applies from the following order: 1 - Parent 2 - Subsidiary 3 - Associated 4 - Related but not associated

# Continuity of financial statement reserves (not deductible)

## Financial statement reserves (not deductible)

Description		Balance at the beginning of the year	Transfer on an amalgamation or the wind-up of a subsidiary	Add	Deduct	Balance at the end of the year
1	Employee Future Benefits	3,883,400		4,020,821	3,883,400	4,020,821
2						
	Reserves from Part 2 of Schedule 13					
<b>Totals</b>		3,883,400		4,020,821	3,883,400	4,020,821

The total opening balance plus the total transfers should be entered on line 414 of Schedule 1 as a deduction.  
 The total closing balance should be entered on line 126 of Schedule 1 as an addition.

## Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for purposes of the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one tax year ending in a calendar year is required to file an agreement for each tax year ending in that calendar year.

- Column 1:** Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act.
- Column 2:** Provide the business number for each corporation (if a corporation is not registered, enter "NR").
- Column 3:** Enter the association code from the list below that applies to each corporation:
- 1 – Associated for purposes of allocating the business limit (unless association code 5 applies)
  - 2 – CCPC that is a **third corporation** as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
  - 3 – Non-CCPC that is a **third corporation**
  - 4 – Associated non-CCPC
  - 5 – Associated CCPC to which association code 1 does not apply because a **third corporation** has filed Schedule 28
- Column 4:** Enter the business limit for the year of each corporation in the associated group. Enter "0" if the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
- Column 5:** Assign a percentage to allocate the business limit to each corporation that has association code 1 in column 3. The total of all percentages in column 5 cannot exceed 100%.
- Column 6:** Enter the business limit allocated to each corporation by multiplying the amount in column 4 by the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A. Ensure that the total at line A does not exceed \$500,000.

### Allocating the business limit

Date filed (do not use this area) ..... **025** Year Month Day

Enter the calendar year to which the agreement applies ..... **050** Year  
2018

Is this an amended agreement for the above calendar year that is intended to replace an agreement previously filed by any of the associated corporations listed below? ..... **075**  Yes  No

	1 Name of associated corporations	2 Business number of associated corporations	3 Association code	4 Business limit for the year before the allocation \$	5 Percentage of the business limit %	6 Business limit allocated* \$
	<b>100</b>	<b>200</b>	<b>300</b>		<b>350</b>	<b>400</b>
1	NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	1	500,000		
2	NIAGARA FALLS HYDRO SERVICES INC.	87146 8120 RC0001	1	500,000	100.0000	500,000
3	NIAGARA FALLS HYDRO HOLDING CORPORAT	86750 8830 RC0001	1	500,000		
4	City of Niagara Falls	NR	4			
5	Niagara Regional Broadband Network Limited	87177 4105 RC0001	1	500,000		
<b>Total</b>					100.0000	500,000 A

**Business limit reduction under subsection 125(5.1) of the Act**

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula  $0.225\% \times (D - \$10,000,000)$ . Details of this formula and variable D are in subsection 125(5.1) of the Act.

\* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

**Special rules for business limit**

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year, whichever is less.

### Taxable Capital Employed in Canada – Large Corporations

Corporation's name	Business number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2018-12-31

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 *Corporation Income Tax Return* no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 181(1) defines the terms **financial institution**, **long-term debt**, and **reserves**.
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4, **Taxable capital employed in Canada**.

#### Part 1 – Capital

Add the following year-end amounts:

Reserves that have not been deducted in calculating income for the year under Part I	<b>101</b>		
Capital stock (or members' contributions if incorporated without share capital)	<b>103</b>	31,245,882	
Retained earnings	<b>104</b>	36,333,330	
Contributed surplus	<b>105</b>	25,459,207	
Any other surpluses	<b>106</b>		
Deferred unrealized foreign exchange gains	<b>107</b>		
All loans and advances to the corporation	<b>108</b>		
All indebtedness of the corporation represented by bonds, debentures, notes, mortgages, hypothecary claims, bankers' acceptances, or similar obligations	<b>109</b>		
Any dividends declared but not paid by the corporation before the end of the year	<b>110</b>		
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	<b>111</b>		
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	<b>112</b>		
Subtotal (add lines 101 to 112)		<u>93,038,419</u>	93,038,419 A

**Note:**

Line 112 is determined by the formula  $(A - B) \times C/D$  (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
  - a) those lines applied to partnerships in the same manner that they apply to corporations, and
  - b) those amounts were computed without reference to amounts owing by the partnership
    - (i) to any corporation that held a membership interest in the partnership either directly or indirectly through another partnership, or
    - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

**Part 1 – Capital (continued)**

Deduct the following amounts:

Deferred tax debit balance at the end of the year	121	_____
Any deficit deducted in calculating its shareholders' equity (including, for this purpose, the amount of any provision for the redemption of preferred shares) at the end of the year	122	_____
To the extent that the amount may reasonably be regarded as being included in any of lines 101 to 112 above for the year, any amount deducted under subsection 135(1) in calculating income under Part I for the year.	123	_____
Deferred unrealized foreign exchange losses at the end of the year	124	_____
Subtotal (add lines 121 to 124)		_____ <b>▶</b> _____ B
<b>Capital for the year</b> (amount A minus amount B) (if negative, enter "0")	<b>190</b>	<u>93,038,419</u>

**Part 2 – Investment allowance**

Add the carrying value at the end of the year of the following assets of the corporation:

A share of another corporation	401	_____
A loan or advance to another corporation (other than a financial institution)	402	_____
A bond, debenture, note, mortgage, hypothecary claim, or similar obligation of another corporation (other than a financial institution)	403	_____
Long-term debt of a financial institution	404	_____
A dividend payable on a share of the capital stock of another corporation	405	_____
A loan or advance to, or a bond, debenture, note, mortgage, hypothecary claim or similar obligation of, a partnership each member of which was, throughout the year, another corporation (other than a financial institution) that was not exempt from tax under this Part (otherwise than because of paragraph 181.1(3)(d)), or another partnership described in paragraph 181.2(4)(d.1)	406	_____
An interest in a partnership (see note 2 below)	407	_____
<b>Investment allowance for the year</b> (add lines 401 to 407)	<b>490</b>	<u>_____</u>

**Notes:**

1. Lines 401 to 405 should not include the carrying value of a share of the capital stock of, a dividend payable by, or indebtedness of a corporation that is exempt from tax under Part I.3 (other than a non-resident corporation that at no time in the year carried on business in Canada through a permanent establishment).
2. Where the corporation has an interest in a partnership held either directly or indirectly through another partnership, refer to subsection 181.2(5) for additional rules regarding the carrying value of an interest in a partnership.
3. Where a trust is used as a conduit for loaning money from a corporation to another related corporation (other than a financial institution), the loan will be considered to have been made directly from the lending corporation to the borrowing corporation. Refer to subsection 181.2(6) for special rules that may apply.

**Part 3 – Taxable capital**

Capital for the year (line 190)	_____	93,038,419 C
<b>Deduct:</b> Investment allowance for the year (line 490)	_____	_____ D
<b>Taxable capital for the year</b> (amount C minus amount D) (if negative, enter "0")	<b>500</b>	<u>93,038,419</u>

**SHAREHOLDER INFORMATION**

Name of corporation <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year end Year Month Day <b>2018-12-31</b>
---	---	---

All private corporations must complete this schedule for any shareholder who holds 10% or more of the corporation's common and/or preferred shares.

<b>Provide only one number per shareholder</b>

## General Rate Income Pool (GRIP) Calculation

Corporation's name  NIAGARA PENINSULA ENERGY INC.	Business number  87196 9127 RC0002	Tax year-end Year Month Day 2018-12-31
---	--	--

On: 2018-12-31

- If you are a Canadian-controlled private corporation (CCPC) or a deposit insurance corporation (DIC), use this schedule to determine the general rate income pool (GRIP).
- Credit unions are **not** required to complete this schedule.
- All legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- When an eligible dividend was paid in the tax year or there was a change in the GRIP balance, file a completed copy of this schedule with your T2 *Corporation Income Tax Return*. Do not send your worksheets with your return, but keep them in your records in case we ask to see them later.
- Subsection 89(1) defines the terms **eligible dividend**, **excessive eligible dividend designation**, **general rate income pool**, and **low rate income pool**.

### Eligibility for the various additions

Answer the following questions to determine the corporation's eligibility for the various additions:

#### 2006 addition

1. Is this the corporation's first taxation year that includes January 1, 2006?  Yes  No
2. If not, what is the date of the taxation year end of the corporation's first year that includes January 1, 2006?  
 Enter the date and go directly to question 4 2006-12-31
3. During that first year, was the corporation a CCPC or would it have been a CCPC if not for the election of subsection 89(11) ITA?  Yes  No
- If the answer to question 3 is yes, complete Part "GRIP addition for 2006".**

#### Change in the type of corporation

4. Was the corporation a CCPC during its preceding taxation year?  Yes  No
5. Corporations that become a CCPC or a DIC  Yes  No
- If the answer to question 5 is yes, complete Part 4.**

#### Amalgamation (first year of filing after amalgamation)

6. Corporations that were formed as a result of an amalgamation  Yes  No  
**If the answer to question 6 is yes, answer questions 7 and 8. If the answer is no, go to question 9.**
7. Was one or more of the predecessor corporations neither a CCPC nor a DIC?  Yes  No  
**If the answer to question 7 is yes, complete Part 4.**
8. Was one or more of the predecessor corporation a CCPC or a DIC during the taxation year that ended immediately before amalgamation?  Yes  No  
**If the answer to question 8 is yes, complete Part 3.**

#### Winding-up

9. Has the corporation wound-up a subsidiary in the preceding taxation year?  Yes  No  
**If the answer to question 9 is yes, answer questions 10 and 11. If the answer is no, go to Part 1.**
10. Was the subsidiary neither a CCPC nor a DIC during its last taxation year?  Yes  No  
**If the answer to question 10 is yes, complete Part 4.**
11. Was the subsidiary a CCPC or a DIC during its last taxation year?  Yes  No  
**If the answer to question 11 is yes, complete Part 3.**

**Part 1 – General rate income pool (GRIP)**

GRIP at the end of the previous tax year	100	30,355,219	A
Taxable income for the year (DICs enter "0") *	110		B
Amount on line 400, 405, 410, or 427 of the T2 return, whichever is less *	130		
For a CCPC, the lesser of aggregate investment income (line 440 of the T2 return) and taxable income *	140		
Subtotal (line 130 plus line 140)			C
Income taxable at the general corporate rate (amount B minus amount C) (if negative enter "0")	150		
After-tax income (line 150 multiplied by 0.72 (the general rate factor for the tax year))	190		D
Eligible dividends received in the tax year	200		
Dividends deductible under section 113 received in the tax year	210		
Subtotal (line 200 plus line 210)			E
Becoming a CCPC (amount W5 in Part 4)	220		
Post-amalgamation (total of amounts E4 in Part 3 and amounts W5 in Part 4)	230		
Post-wind-up (total of amounts E4 in Part 3 and amounts W5 in Part 4)	240		
Subtotal (add lines 220, 230, and 240)	290		F
Subtotal (add amounts A, D, E, and F)		30,355,219	G
Eligible dividends paid in the previous tax year	300		
Excessive eligible dividend designations made in the previous tax year (If becoming a CCPC (subsection 89(4) applies), enter "0" on lines 300 and 310.)	310		
Subtotal (line 300 minus line 310)			H
GRIP before adjustment for specified future tax consequences (amount G minus amount H) (amount can be negative)	490	30,355,219	
Total GRIP adjustment for specified future tax consequences to previous tax years (amount N3 in Part 2)	560	1,422,525	
<b>GRIP at the end of the tax year</b> (line 490 minus line 560)	<b>590</b>	<b>28,932,694</b>	

Enter this amount on line 160 of Schedule 55.

\* For lines 110, 130, and 140, the income amount is the amount before considering specified future tax consequences. This phrase is defined in subsection 248(1). It includes the deduction of a loss carryback from subsequent tax years, a reduction of Canadian exploration expenses and Canadian development expenses that were renounced in subsequent tax years (e.g., flow-through share renunciations), reversals of income inclusions where an option is exercised in subsequent tax years, and the effect of certain foreign tax credit adjustments.

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years**

Filed: August 31, 2020

Complete this part if the corporation's taxable income of any of the previous three tax years took into account the specified future tax consequences defined in subsection 248(1) from the current tax year. Otherwise, enter "0" on line 560.

First previous tax year 2017-12-31

Taxable income before specified future tax consequences from the current tax year ..... A1

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, or 427 of the T2 return, whichever is less . . . . B1

Aggregate investment income (line 440 of the T2 return) . . . . . C1

Subtotal (amount B1 plus amount C1) ..... D1

Subtotal (amount A1 minus amount D1) (if negative, enter "0") ..... E1

Future tax consequences that occur for the current year					
Amount carried back from the current year to a prior year					
Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F1

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, or 427 of the T2 return, whichever is less . . . . G1

Aggregate investment income (line 440 of the T2 return) . . . . . H1

Subtotal (amount G1 plus amount H1) ..... I1

Subtotal (amount F1 minus amount I1) (if negative, enter "0") ..... J1

Subtotal (amount E1 minus amount J1) (if negative, enter "0") ..... K1

**GRIP adjustment for specified future tax consequences to the first previous tax year**

(amount K1 multiplied by 0.72 ) ..... **500**

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years (continued)**

Third previous tax year 2015-12-31

Taxable income before specified future tax consequences from the current tax year ..... 3,047,008 A3

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, or 427 of the T2 return, whichever is less . . . .                      B3

Aggregate investment income (line 440 of the T2 return) . . . . .                      C3

Subtotal (amount B3 plus amount C3)                      ▶                      D3

Subtotal (amount A3 minus amount D3) (if negative, enter "0")                     3,047,008 ▶                     3,047,008 E3

Future tax consequences that occur for the current year					
Amount carried back from the current year to a prior year					
Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks
1,975,729					1,975,729

Taxable income after specified future tax consequences . . . . . 1,071,279 F3

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, or 427 of the T2 return, whichever is less . . . .                      G3

Aggregate investment income (line 440 of the T2 return) . . . . .                      H3

Subtotal (amount G3 plus amount H3)                      ▶                      I3

Subtotal (amount F3 minus amount I3) (if negative, enter "0")                     1,071,279 ▶                     1,071,279 J3

Subtotal (amount E3 minus amount J3) (if negative, enter "0")                     1,975,729 K3

**GRIP adjustment for specified future tax consequences to the third previous tax year**

(amount K3 multiplied by 0.72 ) ..... **540**                     1,422,525

**Total GRIP adjustment for specified future tax consequences to previous tax years:**

(add lines 500, 520, and 540) (if negative, enter "0") .....                     1,422,525 L3

Enter amount L3 on line 560 in part 1.

**Part 3 – Worksheet to calculate the GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year)**

**nb. 1** Postamalgamation . . .  Post wind-up . . . . .

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary corporation was a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last tax year. Keep a copy of this calculation for your records, in case we ask to see it later.

Corporation's GRIP at the end of its last tax year	_____	A4
Eligible dividends paid by the corporation in its last tax year	_____	B4
Excessive eligible dividend designations made by the corporation in its last tax year	_____	C4
Subtotal (amount B4 minus amount C4)	_____	D4
<b>GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year)</b>	_____	E4
(amount A4 minus amount D4)	_____	

After you complete this calculation for each predecessor and each subsidiary, calculate the total of all the E4 amounts. Enter this total amount on:

- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

**Part 4 – Worksheet to calculate the GRIP addition post-amalgamation, post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC**

**nb. 1** Corporation becoming a CCPC  Postamalgamation  Post wind-up

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary was not a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last year. Keep a copy of this calculation for your records, in case we ask to see it later.

Cost amount to the corporation of all property immediately before the end of its previous/last tax year ..... A5

The corporation's money on hand immediately before the end of its previous/last tax year ..... B5

Total of subsection 111(1) losses that would have been deductible in calculating the corporation's taxable income for the previous/last tax year if the corporation had had unlimited income from each business carried on and each property held and had realized an unlimited amount of capital gains for the previous/last tax year:

Non-capital losses ..... C5

Net capital losses ..... D5

Farm losses ..... E5

Restricted farm losses ..... F5

Limited partnership losses ..... G5

Subtotal (add amounts C5 to G5) ..... H5

Total of all amounts deducted under subsection 111(1) in calculating the corporation's taxable income for the previous/last tax year:

Non-capital losses ..... I5

Net capital losses ..... J5

Farm losses ..... K5

Restricted farm losses ..... L5

Limited partnership losses ..... M5

Subtotal (add amounts I5 to M5) ..... N5

Unused and unexpired losses at the end of the corporation's previous/last tax year (amount H5 minus amount N5) ..... O5

Subtotal (add amounts A5, B5, and O5) ..... P5

All the corporation's debts and other obligations to pay that were outstanding immediately before the end of its previous/last tax year ..... Q5

Paid-up capital of all the corporation's issued and outstanding shares of capital stock immediately before the end of its previous/last tax year ..... R5

All the corporation's reserves deducted in its previous/last tax year ..... S5

The corporation's capital dividend account immediately before the end of its previous/last tax year ..... T5

The corporation's low rate income pool immediately before the end of its previous/last tax year ..... U5

Subtotal (add amounts Q5 to U5) ..... V5

**GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC (amount P5 minus amount V5) (if negative, enter "0") ..... W5**

After you complete this worksheet for each predecessor and each subsidiary, calculate the total of all the W5 amounts. Enter this total amount on:

- line 220 for a corporation becoming a CCPC;
- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

**Part III.1 Tax on Excessive Eligible Dividend Designations**

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
--	---	---

**Do not use this area**

- Every corporation resident in Canada that pays a taxable dividend (other than a capital gains dividend within the meaning assigned by subsection 130.1(4) or 131(1)) in the tax year must file this schedule.
- Canadian-controlled private corporations (CCPC) and deposit insurance corporations (DIC) must complete Part 1 of this schedule. All other corporations must complete Part 2.
- Every corporation that has paid an eligible dividend must also file Schedule 53, *General Rate Income Pool (GRIP) Calculation*, or Schedule 54, *Low Rate Income Pool (LRIP) Calculation*, whichever is applicable.
- File the completed schedules with your *T2 Corporation Income Tax Return* no later than six months from the end of the tax year.
- All legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 89(1) defines the terms eligible dividend, excessive eligible dividend designation, general rate income pool (GRIP), and low rate income pool (LRIP).
- The calculations in Part 1 and Part 2 do not apply if the excessive eligible dividend designation arises from the application of paragraph (c) of the definition of excessive eligible dividend designation in subsection 89(1). This paragraph applies when an eligible dividend is paid to artificially maintain or increase the GRIP or to artificially maintain or decrease the LRIP.

**Part 1 – Canadian-controlled private corporations and deposit insurance corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3	_____	
Taxable dividends paid in the tax year <b>included</b> in Schedule 3	_____	1,400,000
<b>Total taxable dividends paid in the tax year</b>	<b>100</b>	<u>1,400,000</u>
Total eligible dividends paid in the tax year	_____	<b>150</b> _____ A
GRIP at the end of the tax year (line 590 on Schedule 53) (if negative, enter "0")	_____	<b>160</b> _____ 28,932,694 B
Excessive eligible dividend designation (line 150 <b>minus</b> line 160)	_____	_____ C
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *	_____	<b>180</b> _____ D
Subtotal (amount C <b>minus</b> amount D)	_____	_____ E
<b>Part III.1 tax on excessive eligible dividend designations – CCPC or DIC</b> (amount E <b>multiplied by</b> 20 %)	_____	<b>190</b> _____ F

Enter the amount from line 190 on line 710 of the T2 return.

**Part 2 – Other corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3	_____	
Taxable dividends paid in the tax year <b>included</b> in Schedule 3	_____	
<b>Total taxable dividends paid in the tax year</b>	<b>200</b>	<u>_____</u>
Total excessive eligible dividend designations in the tax year (amount from line A of Schedule 54)	_____	_____ G
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *	_____	<b>280</b> _____ H
Subtotal (amount G <b>minus</b> amount H)	_____	_____ I
<b>Part III.1 tax on excessive eligible dividend designations – Other corporations</b> (amount I <b>multiplied by</b> 20 %)	_____	<b>290</b> _____ J

Enter the amount from line 290 on line 710 of the T2 return.

\* You can elect to treat all or part of your excessive eligible dividend designation as a separate taxable dividend in order to eliminate or reduce the Part III.1 tax otherwise payable. You must file the election on or before the day that is 90 days **after** the day the notice of assessment for Part III.1 tax was sent. We will accept an election before the assessment of the tax. For more information on how to make this election, go to [www.cra.gc.ca/eligibledividends](http://www.cra.gc.ca/eligibledividends).

## Ontario Corporate Minimum Tax

Corporation's name	Business number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2018-12-31

- File this schedule if the corporation is subject to Ontario corporate minimum tax (CMT). CMT is levied under section 55 of the *Taxation Act, 2007* (Ontario), referred to as the "Ontario Act".
- Complete Part 1 to determine if the corporation is subject to CMT for the tax year.
- A corporation not subject to CMT in the tax year is still required to file this schedule if it is deducting a CMT credit, has a CMT credit carryforward, or has a CMT loss carryforward or a current year CMT loss.
- A corporation that has Ontario special additional tax on life insurance corporations (SAT) payable in the tax year must complete Part 4 of this schedule even if it is not subject to CMT for the tax year.
- A corporation is exempt from CMT if, throughout the tax year, it was one of the following:
  - 1) a corporation exempt from income tax under section 149 of the federal *Income Tax Act*;
  - 2) a mortgage investment corporation under subsection 130.1(6) of the federal Act;
  - 3) a deposit insurance corporation under subsection 137.1(5) of the federal Act;
  - 4) a congregation or business agency to which section 143 of the federal Act applies;
  - 5) an investment corporation as referred to in subsection 130(3) of the federal Act; or
  - 6) a mutual fund corporation under subsection 131(8) of the federal Act.
- File this schedule with the *T2 Corporation Income Tax Return*.

### Part 1 – Determination of CMT applicability

Total assets of the corporation at the end of the tax year *	<b>112</b>	236,855,017
Share of total assets from partnership(s) and joint venture(s) *	<b>114</b>	
Total assets of associated corporations (amount from line 450 on Schedule 511)	<b>116</b>	68,580,640
Total assets (total of lines 112 to 116)		305,435,657
Total revenue of the corporation for the tax year **	<b>142</b>	167,787,307
Share of total revenue from partnership(s) and joint venture(s) **	<b>144</b>	
Total revenue of associated corporations (amount from line 550 on Schedule 511)	<b>146</b>	107,236,727
Total revenue (total of lines 142 to 146)		275,024,034

The corporation is subject to CMT if:

- for tax years ending before July 1, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are more than \$5,000,000, or the total revenue for the year of the corporation or the associated group of corporations is more than \$10,000,000.
- for tax years ending after June 30, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are equal to or more than \$50,000,000, and the total revenue for the year of the corporation or the associated group of corporations is equal to or more than \$100,000,000.

If the corporation is not subject to CMT, do not complete the remaining parts unless the corporation is deducting a CMT credit, or has a CMT credit carryforward, a CMT loss carryforward, a current year CMT loss, or SAT payable in the year.

**\* Rules for total assets**

- Report total assets according to generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Do not include unrealized gains and losses on assets and foreign currency gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.
- The amount on line 114 is determined at the end of the last fiscal period of the partnership or joint venture that ends in the tax year of the corporation. Add the proportionate share of the assets of the partnership(s) and joint venture(s), and deduct the recorded asset(s) for the investment in partnerships and joint ventures.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

**\*\* Rules for total revenue**

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the tax year is less than 51 weeks, **multiply** the total revenue of the corporation or the partnership, whichever applies, by 365 and **divide** by the number of days in the tax year.
- The amount on line 144 is determined for the partnership or joint venture fiscal period that ends in the tax year of the corporation. If the partnership or joint venture has 2 or more fiscal periods ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

**Part 2 – Adjusted net income/loss for CMT purposes**

Net income/loss per financial statements *			<b>210</b>	531 of 1407,349,892
<b>Add</b> (to the extent reflected in income/loss):				
Provision for current income taxes/cost of current income taxes		<b>220</b>	244,801	
Provision for deferred income taxes (debits)/cost of future income taxes		<b>222</b>		
Equity losses from corporations		<b>224</b>		
Financial statement loss from partnerships and joint ventures		<b>226</b>		
Dividends deducted on financial statements (subsection 57(2) of the Ontario Act), excluding dividends paid by credit unions under subsection 137(4.1) of the federal Act		<b>230</b>		
<b>Other additions</b> (see note below):				
Share of adjusted net income of partnerships and joint ventures **		<b>228</b>		
Total patronage dividends received, not already included in net income/loss		<b>232</b>		
<b>281</b>		<b>282</b>		
<b>283</b>		<b>284</b>		
	Subtotal		<b>244,801</b>	<b>244,801</b> A
<b>Deduct</b> (to the extent reflected in income/loss):				
Provision for recovery of current income taxes/benefit of current income taxes		<b>320</b>		
Provision for deferred income taxes (credits)/benefit of future income taxes		<b>322</b>		
Equity income from corporations		<b>324</b>		
Financial statement income from partnerships and joint ventures		<b>326</b>		
Dividends deductible under section 112, section 113, or subsection 138(6) of the federal Act		<b>330</b>		
Dividends not taxable under section 83 of the federal Act (from Schedule 3)		<b>332</b>		
Gain on donation of listed security or ecological gift		<b>340</b>		
Accounting gain on transfer of property to a corporation under section 85 or 85.1 of the federal Act ***		<b>342</b>		
Accounting gain on transfer of property to/from a partnership under section 85 or 97 of the federal Act ****		<b>344</b>		
Accounting gain on disposition of property under subsection 13(4), subsection 14(6), or section 44 of the federal Act *****		<b>346</b>		
Accounting gain on a windup under subsection 88(1) of the federal Act or an amalgamation under section 87 of the federal Act		<b>348</b>		
<b>Other deductions</b> (see note below):				
Share of adjusted net loss of partnerships and joint ventures **		<b>328</b>		
Tax payable on dividends under subsection 191.1(1) of the federal Act <b>multiplied</b> by 3		<b>334</b>		
Interest deducted/deductible under paragraph 20(1)(c) or (d) of the federal Act, not already included in net income/loss		<b>336</b>		
Patronage dividends paid (from Schedule 16) not already included in net income/loss		<b>338</b>		
<b>381</b>		<b>382</b>		
<b>383</b>		<b>384</b>		
<b>385</b>		<b>386</b>		
<b>387</b>		<b>388</b>		
<b>389</b>		<b>390</b>		
	Subtotal			<b>3,594,693</b> B
Adjusted net income/loss for CMT purposes (line 210 <b>plus</b> amount A <b>minus</b> amount B)			<b>490</b>	<b>3,594,693</b>

If the amount on line 490 is positive and the corporation is subject to CMT as determined in Part 1, enter the amount on line 515 in Part 3.  
 If the amount on line 490 is negative, enter the amount on line 760 in Part 7 (enter as a positive amount).

**Note**  
 In accordance with *Ontario Regulation 37/09*, when calculating net income for CMT purposes, accounting income should be adjusted to:  
 – exclude unrealized gains and losses due to mark-to-market changes or foreign currency changes on specified mark-to-market property (assets only);  
 – include realized gains and losses on the disposition of specified mark-to-market property not already included in the accounting income, if the property is not a capital property or is a capital property disposed in the year or in a previous tax year ended after March 22, 2007.

"Specified mark-to-market property" is defined in subsection 54(1) of the Ontario Act.  
 These rules also apply to partnerships. A corporate partner's share of a partnership's adjusted income flows through on a proportionate basis to the corporate partner.

**\* Rules for net income/loss**  
 – Banks must report net income/loss as per the report accepted by the Superintendent of Financial Institutions under the federal *Bank Act*, adjusted so consolidation and equity methods are not used.

**Part 2 – Calculation of adjusted net income/loss for CMT purposes (continued)**

Filed: August 31, 2020  
 532 of 1407

- Life insurance corporations must report net income/loss as per the report accepted by the federal Superintendent of Financial Institutions or equivalent provincial insurance regulator, before SAT and adjusted so consolidation and equity methods are not used. If the life insurance corporation is resident in Canada and carries on business in and outside of Canada, **multiply** the net income/loss by the ratio of the Canadian reserve liabilities **divided** by the total reserve liability. The reserve liabilities are calculated in accordance with Regulation 2405(3) of the federal Act.
- Other corporations must report net income/loss in accordance with generally accepted accounting principles, except that consolidation and equity methods must not be used. When the equity method has been used for accounting purposes, equity losses and equity income are removed from book income/loss on lines 224 and 324 respectively.
- Corporations, other than insurance corporations, should report net income from line 9999 of the GIF1 (Schedule 125) on line 210.
- \*\* The share of the adjusted net income of a partnership or joint venture is calculated as if the partnership or joint venture were a corporation and the tax year of the partnership or joint venture were its fiscal period. For a corporation with an indirect interest in a partnership through one or more partnerships, determine the corporation's share according to clause 54(5)(c) of the Ontario Act.
- \*\*\* A joint election will be considered made under subsection 60(1) of the Ontario Act if there is an entry on line 342, and an election has been made for transfer of property to a corporation under subsection 85(1) of the federal Act.
- \*\*\*\* A joint election will be considered made under subsection 60(2) of the Ontario Act if there is an entry on line 344, and an election has been made under subsection 85(2) or 97(2) of the federal Act.
- \*\*\*\*\* A joint election will be considered made under subsection 61(1) of the Ontario Act if there is an entry on line 346, and an election has been made under subsection 13(4) or 14(6) and/or section 44 of the federal Act.

For more information on how to complete this part, see the *T2 Corporation – Income Tax Guide*.

**Part 3 – CMT payable**

Adjusted net income for CMT purposes (line 490 in Part 2, if positive) ..... **515** 3,594,693

**Deduct:**

CMT loss available (amount R from Part 7) .....

**Minus:** Adjustment for an acquisition of control \* ..... **518**

Adjusted CMT loss available ..... **C**

Net income subject to CMT calculation (if negative, enter "0") ..... **520** 3,594,693

Amount from line 520 3,594,693 x  $\frac{\text{Number of days in the tax year before July 1, 2010}}{\text{Number of days in the tax year}}$  x 4 % = 1

365

Amount from line 520 3,594,693 x  $\frac{\text{Number of days in the tax year after June 30, 2010}}{\text{Number of days in the tax year}}$  x 2.7 % = 97,057 2

365

Subtotal (amount 1 **plus** amount 2) ..... 97,057 3

Gross CMT: amount on line 3 above x OAF \*\* ..... **540** 97,057

**Deduct:**

Foreign tax credit for CMT purposes \*\*\* ..... **550**

CMT after foreign tax credit deduction (line 540 **minus** line 550) (if negative, enter "0") ..... 97,057 D

**Deduct:**

Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5) .....

Net CMT payable (if negative, enter "0") ..... 97,057 E

Enter amount E on line 278 of Schedule 5, *Tax Calculation Supplementary – Corporations*, and complete Part 4.

\* Enter the portion of CMT loss available that exceeds the adjusted net income for the tax year from carrying on a business before the acquisition of control. See subsection 58(3) of the Ontario Act.

\*\*\* Enter "0" on line 550 for life insurance corporations as they are not eligible for this deduction. For all other corporations, enter the cumulative total of amount J for the province of Ontario from Part 9 of Schedule 21 on line 550.

**\*\* Calculation of the Ontario allocation factor (OAF):**

If the provincial or territorial jurisdiction entered on line 750 of the T2 return is "Ontario," enter "1" on line F.

If the provincial or territorial jurisdiction entered on line 750 of the T2 return is "multiple," complete the following calculation, and enter the result on line F:

$$\frac{\text{Ontario taxable income}^{****}}{\text{Taxable income}^{*****}} = \underline{\hspace{2cm}}$$

Ontario allocation factor ..... 1.00000 F

\*\*\*\* Enter the amount allocated to Ontario from column F in Part 1 of Schedule 5. If the taxable income is nil, calculate the amount in column F as if the taxable income were \$1,000.

\*\*\*\*\* Enter the taxable income amount from line 360 or amount Z of the T2 return, whichever applies. If the taxable income is nil, enter "1,000".

**Part 4 – Calculation of CMT credit carryforward**

CMT credit carryforward at the end of the previous tax year *	186,562	G
<b>Deduct:</b>		
CMT credit expired *	600	
CMT credit carryforward at the beginning of the current tax year * (see note below)	186,562	620 186,562
<b>Add:</b>		
CMT credit carryforward balances transferred on an amalgamation or the windup of a subsidiary (see note below)	650	
CMT credit available for the tax year (amount on line 620 plus amount on line 650)		186,562 H
<b>Deduct:</b>		
CMT credit deducted in the current tax year (amount P from Part 5)		I
	Subtotal (amount H minus amount I)	186,562 J
<b>Add:</b>		
Net CMT payable (amount E from Part 3)	97,057	
SAT payable (amount O from Part 6 of Schedule 512)		
	Subtotal	97,057 K
CMT credit carryforward at the end of the tax year (amount J plus amount K)	670	283,619 L

\* For the first harmonized T2 return filed with a tax year that includes days in 2009:  
 – do not enter an amount on line G or line 600;  
 – for line 620, enter the amount from line 2336 of Ontario CT23 Schedule 101, *Corporate Minimum Tax (CMT)*, for the last tax year that ended in 2008.  
 For other tax years, enter on line G the amount from line 670 of Schedule 510 from the previous tax year.

**Note:** If you entered an amount on line 620 or line 650, complete Part 6.

**Part 5 – Calculation of CMT credit deducted from Ontario corporate income tax payable**

CMT credit available for the tax year (amount H from Part 4)		186,562	M
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)			1
For a corporation that is not a life insurance corporation:			
CMT after foreign tax credit deduction (amount D from Part 3)	97,057	2	
For a life insurance corporation:			
Gross CMT (line 540 from Part 3)		3	
Gross SAT (line 460 from Part 6 of Schedule 512)		4	
The <b>greater</b> of amounts 3 and 4		5	
	<b>Deduct:</b> line 2 or line 5, whichever applies:	97,057	6
	Subtotal (if negative, enter "0")		N
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)			
<b>Deduct:</b>			
Total refundable tax credits excluding Ontario qualifying environmental trust tax credit (amount J6 minus line 450 from Schedule 5)		31,166	
	Subtotal (if negative, enter "0")		O
CMT credit deducted in the current tax year (least of amounts M, N, and O)			P

Enter amount P on line 418 of Schedule 5 and on line I in Part 4 of this schedule.

Is the corporation claiming a CMT credit earned before an acquisition of control? **675** 1 Yes  2 No

If you answered **yes** to the question at line 675, the CMT credit deducted in the current tax year may be restricted. For information on how the deduction may be restricted, see subsections 53(6) and (7) of the Ontario Act.

**Part 6 – Analysis of CMT credit available for carryforward by year of origin**

Complete this part if:

- the tax year includes January 1, 2009; or
- the previous tax year-end is deemed to be December 31, 2008, under subsection 249(3) of the federal Act.

Year of origin	CMT credit balance *
10th previous tax year	680
9th previous tax year	681
8th previous tax year	682
7th previous tax year	683
6th previous tax year	684
5th previous tax year	685
4th previous tax year	686
3rd previous tax year	687
2nd previous tax year	688
1st previous tax year	689
Total **	

\* CMT credit that was earned (by the corporation, predecessors of the corporation, and subsidiaries wound up into the corporation) in each of the previous 10 tax years and has not been deducted.

\*\* Must equal the total of the amounts entered on lines 620 and 650 in Part 4.

**Part 7 – Calculation of CMT loss carryforward**

CMT loss carryforward at the end of the previous tax year \* ..... Q

**Deduct:**

CMT loss expired \* ..... 700

CMT loss carryforward at the beginning of the tax year \* (see note below) ..... 720

**Add:**

CMT loss transferred on an amalgamation under section 87 of the federal Act \*\* (see note below) ..... 750

CMT loss available (line 720 plus line 750) ..... R

**Deduct:**

CMT loss deducted against adjusted net income for the tax year (lesser of line 490 (if positive) and line C in Part 3) .....  
 Subtotal (if negative, enter "0") ..... S

**Add:**

Adjusted net loss for CMT purposes (amount from line 490 in Part 2, if **negative**) (enter as a positive amount) ..... 760

CMT loss carryforward balance at the end of the tax year (amount S plus line 760) ..... 770 T

- \* For the first harmonized T2 return filed with a tax year that includes days in 2009:
  - do not enter an amount on line Q or line 700;
  - for line 720, enter the amount from line 2214 of Ontario CT23 Schedule 101, *Corporate Minimum Tax (CMT)*, for the last tax year that ended in 2008.

For other tax years, enter on line Q the amount from line 770 of Schedule 510 from the previous tax year.

\*\* Do not include an amount from a predecessor corporation if it was controlled at any time before the amalgamation by any of the other predecessor corporations.

**Note:** If you entered an amount on line 720 or line 750, complete Part 8.

**Part 8 – Analysis of CMT loss available for carryforward by year of origin**

Complete this part if:

- the tax year includes January 1, 2009; or
- the previous tax year-end is deemed to be December 31, 2008, under subsection 249(3) of the federal Act.

Year of origin	Balance earned in a tax year ending before March 23, 2007 *	Balance earned in a tax year ending after March 22, 2007 **
10th previous tax year	<b>810</b>	<b>820</b>
9th previous tax year	<b>811</b>	<b>821</b>
8th previous tax year	<b>812</b>	<b>822</b>
7th previous tax year	<b>813</b>	<b>823</b>
6th previous tax year	<b>814</b>	<b>824</b>
5th previous tax year	<b>815</b>	<b>825</b>
4th previous tax year	<b>816</b>	<b>826</b>
3rd previous tax year	<b>817</b>	<b>827</b>
2nd previous tax year	<b>818</b>	<b>828</b>
1st previous tax year		<b>829</b>
Total ***		

\* Adjusted net loss for CMT purposes that was earned (by the corporation, by subsidiaries wound up into or amalgamated with the corporation before March 22, 2007, and by other predecessors of the corporation) in each of the previous 10 tax years that ended before March 23, 2007, and has not been deducted.

\*\* Adjusted net loss for CMT purposes that was earned (by the corporation and its predecessors, but not by a subsidiary predecessor) in each of the previous 20 tax years that ended after March 22, 2007, and has not been deducted.

\*\*\* The total of these two columns must equal the total of the amounts entered on lines 720 and 750.

**ONTARIO CORPORATE MINIMUM TAX – TOTAL ASSETS  
 AND REVENUE FOR ASSOCIATED CORPORATIONS**

Name of corporation	Business Number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2018-12-31

- For use by corporations to report the total assets and total revenue of all the Canadian or foreign corporations with which the filing corporation was associated at any time during the tax year. These amounts are required to determine if the filing corporation is subject to corporate minimum tax.
- Total assets and total revenue include the associated corporation's share of any partnership(s)/joint venture(s) total assets and total revenue.
- Attach additional schedules if more space is required.
- File this schedule with the *T2 Corporation Income Tax Return*.

	Names of associated corporations	Business number (Canadian corporation only) (see Note 1)	Total assets* (see Note 2)	Total revenue** (see Note 2)
	<b>200</b>	<b>300</b>	<b>400</b>	<b>500</b>
1	NIAGARA FALLS HYDRO SERVICES INC.	87146 8120 RC0001	0	0
2	NIAGARA FALLS HYDRO HOLDING CORPORATION	86750 8830 RC0001	0	0
3	City of Niagara Falls	NR	50,000,000	100,000,000
4	Niagara Regional Broadband Network Limited	87177 4105 RC0001	18,580,640	7,236,727
	<b>Total</b>		<b>450</b> 68,580,640	<b>550</b> 107,236,727

Enter the total assets from line 450 on line 116 in Part 1 of Schedule 510, *Ontario Corporate Minimum Tax*.

Enter the total revenue from line 550 on line 146 in Part 1 of Schedule 510.

Note 1: Enter "NR" if a corporation is not registered.

Note 2: If the associated corporation does not have a tax year that ends in the filing corporation's current tax year but was associated with the filing corporation in the previous tax year of the filing corporation, enter the total revenue and total assets from the tax year of the associated corporation that ends in the previous tax year of the filing corporation.

**\* Rules for total assets**

- Report total assets in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Include the associated corporation's share of the total assets of partnership(s) and joint venture(s) but exclude the recorded asset(s) for the investment in partnerships and joint ventures.
- Exclude unrealized gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.

**\*\* Rules for total revenue**

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the associated corporation has 2 or more tax years ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of those tax years by 365 and **divide** by the total number of days in all of those tax years.
- If the associated corporation's tax year is less than 51 weeks and is the only tax year of the associated corporation that ends in the filing corporation's tax year, **multiply** the associated corporation's total revenue by 365 and **divide** by the number of days in the associated corporation's tax year.
- Include the associated corporation's share of the total revenue of partnerships and joint ventures.
- If the partnership or joint venture has 2 or more fiscal periods ending in the associated corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.

**CORPORATIONS INFORMATION ACT ANNUAL RETURN FOR ONTARIO CORPORATIONS**

Name of corporation <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
---	---	---

- This schedule should be completed by a corporation that is incorporated, continued, or amalgamated in Ontario and subject to the Ontario *Business Corporations Act* (BCA) or Ontario *Corporations Act* (CA), except for registered charities under the federal *Income Tax Act*. This completed schedule serves as a *Corporations Information Act* Annual Return under the *Ontario Corporations Information Act*.
- Complete parts 1 to 4. Complete parts 5 to 7 only to report change(s) in the information recorded on the Ontario Ministry of Government Services (MGS) public record.
- This schedule must set out the required information for the corporation as of the date of delivery of this schedule.
- A completed Ontario *Corporations Information Act* Annual Return must be delivered within six months after the end of the corporation's tax year-end. The MGS considers this return to be delivered on the date that it is filed with the Canada Revenue Agency (CRA) together with the corporation's income tax return.
- It is the corporation's responsibility to ensure that the information shown on the MGS public record is accurate and up-to-date. To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. Visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca) for more information.
- This schedule contains non-tax information collected under the authority of the Ontario *Corporations Information Act*. This information will be sent to the MGS for the purposes of recording the information on the public record maintained by the MGS.

**Part 1 – Identification**

<b>100</b> Corporation's name (exactly as shown on the MGS public record) <b>NIAGARA PENINSULA ENERGY INC.</b>			
Jurisdiction incorporated, continued, or amalgamated, whichever is the most recent <b>Ontario</b>	<b>110</b> Date of incorporation or amalgamation, whichever is the most recent Year Month Day <b>2008-01-01</b>	<b>120</b> Ontario Corporation No. <b>1746865</b>	

**Part 2 – Head or registered office address (P.O. box not acceptable as stand-alone address)**

<b>200</b> Care of (if applicable) <b>SUZANNE WILSON</b>			
<b>210</b> Street number <b>7447</b>	<b>220</b> Street name/Rural route/Lot and Concession number <b>PIN OAK DRIVE</b>	<b>230</b> Suite number	
<b>240</b> Additional address information if applicable (line 220 must be completed first) <b>PO BOX 120</b>			
<b>250</b> Municipality (e.g., city, town) <b>NIAGARA FALLS</b>	<b>260</b> Province/state <b>ON</b>	<b>270</b> Country <b>CA</b>	<b>280</b> Postal/zip code <b>L2E 6S9</b>

**Part 3 – Change identifier**

Have there been any changes in any of the information most recently filed for the public record maintained by the MGS for the corporation with respect to names, addresses for service, and the date elected/appointed and, if applicable, the date the election/appointment ceased of the directors and five most senior officers, or with respect to the corporation's mailing address or language of preference? To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. For more information, visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca).

**300**  **1** If there have been no changes, enter **1** in this box and then go to "Part 4 – Certification."  
 If there are changes, enter **2** in this box and complete the applicable parts on the next page, and then go to "Part 4 – Certification."

**Part 4 – Certification**

I certify that all information given in this *Corporations Information Act* Annual Return is true, correct, and complete.

**450** WILSON Last name **451** SUZANNE First name

**454** \_\_\_\_\_ Middle name(s)

**460**  **2** Please enter one of the following numbers in this box for the above-named person: **1** for director, **2** for officer, or **3** for other individual having knowledge of the affairs of the corporation. If you are a director and officer, enter **1** or **2**.

Note: Sections 13 and 14 of the Ontario *Corporations Information Act* provide penalties for making false or misleading statements or omissions.

Complete the applicable parts to report changes in the information recorded on the MGS public record

**Part 5 – Mailing address**

<b>500</b>	<input type="checkbox"/>	Please enter one of the following numbers in this box:	1 - Show no mailing address on the MGS public record.
			2 - The corporation's mailing address is the same as the head or registered office address in Part 2 of this schedule.
			3 - The corporation's complete mailing address is as follows:
<b>510</b>	Care of (if applicable)		
<b>520</b>	Street number	<b>530</b> Street name/Rural route/Lot and Concession number	<b>540</b> Suite number
<b>550</b>	Additional address information if applicable (line 530 must be completed first)		
<b>560</b>	Municipality (e.g., city, town)	<b>570</b> Province/state	<b>580</b> Country
			<b>590</b> Postal/zip code

**Part 6 – Language of preference**

<b>600</b>	<input type="checkbox"/>	Indicate your language of preference by entering 1 for English or 2 for French. This is the language of preference recorded on the MGS public record for communications with the corporation. It may be different from line 990 on the T2 return.
------------	--------------------------	---

**ONTARIO CO-OPERATIVE EDUCATION TAX CREDIT**

Name of corporation NIAGARA PENINSULA ENERGY INC.	Business Number 87196 9127 RC0002	Tax year-end Year Month Day 2018-12-31
--	--------------------------------------	--

- Use this schedule to claim an Ontario co-operative education tax credit (CETC) under section 88 of the *Taxation Act, 2007* (Ontario).
- The CETC is a refundable tax credit that is equal to an eligible percentage (10% to 30%) of the eligible expenditures incurred by a corporation for a qualifying work placement. The maximum credit amount is \$1,000 for each qualifying work placement ending before March 27, 2009, and \$3,000 for each qualifying work placement beginning after March 26, 2009. For a qualifying work placement that straddles March 26, 2009, the maximum credit amount is prorated.
- Eligible expenditures are salaries and wages (including taxable benefits) paid or payable to a student in a qualifying work placement, or fees paid or payable to an employment agency for services performed by the student in a qualifying work placement. These expenditures must be paid on account of employment or services, as applicable, at a permanent establishment of the corporation in Ontario. Expenditures for a work placement (WP) are not eligible expenditures if they are greater than the amounts that would be paid to an arm's length employee.
- A WP must meet all of the following conditions to be a qualifying work placement:
  - the student performs employment duties for a corporation under a qualifying co-operative education program (QCEP);
  - the WP has been developed or approved by an eligible educational institution as a suitable learning situation;
  - the terms of the WP require the student to engage in productive work;
  - the WP is for a period of at least 10 consecutive weeks or, in the case of an internship program, not less than 8 consecutive months and not more than 16 consecutive months;
  - the student is paid for the work performed in the WP;
  - the corporation is required to supervise and evaluate the job performance of the student in the WP;
  - the institution monitors the student's performance in the WP; and
  - the institution has certified the WP as a qualifying work placement.
- Make sure you keep a copy of the letter of certification from the Ontario eligible educational institution containing the name of the student, the employer, the institution, the term of the WP, and the name/discipline of the QCEP to support the claim. Do not submit the letter of certification with the *T2 Corporation Income Tax Return*.
- File this schedule with the *T2 Corporation Income Tax Return*.

**Part 1 – Corporate information**

<b>110</b> Name of person to contact for more information SUZANNE WILSON	<b>120</b> Telephone number including area code (905) 356-2681
Is the claim filed for a CETC earned through a partnership?*	<b>150</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>
If you answered <b>yes</b> to the question at line 150, what is the name of the partnership?	<b>160</b>
Enter the percentage of the partnership's CETC allocated to the corporation	<b>170</b> _____ %

\* When a corporate member of a partnership is claiming an amount for eligible expenditures incurred by a partnership, complete a Schedule 550 for the partnership as if the partnership were a corporation. Each corporate partner, other than a limited partner, should file a separate Schedule 550 to claim the partner's share of the partnership's CETC. The allocated amounts can not exceed the amount of the partnership's CETC.

**Part 2 – Eligibility**

1. Did the corporation have a permanent establishment in Ontario in the tax year?	<b>200</b> 1 Yes <input checked="" type="checkbox"/> 2 No <input type="checkbox"/>
2. Was the corporation exempt from tax under Part III of the <i>Taxation Act, 2007</i> (Ontario)?	<b>210</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>

If you answered **no** to question 1 or **yes** to question 2, then the corporation is **not eligible** for the CETC.

**Part 3 – Eligible percentage for determining the eligible amount**

Corporation's salaries and wages paid in the previous tax year\* ..... **300** 10,756,599

For eligible expenditures incurred before March 27, 2009:

- If line 300 is \$400,000 or less, enter 15% on line 310.
- If line 300 is \$600,000 or more, enter 10% on line 310.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 310 using the following formula:

$$\text{Eligible percentage} = 15\% - \left[ 5\% \times \left( \frac{\text{amount on line 300} - \$400,000}{\$200,000} \right) \right]$$

Eligible percentage for determining the eligible amount ..... **310** 10.000 %

For eligible expenditures incurred after March 26, 2009:

- If line 300 is \$400,000 or less, enter 30% on line 312.
- If line 300 is \$600,000 or more, enter 25% on line 312.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 312 using the following formula:

$$\text{Eligible percentage} = 30\% - \left[ 5\% \times \left( \frac{\text{amount on line 300} - \$400,000}{\$200,000} \right) \right]$$

Eligible percentage for determining the eligible amount ..... **312** 25.000 %

\* If this is the first tax year of an amalgamated corporation and subsection 88(9) of the *Taxation Act, 2007* (Ontario) applies, enter the salaries and wages paid in the previous tax year by the predecessor corporations.

**Part 4 – Calculation of the Ontario co-operative education tax credit**

Complete a separate entry for each student for each qualifying work placement that ended in the corporation's tax year. If a qualifying work placement would otherwise exceed four consecutive months, divide the WP into periods of four consecutive months and enter each full period of four consecutive months as a separate WP. If the WP does not divide equally into four-month periods and if the period that is less than 4 months is 10 or more consecutive weeks, then enter that period as a separate WP. If that period is less than 10 consecutive weeks, then include it with the WP for the last period of 4 consecutive months. Consecutive WPs with two or more associated corporations are deemed to be with only one corporation, as designated by the corporations.

	A Name of university, college, or other eligible educational institution	B Name of qualifying co-operative education program
	<b>400</b>	<b>405</b>
1.	Brock University	Business Administration
2.	Conestoga	Powerline Technician
3.	Conestoga	Powerline Technician
4.		

	C Name of student	D Start date of WP (see note 1 below)	E End date of WP (see note 2 below)
	<b>410</b>	<b>430</b>	<b>435</b>
1.	[REDACTED]	2018-01-02	2018-04-30
2.	[REDACTED]	2018-05-14	2018-08-31
3.	[REDACTED]	2018-05-14	2018-08-31
4.			

Note 1: When the WP has been divided into separate periods because it exceeds four consecutive months, enter the start date for the separate WP.

Note 2: When the WP has been divided into separate periods because it exceeds four consecutive months, enter the end date for the separate WP.

**Part 4 – Calculation of the Ontario co-operative education tax credit (continued)**

Filed: August 31, 2020  
 541 of 1407

	<b>F1</b> Eligible expenditures before March 27, 2009 (see note 1 below)		<b>F2</b> Eligible expenditures after March 26, 2009 (see note 1 below)		<b>X</b> Number of consecutive weeks of the WP completed by the student before March 27, 2009 (see note 3 below)	<b>Y</b> Total number of consecutive weeks of the student's WP (see note 3 below)
	<b>450</b>		<b>452</b>			
1.		10.000 %	29,763	25.000 %		16
2.		10.000 %	15,887	25.000 %		16
3.		10.000 %	14,922	25.000 %		16
4.		10.000 %		25.000 %		

	<b>G</b> Eligible amount (eligible expenditures <b>multiplied</b> by eligible percentage) (see note 2 below)	<b>H</b> Maximum CETC per WP (see note 3 below)	<b>I</b> CETC on eligible expenditures (column G or H, whichever is less)	<b>J</b> CETC on repayment of government assistance (see note 4 below)	<b>K</b> CETC for each WP (column I or column J)
	<b>460</b>	<b>462</b>	<b>470</b>	<b>480</b>	<b>490</b>
1.	7,441	3,000	3,000		3,000
2.	3,972	3,000	3,000		3,000
3.	3,731	3,000	3,000		3,000
4.					

**Ontario co-operative education tax credit (total of amounts in column K) **500** **L**** **9,000**

or, if the corporation answered **yes** at line 150 in Part 1, determine the partner's share of amount L:

Amount L \_\_\_\_\_ x percentage on line 170 in Part 1 \_\_\_\_\_ % = \_\_\_\_\_ **M**

Enter amount L or M, whichever applies, on line 452 of Schedule 5, *Tax Calculation Supplementary – Corporations*. If you are filing more than one Schedule 550, add the amounts from line L or M, whichever applies, on all the schedules and enter the total amount on line 452 of Schedule 5.

Note 1: Reduce eligible expenditures by all government assistance, as defined under subsection 88(21) of the *Taxation Act, 2007* (Ontario), that the corporation has received, is entitled to receive, or may reasonably expect to receive, for the eligible expenditures, on or before the filing due date of the *T2 Corporation Income Tax Return* for the tax year.

Note 2: Calculate the eligible amount (Column G) using the following formula:

$$\text{Column G} = (\text{column F1} \times \text{percentage on line 310}) + (\text{column F2} \times \text{percentage on line 312})$$

Note 3: If the WP ends before March 27, 2009, the maximum credit amount for the WP is \$1,000.

If the WP begins after March 26, 2009, the maximum credit amount for the WP is \$3,000.

If the WP begins before March 27, 2009, and ends after March 26, 2009, calculate the maximum credit amount using the following formula:

$$(\$1,000 \times X/Y) + [\$3,000 \times (Y - X)/Y]$$

where "X" is the number of consecutive weeks of the WP completed by the student before March 27, 2009,

and "Y" is the total number of consecutive weeks of the student's WP.

Note 4: When claiming a CETC for repayment of government assistance, complete a **separate entry** for each repayment and complete columns A to E and J and K with the details for the previous year WP in which the government assistance was received.

Include the amount of government assistance repaid in the tax year multiplied by the eligible percentage for the tax year in which the government assistance was received, to the extent that the government assistance reduced the CETC in that tax year.

## Ontario Apprenticeship Training Tax Credit

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2018-12-31</b>
--	---	---

- Use this schedule to claim an Ontario apprenticeship training tax credit (ATTC) under section 89 of the *Taxation Act, 2007* (Ontario).
- The ATTC is a refundable tax credit that is equal to a specified percentage (25% to 45%) of the eligible expenditures incurred by a corporation for a qualifying apprenticeship. For eligible expenditures incurred after March 26, 2009 for an apprenticeship program that began before April 24, 2015, the maximum credit for each qualifying apprenticeship is \$10,000 per year to a maximum credit of \$40,000 over the first 48-month period of the qualifying apprenticeship. For an apprenticeship program that began after April 23, 2015, the maximum credit for each qualifying apprenticeship is \$5,000 per year to a maximum credit of \$15,000 over the first 36-month period of the qualifying apprenticeship.
- Eligible expenditures are salaries and wages (including taxable benefits) paid to an apprentice in a qualifying apprenticeship or fees paid to an employment agency for the provision of services performed by the apprentice in a qualifying apprenticeship. These expenditures must be:
  - paid on account of employment or services, as applicable, at a permanent establishment of the corporation in Ontario;
  - for services provided by the apprentice during the first 48 months of the apprenticeship program, if an apprenticeship program began before April 24, 2015; and
  - for services provided by the apprentice during the first 36 months of the apprenticeship program, if an apprenticeship program began after April 23, 2015.
- An expenditure is not eligible for an ATTC if:
  - the same expenditure was used, or will be used, to claim a co-operative education tax credit; or
  - it is more than an amount that would be paid to an arm's length apprentice.
- An apprenticeship must meet the following conditions to be a qualifying apprenticeship:
  - the apprenticeship is in a qualifying skilled trade approved by the Ministry of Training, Colleges and Universities (Ontario) or a person designated by him or her; and
  - the corporation and the apprentice must be participating in an apprenticeship program in which the training agreement has been registered under the *Ontario College of Trades and Apprenticeship Act, 2009*, or the *Apprenticeship and Certification Act, 1998*, or in which the contract of apprenticeship has been registered under the *Trades Qualification and Apprenticeship Act*.
- Do not submit the training agreement or contract of apprenticeship with your *T2 Corporation Income Tax Return*. Keep a copy of the training agreement or contract of apprenticeship to support your claim.
- File this schedule with your *T2 Corporation Income Tax Return*.

### Part 1 – Corporate information

<b>110</b> Name of person to contact for more information SUZANNE WILSON	<b>120</b> Telephone number (905) 356-2681
Is the claim filed for an ATTC earned through a partnership? *	<b>150</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>
If you answered <b>yes</b> to the question at line 150, what is the name of the partnership?	<b>160</b> _____
Enter the percentage of the partnership's ATTC allocated to the corporation	<b>170</b> _____ %

\* When a corporate member of a partnership is claiming an amount for eligible expenditures incurred by a partnership, complete a Schedule 552 for the partnership as if the partnership were a corporation. Each corporate partner, other than a limited partner, should file a separate Schedule 552 to claim the partner's share of the partnership's ATTC. The total of the partners' allocated amounts can never exceed the amount of the partnership's ATTC.

### Part 2 – Eligibility

1. Did the corporation have a permanent establishment in Ontario in the tax year?	<b>200</b> 1 Yes <input checked="" type="checkbox"/> 2 No <input type="checkbox"/>
2. Was the corporation exempt from tax under Part III of the <i>Taxation Act, 2007</i> (Ontario)?	<b>210</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>

If you answered **no** to question 1 or **yes** to question 2, then you are **not eligible** for the ATTC.

**Part 3 – Specified percentage**

Corporation's salaries and wages paid in the previous tax year\* ..... **300** 10,756,599

**For eligible expenditures incurred after March 26, 2009 for an apprenticeship program that began before April 24, 2015:**

- If line 300 is \$400,000 or less, enter 45% on line 312.
- If line 300 is \$600,000 or more, enter 35% on line 312.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 312 using the following formula:

$$\text{Specified percentage} = 45\% - \left[ 10\% \times \left( \frac{\text{amount on line 300} - 400,000}{200,000} \right) \right]$$

**Specified percentage** ..... **312** 35.000 %

**For eligible expenditures incurred for an apprenticeship program that began after April 23, 2015:**

- If line 300 is \$400,000 or less, enter 30% on line 314.
- If line 300 is \$600,000 or more, enter 25% on line 314.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 314 using the following formula:

$$\text{Specified percentage} = 30\% - \left[ 5\% \times \left( \frac{\text{amount on line 300} - 400,000}{200,000} \right) \right]$$

**Specified percentage** ..... **314** 25.000 %

\* If this is the first tax year of an amalgamated corporation and subsection 89(6) of the *Taxation Act, 2007* (Ontario) applies, enter salaries and wages paid in the previous tax year by the predecessor corporations.

**Part 4 – Ontario apprenticeship training tax credit**

Complete a **separate entry** for each apprentice for each qualifying apprenticeship with the corporation. When claiming an ATTC for repayment of government assistance, complete a **separate entry** for each repayment, and complete columns A to G and M and N with the details for the employment period in the previous tax year in which the government assistance was received.

	<b>A</b> Trade code	<b>B</b> Apprenticeship program/trade name	<b>C</b> Name of apprentice
	<b>400</b>	<b>405</b>	<b>410</b>
1.	434a	Powerline Technician	[REDACTED]
2.	434a	Powerline Technician	[REDACTED]
3.	434a	Powerline Technician	[REDACTED]
4.	434a	Powerline Technician	[REDACTED]
5.	434a	Powerline Technician	[REDACTED]
6.	434a	Powerline Technician	[REDACTED]

	<b>D</b> Original contract or training agreement number	<b>E</b> Original registration date of apprenticeship contract or training agreement (YYYYMMDD) (see note 1)	<b>F</b> Start date of employment as an apprentice in the tax year (YYYYMMDD) (see note 2)	<b>G</b> End date of employment as an apprentice in the tax year (YYYYMMDD) (see note 3)
	<b>420</b>	<b>425</b>	<b>430</b>	<b>435</b>
1.	2765700	2014-02-10	2018-01-01	2018-02-09
2.	2765669	2014-02-10	2018-01-01	2018-02-09
3.	2807243	2014-09-02	2018-01-01	2018-09-01
4.	2807217	2014-09-02	2018-01-01	2018-09-01
5.	2671387	2015-09-15	2018-01-01	2018-08-31
6.	2847966	2015-09-15	2018-01-01	2018-08-31

Note 1: Enter the original registration date of the apprenticeship contract or training agreement in all cases, even when multiple employers employed the apprentice.

Note 2: When there are multiple employment periods as an apprentice in the tax year with the corporation, enter the date that is the first day of employment as an apprentice in the tax year with the corporation. When claiming an ATTC for repayment of government assistance, enter the start date of employment as an apprentice for the tax year in which the government assistance was received.

Note 3: When there are multiple employment periods as an apprentice in the tax year with the corporation, enter the date that is the last day of employment as an apprentice in the tax year with the corporation. When claiming an ATTC for repayment of government assistance, enter the end date of employment as an apprentice for the tax year in which the government assistance was received.

**Part 4 – Ontario apprenticeship training tax credit (continued)**

	<b>H1</b> Number of days in the tax year employed as an apprentice in a qualifying apprenticeship program that began before April 24, 2015 (see note 1)	<b>H2</b> Number of days in the tax year employed as an apprentice in a qualifying apprenticeship program that began after April 23, 2015 (see note 1)	<b>I</b> Maximum credit amount for the tax year (see note 2)
	<b>442</b>	<b>443</b>	<b>445</b>
1.	40		1,096
2.	40		1,096
3.	243		6,658
4.	243		6,658
5.		243	3,329
6.		243	3,329

Note 1: When there are multiple employment periods as an apprentice in the tax year with the corporation, do not include days in which the individual was not employed as an apprentice.

For H1: The days employed as an apprentice must be within 48 months of the registration date provided in column E.

For H2: The days employed as an apprentice must be within 36 months of the registration date provided in column E.

Note 2: Maximum credit = (\$10,000 × H1/365\*) or (\$5,000 × H2/365\*), whichever applies.

\* 366 days, if the tax year includes February 29

	<b>J1</b> Eligible expenditures incurred after March 26, 2009 for a qualifying apprenticeship program that began before April 24, 2015 (see note 3)	<b>J2</b> Eligible expenditures incurred for a qualifying apprenticeship program that began after April 23, 2015 (see note 3)	<b>K</b> Eligible expenditures multiplied by specified percentage (see note 4)
	<b>452</b>	<b>453</b>	<b>460</b>
1.	94,603		33,111
2.	94,510		33,079
3.	94,409		33,043
4.	85,748		30,012
5.		69,842	17,461
6.		69,810	17,453

Note 3: Reduce eligible expenditures by all government assistance, as defined under subsection 89(19) of the *Taxation Act, 2007* (Ontario), that the corporation has received, is entitled to receive, or may reasonably expect to receive, in respect of the eligible expenditures, on or before the filing due date of the *T2 Corporation Income Tax Return* for the tax year.

For J1: Eligible expenditures must be for services provided by the apprentice to the taxpayer during the first 48 months of the apprenticeship program, and not relating to services performed before the apprenticeship program began or after it ended.

For J2: Eligible expenditures must be for services provided by the apprentice to the taxpayer during the first 36 months of the apprenticeship program, and not relating to services performed before the apprenticeship began or after it ended.

Note 4: Calculate the amount in column K as follows:

Column K = (J1 × line 312) or (J2 × line 314), whichever applies.

	<b>L</b> ATTC on eligible expenditures (lesser of columns I and K)	<b>M</b> ATTC on repayment of government assistance (see note 5)	<b>N</b> ATTC for each apprentice (column L or M, whichever applies)
	<b>470</b>	<b>480</b>	<b>490</b>
1.	1,096		1,096
2.	1,096		1,096
3.	6,658		6,658
4.	6,658		6,658
5.	3,329		3,329

Filed: August 31, 2020  
 Not for e-filing  
 ATTC for each province  
 (column L or M,  
 whichever applies)

<b>L</b> ATTC on eligible expenditures (lesser of columns I and K)  <b>470</b>	<b>M</b> ATTC on repayment of government assistance (see note 5)  <b>480</b>	<b>490</b>
3,329		3,329

6. **Ontario apprenticeship training tax credit** (total of amounts in column N) **500** 22,166 **O**

Or, if the corporation answered **yes** at line 150 in Part 1, determine the partner's share of amount O:

Amount O \_\_\_\_\_ x percentage on line 170 in Part 1 \_\_\_\_\_ % = \_\_\_\_\_ **P**

Enter amount O or P, whichever applies, on line 454 of Schedule 5, *Tax Calculation Supplementary – Corporations*. If you are filing more than one Schedule 552, **add** the amounts from line O or P, whichever applies, on all the schedules, and enter the total amount on line 454 of Schedule 5.

Note 5: Include the amount of government assistance repaid in the tax year multiplied by the specified percentage for the tax year in which the government assistance was received, to the extent that the government assistance reduced the ATTC in that tax year. Complete a **separate entry** for each repayment of government assistance.

See the privacy notice on your return.

### Niagara Peninsula Energy –OEB PILS model

## Income Tax/PILs Workform for 2020 Filers

Version 1.10

Utility Name	Niagara Peninsula Energy Inc.
Assigned EB Number	EB-2020-0040
Name and Title	Suzanne Wilson Senior VP Finance
Phone Number	905-353-6004
Email Address	<a href="mailto:suzanne.wilson@npei.ca">suzanne.wilson@npei.ca</a>
Date	31-Aug-20
Last COS Re-based Year	2015

Note: Drop-down lists are shaded blue; Input cells are shaded green.

*This Workbook Model is protected by copyright and is being made available to you solely for the purpose of filing your rate application. You may use and copy this model for that purpose, and provide a copy of this model to any person that is advising or assisting you in that regard. Except as indicated above, any copying, reproduction, publication, sale, adaptation, translation, modification, reverse engineering or other use or dissemination of this model without the express written consent of the Ontario Energy Board is prohibited. If you provide a copy of this model to a person that is advising or assisting you in preparing the application reviewing your draft rate order, you must ensure that the person understands and agrees to the restrictions noted above.*

*While this model has been provided in Excel format and is required to be filed with the applications, the onus remains on the applicant to ensure the accuracy of the data and the results.*

### Instructions

#### Purpose

The purpose of this workbook is to calculate the estimated Payment in Lieu of Taxes (PILs) for the Test Year. The calculation of PILs for the Test Year is on tab **T0** and is based on the inputs on the other tabs.

Tab **S Summary** is a summary of the amounts to be transferred to the Data Input Sheet of the Revenue Requirement Workform.

Tab **S1 Integrity Checks** must be completed after the completion of the PILs calculation in this workbook.

#### Methodology

To calculate the PILs for the Test Year:

- 1) input the balances from the income tax return of the Historical Year in tabs **H1** to **H13**.
- 2) input the balances for the Bridge Year and the Test Year.

Inputs should include:

- non-deductible expenses (Schedule 1 - **B1** and **T1**)
- loss carryforward (Schedule 4 - **B4** and **T4**)
- capital cost allowance (Schedule 8 - **B8** and **T8**)
- non-deductible reserves (Schedule 13 - **B13** and **T13**)

- 3) make any other adjustments and inputs required so that the PILs amount calculated for the Test Year on tab **T0** is reasonable.

#### Other Notes

Tabs **H0** to **H13** relate to the Historical Year.

Tabs **B0** to **B13** relate to the Bridge Year.

Tabs **T0** to **T13** relate to the Test Year.

The amounts on tabs **H0** to **H13** should agree to the tax return filed with the Canada Revenue Agency. Any CRA audit adjustments or corrections should also be reflected.

It is assumed the net income before tax for the Test Year is equal to the Return on Equity. Return on Equity is calculated on tab **A**.

On tab "**A. Data Input Sheet**", input the "Rate Base" amount and "Return on Rate Base" amounts.

### Integrity Checks

The applicant must ensure the following integrity checks have been completed and confirm this is the case in the table below, or provide an explanation if this is not the case:

Item	Utility Confirmation (Y/N)	Notes
1 The depreciation and amortization added back in the application's PILs model agree with the numbers disclosed in the rate base section of the application	yes	
2 The capital additions and deductions in the CCA Schedule 8 agree with the rate base section for historical, bridge and test years	yes	
3 Schedule 8 of the most recent federal T2 tax return filed with the application has a closing December 31 historical year UCC that agrees with the opening (January 1) bridge year UCC. If the amounts do not agree, then the applicant must provide a reconciliation with explanations. Distributors must segregate non-distribution tax amounts on Schedule 8.	yes	
4 The CCA deductions in the application's PILs tax model for historical, bridge and test years (as applicable) agree with the numbers in the CCA Schedule 8 for the same years filed in the application	yes	
5 Loss carry-forwards, if any, from prior year tax returns' Schedule 4 agree with those disclosed in the application	yes	
6 A discussion is included in the application as to when the loss carry-forwards, if any, will be fully utilized	yes	
7 CCA is maximized even if there are tax loss carry-forwards	yes	
8 Other post-employment benefits and pension expenses that are added back on Schedule 1 to reconcile accounting income to net income for tax purposes agree with the OM&A analysis for compensation. The amounts deducted are reasonable when compared with the notes to the audited financial statements, Financial Services Commission of Ontario reports, and actuarial valuations.	yes	
9 The income tax rate used to calculate the tax expense is consistent with the utility's actual tax facts and evidence filed in the application	yes

## Notes

1. The Ontario Energy Board's proxy for taxable capital is rate base.
2. Regarding the small business deduction, if applicable,
  - a. If taxable capital exceeds \$15 million, the small business rate will not be applicable.
  - b. If taxable capital is below \$10 million, the small business rate would be applicable.
  - c. If taxable capital is between \$10 million and \$15 million, the appropriate small business rate will be calculated.

You may use and copy this model for that purpose, and provide a copy of this model to any person that is advising or assisting you in that regard. Except as indicated above, any copying, reproduction, publication, sale, adaptation, translation, modification, reverse engineering or other use or dissemination of this model without the express written consent of the Ontario Energy Board is prohibited. If you provide a copy of this model to a person that is advising or assisting you in preparing the application reviewing your draft rate order, you must ensure that the person understands and agrees to the restrictions noted above.*

*While this model has been provided in Excel format and is required to be filed with the applications, the onus remains on the applicant to ensure the accuracy of the data and the results.*

### Instructions

#### Purpose

The purpose of this workbook is to calculate the estimated Payment in Lieu of Taxes (PILs) for the Test Year. The calculation of PILs for the Test Year is on tab **T0** and is based on the inputs on the other tabs.

Tab **S Summary** is a summary of the amounts to be transferred to the Data Input Sheet of the Revenue Requirement Workform.

Tab **S1 Integrity Checks** must be completed after the completion of the PILs calculation in this workbook.

#### Methodology

To calculate the PILs for the Test Year:

- 1) input the balances from the income tax return of the Historical Year in tabs **H1** to **H13**.
- 2) input the balances for the Bridge Year and the Test Year.

Inputs should include:

- non-deductible expenses (Schedule 1 - **B1** and **T1**)
- loss carryforward (Schedule 4 - **B4** and **T4**)
- capital cost allowance (Schedule 8 - **B8** and **T8**)
- non-deductible reserves (Schedule 13 - **B13** and **T13**)

- 3) make any other adjustments and inputs required so that the PILs amount calculated for the Test Year on tab **T0** is reasonable.

#### Other Notes

Tabs **H0** to **H13** relate to the Historical Year.

Tabs **B0** to **B13** relate to the Bridge Year.

Tabs **T0** to **T13** relate to the Test Year.

The amounts on tabs **H0** to **H13** should agree to the tax return filed with the Canada Revenue Agency. Any CRA audit adjustments or corrections should also be reflected.

It is assumed the net income before tax for the Test Year is equal to the Return on Equity. Return on Equity is calculated on tab **A**.

On tab "**A. Data Input Sheet**", input the "Rate Base" amount and "Return on Rate Base" amounts.

Ontario Energy Board

Taxable Income	<a href="#">T1</a>	-9,264,420
Difference	calculated	-9,264,420 as above

## Income Tax/PILs Workform for 2020 Filers

### Integrity Checks

The applicant must ensure the following integrity checks have been completed and confirm this is the case in the table below, or provide an explanation if this is not the case:

Item	Utility Confirmation (Y/N)	Notes
1 The depreciation and amortization added back in the application's PILs model agree with the numbers disclosed in the rate base section of the application	y	
2 The capital additions and deductions in the CCA Schedule 8 agree with the rate base section for historical, bridge and test years	y	
3 Schedule 8 of the most recent federal T2 tax return filed with the application has a closing December 31 historical year UCC that agrees with the opening (January 1) bridge year UCC. If the amounts do not agree, then the applicant must provide a reconciliation with explanations. Distributors must segregate non-distribution tax amounts on Schedule 8.	y	
4 The CCA deductions in the application's PILs tax model for historical, bridge and test years (as applicable) agree with the numbers in the CCA Schedule 8 for the same years filed in the application	y	
5 Loss carry-forwards, if any, from prior year tax returns' Schedule 4 agree with those disclosed in the application	y	
6 A discussion is included in the application as to when the loss carry-forwards, if any, will be fully utilized	y	
7 CCA is maximized even if there are tax loss carry-forwards	y	
8 Other post-employment benefits and pension expenses that are added back on Schedule 1 to reconcile accounting income to net income for tax purposes agree with the OM&A analysis for compensation. The amounts deducted are reasonable when compared with the notes to the audited financial statements, Financial Services Commission of Ontario reports, and actuarial valuations.	y	
9 The income tax rate used to calculate the tax expense is consistent with the utility's actual tax facts and evidence filed in the application	y

## Notes

- The Ontario Energy Board's proxy for taxable capital is rate base.
- Regarding the small business deduction, if applicable,
  - If taxable capital exceeds \$15 million, the small business rate will not be applicable.
  - If taxable capital is below \$10 million, the small business rate would be applicable.
  - If taxable capital is between \$10 million and \$15 million, the appropriate small business rate will be calculated.

NPEI's Depreciation Policy and OEB Appendix 2-BB

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

## 3 Significant accounting policies (continued)

### (c) Materials and supplies

Materials and supplies, the majority of which are consumed by the Corporation in the provision of its services, is valued at the lower of cost and net realizable value, with cost being determined on an average cost basis, and includes expenditures incurred in acquiring the materials and supplies and other costs incurred in bringing them to their existing location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated selling expenses.

### (d) Property, plant and equipment

Items of property, plant and equipment ("PP&E") used in rate-regulated activities are measured at deemed cost established on the transition date less accumulated depreciation. All other items of property, plant and equipment are measured at cost, or, where the item is contributed by customers, its fair value, less accumulated depreciation.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes contracted services, materials and transportation costs, direct labour, overhead costs, borrowing costs and any other costs directly attributable to bringing the asset to a working condition for its intended use.

Borrowing costs on qualifying assets are capitalized as part of the cost of the asset based upon the weighted average cost of debt incurred on the Corporation's borrowings. Qualifying assets are considered to be those that take in excess of 12 months to construct.

When parts of an item of PP&E have different useful lives, they are accounted for as separate items (major components) of PP&E.

When items of PP&E are retired or otherwise disposed of, a gain or loss on disposal is determined by comparing the proceeds from disposal, if any, with the carrying amount of the item and is included in profit or loss.

Major spare parts and standby equipment are recognized as items of PP&E.

The cost of replacing a part of an item of PP&E is recognized in the net book value of the item if it is probable that the future economic benefits embodied within the part will flow to the Corporation and its cost can be measured reliably. In this event, the replaced part of PP&E is written off, and the related gain or loss is included in profit or loss. The costs of the day-to-day servicing of PP&E are recognized in profit or loss as incurred.

The need to estimate the decommissioning costs at the end of the useful lives of certain assets is reviewed periodically. The Corporation has concluded it does not have any legal or constructive obligation to remove PP&E.

Depreciation is calculated to write off the cost of items of PP&E using the straight-line method over their estimated useful lives, and is generally recognized in profit or loss. Depreciation methods, useful lives, and residual values are reviewed at each reporting date and adjusted

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

### 3 Significant accounting policies (continued)

#### (d) Property, plant and equipment

prospectively if appropriate. Land is not depreciated. Construction-in-progress assets are not depreciated until the project is complete and the asset is available for use.

The estimated useful lives are as follows:

Asset	Years
Buildings and fixtures	60 years
Transformer station building	50 years
Transformer station equipment	10-45 years
Distribution stations	30-45 years
Distribution overhead lines	15-60 years
Distribution underground lines	30-50 years
Distribution transformers	30-40 years
Distribution meters	20 years
Smart meters	15 years
General office equipment	10 years
Computer equipment	5 years
Trucks and rolling stock	8-20 years
Major tools	10 years
Other capital assets	5-20 years

#### (e) Intangible assets

Intangible assets used in rate-regulated activities and acquired prior to January 1, 2014 are measured at deemed cost established on the transaction date less accumulated amortization.

Computer software that is acquired or developed by the Corporation after January 1, 2014, including software that is not integral to the functionality of equipment purchased which has finite useful lives, is measured at cost less accumulated amortization.

Payments to obtain rights to access land ("land rights") are classified as intangible assets. These include payments made for easements, right of access and right of use over land for which the Corporation does not hold title. Land rights are measured at cost less accumulated amortization.

Amortization is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use. Amortization methods and useful lives of all intangible assets are reviewed at each reporting date and adjusted prospectively if appropriate. The estimated useful lives are:

Asset	Years
Computer software	3 years
Land rights	25 years

### 3. Significant accounting policies (continued)

#### (f) Impairment

##### (i) Financial assets measured at amortized cost

At each reporting date, the Corporation assess whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Corporation uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Corporation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Expected credit losses of a financial instrument are measured in a way that reflects: an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; the time value of money; and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

##### (ii) Non-financial assets

The carrying amounts of the Corporation's non-financial assets, other than materials and supplies and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit" or "CGU"). The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss.

For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

## Introduction

The Lost Revenue Adjustment Mechanism (LRAM) was developed to remove a disincentive electricity local distribution companies (LDCs) may have to promote conservation and demand management (CDM) programs. CDM programs are designed to provide energy savings and peak demand reductions for the customers of LDCs. These savings and reductions directly impact the LDC's revenue. The LRAM allows LDCs to be compensated for lost revenue that resulted from CDM programs the LDC offered to its customers.

Starting in 2011, the Ontario Energy Board (OEB) authorized LDCs to establish an LRAM variance account (LRAMVA) to capture the impact of CDM programs on the revenue of LDCs. The variance in the LRAMVA is between the lost revenue due to independently verified load impacts of CDM and the lost revenue from any CDM impacts an LDC included in the LDC's load forecast.<sup>1</sup>

Niagara Peninsula Energy Inc. (NPEI) contracted with the Ontario Power Authority (OPA, which has now been merged into the Independent Electricity System Operator – IESO) to offer a suite of CDM programs to customers in a variety of rate classes for the 2011-2014 period and subsequently with the IESO for the 2015-2020 period. NPEI is required to use “the most recent and appropriate final CDM evaluation report from the IESO in support of its lost revenue calculation.”<sup>2</sup>

Normally, the IESO releases adjustments to previous year values with each annual report. Due to direction from the Province, IESO announced that it would not be providing an annual verified report for 2018. On July 15, 2019, the OEB released a document *Addendum to Filing Requirements for Electricity Distribution Rate Applications: 2020 Rate Applications* which instructs LDCs to base savings subsequent to the 2017 final verified report on the IESO Participation and Cost Reports. These are used to determine the 2017 True-up values and 2018 net results.

NPEI may claim lost revenue from CDM programs up to and including 2018 in NPEI's 2021 rate case.

NPEI disposed of lost revenues from 2011–2015 CDM programs in NPEI's 2017 IRM rate case, (EB-2016-0094).

NPEI included the impacts of CDM in the load forecast for NPEI's 2015 cost of service rate case and estimated the CDM savings in 2014 and 2015 (EB-2014-0096). The LRAMVA Threshold estimated from 2015 CDM programs is compared to the calculated lost revenue from verified

---

<sup>1</sup> *Guidelines for Electricity Distributor Conservation and Demand Management*. Ontario Energy Board. April 26, 2012 (EB-2012-0003).

<sup>2</sup> *Filing Requirements For Electricity Distribution Rate Applications - 2017 Edition for 2017 Rate Applications - Chapter 2 - Cost of Service*, Ontario Energy Board. July 14, 2017.

final CDM results. The difference between these two is the LRAMVA value NPEI is claiming for 2016, 2017 and 2018. This report determines the variance account balance for the following revenue losses:

- Lost revenues in 2016 related to programs offered in 2014,
- Lost revenues in 2016 related to programs offered in 2015,
- Lost revenues in 2016 related to programs offered in 2016,
- Lost revenues in 2017 related to programs offered in 2014,
- Lost revenues in 2017 related to programs offered in 2015,
- Lost revenues in 2017 related to programs offered in 2016,
- Lost revenues in 2017 related to programs offered in 2017,
- Lost revenues in 2018 related to programs offered in 2014,
- Lost revenues in 2018 related to programs offered in 2015,
- Lost revenues in 2018 related to programs offered in 2016,
- Lost revenues in 2018 related to programs offered in 2017, and
- Lost revenues in 2018 related to programs offered in 2018.

The carrying charges on the above variances through December 2020 are also reported.

## Methodology

In principle, the determination of lost revenues is a simple calculation:

$$LR = (\text{CDM results} - \text{CDM results in the load forecast}) * \text{rate}$$

In practice, it is somewhat more complicated than that because of the limitations of the information available to calculate CDM results, the different time periods of results data and the rate year, and the need to determine carrying charges on the lost revenues.

The most recent input assumptions currently available have been used to calculate the lost revenue values.

### CDM RESULTS

The IESO performs evaluations of all of its programs, which examine gross energy savings from the programs, and the net-to-gross ratio (NTGR), and then from those calculates net energy savings for each initiative or program. Peak load reductions are also calculated and reported in the same way.

Provincial results are allocated to individual LDCs based on each LDC's individual performance where possible, or through an allocation process.

The IESO reports energy savings and peak demand reductions by initiative or program in the current year, adjustments to the previous years based on updated validation, and contribution to total savings or reductions to the end of the 2011 to 2014 period and the 2015 to 2020 period. The savings and demand reductions for a particular year for most programs persist for a number of years. The savings and demand reductions for demand response programs do not persist beyond the year in which those particular savings and demand reductions occur. The IESO was requested to provide the persistence into future years of savings and reductions for each program in each year.

These are the best, most definitive, and defensible estimates of results associated with these programs and incorporate the most appropriate estimates of results from the measures installed.

However, these data have some limitations, and require some adjustments for use in lost revenue calculations.

#### *Allocating results to rate classes*

The IESO reports results by program or initiative. These only partially map onto rate classes. NPEI estimated the allocation to rate classes for projects in 2014 based on its knowledge of the projects completed. The IESO provided net results by project for projects in programs that span multiple rate classes in 2015-2017 and NPEI identified the rate classes for customers undertaking these projects to calculate the allocation across rate classes. In 2018, NPEI reported information on projects to

the IESO and again the rate classes were identified for customers undertaking individual projects to calculate the allocation.

Depending on the rate class, distribution revenue is based on either kilowatt-hours used, or the customer's monthly peak kilowatt use. The allocation was calculated according to the billing unit of the rate class. That is, for GS<50 projects which are billed by kWh, their allocation is the percentage of total kWh that are associated with projects in that rate class; for GS>50, their allocation is the percentage of total kW that are associated with projects in that rate class.

### *Application of reported results*

For rate classes where the customer is charged for distribution by energy use (kWh), the IESO reported net energy savings are used to calculate lost revenues related to CDM results. For customer classes where the LDC charges for distribution based on the customer's peak monthly demand (kW), the IESO reported net peak demand reductions are used to calculate lost revenues related to CDM results.<sup>3</sup> The demand reductions in the IESO reports are multiplied by the number of months a specific program impacts a customer's peak demand. "The IESO indicated that the demand savings from energy efficiency programs shown in the Final CDM Results should generally be multiplied by twelve (12) months to represent the demand savings the distributor has experienced over the entire year...In the case of the Building Commissioning initiative, the demand savings provided in the Final CDM Results should only be multiplied by three (3) as these savings are related to space cooling and do not occur throughout the full year, but only during the summer months, typically."<sup>4</sup>

The OEB has decided that lost revenue cannot be claimed from the kW values reported by the IESO for the Demand Response 3 (DR3) program. "The monthly peak demand of a demand-billed customer used for billing purposes may not correspond with the demand response event; even if it did, the lost revenues would only be related to a difference between the customer's peak demand absent the demand response event and the next highest peak demand for the customer in that month... Since the IESO's evaluations cannot confirm the nature of the demand savings relative to the billing period for demand-billed customers, it is not appropriate that distributors be credited with lost revenues from demand response programs, except for those situations where the distributor can explicitly demonstrate revenue impacts."<sup>5</sup>

---

<sup>3</sup> The exception is street lighting retrofit projects. Street-lighting is billed by kW, but street lighting retrofit projects have no peak demand reductions associated with conservation measures. A special calculation is done for these, as described below.

<sup>4</sup> Ontario Energy Board, *Updated Policy for the Lost Revenue Adjustment Mechanism Calculation: Lost Revenues and Peak Demand Savings from Conservation and Demand Management Programs*, EB-2017-0182, May 19, 2017, p. 4.

<sup>5</sup> *Ibid.* p. 7.

### *Load reductions accounted for in the load forecast*

In recent years, LDCs have incorporated projected load losses that will result from CDM programs in their load forecasts, submitted as part of their Cost of Service applications. When determining actual lost revenues, these forecasted reductions in a particular year need to be deducted from load losses attributable to CDM programs in that year to determine the final impact of CDM on revenues. That is, the impact is the *variance* between the results accounted for in the load forecast and the results attributable to the programs.

### *Overall impact of CDM on load, by rate class*

The overall impact of CDM energy savings and demand reductions on load is calculated from the IESO energy savings and peak demand reductions, allocated by rate class. Finally, the difference is calculated between the overall estimated impact on loads and the load reductions attributable to CDM that were captured in the most recent load forecast.

## DISTRIBUTION RATES

Revenue impacts to the LDC associated with CDM are calculated using the distribution volumetric rate. Most other rate components (e.g. service charges, global adjustment, transmission charges) are either fixed charges or pass-throughs for the utility that do not affect the LDC's revenues. An exception is for certain rate riders related to taxes, and these are added to the distribution volumetric rates for lost revenue calculations, where applicable.

For most electricity distribution utilities in Ontario, including NPEI, distribution rates are set for the period from 1 May to 30 April of the next year. CDM results are reported as first-year savings for programs by calendar year, so average rates for the calendar year need to be calculated. For simplicity, the average rate is estimated based on the rate being four-twelfths of the previous year's rate (for January through April), and eight-twelfths of the current year's rate (for May through December).

## CARRYING CHARGES

Because these revenues are lost throughout the year and are only recovered through rate riders in subsequent years, the Ontario Energy Board has permitted the LDCs to claim carrying charges on these lost revenues at a rate prescribed by the OEB and published on the Board's website. The carrying charges are simple interest, not compounded, and are calculated on the monthly lost revenue balance. Because the IESO final results estimates are reported annually, and monthly estimates are not available, the incremental results are assumed to be equally distributed across the months. Thus, 1/12 of the annual results are allocated to each month of the year.

Carrying charges accrue from the time of the results, until disposition.

## REPORTING OF LOST REVENUE

The LDC reports these lost revenues on its financial statements in Account 1568, and the associated rate class-specific sub-accounts.

## Results

Following the methodology described above, lost revenues were calculated for NPEI. The results reference tables provided in the completed LRAMVA workform that uses the OEB's template.

### CDM RESULTS

#### *IESO evaluation results*

The most recent and appropriate final CDM evaluation reports from the IESO were used in support of the lost revenue calculations for all savings except 2017 adjustments and 2018 savings. The most recent IESO Participation and Cost report was used to determine energy savings for 2018, and 2017 adjustments. In addition, there were unverified savings for 2016 that were not captured in the 2017 final verified results. Demand savings for 2016 and 2017 adjustments and 2018 savings were estimated using the same ratio between energy and demand in 2016 and 2017 respectively for the same CDM program.

The IESO provided NPEI with persistence data for savings at the program level through 2017. Persistence of unverified adjustments to 2016 and 2017, and savings for 2018 programs, is provided by the IESO for 2020 and the intermediary year amounts are estimated by interpolation.

The data provided are presented in Table 4d on Tab 4, and Tables 5a to 5d on Tab 5 of the LRAMVA work form.

#### *Street lighting projects*

Municipalities within NPEI's service territory undertook a series of projects under the Retrofit Program to retrofit streetlights to a more energy efficient light emitting diode (LED) technology.

The IESO has included the calculated kilowatt hours (kWh) of energy savings from the street lighting project in NPEI's 2015 and 2016 results.

In 2015, projects in Niagara Falls and West Lincoln resulted in a net reduction of 4,444 kW. The persistence from these projects continues into future years, with net reductions of 5178 kW yearly.

The 2016 project in Lincoln resulted in a net reduction of 819 kW. The persistence from this project in future years is 1228 kW each year.

The street light upgrades that led to these savings represent incremental savings attributable to participation in the IESO program and do not include other savings that may have occurred outside of the IESO program. NPEI has received reports from the participating municipality that validate the number and type of bulbs replaced or retrofitted through the IESO program.

The street lighting account is billed based on kilowatts (kW) of demand. The customer data showing the change in demand and calculated reductions are reported on Tab 8 of the OEB LRAMVA work form. Also shown on that tab, with the project details, is the quantity and types of fixtures changed.

The street lighting upgrade projects were undertaken as part of the Retrofit program, and energy savings were reported within results for that program. Because street lighting is not used during peak periods, IESO does not normally report peak demand savings from street lighting projects. As the street lighting rate class is billed by kW, the calculated net kWh savings from the Retrofit LED upgrade projects do not impact NPEI's revenue. Thus, the calculated kWh of savings have been manually removed from the 2015 and 2016 Retrofit program results each year. The actual lost revenue from the street lighting retrofit project has been calculated directly by multiplying the reduction in the demand billed by the appropriate rate.

### *Allocating results to rate classes*

NPEI provided information on the allocation of results to rate classes, drawing on project specific information provided by the IESO. In most cases, the allocation is straightforward. Initiatives that spanned multiple rate classes included HVAC Incentives, Retrofit (and ER11), Small Business Lighting the Energy Audit Initiative, and High Performance New Construction. No allocation was provided for programs for which NPEI has no program results.

NPEI bills customers in different rate classes using different volumetric units, either kilowatt hours (kWh), or customer peak monthly kilowatts (kW). The rate classes (and billing units) for NPEI are:

- Residential (kWh)
- GS <50 kW (kWh)
- GS 50-4,999 kW (kW)
- Unmetered Scattered Load (kWh)
- Sentinel Lighting (kW)
- Street Lighting (kW)

Table 4d of the OEB LRAMVA work form shows the percentage allocation by rate class for 2014 results. Tables 5-a, b, c, and d of the OEB LRAMVA work form shows the percentage allocation by rate class for 2015, 2016, 2017 and 2018 results respectively. In each year the rate class allocation percentage totals for each program may not add up to exactly 100% in cases where kWh savings are allocated to rate classes billed by kWh and kW demand reductions are allocated to rate classes billed by kW.

### *Load reductions accounted for in the load forecast*

The cost of service application affecting 2016 through 2018 results was filed for the 2015 rate year (EB-2014-0096). The load forecast associated with that application included a manual CDM adjustment to account for estimated load losses from 2014 and 2015 CDM programs. Table 2-b of the OEB LRAMVA work form shows the LRAMVA threshold that was estimated at the time of the load forecast.

### *Overall impact of CDM on load, by rate class*

Multiplying the adjusted energy savings or demand reduction reported for NPEI for each program by the allocation by rate class provides the impact on load of that CDM program within the appropriate rate class. The sum of the energy savings and demand reductions for all of the programs for each rate class provides the overall impact of CDM on load by rate class. The overall load impact for each calendar year includes the results for the CDM programs and any adjustments to the results in that year.

The bottom of Table 4d of the work form shows the overall impact of CDM on load by rate class for 2014. The bottom of Tables 5-a, 5-b and 5-c, and 5-d of the OEB LRAMVA work form shows the overall impact of CDM on load by rate class for 2015, 2016, 2017 and 2018 respectively.

## **DISTRIBUTION RATES**

The distribution rates that are used to calculate the CDM impact on distributor revenue for each rate class for NPEI are shown in Table 3 of the OEB LRAMVA work form. The distribution rates are pro-rated from the rate year to the calendar year, as needed, using the number of months of each rate year in each calendar year. Table 3-a of the OEB LRAMVA work form shows the pro-rated rates used for 2016, 2017 and 2018. 2011-2015 rates were removed, as lost revenues through 2015 were claimed in the 2018 application.

## **LOST REVENUES**

The lost revenues for each year by rate class for NPEI calculated from final CDM program results are shown in Table 1 of the OEB LRAMVA work form. The lost revenue for 2016 - 2018 is based on the load impact for each rate class in 2014 - 2018 multiplied by the rate for that rate class in that year. The load impact includes the impact of CDM programs in 2016 - 2018 and the persistence of the CDM program impact from programs offered in 2014 through 2017.

Table 1 of the OEB LRAMVA work form also shows the lost revenue in 2016, 2017 and 2018 due to CDM activities accounted for in NPEI's 2015 load forecast. The impact on NPEI's revenue is the variance between what is calculated from final CDM program results and CDM results already accounted for in the load forecast.

## CARRYING CHARGES

The monthly carrying charges by rate class on NPEI's lost revenue variance are shown in Table 6 of the OEB LRAMVA work form. The carrying charges are reported monthly, from the time the lost revenues resulted (January 2016), through to December 31, 2020.

## Conclusions

The LRAMVA balance at the end of December 2020 for NPEI that includes results from 2014 – 2018 CDM programs and adjustments to 2015 to 2017 results is \$778,151. The total carrying charges on this LRAMVA balance accumulated to December 31, 2020 are \$50,713. These balances are attributable to individual rate classes according to the following table:

Customer Class	Carrying Charges		Total LRAMVA (\$)
	Principal (\$)	(\$)	
Residential	\$362,535.21	\$24,650.69	\$387,185.90
GS<50 kW	\$66,328.52	\$3,937.89	\$70,266.41
GS 50-4,999 kW	\$259,890.45	\$16,136.66	\$276,027.12
Street Lighting	\$89,396.97	\$5,987.77	\$95,384.74
<b>Total</b>	<b>\$778,151.15</b>	<b>\$50,713.01</b>	<b>\$828,864.16</b>

NOTE: There are no LRAMVA or carrying charge values associated with rate classes not included in this table.

Tab	Instructions
<b>LRAMVA Checklist/Schematic Tab</b>	<p>The LRAMVA work form was created in a generic manner for use by all LDCs. Distributors should follow the checklist, which is referenced in this tab of the work form and listed below:</p> <ul style="list-style-type: none"> <li>o Highlight changes to this work form made by the LDC, if any, and provide rationale for the change in Tab 1-a.</li> <li>o Include any necessary assumptions the LDC has to make in its LRAMVA work form in the "Notes" section of the work form.</li> <li>o Provide documentation on the LRAMVA threshold by providing the reference and source material from the LDC's cost of service proceeding where its most recent load forecast was approved.</li> <li>o Include a copy of initiative-level persistence savings information that was verified by the IESO. Persistence information is available upon request from the IESO.</li> <li>o Apply the IESO verified savings adjustments to the year it relates to. For example, savings adjustments to 2015 programs will be provided to LDCs with the 2016 Final Results Report. The 2015 savings adjustments should be included in the 2015 verified savings portion of the work form.</li> <li>o Provide documentation or data substantiating savings from projects that were not provided in the IESO's verified results reports, inserted in Tab 8 (i.e., streetlighting projects), as applicable.</li> <li>o Provide documentation or analysis on how rate class allocations were determined by customer class and program each year, inserted in Tab 3-a.</li> </ul>
<b>Tab 1. LRAMVA Summary</b>	Distributors are required to report any past approved LRAMVA amounts along with the current LRAMVA amount requested for approval. There are separate tables indicating new lost revenues and carrying charges amounts by year and the totals for rate rider calculations.
<b>Tab 1-a. Summary of Changes</b>	Distributors should list all significant changes and changes in assumptions in the generic work form affecting the LRAMVA.
<b>Tab 2. LRAMVA Threshold</b>	Distributors should use the tables to display the LRAMVA threshold amounts as approved at a rate class level. This should be taken from the LDC's most recently approved cost of service application.
<b>Tab 3. Distribution Rates</b>	Distributors should complete the tables with rate class specific distribution rates and adjustments as applicable.
<b>Tab 3-a. Rate Class Allocations</b>	A tab is provided to allow LDCs to include documentation or analysis on how rate class allocations for actual CDM savings were determined by customer class and program each year. The rate class allocations would support the LRAMVA rate class allocation figures used in Tabs 4 and 5.
<b>Tabs 4 and 5 (2011-2020)</b>	<p>Distributors should complete the lost revenue calculation for 2011-2014 program years and 2015-2020 program years, as applicable, by undertaking the following:</p> <ul style="list-style-type: none"> <li>o Input or manually link the savings, adjustments and program savings persistence data from Tab 7 (Persistence Report) to Tabs 4 and 5. As noted earlier, persistence data is available upon request from the IESO.</li> <li>o Ensure that the IESO verified savings adjustments apply to the program year it relates to. For example, savings adjustments related to 2012 programs that were reported by the IESO in 2013 should be included in the 2012 program savings table.</li> <li>o Confirm the monthly multipliers applied to demand savings. If a different monthly multiplier is used than what was confirmed in the LRAMVA Report, provide rationale in Tab 1-a and highlight the new monthly multiplier that has been used.</li> <li>o Input the rate class allocations by program and year to allocate actual savings to customers. If a different allocation is proposed for adjustments, LDCs must provide the supporting rationale in Tab 1-a and highlight the change.</li> </ul>

	<p>o Provide assumptions about the year(s) in which persistence is captured in the load forecast via the "Notes" section of each table and adjust what is included in the LRAMVA totals, as appropriate.</p>
<b>Tab 6. Carrying Charges</b>	Distributors are requested to calculate carrying charges based on the methodology provided in the work form. This includes updating Table 6 as new prescribed interest rates for deferral and variance accounts become available and entering any collected interest amounts into the "Amounts Cleared" row to calculate outstanding variances on carrying charges.
<b>Tab 7. Persistence Report</b>	Persistence savings report(s) provided by the IESO should be included for the relevant years in the LRAMVA work form. Tab 7 has been created consistently with the IESO's persistence report.
<b>Tab 8. Streetlighting</b>	A tab is provided to ensure LDCs include documentation or data to support projects whose program savings were not provided by the IESO (i.e., streetlighting projects).

## LRAMVA Work Form: Checklist and Schematic

Version 5.0 (2021)

### General Note on the LRAMVA Model

The LRAMVA work form has been created in a generic manner that should allow for use by all LDCs. This LRAMVA work form consolidates information that LDCs are already required to file with the OEB. The model has been created to provide LDCs with a consistent format to display CDM impacts, the forecast savings component and, ultimately, any variance between actual CDM savings and forecast CDM savings. The majority of the information required in the LRAMVA work form will be provided to LDCs from the IESO as part of the Final CDM Results and Participation and Cost Report. Please contact the IESO for any reports that may be required to complete this LRAMVA work form.

The LRAMVA work form is unlocked to enable LDCs to tailor it to their own unique circumstances.

$$\text{LRAMVA } (\$) = (\text{Actual Net CDM Savings} - \text{Forecast CDM Savings}) \times \text{Distribution Volumetric Rate} + \text{Carrying Charges from LRAMVA balance}$$

**Legend**

Drop Down List (Blue)

**Important Checklist**

- Highlight changes to this work form made by the LDC, if any, and provide rationale for the change in Tab 1-a
- Include any necessary assumptions the LDC has to make in its LRAMVA work form in the "Notes" section of the work form
- Provide documentation on the LRAMVA threshold by providing the reference and source material from the LDC's cost of service proceeding where its most recent load forecast was approved
- Include a copy of initiative-level persistence savings information that was verified by the IESO in Tab 7. Persistence information is available upon request from the IESO
- Apply the IESO verified savings adjustments to the year it relates to.
- Provide documentation or data substantiating savings from projects that were not provided in the IESO's verified results reports, inserted in Tab 8 (i.e., streetlighting projects), as applicable
- Provide documentation or analysis on how rate class allocations were determined by customer class and program each year, inserted in Tab 3-a

### Application Details

Please fill in the requested information: a) the amounts approved in the previous LRAMVA application, b) details on the current application, and c) documentation of changes if applicable.

#### A. Previous LRAMVA Application

Previous LRAMVA Application (EB#)	EB-2016-0094
Application of Previous LRAMVA Claim	2017 IRM
Period of LRAMVA Claimed in Previous Application	2011-2015
Amount of LRAMVA Claimed in Previous Application	\$ 496,934.00

#### B. Current LRAMVA Application

Current LRAMVA Application (EB#)	EB-2020-0040
Application of Current LRAMVA Claim	2021 COS Application
Period of New LRAMVA in this Application	2016-2018
Period of Rate Recovery (# years)	3

Actual Lost Revenues (\$)	A	\$ 1,232,220
Forecast Lost Revenues (\$)	B	\$ 454,069
Carrying Charges (\$)	C	\$ 50,713
LRAMVA (\$) for Account 1568	A-B+C	\$ 828,864

#### Table 1-a. LRAMVA Totals by Rate Class

Please input the customer rate classes applicable to the LDC and associated billing units (kWh or kW) in Table 1-a below. This will update all tables throughout the workform.

The LRAMVA total by rate class in Table 1-a should be used to inform the determination of rate riders in the Deferral and Variance Account Work Form or IRM Rate Generator Model. Please also ensure that the principal amounts in column E of Table 1-a capture the appropriate years and amounts for the LRAMVA claim. Column F of Table 1-a should include projected carrying charges amounts as determined on a rate class basis from Table 1-b below.

**NOTE: If the LDC has more than 14 customer classes in which CDM savings was allocated, LDCs must contact OEB staff to make adjustments to the workform.**

Customer Class	Billing Unit	Principal (\$)	Carrying Charges (\$)	Total LRAMVA (\$)
Residential	kWh	\$362,535	\$24,651	\$387,186
GS<50 kW	kWh	\$66,329	\$3,938	\$70,266
GS 50-4,999 kW	kW	\$259,890	\$16,137	\$276,027
Unmetered Scattered Load	kWh	\$0	\$0	\$0
Sentinel Lighting	kW	\$0	\$0	\$0

Street Lighting	kW	\$89,397	\$5,988	\$95,385
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
		\$0	\$0	\$0
<b>Total</b>		<b>\$778,151</b>	<b>\$50,713</b>	<b>\$828,864</b>

**Table 1-b. Annual LRAMVA Breakdown by Year and Rate Class**

In column C of Table 1-b below, please insert a 'check mark' to indicate the years in which LRAMVA has been claimed. If you inserted a check-mark for a particular year, please delete the amounts associated with the actual and forecast lost revenue. Any LRAMVA from a prior year that has already been claimed cannot be included in the current LRAMVA disposition, with the exception of the case noted below.

If LDCs are seeking to claim true-up amounts that were previously approved by the OEB, please note that the "Amount Cleared" rows are applicable to the LDC and should be filled out. This may relate to claiming the difference in LRAM approved revenues that would have been incurred after that consultation, as approved by the OEB. If this is the case, reference to the decision must be noted in the rate application. If this is not the case, LDCs are requested to leave those rows blank.

LDCs are expected to include projected carrying charges amounts in row 84 of Table 1-b below. LDCs should also check accuracy of the years included in the LRAMVA balance in row 85.

Description	LRAMVA Previously Claimed	Residential	GS<50 kW	GS 50-4,999 kW	Unmetered Scattered Load	Sentinel Lighting	Street Lighting

Instructions (Grey)

**Table A-1. Changes to Generic Assumptions in LRAMVA Work Form**

Please document any changes in assumptions made to the generic inputs of the LRAMVA work form. This may include, but are not limited to, the use of different monthly multipliers to claim demand savings from energy efficiency programs; use of different rate allocations between current year savings and prior year savings adjustments; inclusion of additional adjustments affecting distribution rates; etc. All changes should be highlighted in the work form as well.

No.	Tab	Cell Reference	Description	Rationale
1	5. 2015-2020 LRAM	Rows 60, 125, 310	2018 adjustments shown separately from 2017 adjustments	Facilitates comparison with IESO reports
2	5. 2015-2020 LRAM	Rows 58, 308	Streetlight energy savings removed from Retrofit program results	Streetlights handled specially in Tab 8
3	5. 2015-2020 LRAM	Rows 183, 211-215, 383, 397	Streetlight demand savings from Tab 9	Streetlights handled specially in Tab 8
4	6. Carrying Charges	Rows 156-161	Carrying charge interest rates estimated for 2020Q3 to 2020Q4 based on 2020Q2	OEB rates for 2020 Q3 and Q4 were not available at the time the workform was completed.

- Drop Down List (Blue)
- Auto Populated Cells (White)
- Instructions (Grey)

**Table 2-a. LRAMVA Threshold**

2011

Please provide the LRAMVA threshold approved in the cost of service (COS) or custom IR (CIR) application, which is used as the comparator against actual savings in the period of the LRAMVA claim. The LRAMVA threshold should generally be consistent with the annualized savings targets developed from Appendix 24. If a manual update is required to reflect a different allocation of forecast savings that was approved by the OEB, please note the changes and provide rationale for the change in Tab 1-a.

	Total	Residential	GS<50 kW	GS 50-4,999 kW	Unmetered Scattered Load	Sentinel Lighting	Street Lighting	0.0										
								0.0										
	kWh		kW		kWh		kW		0.0									
kWh	5,800,000	2,292,141	605,894	2,901,965														
kW	8,402	0	0	8,402														
Summary		2292141	605894	8402	0	0	0	0	0	0	0	0	0	0	0	0	0	0

Years Included in Threshold

2011

Source of Threshold The 2011-2014 values are forecast lost load from the 2011 Cost of Service Settlement Agreement, p. 18, for EB-2010-0138, dated May 4, 2011. The values are allocated by rate class based on the load differences from NPEI running the load forecast model with CDM and without CDM.

**Table 2-b. LRAMVA Threshold**

2015

Please provide the LRAMVA threshold approved in the cost of service (COS) or custom IR (CIR) application, which is used as the comparator against actual savings in the period of the LRAMVA claim. The LRAMVA threshold should generally be consistent with the annualized savings targets developed from Appendix 24. If a manual update is required to reflect a different allocation of forecast savings that was approved by the OEB, please note the changes and provide rationale for the change in Tab 1-a.

	Total	Residential	GS<50 kW	GS 50-4,999 kW	Unmetered Scattered Load	Sentinel Lighting	Street Lighting	0.0										
								0.0										
	kWh		kW		kWh		kW		0.0									
kWh	15,433,324	3,006,321	3,468,020	8,958,983														
kW	25,326	0	0	25,326														
Summary		3006321	3468020	25326	0	0	0	0	0	0	0	0	0	0	0	0	0	0

Years Included in Threshold

2014-2015

Source of Threshold p.22 of 26 of Proposed Partial Settlement Agreement - Amended March 24, 2015 that forms a part of the decision on EB-2014-0096. As indicated in IRR p.151, these are for 2014 and 2015 only.

**Table 2-c. Inputs for LRAMVA Thresholds**

Please complete Table 2-c below by selecting the appropriate LRAMVA threshold year in column C. The LRAMVA threshold values in Table 2-c will auto-populate from Tables 2-a and 2-b depending on the year selected. If there was no LRAMVA threshold established for a particular year, please select the "blank" option. The LRAMVA threshold values in Table 2-c will be auto-populated in Tabs 4 and 5 of this work form.

Year	LRAMVA Threshold	Residential	GS<50 kW	GS 50-4,999 kW	Unmetered Scattered Load	Sentinel Lighting	Street Lighting	0.0										
								0.0										
		kWh		kW		kWh		kW		0.0

2018	2015	3,006,321	3,468,020	25,326	0	0	0	0	0	0	0	0	0	0	0	0	0	0
2019		0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0

Note: LDC to make note of assumptions included above, if any

**Table 3. Inputs for Distribution Rates and Adjustments by Rate Class**

Please complete Table 3 with the rate class specific distribution rates that pertain to the years of the LRAMVA disposition. Any adjustments that affect convert the distribution rates to a calendar year rate (January to December) based on the number of months entered in row 16 of each rate year start are additional adjustments (i.e., rows) added to Table 3, please adjust the formulas in Table 3-a accordingly.

	Billing Unit	EB-2009-XXXX	EB-2010-XXXX	EB-2011-XXXX	EB-2012-XXXX	EB-2013-XXXX	EB-2014-XXXX

**Table 3-a. Distribution Rates by Rate Class**

Table 3-a below autopopulates the average distribution rates from Table 3. Please ensure that the distribution rates relevant to the years of the LRAM

The distribution rates that remain in Table 3-a will be used in Tabs 4 and 5 of the work form to calculate actual and forecast lost revenues. If there are any changes to the rates in 2016 and 2017, please update the rates in Tabs 4 and 5.

Year	Residential	GS<50 kW	GS 50-4,999 kW	Unmetered Scattered Load	Sentinel Lighting	Street Lighting
	kWh	kWh	kWh	kWh	kWh	kWh

Ontario Energy Board

## **LRAMVA Work Form: Determination of Rate Class Allocations**

**Version 5.0 (2021)**

### **Instructions**

LDCs must clearly show how it has allocated actual CDM savings to applicable rate classes, including supporting documentation and rationale for its proposal. This should be shown by customer class and program each year.

## LRAMVA Work Form: 2011 - 2014 Lost Revenues Work Form

Version 5.0 (2021)

**Legend**

- User Inputs (Green)
- Auto Populated Cells (White)
- Instructions (Grey)

**Instructions**

1. LDCs can apply for disposition of LRAMVA amounts at any time, but at a minimum, must do so as part of a cost of service (COS) application. The following LRAMVA work forms apply to LDCs that need to recover lost revenues from the 2011-2014 period. Please input or manually link the savings, adjustments and program savings persistence data in these tables from the LDC's Persistence Reports provided by the IESO (in Tab 7). As noted earlier, persistence data is available upon request from the IESO. Please also be advised that the same rate classes (of up to 14) are carried over from the Summary Tab 1.
2. Please ensure that the IESO verified savings adjustments apply back to the program year it relates to. For example, savings adjustments related to 2012 programs that were reported by the IESO in 2013 should be included in the 2012 program savings table. In order for persisting savings to be claimed in future years, past year's initiative level savings results need to be filled out in the tables below. If the IESO adjustments were made available to the LDC after the LRAMVA was approved, the persistence of those savings adjustments in the future can be claimed as approved LRAMVA amounts are considered to be final.
3. The work forms below include the monthly multipliers for most programs in order to claim demand savings from energy efficiency programs, consistent with the monthly multipliers indicated in the OEB's updated LRAM policy related to peak demand savings in EB-2016-0182. Demand Response (DR3) savings should generally not be included with the LRAMVA calculation, unless supported by empirical evidence. LDCs are requested to confirm the monthly multipliers for all programs each year as placeholder values are provided. If a different monthly multiplier is used, please include rationale in Tab 1-a and highlight the new multiplier that has been used.
4. LDC are requested to input the applicable rate class allocation percentages to allocate actual savings to the rate classes. The generic template currently includes the same allocation percentage for program savings and its savings adjustments. If a different allocation is proposed for savings adjustments, LDCs must provide supporting rationale in Tab 1-a and highlight the change.
5. The persistence of future savings is expected to be included in the distributor's load forecast after re-basing. LDCs are requested to delete the applicable savings persistence rows (auto-calculated after the LRAMVA totals for the year) if future year's persistence of savings is already captured in the updated load forecast. Please also provide assumptions about the years in which persistence is captured in the load forecast calculation in the "Notes" section below each table.

Instructions (Grey)

### Instructions

1. Please update Table 6 as new approved prescribed interest rates for deferral and variance as monthly variances in Table 6-a, and are multiplied by the interest rate from column H to determine the monthly interest amounts.
2. The annual carrying charges totals in Table 6-a below pertain to the amount that was originally approved. LDCs are requested to enter any collected interest amounts into the "Amounts Cleared" row in Table 6-a.
3. Please calculate the projected interest amounts in the LRAMVA work form. Project carrying charges required to the formulas to calculate the projected interest amounts, please adjust the formulas to reflect the new prescribed interest rates.

# LRAMVA Work Form: Carrying Charges by Rate Class

accounts become available. Monthly interest rates are used to calculate the variance on the carrying charges for LRAMVA. Determine the monthly variances on carrying charges for each rate class by year.

Monthly interest collected in interest from forecasted CDM savings and what should have been collected based on actual CDM savings in order to clear the balance and calculate outstanding variances on carrying charges.

Carrying charges amounts included in Table 6-a should be consistent with the projected interest amounts included in the DVA Calculations Formulas in Table 6-a accordingly.

## Schedule 10 CEC - Test Year

### Cumulative Eligible Capital

908,152

#### Additions

Cost of Eligible Capital Property Acquired during Test Year

0

Other Adjustments

0

**Subtotal**

0

x 3/4 = 0

Non-taxable portion of a non-arm's length transferor's gain realized on the transfer of an ECP to the Corporation after Friday, December 20, 2002

0

x 1/2 = 0

0

0

Amount transferred on amalgamation or wind-up of subsidiary

0

0

**Subtotal**

908,152

#### Deductions

Proceeds of sale (less outlays and expenses not otherwise deductible) from the disposition of all ECP during Test Year

0

Other Adjustments

0

**Subtotal**

0

x 3/4 = 0

**Cumulative Eligible Capital Balance**

908,152

**Current Year Deduction (Carry Forward to Tab "Test Year Taxable Income")**

908,152 x 7% = 63,571

**Cumulative Eligible Capital - Closing Balance**

844,581

Notes:

**General** Data inputs are required on Sheets 3. Data from Sheet 3 will automatically complete calculations on sheets 4 through 9 (Rate Base through Revenue Requirement). Sheets 4 through 9 do not require any inputs except for notes that the Applicant may wish to enter to support the results. Pale green cells are available on sheets 4 through 9 to enter both footnotes beside key cells and the related text for the notes at the bottom of each sheet.

- (1) All inputs are in dollars (\$) except where inputs are individually identified as percentages (%)
- Data in column E is for Application as originally filed. For updated revenue requirement as a result of interrogatory responses, technical or settlement conferences, etc., use column M and Adjustments in column I
- (2) Net of addbacks and deductions to arrive at taxable income.
- (3) Average of Gross Fixed Assets at beginning and end of the Test Year
- (4) Average of Accumulated Depreciation at the beginning and end of the Test Year. Enter as a negative amount.
- (5) Select option from drop-down list by clicking on cell M10. This column allows for the application update reflecting the end of discovery or Argument-in-Chief. Also, the outcome of any Settlement Process can be reflected.
- (6) Input total revenue offsets for deriving the base revenue requirement from the service revenue requirement
- (7) 4.0% unless an Applicant has proposed or been approved for another amount.
- (8) Starting with 2013, default Working Capital Allowance factor is 13% (of Cost of Power plus controllable expenses). Alternatively, WCA factor based on lead-lag study or approved WCA factor for another distributor, with supporting rationale.
- (9)

**PRIVATE AND CONFIDENTIAL**

SUZANNE WILSON  
VICE PRESIDENT FINANCE  
NIAGARA PENINSULA ENERGY INC.  
7447 PIN OAK DRIVE  
NIAGARA FALLS ON L2E 6S9

June 29, 2020

Dear Ms. Wilson:

**Subject: NIAGARA PENINSULA ENERGY INC. - Corporate Income Tax Returns**

We have enclosed the income tax returns of NIAGARA PENINSULA ENERGY INC. (the Company) for the year ended December 31, 2019.

- |   |
|---|
| <ul style="list-style-type: none"><li><input checked="" type="checkbox"/> T2 <i>Corporation Income Tax Return</i> EXEMPT</li><li><input checked="" type="checkbox"/> T183 - <i>Information Return for Corporations Filing Electronically</i><br/>(Federal - to be e-filed with CRA) - Exempt</li><li><input checked="" type="checkbox"/> T2 <i>Corporations Income Tax Return</i> (to be filed with Ministry of Finance)- PILS</li><li><input checked="" type="checkbox"/> Instalment Schedule</li><li><input checked="" type="checkbox"/> Client copy for your records</li></ul> |
|---|

We have prepared these returns based on our understanding of the information provided to us by the Company and we recommend that you review the returns to ensure that all of the relevant facts are properly disclosed. When you are satisfied that the returns are in order, the returns should be completed by an authorized signing officer of the Company and filed as described below.

**DUE DATE OF RETURNS AND PAYMENTS**

All returns must be filed with the respective taxing authorities by September 1, 2020 if late filing penalties are to be avoided. We suggest that the returns be sent by registered mail and that the mailing receipt be kept on file in order to have evidence of the date of filing.

## **T2 – T183 INFORMATION RETURN FOR CORPORATIONS FILING ELECTRONICALLY (FEDERAL-EXEMPT)**

---

In order for us to electronically file the Companys corporate exempt income tax return, a signed copy of Form T183CORP Information Return for Corporations Filing Electronically must be returned to us. Please note that we will not electronically file the Companys corporate income tax return until we receive the signed Form T183 Corp.

The Form T183CORP Information Return for Corporations Filing Electronically includes information from your Companys income tax return and all applicable schedules (traditional federal forms).

### **Signature**

☞ Form T183CORP Information Return for Corporations Filing Electronically should be completed and signed

No amount is payable for the **2019** taxation year.

### **Mailing**

☒ One copy of the signed Form T183 Corp should be returned to us in the self-addressed envelope no later than September 1, 2020 in order to have the Companys corporate income tax return filed on or before the due date for filing. **Alternatively, you can fax it at (905) 523-2222.**

## **T2 – CORPORATION INCOME TAX RETURN - MINISTRY OF FINANCE**

---

### **Signature**

☞ Form T2, the certification section on page 9 should be completed and signed.

### **Refund**

A refund of \$7,663 is claimed and therefore no amount is payable for the **2019** taxation year.

### **Mailing**

☒ One copy of the amended corporate return and one copy of the Companys financial statements must be received by The Ministry of Finance, HYDRO PIL DIVISION, PO Box 620, 33 King Street West, Oshawa, ON, L1H 8E9 no later than **June 30, 2020**.

## **NOTICES OF ASSESSMENT**

---

If your Company receives a Notice of Assessment that does not agree with the returns prepared by us, please contact us so that we can determine whether any action should be taken. The Company has only 90 days (180 days in the case of Ontario) from the date of mailing of the Assessment in which to object. Failure to respond within the prescribed time limit will cause the Company to lose its right to object to the Assessment.

## **INSTALMENTS**

We have prepared and enclose an estimate of tax instalments as applicable for the Company for the taxation year ending on December 31, 2020. The amounts were

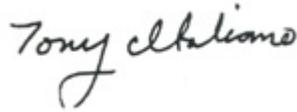

computed with reference to the Companys taxable income and taxes payable for prior years.

If during the year it is evident that the taxable income or taxable capital for the current year will be substantially less than for the previous taxation year, your instalments may be recalculated. Overpaid instalments may, in certain circumstances, be transferred to other accounts or applied to other liabilities such as payroll withholdings. Please call your KPMG advisor in order that we may determine what course of action should be taken.

In order to avoid interest charges, the tax authorities must receive the instalment payments no later than the date indicated on the attached schedule.

If you have any questions concerning these returns, or if we may be of any further assistance, please feel free to contact us.

Yours truly,

A handwritten signature in cursive script that reads "Tony Italiano".

Tony Italiano  
Partner

Enclosure

## Information Return for Corporations Filing Electronically

- You have to complete this return for every initial and amended T2 Corporation Income Tax Return electronically filed to the Canada Revenue Agency (CRA) on your behalf.
- By completing Part 2 and signing Part 3, you acknowledge that, under the *Income Tax Act*, you have to keep all records used to prepare your corporation income tax return, and provide this information to us on request.
- Part 4 must be completed by either you or the electronic transmitter of your corporation income tax return.
- Give the signed original of this return to the transmitter and keep a copy in your own records for six years.
- Do not submit** this form to the CRA unless we ask for it.
- We are responsible for ensuring the confidentiality of your electronically filed tax information only after we have accepted it.

### Part 1 – Identification

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>		Business number <b>87196 9127 RC0002</b>
Tax year ▶	From Y M D <b>2019-01-01</b>	To Y M D <b>2019-12-31</b>
		Is this an amended return? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

# T2 Corporation Income Tax Return

200

## EXEMPT FROM TAX

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see [canada.ca/taxes](http://canada.ca/taxes) or Guide T4012, T2 Corporation – Income Tax Guide.

Enter amount N at amount J on page 8.

- \* Calculate the amount of foreign non-business income tax credit deductible on line 632 without reference to the refundable tax on the CCPC's investment income (line 604) and without reference to the corporate tax reductions under section 123.4.
- \*\* Calculate the amount of foreign business income tax credit deductible on line 636 without reference to the corporation tax reductions under section 123.4.

**\*\*\* Large corporations**

- If the corporation is not associated with any corporations in both the current and previous tax years, the amount to be entered on line 415 is: (total taxable capital employed in Canada for the **prior** year **minus** \$10,000,000) x 0.225%.
- If the corporation is not associated with any corporations in the current tax year, but was associated in the previous tax year, the amount to be entered on line 415 is: (total taxable capital employed in Canada for the **current** year **minus** \$10,000,000) x 0.225%.
- For corporations associated in the current tax year, see Schedule 23 for the special rules that apply.

\*\*\*\* Enter the total adjusted aggregate investment income of the corporation and all associated corporations. Each corporation with such income has to file a Schedule 7, which includes a line 744 and a line 745. For the first tax year starting after 2018, use the total of lines 744. Otherwise, use the total of lines 745 of the preceding tax year.

**Small business deduction (continued)**

**Specified corporate income and assignment under subsection 125(3.2)**

O1 Name of corporation receiving the income and assigned amount	O Business number of the corporation receiving the assigned amount	P Income paid under clause 125(1)(a)(i)(B) to the corporation identified in column O <sup>3</sup>	Q Business limit assigned to corporation identified in column O <sup>4</sup>
1.	<b>490</b>	<b>500</b>	<b>505</b>
Total		<b>510</b>	<b>515</b>

**Notes:**

- This amount is [as defined in subsection 125(7) **specified corporate income** (a)(i)] the total of all amounts each of which is income from an active business of the corporation for the year from the provision of services or property to a private corporation (directly or indirectly, in any manner whatever) if (A) at any time in the year, the corporation (or one of its shareholders) or a person who does not deal at arm's length with the corporation (or one of its shareholders) holds a direct or indirect interest in the private corporation, and (B) it is not the case that all or substantially all of the corporation's income for the year from an active business is from the provision of services or property to
  - persons (other than the private corporation) with which the corporation deals at arm's length, or
  - partnerships with which the corporation deals at arm's length, other than a partnership in which a person that does not deal at arm's length with the corporation holds a direct or indirect interest.
- The amount of the business limit you assign to a CCPC cannot be greater than the amount determined by the formula  $A - B$ , where A is the amount of income referred to in column P in respect of that CCPC and B is the portion of the amount described in A that is deductible by you in respect of the amount of income referred to in clauses 125(1)(a)(i)(A) or (B) for the year. The amount on line 515 cannot be greater than the amount on line 425 (426 for tax years starting after 2018).

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax Year End Year Month Day <b>2019-12-31</b>
--	---	---

- Parts 1, 2, and 3 of this schedule must be completed from the perspective of the person (referred to in these parts as the **accountant**) who prepared or reported on the financial statements. If the person preparing the tax return is not the accountant referred to above, they must still complete Parts 1, 2, 3, and 4, as applicable.
- For more information, see Guide RC4088, *General Index of Financial Information (GIFI)* and T4012, *T2 Corporation – Income Tax Guide*.
- Complete this schedule and include it with your T2 return along with the other GIFI schedules.

**Part 1 – Information on the accountant who prepared or reported on the financial statements**

Does the accountant have a professional designation? **095** Yes  No

Is the accountant connected\* with the corporation? **097** Yes  No

**Note**

If the accountant does not have a professional designation or is connected to the corporation, you do not have to complete Parts 2 and 3 of this schedule. However, you **do have** to complete Part 4, as applicable.

\* A person connected with a corporation can be: (i) a shareholder of the corporation who owns more than 10% of the common shares; (ii) a director, an officer, or an employee of the corporation; or (iii) a person not dealing at arm's length with the corporation.

**Part 2 – Type of involvement with the financial statements**

Choose the option that represents the highest level of involvement of the accountant: **198**

Completed an auditor's report ..... 1

Completed a review engagement report ..... 2

Conducted a compilation engagement ..... 3

**Part 3 – Reservations**

If you selected option 1 or 2 under **Type of involvement with the financial statements** above, answer the following question:

Has the accountant expressed a reservation? **099** Yes  No

**Part 4 – Other information**

If you have a professional designation and are not the accountant associated with the financial statements in Part 1 above, choose one of the following options: **110**

Prepared the tax return (financial statements prepared by client) ..... 1

Prepared the tax return and the financial information contained therein (financial statements have not been prepared) ..... 2

Were notes to the financial statements prepared? **101** Yes  No

If **yes**, complete lines 104 to 107 below:

Are subsequent events mentioned in the notes? **104** Yes  No

Is re-evaluation of asset information mentioned in the notes? **105** Yes  No

Is contingent liability information mentioned in the notes? **106** Yes  No

Is information regarding commitments mentioned in the notes? **107** Yes  No

Does the corporation have investments in joint venture(s) or partnership(s)? **108** Yes  No

**Part 4 – Other information (continued)**

**Impairment and fair value changes**

In any of the following assets, was an amount recognized in net income or other comprehensive income (OCI) as a result of an impairment loss in the tax year, a reversal of an impairment loss recognized in a previous tax year, or a change in fair value during the tax year? .....

**200** Yes  No

If **yes**, enter the amount recognized:

	<b>In net income</b> Increase (decrease)	<b>In OCI</b> Increase (decrease)
Property, plant, and equipment .....	<b>210</b> _____	<b>211</b> _____
Intangible assets .....	<b>215</b> _____	<b>216</b> _____
Investment property .....	<b>220</b> _____	
Biological assets .....	<b>225</b> _____	
Financial instruments .....	<b>230</b> _____	<b>231</b> _____
Other .....	<b>235</b> _____	<b>236</b> _____

**Financial instruments**

Did the corporation derecognize any financial instrument(s) during the tax year (other than trade receivables)? .....

**250** Yes  No

Did the corporation apply hedge accounting during the tax year? .....

**255** Yes  No

Did the corporation discontinue hedge accounting during the tax year? .....

**260** Yes  No

**Adjustments to opening equity**

Was an amount included in the opening balance of retained earnings or equity, in order to correct an error, to recognize a change in accounting policy, or to adopt a new accounting standard in the current tax year? .....

**265** Yes  No

If **yes**, you have to maintain a separate reconciliation.

# Inducement

This form is used to calculate inducements that a corporation must add to its income under paragraph 12(1)(x) ITA. If an amount reduces the capital cost of a property, this amount will be indicated in Part "Tax credits whose amount should reduce the capital cost of property."

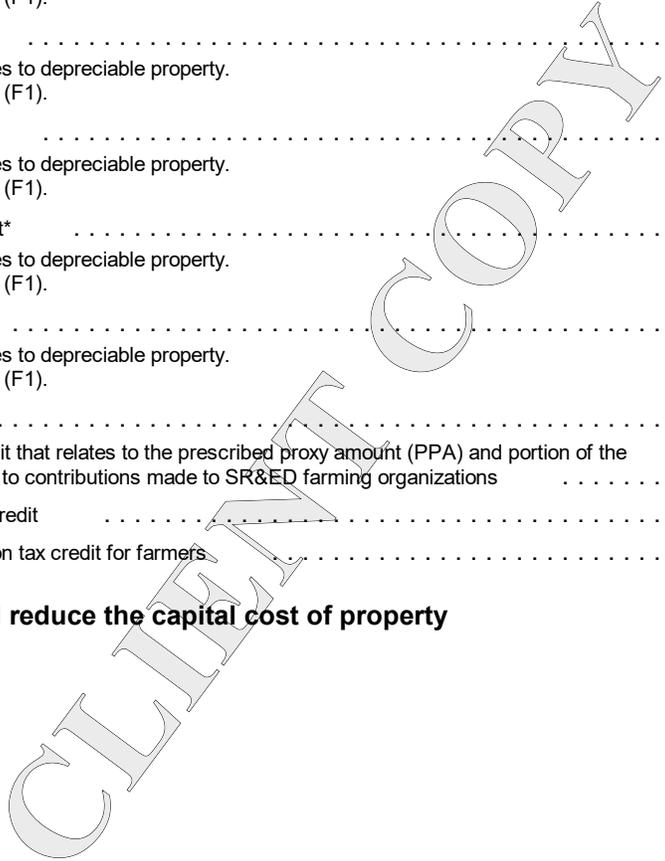

If you want to transfer an amount to Schedule 1 and include it in the corporation's income for tax purposes, select the corresponding check box in column A. You can also select the option **Select this check box to add all the amounts to income calculated in Schedule 1** to transfer all the amounts to Schedule 1. In either case, the column A check box will be selected for that amount and it will therefore be updated to Schedule 1.

## Tax credits whose amount should be added to income

### Ontario

## Charitable Donations and Gifts

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- For use by corporations to claim any of the following:
  - the eligible amount of charitable donations to qualified donees
  - the Ontario, Nova Scotia, and British Columbia food donation tax credits for farmers
  - the eligible amount of gifts of certified cultural property
  - the eligible amount of gifts of certified ecologically sensitive land or
  - the additional deduction for gifts of medicine made before March 22, 2017
- All legislative references are to the federal Income Tax Act, unless stated otherwise.
- The eligible amount of a gift is the amount by which the fair market value of the gifted property exceeds the amount of an advantage, if any, for the gift.
- The donations and gifts can be carried forward for 5 years except for gifts of certified ecologically sensitive land made after February 10, 2014, which can be carried forward for 10 years. Provincial food donation tax credits must be applied in the current tax year.
- Use this schedule to show a transfer of unused amounts from previous years following an amalgamation or the wind-up of a subsidiary as described under subsections 87(1) and 88(1).
- Subsection 110.1(1.2) provides as follows:
  - Where a particular corporation has undergone an acquisition of control, for tax years that end on or after the acquisition of control, no corporation can claim a deduction for a gift made by the particular corporation to a qualified donee before the acquisition of control.
  - If a particular corporation makes a gift to a qualified donee pursuant to an arrangement under which both the gift and the acquisition of control is expected, no corporation can claim a deduction for the gift unless the person acquiring control of the particular corporation is the qualified donee.
- An eligible medical gift made before March 22, 2017, to a qualifying organization for activities outside of Canada may be eligible for an additional deduction. Calculate the additional deduction in Part 5.
- File this schedule with your T2 Corporation Income Tax Return.
- For more information, see the T2 Corporation – Income Tax Guide.

\* For federal and Alberta tax purposes, donations and gifts made before February 11, 2014, that are included on line 6<sup>th</sup> prior year and gifts that are included on line 11<sup>th</sup> prior year expire automatically in the current year.

The field "Amount of carried forward gifts made on or after February 11, 2014, in the tax year including this date" is used to distinguish the portion of the gifts made in the tax year straddling February 11, 2014, that expires after ten tax years, from the portion that expires in the current tax year.

For Québec tax purposes, donations and gifts made during a tax year that ended before March 24, 2006, that are included on line 6<sup>th</sup> prior year and gifts that are included on line 21<sup>st</sup> prior year expire automatically in the current tax year.

**Part 5 – Additional deduction for gifts of medicine**

	Federal	Québec	Alberta
Additional deduction for gifts of medicine at the end of the previous tax year	..	U	
Additional deduction for gifts of medicine expired after 5 tax years*	639		
Additional deduction for gifts of medicine at the beginning of the current tax year (amount U minus line 639)	640		
Additional deduction for gifts of medicine made before March 22, 2017 transferred on an amalgamation or the wind-up of a subsidiary	650		
Additional deduction for gifts of medicine made before March 22, 2017:			
Proceeds of disposition	602		
Cost of gifts of medicine made before March 22, 2017	601		
Subtotal (line 602 minus line 601)		V	
Amount V multiplied by 50 %		W	
Eligible amount of gifts	600		

<b>Federal</b>	Additional deduction for gifts of medicine made before March 22, 2017	610	
a _____ x ( $\frac{b}{c}$ ) =	Additional deduction for gifts of medicine made before March 22, 2017

### Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Corporations must use this schedule to report:
  - non-taxable dividends under section 83;
  - deductible dividends under subsection 138(6);
  - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d); or
  - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3).
- All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations.
- A recipient corporation is **connected** with a payer corporation at any time in a tax year, if at that time the recipient corporation:
  - controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b); or
  - owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation.
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 – Enter "X" if dividends were received from a foreign source.
- Column F1 – Enter the code that applies to the deductible taxable dividend.

**Part 1 – Dividends received in the tax year**

- Do **not** include dividends received from foreign non-affiliates.
- Complete columns B, C, D, H and I **only** if the payer corporation is **connected**.

**Important instructions to follow if the payer corporation is connected**

- If your corporation's tax year-end is different than that of the **connected** payer corporation, dividends could have been received from more than one tax year of the payer corporation. If so, **use a separate line** to provide the information according to each tax year of the payer corporation.
- When completing column J and K use the **special calculations provided in the notes**.

A Name of payer corporation (from which the corporation received the dividend)	A1	B Enter 1 if payer corporation is <b>connected</b>	C Business Number of <b>connected</b> corporation	D Tax year-end of the payer corporation in which the sections 112/113 and subsection 138(6) dividends in column F were paid YYYYMMDD	E Non-taxable dividends under section 83
<b>200</b>		<b>205</b>	<b>210</b>	<b>220</b>	<b>230</b>
1		2			
<b>Total of column E</b> (enter amount on line 402 of Schedule 1)					

**Part 1 – Dividends received in the tax year (continued)**

F Taxable dividends deductible from taxable income under section 112, subsections 113(2) and 138(6), and paragraphs 113(1)(a), (a.1), (b), or (d) <sup>note 1</sup>	F1	G Eligible dividends included in column F	H Total taxable dividends paid by <b>connected</b> payer corporation (for tax year in column D)	I Dividend refund of the <b>connected</b> payer corporation (for tax year in column D) <sup>note 2</sup>	J Part IV tax for eligible dividends. Dividends (from column G) <b>multiplied</b> by 38 1/3% <sup>note 3</sup>	K Part IV tax before deductions. Dividends (from column F) <b>multiplied</b> by 38 1/3% <sup>note 4</sup>
<b>240</b>		<b>242</b>	<b>250</b>	<b>260</b>	<b>265</b>	<b>275</b>
1						

Taxable dividends received from connected corporations (total amounts from column F with code 1 in column B)	1A
Taxable dividends received from non-connected corporations (total amounts from column F with code 2 in column B)	1B
Subtotal (amount 1A <b>plus</b> amount 1B, include this amount on line 320 of the T2 Return)	1C
Eligible dividends received from connected corporations (total amounts from column G with code 1 in column B)	1D
Eligible dividends received from non-connected corporations (total amounts from column G with code 2 in column B)	1E
Part IV tax before deductions on taxable dividends received from connected corporations (total amounts from column K with code 1 in column B)	1F
Part IV tax before deductions on taxable dividends received from non-connected corporations (total amounts from column K with code 2 in column B)	1G
Subtotal (amount 1F <b>plus</b> amount 1G)	1H
Part IV tax on eligible dividends received from connected corporations (total amounts from column J with code 1 in column B)	1I
Part IV tax on eligible dividends received from non-connected corporations (total amounts from column J with code 2 in column B)	1J
Subtotal (amount 1I <b>plus</b> amount 1J)	1K
Part IV tax before deductions on taxable dividends (other than eligible dividends) (amount 1H <b>minus</b> amount 1K)	1L

- 1 If taxable dividends are received, enter the amount in column F, but if the corporation is not subject to Part IV tax (such as a public corporation other than a subject corporation as defined in subsection 186(3)), enter "0" in column J or column K whichever one applies. Life insurers are not subject to Part IV tax on subsection 138(6) dividends.
- 2 If the connected payer corporation's tax year ends after the corporation's balance-due day for the tax year (two or three months, as applicable), you have to estimate the payer's dividend refund when you calculate the corporation's Part IV tax payable.
- 3 For eligible dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column G.
- 4 For taxable dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column F.

**Part 2 – Calculation of Part IV tax payable**

Part IV tax on dividends received before deductions (amount 1H in part 1) ..... 2A

Part IV.I tax payable on dividends subject to Part IV tax (from line 360 of Schedule 43) ..... **320**

Subtotal (amount 2A minus line 320) ..... 2B

Current-year non-capital loss claimed to reduce Part IV tax ..... **330**

Non-capital losses from previous years claimed to reduce Part IV tax ..... **335**

Current-year farm loss claimed to reduce Part IV tax ..... **340**

Farm losses from previous years claimed to reduce Part IV tax ..... **345**

Total losses applied against Part IV tax (total of lines 330 to 345) ..... 2C

Amount 2C multiplied by 38 1 / 3 % ..... 2D

**Part IV tax payable** (amount 2B minus amount 2D, if negative enter "0") ..... **360**

(enter amount on line 712 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax before deductions on taxable dividends received from connected corporations <sup>note 5</sup> (amount 1F in part 1) ..... 2E

Amount 4A from Schedule 43 ..... 2F

**Part IV tax payable on taxable dividends received from connected corporations** (amount 2E minus amount 2F, if negative enter "0") ..... 2G

(enter at amount L on page 7 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax on eligible dividends received from non-connected corporations (amount 1J in part 1) ..... 2H

Amount 4C from Schedule 43 ..... 2I

**Part IV tax payable on eligible dividends received from non-connected corporations** (amount 2H minus amount 2I, if negative enter "0") ..... 2J

(enter at amount M on page 7 of the T2 return)

5 The program calculates the amount on line 2E from the amount on line 1F. If only a portion of the dividend refund to the connected payer corporation results in an eligible refundable dividend tax on hand (ERDTH), enter this amount on line 2E, using an override. However, if the dividend refund to the connected payer corporation does not result in an ERDTH, the amount on line 2E must be equal to "0."

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund**

If your corporation's tax year-end is different than that of the connected recipient corporation, your corporation could have paid dividends in more than one tax year of the recipient corporation. If so, use a separate line to provide the information according to each tax year of the recipient corporation.

	L Name of connected recipient corporation	M Business Number	N Tax year-end of connected recipient corporation in which the dividends in column O were received YYYYMMDD	O Taxable dividends paid to connected corporations	P Eligible dividends included in column O
	<b>400</b>	<b>410</b>	<b>420</b>	<b>430</b>	<b>440</b>
1	NIAGARA FALLS HYDRO HOLDING CORPORATION	86750 8830 RC0001	2019-12-31	1,043,000	
2	PENINSULA WEST POWER INC.	89108 9419 RC0001	2019-12-31	357,000	
3					

1,400,000  
 (Total of column O) (Total of column P)

filed: August 31, 2020  
 087 of 1407

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund (continued)**

Total taxable dividends paid in the tax year to other than connected corporations	<b>450</b>	
Eligible dividends included in line 450	<b>455</b>	
Total taxable dividends paid in the tax year that qualify for a dividend refund (total of column O plus line 450)	<b>460</b>	1,400,000
Total eligible dividends paid in the tax year (total of column P plus line 455)	<b>465</b>	
Total non-eligible taxable dividends paid in the tax year (line 460 minus line 465)	<b>470</b>	1,400,000
Complete this part to determine the following amounts in order to calculate the dividend refund.		
Line 465 multiplied by 38 1 / 3 % (enter at amount AA on page 7 of the T2 return)		3A
Line 470 multiplied by 38 1 / 3 % (enter at amount DD on page 7 of the T2 return)		536,667 3B

**Part 4 – Total dividends paid in the tax year**

Complete this part if the total taxable dividends paid in the tax year that qualify for a dividend refund (line 460) is different from the total dividends paid in the tax year.

Total taxable dividends paid in the tax year for the purposes of a dividend refund (from above)		1,400,000
Other dividends paid in the tax year (total of 510 to 540)		
Total dividends paid in the tax year	<b>500</b>	1,400,000

### Corporation Loss Continuity and Application

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this form to determine the continuity and use of available losses; to determine a current-year non-capital loss, farm loss, restricted farm loss, or limited partnership loss; to determine the amount of restricted farm loss and limited partnership loss that can be applied in a year; and to ask for a loss carryback to previous years.
- A corporation can choose whether or not to deduct an available loss from income in a tax year. The corporation can deduct losses in any order. However, for each type of loss, deduct the oldest loss first.
- According to subsection 111(4) of the *Income Tax Act*, when control has been acquired, no amount of capital loss incurred for a tax year ending before that time is deductible in computing taxable income in a tax year ending after that time. Also, no amount of capital loss incurred in a tax year ending after that time is deductible in computing taxable income of a tax year ending before that time.
- When control has been acquired, subsection 111(5) provides for similar treatment of non-capital and farm losses, except as listed in paragraphs 111(5)(a) and (b).
- For information on these losses, see the *T2 Corporation – Income Tax Guide*.
- File one completed copy of this schedule with the T2 return, or send the schedule by itself to the tax centre where the return is filed.
- All legislative references are to the *Income Tax Act*.

#### Part 1 – Non-capital losses

##### Determination of current-year non-capital loss

Net income (loss) for income tax purposes	-1,395,515	A
<b>Deduct:</b> (increase a loss)		
Net capital losses deducted in the year (enter as a positive amount)	a	
Taxable dividends deductible under section 112 or subsections 113(1) or 138(6)	b	
Amount of Part VI.1 tax deductible under paragraph 110(1)(k)	c	
Amount deductible as prospector's and grubstaker's shares – Paragraph 110(1)(d.2)	d	
Amount of an employer for non-qualified securities under an employee stock options agreement deductible under paragraph 110(1)(e)	1d	
Subtotal (total of amounts a to 1d)	B	
Subtotal (amount A <b>minus</b> amount B; if positive, enter "0")	-1,395,515	C
<b>Deduct:</b> (increase a loss)		
Section 110.5 or subparagraph 115(1)(a)(vii) – Addition for foreign tax deductions	D	
Subtotal (amount C <b>minus</b> amount D)	-1,395,515	E
<b>Add:</b> (decrease a loss)		
Current-year farm loss (the lesser of: the net loss from farming or fishing included in income and the non-capital loss before deducting the farm loss)	F	
Current-year non-capital loss (amount E <b>plus</b> amount F; if positive, enter "0")	-1,395,515	G
If amount G is negative, enter it on line 110 as a positive.		

##### Continuity of non-capital losses and request for a carryback

Non-capital loss at the end of the previous tax year	634,419	e
<b>Deduct:</b> Non-capital loss expired (note 1)	100	f
Non-capital losses at the beginning of the tax year (amount e <b>minus</b> amount f)	102 634,419	H
<b>Add:</b>		
Non-capital losses transferred on an amalgamation or on the wind-up of a subsidiary (note 2) corporation	105	g
Current-year non-capital loss (from amount G)	110 1,395,515	h
Subtotal (amount g <b>plus</b> amount h)	1,395,515	I
Subtotal (amount H <b>plus</b> amount I)	2,029,934	J

Note 1: A non-capital loss expires as follows:

- after **10** tax years if it arose in a tax year ending after March 22, 2004, and before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

An allowable business investment loss becomes a net capital loss after **10** tax years if it arose in a tax year ending after March 22, 2004.

Note 2: Subsidiary is defined in subsection 88(1) as a taxable Canadian corporation of which 90% or more of each class of issued shares are owned by its parent corporation and the remaining shares are owned by persons that deal at arm's length with the parent corporation.

**Part 1 – Non-capital losses (continued)**

<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	150	i	
Section 80 – Adjustments for forgiven amounts	140	j	
Subsection 111(10) – Adjustments for fuel tax rebate		j.1	
Non-capital losses of previous tax years applied in the current tax year	130	k	
Enter amount k on line 331 of the T2 Return.			
Current and previous year non-capital losses applied against current-year taxable dividends subject to Part IV tax (note 3)	135	l	
Subtotal (total of amounts i to l)			K
Non-capital losses before any request for a carryback (amount J minus amount K)			2,029,934 L

**Deduct – Request to carry back non-capital loss to:**

First previous tax year to reduce taxable income	901	m	
Second previous tax year to reduce taxable income	902	n	
Third previous tax year to reduce taxable income	903	o	
First previous tax year to reduce taxable dividends subject to Part IV tax	911	p	
Second previous tax year to reduce taxable dividends subject to Part IV tax	912	q	
Third previous tax year to reduce taxable dividends subject to Part IV tax	913	r	
Total of requests to carry back non-capital losses to previous tax years (total of amounts m to r)			M
Closing balance of non-capital losses to be carried forward to future tax years (amount L minus amount M)			180 2,029,934 N

Note 3: Amount l is the total of lines 330 and 335 from Schedule 3, *Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation*.

**Part 2 – Capital losses**

**Continuity of capital losses and request for a carryback**

Capital losses at the end of the previous tax year	200	a	
Capital losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	205	b	
Subtotal (amount a plus amount b)			A

<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	250	c	
Section 80 – Adjustments for forgiven amounts	240	d	
Subtotal (amount c plus amount d)			B
Subtotal (amount A minus amount B)			C

<b>Add:</b> Current-year capital loss (from the calculation on Schedule 6, <i>Summary of Dispositions of Capital Property</i> )	210	D	
Unused non-capital losses that expired in the tax year (note 4)		e	
Allowable business investment losses (ABILs) that expired as non-capital losses at the end of the previous tax year (note 5)		f	
Enter amount e or f, whichever is less	215	g	
ABILs expired as non-capital losses: line 215 multiplied by 2,000000		220	E
Subtotal (total of amounts C to E)			F

**Note**

If there has been an amalgamation or a wind-up of a subsidiary, do a separate calculation of the ABIL expired as non-capital loss for each predecessor or subsidiary corporation. Add all these amounts and enter the total on line 220 above.

Note 4: If the loss was incurred in a tax year ending after March 22, 2004, determine the amount of the loss from the 11th previous tax year and enter the part of that loss that was not used in previous years and the current year on line e.

Note 5: If the ABILs were incurred in a tax year ending after March 22, 2004, enter the amount of the ABILs from the 11th previous tax year. Enter the full amount on line f.

**Part 2 – Capital losses (continued)**

**Deduct:** Capital losses from previous tax years applied against the current-year net capital gain (note 6) ..... **225** \_\_\_\_\_ G  
 Capital losses before any request for a carryback (amount F **minus** amount G) \_\_\_\_\_ H

**Deduct – Request to carry back capital loss to (note 7):**

	Capital gain (100%)	Amount carried back (100%)	
First previous tax year .....	<b>951</b>	_____	h
Second previous tax year .....	<b>952</b>	_____	i
Third previous tax year .....	<b>953</b>	_____	j
	Subtotal (total of amounts h to j) _____		I
	Closing balance of capital losses to be carried forward to future tax years (amount H <b>minus</b> amount I) <b>280</b>		J

Note 6: To get the net capital losses required to reduce the taxable capital gain included in the net income (loss) for the current-year tax, enter the amount from line 225 **divided** by 2 at line 332 of the T2 return.

Note 7: On line 225, 951, 952, or 953, whichever applies, enter the actual amount of the loss. When the loss is applied, divide this amount by 2. The result represents the 50% inclusion rate.

**Part 3 – Farm losses**

**Continuity of farm losses and request for a carryback**

Farm losses at the end of the previous tax year ..... a  
**Deduct:** Farm loss expired (note 8) ..... **300** \_\_\_\_\_ b  
 Farm losses at the beginning of the tax year (amount a **minus** amount b) ..... **302** \_\_\_\_\_ A

**Add:**

Farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation ... **305** \_\_\_\_\_ c  
 Current-year farm loss (amount F in Part 1) ..... **310** \_\_\_\_\_ d  
 Subtotal (amount c **plus** amount d) \_\_\_\_\_ B  
 Subtotal (amount A **plus** amount B) \_\_\_\_\_ C

**Deduct:**

Other adjustments (includes adjustments for an acquisition of control) ..... **350** \_\_\_\_\_ e  
 Section 80 – Adjustments for forgiven amounts ..... **340** \_\_\_\_\_ f  
 Farm losses of previous tax years applied in the current tax year ..... **330** \_\_\_\_\_ g  
 Enter amount g on line 334 of the T2 Return.  
 Current and previous year farm losses applied against current-year taxable dividends subject to Part IV tax (note 9) ..... **335** \_\_\_\_\_ h  
 Subtotal (total of amounts e to h) \_\_\_\_\_ D  
 Farm losses before any request for a carryback (amount C **minus** amount D) \_\_\_\_\_ E

**Deduct – Request to carry back farm loss to:**

First previous tax year to reduce taxable income .....	<b>921</b>	_____	i
Second previous tax year to reduce taxable income .....	<b>922</b>	_____	j
Third previous tax year to reduce taxable income .....	<b>923</b>	_____	k
First previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>931</b>	_____	l
Second previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>932</b>	_____	m
Third previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>933</b>	_____	n
	Subtotal (total of amounts i to n) _____		F
	Closing balance of farm losses to be carried forward to future tax years (amount E <b>minus</b> amount F) <b>380</b>		G

Note 8: A farm loss expires as follows:

- after 10 tax years if it arose in a tax year ending before 2006; and
- after 20 tax years if it arose in a tax year ending after 2005.

Note 9: Amount h is the total of lines 340 and 345 from Schedule 3.

**Part 4 – Restricted farm losses**

**Current-year restricted farm loss**

Total losses for the year from farming business	485	A
<b>Minus</b> the deductible farm loss:		
(amount A above _____ – \$2,500) <b>divided by 2 =</b> _____ a		
Amount a or \$ 15,000 (note 10), whichever is less	2,500	b
	2,500	c
Subtotal (amount b <b>plus</b> amount c)	2,500	B
Current-year restricted farm loss (amount A <b>minus</b> amount B)		C

**Continuity of restricted farm losses and request for a carryback**

Restricted farm losses at the end of the previous tax year		d
<b>Deduct:</b> Restricted farm loss expired (note 11)	400	e
Restricted farm losses at the beginning of the tax year (amount d <b>minus</b> amount e)	402	D
<b>Add:</b>		
Restricted farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	405	f
Current-year restricted farm loss (from amount C)	410	g
Enter amount g on line 233 of Schedule 1, <i>Net Income (Loss) for Income Tax Purposes</i> .		
Subtotal (amount f <b>plus</b> amount g)		E
Subtotal (amount D <b>plus</b> amount E)		F

**Deduct:**

Restricted farm losses from previous tax years applied against current farming income	430	h
Enter amount h on line 333 of the T2 return.		
Section 80 – Adjustments for forgiven amounts	440	i
Other adjustments	450	j
Subtotal (total of amounts h to j)		G
Restricted farm losses before any request for a carryback (amount F <b>minus</b> amount G)		H

**Deduct – Request to carry back restricted farm loss to:**

First previous tax year to reduce farming income	941	k
Second previous tax year to reduce farming income	942	l
Third previous tax year to reduce farming income	943	m
Subtotal (total of amounts k to m)		I
Closing balance of restricted farm losses to be carried forward to future tax years (amount H <b>minus</b> amount I)	480	J

**Note**

The total losses for the year from all farming businesses are calculated without including scientific research expenses.

Note 10: For tax years that end before March 21, 2013, use \$6,250 instead of \$15,000.

Note 11: A restricted farm loss expires as follows:

- after **10** tax years if it arose in a tax year ending before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

**Part 5 – Listed personal property losses**

**Continuity of listed personal property loss and request for a carryback**

Listed personal property losses at the end of the previous tax year ..... a

**Deduct:** Listed personal property loss expired after 7 tax years ..... **500** ..... b

Listed personal property losses at the beginning of the tax year (amount a **minus** amount b) ... **502** ..... **A**

**Add:** Current-year listed personal property loss (from Schedule 6) ..... **510** ..... **B**

Subtotal (amount A **plus** amount B) ..... **C**

**Deduct:**

Listed personal property losses from previous tax years applied against listed personal property gains ..... **530** ..... c  
Enter amount c on line 655 of Schedule 6.

Other adjustments ..... **550** ..... d

Subtotal (amount c **plus** amount d) ..... **D**

Listed personal property losses remaining before any request for a carryback (amount C **minus** amount D) ..... **E**

**Deduct – Request to carry back listed personal property loss to:**

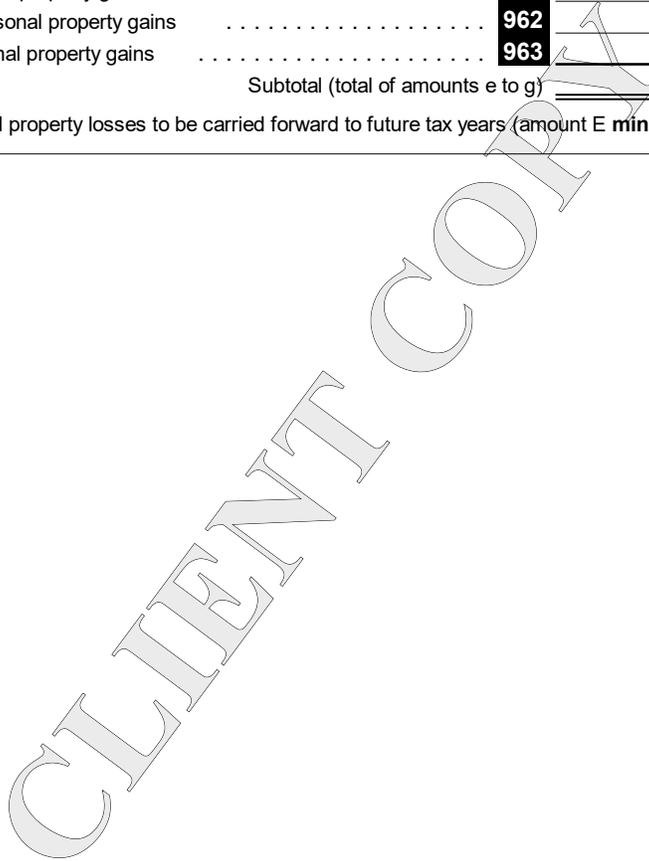

First previous tax year to reduce listed personal property gains ..... **961** ..... e

Second previous tax year to reduce listed personal property gains ..... **962** ..... f

Third previous tax year to reduce listed personal property gains ..... **963** ..... g

Subtotal (total of amounts e to g) ..... **F**

Closing balance of listed personal property losses to be carried forward to future tax years (amount E **minus** amount F) **580** ..... **G**

**Part 7 – Limited partnership losses**

**Current-year limited partnership losses**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Corporation's share of limited partnership loss	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, farming losses, and resource expenses	Column 4 minus column 5 (if negative, enter "0")	Current -year limited partnership losses (column 3 minus column 6)
<b>600</b>	<b>602</b>	<b>604</b>	<b>606</b>	<b>608</b>		<b>620</b>

1.

**Total** (enter this amount on line 222 of Schedule 1)

**Limited partnership losses from previous tax years that may be applied in the current year**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Limited partnership losses at the end of the previous tax year and amounts transferred on an amalgamation or on the wind-up of a subsidiary	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, business or property losses, and resource expenses	Column 4 minus column 5 (if negative, enter "0")	Limited partnership losses that may be applied in the year (the lesser of columns 3 and 6)
<b>630</b>	<b>632</b>	<b>634</b>	<b>636</b>	<b>638</b>		<b>650</b>

**Continuity of limited partnership losses that can be carried forward to future tax years**

1	2	3	4	5	6
Partnership account number	Limited partnership losses at the end of the previous tax year	Limited partnership losses transferred in the year on an amalgamation or on the wind-up of a subsidiary	Current-year limited partnership losses (from line 620)	Limited partnership losses applied in the current year (must be equal to or less than line 650)	Current year limited partnership losses closing balance to be carried forward to future years (column 2 plus column 3 plus column 4 minus column 5)
<b>660</b>	<b>662</b>	<b>664</b>	<b>670</b>	<b>675</b>	<b>680</b>

1.

**Total** (enter this amount on line 335 of the T2 return)

**Note**

If you need more space, you can attach more schedules.

**Part 8 – Election under paragraph 88(1.1)(f)**

If you are making an election under paragraph 88(1.1)(f), check the box

**190** Yes

In the case of the wind-up of a subsidiary, if the election is made, the non-capital loss, restricted farm loss, farm loss, or limited partnership loss of the subsidiary—that otherwise would become the loss of the parent corporation for a particular tax year starting after the wind-up began—will be considered as the loss of the parent corporation for its immediately preceding tax year and not for the particular year.

**Note**

This election is only applicable for wind-ups under subsection 88(1) that are reported on Schedule 24, *First-Time Filer after Incorporation, Amalgamation, or Winding-up of a Subsidiary into a Parent*.

# Non-Capital Loss Continuity Workchart

## Part 6 – Analysis of balance of losses by year of origin

### Non-capital losses

Year of origin	Balance at beginning of year	Loss incurred in current year	Adjustments and transfers	Loss carried back Parts I & IV	Applied to reduce		Balance at end of year
					Taxable income	Part IV tax	
Current	N/A	1,395,515			N/A		1,395,515
1st preceding taxation year 2018-12-31	634,419	N/A		N/A			634,419
2nd preceding taxation year 2017-12-31		N/A		N/A			
3rd preceding taxation year 2016-12-31		N/A		N/A			
4th preceding taxation year 2015-12-31		N/A		N/A			
5th preceding taxation year 2014-12-31		N/A		N/A			
6th preceding taxation year 2013-12-31		N/A		N/A			
7th preceding taxation year 2012-12-31		N/A		N/A			
8th preceding taxation year 2011-12-31		N/A		N/A			
9th preceding taxation year 2010-12-31		N/A		N/A			
10th preceding taxation year 2009-12-31		N/A		N/A			
11th preceding taxation year 2008-12-31		N/A		N/A			
12th preceding taxation year		N/A		N/A			
13th preceding taxation year		N/A		N/A			
14th preceding taxation year		N/A		N/A			
15th preceding taxation year		N/A		N/A			
16th preceding taxation year		N/A		N/A			
17th preceding taxation year		N/A		N/A			
18th preceding taxation year		N/A		N/A			
19th preceding taxation year		N/A		N/A			
20th preceding taxation year		N/A		N/A			*
<b>Total</b>	634,419	1,395,515					2,029,934

\* This balance expires this year and will not be available next year.

## Capital Cost Allowance (CCA)

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

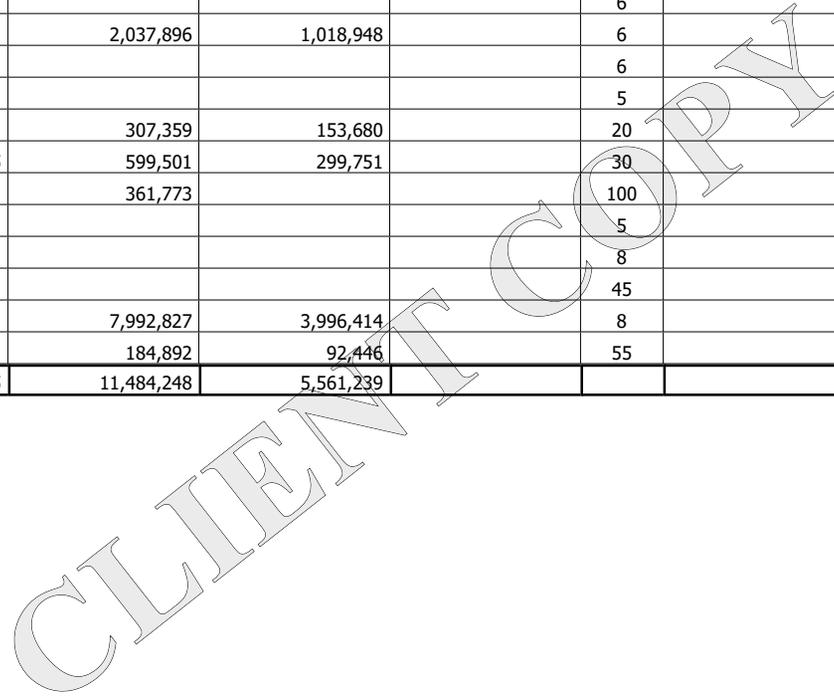

For more information, see the section called "Capital Cost Allowance" in the T2 Corporation Income Tax Guide.

Is the corporation electing under Regulation 1101(5q)? **101** Yes  No

	1 Class number *  See note 1	Description	2 Undepreciated capital cost (UCC) at the beginning of the year	3 Cost of acquisitions during the year (new property must be available for use)  See note 2	4 Cost of acquisitions from column 3 that are accelerated investment incentive properties (AIIP)  See note 3	5 Adjustments and transfers  See note 4	6 Amount from column 5 that is assistance received or receivable during the year for a property, subsequent to its disposition  See note 5	7 Amount from column 5 that is repaid during the year for a property, subsequent to its disposition  See note 6	8 Proceeds of dispositions  See note 7	For tax years ending before November 21, 2018: 50% rule (1/2 of net acquisitions)

Enter the total of column 15 on line 107 of Schedule 1.  
 Enter the total of column 16 on line 404 of Schedule 1.  
 Enter the total of column 17 on line 403 of Schedule 1.

- Note 1. If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101. Class numbers followed by a letter indicate the basic rate of the class taking into account the additional deduction allowed. Class 1a: 4% + 6% = 10% (class 1 to 10%), class 1b: 4% + 2% = 6% (class 1 to 6%).
- Note 2. Include any property acquired in previous years that has now become available for use. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule. See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 3. An accelerated investment incentive property (AIIP) is a property (other than property included in Class 54 or 55) that you acquired after November 20, 2018 and became available for use before 2028. See the T2 Corporation Income Tax Guide for more information. Classes 54 and 55 include property that is a zero-emission vehicle you acquired after March 18, 2019 and became available for use before 2028.
- Note 4. Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the undepreciated capital cost (column 9). Items that increase the undepreciated capital cost include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the undepreciated capital cost (show amounts that reduce the undepreciated capital cost in brackets) include government assistance received or entitled to be received in the year, or a reduction of capital cost after the application of section 80. See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.
- Note 5. Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.
- Note 6. Include all amounts you have repaid during the year with respect to any legally required repayment, made after the disposition of a corresponding property, of:
- assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d); and
  - an inducement, assistance or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b).
- Also include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor less than 364 days before the end of your tax year.
- Note 7. For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21).
- Note 8. If the amount in column 5 reduces the undepreciated capital cost (i.e. it is shown in brackets), you must subtract it for the purposes of the calculation. Otherwise, add the amount in column 5 for the purposes of the calculation.
- Note 9. The relevant factors for AIIP of a class in Schedule II and for property included in classes 54 and 55, available for use before 2024, are:
- 2 1/3 for property in Classes 43.1 and 54;
  - 1 1/2 for property in Class 55;
  - 1 for property in Classes 43.2 and 53;
  - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 14 for additional information); and
  - 0.5 for all other property that is AIIP.
- Note 10. The UCC adjustment for non-AIIP acquired during the year (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP). For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 11. Enter a rate only if you are using the declining balance method. For any other method (for example the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 17.
- Note 12. If the amount in column 9 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 9 in column 15 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1.
- Note 13. If no property is left in the class at the end of the tax year and there is still a positive amount in the column 9, you have a terminal loss. If applicable, enter the positive amount from column 9 in column 16. The terminal loss rules do not apply to:
- passenger vehicles in Class 10.1;
  - property in Class 14.1, unless you have ceased carrying on the business to which it relates; or
  - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply.
- Note 14. If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AIIP listed below, the maximum first year allowance you can claim is determined as follows:
- Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction).
  - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction).
  - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot or cubic metre cut in the tax year and the UCC at the end of the tax year (before any CCA deduction).
  - Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction).
  - Class 41.2: use a 25% CCA rate. The additional allowance under paragraph 1100(1)(y.2) (for single mine properties) and 1100(1)(ya.2) (for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive.
  - Property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit: 150% of the amount determined by first subtracting the total of the residual value of the timber limit and all amounts you expended for the 1949 or later tax years for surveys, cruises or preparation of prints, maps or plans for the purpose of obtaining a licence or right to cut timber from the capital cost of the limit or right, and then dividing the result by the quantity of timber in the limit or the quantity of timber you have the right to cut.
  - Industrial mineral mine or a right to remove industrial minerals from an industrial mineral mine: 150% of the amount determined by first subtracting the residual value, if any, of the mine or right from the capital cost of the mine or right, and then dividing the result by the number of units of commercially mineable material estimated to be in the mine when the mine or right was acquired (alternatively, if you have acquired a right to remove only a specified number of units, that number of units that you acquired a right to remove).

**RELATED AND ASSOCIATED CORPORATIONS**

**SCHEDULE 9**

Name of corporation <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year end Year Month Day <b>2019-12-31</b>
---	---	---

- Complete this schedule if the corporation is related to or associated with at least one other corporation.
- For more information, see the *T2 Corporation Income Tax Guide*.

	<b>100</b>	<b>200</b>	<b>300</b>	<b>400</b>	<b>500</b>	<b>550</b>	<b>600</b>	<b>650</b>	<b>700</b>
	Name	Country of residence (other than Canada)	Business number (see note 1)	Relationship code (see note 2)	Number of common shares you own	% of common shares you own	Number of preferred shares you own	% of preferred shares you own	Book value of capital stock
1.	NIAGARA FALLS HYDRO SERVICES		87146 8120 RC0001	3					
2.	NIAGARA FALLS HYDRO HOLDING (		86750 8830 RC0001	1	1,000	100.000			25,605,089
3.	City of Niagara Falls		NR	3					
4.	Niagara Regional Broadband Netwo		87177 4105 RC0001	3					

Note 1: Enter "NR" if the corporation is not registered or does not have a business number.

Note 2: Enter the code number of the relationship that applies from the following order: 1 - Parent 2 - Subsidiary 3 - Associated 4 - Related but not associated

## Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one tax year ending in a calendar year must file an agreement for each tax year ending in that calendar year.

- Column 1:** Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act.
- Column 2:** Provide the business number for each corporation (if a corporation is not registered, enter "NR").
- Column 3:** Enter the association code from the list below that applies to each corporation:
- 1 – Associated for purposes of allocating the business limit (unless association code 5 applies)
  - 2 – CCPC that is a **third corporation** as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
  - 3 – Non-CCPC that is a **third corporation**
  - 4 – Associated non-CCPC
  - 5 – Associated CCPC to which association code 1 does not apply because a **third corporation** has filed Schedule 28
- Column 4:** Enter the business limit for the year of each corporation in the associated group. Enter "0" if the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
- Column 5:** Assign a percentage to allocate the business limit to each corporation that has association code 1 in column 3. The total of all percentages in column 5 cannot exceed 100%.
- Column 6:** Enter the business limit allocated to each corporation by multiplying the amount in column 4 by the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A. Ensure that the total at line A does not exceed \$500,000.

### Allocating the business limit

**Business limit reduction under subsection 125(5.1) of the Act**

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula  $0.225\% \times (C - \$10,000,000)$ . Another factor is the "adjusted aggregate investment income" from lines 744 and 745 of Schedule 7, Aggregate Investment Income and Income Eligible for the Small Business Deduction. Details of these formulas and variable C are in subsection 125(5.1) of the Act.

\* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

**Special rules for business limit**

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the lesser of: the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year.

## Investment Tax Credit – Corporations

### General information

- Use this schedule:
  - to calculate an investment tax credit (ITC) earned during the tax year;
  - to claim a deduction against Part I tax payable;
  - to claim a refund of credit earned during the current tax year;
  - to claim a carryforward of credit from previous tax years;
  - to transfer a credit following an amalgamation or the wind-up of a subsidiary, as described under subsections 87(1) and 88(1);
  - to request a credit carryback to one or more previous years;
  - if you are subject to a recapture of ITC; or
  - if you are claiming:
    - the **Ontario Research and Development Tax Credit**;
    - the **Ontario Innovation Tax Credit**.
- Unless otherwise stated, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- The ITC is eligible for a three-year carryback (if not deductible in the year earned). It is also eligible for a twenty-year carryforward.
- Investments or expenditures, described in subsection 127(9) and Regulation Part XLVI, that earn an ITC are:
  - qualified property and qualified resource property (Parts 4 to 7 of this schedule);
  - qualified scientific research and experimental development (SR&ED) expenditures (Parts 8 to 17). File Form T661, *Scientific Research and Experimental Development (SR&ED) Expenditures Claim*;
  - pre-production mining expenditures (Parts 18 to 20);
  - apprenticeship job creation expenditures (Parts 21 to 23); and
  - child care spaces expenditures (Parts 24 to 28).
    - Expenditures related to child care spaces incurred after March 21, 2017 no longer qualify for the investment tax credit. If you entered into a written agreement before March 22, 2017, eligible expenditures incurred before 2020 will remain eligible for the credit.
- File this schedule with the *T2 Corporation Income Tax Return*. If you need more space, attach additional schedules.
- For more information on ITCs, see "Investment Tax Credit" in Guide T4012, *T2 Corporation – Income Tax Guide* and read Information Circular IC78-4, *Investment Tax Credit Rates*, and its related Special Release.
- For more information on SR&ED, see guide T4088, *Guide to Form T661 – Scientific Research and Experimental Development (SR&ED) Expenditures Claim*.

### Detailed information

- For the purpose of this schedule, **investment** means the capital cost of the property (excluding amounts added by an election under section 21), determined without reference to subsections 13(7.1) and 13(7.4), minus the amount of any government or non-government assistance that the corporation has received, is entitled to receive, or can reasonably be expected to receive for that property when it files the income tax return for the year in which the property was acquired.
- An ITC deducted or refunded in a tax year for a depreciable property, other than a depreciable property deductible under paragraph 37(1)(b), reduces both the capital cost of that property and the undepreciated capital cost of that class in the next tax year. An ITC for SR&ED deducted or refunded in a tax year will reduce the balance in the pool of deductible SR&ED expenditures and the adjusted cost base (ACB) of an interest in a partnership in the next tax year. An ITC from pre-production mining expenditures deducted in a tax year reduces the balance in the pool of deductible cumulative Canadian exploration expenses in the next tax year.
- Property acquired has to be **available for use** before a claim for an ITC can be made. See subsections 127(11.2) and 248(19) for more information.
- Expenditures for SR&ED and capital costs for a property qualifying for an ITC must be identified by the claimant on Form T661 and Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures or capital costs.
- Expenditures for pre-production mining, apprenticeship, or child care space for an ITC must be identified by the claimant on Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures or capital costs.
- Partnership allocations – Subsection 127(8) provides for the allocation of the amount that may reasonably be considered to be a partner's share of the ITCs of the partnership at the end of the fiscal period of the partnership. An allocation of ITCs is generally considered to be the partner's reasonable share of the ITCs if it is made in the same proportion in which the partners have agreed to share any income or loss and if section 103 is not applicable for the agreement to share any income or loss. Special rules apply to specified members of a partnership and limited partners. For more information, see Guide T4068, *Guide for the Partnership Information Return*.
- For tax purposes, Canada includes the **exclusive economic zone of Canada** as defined in the *Oceans Act* (which generally consists of an area of the sea that is within 200 nautical miles from the Canadian coastline), including the airspace, seabed and subsoil of that zone.
- For the purpose of this schedule, the expression **Atlantic Canada** includes the Gaspé Peninsula and the provinces of Newfoundland and Labrador, Prince Edward Island, Nova Scotia, and New Brunswick, as well as their respective offshore regions (prescribed in Regulation 4609).
- For the purpose of this schedule, **qualified property** means property in Atlantic Canada that is used primarily for manufacturing and processing, farming or fishing, logging, storing grain, or harvesting peat. Property in Atlantic Canada that is used primarily for oil and gas, and mining activities is considered qualified property only if acquired by the taxpayer **before** March 29, 2012. Qualified property includes new buildings and new machinery and equipment (prescribed in Regulation 4600), and if acquired by the taxpayer **after** March 28, 2012, new energy generation and conservation property (prescribed in Regulation 4600). Qualified property can also be used primarily to produce or process electrical energy or steam in a prescribed area (as described in Regulation 4610). See the definition of **qualified property** in subsection 127(9) for more information.

**Detailed information (continued)**

Filed: August 31, 2020

- For the purpose of this schedule, **qualified resource property** means property in Atlantic Canada that is used primarily for oil and gas, and mining activities, if acquired by the taxpayer **after** March 28, 2012, and **before** January 1, 2016. Qualified resource property includes new buildings and new machinery and equipment (prescribed in Regulation 4600). See the definition of **qualified resource property** in subsection 127(9) for more information.
- For the purpose of this schedule, **pre-production mining exploration expenditures** are pre-production mining expenditures incurred **after** March 28, 2012, by the taxpayer to determine the existence, location, extent, or quality of certain mineral resources in Canada, excluding expenses incurred in the exploration of an oil or gas well. See subparagraph (a)(i) of the definition of **pre-production mining expenditure** in subsection 127(9) for more information.
- For the purpose of this schedule, **pre-production mining development expenditures** are pre-production mining expenditures incurred **after** March 28, 2012, by the taxpayer to bring a new mineral resource mine in Canada into production, excluding expenses in the development of a bituminous sands deposit or an oil shale deposit. See subparagraph (a)(ii) of the definition of **pre-production mining expenditure** in subsection 127(9) for more information.

**Part 1 – Investments, expenditures, and percentages**

	<b>Specified percentage</b>
<b>Investments</b>	
Qualified property acquired primarily for use in Atlantic Canada	10 %
Qualified resource property acquired primarily for use in Atlantic Canada and acquired:	
– after March 28, 2012, and before 2014	10 %
– after 2013 and before 2016	5 %
– after 2015*	0 %
<b>Expenditures</b>	
If you are a Canadian-controlled private corporation (CCPC), this percentage may apply to the portion that you claim of the SR&ED qualified expenditure pool that does not exceed your expenditure limit (see Part 10)	35 %
<b>Note:</b> If your current year's qualified expenditures are more than your expenditure limit (see Part 10), the excess is eligible for an ITC calculated at the 15 % rate.	
If you are a corporation that is not a CCPC and have incurred qualified expenditures for SR&ED in any area in Canada:	
– before 2014**	20 %
– after 2013**	15 %
If you are a taxable Canadian corporation that incurred pre-production mining expenditures before March 29, 2012	10 %
If you are a taxable Canadian corporation that incurred pre-production mining exploration expenditures:	
– after March 28, 2012, and before 2013	10 %
– in 2013	5 %
– after 2013	0 %
If you are a taxable Canadian corporation that incurred pre-production mining development expenditures***:	
– after March 28, 2012, and before 2014	10 %
– in 2014	7 %
– in 2015	4 %
– after 2015	0 %
If you paid salary and wages to apprentices in the first 24 months of their apprenticeship contract for employment	10 %
If you incurred expenditures after March 18, 2007 and before March 22, 2017 (or before 2020 if you entered into a written agreement before March 22, 2017) for the creation of licensed child care spaces for the children of your employees and, potentially, for other children	25 %
* A transitional relief rate of 10% may apply to property acquired after 2013 and before 2017, if the property is acquired under a written agreement entered into before March 29, 2012, or the property is acquired as part of a <b>phase</b> of a project where the construction or the engineering and design work for the construction started before March 29, 2012. See paragraph (a.1) of the definition of <b>specified percentage</b> in subsection 127(9) for more information.	
** The reduction of the rate from 20% to 15% applies to 2014 and later tax years, except that, for 2014 tax years that start before 2014, the reduction is pro-rated based on the number of days in the tax year that are after 2013.	
*** A transitional relief rate may apply to expenditures incurred after 2013 and before 2016, if the expenditure is incurred under a written agreement entered into before March 29, 2012, or the expenditure is incurred as part of the development of a new mine where the construction or the engineering and design work for the construction of the new mine started before March 29, 2012. See subparagraphs (k)(ii) and (iii) of the definition of <b>specified percentage</b> in subsection 127(9) for more information.	

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Filed: August 31, 2020 1104 of 1107 Year-end date <b>2019-12-31</b>
--	---	--

**Part 2 – Determination of a qualifying corporation**

Is the corporation a qualifying corporation? ..... **101** 1 Yes  2 No

For the purpose of a refundable ITC, a **qualifying corporation** is defined under subsection 127.1(2). The corporation has to be a CCPC and its taxable income (before any loss carrybacks) for its previous tax year cannot be more than its **qualifying income limit** for the particular tax year. If the corporation is associated with any other corporations during the tax year, the total of the taxable incomes of the corporation and the associated corporations (before any loss carrybacks), for their last tax year ending in the previous calendar year, cannot be more than their qualifying income limit for the particular tax year.

**Note:** A CCPC considered associated with another corporation under subsection 256(1) will be considered **not** associated for the calculation of a refundable ITC if:

- one corporation is associated with another corporation solely because one or more persons own shares of the capital stock of both corporations; and
- one of the corporations has at least one shareholder who is not common to both corporations.

If you are a **qualifying** corporation, you will earn a **100%** refund on your share of any ITCs earned at the 35% rate on qualified **current** expenditures for SR&ED, up to the allocated expenditure limit. The 100% refund does not apply to qualified **capital** expenditures eligible for the 35% credit rate. They are only eligible for the **40%** refund\*.

Some CCPCs that are **not qualifying** corporations may also earn a **100%** refund on their share of any ITCs earned at the 35% rate on qualified **current** expenditures for SR&ED, up to the allocated expenditure limit. The expenditure limit can be determined in Part 10. The 100% refund does not apply to qualified **capital** expenditures eligible for the 35% credit rate. They are only eligible for the **40%** refund\*.

The 100% refund will not be available to a corporation that is an **excluded corporation** as defined under subsection 127.1(2). A corporation is an excluded corporation if, at any time during the year, it is a corporation that is either controlled by (directly or indirectly, in any manner whatever) or is related to:

- one or more persons exempt from Part I tax under section 149;
- Her Majesty in right of a province, a Canadian municipality, or any other public authority; or
- any combination of persons referred to in a) or b) above.

\* Capital expenditures incurred after December 31, 2013, including lease payments for property that would have been a capital expenditure if purchased directly, are **not** qualified SR&ED expenditures and are **not** eligible for an ITC on SR&ED expenditures.

**Part 3 – Corporations in the farming industry**

Complete this area if the corporation is making SR&ED contributions.

Is the corporation claiming a contribution in the current year to an agricultural organization whose goal is to finance SR&ED work (for example, check-off dues)? ..... **102** 1 Yes  2 No

If **yes**, complete Schedule 125, *Income Statement Information*, to identify the type of farming industry the corporation is involved in.

Contributions to agricultural organizations for SR&ED\* ..... **103** \_\_\_\_\_  
 Enter on line 350 of Part 8.

\* Enter only contributions not already included on Form T661.  
 Include 80% of the contributions made **after** 2012. For contributions made **before** 2013, include all of the contributions.

**Qualified Property and Qualified Resource Property**

**Part 4 – Eligible investments for qualified property and qualified resource property from the current tax year**

Capital cost allowance class number <b>105</b>	Description of investment <b>110</b>	Date available for use <b>115</b>	Location used in Atlantic Canada (province) <b>120</b>	Amount of investment <b>125</b>

Total credit available (line 220 plus amount D1) .....		E1
Credit deducted from Part I tax .....	<b>260</b>	
Credit carried back to previous years (amount H1 in Part 6) .....	a	
Credit transferred to offset Part VII tax liability .....	<b>280</b>	
Subtotal (total of line 260, amount a, and line 280) .....	▶	F1
Credit balance before refund (amount E1 minus amount F1) .....		G1
Refund of credit claimed on investments from qualified property and qualified resource property (from Part 7) .....	<b>310</b>	
<b>ITC closing balance of investments from qualified property and qualified resource property</b> (amount G1 minus line 310) .....	<b>320</b>	

\* Include investments acquired after 2013 and before 2017 that are eligible for transitional relief.

**Part 6 – Request for carryback of credit from investments in qualified property and qualified resource property**

	Year	Month	Day			
1st previous tax year .....				Credit to be applied	<b>901</b>	
2nd previous tax year .....				Credit to be applied	<b>902</b>	
3rd previous tax year .....				Credit to be applied	<b>903</b>	
Total of lines 901 to 903						H1
Enter at amount a in Part 5.						

**Part 7 – Refund of ITC for qualifying corporations on investments from qualified property and qualified resource property**

Current-year ITCs (total of lines 240, 242, and 250 in Part 5) .....		I1
Credit balance before refund (from amount G1 in Part 5) .....		J1
<b>Refund</b> ( 40 % of amount I1 or J1, whichever is less) .....		K1

Enter amount K1 or a lesser amount on line 310 in Part 5 (also enter on line 780 of the T2 return if you do not claim an SR&ED ITC refund).

**Part 11 – Investment tax credits on SR&ED expenditures**

Current expenditures (from line 350 in Part 8) or the expenditure limit (from line 410 in Part 10), whichever is less\* ..... **420** x 35 % = \_\_\_\_\_ G2

Line 350 minus line 410 (if negative, enter "0") ..... **430**

Amount from line 430 x  $\frac{\text{Number of days in the tax year before 2014}}{\text{Number of days in the tax year}}$  x 20% = \_\_\_\_\_ c

Amount from line 430\*\* x  $\frac{\text{Number of days in the tax year after 2013}}{\text{Number of days in the tax year}}$  x  $\frac{365}{365}$  x 15 % = \_\_\_\_\_ d

Subtotal (amount c plus amount d) ..... **H2**

Line 410 minus line 350 (if negative, enter "0") ..... e

Capital expenditures (line 360 in Part 8) or amount e, whichever is less\* ..... **440** x 35 % = \_\_\_\_\_ I2

Line 360 minus amount e (if negative, enter "0") ..... **450**

Amount from line 450 x  $\frac{\text{Number of days in the tax year before 2014}}{\text{Number of days in the tax year}}$  x 20% = \_\_\_\_\_ f

Amount from line 450\*\* x  $\frac{\text{Number of days in the tax year after 2013}}{\text{Number of days in the tax year}}$  x  $\frac{365}{365}$  x 15 % = \_\_\_\_\_ g

Subtotal (amount f plus amount g) ..... **J2**

If a corporation makes a repayment of any government or non-government assistance, or contract payments that reduced the amount of qualified expenditures for ITC purposes, the amount of the repayment is eligible for a credit.

Repayments (amount from line 370 in Part 8) ..... \_\_\_\_\_

Enter the amount of the repayment on the line that corresponds to the appropriate rate.

Repayment of assistance that reduced a qualifying expenditure for a CCPC\*\*\* ..... **460** x 35 % = \_\_\_\_\_ h

Repayment of assistance made after September 16, 2016 that reduced a qualifying expenditure incurred before 2015 ..... **480** x 20 % = \_\_\_\_\_ i

Repayment of assistance made after September 16, 2016 that reduced a qualifying expenditure incurred after 2014 ..... **490** x 15 % = \_\_\_\_\_ j

Subtotal (add amounts h to j) ..... **K2**

Current-year SR&ED ITC (total of amounts G2 to K2; enter on line 540 in Part 12) ..... **L2**

\* For corporations that are not CCPCs, enter "0" for amounts G2 and I2.

\*\* For tax years that end after 2013, the general SR&ED ITC rate is reduced from 20% to 15%, except that, for 2014 tax years that start before 2014, the reduction is pro-rated based on the number of days in the tax year that are after 2013. For tax years that have a start date after 2013, multiply the amount by 15%.

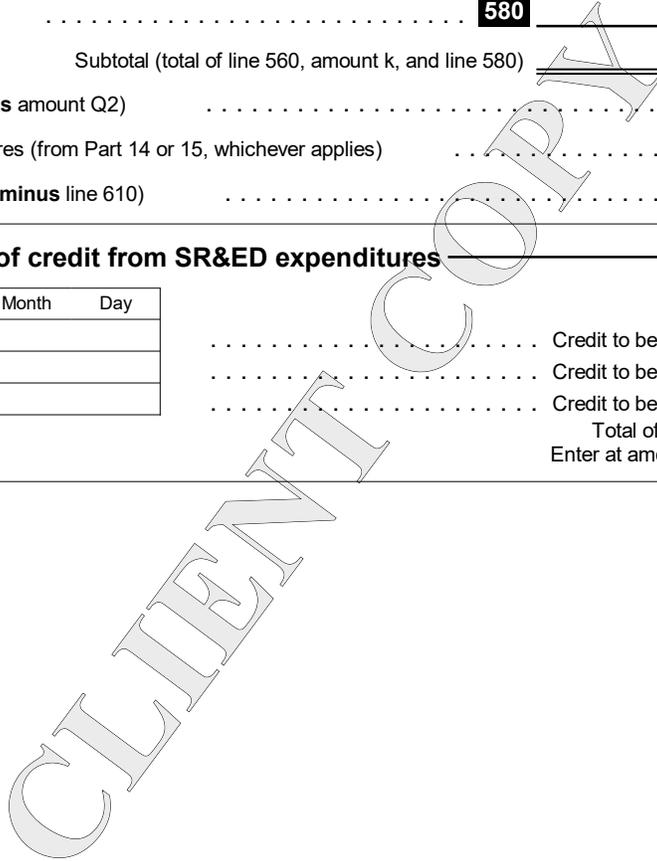

\*\*\* If you were a Canadian-controlled private corporation (CCPC), this percentage was applied to the portion that you claimed of the SR&ED qualified expenditure pool that did not exceed your expenditure limit at the time. This percentage includes the rate under subsection 127(10.1), additions to investment tax credit. See subsection 127(10.1) for details about exceptions. For expenditures not eligible for this rate use line 480 or 490 as appropriate.

**Part 12 – Current-year credit and account balances – ITC from SR&ED expenditures**

ITC at the end of the previous tax year				M2
Credit deemed as a remittance of co-op corporations	510			
Credit expired	515			
		Subtotal (line 510 plus line 515)		N2
ITC at the beginning of the tax year (amount M2 minus amount N2)		520		
Credit transferred on an amalgamation or the wind-up of a subsidiary	530			
Total current-year credit (from amount L2 in Part 11)	540			
Credit allocated from a partnership	550			
		Subtotal (total of lines 530 to 550)		O2
Total credit available (line 520 plus amount O2)				P2
Credit deducted from Part I tax	560			
Credit carried back to previous years (amount S2 in Part 13)			k	
Credit transferred to offset Part VII tax liability	580			
		Subtotal (total of line 560, amount k, and line 580)		Q2
Credit balance before refund (amount P2 minus amount Q2)				R2
Refund of credit claimed on SR&ED expenditures (from Part 14 or 15, whichever applies)		610		
<b>ITC closing balance on SR&amp;ED</b> (amount R2 minus line 610)		620

**Part 14 – Refund of ITC for qualifying corporations – SR&ED**

Complete this part only if you are a qualifying corporation as determined on line 101 in Part 2.

Is the corporation an excluded corporation as defined under subsection 127.1(2)? ..... **650** 1 Yes  2 No

Current-year ITC (lines 540 **plus** 550 in Part 12 **minus** amount K2 in Part 11) ..... I

Refundable credits (amount I or amount R2 in Part 12, whichever is less)\* ..... T2

Amount T2 or amount G2 in Part 11, whichever is less ..... U2

Net amount (amount T2 **minus** amount U2; if negative, enter "0") ..... V2

Amount V2 **multiplied by** 40 % ..... W2

Amount U2 ..... X2

**Refund of ITC** (amount W2 **plus** amount X2 – enter this, or a lesser amount, on line 610 in Part 12) ..... Y2

Enter the total of line 310 in Part 5 and line 610 in Part 12 on line 780 of the T2 return.

\* If you are also an excluded corporation, as defined in subsection 127.1(2), this amount must be multiplied by 40%. Claim this, or a lesser amount, as your refund of ITC for amount Y2.

**Part 15 – Refund of ITC for CCPCs that are not qualifying or excluded corporations – SR&ED**

Complete this part only if you are a CCPC that is not a qualifying or excluded corporation as determined on line 101 in Part 2.

Credit balance before refund (amount R2 in Part 12) ..... Z2

Amount Z2 or amount G2 in Part 11, whichever is less ..... AA2

Net amount (amount Z2 **minus** amount AA2; if negative, enter "0") ..... BB2

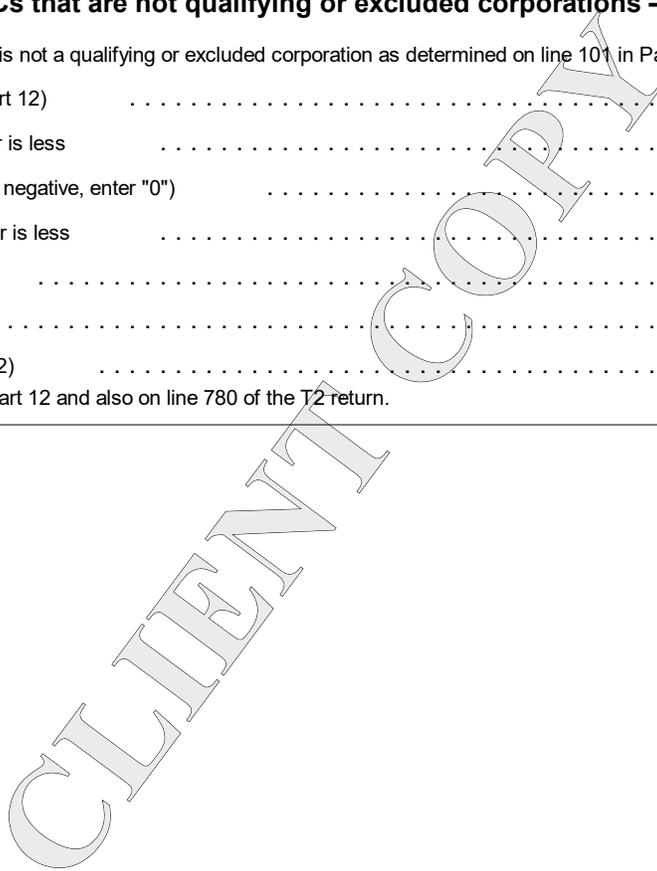

Amount BB2 or amount I2 in Part 11, whichever is less ..... CC2

Amount CC2 **multiplied by** 40 % ..... DD2

Amount AA2 ..... EE2

**Refund of ITC** (amount DD2 **plus** amount EE2) ..... FF2

Enter FF2, or a lesser amount, on line 610 in Part 12 and also on line 780 of the T2 return.

**Recapture – SR&ED**

**Part 16 – Recapture of ITC for corporations and partnerships – SR&ED**

You will have a recapture of ITC in a year when **all** of the following conditions are met:

- you acquired a particular property in the current year or in any of the 20 previous tax years, and the credit was earned in a tax year ending after 1997 and did not expire before 2008;
- you claimed the cost of the property as a qualified expenditure for SR&ED on Form T661;
- the cost of the property was included in calculating your ITC or was the subject of an agreement made under subsection 127(13) to transfer qualified expenditures; and
- you disposed of the property or converted it to commercial use after February 23, 1998. This condition is also met if you disposed of or converted to commercial use a property that incorporates the particular property previously referred to.

**Note:**  
 The recapture **does not apply** if you disposed of the property to a non-arm's-length purchaser who intended to use it all or substantially all for SR&ED. When the non-arm's-length purchaser later sells or converts the property to commercial use, the recapture rules will apply to the purchaser based on the historical ITC rate of the original user.

You will report a recapture on the T2 return for the year in which you disposed of the property or converted it to commercial use. In the following tax year, add the amount of the ITC recapture to the SR&ED expenditure pool.

If you have more than one disposition for calculations 1 and 2, complete the columns for each disposition for which a recapture applies, using the calculation formats below.

**Calculation 1 – If you meet all of the above conditions**

Amount of ITC you originally calculated for the property you acquired, or the original user's ITC where you acquired the property from a non-arm's length party, as described in the <b>note</b> above  <b>700</b>	Amount calculated using ITC rate at the date of acquisition (or the original user's date of acquisition) on either the proceeds of disposition (if sold in an arm's length transaction) or the fair market value of the property (in any other case)  <b>710</b>	Amount from column 700 or 710, whichever is less          <b>Subtotal</b> Enter at amount C3 in Part 17.
		A3

**Calculation 2 – Only if you transferred all or a part of the qualified expenditure to another person under an agreement described in subsection 127(13); otherwise, enter nil on line B3.**

<b>A</b>	<b>B</b>	<b>C</b>	<b>D</b>	<b>E</b>	<b>F</b>
Rate that the transferee used in determining its ITC for qualified expenditures under a subsection 127(13) agreement  <b>720</b>	Proceeds of disposition of the property if you dispose of it to an arm's length person; or, in any other case, enter the fair market value of the property at conversion or disposition  <b>730</b>	Amount, if any, already provided for in Calculation 1 (This allows for the situation where only part of the cost of a property is transferred under a subsection 127(13) agreement.)  <b>740</b>	Amount determined by the formula (A x B) – C	ITC earned by the transferee for the qualified expenditures that were transferred  <b>750</b>	Amount from column D or E, whichever is less
<b>Subtotal (total of column F)</b> Enter at amount D3 in Part 17.					B3

**Part 16 – Recapture of ITC for corporations and partnerships – SR&ED (continued)**

**Calculation 3**

As a member of the partnership, you will report your share of the SR&ED ITC of the partnership after the SR&ED ITC has been reduced by the amount of the recapture. If this amount is a positive amount, you will report it on line 550 in Part 12. However, if the partnership does not have enough ITC otherwise available to offset the recapture, then the amount by which reductions to ITC exceed additions (the excess) will be determined and reported on line 760.

Corporate partner's share of the excess of SR&ED ITC **760**  
Enter at amount E3 in Part 17.

**Part 17 – Total recapture of SR&ED investment tax credit**

Recaptured ITC from calculation 1, amount A3 in Part 16	.....	_____	C3
Recaptured ITC from calculation 2, amount B3 in Part 16	.....	_____	D3
Recaptured ITC from calculation 3, line 760 in Part 16	.....	_____	E3

**Pre-Production Mining**

**Part 18 – Pre-production mining expenditures**

**Exploration information**

A mineral resource that qualifies for the credit means a mineral deposit from which the principal mineral to be extracted is diamond, a base or precious metal deposit, or a mineral deposit from which the principal mineral to be extracted is an industrial mineral that, when refined, results in a base or precious metal.

In column 800, list all minerals for which pre-production mining expenditures have taken place in the tax year.

For each of the minerals reported in column 800, identify each project (in column 805), mineral title (in column 806), and mining division (in column 807) where title is registered. If there is no mineral title, identify only the project and mining division.

<b>List of minerals</b> <b>800</b>	<b>Project name</b> <b>805</b>
<b>Mineral title</b> <b>806</b>	<b>Mining division</b> <b>807</b>

**Pre-production mining expenditures\***

**Exploration:**

Pre-production mining expenditures that you incurred in the tax year (before January 1, 2014) for the purpose of determining the existence, location, extent, or quality of a mineral resource in Canada:

Prospecting .....	<b>810</b>
Geological, geophysical, or geochemical surveys .....	<b>811</b>
Drilling by rotary, diamond, percussion, or other methods .....	<b>812</b>
Trenching, digging test pits, and preliminary sampling .....	<b>813</b>

**Development:**

Pre-production mining expenditures incurred in the tax year for bringing a new mine in a mineral resource in Canada into production in reasonable commercial quantities and incurred before the new mine comes into production in such quantities:

Clearing, removing overburden, and stripping .....	<b>820</b>
Sinking a mine shaft, constructing an adit, or other underground entry .....	<b>821</b>

Other pre-production mining expenditures incurred in the tax year:

Description <b>825</b>	Amount <b>826</b>

**Child Care Spaces**

**Part 24 – Eligible child care spaces expenditures**

Enter the eligible expenditures that you incurred after March 18, 2007 and before March 22, 2017\* to create licensed child care spaces for the children of the employees and, potentially, for other children. You cannot be carrying on a child care services business. The eligible expenditures include:

- the cost of depreciable property (other than specified property); and
- the specified child care start-up expenditures.

Properties should be acquired and expenditures should be incurred only to create new child care spaces at a licensed child care facility.

**Cost of depreciable property from the current tax year**

Capital cost allowance class number	Description of investment	Date available for use	Amount of investment
<b>665</b>	<b>675</b>	<b>685</b>	<b>695</b>

**Recapture – Child Care Spaces**

**Part 28 – Recapture of ITC for corporations and partnerships – Child care spaces**

The ITC will be recovered against the taxpayer's tax otherwise payable under Part I of the Act if, at any time within 60 months of the day on which the taxpayer acquired the property:

- the new child care space is no longer available; or
- property that was an eligible expenditure for the child care space is:
  - disposed of or leased to a lessee; or
  - converted to another use.

If the property disposed of is a child care space, the amount that can reasonably be considered to have been included in the original ITC (paragraph 127(27.12)(a)) ..... **792**

In the case of eligible expenditures (paragraph 127(27.12)(b)), the lesser of:

The amount that can reasonably be considered to have been included in the original ITC ..... **795**

25% of either the proceeds of disposition (if sold in an arm's length transaction) or the fair market value (in any other case) of the property ..... **797**

Amount from line 795 or line 797, whichever is less ..... **A7**

**Partnerships**

As a member of the partnership, you will report your share of the child care spaces ITC of the partnership after the child care spaces ITC has been reduced by the amount of the recapture. If this amount is a positive amount, you will report it on line 782 in Part 26. However, if the partnership does not have enough ITC otherwise available to offset the recapture, then the amount by which reductions to ITC exceed additions (the excess) will be determined and reported on line 799 below.

Corporate partner's share of the excess of ITC **799**

**Total recapture of child care spaces investment tax credit** (total of line 792, amount A7, and line 799) ..... **B7**

Enter at amount B8 in Part 29.

## Taxable Capital Employed in Canada – Large Corporations

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 *Corporation Income Tax Return* no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 181(1) defines the terms **financial institution**, **long-term debt**, and **reserves**.
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4, **Taxable capital employed in Canada**.

### Part 1 – Capital

Add the following year-end amounts:

Reserves that have not been deducted in calculating income for the year under Part I	<b>101</b>		
Capital stock (or members' contributions if incorporated without share capital)	<b>103</b>	31,245,882	
Retained earnings	<b>104</b>	36,257,549	
Contributed surplus	<b>105</b>	25,459,207	
Any other surpluses	<b>106</b>		
Deferred unrealized foreign exchange gains	<b>107</b>		
All loans and advances to the corporation	<b>108</b>	85,326,465	
All indebtedness of the corporation represented by bonds, debentures, notes, mortgages, hypothecary claims, bankers' acceptances, or similar obligations	<b>109</b>		
Any dividends declared but not paid by the corporation before the end of the year	<b>110</b>		
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	<b>111</b>		
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	<b>112</b>		
Subtotal (add lines 101 to 112)		<b>178,289,103</b>	<b>178,289,103 A</b>

**Note:**

Line 112 is determined by the formula  $(A - B) \times C/D$  (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
  - a) those lines applied to partnerships in the same manner that they apply to corporations, and
  - b) those amounts were computed without reference to amounts owing by the partnership
    - (i) to any corporation that held a membership interest in the partnership either directly or indirectly through another partnership, or
    - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

Filed: August 31, 2020

Subtotal A (from page 1) <sup>1120 of 1407</sup> 178,289,103 A

**Part 1 – Capital (continued)**

**Deduct** the following amounts:

Deferred tax debit balance at the end of the year	<b>121</b>	
Any deficit deducted in calculating its shareholders' equity (including, for this purpose, the amount of any provision for the redemption of preferred shares) at the end of the year	<b>122</b>	
To the extent that the amount may reasonably be regarded as being included in any of lines 101 to 112 above for the year, any amount deducted under subsection 135(1) in calculating income under Part I for the year.	<b>123</b>	
Deferred unrealized foreign exchange losses at the end of the year	<b>124</b>	
Subtotal (add lines 121 to 124)		<b>B</b>
<b>Capital for the year</b> (amount A minus amount B) (if negative, enter "0")	<b>190</b>	<u>178,289,103</u>

**Part 2 – Investment allowance**

**Add** the carrying value at the end of the year of the following assets of the corporation:

A share of another corporation	<b>401</b>	
A loan or advance to another corporation (other than a financial institution)	<b>402</b>	<u>8,656</u>
A bond, debenture, note, mortgage, hypothecary claim, or similar obligation of another corporation (other than a financial institution)	<b>403</b>	
Long-term debt of a financial institution	<b>404</b>	
A dividend payable on a share of the capital stock of another corporation	<b>405</b>	
A loan or advance to, or a bond, debenture, note, mortgage, hypothecary claim or similar obligation of, a partnership each member of which was, throughout the year, another corporation (other than a financial institution) that was not exempt from tax under this Part (otherwise than because of paragraph 181.1(3)(d)), or another partnership described in paragraph 181.2(4)(d.1)	<b>406</b>	
An interest in a partnership (see note 2 below)	<b>407</b>	
<b>Investment allowance for the year</b> (add lines 401 to 407)	<b>490</b>	<u>8,656</u>

**Notes:**

1. Lines 401 to 405 should not include the carrying value of a share of the capital stock of, a dividend payable by, or indebtedness of a corporation that is exempt from tax under Part I.3 (other than a non-resident corporation that at no time in the year carried on business in Canada through a permanent establishment).
2. Where the corporation has an interest in a partnership held either directly or indirectly through another partnership, refer to subsection 181.2(5) for additional rules regarding the carrying value of an interest in a partnership.
3. Where a trust is used as a conduit for loaning money from a corporation to another related corporation (other than a financial institution), the loan will be considered to have been made directly from the lending corporation to the borrowing corporation. Refer to subsection 181.2(6) for special rules that may apply.

**Part 3 – Taxable capital**

Capital for the year (line 190)	<u>178,289,103</u>	<b>C</b>
<b>Deduct:</b> Investment allowance for the year (line 490)	<u>8,656</u>	<b>D</b>
<b>Taxable capital for the year</b> (amount C minus amount D) (if negative, enter "0")	<b>500</b>	<u>178,280,447</u>

# Attached Schedule with Total

Part 1 – All loans and advances to the corporation

Title Part 1 – All loans and advances to the corporation

Description	Operator (Note)	Amount
Current portion		1,044,472 00
LTD	+	82,834,630 00
Customer Deposits	+	1,447,363 00
	+	
<b>Total</b>		<b>85,326,465 00</b>

**Note:** The calculations are performed one at a time, from the first to the last line, and not according to the priority rules of the operations. For example, the formula 1+2\*3 will not result in the same thing as the formula 1+3\*2.

### General Rate Income Pool (GRIP) Calculation

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

On: 2019-12-31

- If you are a Canadian-controlled private corporation (CCPC) or a deposit insurance corporation (DIC), use this schedule to determine the general rate income pool (GRIP).
- Credit unions are **not** required to complete this schedule.
- All legislative references are to the Income Tax Act and the Income Tax Regulations.
- When an eligible dividend was paid in the tax year or there was a change in the GRIP balance, file a completed copy of this schedule with your T2 Corporation Income Tax Return. Do not send your worksheets with your return, but keep them in your records in case we ask to see them later.
- Subsection 89(1) defines the terms **eligible dividend**, **excessive eligible dividend designation**, **general rate income pool**, and **low rate income pool**.

#### Eligibility for the various additions

Answer the following questions to determine the corporation's eligibility for the various additions:

##### 2006 addition

1. Is this the corporation's first taxation year that includes January 1, 2006?  Yes  No
2. If not, what is the date of the taxation year end of the corporation's first year that includes January 1, 2006?  
 Enter the date and go directly to question 4
3. During that first year, was the corporation a CCPC or would it have been a CCPC if not for the election of subsection 89(11) ITA?  Yes  No  
**If the answer to question 3 is yes, complete Part "GRIP addition for 2006".**

##### Change in the type of corporation

4. Was the corporation a CCPC during its preceding taxation year?  Yes  No
5. Corporations that become a CCPC or a DIC  Yes  No  
**If the answer to question 5 is yes, complete Part 4.**

##### Amalgamation (first year of filing after amalgamation)

6. Corporations that were formed as a result of an amalgamation  Yes  No  
**If the answer to question 6 is yes, answer questions 7 and 8. If the answer is no, go to question 9.**
7. Was one or more of the predecessor corporations neither a CCPC nor a DIC?  Yes  No  
**If the answer to question 7 is yes, complete Part 4.**
8. Was one or more of the predecessor corporation a CCPC or a DIC during the taxation year that ended immediately before amalgamation?  Yes  No  
**If the answer to question 8 is yes, complete Part 3.**

##### Winding-up

9. Has the corporation wound-up a subsidiary in the preceding taxation year?  Yes  No  
**If the answer to question 9 is yes, answer questions 10 and 11. If the answer is no, go to Part 1.**
10. Was the subsidiary neither a CCPC nor a DIC during its last taxation year?  Yes  No  
**If the answer to question 10 is yes, complete Part 4.**
11. Was the subsidiary a CCPC or a DIC during its last taxation year?  Yes  No  
**If the answer to question 11 is yes, complete Part 3.**

**Part 1 – General rate income pool (GRIP)**

Filed: August 31, 2020

1125 of 1407

GRIP at the end of the previous tax year	100	28,932,694
Taxable income for the year (DICs enter "0") *	110	
Amount on line 400, 405, 410, and 427 or 428** of the T2 return, whichever is the least *	130	
For a CCPC, the lesser of aggregate investment income (line 440 of the T2 return) and taxable income *	140	
Subtotal (line 130 plus line 140)		A
Income taxable at the general corporate rate (line 110 minus amount A) (if negative enter "0")	150	
After-tax income (line 150 multiplied by 0.72 (the general rate factor for the tax year))	190	
Eligible dividends received in the tax year	200	
Dividends deductible under section 113 received in the tax year	210	
Subtotal (line 200 plus line 210)		B
Becoming a CCPC (amount W5 in Part 4)	220	
Post-amalgamation (total of amounts E4 in Part 3 and amounts W5 in Part 4)	230	
Post-wind-up (total of amounts E4 in Part 3 and amounts W5 in Part 4)	240	
Subtotal (add lines 220, 230, and 240)	290	
Subtotal (add lines 100, 190, 290, and amount B)		C 28,932,694
Eligible dividends paid in the previous tax year	300	
Excessive eligible dividend designations made in the previous tax year (If becoming a CCPC (subsection 89(4) applies), enter "0" on lines 300 and 310.)	310	
Subtotal (line 300 minus line 310)		D
GRIP before adjustment for specified future tax consequences (amount C minus amount D) (amount can be negative)	490	28,932,694
Total GRIP adjustment for specified future tax consequences to previous tax years (amount L3 in Part 2)	560	
<b>GRIP at the end of the tax year</b> (line 490 minus line 560)	<b>590</b>	<b>28,932,694</b>

Enter this amount on line 160 of Schedule 55.

\* For lines 110, 130, and 140, the income amount is the amount before considering specified future tax consequences. This phrase is defined in subsection 248(1). It includes the deduction of a loss carryback from subsequent tax years, a reduction of Canadian exploration expenses and Canadian development expenses that were renounced in subsequent tax years (e.g., flow-through share renunciations), reversals of income inclusions where an option is exercised in subsequent tax years, and the effect of certain foreign tax credit adjustments.

\*\* If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years**

Filed: August 31, 2020

Complete this part if the corporation's taxable income of any of the previous three tax years took into account the specified future tax consequences defined in subsection 248(1) from the current tax year. Otherwise, enter "0" on line 560.

First previous tax year 2018-12-31

Taxable income before specified future tax consequences from the current tax year ..... A1

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... B1

Aggregate investment income (line 440 of the T2 return) ..... C1

Subtotal (amount B1 plus amount C1) ..... D1

Subtotal (amount A1 minus amount D1) (if negative, enter "0") ..... E1

Future tax consequences that occur for the current year					
Amount carried back from the current year to a prior year					
Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F1

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... G1

Aggregate investment income (line 440 of the T2 return) ..... H1

Subtotal (amount G1 plus amount H1) ..... I1

Subtotal (amount F1 minus amount I1) (if negative, enter "0") ..... J1

Subtotal (amount E1 minus amount J1) (if negative, enter "0") ..... K1

**GRIP adjustment for specified future tax consequences to the first previous tax year**

(amount K1 multiplied by 0.72 ) ..... **500**

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years (continued)**

Second previous tax year 2017-12-31

Taxable income before specified future tax consequences from the current tax year ..... A2

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... B2

Aggregate investment income (line 440 of the T2 return) ..... C2

Subtotal (amount B2 plus amount C2) ..... D2

Subtotal (amount A2 minus amount D2) (if negative, enter "0") ..... E2

Future tax consequences that occur for the current year					
Amount carried back from the current year to a prior year					
Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F2

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... G2

Aggregate investment income (line 440 of the T2 return) ..... H2

Subtotal (amount G2 plus amount H2) ..... I2

Subtotal (amount F2 minus amount I2) (if negative, enter "0") ..... J2

Subtotal (amount E2 minus amount J2) (if negative, enter "0") ..... K2

**GRIP adjustment for specified future tax consequences to the second previous tax year**

(amount K2 multiplied by 0.72 ) ..... **520**

\*\* If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years (continued)**

Third previous tax year 2016-12-31

Taxable income before specified future tax consequences from the current tax year ..... A3

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... B3

Aggregate investment income (line 440 of the T2 return) ..... C3

Subtotal (amount B3 plus amount C3) ..... D3

Subtotal (amount A3 minus amount D3) (if negative, enter "0") ..... E3

Future tax consequences that occur for the current year					
Amount carried back from the current year to a prior year					
Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F3

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... G3

Aggregate investment income (line 440 of the T2 return) ..... H3

Subtotal (amount G3 plus amount H3) ..... I3

Subtotal (amount F3 minus amount I3) (if negative, enter "0") ..... J3

Subtotal (amount E3 minus amount J3) (if negative, enter "0") ..... K3

**GRIP adjustment for specified future tax consequences to the third previous tax year**

(amount K3 multiplied by 0.72 ) ..... **540**

**Total GRIP adjustment for specified future tax consequences to previous tax years:**

(add lines 500, 520, and 540) (if negative, enter "0") ..... L3

Enter amount L3 on line 560 in part 1.

\*\* If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

**Part 3 – Worksheet to calculate the GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year)**

**nb. 1** Post amalgamation . . .  Post wind-up . . . . .

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary corporation was a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last tax year. Keep a copy of this calculation for your records, in case we ask to see it later.

Corporation's GRIP at the end of its last tax year . . . . .	_____	A4
Eligible dividends paid by the corporation in its last tax year . . . . .	_____ B4	
Excessive eligible dividend designations made by the corporation in its last tax year . . . . .	_____ C4	
Subtotal (amount B4 minus amount C4) _____	_____ D4	
<b>GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year)</b> (amount A4 minus amount D4) . . . . .	_____ E4	

After you complete this calculation for each predecessor and each subsidiary, calculate the total of all the E4 amounts. Enter this total amount on:

- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

CLIENT COPY

**Part 4 – Worksheet to calculate the GRIP addition post-amalgamation, post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC**

**nb. 1** Corporation becoming a CCPC  Post amalgamation  Post wind-up

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary was not a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last year. Keep a copy of this calculation for your records, in case we ask to see it later.

Cost amount to the corporation of all property immediately before the end of its previous/last tax year ..... A5

The corporation's money on hand immediately before the end of its previous/last tax year ..... B5

Total of subsection 111(1) losses that would have been deductible in calculating the corporation's taxable income for the previous/last tax year if the corporation had had unlimited income from each business carried on and each property held and had realized an unlimited amount of capital gains for the previous/last tax year:

Non-capital losses ..... C5  
 Net capital losses ..... D5  
 Farm losses ..... E5  
 Restricted farm losses ..... F5  
 Limited partnership losses ..... G5  
 Subtotal (add amounts C5 to G5) ..... H5

Total of all amounts deducted under subsection 111(1) in calculating the corporation's taxable income for the previous/last tax year:

Non-capital losses ..... I5  
 Net capital losses ..... J5  
 Farm losses ..... K5  
 Restricted farm losses ..... L5  
 Limited partnership losses ..... M5  
 Subtotal (add amounts I5 to M5) ..... N5

Unused and unexpired losses at the end of the corporation's previous/last tax year (amount H5 minus amount N5) ..... O5

Subtotal (add amounts A5, B5, and O5) ..... P5

All the corporation's debts and other obligations to pay that were outstanding immediately before the end of its previous/last tax year ..... Q5

Paid-up capital of all the corporation's issued and outstanding shares of capital stock immediately before the end of its previous/last tax year ..... R5

All the corporation's reserves deducted in its previous/last tax year ..... S5

The corporation's capital dividend account immediately before the end of its previous/last tax year ..... T5

The corporation's low rate income pool immediately before the end of its previous/last tax year ..... U5

Subtotal (add amounts Q5 to U5) ..... V5

**GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC (amount P5 minus amount V5) (if negative, enter "0") ..... W5**

After you complete this worksheet for each predecessor and each subsidiary, calculate the total of all the W5 amounts. Enter this total amount on:

- line 220 for a corporation becoming a CCPC;
- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

**Part III.1 Tax on Excessive Eligible Dividend Designations**

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

**Do not use this area**

- Every corporation resident in Canada that pays a taxable dividend (other than a capital gains dividend within the meaning assigned by subsection 130.1(4) or 131(1)) in the tax year must file this schedule.
- Canadian-controlled private corporations (CCPC) and deposit insurance corporations (DIC) must complete Part 1 of this schedule. All other corporations must complete Part 2.
- Every corporation that has paid an eligible dividend must also file Schedule 53, *General Rate Income Pool (GRIP) Calculation*, or Schedule 54, *Low Rate Income Pool (LRIP) Calculation*, whichever is applicable.
- File the completed schedules with your *T2 Corporation Income Tax Return* no later than six months from the end of the tax year.
- All legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 89(1) defines the terms eligible dividend, excessive eligible dividend designation, general rate income pool (GRIP), and low rate income pool (LRIP).
- The calculations in Part 1 and Part 2 do not apply if the excessive eligible dividend designation arises from the application of paragraph (c) of the definition of excessive eligible dividend designation in subsection 89(1). This paragraph applies when an eligible dividend is paid to artificially maintain or increase the GRIP or to artificially maintain or decrease the LRIP.

**Part 1 – Canadian-controlled private corporations and deposit insurance corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3		
Taxable dividends paid in the tax year <b>included</b> in Schedule 3		1,400,000
<b>Total taxable dividends paid in the tax year</b>	<b>100</b>	<b>1,400,000</b>
Total eligible dividends paid in the tax year		<b>150</b>
GRIP at the end of the tax year (line 590 on Schedule 53) (if negative, enter "0")		<b>160</b> 28,932,694
Excessive eligible dividend designation (line 150 <b>minus</b> line 160)		C
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *		<b>180</b>
Subtotal (amount C <b>minus</b> amount D)		E
<b>Part III.1 tax on excessive eligible dividend designations – CCPC or DIC</b> (amount E multiplied by 20%)		<b>190</b>
Enter the amount from line 190 on line 710 of the T2 return.		

**Part 2 – Other corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3		
Taxable dividends paid in the tax year <b>included</b> in Schedule 3		
<b>Total taxable dividends paid in the tax year</b>	<b>200</b>	
Total excessive eligible dividend designations in the tax year (amount from line A of Schedule 54)		G
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *		<b>280</b>
Subtotal (amount G <b>minus</b> amount H)		I
<b>Part III.1 tax on excessive eligible dividend designations – Other corporations</b> (amount I multiplied by 20%)		<b>290</b>
Enter the amount from line 290 on line 710 of the T2 return.		

\* You can elect to treat all or part of your excessive eligible dividend designation as a separate taxable dividend in order to eliminate or reduce the Part III.1 tax otherwise payable. You must file the election on or before the day that is 90 days **after** the day the notice of assessment for Part III.1 tax was sent. We will accept an election before the assessment of the tax. For more information on how to make this election, go to [www.cra.gc.ca/eligibledividends](http://www.cra.gc.ca/eligibledividends).

**CORPORATIONS INFORMATION ACT ANNUAL RETURN FOR ONTARIO CORPORATIONS**

Name of corporation <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
---	---	---

- This schedule should be completed by a corporation that is incorporated, continued, or amalgamated in Ontario and subject to the Ontario *Business Corporations Act* (BCA) or Ontario *Corporations Act* (CA), except for registered charities under the federal *Income Tax Act*. This completed schedule serves as a *Corporations Information Act* Annual Return under the *Ontario Corporations Information Act*.
- Complete parts 1 to 4. Complete parts 5 to 7 only to report change(s) in the information recorded on the Ontario Ministry of Government Services (MGS) public record.
- This schedule must set out the required information for the corporation as of the date of delivery of this schedule.
- A completed Ontario *Corporations Information Act* Annual Return must be delivered within six months after the end of the corporation's tax year-end. The MGS considers this return to be delivered on the date that it is filed with the Canada Revenue Agency (CRA) together with the corporation's income tax return.
- It is the corporation's responsibility to ensure that the information shown on the MGS public record is accurate and up-to-date. To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. Visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca) for more information.
- This schedule contains non-tax information collected under the authority of the Ontario *Corporations Information Act*. This information will be sent to the MGS for the purposes of recording the information on the public record maintained by the MGS.

**Part 1 – Identification**

<b>100</b> Corporation's name (exactly as shown on the MGS public record) <b>NIAGARA PENINSULA ENERGY INC.</b>		
Jurisdiction incorporated, continued, or amalgamated, whichever is the most recent <b>Ontario</b>	<b>110</b> Date of incorporation or amalgamation, whichever is the most recent Year Month Day <b>2008-01-01</b>	<b>120</b> Ontario Corporation No. <b>1746865</b>

**Part 2 – Head or registered office address (P.O. box not acceptable as stand-alone address)**

<b>200</b> Care of (if applicable) <b>SUZANNE WILSON</b>			
<b>210</b> Street number <b>7447</b>	<b>220</b> Street name/Rural route/Lot and Concession number <b>PIN OAK DRIVE</b>	<b>230</b> Suite number	
<b>240</b> Additional address information if applicable (line 220 must be completed first) <b>PO BOX 120</b>			
<b>250</b> Municipality (e.g., city, town) <b>NIAGARA FALLS</b>	<b>260</b> Province/state <b>ON</b>	<b>270</b> Country <b>CA</b>	<b>280</b> Postal/zip code <b>L2E 6S9</b>

**Part 3 – Change identifier**

Have there been any changes in any of the information most recently filed for the public record maintained by the MGS for the corporation with respect to names, addresses for service, and the date elected/appointed and, if applicable, the date the election/appointment ceased of the directors and five most senior officers, or with respect to the corporation's mailing address or language of preference? To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. For more information, visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca).

- 300**  **1** If there have been no changes, enter **1** in this box and then go to "Part 4 – Certification."  
 **2** If there are changes, enter **2** in this box and complete the applicable parts on the next page, and then go to "Part 4 – Certification."

**Part 4 – Certification**

I certify that all information given in this *Corporations Information Act* Annual Return is true, correct, and complete.

<b>450</b> <u>WILSON</u>	<b>451</b> <u>SUZANNE</u>
Last name	First name
<b>454</b> _____ , Middle name(s)	

- 460**  **2** Please enter one of the following numbers in this box for the above-named person: **1** for director, **2** for officer, or **3** for other individual having knowledge of the affairs of the corporation. If you are a director and officer, enter **1** or **2**.

Note: Sections 13 and 14 of the Ontario *Corporations Information Act* provide penalties for making false or misleading statements or omissions.

Complete the applicable parts to report changes in the information recorded on the MGS public record.

**Part 5 – Mailing address**

<b>500</b>	<input type="checkbox"/>	Please enter one of the following numbers in this box:			
		1 - Show no mailing address on the MGS public record.			
		2 - The corporation's mailing address is the same as the head or registered office address in Part 2 of this schedule.			
		3 - The corporation's complete mailing address is as follows:			
<b>510</b>	Care of (if applicable)				
<b>520</b>	Street number	<b>530</b>	Street name/Rural route/Lot and Concession number	<b>540</b>	Suite number
<b>550</b>	Additional address information if applicable (line 530 must be completed first)				
<b>560</b>	Municipality (e.g., city, town)	<b>570</b>	Province/state	<b>580</b>	Country
				<b>590</b>	Postal/zip code

**Part 6 – Language of preference**

<b>600</b>	<input type="checkbox"/>	Indicate your language of preference by entering 1 for English or 2 for French. This is the language of preference recorded on the MGS public record for communications with the corporation. It may be different from line 990 on the T2 return.

# T2 Corporation Income Tax Return

200

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see [canada.ca/taxes](http://canada.ca/taxes) or Guide T4012, T2 Corporation – Income Tax Guide.

CLIENT COPY

# Inducement

This form is used to calculate inducements that a corporation must add to its income under paragraph 12(1)(x) ITA. If an amount reduces the capital cost of a property, this amount will be indicated in Part "Tax credits whose amount should reduce the capital cost of property."

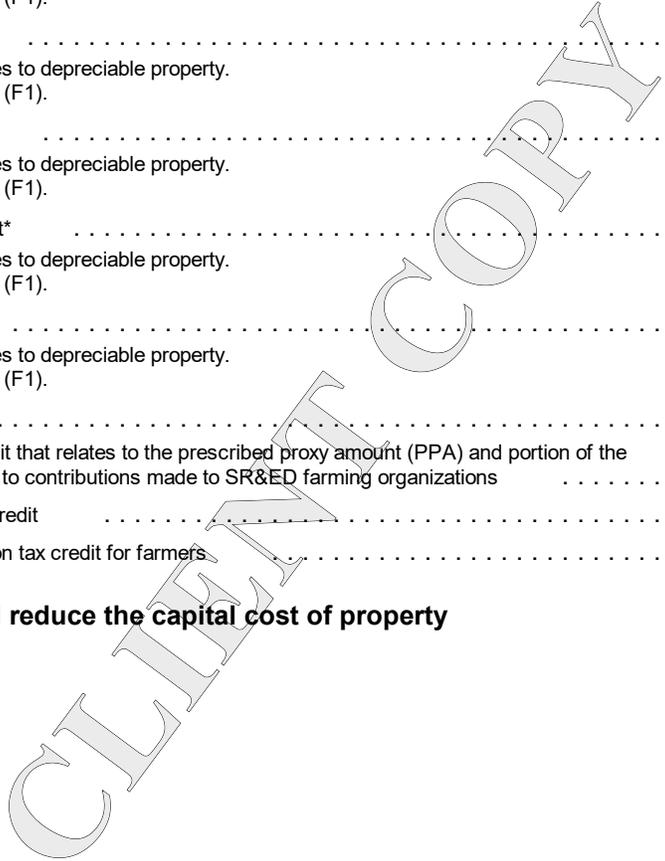

If you want to transfer an amount to Schedule 1 and include it in the corporation's income for tax purposes, select the corresponding check box in column A. You can also select the option **Select this check box to add all the amounts to income calculated in Schedule 1** to transfer all the amounts to Schedule 1. In either case, the column A check box will be selected for that amount and it will therefore be updated to Schedule 1.

## Tax credits whose amount should be added to income

## Tax credits whose amount should reduce the capital cost of property

## Charitable Donations and Gifts

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- For use by corporations to claim any of the following:
  - the eligible amount of charitable donations to qualified donees
  - the Ontario, Nova Scotia, and British Columbia food donation tax credits for farmers
  - the eligible amount of gifts of certified cultural property
  - the eligible amount of gifts of certified ecologically sensitive land or
  - the additional deduction for gifts of medicine made before March 22, 2017
- All legislative references are to the federal Income Tax Act, unless stated otherwise.
- The eligible amount of a gift is the amount by which the fair market value of the gifted property exceeds the amount of an advantage, if any, for the gift.
- The donations and gifts can be carried forward for 5 years except for gifts of certified ecologically sensitive land made after February 10, 2014, which can be carried forward for 10 years. Provincial food donation tax credits must be applied in the current tax year.
- Use this schedule to show a transfer of unused amounts from previous years following an amalgamation or the wind-up of a subsidiary as described under subsections 87(1) and 88(1).
- Subsection 110.1(1.2) provides as follows:
  - Where a particular corporation has undergone an acquisition of control, for tax years that end on or after the acquisition of control, no corporation can claim a deduction for a gift made by the particular corporation to a qualified donee before the acquisition of control.
  - If a particular corporation makes a gift to a qualified donee pursuant to an arrangement under which both the gift and the acquisition of control is expected, no corporation can claim a deduction for the gift unless the person acquiring control of the particular corporation is the qualified donee.
- An eligible medical gift made before March 22, 2017, to a qualifying organization for activities outside of Canada may be eligible for an additional deduction. Calculate the additional deduction in Part 5.
- File this schedule with your T2 Corporation Income Tax Return.
- For more information, see the T2 Corporation – Income Tax Guide.

The amount of qualifying donations for the Ontario community food program donation tax credit for farmers included in the amount on line 260 (for donations made after December 31, 2013) <b>262</b>			
Ontario community food program donation tax credit for farmers (amount on line 262 <b>multiplied</b> by 25%) <b>1</b>			
Enter amount 1 on line 420 of Schedule 5, Tax Calculation Supplementary – Corporations. The maximum you can claim in the current year is whichever is less: the Ontario income tax otherwise payable or amount 1. For more information, see section 103.1.2 of the Taxation Act, 2007 (Ontario).			
The amount of qualifying donations for the Nova Scotia food bank tax credit for farmers included in the amount on line 260 (for donations made after December 31, 2015) <b>263</b>			
Nova Scotia food bank tax credit for farmers (amount on line 263 <b>multiplied</b> by 25%) <b>2</b>			
Enter amount 2 on line 570 of Schedule 5, Tax Calculation Supplementary – Corporations. The maximum you can claim in the current year is whichever is less: the Nova Scotia income tax otherwise payable or amount 2. For more information, see section 50A of the Nova Scotia Income Tax Act.			
The amount of qualifying gifts for the British Columbia farmers' food donation tax credit included in the amount on line 260 (for donations made after February 16, 2016 and before January 1, 2021) <b>265</b>			
British Columbia farmers' food donation tax credit (amount on line 265 <b>multiplied</b> by 25%) <b>3</b>			
Enter amount 3 on line 683 of Schedule 5, Tax Calculation Supplementary – Corporations. The maximum you can claim in the current year is whichever is less: the British Columbia income tax otherwise payable or amount 3. For more information, see section 20.1 of the British Columbia Income Tax Act.			

\* For federal and Alberta tax purposes, donations and gifts expire after five tax years. For Québec tax purposes, donations and gifts made in a tax year that ended before March 24, 2006, expire after five tax years; otherwise, donations and gifts expire after twenty tax years.

### Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Corporations must use this schedule to report:
  - non-taxable dividends under section 83;
  - deductible dividends under subsection 138(6);
  - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d); or
  - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3).
- All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations.
- A recipient corporation is **connected** with a payer corporation at any time in a tax year, if at that time the recipient corporation:
  - controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b); or
  - owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation.
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 – Enter "X" if dividends were received from a foreign source.
- Column F1 – Enter the code that applies to the deductible taxable dividend.

**Part 1 – Dividends received in the tax year**

- Do **not** include dividends received from foreign non-affiliates.
  - Complete columns B, C, D, H and I **only** if the payer corporation is **connected**.
- Important instructions to follow if the payer corporation is connected**
- If your corporation's tax year-end is different than that of the **connected** payer corporation, dividends could have been received from more than one tax year of the payer corporation. If so, **use a separate line** to provide the information according to each tax year of the payer corporation.
  - When completing column J and K use the **special calculations provided in the notes**.

	A1	B	C	D	E
A Name of payer corporation (from which the corporation received the dividend)		Enter 1 if payer corporation is <b>connected</b>	Business Number of <b>connected</b> corporation	Tax year-end of the payer corporation in which the sections 112/113 and subsection 138(6) dividends in column F were paid YYYYMMDD	Non-taxable dividends under section 83
<b>200</b>		<b>205</b>	<b>210</b>	<b>220</b>	<b>230</b>
1		2			
<b>Total of column E</b> (enter amount on line 402 of Schedule 1)					

**Part 1 – Dividends received in the tax year (continued)**

F Taxable dividends deductible from taxable income under section 112, subsections 113(2) and 138(6), and paragraphs 113(1)(a), (a.1), (b), or (d) <sup>note 1</sup>	F1	G Eligible dividends included in column F	H Total taxable dividends paid by <b>connected</b> payer corporation (for tax year in column D)	I Dividend refund of the <b>connected</b> payer corporation (for tax year in column D) <sup>note 2</sup>	J Part IV tax for eligible dividends. Dividends (from column G) <b>multiplied</b> by 38 1/3% <sup>note 3</sup>	K Part IV tax before deductions. Dividends (from column F) <b>multiplied</b> by 38 1/3% <sup>note 4</sup>
<b>240</b>		<b>242</b>	<b>250</b>	<b>260</b>	<b>265</b>	<b>275</b>
1						

Taxable dividends received from connected corporations (total amounts from column F with code 1 in column B)	1A
Taxable dividends received from non-connected corporations (total amounts from column F with code 2 in column B)	1B
Subtotal (amount 1A <b>plus</b> amount 1B, include this amount on line 320 of the T2 Return)	1C
Eligible dividends received from connected corporations (total amounts from column G with code 1 in column B)	1D
Eligible dividends received from non-connected corporations (total amounts from column G with code 2 in column B)	1E
Part IV tax before deductions on taxable dividends received from connected corporations (total amounts from column K with code 1 in column B)	1F
Part IV tax before deductions on taxable dividends received from non-connected corporations (total amounts from column K with code 2 in column B)	1G
Subtotal (amount 1F <b>plus</b> amount 1G)	1H
Part IV tax on eligible dividends received from connected corporations (total amounts from column J with code 1 in column B)	1I
Part IV tax on eligible dividends received from non-connected corporations (total amounts from column J with code 2 in column B)	1J
Subtotal (amount 1I <b>plus</b> amount 1J)	1K
Part IV tax before deductions on taxable dividends (other than eligible dividends) (amount 1H <b>minus</b> amount 1K)	1L

- 1 If taxable dividends are received, enter the amount in column F, but if the corporation is not subject to Part IV tax (such as a public corporation other than a subject corporation as defined in subsection 186(3)), enter "0" in column J or column K whichever one applies. Life insurers are not subject to Part IV tax on subsection 138(6) dividends.
- 2 If the connected payer corporation's tax year ends after the corporation's balance-due day for the tax year (two or three months, as applicable), you have to estimate the payer's dividend refund when you calculate the corporation's Part IV tax payable.
- 3 For eligible dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column G.
- 4 For taxable dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column F.

CLIENT COPY

**Part 2 – Calculation of Part IV tax payable**

Part IV tax on dividends received before deductions (amount 1H in part 1) ..... 2A

Part IV.I tax payable on dividends subject to Part IV tax (from line 360 of Schedule 43) ..... **320**

Subtotal (amount 2A minus line 320) ..... 2B

Current-year non-capital loss claimed to reduce Part IV tax ..... **330**

Non-capital losses from previous years claimed to reduce Part IV tax ..... **335**

Current-year farm loss claimed to reduce Part IV tax ..... **340**

Farm losses from previous years claimed to reduce Part IV tax ..... **345**

Total losses applied against Part IV tax (total of lines 330 to 345) ..... 2C

Amount 2C multiplied by 38 1 / 3 % ..... 2D

**Part IV tax payable** (amount 2B minus amount 2D, if negative enter "0") ..... **360**

(enter amount on line 712 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax before deductions on taxable dividends received from connected corporations <sup>note 5</sup> (amount 1F in part 1) ..... 2E

Amount 4A from Schedule 43 ..... 2F

**Part IV tax payable on taxable dividends received from connected corporations** (amount 2E minus amount 2F, if negative enter "0") ..... 2G

(enter at amount L on page 7 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax on eligible dividends received from non-connected corporations (amount 1J in part 1) ..... 2H

Amount 4C from Schedule 43 ..... 2I

**Part IV tax payable on eligible dividends received from non-connected corporations** (amount 2H minus amount 2I, if negative enter "0") ..... 2J

(enter at amount M on page 7 of the T2 return)

5 The program calculates the amount on line 2E from the amount on line 1F. If only a portion of the dividend refund to the connected payer corporation results in an eligible refundable dividend tax on hand (ERDTH), enter this amount on line 2E, using an override. However, if the dividend refund to the connected payer corporation does not result in an ERDTH, the amount on line 2E must be equal to "0."

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund**

If your corporation's tax year-end is different than that of the connected recipient corporation, your corporation could have paid dividends in more than one tax year of the recipient corporation. If so, use a separate line to provide the information according to each tax year of the recipient corporation.

	L Name of connected recipient corporation	M Business Number	N Tax year-end of connected recipient corporation in which the dividends in column O were received YYYYMMDD	O Taxable dividends paid to connected corporations	P Eligible dividends included in column O

Total taxable dividends paid in the tax year that qualify for a dividend refund (total of column O plus line 450)	460	1,400,000
Total eligible dividends paid in the tax year (total of column P plus line 455)	465	
Total non-eligible taxable dividends paid in the tax year (line 460 minus line 465)	470	1,400,000
Complete this part to determine the following amounts in order to calculate the dividend refund.		
Line 465 multiplied by 38 1 / 3 % (enter at amount AA on page 7 of the T2 return)		3A
Line 470 multiplied by 38 1 / 3 % (enter at amount DD on page 7 of the T2 return)		536,667 3B

**Part 4 – Total dividends paid in the tax year**

Complete this part if the total taxable dividends paid in the tax year that qualify for a dividend refund (line 460) is different from the total dividends paid in the tax year.

Total taxable dividends paid in the tax year for the purposes of a dividend refund (from above)		1,400,000
Other dividends paid in the tax year (total of 510 to 540)		
Total dividends paid in the tax year	500	1,400,000
Dividends paid out of capital dividend account	510	
Capital gains dividends	520	
Dividends paid on shares described in subsection 129(1.2)	530	
Taxable dividends paid to a controlling corporation that was bankrupt at any time in the year	540	
Subtotal (total of lines 510 to 540)		4A
<b>Total taxable dividends paid in the tax year that qualify for a dividend refund (Line 500 minus amount 4A)</b>		1,400,000 4B

### Corporation Loss Continuity and Application

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this form to determine the continuity and use of available losses; to determine a current-year non-capital loss, farm loss, restricted farm loss, or limited partnership loss; to determine the amount of restricted farm loss and limited partnership loss that can be applied in a year; and to ask for a loss carryback to previous years.
- A corporation can choose whether or not to deduct an available loss from income in a tax year. The corporation can deduct losses in any order. However, for each type of loss, deduct the oldest loss first.
- According to subsection 111(4) of the *Income Tax Act*, when control has been acquired, no amount of capital loss incurred for a tax year ending before that time is deductible in computing taxable income in a tax year ending after that time. Also, no amount of capital loss incurred in a tax year ending after that time is deductible in computing taxable income of a tax year ending before that time.
- When control has been acquired, subsection 111(5) provides for similar treatment of non-capital and farm losses, except as listed in paragraphs 111(5)(a) and (b).
- For information on these losses, see the *T2 Corporation – Income Tax Guide*.
- File one completed copy of this schedule with the T2 return, or send the schedule by itself to the tax centre where the return is filed.
- All legislative references are to the *Income Tax Act*.

#### Part 1 – Non-capital losses

##### Determination of current-year non-capital loss

Net income (loss) for income tax purposes	-1,395,515	A
<b>Deduct:</b> (increase a loss)		
Net capital losses deducted in the year (enter as a positive amount)	a	
Taxable dividends deductible under section 112 or subsections 113(1) or 138(6)	b	
Amount of Part VI.1 tax deductible under paragraph 110(1)(k)	c	
Amount deductible as prospector's and grubstaker's shares – Paragraph 110(1)(d.2)	d	
Amount of an employer for non-qualified securities under an employee stock options agreement deductible under paragraph 110(1)(e)	1d	
Subtotal (total of amounts a to 1d)	B	
Subtotal (amount A minus amount B; if positive, enter "0")	-1,395,515	C
<b>Deduct:</b> (increase a loss)		
Section 110.5 or subparagraph 115(1)(a)(vii) – Addition for foreign tax deductions	D	
Subtotal (amount C minus amount D)	-1,395,515	E
<b>Add:</b> (decrease a loss)		
Current-year farm loss (the lesser of: the net loss from farming or fishing included in income and the non-capital loss before deducting the farm loss)	F	
Current-year non-capital loss (amount E plus amount F; if positive, enter "0")	-1,395,515	G
If amount G is negative, enter it on line 110 as a positive.		

##### Continuity of non-capital losses and request for a carryback

Non-capital loss at the end of the previous tax year	634,419	e
<b>Deduct:</b> Non-capital loss expired (note 1)	100	f
Non-capital losses at the beginning of the tax year (amount e minus amount f)	102 634,419	H
<b>Add:</b>		
Non-capital losses transferred on an amalgamation or on the wind-up of a subsidiary (note 2) corporation	105	g
Current-year non-capital loss (from amount G)	110 1,395,515	h
Subtotal (amount g plus amount h)	1,395,515	I
Subtotal (amount H plus amount I)	2,029,934	J

Note 1: A non-capital loss expires as follows:

- after 10 tax years if it arose in a tax year ending after March 22, 2004, and before 2006; and
- after 20 tax years if it arose in a tax year ending after 2005.

An allowable business investment loss becomes a net capital loss after 10 tax years if it arose in a tax year ending after March 22, 2004.

Note 2: Subsidiary is defined in subsection 88(1) as a taxable Canadian corporation of which 90% or more of each class of issued shares are owned by its parent corporation and the remaining shares are owned by persons that deal at arm's length with the parent corporation.

**Part 1 – Non-capital losses (continued)**

<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	150	i	
Section 80 – Adjustments for forgiven amounts	140	j	
Subsection 111(10) – Adjustments for fuel tax rebate		j.1	
Non-capital losses of previous tax years applied in the current tax year	130	k	
Enter amount k on line 331 of the T2 Return.			
Current and previous year non-capital losses applied against current-year taxable dividends subject to Part IV tax (note 3)	135	l	
Subtotal (total of amounts i to l)			K
Non-capital losses before any request for a carryback (amount J minus amount K)			2,029,934 L

**Deduct – Request to carry back non-capital loss to:**

First previous tax year to reduce taxable income	901	m	
Second previous tax year to reduce taxable income	902	n	
Third previous tax year to reduce taxable income	903	o	
First previous tax year to reduce taxable dividends subject to Part IV tax	911	p	
Second previous tax year to reduce taxable dividends subject to Part IV tax	912	q	
Third previous tax year to reduce taxable dividends subject to Part IV tax	913	r	
Total of requests to carry back non-capital losses to previous tax years (total of amounts m to r)			M
Closing balance of non-capital losses to be carried forward to future tax years (amount L minus amount M)			180 2,029,934 N

Note 3: Amount l is the total of lines 330 and 335 from Schedule 3, *Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation*.

**Part 2 – Capital losses**

**Continuity of capital losses and request for a carryback**

Capital losses at the end of the previous tax year	200	a	
Capital losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	205	b	
Subtotal (amount a plus amount b)			A

<b>Deduct:</b>			
Other adjustments (includes adjustments for an acquisition of control)	250	c	
Section 80 – Adjustments for forgiven amounts	240	d	
Subtotal (amount c plus amount d)			B
Subtotal (amount A minus amount B)			C

<b>Add:</b> Current-year capital loss (from the calculation on Schedule 6, <i>Summary of Dispositions of Capital Property</i> )	210	D	
Unused non-capital losses that expired in the tax year (note 4)		e	
Allowable business investment losses (ABILs) that expired as non-capital losses at the end of the previous tax year (note 5)		f	
Enter amount e or f, whichever is less	215	g	
ABILs expired as non-capital losses: line 215 multiplied by 2,000000		220	E
Subtotal (total of amounts C to E)			F

**Note**

If there has been an amalgamation or a wind-up of a subsidiary, do a separate calculation of the ABIL expired as non-capital loss for each predecessor or subsidiary corporation. Add all these amounts and enter the total on line 220 above.

Note 4: If the loss was incurred in a tax year ending after March 22, 2004, determine the amount of the loss from the 11th previous tax year and enter the part of that loss that was not used in previous years and the current year on line e.

Note 5: If the ABILs were incurred in a tax year ending after March 22, 2004, enter the amount of the ABILs from the 11th previous tax year. Enter the full amount on line f.

**Part 2 – Capital losses (continued)**

Filed: August 31, 2020  
 1169 of 1407

**Deduct:** Capital losses from previous tax years applied against the current-year net capital gain (note 6) ..... **225** \_\_\_\_\_ G  
 Capital losses before any request for a carryback (amount F **minus** amount G) \_\_\_\_\_ H

**Deduct – Request to carry back capital loss to (note 7):**

	Capital gain (100%)	Amount carried back (100%)	
First previous tax year .....	<b>951</b>	_____	h
Second previous tax year .....	<b>952</b>	_____	i
Third previous tax year .....	<b>953</b>	_____	j
	Subtotal (total of amounts h to j) _____		I
	Closing balance of capital losses to be carried forward to future tax years (amount H <b>minus</b> amount I) <b>280</b>		J

Note 6: To get the net capital losses required to reduce the taxable capital gain included in the net income (loss) for the current-year tax, enter the amount from line 225 **divided** by 2 at line 332 of the T2 return.

Note 7: On line 225, 951, 952, or 953, whichever applies, enter the actual amount of the loss. When the loss is applied, divide this amount by 2. The result represents the 50% inclusion rate.

**Part 3 – Farm losses**

**Continuity of farm losses and request for a carryback**

Farm losses at the end of the previous tax year ..... a  
**Deduct:** Farm loss expired (note 8) ..... **300** \_\_\_\_\_ b  
 Farm losses at the beginning of the tax year (amount a **minus** amount b) ..... **302** \_\_\_\_\_ A

**Add:**

Farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation ... **305** \_\_\_\_\_ c  
 Current-year farm loss (amount F in Part 1) ..... **310** \_\_\_\_\_ d  
 Subtotal (amount c **plus** amount d) \_\_\_\_\_ B  
 Subtotal (amount A **plus** amount B) \_\_\_\_\_ C

**Deduct:**

Other adjustments (includes adjustments for an acquisition of control) ..... **350** \_\_\_\_\_ e  
 Section 80 – Adjustments for forgiven amounts ..... **340** \_\_\_\_\_ f  
 Farm losses of previous tax years applied in the current tax year ..... **330** \_\_\_\_\_ g  
 Enter amount g on line 334 of the T2 Return.  
 Current and previous year farm losses applied against current-year taxable dividends subject to Part IV tax (note 9) ..... **335** \_\_\_\_\_ h  
 Subtotal (total of amounts e to h) \_\_\_\_\_ D  
 Farm losses before any request for a carryback (amount C **minus** amount D) \_\_\_\_\_ E

**Deduct – Request to carry back farm loss to:**

First previous tax year to reduce taxable income ..... **921** \_\_\_\_\_ i  
 Second previous tax year to reduce taxable income ..... **922** \_\_\_\_\_ j  
 Third previous tax year to reduce taxable income ..... **923** \_\_\_\_\_ k  
 First previous tax year to reduce taxable dividends subject to Part IV tax ..... **931** \_\_\_\_\_ l  
 Second previous tax year to reduce taxable dividends subject to Part IV tax ..... **932** \_\_\_\_\_ m  
 Third previous tax year to reduce taxable dividends subject to Part IV tax ..... **933** \_\_\_\_\_ n  
 Subtotal (total of amounts i to n) \_\_\_\_\_ F  
 Closing balance of farm losses to be carried forward to future tax years (amount E **minus** amount F) **380** \_\_\_\_\_ G

Note 8: A farm loss expires as follows:  
 • after **10** tax years if it arose in a tax year ending before 2006; and  
 • after **20** tax years if it arose in a tax year ending after 2005.

Note 9: Amount h is the total of lines 340 and 345 from Schedule 3.

**Part 4 – Restricted farm losses**

**Current-year restricted farm loss**

Total losses for the year from farming business	485	A
<b>Minus</b> the deductible farm loss:		
(amount A above _____ – \$2,500) <b>divided by 2 =</b> _____ a		
Amount a or \$ 15,000 (note 10), whichever is less	2,500	b
	2,500	c
Subtotal (amount b <b>plus</b> amount c)	2,500	B
Current-year restricted farm loss (amount A <b>minus</b> amount B)		C

**Continuity of restricted farm losses and request for a carryback**

Restricted farm losses at the end of the previous tax year		d
<b>Deduct:</b> Restricted farm loss expired (note 11)	400	e
Restricted farm losses at the beginning of the tax year (amount d <b>minus</b> amount e)	402	D
<b>Add:</b>		
Restricted farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	405	f
Current-year restricted farm loss (from amount C)	410	g
Enter amount g on line 233 of Schedule 1, <i>Net Income (Loss) for Income Tax Purposes</i> .		
Subtotal (amount f <b>plus</b> amount g)		E
Subtotal (amount D <b>plus</b> amount E)		F

**Deduct:**

Restricted farm losses from previous tax years applied against current farming income	430	h
Enter amount h on line 333 of the T2 return.		
Section 80 – Adjustments for forgiven amounts	440	i
Other adjustments	450	j
Subtotal (total of amounts h to j)		G
Restricted farm losses before any request for a carryback (amount F <b>minus</b> amount G)		H

**Deduct – Request to carry back restricted farm loss to:**

First previous tax year to reduce farming income	941	k
Second previous tax year to reduce farming income	942	l
Third previous tax year to reduce farming income	943	m
Subtotal (total of amounts k to m)		I
Closing balance of restricted farm losses to be carried forward to future tax years (amount H <b>minus</b> amount I)	480	J

**Note**

The total losses for the year from all farming businesses are calculated without including scientific research expenses.

Note 10: For tax years that end before March 21, 2013, use \$6,250 instead of \$15,000.

Note 11: A restricted farm loss expires as follows:

- after **10** tax years if it arose in a tax year ending before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

**Part 5 – Listed personal property losses**

**Continuity of listed personal property loss and request for a carryback**

Listed personal property losses at the end of the previous tax year ..... a

**Deduct:** Listed personal property loss expired after 7 tax years ..... **500** ..... b

Listed personal property losses at the beginning of the tax year (amount a **minus** amount b) ... **502** ..... **A**

**Add:** Current-year listed personal property loss (from Schedule 6) ..... **510** ..... **B**

Subtotal (amount A **plus** amount B) ..... **C**

**Deduct:**

Listed personal property losses from previous tax years applied against listed personal property gains ..... **530** ..... c  
Enter amount c on line 655 of Schedule 6.

Other adjustments ..... **550** ..... d

Subtotal (amount c **plus** amount d) ..... **D**

Listed personal property losses remaining before any request for a carryback (amount C **minus** amount D) ..... **E**

**Deduct – Request to carry back listed personal property loss to:**

First previous tax year to reduce listed personal property gains ..... **961** ..... e

Second previous tax year to reduce listed personal property gains ..... **962** ..... f

Third previous tax year to reduce listed personal property gains ..... **963** ..... g

Subtotal (total of amounts e to g) ..... **F**

Closing balance of listed personal property losses to be carried forward to future tax years (amount E **minus** amount F) **580** ..... **G**

If you need more space, you can attach more schedules.

**Part 8 – Election under paragraph 88(1.1)(f)**

If you are making an election under paragraph 88(1.1)(f), check the box

**190** Yes

In the case of the wind-up of a subsidiary, if the election is made, the non-capital loss, restricted farm loss, farm loss, or limited partnership loss of the subsidiary—that otherwise would become the loss of the parent corporation for a particular tax year starting after the wind-up began—will be considered as the loss of the parent corporation for its immediately preceding tax year and not for the particular year.

**Note**

This election is only applicable for wind-ups under subsection 88(1) that are reported on Schedule 24, *First-Time Filer after Incorporation, Amalgamation, or Winding-up of a Subsidiary into a Parent*.

<b>Total</b>	634,419	1,395,515					2,029,934

\* This balance expires this year and will not be available next year.

**Tax Calculation Supplementary – Corporations**

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this schedule if, during the tax year, your corporation:
  - had a permanent establishment in more than one jurisdiction (corporations that have no taxable income should only complete columns A, B, and D in Part 1)
  - is claiming provincial or territorial tax credits or rebates (see Part 2), or
  - has to pay taxes, other than income tax, for Newfoundland and Labrador, or Ontario (see Part 2).
- All legislative references are to the Income Tax Regulations.
- For more information, see the T2 Corporation – Income Tax Guide.
- For the regulation number to be entered in field 100 of Part 1, see the chart below.

**Part 1 – Allocation of taxable income**

100		Enter the regulation that applies (402 to 413)				
A Jurisdiction. Tick yes if your corporation had a permanent establishment in the jurisdiction during the tax year *		B Total salaries and wages paid in jurisdiction	C (B x taxable income) / G	D Gross revenue attributable to jurisdiction	E (D x taxable income) / H	F Allocation of taxable income (C + E) x 1/2** (where either G or H is nil, do not multiply by 1/2)
Newfoundland and Labrador	003 Yes <input type="checkbox"/>	103		143		
Newfoundland and Labrador Offshore	004 Yes <input type="checkbox"/>	104		144		
Prince Edward Island	005 Yes <input type="checkbox"/>	105		145

<b>Total</b>		<b>129</b>	<b>G</b>	<b>169</b>	<b>H</b>	

\* **Permanent establishment** is defined in subsection 400(2)

\*\* For corporations other than those described under section 402, use the appropriate calculation described in the Regulations to allocate taxable income.

**Notes:**

1. After determining the allocation of taxable income, you have to calculate the corporation's provincial or territorial tax payable. For more information on how to calculate the tax for each province or territory, see the instructions for Schedule 5 in the T2 Corporation – Income Tax Guide.
2. If your corporation has provincial or territorial tax payable, complete Part 2.
3. If your corporation is a member of a partnership and the partnership had a permanent establishment in a jurisdiction, select the jurisdiction in Column A and include your proportionate share of the partnership's salaries and wages and gross revenue in columns B and D, respectively.

**Part 2 – Ontario tax payable, tax credits, and rebates**

Total taxable income	Income eligible for small business deduction	Provincial or territorial allocation of taxable income	Provincial or territorial tax payable before credits
<b>Ontario basic income tax</b> (from Schedule 500)			<b>270</b>
Ontario small business deduction (from Schedule 500)	<b>402</b>		
		Subtotal (line 270 <b>minus</b> line 402)	5A

CLIENT COPY

- Note 1. If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101. Class numbers followed by a letter indicate the basic rate of the class taking into account the additional deduction allowed. Class 1a: 4% + 6% = 10% (class 1 to 10%), class 1b: 4% + 2% = 6% (class 1 to 6%).
- Note 2. Include any property acquired in previous years that has now become available for use. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule. See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 3. An accelerated investment incentive property (AIIP) is a property (other than property included in Class 54 or 55) that you acquired after November 20, 2018 and became available for use before 2028. See the T2 Corporation Income Tax Guide for more information. Classes 54 and 55 include property that is a zero-emission vehicle you acquired after March 18, 2019 and became available for use before 2028.
- Note 4. Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the undepreciated capital cost (column 9). Items that increase the undepreciated capital cost include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the undepreciated capital cost (show amounts that reduce the undepreciated capital cost in brackets) include government assistance received or entitled to be received in the year, or a reduction of capital cost after the application of section 80. See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.
- Note 5. Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.
- Note 6. Include all amounts you have repaid during the year with respect to any legally required repayment, made after the disposition of a corresponding property, of:
- assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d); and
  - an inducement, assistance or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b).
- Also include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor less than 364 days before the end of your tax year.
- Note 7. For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21).
- Note 8. If the amount in column 5 reduces the undepreciated capital cost (i.e. it is shown in brackets), you must subtract it for the purposes of the calculation. Otherwise, add the amount in column 5 for the purposes of the calculation.
- Note 9. The relevant factors for AIIP of a class in Schedule II and for property included in classes 54 and 55, available for use before 2024, are:
- 2 1/3 for property in Classes 43.1 and 54;
  - 1 1/2 for property in Class 55;
  - 1 for property in Classes 43.2 and 53;
  - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 14 for additional information); and
  - 0.5 for all other property that is AIIP.
- Note 10. The UCC adjustment for non-AIIP acquired during the year (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP). For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 11. Enter a rate only if you are using the declining balance method. For any other method (for example the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 17.
- Note 12. If the amount in column 9 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 9 in column 15 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1.
- Note 13. If no property is left in the class at the end of the tax year and there is still a positive amount in the column 9, you have a terminal loss. If applicable, enter the positive amount from column 9 in column 16. The terminal loss rules do not apply to:
- passenger vehicles in Class 10.1;
  - property in Class 14.1, unless you have ceased carrying on the business to which it relates; or
  - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply.
- Note 14. If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AIIP listed below, the maximum first year allowance you can claim is determined as follows:
- Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction).
  - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction).
  - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot or cubic metre cut in the tax year and the UCC at the end of the tax year (before any CCA deduction).
  - Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction).
  - Class 41.2: use a 25% CCA rate. The additional allowance under paragraph 1100(1)(y.2) (for single mine properties) and 1100(1)(ya.2) (for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive.
  - Property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit: 150% of the amount determined by first subtracting the total of the residual value of the timber limit and all amounts you expended for the 1949 or later tax years for surveys, cruises or preparation of prints, maps or plans for the purpose of obtaining a licence or right to cut timber from the capital cost of the limit or right, and then dividing the result by the quantity of timber in the limit or the quantity of timber you have the right to cut.
  - Industrial mineral mine or a right to remove industrial minerals from an industrial mineral mine: 150% of the amount determined by first subtracting the residual value, if any, of the mine or right from the capital cost of the mine or right, and then dividing the result by the number of units of commercially mineable material estimated to be in the mine when the mine or right was acquired (alternatively, if you have acquired a right to remove only a specified number of units, that number of units that you acquired a right to remove).

# Fixed Assets Reconciliation

Reconciliation of change in fixed assets per financial statements to amounts used per tax return.

## Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one tax year ending in a calendar year must file an agreement for each tax year ending in that calendar year.

- Column 1:** Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act.
- Column 2:** Provide the business number for each corporation (if a corporation is not registered, enter "NR").
- Column 3:** Enter the association code from the list below that applies to each corporation:
- 1 – Associated for purposes of allocating the business limit (unless association code 5 applies)
  - 2 – CCPC that is a **third corporation** as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
  - 3 – Non-CCPC that is a **third corporation**
  - 4 – Associated non-CCPC
  - 5 – Associated CCPC to which association code 1 does not apply because a **third corporation** has filed Schedule 28
- Column 4:** Enter the business limit for the year of each corporation in the associated group. Enter "0" if the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
- Column 5:** Assign a percentage to allocate the business limit to each corporation that has association code 1 in column 3. The total of all percentages in column 5 cannot exceed 100%.
- Column 6:** Enter the business limit allocated to each corporation by multiplying the amount in column 4 by the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A. Ensure that the total at line A does not exceed \$500,000.

**Business limit reduction under subsection 125(5.1) of the Act**

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula  $0.225\% \times (C - \$10,000,000)$ . Another factor is the "adjusted aggregate investment income" from lines 744 and 745 of Schedule 7, Aggregate Investment Income and Income Eligible for the Small Business Deduction. Details of these formulas and variable C are in subsection 125(5.1) of the Act.

\* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

**Special rules for business limit**

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the lesser of: the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year.

## Investment Tax Credit – Corporations

### General information

- Use this schedule:
  - to calculate an investment tax credit (ITC) earned during the tax year;
  - to claim a deduction against Part I tax payable;
  - to claim a refund of credit earned during the current tax year;
  - to claim a carryforward of credit from previous tax years;
  - to transfer a credit following an amalgamation or the wind-up of a subsidiary, as described under subsections 87(1) and 88(1);
  - to request a credit carryback to one or more previous years;
  - if you are subject to a recapture of ITC; or
  - if you are claiming:
    - the **Ontario Research and Development Tax Credit**;
    - the **Ontario Innovation Tax Credit**.
- Unless otherwise stated, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- The ITC is eligible for a three-year carryback (if not deductible in the year earned). It is also eligible for a twenty-year carryforward.
- Investments or expenditures, described in subsection 127(9) and Regulation Part XLVI, that earn an ITC are:
  - qualified property and qualified resource property (Parts 4 to 7 of this schedule);
  - qualified scientific research and experimental development (SR&ED) expenditures (Parts 8 to 17). File Form T661, *Scientific Research and Experimental Development (SR&ED) Expenditures Claim*;
  - pre-production mining expenditures (Parts 18 to 20);
  - apprenticeship job creation expenditures (Parts 21 to 23); and
  - child care spaces expenditures (Parts 24 to 28).
    - Expenditures related to child care spaces incurred after March 21, 2017 no longer qualify for the investment tax credit. If you entered into a written agreement before March 22, 2017, eligible expenditures incurred before 2020 will remain eligible for the credit.
- File this schedule with the *T2 Corporation Income Tax Return*. If you need more space, attach additional schedules.
- For more information on ITCs, see "Investment Tax Credit" in Guide T4012, *T2 Corporation – Income Tax Guide* and read Information Circular IC78-4, *Investment Tax Credit Rates*, and its related Special Release.
- For more information on SR&ED, see guide T4088, *Guide to Form T661 – Scientific Research and Experimental Development (SR&ED) Expenditures Claim*.

### Detailed information

- For the purpose of this schedule, **investment** means the capital cost of the property (excluding amounts added by an election under section 21), determined without reference to subsections 13(7.1) and 13(7.4), minus the amount of any government or non-government assistance that the corporation has received, is entitled to receive, or can reasonably be expected to receive for that property when it files the income tax return for the year in which the property was acquired.
- An ITC deducted or refunded in a tax year for a depreciable property, other than a depreciable property deductible under paragraph 37(1)(b), reduces both the capital cost of that property and the undepreciated capital cost of that class in the next tax year. An ITC for SR&ED deducted or refunded in a tax year will reduce the balance in the pool of deductible SR&ED expenditures and the adjusted cost base (ACB) of an interest in a partnership in the next tax year. An ITC from pre-production mining expenditures deducted in a tax year reduces the balance in the pool of deductible cumulative Canadian exploration expenses in the next tax year.
- Property acquired has to be **available for use** before a claim for an ITC can be made. See subsections 127(11.2) and 248(19) for more information.
- Expenditures for SR&ED and capital costs for a property qualifying for an ITC must be identified by the claimant on Form T661 and Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures or capital costs.
- Expenditures for pre-production mining, apprenticeship, or child care space for an ITC must be identified by the claimant on Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures or capital costs.
- Partnership allocations – Subsection 127(8) provides for the allocation of the amount that may reasonably be considered to be a partner's share of the ITCs of the partnership at the end of the fiscal period of the partnership. An allocation of ITCs is generally considered to be the partner's reasonable share of the ITCs if it is made in the same proportion in which the partners have agreed to share any income or loss and if section 103 is not applicable for the agreement to share any income or loss. Special rules apply to specified members of a partnership and limited partners. For more information, see Guide T4068, *Guide for the Partnership Information Return*.
- For tax purposes, Canada includes the **exclusive economic zone of Canada** as defined in the *Oceans Act* (which generally consists of an area of the sea that is within 200 nautical miles from the Canadian coastline), including the airspace, seabed and subsoil of that zone.
- For the purpose of this schedule, the expression **Atlantic Canada** includes the Gaspé Peninsula and the provinces of Newfoundland and Labrador, Prince Edward Island, Nova Scotia, and New Brunswick, as well as their respective offshore regions (prescribed in Regulation 4609).
- For the purpose of this schedule, **qualified property** means property in Atlantic Canada that is used primarily for manufacturing and processing, farming or fishing, logging, storing grain, or harvesting peat. Property in Atlantic Canada that is used primarily for oil and gas, and mining activities is considered qualified property only if acquired by the taxpayer **before** March 29, 2012. Qualified property includes new buildings and new machinery and equipment (prescribed in Regulation 4600), and if acquired by the taxpayer **after** March 28, 2012, new energy generation and conservation property (prescribed in Regulation 4600). Qualified property can also be used primarily to produce or process electrical energy or steam in a prescribed area (as described in Regulation 4610). See the definition of **qualified property** in subsection 127(9) for more information.

**Detailed information (continued)**

- For the purpose of this schedule, **qualified resource property** means property in Atlantic Canada that is used primarily for oil and gas, and mining activities, if acquired by the taxpayer **after** March 28, 2012, and **before** January 1, 2016. Qualified resource property includes new buildings and new machinery and equipment (prescribed in Regulation 4600). See the definition of **qualified resource property** in subsection 127(9) for more information.
- For the purpose of this schedule, **pre-production mining exploration expenditures** are pre-production mining expenditures incurred **after** March 28, 2012, by the taxpayer to determine the existence, location, extent, or quality of certain mineral resources in Canada, excluding expenses incurred in the exploration of an oil or gas well. See subparagraph (a)(i) of the definition of **pre-production mining expenditure** in subsection 127(9) for more information.
- For the purpose of this schedule, **pre-production mining development expenditures** are pre-production mining expenditures incurred **after** March 28, 2012, by the taxpayer to bring a new mineral resource mine in Canada into production, excluding expenses in the development of a bituminous sands deposit or an oil shale deposit. See subparagraph (a)(ii) of the definition of **pre-production mining expenditure** in subsection 127(9) for more information.

**Part 1 – Investments, expenditures, and percentages**

	<b>Specified percentage</b>
<b>Investments</b>	
Qualified property acquired primarily for use in Atlantic Canada	10 %
Qualified resource property acquired primarily for use in Atlantic Canada and acquired:	
– after March 28, 2012, and before 2014	10 %
– after 2013 and before 2016	5 %
– after 2015*	0 %
<b>Expenditures</b>	
If you are a Canadian-controlled private corporation (CCPC), this percentage may apply to the portion that you claim of the SR&ED qualified expenditure pool that does not exceed your expenditure limit (see Part 10)	35 %
<b>Note:</b> If your current year's qualified expenditures are more than your expenditure limit (see Part 10), the excess is eligible for an ITC calculated at the 15 % rate.	
If you are a corporation that is not a CCPC and have incurred qualified expenditures for SR&ED in any area in Canada:	
– before 2014**	20 %
– after 2013**	15 %
If you are a taxable Canadian corporation that incurred pre-production mining expenditures before March 29, 2012	10 %
If you are a taxable Canadian corporation that incurred pre-production mining exploration expenditures:	
– after March 28, 2012, and before 2013	10 %
– in 2013	5 %
– after 2013	0 %
If you are a taxable Canadian corporation that incurred pre-production mining development expenditures***:	
– after March 28, 2012, and before 2014	10 %
– in 2014	7 %
– in 2015	4 %
– after 2015	0 %
If you paid salary and wages to apprentices in the first 24 months of their apprenticeship contract for employment	10 %
If you incurred expenditures after March 18, 2007 and before March 22, 2017 (or before 2020 if you entered into a written agreement before March 22, 2017) for the creation of licensed child care spaces for the children of your employees and, potentially, for other children	25 %
* A transitional relief rate of 10% may apply to property acquired after 2013 and before 2017, if the property is acquired under a written agreement entered into before March 29, 2012, or the property is acquired as part of a <b>phase</b> of a project where the construction or the engineering and design work for the construction started before March 29, 2012. See paragraph (a.1) of the definition of <b>specified percentage</b> in subsection 127(9) for more information.	
** The reduction of the rate from 20% to 15% applies to 2014 and later tax years, except that, for 2014 tax years that start before 2014, the reduction is pro-rated based on the number of days in the tax year that are after 2013.	
*** A transitional relief rate may apply to expenditures incurred after 2013 and before 2016, if the expenditure is incurred under a written agreement entered into before March 29, 2012, or the expenditure is incurred as part of the development of a new mine where the construction or the engineering and design work for the construction of the new mine started before March 29, 2012. See subparagraphs (k)(ii) and (iii) of the definition of <b>specified percentage</b> in subsection 127(9) for more information.	

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Filed: August 31, 2020 1186 of 1707 Year-end Month Day <b>2019-12-31</b>
--	---	--

**Part 2 – Determination of a qualifying corporation**

Is the corporation a qualifying corporation? ..... **101** 1 Yes  2 No

For the purpose of a refundable ITC, a **qualifying corporation** is defined under subsection 127.1(2). The corporation has to be a CCPC and its taxable income (before any loss carrybacks) for its previous tax year cannot be more than its **qualifying income limit** for the particular tax year. If the corporation is associated with any other corporations during the tax year, the total of the taxable incomes of the corporation and the associated corporations (before any loss carrybacks), for their last tax year ending in the previous calendar year, cannot be more than their qualifying income limit for the particular tax year.

**Note:** A CCPC considered associated with another corporation under subsection 256(1) will be considered **not** associated for the calculation of a refundable ITC if:

- one corporation is associated with another corporation solely because one or more persons own shares of the capital stock of both corporations; and
- one of the corporations has at least one shareholder who is not common to both corporations.

If you are a **qualifying** corporation, you will earn a **100%** refund on your share of any ITCs earned at the 35% rate on qualified **current** expenditures for SR&ED, up to the allocated expenditure limit. The 100% refund does not apply to qualified **capital** expenditures eligible for the 35% credit rate. They are only eligible for the **40%** refund\*.

Some CCPCs that are **not qualifying** corporations may also earn a **100%** refund on their share of any ITCs earned at the 35% rate on qualified **current** expenditures for SR&ED, up to the allocated expenditure limit. The expenditure limit can be determined in Part 10. The 100% refund does not apply to qualified **capital** expenditures eligible for the 35% credit rate. They are only eligible for the **40%** refund\*.

The 100% refund will not be available to a corporation that is an **excluded corporation** as defined under subsection 127.1(2). A corporation is an excluded corporation if, at any time during the year, it is a corporation that is either controlled by (directly or indirectly, in any manner whatever) or is related to:

- one or more persons exempt from Part I tax under section 149;
- Her Majesty in right of a province, a Canadian municipality, or any other public authority; or
- any combination of persons referred to in a) or b) above.

\* Capital expenditures incurred after December 31, 2013, including lease payments for property that would have been a capital expenditure if purchased directly, are **not** qualified SR&ED expenditures and are **not** eligible for an ITC on SR&ED expenditures.

**Part 3 – Corporations in the farming industry**

Complete this area if the corporation is making SR&ED contributions.

Is the corporation claiming a contribution in the current year to an agricultural organization whose goal is to finance SR&ED work (for example, check-off dues)? ..... **102** 1 Yes  2 No

If **yes**, complete Schedule 125, *Income Statement Information*, to identify the type of farming industry the corporation is involved in.

Contributions to agricultural organizations for SR&ED\* ..... **103** \_\_\_\_\_  
 Enter on line 350 of Part 8.

\* Enter only contributions not already included on Form T661.  
 Include 80% of the contributions made **after** 2012. For contributions made **before** 2013, include all of the contributions.

**Qualified Property and Qualified Resource Property**

**Part 4 – Eligible investments for qualified property and qualified resource property from the current tax year**

Capital cost allowance class number <b>105</b>	Description of investment <b>110</b>	Date available for use <b>115</b>	Location used in Atlantic Canada (province) <b>120</b>	Amount of investment <b>125</b>
Total of investments for qualified property and qualified resource property				A1

**Part 5 – Current-year credit and account balances – ITC from investments in qualified property and qualified resource property**

ITC at the end of the previous tax year			B1
Credit deemed as a remittance of co-op corporations	<b>210</b>		
Credit expired	<b>215</b>		
Subtotal (line 210 plus line 215)		▶	C1
ITC at the beginning of the tax year (amount B1 minus amount C1)		<b>220</b>	
Credit transferred on an amalgamation or the wind-up of a subsidiary	<b>230</b>		
ITC from repayment of assistance	<b>235</b>		
Qualified property; and qualified resource property acquired after March 28, 2012, and before January 1, 2014* (applicable part from amount A1 in Part 4)	x	10 % = <b>240</b>	
Qualified resource property acquired after December 31, 2013, and before January 1, 2016 (applicable part from amount A1 in Part 4)	x	5 % = <b>242</b>	
Credit allocated from a partnership	<b>250</b>		
Subtotal (total of lines 230 to 250)		▶	D1
Total credit available (line 220 plus amount D1)			E1
Credit deducted from Part I tax	<b>260</b>		
Credit carried back to previous years (amount H1 in Part 6)		a	
Credit transferred to offset Part VII tax liability	<b>280</b>		
Subtotal (total of line 260, amount a, and line 280)		▶	F1
Credit balance before refund (amount E1 minus amount F1)			G1
Refund of credit claimed on investments from qualified property and qualified resource property (from Part 7)		<b>310</b>	
<b>ITC closing balance of investments from qualified property and qualified resource property</b> (amount G1 minus line 310)		<b>320</b>	

\* Include investments acquired after 2013 and before 2017 that are eligible for transitional relief.

**Part 6 – Request for carryback of credit from investments in qualified property and qualified resource property**

	Year	Month	Day			
1st previous tax year				Credit to be applied	<b>901</b>	
2nd previous tax year				Credit to be applied	<b>902</b>	
3rd previous tax year				Credit to be applied	<b>903</b>	
Total of lines 901 to 903						H1
Enter at amount a in Part 5.						

**Part 7 – Refund of ITC for qualifying corporations on investments from qualified property and qualified resource property**

Current-year ITCs (total of lines 240, 242, and 250 in Part 5)			I1
Credit balance before refund (from amount G1 in Part 5)			J1
<b>Refund</b> ( 40 % of amount I1 or J1, whichever is less)			K1

Enter amount K1 or a lesser amount on line 310 in Part 5 (also enter on line 780 of the T2 return if you do not claim an SR&ED ITC refund).

**SR&ED**

**Part 8 – Qualified SR&ED expenditures**

Current expenditures (from line 557 on Form T661) ..... \_\_\_\_\_

Contributions to agricultural organizations for SR&ED ..... \_\_\_\_\_

**Deduct:**

Government assistance, non-government assistance, or contract payment ..... \_\_\_\_\_

Contributions to agricultural organizations for SR&ED for the federal ITC (this amount is updated to line 103 of Part 3. For more details, consult the Help.)\* ..... \_\_\_\_\_ **+** \_\_\_\_\_

Current expenditures (line 557 on Form T661 **plus** line 103 in Part 3)\* ..... **350** \_\_\_\_\_

Capital expenditures incurred **before** 2014 (from line 558 on Form T661)\*\* ..... **360** \_\_\_\_\_

Repayments made in the year (from line 560 on Form T661) ..... **370** \_\_\_\_\_

**Qualified SR&ED expenditures** (total of lines 350 to 370) ..... **380** \_\_\_\_\_

\* If you are claiming only contributions made to agricultural organizations for SR&ED, line 350 should equal line 103 in Part 3. Do not file Form T661.  
 \*\* Capital expenditures incurred after December 31, 2013, are not qualified SR&ED expenditures. Capital cost allowance can be claimed for depreciable property acquired for use in SR&ED after 2013.

**Part 9 – Components of the SR&ED expenditure limit calculation**

**Part 9 only applies if you are a CCPC.**

**Note:** A CCPC considered associated with another corporation under subsection 256(1) will be considered not associated for the calculation of an SR&ED expenditure limit if:

- one corporation is associated with another corporation solely because one or more persons own shares of the capital stock of the corporation; and
- one of the corporations has at least one shareholder who is not common to both corporations.

Is the corporation associated with another CCPC for the purpose of calculating the SR&ED expenditure limit? ..... **385** 1 Yes  2 No

If you answered **no** to the question on line 385 or if you are not associated with any other corporations, complete lines 390 and 398.  
 If you answered **yes**, the amounts for associated corporations will be determined on Schedule 49.

Enter your taxable income for the previous tax year\* (prior to any loss carrybacks applied) ..... **390** \_\_\_\_\_

Enter your taxable capital employed in Canada for the previous tax year 93,038,419  
 minus \$10 million. If this amount is nil or negative, enter "0".  
 If this amount is over \$40 million, enter \$40 million ..... **398** 40,000,000

\* If the tax year referred to on line 390 is less than 51 weeks, **multiply** the taxable income by the following result: 365 **divided** by the number of days in that tax year.

**Part 10 – SR&ED expenditure limit for a CCPC**

**For a stand-alone (not associated) corporation:**

Taxable income for the previous tax year (line 390 in Part 9) or \$500,000, whichever is more ..... 500,000 x 10 = 5,000,000 A2

Excess (\$8,000,000 **minus** amount A2 if the taxation year ends before March 19, 2019; otherwise, enter \$3,000,000)  
 (if negative, enter "0")\* ..... 3,000,000 B2

\$ 40,000,000 **minus** line 398 in Part 9 ..... b

Amount b **divided** by \$ 40,000,000 ..... C2

**Expenditure limit for the stand-alone corporation** (amount B2 **multiplied** by amount C2)\*\* ..... D2

**For an associated corporation:**

If associated, the allocation of the SR&ED expenditure limit, as provided on Schedule 49\*\* ..... **400** E2

**If your tax year is less than 51 weeks, calculate the amount of the expenditure limit as follows:**

Amount D2 or E2 ..... x Number of days in the tax year 365 = ..... F2  
 365

**Your SR&ED expenditure limit for the year** (enter amount D2, E2, or F2, whichever applies) ..... **410** \_\_\_\_\_

\* For taxation years ending after March 18, 2019, the taxable income is no longer taken into account in the SR&ED expenditure limit calculation. For more information, consult the Help (F1).

\*\* Amount D2 or E2 cannot be more than \$3,000,000.

**Part 11 – Investment tax credits on SR&ED expenditures**

Current expenditures (from line 350 in Part 8) or the expenditure limit (from line 410 in Part 10), whichever is less\* ..... **420** x 35 % = \_\_\_\_\_ G2

Line 350 minus line 410 (if negative, enter "0") ..... **430**

Amount from line 430 x  $\frac{\text{Number of days in the tax year before 2014}}{\text{Number of days in the tax year}}$  x 20% = \_\_\_\_\_ c

Amount from line 430\*\* x  $\frac{\text{Number of days in the tax year after 2013}}{\text{Number of days in the tax year}}$  x  $\frac{365}{365}$  x 15% = \_\_\_\_\_ d

Subtotal (amount c plus amount d) ..... **H2**

Line 410 minus line 350 (if negative, enter "0") ..... e

Capital expenditures (line 360 in Part 8) or amount e, whichever is less\* ..... **440** x 35 % = \_\_\_\_\_ I2

Line 360 minus amount e (if negative, enter "0") ..... **450**

Amount from line 450 x  $\frac{\text{Number of days in the tax year before 2014}}{\text{Number of days in the tax year}}$  x 20% = \_\_\_\_\_ f

Amount from line 450\*\* x  $\frac{\text{Number of days in the tax year after 2013}}{\text{Number of days in the tax year}}$  x  $\frac{365}{365}$  x 15% = \_\_\_\_\_ g

Subtotal (amount f plus amount g) ..... **J2**

If a corporation makes a repayment of any government or non-government assistance, or contract payments that reduced the amount of qualified expenditures for ITC purposes, the amount of the repayment is eligible for a credit.

Repayments (amount from line 370 in Part 8) ..... \_\_\_\_\_

Enter the amount of the repayment on the line that corresponds to the appropriate rate.

Repayment of assistance that reduced a qualifying expenditure for a CCPC\*\*\* ..... **460** x 35 % = \_\_\_\_\_ h

Repayment of assistance made after September 16, 2016 that reduced a qualifying expenditure incurred before 2015 ..... **480** x 20 % = \_\_\_\_\_ i

Repayment of assistance made after September 16, 2016 that reduced a qualifying expenditure incurred after 2014 ..... **490** x 15 % = \_\_\_\_\_ j

Subtotal (add amounts h to j) ..... **K2**

Current-year SR&ED ITC (total of amounts G2 to K2; enter on line 540 in Part 12) ..... **L2**

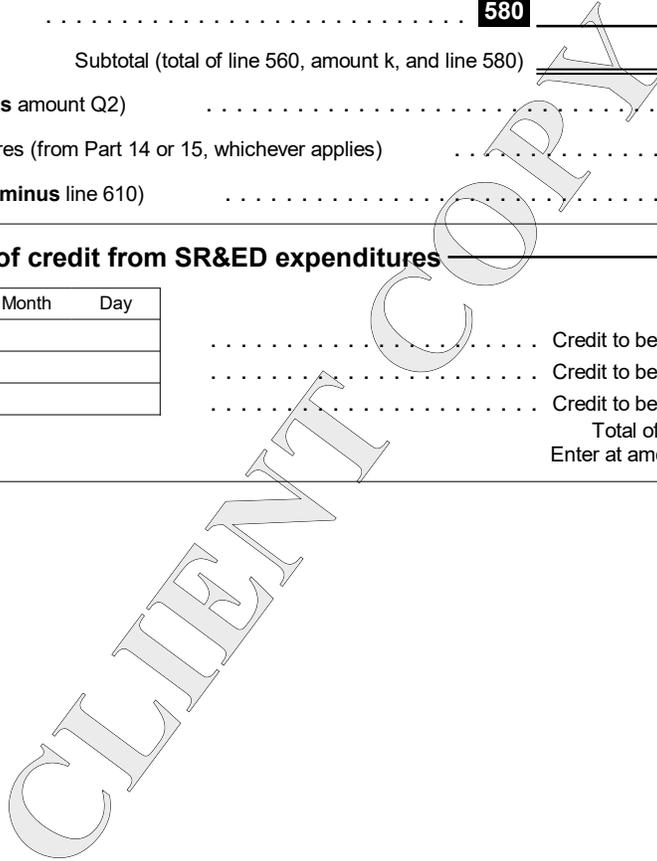

\* For corporations that are not CCPCs, enter "0" for amounts G2 and I2.  
\*\* For tax years that end after 2013, the general SR&ED ITC rate is reduced from 20% to 15%, except that, for 2014 tax years that start before 2014, the reduction is pro-rated based on the number of days in the tax year that are after 2013. For tax years that have a start date after 2013, multiply the amount by 15%.  
\*\*\* If you were a Canadian-controlled private corporation (CCPC), this percentage was applied to the portion that you claimed of the SR&ED qualified expenditure pool that did not exceed your expenditure limit at the time. This percentage includes the rate under subsection 127(10.1), additions to investment tax credit. See subsection 127(10.1) for details about exceptions. For expenditures not eligible for this rate use line 480 or 490 as appropriate.

**Part 12 – Current-year credit and account balances – ITC from SR&ED expenditures**

ITC at the end of the previous tax year				M2
Credit deemed as a remittance of co-op corporations	510			
Credit expired	515			
		Subtotal (line 510 plus line 515)		N2
ITC at the beginning of the tax year (amount M2 minus amount N2)		520		
Credit transferred on an amalgamation or the wind-up of a subsidiary	530			
Total current-year credit (from amount L2 in Part 11)	540			
Credit allocated from a partnership	550			
		Subtotal (total of lines 530 to 550)		O2
Total credit available (line 520 plus amount O2)				P2
Credit deducted from Part I tax	560			
Credit carried back to previous years (amount S2 in Part 13)			k	
Credit transferred to offset Part VII tax liability	580			
		Subtotal (total of line 560, amount k, and line 580)		Q2
Credit balance before refund (amount P2 minus amount Q2)				R2
Refund of credit claimed on SR&ED expenditures (from Part 14 or 15, whichever applies)		610		
<b>ITC closing balance on SR&amp;ED</b> (amount R2 minus line 610)		620		

**Part 13 – Request for carryback of credit from SR&ED expenditures**

	<table border="1"> <tr> <th>Year</th> <th>Month</th> <th>Day</th> </tr> <tr> <td> </td> <td> </td> <td> </td> </tr> <tr> <td> </td> <td> </td> <td> </td> </tr> <tr> <td> </td> <td> </td> <td> </td> </tr> </table>	Year	Month	Day

		Total of lines 911 to 913		S2												
		Enter at amount k in Part 12.														

**Part 14 – Refund of ITC for qualifying corporations – SR&ED**

Complete this part only if you are a qualifying corporation as determined on line 101 in Part 2.

Is the corporation an excluded corporation as defined under subsection 127.1(2)? ..... **650** 1 Yes  2 No

Current-year ITC (lines 540 **plus** 550 in Part 12 **minus** amount K2 in Part 11) ..... I

Refundable credits (amount I or amount R2 in Part 12, whichever is less)\* ..... T2

Amount T2 or amount G2 in Part 11, whichever is less ..... U2

Net amount (amount T2 **minus** amount U2; if negative, enter "0") ..... V2

Amount V2 **multiplied by** 40 % ..... W2

Amount U2 ..... X2

**Refund of ITC** (amount W2 **plus** amount X2 – enter this, or a lesser amount, on line 610 in Part 12) ..... Y2

Enter the total of line 310 in Part 5 and line 610 in Part 12 on line 780 of the T2 return.

\* If you are also an excluded corporation, as defined in subsection 127.1(2), this amount must be multiplied by 40%. Claim this, or a lesser amount, as your refund of ITC for amount Y2.

**Part 15 – Refund of ITC for CCPCs that are not qualifying or excluded corporations – SR&ED**

Complete this part only if you are a CCPC that is not a qualifying or excluded corporation as determined on line 101 in Part 2.

Credit balance before refund (amount R2 in Part 12) ..... Z2

Amount Z2 or amount G2 in Part 11, whichever is less ..... AA2

Net amount (amount Z2 **minus** amount AA2; if negative, enter "0") ..... BB2

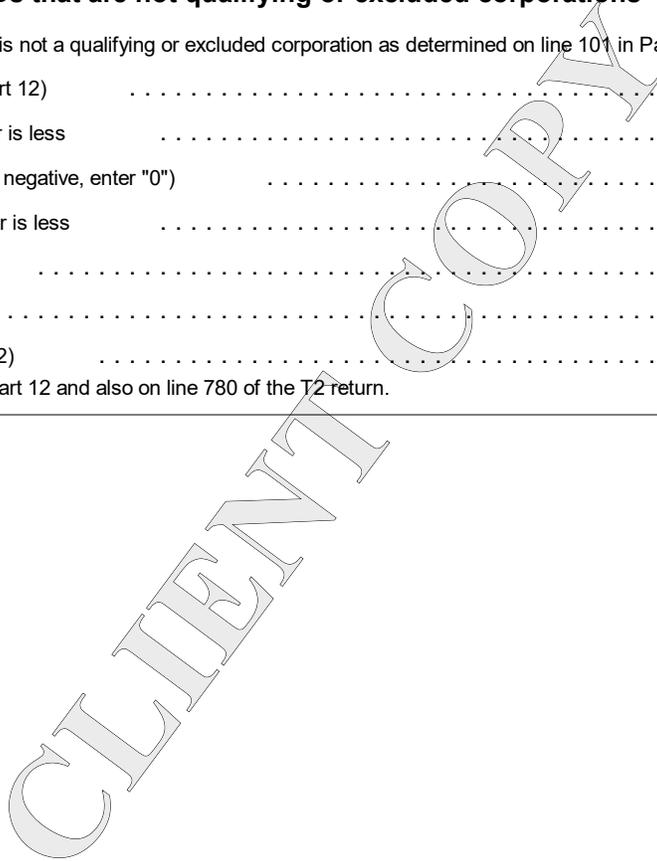

Amount BB2 or amount I2 in Part 11, whichever is less ..... CC2

Amount CC2 **multiplied by** 40 % ..... DD2

Amount AA2 ..... EE2

**Refund of ITC** (amount DD2 **plus** amount EE2) ..... FF2

Enter FF2, or a lesser amount, on line 610 in Part 12 and also on line 780 of the T2 return.

**Recapture – SR&ED**

**Part 16 – Recapture of ITC for corporations and partnerships – SR&ED**

You will have a recapture of ITC in a year when **all** of the following conditions are met:

- you acquired a particular property in the current year or in any of the 20 previous tax years, and the credit was earned in a tax year ending after 1997 and did not expire before 2008;
- you claimed the cost of the property as a qualified expenditure for SR&ED on Form T661;
- the cost of the property was included in calculating your ITC or was the subject of an agreement made under subsection 127(13) to transfer qualified expenditures; and
- you disposed of the property or converted it to commercial use after February 23, 1998. This condition is also met if you disposed of or converted to commercial use a property that incorporates the particular property previously referred to.

**Note:**

The recapture **does not apply** if you disposed of the property to a non-arm's-length purchaser who intended to use it all or substantially all for SR&ED. When the non-arm's-length purchaser later sells or converts the property to commercial use, the recapture rules will apply to the purchaser based on the historical ITC rate of the original user.

You will report a recapture on the T2 return for the year in which you disposed of the property or converted it to commercial use. In the following tax year, add the amount of the ITC recapture to the SR&ED expenditure pool.

If you have more than one disposition for calculations 1 and 2, complete the columns for each disposition for which a recapture applies, using the calculation formats below.

**Calculation 1 – If you meet all of the above conditions**

Amount of ITC you originally calculated for the property you acquired, or the original user's ITC where you acquired the property from a non-arm's length party, as described in the <b>note</b> above  <b>700</b>	Amount calculated using ITC rate at the date of acquisition (or the original user's date of acquisition) on either the proceeds of disposition (if sold in an arm's length transaction) or the fair market value of the property (in any other case)  <b>710</b>	Amount from column 700 or 710, whichever is less          <b>Subtotal</b> Enter at amount C3 in Part 17.
		A3

**Calculation 2 – Only if you transferred all or a part of the qualified expenditure to another person under an agreement described in subsection 127(13); otherwise, enter nil on line B3.**

<b>A</b>	<b>B</b>	<b>C</b>	<b>D</b>	<b>E</b>	<b>F</b>
Rate that the transferee used in determining its ITC for qualified expenditures under a subsection 127(13) agreement  <b>720</b>	Proceeds of disposition of the property if you dispose of it to an arm's length person; or, in any other case, enter the fair market value of the property at conversion or disposition  <b>730</b>	Amount, if any, already provided for in Calculation 1 (This allows for the situation where only part of the cost of a property is transferred under a subsection 127(13) agreement.)  <b>740</b>	Amount determined by the formula (A x B) – C	ITC earned by the transferee for the qualified expenditures that were transferred  <b>750</b>	Amount from column D or E, whichever is less
<b>Subtotal (total of column F)</b> Enter at amount D3 in Part 17.					B3

**Part 16 – Recapture of ITC for corporations and partnerships – SR&ED (continued)**

**Calculation 3**

As a member of the partnership, you will report your share of the SR&ED ITC of the partnership after the SR&ED ITC has been reduced by the amount of the recapture. If this amount is a positive amount, you will report it on line 550 in Part 12. However, if the partnership does not have enough ITC otherwise available to offset the recapture, then the amount by which reductions to ITC exceed additions (the excess) will be determined and reported on line 760.

Corporate partner's share of the excess of SR&ED ITC **760**  
Enter at amount E3 in Part 17.

**Part 17 – Total recapture of SR&ED investment tax credit**

Recaptured ITC from calculation 1, amount A3 in Part 16	.....	_____	C3
Recaptured ITC from calculation 2, amount B3 in Part 16	.....	_____	D3
Recaptured ITC from calculation 3, line 760 in Part 16	.....	_____	E3
<b>Total recapture of SR&amp;ED investment tax credit</b> (total of amounts C3 to E3)	.....	=====	F3
Enter at amount A8 in Part 29.			

CLIENT COPY

**Pre-Production Mining**

**Part 18 – Pre-production mining expenditures**

**Exploration information**

A mineral resource that qualifies for the credit means a mineral deposit from which the principal mineral to be extracted is diamond, a base or precious metal deposit, or a mineral deposit from which the principal mineral to be extracted is an industrial mineral that, when refined, results in a base or precious metal.

In column 800, list all minerals for which pre-production mining expenditures have taken place in the tax year.

For each of the minerals reported in column 800, identify each project (in column 805), mineral title (in column 806), and mining division (in column 807) where title is registered. If there is no mineral title, identify only the project and mining division.

<b>List of minerals</b> <b>800</b>	<b>Project name</b> <b>805</b>
<b>Mineral title</b> <b>806</b>	<b>Mining division</b> <b>807</b>

**Pre-production mining expenditures\***

**Exploration:**

Pre-production mining expenditures that you incurred in the tax year (before January 1, 2014) for the purpose of determining the existence, location, extent, or quality of a mineral resource in Canada:

Prospecting .....	<b>810</b>
Geological, geophysical, or geochemical surveys .....	<b>811</b>
Drilling by rotary, diamond, percussion, or other methods .....	<b>812</b>
Trenching, digging test pits, and preliminary sampling .....	<b>813</b>

**Development:**

Pre-production mining expenditures incurred in the tax year for bringing a new mine in a mineral resource in Canada into production in reasonable commercial quantities and incurred before the new mine comes into production in such quantities:

Clearing, removing overburden, and stripping .....	<b>820</b>
Sinking a mine shaft, constructing an adit, or other underground entry .....	<b>821</b>

Other pre-production mining expenditures incurred in the tax year:

Description <b>825</b>	Amount <b>826</b>

**Child Care Spaces**

**Part 24 – Eligible child care spaces expenditures**

Enter the eligible expenditures that you incurred after March 18, 2007 and before March 22, 2017\* to create licensed child care spaces for the children of the employees and, potentially, for other children. You cannot be carrying on a child care services business. The eligible expenditures include:

- the cost of depreciable property (other than specified property); and
- the specified child care start-up expenditures.

Properties should be acquired and expenditures should be incurred only to create new child care spaces at a licensed child care facility.

**Cost of depreciable property from the current tax year**

Capital cost allowance class number	Description of investment	Date available for use	Amount of investment
665	675	685	695

**Recapture – Child Care Spaces**

**Part 28 – Recapture of ITC for corporations and partnerships – Child care spaces**

The ITC will be recovered against the taxpayer's tax otherwise payable under Part I of the Act if, at any time within 60 months of the day on which the taxpayer acquired the property:

- the new child care space is no longer available; or
- property that was an eligible expenditure for the child care space is:
  - disposed of or leased to a lessee; or
  - converted to another use.

If the property disposed of is a child care space, the amount that can reasonably be considered to have been included in the original ITC (paragraph 127(27.12)(a)) ..... **792**

In the case of eligible expenditures (paragraph 127(27.12)(b)), the lesser of:

The amount that can reasonably be considered to have been included in the original ITC ..... **795**

25% of either the proceeds of disposition (if sold in an arm's length transaction) or the fair market value (in any other case) of the property ..... **797**

Amount from line 795 or line 797, whichever is less ..... **A7**

**Partnerships**

As a member of the partnership, you will report your share of the child care spaces ITC of the partnership after the child care spaces ITC has been reduced by the amount of the recapture. If this amount is a positive amount, you will report it on line 782 in Part 26. However, if the partnership does not have enough ITC otherwise available to offset the recapture, then the amount by which reductions to ITC exceed additions (the excess) will be determined and reported on line 799 below.

Corporate partner's share of the excess of ITC **799**

**Total recapture of child care spaces investment tax credit** (total of line 792, amount A7, and line 799) ..... **B7**

Enter at amount B8 in Part 29.

**Summary of Investment Tax Credits**

**Part 29 – Total recapture of investment tax credit**

Recaptured SR&ED ITC (amount F3 in Part 17) ..... **A8**

Recaptured child care spaces ITC (amount B7 in Part 28) ..... **B8**

**Total recapture of investment tax credit** (amount A8 plus amount B8) ..... **C8**

Enter on line 602 of the T2 return.

**Part 30 – Total ITC deducted from Part I tax**

ITC from investments in qualified property deducted from Part I tax (line 260 in Part 5) ..... **D8**

ITC from SR&ED expenditures deducted from Part I tax (line 560 in Part 12) ..... **E8**

ITC from pre-production mining expenditures deducted from Part I tax (line 885 in Part 19) ..... **F8**

ITC from apprenticeship job creation expenditures deducted from Part I tax (line 660 in Part 22) ..... **G8**

ITC from child care space expenditures deducted from Part I tax (line 785 in Part 26) ..... **H8**

**Total ITC deducted from Part I tax** (total of amounts D8 to H8) ..... **I8**

Enter on line 652 of the T2 return.

## Taxable Capital Employed in Canada – Large Corporations

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 *Corporation Income Tax Return* no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 181(1) defines the terms **financial institution**, **long-term debt**, and **reserves**.
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4, **Taxable capital employed in Canada**.

### Part 1 – Capital

Add the following year-end amounts:

Reserves that have not been deducted in calculating income for the year under Part I	<b>101</b>	
Capital stock (or members' contributions if incorporated without share capital)	<b>103</b>	31,245,882
Retained earnings	<b>104</b>	36,257,549
Contributed surplus	<b>105</b>	25,459,207
Any other surpluses	<b>106</b>	
Deferred unrealized foreign exchange gains	<b>107</b>	
All loans and advances to the corporation	<b>108</b>	85,326,465
All indebtedness of the corporation represented by bonds, debentures, notes, mortgages, hypothecary claims, bankers' acceptances, or similar obligations	<b>109</b>	
Any dividends declared but not paid by the corporation before the end of the year	<b>110</b>	
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	<b>111</b>	
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	<b>112</b>	
Subtotal (add lines 101 to 112)		<u>178,289,103</u> ▶ 178,289,103 A

**Note:**

Line 112 is determined by the formula  $(A - B) \times C/D$  (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
  - a) those lines applied to partnerships in the same manner that they apply to corporations, and
  - b) those amounts were computed without reference to amounts owing by the partnership
    - (i) to any corporation that held a membership interest in the partnership either directly or indirectly through another partnership, or
    - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

Filed: August 31, 2020

Subtotal A (from page 1) <sup>1202 of 1407</sup> 178,289,103 A

**Part 1 – Capital (continued)**

**Deduct** the following amounts:

Deferred tax debit balance at the end of the year	<b>121</b>	
Any deficit deducted in calculating its shareholders' equity (including, for this purpose, the amount of any provision for the redemption of preferred shares) at the end of the year	<b>122</b>	
To the extent that the amount may reasonably be regarded as being included in any of lines 101 to 112 above for the year, any amount deducted under subsection 135(1) in calculating income under Part I for the year.	<b>123</b>	
Deferred unrealized foreign exchange losses at the end of the year	<b>124</b>	
Subtotal (add lines 121 to 124)		<b>190</b> <u>178,289,103</u> B
<b>Capital for the year</b> (amount A minus amount B) (if negative, enter "0")		<b>190</b> <u>178,289,103</u>

**Part 2 – Investment allowance**

**Add** the carrying value at the end of the year of the following assets of the corporation:

A share of another corporation	<b>401</b>	
A loan or advance to another corporation (other than a financial institution)	<b>402</b>	8,656
A bond, debenture, note, mortgage, hypothecary claim, or similar obligation of another corporation (other than a financial institution)	<b>403</b>	
Long-term debt of a financial institution	<b>404</b>	
A dividend payable on a share of the capital stock of another corporation	<b>405</b>	
A loan or advance to, or a bond, debenture, note, mortgage, hypothecary claim or similar obligation of, a partnership each member of which was, throughout the year, another corporation (other than a financial institution) that was not exempt from tax under this Part (otherwise than because of paragraph 181.1(3)(d)), or another partnership described in paragraph 181.2(4)(d.1)	<b>406</b>	
An interest in a partnership (see note 2 below)	<b>407</b>	
<b>Investment allowance for the year</b> (add lines 401 to 407)	<b>490</b>	<u>8,656</u>

**Notes:**

1. Lines 401 to 405 should not include the carrying value of a share of the capital stock of, a dividend payable by, or indebtedness of a corporation that is exempt from tax under Part I.3 (other than a non-resident corporation that at no time in the year carried on business in Canada through a permanent establishment).
2. Where the corporation has an interest in a partnership held either directly or indirectly through another partnership, refer to subsection 181.2(5) for additional rules regarding the carrying value of an interest in a partnership.
3. Where a trust is used as a conduit for loaning money from a corporation to another related corporation (other than a financial institution), the loan will be considered to have been made directly from the lending corporation to the borrowing corporation. Refer to subsection 181.2(6) for special rules that may apply.

**Part 3 – Taxable capital**

Capital for the year (line 190)	<u>178,289,103</u> C
<b>Deduct:</b> Investment allowance for the year (line 490)	<u>8,656</u> D
<b>Taxable capital for the year</b> (amount C minus amount D) (if negative, enter "0")	<b>500</b> <u>178,280,447</u>

### General Rate Income Pool (GRIP) Calculation

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

On: 2019-12-31

- If you are a Canadian-controlled private corporation (CCPC) or a deposit insurance corporation (DIC), use this schedule to determine the general rate income pool (GRIP).
- Credit unions are **not** required to complete this schedule.
- All legislative references are to the Income Tax Act and the Income Tax Regulations.
- When an eligible dividend was paid in the tax year or there was a change in the GRIP balance, file a completed copy of this schedule with your T2 Corporation Income Tax Return. Do not send your worksheets with your return, but keep them in your records in case we ask to see them later.
- Subsection 89(1) defines the terms **eligible dividend**, **excessive eligible dividend designation**, **general rate income pool**, and **low rate income pool**.

#### Eligibility for the various additions

Answer the following questions to determine the corporation's eligibility for the various additions:

##### 2006 addition

1. Is this the corporation's first taxation year that includes January 1, 2006?  Yes  No
2. If not, what is the date of the taxation year end of the corporation's first year that includes January 1, 2006?  
 Enter the date and go directly to question 4
3. During that first year, was the corporation a CCPC or would it have been a CCPC if not for the election of subsection 89(11) ITA?  Yes  No  
**If the answer to question 3 is yes, complete Part "GRIP addition for 2006".**

##### Change in the type of corporation

4. Was the corporation a CCPC during its preceding taxation year?  Yes  No
5. Corporations that become a CCPC or a DIC  Yes  No  
**If the answer to question 5 is yes, complete Part 4.**

##### Amalgamation (first year of filing after amalgamation)

6. Corporations that were formed as a result of an amalgamation  Yes  No  
**If the answer to question 6 is yes, answer questions 7 and 8. If the answer is no, go to question 9.**
7. Was one or more of the predecessor corporations neither a CCPC nor a DIC?  Yes  No  
**If the answer to question 7 is yes, complete Part 4.**
8. Was one or more of the predecessor corporation a CCPC or a DIC during the taxation year that ended immediately before amalgamation?  Yes  No  
**If the answer to question 8 is yes, complete Part 3.**

##### Winding-up

9. Has the corporation wound-up a subsidiary in the preceding taxation year?  Yes  No  
**If the answer to question 9 is yes, answer questions 10 and 11. If the answer is no, go to Part 1.**
10. Was the subsidiary neither a CCPC nor a DIC during its last taxation year?  Yes  No  
**If the answer to question 10 is yes, complete Part 4.**
11. Was the subsidiary a CCPC or a DIC during its last taxation year?  Yes  No  
**If the answer to question 11 is yes, complete Part 3.**

Post-amalgamation (total of amounts E4 in Part 3 and amounts W5 in Part 4)	230	
Post-wind-up (total of amounts E4 in Part 3 and amounts W5 in Part 4)	240	
Subtotal (add lines 220, 230, and 240)	290	
Subtotal (add lines 100, 190, 290, and amount B)		C 28,932,694
Eligible dividends paid in the previous tax year	300	
Excessive eligible dividend designations made in the previous tax year (If becoming a CCPC (subsection 89(4) applies), enter "0" on lines 300 and 310.)	310	
Subtotal (line 300 minus line 310)		D
GRIP before adjustment for specified future tax consequences (amount C minus amount D) (amount can be negative)	490	28,932,694
Total GRIP adjustment for specified future tax consequences to previous tax years (amount L3 in Part 2)	560	
<b>GRIP at the end of the tax year</b> (line 490 minus line 560)	<b>590</b>	<b>28,932,694</b>

Enter this amount on line 160 of Schedule 55.

\* For lines 110, 130, and 140, the income amount is the amount before considering specified future tax consequences. This phrase is defined in subsection 248(1). It includes the deduction of a loss carryback from subsequent tax years, a reduction of Canadian exploration expenses and Canadian development expenses that were renounced in subsequent tax years (e.g., flow-through share renunciations), reversals of income inclusions where an option is exercised in subsequent tax years, and the effect of certain foreign tax credit adjustments.

\*\* If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years**

Filed: August 31, 2020

Complete this part if the corporation's taxable income of any of the previous three tax years took into account the specified future tax consequences defined in subsection 248(1) from the current tax year. Otherwise, enter "0" on line 560.

First previous tax year 2018-12-31

Taxable income before specified future tax consequences from the current tax year ..... A1

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... B1

Aggregate investment income (line 440 of the T2 return) ..... C1

Subtotal (amount B1 plus amount C1) ..... D1

Subtotal (amount A1 minus amount D1) (if negative, enter "0") ..... E1

**Future tax consequences that occur for the current year**

Amount carried back from the current year to a prior year

Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F1

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... G1

Aggregate investment income (line 440 of the T2 return) ..... H1

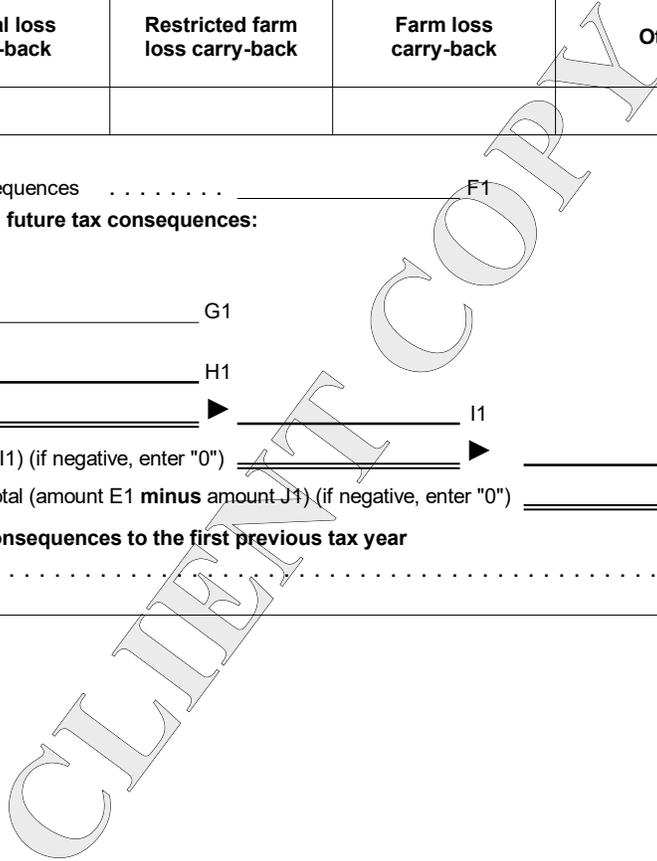

Subtotal (amount G1 plus amount H1) ..... I1

Subtotal (amount F1 minus amount I1) (if negative, enter "0") ..... J1

Subtotal (amount E1 minus amount J1) (if negative, enter "0") ..... K1

**GRIP adjustment for specified future tax consequences to the first previous tax year**

(amount K1 multiplied by 0.72 ) ..... **500**

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years (continued)**

Third previous tax year 2016-12-31

Taxable income before specified future tax consequences from the current tax year ..... A3

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... B3

Aggregate investment income (line 440 of the T2 return) ..... C3

Subtotal (amount B3 plus amount C3) ..... D3

Subtotal (amount A3 minus amount D3) (if negative, enter "0") ..... E3

Future tax consequences that occur for the current year					
Amount carried back from the current year to a prior year					
Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F3

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... G3

Aggregate investment income (line 440 of the T2 return) ..... H3

Subtotal (amount G3 plus amount H3) ..... I3

Subtotal (amount F3 minus amount I3) (if negative, enter "0") ..... J3

Subtotal (amount E3 minus amount J3) (if negative, enter "0") ..... K3

**GRIP adjustment for specified future tax consequences to the third previous tax year**

(amount K3 multiplied by 0.72 ) ..... **540**

**Total GRIP adjustment for specified future tax consequences to previous tax years:**

(add lines 500, 520, and 540) (if negative, enter "0") ..... L3

Enter amount L3 on line 560 in part 1.

\*\* If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

**Part 3 – Worksheet to calculate the GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year)**

Filed: August 31, 2020  
1211 of 1407

**nb. 1** Post amalgamation . . .  Post wind-up . . . . .

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary corporation was a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last tax year. Keep a copy of this calculation for your records, in case we ask to see it later.

Corporation's GRIP at the end of its last tax year . . . . .	_____	A4
Eligible dividends paid by the corporation in its last tax year . . . . .	_____ B4	
Excessive eligible dividend designations made by the corporation in its last tax year . . . . .	_____ C4	
Subtotal (amount B4 minus amount C4) _____	_____ D4	
<b>GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year)</b> (amount A4 minus amount D4) . . . . .	_____ E4	

After you complete this calculation for each predecessor and each subsidiary, calculate the total of all the E4 amounts. Enter this total amount on:

- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

CLIENT COPY

**Part 4 – Worksheet to calculate the GRIP addition post-amalgamation, post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC**

**nb. 1** Corporation becoming a CCPC  Post amalgamation  Post wind-up

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary was not a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last year. Keep a copy of this calculation for your records, in case we ask to see it later.

Cost amount to the corporation of all property immediately before the end of its previous/last tax year ..... A5

The corporation's money on hand immediately before the end of its previous/last tax year ..... B5

Total of subsection 111(1) losses that would have been deductible in calculating the corporation's taxable income for the previous/last tax year if the corporation had had unlimited income from each business carried on and each property held and had realized an unlimited amount of capital gains for the previous/last tax year:

Non-capital losses	.....	C5
Net capital losses	.....	D5
Farm losses	.....	E5
Restricted farm losses	.....	F5
Limited partnership losses	.....	G5
Subtotal (add amounts C5 to G5)	.....	H5

Total of all amounts deducted under subsection 111(1) in calculating the corporation's taxable income for the previous/last tax year:

Non-capital losses	.....	I5
Net capital losses	.....	J5
Farm losses	.....	K5
Restricted farm losses	.....	L5
Limited partnership losses	.....	M5
Subtotal (add amounts I5 to M5)	.....	N5

Unused and unexpired losses at the end of the corporation's previous/last tax year (amount H5 minus amount N5) ..... O5

Subtotal (add amounts A5, B5, and O5) ..... P5

All the corporation's debts and other obligations to pay that were outstanding immediately before the end of its previous/last tax year ..... Q5

Paid-up capital of all the corporation's issued and outstanding shares of capital stock immediately before the end of its previous/last tax year ..... R5

All the corporation's reserves deducted in its previous/last tax year ..... S5

The corporation's capital dividend account immediately before the end of its previous/last tax year ..... T5

The corporation's low rate income pool immediately before the end of its previous/last tax year ..... U5

Subtotal (add amounts Q5 to U5) ..... V5

**GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC (amount P5 minus amount V5) (if negative, enter "0")** ..... W5

After you complete this worksheet for each predecessor and each subsidiary, calculate the total of all the W5 amounts. Enter this total amount on:

- line 220 for a corporation becoming a CCPC;
- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

**Part III.1 Tax on Excessive Eligible Dividend Designations**

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

**Do not use this area**

- Every corporation resident in Canada that pays a taxable dividend (other than a capital gains dividend within the meaning assigned by subsection 130.1(4) or 131(1)) in the tax year must file this schedule.
- Canadian-controlled private corporations (CCPC) and deposit insurance corporations (DIC) must complete Part 1 of this schedule. All other corporations must complete Part 2.
- Every corporation that has paid an eligible dividend must also file Schedule 53, *General Rate Income Pool (GRIP) Calculation*, or Schedule 54, *Low Rate Income Pool (LRIP) Calculation*, whichever is applicable.
- File the completed schedules with your *T2 Corporation Income Tax Return* no later than six months from the end of the tax year.
- All legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 89(1) defines the terms eligible dividend, excessive eligible dividend designation, general rate income pool (GRIP), and low rate income pool (LRIP).
- The calculations in Part 1 and Part 2 do not apply if the excessive eligible dividend designation arises from the application of paragraph (c) of the definition of excessive eligible dividend designation in subsection 89(1). This paragraph applies when an eligible dividend is paid to artificially maintain or increase the GRIP or to artificially maintain or decrease the LRIP.

**Part 1 – Canadian-controlled private corporations and deposit insurance corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3			
Taxable dividends paid in the tax year <b>included</b> in Schedule 3		1,400,000	
Total taxable dividends paid in the tax year	<b>100</b>	1,400,000	
Total eligible dividends paid in the tax year			<b>150</b> _____ A
GRIP at the end of the tax year (line 590 on Schedule 53) (if negative, enter "0")		<b>160</b> 28,932,694	B
Excessive eligible dividend designation (line 150 minus line 160)			C
<b>Deduct:</b>			
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *		<b>180</b> _____	D
Subtotal (amount C minus amount D)			E
<b>Part III.1 tax on excessive eligible dividend designations – CCPC or DIC</b> (amount E multiplied by 20 %)		<b>190</b> _____	F
Enter the amount from line 190 on line 710 of the T2 return.			

**Part 2 – Other corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3			
Taxable dividends paid in the tax year <b>included</b> in Schedule 3			
Total taxable dividends paid in the tax year	<b>200</b> _____		
Total excessive eligible dividend designations in the tax year (amount from line A of Schedule 54)			G
<b>Deduct:</b>			
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *		<b>280</b> _____	H
Subtotal (amount G minus amount H)			I
<b>Part III.1 tax on excessive eligible dividend designations – Other corporations</b> (amount I multiplied by 20 %)		<b>290</b> _____	J
Enter the amount from line 290 on line 710 of the T2 return.			

\* You can elect to treat all or part of your excessive eligible dividend designation as a separate taxable dividend in order to eliminate or reduce the Part III.1 tax otherwise payable. You must file the election on or before the day that is 90 days **after** the day the notice of assessment for Part III.1 tax was sent. We will accept an election before the assessment of the tax. For more information on how to make this election, go to [www.cra.gc.ca/eligibledividends](http://www.cra.gc.ca/eligibledividends).

## Ontario Corporate Minimum Tax

Corporation's name	Business number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2019-12-31

- File this schedule if the corporation is subject to Ontario corporate minimum tax (CMT). CMT is levied under section 55 of the *Taxation Act, 2007* (Ontario), referred to as the "Ontario Act".
- Complete Part 1 to determine if the corporation is subject to CMT for the tax year.
- A corporation not subject to CMT in the tax year is still required to file this schedule if it is deducting a CMT credit, has a CMT credit carryforward, or has a CMT loss carryforward or a current year CMT loss.
- A corporation that has Ontario special additional tax on life insurance corporations (SAT) payable in the tax year must complete Part 4 of this schedule even if it is not subject to CMT for the tax year.
- A corporation is exempt from CMT if, throughout the tax year, it was one of the following:
  - 1) a corporation exempt from income tax under section 149 of the federal *Income Tax Act*;
  - 2) a mortgage investment corporation under subsection 130.1(6) of the federal Act;
  - 3) a deposit insurance corporation under subsection 137.1(5) of the federal Act;
  - 4) a congregation or business agency to which section 143 of the federal Act applies;
  - 5) an investment corporation as referred to in subsection 130(3) of the federal Act; or
  - 6) a mutual fund corporation under subsection 131(8) of the federal Act.
- File this schedule with the *T2 Corporation Income Tax Return*.

### Part 1 – Determination of CMT applicability

Total assets of the corporation at the end of the tax year *	<b>112</b>	254,037,560
Share of total assets from partnership(s) and joint venture(s) *	<b>114</b>	
Total assets of associated corporations (amount from line 450 on Schedule 511)	<b>116</b>	77,166,550
Total assets (total of lines 112 to 116)		331,204,110
Total revenue of the corporation for the tax year **	<b>142</b>	177,096,385
Share of total revenue from partnership(s) and joint venture(s) **	<b>144</b>	
Total revenue of associated corporations (amount from line 550 on Schedule 511)	<b>146</b>	108,557,243
Total revenue (total of lines 142 to 146)		285,653,628

The corporation is subject to CMT if:

- for tax years ending before July 1, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are more than \$5,000,000, or the total revenue for the year of the corporation or the associated group of corporations is more than \$10,000,000.
- for tax years ending after June 30, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are equal to or more than \$50,000,000, and the total revenue for the year of the corporation or the associated group of corporations is equal to or more than \$100,000,000.

If the corporation is not subject to CMT, do not complete the remaining parts unless the corporation is deducting a CMT credit, or has a CMT credit carryforward, a CMT loss carryforward, a current year CMT loss, or SAT payable in the year.

#### \* Rules for total assets

- Report total assets according to generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Do not include unrealized gains and losses on assets and foreign currency gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.
- The amount on line 114 is determined at the end of the last fiscal period of the partnership or joint venture that ends in the tax year of the corporation. Add the proportionate share of the assets of the partnership(s) and joint venture(s), and deduct the recorded asset(s) for the investment in partnerships and joint ventures.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

#### \*\* Rules for total revenue

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the tax year is less than 51 weeks, **multiply** the total revenue of the corporation or the partnership, whichever applies, by 365 and **divide** by the number of days in the tax year.
- The amount on line 144 is determined for the partnership or joint venture fiscal period that ends in the tax year of the corporation. If the partnership or joint venture has 2 or more fiscal periods ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

<b>381</b>	<b>382</b>			
<b>383</b>	<b>384</b>			
<b>385</b>	<b>386</b>			
<b>387</b>	<b>388</b>			
<b>389</b>	<b>390</b>			
	Subtotal			B
Adjusted net income/loss for CMT purposes (line 210 plus amount A minus amount B)			<b>490</b>	2,265,175

If the amount on line 490 is positive and the corporation is subject to CMT as determined in Part 1, enter the amount on line 515 in Part 3.  
 If the amount on line 490 is negative, enter the amount on line 760 in Part 7 (enter as a positive amount).

**Note**  
 In accordance with *Ontario Regulation 37/09*, when calculating net income for CMT purposes, accounting income should be adjusted to:  
 – exclude unrealized gains and losses due to mark-to-market changes or foreign currency changes on specified mark-to-market property (assets only);  
 – include realized gains and losses on the disposition of specified mark-to-market property not already included in the accounting income, if the property is not a capital property or is a capital property disposed in the year or in a previous tax year ended after March 22, 2007.  
 "Specified mark-to-market property" is defined in subsection 54(1) of the Ontario Act.  
 These rules also apply to partnerships. A corporate partner's share of a partnership's adjusted income flows through on a proportionate basis to the corporate partner.

**\* Rules for net income/loss**  
 – Banks must report net income/loss as per the report accepted by the Superintendent of Financial Institutions under the federal *Bank Act*, adjusted so consolidation and equity methods are not used.

**Part 2 – Calculation of adjusted net income/loss for CMT purposes (continued)**

Filed: August 31, 2020  
 1216 of 1407

- Life insurance corporations must report net income/loss as per the report accepted by the federal Superintendent of Financial Institutions or equivalent provincial insurance regulator, before SAT and adjusted so consolidation and equity methods are not used. If the life insurance corporation is resident in Canada and carries on business in and outside of Canada, **multiply** the net income/loss by the ratio of the Canadian reserve liabilities **divided** by the total reserve liability. The reserve liabilities are calculated in accordance with Regulation 2405(3) of the federal Act.
- Other corporations must report net income/loss in accordance with generally accepted accounting principles, except that consolidation and equity methods must not be used. When the equity method has been used for accounting purposes, equity losses and equity income are removed from book income/loss on lines 224 and 324 respectively.
- Corporations, other than insurance corporations, should report net income from line 9999 of the GIF1 (Schedule 125) on line 210.
- \*\* The share of the adjusted net income of a partnership or joint venture is calculated as if the partnership or joint venture were a corporation and the tax year of the partnership or joint venture were its fiscal period. For a corporation with an indirect interest in a partnership through one or more partnerships, determine the corporation's share according to clause 54(5)(c) of the Ontario Act.
- \*\*\* A joint election will be considered made under subsection 60(1) of the Ontario Act if there is an entry on line 342, and an election has been made for transfer of property to a corporation under subsection 85(1) of the federal Act.
- \*\*\*\* A joint election will be considered made under subsection 60(2) of the Ontario Act if there is an entry on line 344, and an election has been made under subsection 85(2) or 97(2) of the federal Act.
- \*\*\*\*\* A joint election will be considered made under subsection 61(1) of the Ontario Act if there is an entry on line 346, and an election has been made under subsection 13(4) or 14(6) and/or section 44 of the federal Act.

For more information on how to complete this part, see the *T2 Corporation – Income Tax Guide*.

**Part 3 – CMT payable**

Adjusted net income for CMT purposes (line 490 in Part 2, if positive)	515		2,265,175	
<b>Deduct:</b>				
CMT loss available (amount R from Part 7)				
<b>Minus:</b> Adjustment for an acquisition of control *	518			
Adjusted CMT loss available				C
Net income subject to CMT calculation (if negative, enter "0")	520		2,265,175	
Amount from line 520	2,265,175	×	Number of days in the tax year before July 1, 2010	×
			365	×
				4 % =
				1
Amount from line 520	2,265,175	×	Number of days in the tax year after June 30, 2010	×
			365	×
				2.7 % =
				61,160
				2
Subtotal (amount 1 plus amount 2)			61,160	3
Gross CMT: amount on line 3 above x OAF **			61,160	540
<b>Deduct:</b>				
Foreign tax credit for CMT purposes ***				550
CMT after foreign tax credit deduction (line 540 minus line 550) (if negative, enter "0")			61,160	D
<b>Deduct:</b>				
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)				
Net CMT payable (if negative, enter "0")			61,160	E

Enter amount E on line 278 of Schedule 5, *Tax Calculation Supplementary – Corporations*, and complete Part 4.

\* Enter the portion of CMT loss available that exceeds the adjusted net income for the tax year from carrying on a business before the acquisition of control. See subsection 58(3) of the Ontario Act.

\*\*\* Enter "0" on line 550 for life insurance corporations as they are not eligible for this deduction. For all other corporations, enter the cumulative total of amount J for the province of Ontario from Part 9 of Schedule 21 on line 550.

**\*\* Calculation of the Ontario allocation factor (OAF):**

If the provincial or territorial jurisdiction entered on line 750 of the T2 return is "Ontario," enter "1" on line F.

If the provincial or territorial jurisdiction entered on line 750 of the T2 return is "multiple," complete the following calculation, and enter the result on line F:

$$\frac{\text{Ontario taxable income ****}}{\text{Taxable income *****}} = \underline{\hspace{2cm}}$$

**Ontario allocation factor** ..... 1.0000 F

\*\*\*\* Enter the amount allocated to Ontario from column F in Part 1 of Schedule 5. If the taxable income is nil, calculate the amount in column F as if the taxable income were \$1,000.

\*\*\*\*\* Enter the taxable income amount from line 360 or amount Z of the T2 return, whichever applies. If the taxable income is nil, enter "1,000".

**Part 4 – Calculation of CMT credit carryforward**

CMT credit carryforward at the end of the previous tax year *	283,619	G
<b>Deduct:</b>		
CMT credit expired *	600	
CMT credit carryforward at the beginning of the current tax year * (see note below)	283,619	620 283,619
<b>Add:</b>		
CMT credit carryforward balances transferred on an amalgamation or the windup of a subsidiary (see note below)	650	
CMT credit available for the tax year (amount on line 620 plus amount on line 650)		283,619 H
<b>Deduct:</b>		
CMT credit deducted in the current tax year (amount P from Part 5)		I
	Subtotal (amount H minus amount I)	283,619 J
<b>Add:</b>		
Net CMT payable (amount E from Part 3)	61,160	
SAT payable (amount O from Part 6 of Schedule 512)		
	Subtotal	61,160 K
CMT credit carryforward at the end of the tax year (amount J plus amount K)	670	344,779 L

\* For the first harmonized T2 return filed with a tax year that includes days in 2009:  
 – do not enter an amount on line G or line 600;  
 – for line 620, enter the amount from line 2336 of Ontario CT23 Schedule 101, *Corporate Minimum Tax (CMT)*, for the last tax year that ended in 2008.  
 For other tax years, enter on line G the amount from line 670 of Schedule 510 from the previous tax year.

**Note:** If you entered an amount on line 620 or line 650, complete Part 6.

**Part 5 – Calculation of CMT credit deducted from Ontario corporate income tax payable**

CMT credit available for the tax year (amount H from Part 4)		283,619 M
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)		1
For a corporation that is not a life insurance corporation:		
CMT after foreign tax credit deduction (amount D from Part 3)	61,160	2
For a life insurance corporation:		
Gross CMT (line 540 from Part 3)		3
Gross SAT (line 460 from Part 6 of Schedule 512)		4
The <b>greater</b> of amounts 3 and 4		5
	<b>Deduct:</b> line 2 or line 5, whichever applies:	61,160 6
	Subtotal (if negative, enter "0")	N
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)		
<b>Deduct:</b>		
Total refundable tax credits excluding Ontario qualifying environmental trust tax credit (amount J6 minus line 450 from Schedule 5)	2,932	
	Subtotal (if negative, enter "0")	O
CMT credit deducted in the current tax year (least of amounts M, N, and O)		P

Enter amount P on line 418 of Schedule 5 and on line I in Part 4 of this schedule.

Is the corporation claiming a CMT credit earned before an acquisition of control? **675** 1 Yes  2 No

If you answered **yes** to the question at line 675, the CMT credit deducted in the current tax year may be restricted. For information on how the deduction may be restricted, see subsections 53(6) and (7) of the Ontario Act.

**Part 6 – Analysis of CMT credit available for carryforward by year of origin**

Complete this part if:

- the tax year includes January 1, 2009; or
- the previous tax year-end is deemed to be December 31, 2008, under subsection 249(3) of the federal Act.

Year of origin	CMT credit balance *
10th previous tax year	680
9th previous tax year	681
8th previous tax year	682
7th previous tax year	683
6th previous tax year	684
5th previous tax year	685
4th previous tax year	686
3rd previous tax year	687
2nd previous tax year	688
1st previous tax year	689
Total **	

\* CMT credit that was earned (by the corporation, predecessors of the corporation, and subsidiaries wound up into the corporation) in each of the previous 10 tax years and has not been deducted.

\*\* Must equal the total of the amounts entered on lines 620 and 650 in Part 4.

**Part 7 – Calculation of CMT loss carryforward**

CMT loss carryforward at the end of the previous tax year \* ..... Q

**Deduct:**

CMT loss expired \* ..... 700

CMT loss carryforward at the beginning of the tax year \* (see note below) ..... 720

**Add:**

CMT loss transferred on an amalgamation under section 87 of the federal Act \*\* (see note below) ..... 750

CMT loss available (line 720 plus line 750) ..... R

**Deduct:**

CMT loss deducted against adjusted net income for the tax year (lesser of line 490 (if positive) and line C in Part 3) .....  
 Subtotal (if negative, enter "0") ..... S

**Add:**

Adjusted net loss for CMT purposes (amount from line 490 in Part 2, if **negative**) (enter as a positive amount) ..... 760

CMT loss carryforward balance at the end of the tax year (amount S plus line 760) ..... 770 T

- \* For the first harmonized T2 return filed with a tax year that includes days in 2009:
  - do not enter an amount on line Q or line 700;
  - for line 720, enter the amount from line 2214 of Ontario CT23 Schedule 101, *Corporate Minimum Tax (CMT)*, for the last tax year that ended in 2008.

For other tax years, enter on line Q the amount from line 770 of Schedule 510 from the previous tax year.

\*\* Do not include an amount from a predecessor corporation if it was controlled at any time before the amalgamation by any of the other predecessor corporations.

**Note:** If you entered an amount on line 720 or line 750, complete Part 8.

**Part 8 – Analysis of CMT loss available for carryforward by year of origin**

Complete this part if:

- the tax year includes January 1, 2009; or
- the previous tax year-end is deemed to be December 31, 2008, under subsection 249(3) of the federal Act.

Year of origin	Balance earned in a tax year ending before March 23, 2007 *	Balance earned in a tax year ending after March 22, 2007 **
10th previous tax year	<b>810</b>	<b>820</b>
9th previous tax year	<b>811</b>	<b>821</b>
8th previous tax year	<b>812</b>	<b>822</b>
7th previous tax year	<b>813</b>	<b>823</b>
6th previous tax year	<b>814</b>	<b>824</b>
5th previous tax year	<b>815</b>	<b>825</b>

**ONTARIO CORPORATE MINIMUM TAX – TOTAL ASSETS  
 AND REVENUE FOR ASSOCIATED CORPORATIONS**

Name of corporation	Business Number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2019-12-31

- For use by corporations to report the total assets and total revenue of all the Canadian or foreign corporations with which the filing corporation was associated at any time during the tax year. These amounts are required to determine if the filing corporation is subject to corporate minimum tax.
- Total assets and total revenue include the associated corporation's share of any partnership(s)/joint venture(s) total assets and total revenue.
- Attach additional schedules if more space is required.
- File this schedule with the *T2 Corporation Income Tax Return*.

Names of associated corporations	Business number (Canadian corporation only) (see Note 1)	Total assets* (see Note 2)	Total revenue** (see Note 2)
<b>200</b>	<b>300</b>	<b>400</b>	<b>500</b>
1 NIAGARA FALLS HYDRO SERVICES INC.	87146 8120 RC0001	218,873	5,008
2 NIAGARA FALLS HYDRO HOLDING CORPORATION	86750 8830 RC0001	0	0
3 City of Niagara Falls	NR	50,000,000	100,000,000
4 Niagara Regional Broadband Network Limited	87177 4105 RC0001	26,947,677	8,552,235
	<b>450</b>	<b>77,166,550</b>	<b>550</b>
	<b>Total</b>	<b>77,166,550</b>	<b>108,557,243</b>

Enter the total assets from line 450 on line 116 in Part 1 of Schedule 510, *Ontario Corporate Minimum Tax*.

Enter the total revenue from line 550 on line 146 in Part 1 of Schedule 510.

Note 1: Enter "NR" if a corporation is not registered.

Note 2: If the associated corporation does not have a tax year that ends in the filing corporation's current tax year but was associated with the filing corporation in the previous tax year of the filing corporation, enter the total revenue and total assets from the tax year of the associated corporation that ends in the previous tax year of the filing corporation.

**\* Rules for total assets**

- Report total assets in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Include the associated corporation's share of the total assets of partnership(s) and joint venture(s) but exclude the recorded asset(s) for the investment in partnerships and joint ventures.
- Exclude unrealized gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.

**\*\* Rules for total revenue**

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the associated corporation has 2 or more tax years ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of those tax years by 365 and **divide** by the total number of days in all of those tax years.
- If the associated corporation's tax year is less than 51 weeks and is the only tax year of the associated corporation that ends in the filing corporation's tax year, **multiply** the associated corporation's total revenue by 365 and **divide** by the number of days in the associated corporation's tax year.
- Include the associated corporation's share of the total revenue of partnerships and joint ventures.
- If the partnership or joint venture has 2 or more fiscal periods ending in the associated corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.

**CORPORATIONS INFORMATION ACT ANNUAL RETURN FOR ONTARIO CORPORATIONS**

Name of corporation	Business Number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2019-12-31

- This schedule should be completed by a corporation that is incorporated, continued, or amalgamated in Ontario and subject to the Ontario *Business Corporations Act* (BCA) or Ontario *Corporations Act* (CA), except for registered charities under the federal *Income Tax Act*. This completed schedule serves as a *Corporations Information Act* Annual Return under the *Ontario Corporations Information Act*.
- Complete parts 1 to 4. Complete parts 5 to 7 only to report change(s) in the information recorded on the Ontario Ministry of Government Services (MGS) public record.
- This schedule must set out the required information for the corporation as of the date of delivery of this schedule.
- A completed Ontario *Corporations Information Act* Annual Return must be delivered within six months after the end of the corporation's tax year-end. The MGS considers this return to be delivered on the date that it is filed with the Canada Revenue Agency (CRA) together with the corporation's income tax return.
- It is the corporation's responsibility to ensure that the information shown on the MGS public record is accurate and up-to-date. To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. Visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca) for more information.
- This schedule contains non-tax information collected under the authority of the Ontario *Corporations Information Act*. This information will be sent to the MGS for the purposes of recording the information on the public record maintained by the MGS.

**Part 1 – Identification**

<b>100</b> Corporation's name (exactly as shown on the MGS public record) NIAGARA PENINSULA ENERGY INC.		
Jurisdiction incorporated, continued, or amalgamated, whichever is the most recent <b>Ontario</b>	<b>110</b> Date of incorporation or amalgamation, whichever is the most recent Year Month Day 2008-01-01	<b>120</b> Ontario Corporation No. 1746865

**Part 2 – Head or registered office address (P.O. box not acceptable as stand-alone address)**

<b>200</b> Care of (if applicable) SUZANNE WILSON

## Ontario Apprenticeship Training Tax Credit

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this schedule to claim an Ontario apprenticeship training tax credit (ATTC) under section 89 of the *Taxation Act, 2007* (Ontario).
- The ATTC is a refundable tax credit that is equal to a specified percentage (25% to 45%) of the eligible expenditures incurred by a corporation for a qualifying apprenticeship. For eligible expenditures incurred after March 26, 2009 for an apprenticeship program that began before April 24, 2015, the maximum credit for each qualifying apprenticeship is \$10,000 per year to a maximum credit of \$40,000 over the first 48-month period of the qualifying apprenticeship. For an apprenticeship program that began after April 23, 2015, the maximum credit for each qualifying apprenticeship is \$5,000 per year to a maximum credit of \$15,000 over the first 36-month period of the qualifying apprenticeship.
- Eligible expenditures are salaries and wages (including taxable benefits) paid to an apprentice in a qualifying apprenticeship or fees paid to an employment agency for the provision of services performed by the apprentice in a qualifying apprenticeship. These expenditures must be:
  - paid on account of employment or services, as applicable, at a permanent establishment of the corporation in Ontario;
  - for services provided by the apprentice during the first 48 months of the apprenticeship program, if an apprenticeship program began before April 24, 2015; and
  - for services provided by the apprentice during the first 36 months of the apprenticeship program, if an apprenticeship program began after April 23, 2015.
- An expenditure is not eligible for an ATTC if:
  - the same expenditure was used, or will be used, to claim a co-operative education tax credit; or
  - it is more than an amount that would be paid to an arm's length apprentice.
- An apprenticeship must meet the following conditions to be a qualifying apprenticeship:
  - the apprenticeship is in a qualifying skilled trade approved by the Ministry of Training, Colleges and Universities (Ontario) or a person designated by him or her; and
  - the corporation and the apprentice must be participating in an apprenticeship program in which the training agreement has been registered under the *Ontario College of Trades and Apprenticeship Act, 2009*, or the *Apprenticeship and Certification Act, 1998*, or in which the contract of apprenticeship has been registered under the *Trades Qualification and Apprenticeship Act*.
- Do not submit the training agreement or contract of apprenticeship with your *T2 Corporation Income Tax Return*. Keep a copy of the training agreement or contract of apprenticeship to support your claim.
- File this schedule with your *T2 Corporation Income Tax Return*.

### Part 1 – Corporate information

<b>110</b> Name of person to contact for more information <b>SUZANNE WILSON</b>	<b>120</b> Telephone number <b>(905) 356-2681</b>
Is the claim filed for an ATTC earned through a partnership? *	<b>150</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>
If you answered <b>yes</b> to the question at line 150, what is the name of the partnership? <b>160</b> _____	
Enter the percentage of the partnership's ATTC allocated to the corporation _____ %	<b>170</b> _____ %

\* When a corporate member of a partnership is claiming an amount for eligible expenditures incurred by a partnership, complete a Schedule 552 for the partnership as if the partnership were a corporation. Each corporate partner, other than a limited partner, should file a separate Schedule 552 to claim the partner's share of the partnership's ATTC. The total of the partners' allocated amounts can never exceed the amount of the partnership's ATTC.

### Part 2 – Eligibility

1. Did the corporation have a permanent establishment in Ontario in the tax year? .....	<b>200</b> 1 Yes <input checked="" type="checkbox"/> 2 No <input type="checkbox"/>
2. Was the corporation exempt from tax under Part III of the <i>Taxation Act, 2007</i> (Ontario)? .....	<b>210</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>

If you answered **no** to question 1 or **yes** to question 2, then you are **not eligible** for the ATTC.

2019-12-31

**Part 3 – Specified percentage**

Corporation's salaries and wages paid in the previous tax year \* ..... **300** 508,923

**For eligible expenditures incurred after March 26, 2009 for an apprenticeship program that began before April 24, 2015:**

- If line 300 is \$400,000 or less, enter 45% on line 312.
- If line 300 is \$600,000 or more, enter 35% on line 312.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 312 using the following formula:

$$\text{Specified percentage} = 45\% - \left[ 10\% \times \left( \frac{\text{amount on line 300} - 400,000}{200,000} \right) \right]$$

508,923 minus 400,000

**Specified percentage** ..... **312** 39.554 %

**For eligible expenditures incurred for an apprenticeship program that began after April 23, 2015:**

- If line 300 is \$400,000 or less, enter 30% on line 314.
- If line 300 is \$600,000 or more, enter 25% on line 314.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 314 using the following formula:

$$\text{Specified percentage} = 30\% - \left[ 5\% \times \left( \frac{\text{amount on line 300} - 400,000}{200,000} \right) \right]$$

508,923 minus 400,000

**Specified percentage** ..... **314** 27.277 %

\* If this is the first tax year of an amalgamated corporation and subsection 89(6) of the *Taxation Act, 2007* (Ontario) applies, enter salaries and wages paid in the previous tax year by the predecessor corporations.

**Part 4 – Ontario apprenticeship training tax credit**

Complete a **separate entry** for each apprentice for each qualifying apprenticeship with the corporation. When claiming an ATTC for repayment of government assistance, complete a **separate entry** for each repayment, and complete columns A to G and M and N with the details for the employment period in the previous tax year in which the government assistance was received.

A Trade code	B Apprenticeship program/trade name	C Name of apprentice		
400	405	410		
1. 434a	Powerline Technician	[REDACTED]		
2. 434a	Powerline Technician	[REDACTED]		
D Original contract or training agreement number		E Original registration date of apprenticeship contract or training agreement (YYYYMMDD) (see note 1)	F Start date of employment as an apprentice in the tax year (YYYYMMDD) (see note 2)	G End date of employment as an apprentice in the tax year (YYYYMMDD) (see note 3)
420		425	430	435
1.	111111111111	2017-09-01	2019-09-16	2019-12-31
2.	111111111111	2017-09-01	2019-09-16	2019-12-31

Note 1: Enter the original registration date of the apprenticeship contract or training agreement in all cases, even when multiple employers employed the apprentice.

Note 2: When there are multiple employment periods as an apprentice in the tax year with the corporation, enter the date that is the first day of employment as an apprentice in the tax year with the corporation. When claiming an ATTC for repayment of government assistance, enter the start date of employment as an apprentice for the tax year in which the government assistance was received.

Note 3: When there are multiple employment periods as an apprentice in the tax year with the corporation, enter the date that is the last day of employment as an apprentice in the tax year with the corporation. When claiming an ATTC for repayment of government assistance, enter the end date of employment as an apprentice for the tax year in which the government assistance was received.

**Part 4 – Ontario apprenticeship training tax credit (continued)**

Filed: August 31, 2020  
1225 of 1407

	<b>H1</b> Number of days in the tax year employed as an apprentice in a qualifying apprenticeship program that began before April 24, 2015 (see note 1)  <b>442</b>	<b>H2</b> Number of days in the tax year employed as an apprentice in a qualifying apprenticeship program that began after April 23, 2015 (see note 1)  <b>443</b>	<b>I</b> Maximum credit amount for the tax year (see note 2)  <b>445</b>
1.		107	1,466
2.		107	1,466

Note 1: When there are multiple employment periods as an apprentice in the tax year with the corporation, do not include days in which the individual was not employed as an apprentice.

For H1: The days employed as an apprentice must be within 48 months of the registration date provided in column E.

For H2: The days employed as an apprentice must be within 36 months of the registration date provided in column E.

Note 2: Maximum credit = (\$10,000 × H1/365\*) or (\$5,000 × H2/365\*), whichever applies.

\* 366 days, if the tax year includes February 29

	<b>J1</b> Eligible expenditures incurred after March 26, 2009 for a qualifying apprenticeship program that began before April 24, 2015 (see note 3)  <b>452</b>	<b>J2</b> Eligible expenditures incurred for a qualifying apprenticeship program that began after April 23, 2015 (see note 3)  <b>453</b>	<b>K</b> Eligible expenditures multiplied by specified percentage (see note 4)  <b>460</b>
1.		39,410	10,750
2.		37,598	10,256

Note 3: Reduce eligible expenditures by all government assistance, as defined under subsection 89(19) of the *Taxation Act, 2007* (Ontario), that the corporation has received, is entitled to receive, or may reasonably expect to receive, in respect of the eligible expenditures, on or before the filing due date of the *T2 Corporation Income Tax Return* for the tax year.

For J1: Eligible expenditures must be for services provided by the apprentice to the taxpayer during the first 48 months of the apprenticeship program, and not relating to services performed before the apprenticeship program began or after it ended.

For J2: Eligible expenditures must be for services provided by the apprentice to the taxpayer during the first 36 months of the apprenticeship program, and not relating to services performed before the apprenticeship began or after it ended.

Note 4: Calculate the amount in column K as follows:

Column K = (J1 × line 312) or (J2 × line 314), whichever applies.

	<b>L</b> ATTC on eligible expenditures (lesser of columns I and K)  <b>470</b>	<b>M</b> ATTC on repayment of government assistance (see note 5)  <b>480</b>	<b>N</b> ATTC for each apprentice (column L or M, whichever applies)  <b>490</b>
1.	1,466		1,466
2.	1,466		1,466

**Ontario apprenticeship training tax credit** (total of amounts in column N) **500** 2,932 **O**

Or, if the corporation answered **yes** at line 150 in Part 1, determine the partner's share of amount O:

Amount O \_\_\_\_\_ × percentage on line 170 in Part 1 \_\_\_\_\_ % = \_\_\_\_\_ **P**

Enter amount O or P, whichever applies, on line 454 of Schedule 5, *Tax Calculation Supplementary – Corporations*. If you are filing more than one Schedule 552, **add** the amounts from line O or P, whichever applies, on all the schedules, and enter the total amount on line 454 of Schedule 5.

Note 5: Include the amount of government assistance repaid in the tax year multiplied by the specified percentage for the tax year in which the government assistance was received, to the extent that the government assistance reduced the ATTC in that tax year. Complete a **separate entry** for each repayment of government assistance.

See the privacy notice on your return.

# T2 Corporation Income Tax Return

This form serves as a federal, provincial, and territorial corporation income tax return, unless the corporation is located in Quebec or Alberta. If the corporation is located in one of these provinces, you have to file a separate provincial corporation return.

All legislative references on this return are to the federal Income Tax Act and Income Tax Regulations. This return may contain changes that had not yet become law at the time of publication.

Send one completed copy of this return, including schedules and the General Index of Financial Information (GIFI), to your tax centre. You have to file the return within six months after the end of the corporation's tax year.

For more information see [canada.ca/taxes](http://canada.ca/taxes) or Guide T4012, T2 Corporation – Income Tax Guide.

## INDEPENDENT AUDITORS' REPORT

To the Shareholders of Niagara Peninsula Energy Inc.:

### ***Opinion***

We have audited the accompanying financial statements of Niagara Peninsula Energy Inc. (the "Entity") which comprise:

- the statement of financial position as at December 31, 2019
- the statement of comprehensive income for the year then ended
- the statement of changes in equity for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2019, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

### ***Basis for Opinion***

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Responsibilities of Management and Those Charged With Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with Governance are responsible for overseeing the Entity's financial reporting process.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## 1. Reporting entity

Niagara Peninsula Energy Inc. (the "Corporation") is a rate regulated, municipally owned hydro distribution company incorporated under the laws of Ontario, Canada. The Corporation is located in the City of Niagara Falls. The address of the Corporation's registered office is 7447 Pin Oak Drive, Niagara Falls, Ontario.

The Corporation delivers electricity and related energy services to residential and commercial customers in the City of Niagara Falls, the Town of Lincoln, the Township of West Lincoln and the Town of Pelham. The Corporation is owned 74.5% by Niagara Falls Hydro Holding Corporation which is wholly owned by the City of Niagara Falls and 25.5% by Peninsula West Power Limited which is owned 59% by the Town of Lincoln, 24% by the Township of West Lincoln and 17% by the Town of Pelham.

The financial statements are for the Corporation as at and for the year ended December 31, 2019.

## 2. Basis of presentation

### (a) Statement of compliance

The Corporation's financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS").

The financial statements were approved by the Board of Directors on April 22, 2020.

The Corporation has adopted IFRS 16 *Leases* in these financial statements effective January 1, 2019. There was no material impact of this implementation on these financial statements as the Corporation does not enter into leasing arrangements and has determined that there are no arrangements that contain a lease.

### (b) Basis of measurement

These financial statements have been prepared on the historical cost basis, unless otherwise stated.

### (c) Functional and presentation currency

These financial statements are presented in Canadian dollars, which is the Corporation's functional currency.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

## 2. Basis of presentation (continued)

### (d) Use of estimates and judgments

#### (i) Assumptions and estimation uncertainty

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in material adjustment is included in the following notes:

- (i) Note 3(b) – measurement of unbilled revenue
- (ii) Notes 3(d)(e), 6, 7 – estimation of useful lives of its property, plant and equipment and intangible assets
- (iii) Note 3(i), 9 – recognition and measurement of regulatory balances
- (iv) Note 3(j), 12 – measurement of defined benefit obligations: key actuarial assumptions
- (v) Note 3(h), 17 – recognition and measurement of provisions and contingencies

### (e) Rate regulation

The Corporation is regulated by the Ontario Energy Board (“OEB”), under the authority granted by the *Ontario Energy Board Act, 1998*. Among other things, the OEB has the power and responsibility to approve or set rates for the transmission and distribution of electricity, providing continued rate protection for electricity consumers in Ontario, and ensuring that transmission and distribution companies fulfill obligations to connect and service customers. The OEB may also prescribe license requirements and conditions of service to local distribution companies (“LDCs”), such as the Corporation, which may include, among other things, record keeping, regulatory accounting principles, separation of accounts for distinct businesses, and filing and process requirements for rate setting purposes.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

## 2. Basis of presentation (continued)

### (e) Rate regulation (continued)

#### Rate setting

##### *Distribution revenue*

For the distribution revenue, the Corporation files a “Cost of Service” (“COS”) rate application with the OEB every five years. The COS filing timeline may be extended if the Corporation is able to maintain good reliability and operations under the existing approved rate structure, and has received approval by the OEB for such a deferral. The COS rates are determined through a review of the forecasted annual amount of operating and capital expenditures, debt and shareholder’s equity required to support the Corporation’s business. The Corporation estimates electricity usage and the costs to service each customer class to determine the appropriate rates to be charged to each customer class. The COS application is reviewed by the OEB and interveners and rates are approved based upon this review, including any revisions resulting from that review.

In the intervening years an Incentive Rate Mechanism application (“IRM”) is filed. An IRM application results in a formulaic adjustment to distribution rates that were set under the last COS application. The previous year’s rates are adjusted for the annual change in the Gross Domestic Product Implicit Price Inflation for Final Domestic Demand (“GDP IPI-FDD”) net of a productivity factor and a “stretch factor” determined by the relative efficiency of an electricity distributor.

As a licensed distributor, the Corporation is responsible for billing customers for electricity generated by third parties and the related costs of providing electricity service, such as transmission services and other services provided by third parties. The Corporation is required, pursuant to regulation, to remit such amounts to these third parties, irrespective of whether the Corporation ultimately collects these amounts from customers.

The Corporation last filed a COS application in 2014 for rates effective June 1, 2015 to April 30, 2016. The Board issued a Rate Order on April 28, 2015 declaring NPEI’s existing rates interim on May 1, 2015. In the Ontario Energy Board’s Decision and Order dated May 14, 2015, new rates for 2015 will be based on the Amended Settlement Proposal, utilizing a 13% Working capital allowance. The 2015 rates were implemented and effective as of June 1, 2015, pending the results of the lead/lag study requested by the OEB and the Corporation obtaining the necessary, subsequent OEB approvals at the time of its next incentive rate application. The Corporation’s lead/lag study was approved by the OEB utilizing a 10.48% working capital allowance and in conjunction with the 2016 IRM rate application effective May 1, 2016. A rate rider for Adjustment to 2015 Interim Rates was effective from May 1, 2016 to April 30, 2017 to account for the change in working capital allowance that resulted from the lead/lag study. The GDP IPI-FDD for 2017 is 1.9%, the Corporation’s productivity factor is 0% and the stretch factor is 0.3%, resulting in a net adjustment after the change in working capital allowance of 1.6%, to the previous year’s rates. An IRM Application was filed on October 16, 2017 for rates effective May 1, 2018. The OEB issued its Decision and Rate Order on March 22, 2018. The GDP-IPI-

## 2. Basis of presentation (continued)

### (e) Rate regulation (continued)

Rate setting (continued)

*Distribution revenue (continued)*

FDD for 2018 is 1.2% the Corporation's productivity factor is 0.0% and the stretch factor is 0.3% resulting in a net adjustment of .90% to the previous year's rates. An IRM Application was filed on October 15, 2018 for rates effective May 1, 2019. The OEB issued its Decision and Rate Order on March 28, 2019. The GDP-IPI- FDD for 2019 is 1.5% the Corporation's productivity factor is 0.0% and the stretch factor is 0.3% resulting in a net adjustment of 1.20% to the previous year's rates. The 2020 IRM Application was filed on August 9, 2019 for rates effective May 1, 2020. The OEB issued its Decision and Rate Order on December 12, 2019. On April 16, 2020, the OEB issued a letter advising utilities that they have an option to defer implementation of their OEB approved May 1, 2020 rate increases to November 1, 2020. The Corporation has decided to defer its rate increase to November 1, 2020 in accordance with the OEB guidance. On April 17, 2020, the OEB has advised that the foregone revenue resulting from this deferral will be included in the rates to be implemented on November 1, 2020. The GDP-IPI- FDD for 2020 is 2.0% the Corporation's productivity factor is 0.0% and the stretch factor is 0.3% resulting in a net adjustment of 1.70% to the previous year's rates. The Corporation had intended to file its a Cost of Service Application on April 30, 2020 for January 1, 2021 rates, however, in light of the pandemic, the Corporation has decided to ask for a deferral to file their Cost of Service Application by August 31, 2020.

*Electricity rates*

The OEB sets electricity prices for low-volume consumers twice each year based on an estimate of how much it will cost to supply the province with electricity for the next year. All remaining consumers pay the market price for electricity. The Corporation is billed for the cost of the electricity that its customers use and passes this cost on to the customer at cost without a mark-up.

## 3. Significant accounting policies

The accounting policies set out below have been applied consistently in all years presented in these financial statements.

### (a) Financial instruments

All financial assets and all financial liabilities are recognized initially at fair value plus any directly attributable transaction costs. Subsequently, they are measured at amortized cost using the effective interest method less any impairment for the financial assets as described in note 3(f). The Corporation does not enter into derivative instruments.

Hedge accounting has not been used in the preparation of these financial statements.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

### 3. Significant accounting policies (continued)

#### (b) Revenue recognition

##### *Sale and distribution of electricity*

The performance obligations for the sale and distribution of electricity are recognized over time using an output method to measure the satisfaction of the performance obligation. The value of the electricity services transferred to the customer is determined on the basis of cyclical meter readings plus estimated customer usage since the last meter reading date to the end of the year and represents the amount that the Corporation has the right to bill. Revenue includes the cost of electricity supplied, distribution, and any other regulatory charges. The related cost of power is recorded on the basis of power used.

For customer billings related to electricity generated by third parties and the related costs of providing electricity service, such as transmission services and other services provided by third parties, the Corporation has determined that it is acting as a principal for these electricity charges and, therefore, has presented electricity revenue on a gross basis.

Customer billings for debt retirement charges are recorded on a net basis as the Corporation is acting as an agent for this billing stream.

##### *Other revenue*

Revenue earned from the provision of services is recognized as the service is rendered. Amounts received in advance of these milestones are presented as deferred revenue.

Developers are required to contribute towards the capital cost of construction of distribution assets in order to provide ongoing service. The developer is not a customer and therefore the contributions are scoped out of IFRS 15 *Revenue from Contracts with Customers*. Cash contributions, received from developers are recorded as deferred revenue. When an asset other than cash is received as a capital contribution, the asset is initially recognized at its fair value, with a corresponding amount recognized as deferred revenue. The deferred revenue, which represents the Corporation's obligation to continue to provide the customers access to the supply of electricity, is amortized to income on a straight-line basis over the useful life of the related asset.

Certain customers and developers are required to contribute towards the capital cost of construction of distribution assets in order to provide ongoing service. These contributions fall within the scope of IFRS 15 *Revenue from Contracts with Customers*. The Corporation has concluded that the performance obligation is the supply of electricity over the life of the relationship with the customer which is satisfied over time as the customer receives and consumes the electricity. Cash contributions are recorded as deferred revenue. When an asset other than cash is received as a capital contribution, the asset is initially recognized at its fair value, with a corresponding amount recognized as deferred revenue. The deferred revenue, which represents the Corporation's obligation to continue to provide the customers access to the supply of electricity, is amortized to income on a straight-line basis over the useful life of the related asset.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

### 3. Significant accounting policies (continued)

#### (b) Revenue recognition (continued)

Government grants and the related performance incentive payments under Conservation and Demand Management (CDM) programs are recognized as revenue in the year when there is reasonable assurance that the program conditions have been satisfied and the payment will be received.

#### (c) Materials and supplies

Materials and supplies, the majority of which are consumed by the Corporation in the provision of its services, is valued at the lower of cost and net realizable value, with cost being determined on an average cost basis, and includes expenditures incurred in acquiring the materials and supplies and other costs incurred in bringing them to their existing location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated selling expenses.

#### (d) Property, plant and equipment

Items of property, plant and equipment ("PP&E") used in rate-regulated activities are measured at deemed cost established on the transition date less accumulated depreciation. All other items of property, plant and equipment are measured at cost, or, where the item is contributed by customers, its fair value, less accumulated depreciation.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes contracted services, materials and transportation costs, direct labour, overhead costs, borrowing costs and any other costs directly attributable to bringing the asset to a working condition for its intended use.

Borrowing costs on qualifying assets are capitalized as part of the cost of the asset based upon the weighted average cost of debt incurred on the Corporation's borrowings. Qualifying assets are considered to be those that take in excess of 12 months to construct.

When parts of an item of PP&E have different useful lives, they are accounted for as separate items (major components) of PP&E.

When items of PP&E are retired or otherwise disposed of, a gain or loss on disposal is determined by comparing the proceeds from disposal, if any, with the carrying amount of the item and is included in profit or loss.

Major spare parts and standby equipment are recognized as items of PP&E.

The cost of replacing a part of an item of PP&E is recognized in the net book value of the item if it is probable that the future economic benefits embodied within the part will flow to the Corporation and its cost can be measured reliably. In this event, the replaced part of PP&E is written off, and the related gain or loss is included in profit or loss. The costs of the day-to-day servicing of PP&E are recognized in profit or loss as incurred.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

### 3. Significant accounting policies (continued)

#### (d) Property, plant and equipment (continued)

The need to estimate the decommissioning costs at the end of the useful lives of certain assets is reviewed periodically. The Corporation has concluded it does not have any legal or constructive obligation to remove PP&E.

Depreciation is calculated to write off the cost of items of PP&E using the straight-line method over their estimated useful lives, and is generally recognized in profit or loss. Depreciation methods, useful lives, and residual values are reviewed at each reporting date and adjusted prospectively if appropriate. Land is not depreciated. Construction-in-progress assets are not depreciated until the project is complete and the asset is available for use.

The estimated useful lives are as follows:

Asset	Years
Buildings and fixtures	60 years
Transformer station building	50 years
Transformer station equipment	10-45 years
Distribution stations	30-45 years
Distribution overhead lines	15-60 years
Distribution underground lines	30-50 years
Distribution transformers	30-40 years
Distribution meters	20 years
Smart meters	15 years
General office equipment	10 years
Computer equipment	5 years
Trucks and rolling stock	8-20 years
Major tools	10 years
Other capital assets	5-20 years

#### (e) Intangible assets

Intangible assets used in rate-regulated activities and acquired prior to January 1, 2014 are measured at deemed cost established on the transaction date less accumulated amortization.

Computer software that is acquired or developed by the Corporation after January 1, 2014, including software that is not integral to the functionality of equipment purchased which has finite useful lives, is measured at cost less accumulated amortization.

Payments to obtain rights to access land ("land rights") are classified as intangible assets. These include payments made for easements, right of access and right of use over land for which the Corporation does not hold title. Land rights are measured at cost less accumulated amortization.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

## 3. Significant accounting policies (continued)

### (e) Intangible assets (continued)

Amortization is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, from the date that they are available for use. Amortization methods and useful lives of all intangible assets are reviewed at each reporting date and adjusted prospectively if appropriate. The estimated useful lives are:

Asset	Years
Computer software	3 years
Land rights	25 years

### (f) Impairment

#### (i) Financial assets measured at amortized cost

At each reporting date, the Corporation assess whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Corporation uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Corporation compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Expected credit losses of a financial instrument are measured in a way that reflects: an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes; the time value of money; and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

#### (ii) Non-financial assets

The carrying amounts of the Corporation's non-financial assets, other than materials and supplies and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit" or "CGU"). The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

### 3. Significant accounting policies (continued)

(f) Impairment (continued)

(ii) Non-financial assets (continued)

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss.

For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(g) Customer deposits

Customer deposits represent cash deposits from electricity distribution customers to guarantee the payment of energy bills. Interest is paid annually on customer deposits.

Deposits are refundable to customers who demonstrate an acceptable level of credit risk as determined by the Corporation in accordance with policies set out by the OEB or upon termination of their electricity distribution service.

(h) Provisions

A provision is recognized if, as a result of a past event, the Corporation has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

(i) Regulatory balances

Regulatory deferral account debit balances represent costs incurred in excess of amounts billed to the customer at OEB approved rates. Regulatory deferral account credit balances represent amounts billed to the customer at OEB approved rates in excess of costs incurred by the Corporation.

Regulatory deferral account debit balances are recognized if it is probable that future billings in an amount at least equal to the deferred cost will result from inclusion of that cost in allowable costs for rate-making purposes. The offsetting amount is recognized in net movement in regulatory balances in profit or loss or OCI. When the customer is billed at rates approved by the OEB for the recovery of the deferred costs, the customer billings are recognized in revenue. The regulatory debit balance is reduced by the amount of these customer billings with the offset to net movement in regulatory balances in profit or loss or OCI.

The probability of recovery of the regulatory deferral account debit balances is assessed annually based upon the likelihood that the OEB will approve the change in rates to recover the balance. The assessment of likelihood of recovery is based upon previous decisions made by the OEB for similar circumstances, policies or guidelines issued by the OEB, etc. Any resulting impairment loss is recognized in profit or loss in the year incurred.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

### 3. Significant accounting policies (continued)

(i) Regulatory balances (continued)

When the Corporation is required to refund amounts to ratepayers in the future, the Corporation recognizes a regulatory deferral account credit balance. The offsetting amount is recognized in net movement in regulatory balances in profit or loss or OCI. The amounts returned to the customers are recognized as a reduction of revenue. The credit balance is reduced by the amount of these customer repayments with the offset to net movement in regulatory balances in profit or loss or OCI.

(j) Post-employment benefits

(i) Pension plan

The Corporation provides a pension plan for all its full-time employees through Ontario Municipal Employees Retirement System (“OMERS”). OMERS is a multi-employer pension plan which operates as the Ontario Municipal Employees Retirement Fund (“the Fund”), and provides pensions for employees of Ontario municipalities, local boards and public utilities. The Fund is a contributory defined benefit pension plan, which is financed by equal contributions from participating employers and employees, and by the investment earnings of the Fund. To the extent that the Fund finds itself in an under-funded position, additional contribution rates may be assessed to participating employers and members.

OMERS is a defined benefit plan. However, as OMERS does not segregate its pension asset and liability information by individual employers, there is insufficient information available to enable the Corporation to directly account for the plan. Consequently, the plan has been accounted for as a defined contribution plan. The Corporation is not responsible for any other contractual obligations other than the contributions. Obligations for contributions to defined contribution pension plans are recognized as an employee benefit expense in profit or loss when they are due.

(ii) Post-employment benefits, other than pension

The Corporation provides some of its retired employees with life insurance and medical benefits beyond those provided by government sponsored plans.

The obligations for these post-employment benefit plans are actuarially determined by applying the projected unit credit method and reflect management’s best estimate of certain underlying assumptions. Re-measurements of the net defined benefit obligations, including actuarial gains and losses and the return on plan assets (excluding interest), are recognized immediately in other comprehensive income. When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized immediately in profit or loss.

# NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

---

### 3. Significant accounting policies (continued)

(k) Finance income and finance costs

Finance income is recognized as it accrues in profit or loss, using the effective interest method. Finance income comprises interest earned on cash.

Finance costs comprise interest expense on borrowings and customer deposits. Finance costs also include interest on post-employment benefits. Finance costs are recognized in profit or loss unless they are capitalized as part of the cost of qualifying assets.

(l) Income taxes

The income tax expense comprises current and deferred tax. Income tax expense is recognized in profit or loss except to the extent that it relates to items recognized directly in equity, in which case, it is recognized in equity.

The Corporation is currently exempt from taxes under the Income Tax Act (Canada) and the Ontario Corporations Tax Act (collectively the "Tax Acts"). Under the *Electricity Act*, 1998, the Corporation makes payments in lieu of corporate taxes to the Ontario Electricity Financial Corporation ("OEFC"). These payments are calculated in accordance with the rules for computing taxable income and taxable capital and other relevant amounts contained in the Tax Acts as modified by the *Electricity Act*, 1998, and related regulations. Prior to October 1, 2001, the Corporation was not subject to income or capital taxes. Payments in lieu of taxes are referred to as income taxes.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized in respect of temporary differences between the tax basis of assets and liabilities and their carrying amounts for accounting purposes. Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted, at the reporting date.

(m) Leased assets

At inception of a contract, the Corporation assesses whether the contract is or contains a lease. A contract is determined to contain a lease if it provides the Corporation with the right to control the use of an identified asset for a period of time in exchange for consideration. Contracts determined to contain a lease are accounted for as leases.

## NIAGARA PENINSULA ENERGY INC.

Notes to Financial Statements

Year ended December 31, 2019

### 9. Regulatory balances (continued)

The regulatory balances are recovered or settled through rates approved by the OEB which are determined using estimates of future consumption of electricity by its customers. Future consumption is impacted by various factors including the economy and weather. The Corporation has received approval from the OEB to establish its regulatory balances.

Settlement of the Group 1 deferral accounts is done on an annual basis through application to the OEB. An application has been made to the OEB to repay the Group 1 deferral accounts as at December 31, 2017. These balances were included in the Corporation's IRM application in 2018 for rates effective May 1, 2019. Once approval is received, the approved account balance is moved to the regulatory settlement account. Approval from the OEB to repay the regulatory settlement account balance is pending. The balance is to be repaid over a period of 1 year ending April 30, 2020. The OEB requires the Corporation to estimate its income taxes when it files a COS application to set its rates. As a result, the Corporation has recognized a regulatory deferral account for the amount of deferred taxes that will ultimately be recovered from/paid back to its customers. This balance will fluctuate as the Corporation's deferred tax balance fluctuates. Regulatory balances attract interest at OEB prescribed rates, which are based on Bankers' Acceptances three-month rate plus a spread of 25 basis points. In 2019 the rate was 2.2475% (2018 - 1.8625%).

### 10. Accounts payable and accrued liabilities

	2019	2018
Accounts payable	\$ 18,020,589	\$ 15,019,613
Payroll payable	1,414,270	1,198,488
Other	220,542	214,201
City of Niagara Falls	1,324	832
Township of West Lincoln	845	897
	<u>\$ 19,657,570</u>	<u>\$ 16,434,031</u>

Included in accounts payable and accrued liabilities is a legal provision of \$176,927 (2018 - \$nil) resulting from an outstanding legal claim. The amount incurred and charged against the provision during the period was \$176,927 (2018 - \$nil) with reversals of \$nil (2018 - \$nil) during the period. The provision is measured at management's best estimate of the cash flows required to settle the obligation. The cash flows have not been discounted given that the obligation is expected to be settled in the following period.

2020	\$	1,044,472
2021		727,938
2022		747,292
2023		767,711
2024		14,991,689
Thereafter		65,600,000
		83,879,102
Less: current portion		(1,044,472)
Long-term portion of loan	\$	82,834,630

## 12. Post-employment benefits

### (a) OMERS pension plan

The Corporation provides a pension plan for its employees through OMERS. The plan is a multi-employer, contributory defined pension plan with equal contributions by the employer and its employees. In 2019, the Corporation made employer contributions of \$1,263,474 to OMERS (2018 - \$1,268,470), of which \$303,042 (2018 - \$320,489) has been capitalized as part of PP&E and the remaining amount of \$960,432 (2018 - \$947,981) has been recognized in profit or loss. The Corporation estimates that a contribution of \$1,288,743 to OMERS will be made during the next fiscal year.

As at December 31, 2019, OMERS had approximately 500,000 members, of whom 123 are current employees of the Corporation. The most recently available OMERS annual report is for the year ended December 31, 2019, which reported that the plan was 97% (2018 - 96%) funded, with an unfunded liability of \$3.4 billion (2018 – \$4.2 billion). This unfunded liability is likely to result in future payments by participating employers and members.

### (b) Post-employment benefits other than pension

The Corporation pays certain medical and life insurance benefits on behalf of some of its retired employees. The Corporation recognizes these post-employment benefits in the year in which employees' services were rendered. The Corporation is recovering its post-employment benefits in rates based on the expense and re-measurements recognized for post-employment benefit plans.

## 17. Commitments and contingencies

### General

From time to time, the Corporation is involved in various litigation matters arising in the ordinary course of its business. The Corporation has no reason to believe that the disposition of any such current matter could reasonably be expected to have a materially adverse impact on the Corporation's financial position, results of operations or its ability to carry on any of its business activities.

### Letter of Credit

The Corporation has arranged for a standby letter of credit of \$12,000,000 (2018 - \$12,000,000) of which \$11,910,187 (2018 - \$11,910,187) has been drawn down. The Independent Electricity Market Operator is the beneficiary for \$11,910,187 (2018 - \$11,910,187). This is to provide a prudential letter of credit supporting the purchase of electrical power.

### General Liability Insurance

The Corporation is a member of the Municipal Electric Association Reciprocal Insurance Exchange (MEARIE). MEARIE is a pooling of public liability insurance risks of many of the LDCs in Ontario. All members of the pool are subjected to assessment for losses experienced by the pool for the years in which they were members, on a pro-rata basis based on the total of their respective service revenues. As at December 31, 2019, no assessments have been made.

## 18. Related party transactions

### (a) Parent and ultimate controlling party

The shareholders of the Corporation are Peninsula West Power Inc. (PWPI) and Niagara Falls Hydro Holding Corporation (NFHHC). NFHHC is wholly-owned by the City of Niagara Falls. PWPI is owned by the Towns of Lincoln and Pelham and the Township of West Lincoln. The Municipalities produce consolidated financial statements that are available for public use.

The key management personnel of the Corporation have been defined as members of its board of directors and executive management team members. The compensation paid or payable is as follows:

	2019	2018
Directors' fees	\$ 90,190	\$ 88,340
Salaries and other short-term benefits	1,950,860	1,831,402
	\$ 2,041,050	\$ 1,919,742

### 19. Financial instruments and risk management

#### Fair value disclosure

The carrying values of cash, accounts receivable, unbilled revenue, and accounts payable and accrued liabilities approximate fair value because of the short maturity of these instruments. The carrying value of the customer deposits approximates fair value because the amounts are payable on demand.

The fair value of the long-term debt at December 31, 2019 is \$75,334,000 (2018 - \$76,025,000). The fair value is calculated based on the present value of future principal and interest cash flows, discounted at the current rate of interest at the reporting date. The interest rate used to calculate fair value at December 31, 2019 was 2.82% (2018 - 4.34%).

## 19. Financial instruments and risk management (continued)

### Financial risks

The Corporation understands the risks inherent in its business and defines them broadly as anything that could impact its ability to achieve its strategic objectives. The Corporation's exposure to a variety of risks such as credit risk, interest rate risk, and liquidity risk, as well as related mitigation strategies are discussed below.

#### (a) Credit risk

Financial assets carry credit risk that a counterparty will fail to discharge an obligation which could result in a financial loss. Financial assets held by the Corporation, such as accounts receivable, expose it to credit risk. The Corporation earns its revenue from a broad base of customers located in the City of Niagara Falls, Town of Lincoln, Township of West Lincoln and the Town of Pelham. No single customer accounts for a balance in excess of 10% of total accounts receivable.

The carrying amount of accounts receivable is reduced through the use of an allowance for impairment and the amount of the related impairment loss is recognized in profit or loss. Subsequent recoveries of receivables previously provisioned are credited to profit or loss. The balance of the allowance for impairment at December 31, 2019 is \$701,019 (2018 - \$623,246). An impairment loss of \$343,783 (2018 - \$308,528) was recognized during the year.

The Corporation's credit risk associated with accounts receivable is primarily related to payments from distribution customers. At December 31, 2019, approximately \$999,403 (2018 - \$840,695) is considered 60 days past due. The Corporation has over 56,000 thousand customers, the majority of whom are residential. Credit risk is managed through collection of security deposits from customers in accordance with directions provided by the OEB. As at December 31, 2019, the Corporation holds security deposits in the amount of \$1,447,363 (2018 - \$1,267,703).

#### (b) Market risk

Market risks primarily refer to the risk of loss resulting from changes in commodity prices, foreign exchange rates, and interest rates. The Corporation currently does not have any material commodity or foreign exchange risk. The Corporation is exposed to fluctuations in interest rates as the regulated rate of return for the Corporation's distribution business is derived using a complex formulaic approach which is in part based on the forecast for long-term Government of Canada bond yields. This rate of return is approved by the OEB as part of the approval of distribution rates.

Notes to Financial Statements

Year ended December 31, 2019

---

## 19. Financial instruments and risk management (continued)

### (c) Liquidity risk

The Corporation monitors its liquidity risk to ensure access to sufficient funds to meet operational and investing requirements. The Corporation's objective is to ensure that sufficient liquidity is on hand to meet obligations as they fall due while minimizing interest exposure. The Corporation has access to a \$10,000,000 credit facility and monitors cash balances daily to ensure that a sufficient level of liquidity is on hand to meet financial commitments as they become due. As at December 31, 2019, no amounts had been drawn under the Corporation's credit facility.

The Corporation also has a bilateral facility for \$12 million (the "LC" facility) for the purpose of issuing letters of credit mainly to support the prudential requirements of the IESO, of which \$11,910,187 has been drawn and posted with the IESO (2018 - \$11,910,187).

The majority of accounts payable, as reported on the statement of financial position, are due within 30 days.

### (d) Capital disclosures

The main objectives of the Corporation, when managing capital, are to ensure ongoing access to funding to maintain and improve the electricity distribution system, compliance with covenants related to its credit facilities, prudent management of its capital structure with regard for recoveries of financing charges permitted by the OEB on its regulated electricity distribution business, and to deliver the appropriate financial returns.

The Corporation's definition of capital includes shareholder's equity and long-term debt. As at December 31, 2019, shareholder's equity amounts to \$92,962,638 (2018 - \$93,038,419) and long-term debt amounts to \$83,879,102 (2018 - \$77,066,413).

## 20. Subsequent event

Subsequent to December 31, 2019 the COVID-19 outbreak was declared a pandemic by the World Health Organization. This has resulted in governments worldwide, including the Canadian and Ontario governments, enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally and in Ontario resulting in an economic slowdown. Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions however the success of these interventions is not currently determinable. The current challenging economic climate may lead to adverse changes in cash flows, working capital levels and/or debt balances, which may also have a direct impact on the Corporation's operating results and financial position in the future. The situation is dynamic and the ultimate duration and magnitude of the impact on the economy and our business are not known at this time.

## 21. Comparative figures

The financial statements have been reclassified, where applicable, to conform to the presentation used in the current year.

## Attached Schedule with Total

Line 103 – Interest and penalties on taxes

Title Line 103 – Interest and penalties on taxes

Description	Operator (Note)	Amount
Refund from Ministry of Finance		189,870 99
Liability portion of refund	+	-151,713 00
	+	
	<b>Total</b>	<b>38,157 99</b>

**Note:** The calculations are performed one at a time, from the first to the last line, and not according to the priority rules of the operations. For example, the formula  $1+2*3$  will not result in the same thing as the formula  $1+3*2$ .

# Inducement

This form is used to calculate inducements that a corporation must add to its income under paragraph 12(1)(x) ITA. If an amount reduces the capital cost of a property, this amount will be indicated in Part "Tax credits whose amount should reduce the capital cost of property."

If you want to transfer an amount to Schedule 1 and include it in the corporation's income for tax purposes, select the corresponding check box in column A. You can also select the option **Select this check box to add all the amounts to income calculated in Schedule 1** to transfer all the amounts to Schedule 1. In either case, the column A check box will be selected for that amount and it will therefore be updated to Schedule 1.

## Tax credits whose amount should be added to income

## Tax credits whose amount should reduce the capital cost of property

## Charitable Donations and Gifts

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- For use by corporations to claim any of the following:
  - the eligible amount of charitable donations to qualified donees
  - the Ontario, Nova Scotia, and British Columbia food donation tax credits for farmers
  - the eligible amount of gifts of certified cultural property
  - the eligible amount of gifts of certified ecologically sensitive land or
  - the additional deduction for gifts of medicine made before March 22, 2017
- All legislative references are to the federal Income Tax Act, unless stated otherwise.
- The eligible amount of a gift is the amount by which the fair market value of the gifted property exceeds the amount of an advantage, if any, for the gift.
- The donations and gifts can be carried forward for 5 years except for gifts of certified ecologically sensitive land made after February 10, 2014, which can be carried forward for 10 years. Provincial food donation tax credits must be applied in the current tax year.
- Use this schedule to show a transfer of unused amounts from previous years following an amalgamation or the wind-up of a subsidiary as described under subsections 87(1) and 88(1).
- Subsection 110.1(1.2) provides as follows:
  - Where a particular corporation has undergone an acquisition of control, for tax years that end on or after the acquisition of control, no corporation can claim a deduction for a gift made by the particular corporation to a qualified donee before the acquisition of control.
  - If a particular corporation makes a gift to a qualified donee pursuant to an arrangement under which both the gift and the acquisition of control is expected, no corporation can claim a deduction for the gift unless the person acquiring control of the particular corporation is the qualified donee.
- An eligible medical gift made before March 22, 2017, to a qualifying organization for activities outside of Canada may be eligible for an additional deduction. Calculate the additional deduction in Part 5.
- File this schedule with your T2 Corporation Income Tax Return.
- For more information, see the T2 Corporation – Income Tax Guide.

<b>Total</b>		_____	_____	_____

\* For federal and Alberta tax purposes, donations and gifts made before February 11, 2014, that are included on line 6<sup>th</sup> prior year and gifts that are included on line 11<sup>th</sup> prior year expire automatically in the current year.

The field "Amount of carried forward gifts made on or after February 11, 2014, in the tax year including this date" is used to distinguish the portion of the gifts made in the tax year straddling February 11, 2014, that expires after ten tax years, from the portion that expires in the current tax year.

For Québec tax purposes, donations and gifts made during a tax year that ended before March 24, 2006, that are included on line 6<sup>th</sup> prior year and gifts that are included on line 21<sup>st</sup> prior year expire automatically in the current tax year.

**Part 5 – Additional deduction for gifts of medicine**

	Federal	Québec	Alberta
Additional deduction for gifts of medicine at the end of the previous tax year	..	U	
Additional deduction for gifts of medicine expired after 5 tax years*	639		
Additional deduction for gifts of medicine at the beginning of the current tax year (amount U minus line 639)	640		
Additional deduction for gifts of medicine made before March 22, 2017 transferred on an amalgamation or the wind-up of a subsidiary	650		
Additional deduction for gifts of medicine made before March 22, 2017:			
Proceeds of disposition	602		
Cost of gifts of medicine made before March 22, 2017	601		
Subtotal (line 602 minus line 601)		V	
Amount V multiplied by 50 %		W	
Eligible amount of gifts	600		

**Federal**

## Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Corporations must use this schedule to report:
  - non-taxable dividends under section 83;
  - deductible dividends under subsection 138(6);
  - taxable dividends deductible from income under section 112, subsection 113(2) and paragraphs 113(1)(a), (a.1), (b) or (d); or
  - taxable dividends paid in the tax year that qualify for a dividend refund (see page 3).
- All legislative references are to the federal Income Tax Act.
- The calculations in this schedule apply only to private or subject corporations.
- A recipient corporation is **connected** with a payer corporation at any time in a tax year, if at that time the recipient corporation:
  - controls the payer corporation, other than because of a right referred to in paragraph 251(5)(b); or
  - owns more than 10% of the issued share capital (with full voting rights), and shares that have a fair market value of more than 10% of the fair market value of all shares of the payer corporation.
- If you need more space, continue on a separate schedule.
- File this schedule with your T2 Corporation Income Tax Return.
- Column A1 – Enter "X" if dividends were received from a foreign source.
- Column F1 – Enter the code that applies to the deductible taxable dividend.

### Part 1 – Dividends received in the tax year

- Do **not** include dividends received from foreign non-affiliates.
- Complete columns B, C, D, H and I **only** if the payer corporation is **connected**.

#### Important instructions to follow if the payer corporation is connected

- If your corporation's tax year-end is different than that of the **connected** payer corporation, dividends could have been received from more than one tax year of the payer corporation. If so, **use a separate line** to provide the information according to each tax year of the payer corporation.
- When completing column J and K use the **special calculations provided in the notes**.

A Name of payer corporation (from which the corporation received the dividend)	A1	B Enter 1 if payer corporation is <b>connected</b>	C Business Number of <b>connected</b> corporation	D Tax year-end of the payer corporation in which the sections 112/113 and subsection 138(6) dividends in column F were paid YYYYMMDD	E Non-taxable dividends under section 83
<b>200</b>		<b>205</b>	<b>210</b>	<b>220</b>	<b>230</b>
1		2			
<b>Total of column E</b> (enter amount on line 402 of Schedule 1)					

**Part 1 – Dividends received in the tax year (continued)**

F Taxable dividends deductible from taxable income under section 112, subsections 113(2) and 138(6), and paragraphs 113(1)(a), (a.1), (b), or (d) <sup>note 1</sup>	F1	G Eligible dividends included in column F	H Total taxable dividends paid by <b>connected</b> payer corporation (for tax year in column D)	I Dividend refund of the <b>connected</b> payer corporation (for tax year in column D) <sup>note 2</sup>	J Part IV tax for eligible dividends. Dividends (from column G) <b>multiplied</b> by 38 1/3% <sup>note 3</sup>	K Part IV tax before deductions. Dividends (from column F) <b>multiplied</b> by 38 1/3% <sup>note 4</sup>
<b>240</b>		<b>242</b>	<b>250</b>	<b>260</b>	<b>265</b>	<b>275</b>
1						

Taxable dividends received from connected corporations (total amounts from column F with code 1 in column B)	1A
Taxable dividends received from non-connected corporations (total amounts from column F with code 2 in column B)	1B
Subtotal (amount 1A <b>plus</b> amount 1B, include this amount on line 320 of the T2 Return)	1C
Eligible dividends received from connected corporations (total amounts from column G with code 1 in column B)	1D
Eligible dividends received from non-connected corporations (total amounts from column G with code 2 in column B)	1E
Part IV tax before deductions on taxable dividends received from connected corporations (total amounts from column K with code 1 in column B)	1F
Part IV tax before deductions on taxable dividends received from non-connected corporations (total amounts from column K with code 2 in column B)	1G
Subtotal (amount 1F <b>plus</b> amount 1G)	1H
Part IV tax on eligible dividends received from connected corporations (total amounts from column J with code 1 in column B)	1I
Part IV tax on eligible dividends received from non-connected corporations (total amounts from column J with code 2 in column B)	1J
Subtotal (amount 1I <b>plus</b> amount 1J)	1K
Part IV tax before deductions on taxable dividends (other than eligible dividends) (amount 1H <b>minus</b> amount 1K)	1L

- 1 If taxable dividends are received, enter the amount in column F, but if the corporation is not subject to Part IV tax (such as a public corporation other than a subject corporation as defined in subsection 186(3)), enter "0" in column J or column K whichever one applies. Life insurers are not subject to Part IV tax on subsection 138(6) dividends.
- 2 If the connected payer corporation's tax year ends after the corporation's balance-due day for the tax year (two or three months, as applicable), you have to estimate the payer's dividend refund when you calculate the corporation's Part IV tax payable.
- 3 For eligible dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column G.
- 4 For taxable dividends received from **connected** corporations, Part IV tax on dividends is equal to: column I **divided** by column H **multiplied** by column F.

**Part 2 – Calculation of Part IV tax payable**

Part IV tax on dividends received before deductions (amount 1H in part 1) ..... 2A

Part IV.I tax payable on dividends subject to Part IV tax (from line 360 of Schedule 43) ..... **320**

Subtotal (amount 2A minus line 320) ..... 2B

Current-year non-capital loss claimed to reduce Part IV tax ..... **330**

Non-capital losses from previous years claimed to reduce Part IV tax ..... **335**

Current-year farm loss claimed to reduce Part IV tax ..... **340**

Farm losses from previous years claimed to reduce Part IV tax ..... **345**

Total losses applied against Part IV tax (total of lines 330 to 345) ..... 2C

Amount 2C multiplied by 38 1 / 3 % ..... 2D

**Part IV tax payable** (amount 2B minus amount 2D, if negative enter "0") ..... **360**

(enter amount on line 712 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax before deductions on taxable dividends received from connected corporations <sup>note 5</sup> (amount 1F in part 1) ..... 2E

Amount 4A from Schedule 43 ..... 2F

**Part IV tax payable on taxable dividends received from connected corporations** (amount 2E minus amount 2F, if negative enter "0") ..... 2G

(enter at amount L on page 7 of the T2 return)

If your tax year begins after 2018, complete the following part to determine the required amount of Part IV taxes payable in order to calculate the eligible refundable dividend tax on hand (ERDTH) at the end of the tax year.

Part IV tax on eligible dividends received from non-connected corporations (amount 1J in part 1) ..... 2H

Amount 4C from Schedule 43 ..... 2I

**Part IV tax payable on eligible dividends received from non-connected corporations** (amount 2H minus amount 2I, if negative enter "0") ..... 2J

(enter at amount M on page 7 of the T2 return)

5 The program calculates the amount on line 2E from the amount on line 1F. If only a portion of the dividend refund to the connected payer corporation results in an eligible refundable dividend tax on hand (ERDTH), enter this amount on line 2E, using an override. However, if the dividend refund to the connected payer corporation does not result in an ERDTH, the amount on line 2E must be equal to "0."

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund**

If your corporation's tax year-end is different than that of the connected recipient corporation, your corporation could have paid dividends in more than one tax year of the recipient corporation. If so, use a separate line to provide the information according to each tax year of the recipient corporation.

	L Name of connected recipient corporation	M Business Number	N Tax year-end of connected recipient corporation in which the dividends in column O were received YYYYMMDD	O Taxable dividends paid to connected corporations	P Eligible dividends included in column O
	<b>400</b>	<b>410</b>	<b>420</b>	<b>430</b>	<b>440</b>
1	NIAGARA FALLS HYDRO HOLDING CORPORATION	86750 8830 RC0001	2019-12-31	1,043,000	
2	PENINSULA WEST POWER INC.	89108 9419 RC0001	2019-12-31	357,000	
3					

1,400,000  
 (Total of column O) (Total of column P)

**Part 3 – Taxable dividends paid in the tax year that qualify for a dividend refund (continued)**

filed: August 31, 2020  
 1291 of 1407

Total taxable dividends paid in the tax year to other than connected corporations	450	
Eligible dividends included in line 450	455	
Total taxable dividends paid in the tax year that qualify for a dividend refund (total of column O plus line 450)	460	1,400,000
Total eligible dividends paid in the tax year (total of column P plus line 455)	465	
Total non-eligible taxable dividends paid in the tax year (line 460 minus line 465)	470	1,400,000
Complete this part to determine the following amounts in order to calculate the dividend refund.		
Line 465 multiplied by 38 1 / 3 % (enter at amount AA on page 7 of the T2 return)		3A
Line 470 multiplied by 38 1 / 3 % (enter at amount DD on page 7 of the T2 return)		536,667 3B

**Part 4 – Total dividends paid in the tax year**

Complete this part if the total taxable dividends paid in the tax year that qualify for a dividend refund (line 460) is different from the total dividends paid in the tax year.

Total taxable dividends paid in the tax year for the purposes of a dividend refund (from above)		1,400,000
Other dividends paid in the tax year (total of 510 to 540)		
Total dividends paid in the tax year	500	1,400,000
Dividends paid out of capital dividend account	510	
Capital gains dividends	520	
Dividends paid on shares described in subsection 129(1.2)	530	
Taxable dividends paid to a controlling corporation that was bankrupt at any time in the year	540	
Subtotal (total of lines 510 to 540)		4A
Total taxable dividends paid in the tax year that qualify for a dividend refund (Line 500 minus amount 4A)		1,400,000 4B

## Corporation Loss Continuity and Application

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this form to determine the continuity and use of available losses; to determine a current-year non-capital loss, farm loss, restricted farm loss, or limited partnership loss; to determine the amount of restricted farm loss and limited partnership loss that can be applied in a year; and to ask for a loss carryback to previous years.
- A corporation can choose whether or not to deduct an available loss from income in a tax year. The corporation can deduct losses in any order. However, for each type of loss, deduct the oldest loss first.
- According to subsection 111(4) of the *Income Tax Act*, when control has been acquired, no amount of capital loss incurred for a tax year ending before that time is deductible in computing taxable income in a tax year ending after that time. Also, no amount of capital loss incurred in a tax year ending after that time is deductible in computing taxable income of a tax year ending before that time.
- When control has been acquired, subsection 111(5) provides for similar treatment of non-capital and farm losses, except as listed in paragraphs 111(5)(a) and (b).
- For information on these losses, see the *T2 Corporation – Income Tax Guide*.
- File one completed copy of this schedule with the T2 return, or send the schedule by itself to the tax centre where the return is filed.
- All legislative references are to the *Income Tax Act*.

### Part 1 – Non-capital losses

#### Determination of current-year non-capital loss

Net income (loss) for income tax purposes		-1,395,515	A
<b>Deduct:</b> (increase a loss)			
Net capital losses deducted in the year (enter as a positive amount)	a		
Taxable dividends deductible under section 112 or subsections 113(1) or 138(6)	b		
Amount of Part VI.1 tax deductible under paragraph 110(1)(k)	c		
Amount deductible as prospector's and grubstaker's shares – Paragraph 110(1)(d.2)	d		
Amount of an employer for non-qualified securities under an employee stock options agreement deductible under paragraph 110(1)(e)	1d		
Subtotal (total of amounts a to 1d)	▶	B	
Subtotal (amount A <b>minus</b> amount B; if positive, enter "0")		-1,395,515	C
<b>Deduct:</b> (increase a loss)			
Section 110.5 or subparagraph 115(1)(a)(vii) – Addition for foreign tax deductions			D
Subtotal (amount C <b>minus</b> amount D)		-1,395,515	E
<b>Add:</b> (decrease a loss)			
Current-year farm loss (the lesser of: the net loss from farming or fishing included in income and the non-capital loss before deducting the farm loss)			F
Current-year non-capital loss (amount E <b>plus</b> amount F; if positive, enter "0")		-1,395,515	G
If amount G is negative, enter it on line 110 as a positive.			

#### Continuity of non-capital losses and request for a carryback

Non-capital loss at the end of the previous tax year	634,419		e
<b>Deduct:</b> Non-capital loss expired (note 1)	100		f
Non-capital losses at the beginning of the tax year (amount e <b>minus</b> amount f)	102	634,419 ▶	634,419 H
<b>Add:</b>			
Non-capital losses transferred on an amalgamation or on the wind-up of a subsidiary (note 2) corporation	105		g
Current-year non-capital loss (from amount G)	110	1,395,515	h
Subtotal (amount g <b>plus</b> amount h)		1,395,515 ▶	1,395,515 I
Subtotal (amount H <b>plus</b> amount I)		2,029,934	J

Note 1: A non-capital loss expires as follows:

- after **10** tax years if it arose in a tax year ending after March 22, 2004, and before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

An allowable business investment loss becomes a net capital loss after **10** tax years if it arose in a tax year ending after March 22, 2004.

Note 2: Subsidiary is defined in subsection 88(1) as a taxable Canadian corporation of which 90% or more of each class of issued shares are owned by its parent corporation and the remaining shares are owned by persons that deal at arm's length with the parent corporation.

**Part 1 – Non-capital losses (continued)**

<b>Deduct:</b>	
Other adjustments (includes adjustments for an acquisition of control)	150 i
Section 80 – Adjustments for forgiven amounts	140 j
Subsection 111(10) – Adjustments for fuel tax rebate	j.1
Non-capital losses of previous tax years applied in the current tax year	130 k
Enter amount k on line 331 of the T2 Return.	
Current and previous year non-capital losses applied against current-year taxable dividends subject to Part IV tax (note 3)	135 l
Subtotal (total of amounts i to l) <b>K</b>	
Non-capital losses before any request for a carryback (amount J minus amount K) <b>2,029,934 L</b>	
<b>Deduct – Request to carry back non-capital loss to:</b>	
First previous tax year to reduce taxable income	901 m
Second previous tax year to reduce taxable income	902 n
Third previous tax year to reduce taxable income	903 o
First previous tax year to reduce taxable dividends subject to Part IV tax	911 p
Second previous tax year to reduce taxable dividends subject to Part IV tax	912 q
Third previous tax year to reduce taxable dividends subject to Part IV tax	913 r
Total of requests to carry back non-capital losses to previous tax years (total of amounts m to r) <b>M</b>	
Closing balance of non-capital losses to be carried forward to future tax years (amount L minus amount M) <b>180 2,029,934 N</b>	
Note 3: Amount l is the total of lines 330 and 335 from Schedule 3, <i>Dividends Received, Taxable Dividends Paid, and Part IV Tax Calculation</i> .	

**Part 2 – Capital losses**

<b>Continuity of capital losses and request for a carryback</b>	
Capital losses at the end of the previous tax year	200 a
Capital losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	205 b
Subtotal (amount a plus amount b) <b>A</b>	
<b>Deduct:</b>	
Other adjustments (includes adjustments for an acquisition of control)	250 c
Section 80 – Adjustments for forgiven amounts	240 d
Subtotal (amount c plus amount d) <b>B</b>	
Subtotal (amount A minus amount B) <b>C</b>	
<b>Add:</b> Current-year capital loss (from the calculation on Schedule 6, <i>Summary of Dispositions of Capital Property</i> ) <b>210 D</b>	
Unused non-capital losses that expired in the tax year (note 4)	e
Allowable business investment losses (ABILs) that expired as non-capital losses at the end of the previous tax year (note 5)	f
Enter amount e or f, whichever is less	215 g
ABILs expired as non-capital losses: line 215 multiplied by 2.000000	220 E
Subtotal (total of amounts C to E) <b>F</b>	
<b>Note</b>	
If there has been an amalgamation or a wind-up of a subsidiary, do a separate calculation of the ABIL expired as non-capital loss for each predecessor or subsidiary corporation. Add all these amounts and enter the total on line 220 above.	
Note 4: If the loss was incurred in a tax year ending after March 22, 2004, determine the amount of the loss from the 11th previous tax year and enter the part of that loss that was not used in previous years and the current year on line e.	
Note 5: If the ABILs were incurred in a tax year ending after March 22, 2004, enter the amount of the ABILs from the 11th previous tax year. Enter the full amount on line f.	

**Part 2 – Capital losses (continued)**

**Deduct:** Capital losses from previous tax years applied against the current-year net capital gain (note 6) ..... **225** \_\_\_\_\_ G  
 Capital losses before any request for a carryback (amount F **minus** amount G) \_\_\_\_\_ H

**Deduct – Request to carry back capital loss to (note 7):**

	Capital gain (100%)	Amount carried back (100%)	
First previous tax year .....	<b>951</b>	_____	h
Second previous tax year .....	<b>952</b>	_____	i
Third previous tax year .....	<b>953</b>	_____	j
	Subtotal (total of amounts h to j) _____		I
	Closing balance of capital losses to be carried forward to future tax years (amount H <b>minus</b> amount I) <b>280</b>		J

Note 6: To get the net capital losses required to reduce the taxable capital gain included in the net income (loss) for the current-year tax, enter the amount from line 225 **divided** by 2 at line 332 of the T2 return.

Note 7: On line 225, 951, 952, or 953, whichever applies, enter the actual amount of the loss. When the loss is applied, divide this amount by 2. The result represents the 50% inclusion rate.

**Part 3 – Farm losses**

**Continuity of farm losses and request for a carryback**

Farm losses at the end of the previous tax year ..... \_\_\_\_\_ a  
**Deduct:** Farm loss expired (note 8) ..... **300** \_\_\_\_\_ b  
 Farm losses at the beginning of the tax year (amount a **minus** amount b) ..... **302** \_\_\_\_\_ A

**Add:**

Farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation ... **305** \_\_\_\_\_ c  
 Current-year farm loss (amount F in Part 1) ..... **310** \_\_\_\_\_ d  
 Subtotal (amount c **plus** amount d) \_\_\_\_\_ B  
 Subtotal (amount A **plus** amount B) \_\_\_\_\_ C

**Deduct:**

Other adjustments (includes adjustments for an acquisition of control) ..... **350** \_\_\_\_\_ e  
 Section 80 – Adjustments for forgiven amounts ..... **340** \_\_\_\_\_ f  
 Farm losses of previous tax years applied in the current tax year ..... **330** \_\_\_\_\_ g  
 Enter amount g on line 334 of the T2 Return.  
 Current and previous year farm losses applied against current-year taxable dividends subject to Part IV tax (note 9) ..... **335** \_\_\_\_\_ h  
 Subtotal (total of amounts e to h) \_\_\_\_\_ D  
 Farm losses before any request for a carryback (amount C **minus** amount D) \_\_\_\_\_ E

**Deduct – Request to carry back farm loss to:**

First previous tax year to reduce taxable income .....	<b>921</b>	_____	i
Second previous tax year to reduce taxable income .....	<b>922</b>	_____	j
Third previous tax year to reduce taxable income .....	<b>923</b>	_____	k
First previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>931</b>	_____	l
Second previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>932</b>	_____	m
Third previous tax year to reduce taxable dividends subject to Part IV tax .....	<b>933</b>	_____	n
	Subtotal (total of amounts i to n) _____		F
	Closing balance of farm losses to be carried forward to future tax years (amount E <b>minus</b> amount F) <b>380</b>		G

Note 8: A farm loss expires as follows:

- after 10 tax years if it arose in a tax year ending before 2006; and
- after 20 tax years if it arose in a tax year ending after 2005.

Note 9: Amount h is the total of lines 340 and 345 from Schedule 3.

**Part 4 – Restricted farm losses**

**Current-year restricted farm loss**

Total losses for the year from farming business	485	A
<b>Minus</b> the deductible farm loss:		
(amount A above _____ – \$2,500) <b>divided by 2 =</b> _____ a		
Amount a or \$ 15,000 (note 10), whichever is less	2,500	b
	2,500	c
Subtotal (amount b <b>plus</b> amount c)	2,500	B
Current-year restricted farm loss (amount A <b>minus</b> amount B)		C

**Continuity of restricted farm losses and request for a carryback**

Restricted farm losses at the end of the previous tax year		d
<b>Deduct:</b> Restricted farm loss expired (note 11)	400	e
Restricted farm losses at the beginning of the tax year (amount d <b>minus</b> amount e)	402	D
<b>Add:</b>		
Restricted farm losses transferred on an amalgamation or on the wind-up of a subsidiary corporation	405	f
Current-year restricted farm loss (from amount C)	410	g
Enter amount g on line 233 of Schedule 1, <i>Net Income (Loss) for Income Tax Purposes</i> .		
Subtotal (amount f <b>plus</b> amount g)		E
Subtotal (amount D <b>plus</b> amount E)		F

**Deduct:**

Restricted farm losses from previous tax years applied against current farming income	430	h
Enter amount h on line 333 of the T2 return.		
Section 80 – Adjustments for forgiven amounts	440	i
Other adjustments	450	j
Subtotal (total of amounts h to j)		G
Restricted farm losses before any request for a carryback (amount F <b>minus</b> amount G)		H

**Deduct – Request to carry back restricted farm loss to:**

First previous tax year to reduce farming income	941	k
Second previous tax year to reduce farming income	942	l
Third previous tax year to reduce farming income	943	m
Subtotal (total of amounts k to m)		I
Closing balance of restricted farm losses to be carried forward to future tax years (amount H <b>minus</b> amount I)	480	J

**Note**

The total losses for the year from all farming businesses are calculated without including scientific research expenses.

Note 10: For tax years that end before March 21, 2013, use \$6,250 instead of \$15,000.

Note 11: A restricted farm loss expires as follows:

- after **10** tax years if it arose in a tax year ending before 2006; and
- after **20** tax years if it arose in a tax year ending after 2005.

**Part 5 – Listed personal property losses**

**Continuity of listed personal property loss and request for a carryback**

Listed personal property losses at the end of the previous tax year ..... a

**Deduct:** Listed personal property loss expired after 7 tax years ..... **500** ..... b

Listed personal property losses at the beginning of the tax year (amount a **minus** amount b) ... **502** ..... **A**

**Add:** Current-year listed personal property loss (from Schedule 6) ..... **510** ..... **B**

Subtotal (amount A **plus** amount B) ..... **C**

**Deduct:**

Listed personal property losses from previous tax years applied against listed personal property gains ..... **530** ..... c  
 Enter amount c on line 655 of Schedule 6.

Other adjustments ..... **550** ..... d

Subtotal (amount c **plus** amount d) ..... **D**

Listed personal property losses remaining before any request for a carryback (amount C **minus** amount D) ..... **E**

**Deduct – Request to carry back listed personal property loss to:**

First previous tax year to reduce listed personal property gains ..... **961** ..... e

Second previous tax year to reduce listed personal property gains ..... **962** ..... f

Third previous tax year to reduce listed personal property gains ..... **963** ..... g

Subtotal (total of amounts e to g) ..... **F**

Closing balance of listed personal property losses to be carried forward to future tax years (amount E **minus** amount F) **580** ..... **G**

**Part 7 – Limited partnership losses**

**Current-year limited partnership losses**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Corporation's share of limited partnership loss	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, farming losses, and resource expenses	Column 4 <b>minus</b> column 5 (if negative, enter "0")	Current -year limited partnership losses (column 3 <b>minus</b> column 6)
<b>600</b>	<b>602</b>	<b>604</b>	<b>606</b>	<b>608</b>		<b>620</b>

**Total** (enter this amount on line 222 of Schedule 1)

**Limited partnership losses from previous tax years that may be applied in the current year**

1	2	3	4	5	6	7
Partnership account number	Tax year ending yyyy/mm/dd	Limited partnership losses at the end of the previous tax year and amounts transferred on an amalgamation or on the wind-up of a subsidiary	Corporation's at-risk amount	Total of corporation's share of partnership investment tax credit, business or property losses, and resource expenses	Column 4 <b>minus</b> column 5 (if negative, enter "0")	Limited partnership losses that may be applied in the year (the lesser of columns 3 and 6)
<b>630</b>	<b>632</b>	<b>634</b>	<b>636</b>	<b>638</b>		<b>650</b>

**Continuity of limited partnership losses that can be carried forward to future tax years**

1	2	3	4	5	6
Partnership account number	Limited partnership losses at the end of the previous tax year	Limited partnership losses transferred in the year on an amalgamation or on the wind-up of a subsidiary	Current-year limited partnership losses (from line 620)	Limited partnership losses applied in the current year (must be equal to or less than line 650)	Current year limited partnership losses closing balance to be carried forward to future years (column 2 <b>plus</b> column 3 <b>plus</b> column 4 <b>minus</b> column 5)
<b>660</b>	<b>662</b>	<b>664</b>	<b>670</b>	<b>675</b>	<b>680</b>

**Total** (enter this amount on line 335 of the T2 return)

**Note**

If you need more space, you can attach more schedules.

**Part 8 – Election under paragraph 88(1.1)(f)**

If you are making an election under paragraph 88(1.1)(f), check the box  **190** Yes

In the case of the wind-up of a subsidiary, if the election is made, the non-capital loss, restricted farm loss, farm loss, or limited partnership loss of the subsidiary—that otherwise would become the loss of the parent corporation for a particular tax year starting after the wind-up began—will be considered as the loss of the parent corporation for its immediately preceding tax year and not for the particular year.

**Note**

This election is only applicable for wind-ups under subsection 88(1) that are reported on Schedule 24, *First-Time Filer after Incorporation, Amalgamation, or Winding-up of a Subsidiary into a Parent*.

# Non-Capital Loss Continuity Workchart

## Part 6 – Analysis of balance of losses by year of origin

### Non-capital losses

Year of origin	Balance at beginning of year	Loss incurred in current year	Adjustments and transfers	Loss carried back Parts I & IV	Applied to reduce		Balance at end of year
					Taxable income	Part IV tax	
Current	N/A	1,395,515			N/A		1,395,515
1st preceding taxation year 2018-12-31	634,419	N/A		N/A			634,419
2nd preceding taxation year 2017-12-31		N/A		N/A			
3rd preceding taxation year 2016-12-31		N/A		N/A			
4th preceding taxation year 2015-12-31		N/A		N/A			
5th preceding taxation year 2014-12-31		N/A		N/A			
6th preceding taxation year 2013-12-31		N/A		N/A			
7th preceding taxation year 2012-12-31		N/A		N/A			
8th preceding taxation year 2011-12-31		N/A		N/A			
9th preceding taxation year 2010-12-31		N/A		N/A

11th preceding taxation year 2008-12-31		N/A		N/A			
12th preceding taxation year		N/A		N/A			
13th preceding taxation year		N/A		N/A			
14th preceding taxation year		N/A		N/A			
15th preceding taxation year		N/A		N/A			
16th preceding taxation year		N/A		N/A			
17th preceding taxation year		N/A		N/A			
18th preceding taxation year		N/A		N/A			
19th preceding taxation year		N/A		N/A			
20th preceding taxation year		N/A		N/A			*
<b>Total</b>	634,419	1,395,515					2,029,934

\* This balance expires this year and will not be available next year.

**Tax Calculation Supplementary – Corporations**

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this schedule if, during the tax year, your corporation:
  - had a permanent establishment in more than one jurisdiction (corporations that have no taxable income should only complete columns A, B, and D in Part 1)
  - is claiming provincial or territorial tax credits or rebates (see Part 2), or
  - has to pay taxes, other than income tax, for Newfoundland and Labrador, or Ontario (see Part 2).
- All legislative references are to the Income Tax Regulations.
- For more information, see the T2 Corporation – Income Tax Guide.
- For the regulation number to be entered in field 100 of Part 1, see the chart below.

**Part 1 – Allocation of taxable income**

100		Enter the regulation that applies (402 to 413)				
A Jurisdiction. Tick yes if your corporation had a permanent establishment in the jurisdiction during the tax year *		B Total salaries and wages paid in jurisdiction	C (B x taxable income) / G	D Gross revenue attributable to jurisdiction	E (D x taxable income) / H	F Allocation of taxable income (C + E) x 1/2** (where either G or H is nil, do not multiply by 1/2)
Newfoundland and Labrador	003 Yes <input type="checkbox"/>	103		143		
Newfoundland and Labrador Offshore	004 Yes <input type="checkbox"/>	104		144		
Prince Edward Island	005 Yes <input type="checkbox"/>	105		145		
Nova Scotia	007 Yes <input type="checkbox"/>	107		147		
Nova Scotia Offshore	008 Yes <input type="checkbox"/>	108		148		
New Brunswick	009 Yes <input type="checkbox"/>	109		149		
Quebec	011 Yes <input type="checkbox"/>	111		151		
Ontario	013 Yes <input type="checkbox"/>	113		153		
Manitoba	015 Yes <input type="checkbox"/>	115		155		
Saskatchewan	017 Yes <input type="checkbox"/>	117		157		
Alberta	019 Yes <input type="checkbox"/>	119		159		
British Columbia	021 Yes <input type="checkbox"/>	121		161		
Yukon	023 Yes <input type="checkbox"/>	123		163		
Northwest Territories	025 Yes <input type="checkbox"/>	125		165		
Nunavut	026 Yes <input type="checkbox"/>	126		166		
Outside Canada	027 Yes <input type="checkbox"/>	127		167		
<b>Total</b>		<b>129</b>	<b>G</b>	<b>169</b>	<b>H</b>	

\* **Permanent establishment** is defined in subsection 400(2)

\*\* For corporations other than those described under section 402, use the appropriate calculation described in the Regulations to allocate taxable income.

**Notes:**

1. After determining the allocation of taxable income, you have to calculate the corporation's provincial or territorial tax payable. For more information on how to calculate the tax for each province or territory, see the instructions for Schedule 5 in the T2 Corporation – Income Tax Guide.
2. If your corporation has provincial or territorial tax payable, complete Part 2.
3. If your corporation is a member of a partnership and the partnership had a permanent establishment in a jurisdiction, select the jurisdiction in Column A and include your proportionate share of the partnership's salaries and wages and gross revenue in columns B and D, respectively.

**Part 2 – Ontario tax payable, tax credits, and rebates**

Total taxable income	Income eligible for small business deduction	Provincial or territorial allocation of taxable income	Provincial or territorial tax payable before credits
<b>Ontario basic income tax</b> (from Schedule 500)			<b>270</b>
Ontario small business deduction (from Schedule 500)			<b>402</b>
		Subtotal (line 270 <b>minus</b> line 402)	<b>5A</b>
Ontario transitional tax debits (from Schedule 506)			<b>276</b>
Recapture of Ontario research and development tax credit (from Schedule 508)			<b>277</b>
		Subtotal (line 276 <b>plus</b> line 277)	<b>5B</b>
Gross Ontario tax (amount 5A <b>plus</b> amount 5B)			<b>5C</b>
Ontario resource tax credit (from Schedule 504)			<b>404</b>
Ontario tax credit for manufacturing and processing (from Schedule 502)			<b>406</b>
Ontario foreign tax credit (from Schedule 21)			<b>408</b>
Ontario credit union tax reduction (from Schedule 500)			<b>410</b>
Ontario political contributions tax credit (from Schedule 525)			<b>415</b>
		Ontario non-refundable tax credits (total of lines 404 to 415)	<b>5D</b>
		Subtotal (amount 5C <b>minus</b> amount 5D) (if negative, enter "0")	<b>5E</b>
Ontario research and development tax credit (from Schedule 508)			<b>416</b>
Ontario corporate income tax payable before Ontario corporate minimum tax credit and Ontario community food program donation tax credit for farmers (amount 5E <b>minus</b> line 416) (if negative, enter "0")			<b>5F</b>
Ontario corporate minimum tax credit (from Schedule 510)			<b>418</b>
Ontario community food program donation tax credit for farmers (from Schedule 2)			<b>420</b>
Ontario corporate income tax payable (amount 5F <b>minus</b> the total of lines 418 and 420) (if negative, enter "0")			<b>5G</b>
Ontario corporate minimum tax (from Schedule 510)			<b>278</b> 61,160
Ontario special additional tax on life insurance corporations (from Schedule 512)			<b>280</b>
		Subtotal (line 278 <b>plus</b> line 280)	<b>61,160</b> <b>5H</b>
Total Ontario tax payable before refundable tax credits (amount 5G <b>plus</b> amount 5H)			<b>61,160</b> <b>5I</b>
Ontario qualifying environmental trust tax credit			<b>450</b>
Ontario co-operative education tax credit (from Schedule 550)			<b>452</b>

Enter the total of column 15 on line 107 of Schedule 1.  
 Enter the total of column 16 on line 404 of Schedule 1.  
 Enter the total of column 17 on line 403 of Schedule 1.

- Note 1. If a class number has not been provided in Schedule II of the Income Tax Regulations for a particular class of property, use the subsection provided in Regulation 1101. Class numbers followed by a letter indicate the basic rate of the class taking into account the additional deduction allowed. Class 1a: 4% + 6% = 10% (class 1 to 10%), class 1b: 4% + 2% = 6% (class 1 to 6%).
- Note 2. Include any property acquired in previous years that has now become available for use. This property would have been previously excluded from column 3. List separately any acquisitions of property in the class that are not subject to the 50% rule. See Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance, for exceptions to the 50% rule.
- Note 3. An accelerated investment incentive property (AIIP) is a property (other than property included in Class 54 or 55) that you acquired after November 20, 2018 and became available for use before 2028. See the T2 Corporation Income Tax Guide for more information. Classes 54 and 55 include property that is a zero-emission vehicle you acquired after March 18, 2019 and became available for use before 2028.
- Note 4. Enter in column 5, "Adjustments and transfers", amounts that increase or reduce the undepreciated capital cost (column 9). Items that increase the undepreciated capital cost include amounts transferred under section 85, or transferred on amalgamation or winding-up of a subsidiary. Items that reduce the undepreciated capital cost (show amounts that reduce the undepreciated capital cost in brackets) include government assistance received or entitled to be received in the year, or a reduction of capital cost after the application of section 80. See the T2 Corporation Income Tax Guide for other examples of adjustments and transfers to include in column 5.
- Note 5. Include all amounts of assistance you received (or were entitled to receive) after the disposition of a depreciable property that would have decreased the capital cost of the property by virtue of paragraph 13(7.1)(f) if received before the disposition.
- Note 6. Include all amounts you have repaid during the year with respect to any legally required repayment, made after the disposition of a corresponding property, of:
- assistance that would have otherwise increased the capital cost of the property under paragraph 13(7.1)(d); and
  - an inducement, assistance or any other amount contemplated in paragraph 12(1)(x) received, that otherwise would have increased the capital cost of the property under paragraph 13(7.4)(b).
- Also include the UCC of each property of a prescribed class acquired in the course of a corporate reorganization described under paragraph 55(3)(b) of the Act (also known as "butterfly reorganization") or in a non-arm's length transaction (other than by virtue of a right referred to in paragraph 251(5)(b) of the Act) if the property was a depreciable property acquired by the transferor less than 364 days before the end of your tax year.
- Note 7. For each property disposed of during the year, deduct from the proceeds of disposition any outlays and expenses to the extent that they were made or incurred for the purpose of making the disposition(s). The amount reported in respect of the property cannot exceed the property's capital cost, unless that property is a timber resource property as defined in subsection 13(21).
- Note 8. If the amount in column 5 reduces the undepreciated capital cost (i.e. it is shown in brackets), you must subtract it for the purposes of the calculation. Otherwise, add the amount in column 5 for the purposes of the calculation.
- Note 9. The relevant factors for AIIP of a class in Schedule II and for property included in classes 54 and 55, available for use before 2024, are:
- 2 1/3 for property in Classes 43.1 and 54;
  - 1 1/2 for property in Class 55;
  - 1 for property in Classes 43.2 and 53;
  - 0 for property in Classes 12, 13, 14, and 15, as well as properties that are Canadian vessels included in paragraph 1100(1)(v) of the Regulations (see note 14 for additional information); and
  - 0.5 for all other property that is AIIP.
- Note 10. The UCC adjustment for non-AIIP acquired during the year (formerly known as the half-year rule or 50% rule) does not apply to certain property (including AIIP). For special rules and exceptions, see Income Tax Folio S3-F4-C1, General Discussion of Capital Cost Allowance.
- Note 11. Enter a rate only if you are using the declining balance method. For any other method (for example the straight-line method, where calculations are always based on the cost of acquisitions), enter N/A. Then enter the amount you are claiming in column 17.
- Note 12. If the amount in column 9 is negative, you have a recapture of CCA. If applicable, enter the negative amount from column 9 in column 15 as a positive. The recapture rules do not apply to passenger vehicles in Class 10.1.
- Note 13. If no property is left in the class at the end of the tax year and there is still a positive amount in the column 9, you have a terminal loss. If applicable, enter the positive amount from column 9 in column 16. The terminal loss rules do not apply to:
- passenger vehicles in Class 10.1;
  - property in Class 14.1, unless you have ceased carrying on the business to which it relates; or
  - limited-period franchises, concessions, or licences in Class 14 if, at the time of acquisition, the property was a former property of the transferor or any similar property attributable to the same fixed place of business, and you had jointly elected with the transferor to have the replacement property rules apply.
- Note 14. If the tax year is shorter than 365 days, prorate the CCA claim. Some classes of property do not have to be prorated. See the T2 Corporation Income Tax Guide for more information. For property in class 10.1 disposed of during the year, deduct a maximum of 50% of the regular CCA deduction if you owned the property at the beginning of the tax year. For AIIP listed below, the maximum first year allowance you can claim is determined as follows:
- Class 13: the lesser of 150% of the amount calculated in Schedule III of the Regulations and the UCC at the end of the tax year (before any CCA deduction).
  - Class 14: the lesser of 150% of the allocation for the year of the capital cost of the property apportioned over the remaining life of the property (at the time the cost was incurred) and the UCC at the end of the tax year (before any CCA deduction).
  - Class 15: the lesser of 150% of an amount computed on the basis of a rate per cord, board foot or cubic metre cut in the tax year and the UCC at the end of the tax year (before any CCA deduction).
  - Canadian vessels described under paragraph 1100(1)(v) of the Regulations: the lesser of 50% of the capital cost of the property and the UCC at the end of the tax year (before any CCA deduction).
  - Class 41.2: use a 25% CCA rate. The additional allowance under paragraph 1100(1)(y.2)(for single mine properties) and 1100(1)(ya.2)(for multiple mine properties) of the Regulations is not eligible for the accelerated investment incentive. The additional allowance in respect of natural gas liquefaction under paragraph 1100(1)(yb) of the Regulations is eligible for the accelerated investment incentive.
  - Property (other than a timber resource property) that is a timber limit or a right to cut timber from a limit: 150% of the amount determined by first subtracting the total of the residual value of the timber limit and all amounts you expended for the 1949 or later tax years for surveys, cruises or preparation of prints, maps or plans for the purpose of obtaining a licence or right to cut timber from the capital cost of the limit or right, and then dividing the result by the quantity of timber in the limit or the quantity of timber you have the right to cut.
  - Industrial mineral mine or a right to remove industrial minerals from an industrial mineral mine: 150% of the amount determined by first subtracting the residual value, if any, of the mine or right from the capital cost of the mine or right, and then dividing the result by the number of units of commercially mineable material estimated to be in the mine when the mine or right was acquired (alternatively, if you have acquired a right to remove only a specified number of units, that number of units that you acquired a right to remove).

## Fixed Assets Reconciliation

Reconciliation of change in fixed assets per financial statements to amounts used per tax return.

### Tax return

Additions for tax purposes – Schedule 8 regular classes		11,484,513	
Additions for tax purposes – Schedule 8 leasehold improvements	+		
Operating leases capitalized for book purposes	+		
Capital gain deferred	+

**RELATED AND ASSOCIATED CORPORATIONS**
**SCHEDULE 9**

Name of corporation <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year end Year Month Day <b>2019-12-31</b>
---	---	---

- Complete this schedule if the corporation is related to or associated with at least one other corporation.
- For more information, see the *T2 Corporation Income Tax Guide*.

	Name <b>100</b>	Country of residence (other than Canada) <b>200</b>	Business number (see note 1) <b>300</b>	Relationship code (see note 2) <b>400</b>	Number of common shares you own <b>500</b>	% of common shares you own <b>550</b>	Number of preferred shares you own <b>600</b>	% of preferred shares you own <b>650</b>	Book value of capital stock <b>700</b>
1.	NIAGARA FALLS HYDRO SERVICES		87146 8120 RC0001	3					
2.	NIAGARA FALLS HYDRO HOLDING (		86750 8830 RC0001	1	1,000	100.000			25,605,089
3.	City of Niagara Falls		NR	3					
4.	Niagara Regional Broadband Netwo		87177 4105 RC0001	3					

Note 1: Enter "NR" if the corporation is not registered or does not have a business number.

Note 2: Enter the code number of the relationship that applies from the following order: 1 - Parent 2 - Subsidiary 3 - Associated 4 - Related but not associated

# Continuity of financial statement reserves (not deductible)

## Financial statement reserves (not deductible)

Description	Balance at the beginning of the year	Transfer on an amalgamation or the wind-up of a subsidiary	Add	Deduct	Balance at the end of the year
1 Employee Future Benefits	4,020,821		4,780,183	4,020,821	4,780,183
2					
Reserves from Part 2 of Schedule 13					
<b>Totals</b>	<b>4,020,821</b>		<b>4,780,183</b>	<b>4,020,821</b>	<b>4,780,183</b>

The total opening balance plus the total transfers should be entered on line 414 of Schedule 1 as a deduction.  
 The total closing balance should be entered on line 126 of Schedule 1 as an addition.

## Agreement Among Associated Canadian-Controlled Private Corporations to Allocate the Business Limit

- For use by a Canadian-controlled private corporation (CCPC) to identify all associated corporations and to assign a percentage for each associated corporation. This percentage will be used to allocate the business limit for the small business deduction. Information from this schedule will also be used to determine the date the balance of tax is due and to calculate the reduction to the business limit.
- An associated CCPC that has more than one tax year ending in a calendar year must file an agreement for each tax year ending in that calendar year.

- Column 1:** Enter the legal name of each of the corporations in the associated group, including those deemed to be associated under subsection 256(2) of the Income Tax Act.
- Column 2:** Provide the business number for each corporation (if a corporation is not registered, enter "NR").
- Column 3:** Enter the association code from the list below that applies to each corporation:
- 1 – Associated for purposes of allocating the business limit (unless association code 5 applies)
  - 2 – CCPC that is a **third corporation** as referred to in subsection 256(2) and has filed Schedule 28, Election not to be Associated Through a Third Corporation
  - 3 – Non-CCPC that is a **third corporation**
  - 4 – Associated non-CCPC
  - 5 – Associated CCPC to which association code 1 does not apply because a **third corporation** has filed Schedule 28
- Column 4:** Enter the business limit for the year of each corporation in the associated group. Enter "0" if the corporation has association code 2, 3 or 4 in column 3 (except if the corporation is a cooperative or a credit union eligible for the SBD and it has association code 4).
- Column 5:** Assign a percentage to allocate the business limit to each corporation that has association code 1 in column 3. The total of all percentages in column 5 cannot exceed 100%.
- Column 6:** Enter the business limit allocated to each corporation by multiplying the amount in column 4 by the percentage in column 5. Add all business limits allocated in column 6 and enter the total at line A. Ensure that the total at line A does not exceed \$500,000.

### Allocating the business limit

Date filed (do not use this area) ..... **025** Year Month Day

Enter the calendar year the agreement applies to ..... **050** Year  
2019

Is this an amended agreement for the above calendar year that is intended to replace an agreement previously filed by any of the associated corporations listed below? ..... **075**  Yes  No

	1 Name of associated corporations	2 Business number of associated corporations	3 Association code	4 Business limit for the year before the allocation \$	5 Percentage of the business limit %	6 Business limit allocated* \$
	<b>100</b>	<b>200</b>	<b>300</b>		<b>350</b>	<b>400</b>
1	NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	1	500,000		
2	NIAGARA FALLS HYDRO SERVICES INC.	87146 8120 RC0001	1	500,000		
3	NIAGARA FALLS HYDRO HOLDING CORPORAT	86750 8830 RC0001	1	500,000	99.9998	499,999

5	Niagara Regional Broadband Network Limited	87177 4105 RC0001	1	500,000	0.0002	1
				<b>Total</b>	<b>100.0000</b>	<b>500,000</b>

Filed: August 31, 2020

1308 of 1407

**Business limit reduction under subsection 125(5.1) of the Act**

The business limit reduction is calculated in the small business deduction area of the T2 return. One of the factors used in this calculation is the "large corporation amount" at line 415 of the T2 return. The amount at line 415 is determined using the formula  $0.225\% \times (C - \$10,000,000)$ . Another factor is the "adjusted aggregate investment income" from lines 744 and 745 of Schedule 7, Aggregate Investment Income and Income Eligible for the Small Business Deduction. Details of these formulas and variable C are in subsection 125(5.1) of the Act.

\* Each corporation will enter on line 410 of the T2 return, the amount allocated to it in column 6. However, if the corporation's tax year is less than 51 weeks, prorate the amount in column 6 by the number of days in the tax year divided by 365, and enter the result on line 410 of the T2 return.

**Special rules for business limit**

Special rules apply under subsection 125(5) if a CCPC has more than one tax year ending in the same calendar year and it is associated in more than one of those tax years with another CCPC that has a tax year ending in that calendar year. The business limit for the second or later tax year will be equal to the lesser of: the business limit determined for the first tax year ending in the calendar year or the business limit determined for the second or later tax year ending in the same calendar year.

## Investment Tax Credit – Corporations

### General information

- Use this schedule:
  - to calculate an investment tax credit (ITC) earned during the tax year;
  - to claim a deduction against Part I tax payable;
  - to claim a refund of credit earned during the current tax year;
  - to claim a carryforward of credit from previous tax years;
  - to transfer a credit following an amalgamation or the wind-up of a subsidiary, as described under subsections 87(1) and 88(1);
  - to request a credit carryback to one or more previous years;
  - if you are subject to a recapture of ITC; or
  - if you are claiming:
    - the **Ontario Research and Development Tax Credit**;
    - the **Ontario Innovation Tax Credit**.
- Unless otherwise stated, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- The ITC is eligible for a three-year carryback (if not deductible in the year earned). It is also eligible for a twenty-year carryforward.
- Investments or expenditures, described in subsection 127(9) and Regulation Part XLVI, that earn an ITC are:
  - qualified property and qualified resource property (Parts 4 to 7 of this schedule);
  - qualified scientific research and experimental development (SR&ED) expenditures (Parts 8 to 17). File Form T661, *Scientific Research and Experimental Development (SR&ED) Expenditures Claim*;
  - pre-production mining expenditures (Parts 18 to 20);
  - apprenticeship job creation expenditures (Parts 21 to 23); and
  - child care spaces expenditures (Parts 24 to 28).
    - Expenditures related to child care spaces incurred after March 21, 2017 no longer qualify for the investment tax credit. If you entered into a written agreement before March 22, 2017, eligible expenditures incurred before 2020 will remain eligible for the credit.
- File this schedule with the *T2 Corporation Income Tax Return*. If you need more space, attach additional schedules.
- For more information on ITCs, see "Investment Tax Credit" in Guide T4012, *T2 Corporation – Income Tax Guide* and read Information Circular IC78-4, *Investment Tax Credit Rates*, and its related Special Release.
- For more information on SR&ED, see guide T4088, *Guide to Form T661 – Scientific Research and Experimental Development (SR&ED) Expenditures Claim*.

### Detailed information

- For the purpose of this schedule, **investment** means the capital cost of the property (excluding amounts added by an election under section 21), determined without reference to subsections 13(7.1) and 13(7.4), minus the amount of any government or non-government assistance that the corporation has received, is entitled to receive, or can reasonably be expected to receive for that property when it files the income tax return for the year in which the property was acquired.
- An ITC deducted or refunded in a tax year for a depreciable property, other than a depreciable property deductible under paragraph 37(1)(b), reduces both the capital cost of that property and the undepreciated capital cost of that class in the next tax year. An ITC for SR&ED deducted or refunded in a tax year will reduce the balance in the pool of deductible SR&ED expenditures and the adjusted cost base (ACB) of an interest in a partnership in the next tax year. An ITC from pre-production mining expenditures deducted in a tax year reduces the balance in the pool of deductible cumulative Canadian exploration expenses in the next tax year.
- Property acquired has to be **available for use** before a claim for an ITC can be made. See subsections 127(11.2) and 248(19) for more information.
- Expenditures for SR&ED and capital costs for a property qualifying for an ITC must be identified by the claimant on Form T661 and Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures or capital costs.
- Expenditures for pre-production mining, apprenticeship, or child care space for an ITC must be identified by the claimant on Schedule 31 no later than 12 months after the claimant's income tax return is due for the tax year in which it incurred the expenditures or capital costs.
- Partnership allocations – Subsection 127(8) provides for the allocation of the amount that may reasonably be considered to be a partner's share of the ITCs of the partnership at the end of the fiscal period of the partnership. An allocation of ITCs is generally considered to be the partner's reasonable share of the ITCs if it is made in the same proportion in which the partners have agreed to share any income or loss and if section 103 is not applicable for the agreement to share any income or loss. Special rules apply to specified members of a partnership and limited partners. For more information, see Guide T4068, *Guide for the Partnership Information Return*.
- For tax purposes, Canada includes the **exclusive economic zone of Canada** as defined in the *Oceans Act* (which generally consists of an area of the sea that is within 200 nautical miles from the Canadian coastline), including the airspace, seabed and subsoil of that zone.
- For the purpose of this schedule, the expression **Atlantic Canada** includes the Gaspé Peninsula and the provinces of Newfoundland and Labrador, Prince Edward Island, Nova Scotia, and New Brunswick, as well as their respective offshore regions (prescribed in Regulation 4609).
- For the purpose of this schedule, **qualified property** means property in Atlantic Canada that is used primarily for manufacturing and processing, farming or fishing, logging, storing grain, or harvesting peat. Property in Atlantic Canada that is used primarily for oil and gas, and mining activities is considered qualified property only if acquired by the taxpayer **before** March 29, 2012. Qualified property includes new buildings and new machinery and equipment (prescribed in Regulation 4600), and if acquired by the taxpayer **after** March 28, 2012, new energy generation and conservation property (prescribed in Regulation 4600). Qualified property can also be used primarily to produce or process electrical energy or steam in a prescribed area (as described in Regulation 4610). See the definition of **qualified property** in subsection 127(9) for more information.

**Detailed information (continued)**

Filed: August 31, 2020

- For the purpose of this schedule, **qualified resource property** means property in Atlantic Canada that is used primarily for oil and gas, and mining activities, if acquired by the taxpayer **after** March 28, 2012, and **before** January 1, 2016. Qualified resource property includes new buildings and new machinery and equipment (prescribed in Regulation 4600). See the definition of **qualified resource property** in subsection 127(9) for more information.
- For the purpose of this schedule, **pre-production mining exploration expenditures** are pre-production mining expenditures incurred **after** March 28, 2012, by the taxpayer to determine the existence, location, extent, or quality of certain mineral resources in Canada, excluding expenses incurred in the exploration of an oil or gas well. See subparagraph (a)(i) of the definition of **pre-production mining expenditure** in subsection 127(9) for more information.
- For the purpose of this schedule, **pre-production mining development expenditures** are pre-production mining expenditures incurred **after** March 28, 2012, by the taxpayer to bring a new mineral resource mine in Canada into production, excluding expenses in the development of a bituminous sands deposit or an oil shale deposit. See subparagraph (a)(ii) of the definition of **pre-production mining expenditure** in subsection 127(9) for more information.

**Part 1 – Investments, expenditures, and percentages**

	<b>Specified percentage</b>
<b>Investments</b>	
Qualified property acquired primarily for use in Atlantic Canada	10 %
Qualified resource property acquired primarily for use in Atlantic Canada and acquired:	
– after March 28, 2012, and before 2014	10 %
– after 2013 and before 2016	5 %
– after 2015*	0 %
<b>Expenditures</b>	
If you are a Canadian-controlled private corporation (CCPC), this percentage may apply to the portion that you claim of the SR&ED qualified expenditure pool that does not exceed your expenditure limit (see Part 10)	35 %
<b>Note:</b> If your current year's qualified expenditures are more than your expenditure limit (see Part 10), the excess is eligible for an ITC calculated at the 15 % rate.	
If you are a corporation that is not a CCPC and have incurred qualified expenditures for SR&ED in any area in Canada:	
– before 2014**	20 %
– after 2013**	15 %
If you are a taxable Canadian corporation that incurred pre-production mining expenditures before March 29, 2012	10 %
If you are a taxable Canadian corporation that incurred pre-production mining exploration expenditures:	
– after March 28, 2012, and before 2013	10 %
– in 2013	5 %
– after 2013	0 %
If you are a taxable Canadian corporation that incurred pre-production mining development expenditures***:	
– after March 28, 2012, and before 2014	10 %
– in 2014	7 %
– in 2015	4 %
– after 2015	0 %
If you paid salary and wages to apprentices in the first 24 months of their apprenticeship contract for employment	10 %
If you incurred expenditures after March 18, 2007 and before March 22, 2017 (or before 2020 if you entered into a written agreement before March 22, 2017) for the creation of licensed child care spaces for the children of your employees and, potentially, for other children	25 %
* A transitional relief rate of 10% may apply to property acquired after 2013 and before 2017, if the property is acquired under a written agreement entered into before March 29, 2012, or the property is acquired as part of a <b>phase</b> of a project where the construction or the engineering and design work for the construction started before March 29, 2012. See paragraph (a.1) of the definition of <b>specified percentage</b> in subsection 127(9) for more information.	
** The reduction of the rate from 20% to 15% applies to 2014 and later tax years, except that, for 2014 tax years that start before 2014, the reduction is pro-rated based on the number of days in the tax year that are after 2013.	
*** A transitional relief rate may apply to expenditures incurred after 2013 and before 2016, if the expenditure is incurred under a written agreement entered into before March 29, 2012, or the expenditure is incurred as part of the development of a new mine where the construction or the engineering and design work for the construction of the new mine started before March 29, 2012. See subparagraphs (k)(ii) and (iii) of the definition of <b>specified percentage</b> in subsection 127(9) for more information.	

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Filed: August 31, 2020 1311 of 101 Year-end date 2019-12-31
--	---	--

**Part 2 – Determination of a qualifying corporation**

Is the corporation a qualifying corporation? ..... **101** 1 Yes  2 No

For the purpose of a refundable ITC, a **qualifying corporation** is defined under subsection 127.1(2). The corporation has to be a CCPC and its taxable income (before any loss carrybacks) for its previous tax year cannot be more than its **qualifying income limit** for the particular tax year. If the corporation is associated with any other corporations during the tax year, the total of the taxable incomes of the corporation and the associated corporations (before any loss carrybacks), for their last tax year ending in the previous calendar year, cannot be more than their qualifying income limit for the particular tax year.

**Note:** A CCPC considered associated with another corporation under subsection 256(1) will be considered **not** associated for the calculation of a refundable ITC if:

- one corporation is associated with another corporation solely because one or more persons own shares of the capital stock of both corporations; and
- one of the corporations has at least one shareholder who is not common to both corporations.

If you are a **qualifying** corporation, you will earn a **100%** refund on your share of any ITCs earned at the 35% rate on qualified **current** expenditures for SR&ED, up to the allocated expenditure limit. The 100% refund does not apply to qualified **capital** expenditures eligible for the 35% credit rate. They are only eligible for the **40%** refund\*.

Some CCPCs that are **not qualifying** corporations may also earn a **100%** refund on their share of any ITCs earned at the 35% rate on qualified **current** expenditures for SR&ED, up to the allocated expenditure limit. The expenditure limit can be determined in Part 10. The 100% refund does not apply to qualified **capital** expenditures eligible for the 35% credit rate. They are only eligible for the **40%** refund\*.

The 100% refund will not be available to a corporation that is an **excluded corporation** as defined under subsection 127.1(2). A corporation is an excluded corporation if, at any time during the year, it is a corporation that is either controlled by (directly or indirectly, in any manner whatever) or is related to:

- one or more persons exempt from Part I tax under section 149;
- Her Majesty in right of a province, a Canadian municipality, or any other public authority; or
- any combination of persons referred to in a) or b) above.

\* Capital expenditures incurred after December 31, 2013, including lease payments for property that would have been a capital expenditure if purchased directly, are **not** qualified SR&ED expenditures and are **not** eligible for an ITC on SR&ED expenditures.

**Part 3 – Corporations in the farming industry**

Complete this area if the corporation is making SR&ED contributions.

Is the corporation claiming a contribution in the current year to an agricultural organization whose goal is to finance SR&ED work (for example, check-off dues)? ..... **102** 1 Yes  2 No

If **yes**, complete Schedule 125, *Income Statement Information*, to identify the type of farming industry the corporation is involved in.

Contributions to agricultural organizations for SR&ED\* ..... **103** \_\_\_\_\_  
 Enter on line 350 of Part 8.

\* Enter only contributions not already included on Form T661.  
 Include 80% of the contributions made **after** 2012. For contributions made **before** 2013, include all of the contributions.

**Qualified Property and Qualified Resource Property**

**Part 4 – Eligible investments for qualified property and qualified resource property from the current tax year**

Capital cost allowance class number <b>105</b>	Description of investment <b>110</b>	Date available for use <b>115</b>	Location used in Atlantic Canada (province) <b>120</b>	Amount of investment <b>125</b>
<b>Total of investments for qualified property and qualified resource property</b>

**Part 5 – Current-year credit and account balances – ITC from investments in qualified property and qualified resource property**

ITC at the end of the previous tax year			B1
Credit deemed as a remittance of co-op corporations	<b>210</b>		
Credit expired	<b>215</b>		
Subtotal (line 210 plus line 215)		▶	C1
ITC at the beginning of the tax year (amount B1 minus amount C1)		<b>220</b>	
Credit transferred on an amalgamation or the wind-up of a subsidiary	<b>230</b>		
ITC from repayment of assistance	<b>235</b>		
Qualified property; and qualified resource property acquired after March 28, 2012, and before January 1, 2014* (applicable part from amount A1 in Part 4)	x	10 % = <b>240</b>	
Qualified resource property acquired after December 31, 2013, and before January 1, 2016 (applicable part from amount A1 in Part 4)	x	5 % = <b>242</b>	
Credit allocated from a partnership	<b>250</b>		
Subtotal (total of lines 230 to 250)		▶	D1
Total credit available (line 220 plus amount D1)			E1
Credit deducted from Part I tax	<b>260</b>		
Credit carried back to previous years (amount H1 in Part 6)		a	
Credit transferred to offset Part VII tax liability	<b>280</b>		
Subtotal (total of line 260, amount a, and line 280)		▶	F1
Credit balance before refund (amount E1 minus amount F1)			G1
Refund of credit claimed on investments from qualified property and qualified resource property (from Part 7)		<b>310</b>	
<b>ITC closing balance of investments from qualified property and qualified resource property</b> (amount G1 minus line 310)		<b>320</b>	

\* Include investments acquired after 2013 and before 2017 that are eligible for transitional relief.

**Part 6 – Request for carryback of credit from investments in qualified property and qualified resource property**

	Year	Month	Day				
1st previous tax year				Credit to be applied	<b>901</b>		
2nd previous tax year				Credit to be applied	<b>902</b>		
3rd previous tax year				Credit to be applied	<b>903</b>		
Total of lines 901 to 903						▶	
Enter at amount a in Part 5.						▶	H1

**Part 7 – Refund of ITC for qualifying corporations on investments from qualified property and qualified resource property**

Current-year ITCs (total of lines 240, 242, and 250 in Part 5)			I1
Credit balance before refund (from amount G1 in Part 5)			J1
<b>Refund</b> ( 40 % of amount I1 or J1, whichever is less)			K1

Enter amount K1 or a lesser amount on line 310 in Part 5 (also enter on line 780 of the T2 return if you do not claim an SR&ED ITC refund).

**Part 11 – Investment tax credits on SR&ED expenditures**

Current expenditures (from line 350 in Part 8) or the expenditure limit (from line 410 in Part 10), whichever is less\* . . . . . **420** x 35 % = \_\_\_\_\_ G2

Line 350 minus line 410 (if negative, enter "0") . . . . . **430**

Amount from line 430 x  $\frac{\text{Number of days in the tax year before 2014}}{\text{Number of days in the tax year}}$  x 20% = \_\_\_\_\_ c

Amount from line 430\*\* x  $\frac{\text{Number of days in the tax year after 2013}}{\text{Number of days in the tax year}}$   $\frac{365}{365}$  x 15 % = \_\_\_\_\_ d

Subtotal (amount c plus amount d) . . . . . **▶** \_\_\_\_\_ H2

Line 410 minus line 350 (if negative, enter "0") . . . . . e

Capital expenditures (line 360 in Part 8) or amount e, whichever is less\* . . . . . **440** x 35 % = \_\_\_\_\_ I2

Line 360 minus amount e (if negative, enter "0") . . . . . **450**

Amount from line 450 x  $\frac{\text{Number of days in the tax year before 2014}}{\text{Number of days in the tax year}}$  x 20% = \_\_\_\_\_ f

Amount from line 450\*\* x  $\frac{\text{Number of days in the tax year after 2013}}{\text{Number of days in the tax year}}$   $\frac{365}{365}$  x 15 % = \_\_\_\_\_ g

Subtotal (amount f plus amount g) . . . . . **▶** \_\_\_\_\_ J2

If a corporation makes a repayment of any government or non-government assistance, or contract payments that reduced the amount of qualified expenditures for ITC purposes, the amount of the repayment is eligible for a credit.

**Repayments** (amount from line 370 in Part 8) . . . . . \_\_\_\_\_

Enter the amount of the repayment on the line that corresponds to the appropriate rate.

Repayment of assistance that reduced a qualifying expenditure for a CCPC\*\*\* . . . . . **460** x 35 % = \_\_\_\_\_ h

Repayment of assistance made after September 16, 2016 that reduced a qualifying expenditure incurred before 2015 . . . . . **480** x 20 % = \_\_\_\_\_ i

Repayment of assistance made after September 16, 2016 that reduced a qualifying expenditure incurred after 2014 . . . . . **490** x 15 % = \_\_\_\_\_ j

Subtotal (add amounts h to j) **▶** \_\_\_\_\_ K2

**Current-year SR&ED ITC** (total of amounts G2 to K2; enter on line 540 in Part 12) . . . . . \_\_\_\_\_ L2

\* For corporations that are not CCPCs, enter "0" for amounts G2 and I2.  
 \*\* For tax years that end after 2013, the general SR&ED ITC rate is reduced from 20% to 15%, except that, for 2014 tax years that start before 2014, the reduction is pro-rated based on the number of days in the tax year that are after 2013. For tax years that have a start date after 2013, multiply the amount by 15%.  
 \*\*\* If you were a Canadian-controlled private corporation (CCPC), this percentage was applied to the portion that you claimed of the SR&ED qualified expenditure pool that did not exceed your expenditure limit at the time. This percentage includes the rate under subsection 127(10.1), **additions to investment tax credit**. See subsection 127(10.1) for details about exceptions. For expenditures not eligible for this rate use line 480 or 490 as appropriate.

**Part 12 – Current-year credit and account balances – ITC from SR&ED expenditures**

ITC at the end of the previous tax year				M2
Credit deemed as a remittance of co-op corporations	510			
Credit expired	515			
		Subtotal (line 510 plus line 515)		N2
ITC at the beginning of the tax year (amount M2 minus amount N2)		520		
Credit transferred on an amalgamation or the wind-up of a subsidiary	530			
Total current-year credit (from amount L2 in Part 11)	540			
Credit allocated from a partnership	550			
		Subtotal (total of lines 530 to 550)		O2
Total credit available (line 520 plus amount O2)				P2
Credit deducted from Part I tax	560			
Credit carried back to previous years (amount S2 in Part 13)			k	
Credit transferred to offset Part VII tax liability	580			
		Subtotal (total of line 560, amount k, and line 580)		Q2
Credit balance before refund (amount P2 minus amount Q2)				R2
Refund of credit claimed on SR&ED expenditures (from Part 14 or 15, whichever applies)		610		
<b>ITC closing balance on SR&amp;ED</b> (amount R2 minus line 610)		620

					Enter at amount k in Part 12.	S2

**Part 14 – Refund of ITC for qualifying corporations – SR&ED**

Complete this part only if you are a qualifying corporation as determined on line 101 in Part 2.

Is the corporation an excluded corporation as defined under subsection 127.1(2)? ..... **650** 1 Yes  2 No

Current-year ITC (lines 540 plus 550 in Part 12 minus amount K2 in Part 11) ..... I

Refundable credits (amount I or amount R2 in Part 12, whichever is less)\* ..... T2

Amount T2 or amount G2 in Part 11, whichever is less ..... U2

Net amount (amount T2 minus amount U2; if negative, enter "0") ..... V2

Amount V2 multiplied by 40 % ..... W2

Amount U2 ..... X2

**Refund of ITC** (amount W2 plus amount X2 – enter this, or a lesser amount, on line 610 in Part 12) ..... Y2

Enter the total of line 310 in Part 5 and line 610 in Part 12 on line 780 of the T2 return.

\* If you are also an excluded corporation, as defined in subsection 127.1(2), this amount must be multiplied by 40%. Claim this, or a lesser amount, as your refund of ITC for amount Y2.

**Part 15 – Refund of ITC for CCPCs that are not qualifying or excluded corporations – SR&ED**

Complete this part only if you are a CCPC that is not a qualifying or excluded corporation as determined on line 101 in Part 2.

Credit balance before refund (amount R2 in Part 12) ..... Z2

Amount Z2 or amount G2 in Part 11, whichever is less ..... AA2

Net amount (amount Z2 minus amount AA2; if negative, enter "0") ..... BB2

Amount BB2 or amount I2 in Part 11, whichever is less ..... CC2

Amount CC2 multiplied by 40 % ..... DD2

Amount AA2 ..... EE2

**Refund of ITC** (amount DD2 plus amount EE2) ..... FF2

Enter FF2, or a lesser amount, on line 610 in Part 12 and also on line 780 of the T2 return.

**Recapture – SR&ED**

**Part 16 – Recapture of ITC for corporations and partnerships – SR&ED**

You will have a recapture of ITC in a year when **all** of the following conditions are met:

- you acquired a particular property in the current year or in any of the 20 previous tax years, and the credit was earned in a tax year ending after 1997 and did not expire before 2008;
- you claimed the cost of the property as a qualified expenditure for SR&ED on Form T661;
- the cost of the property was included in calculating your ITC or was the subject of an agreement made under subsection 127(13) to transfer qualified expenditures; and
- you disposed of the property or converted it to commercial use after February 23, 1998. This condition is also met if you disposed of or converted to commercial use a property that incorporates the particular property previously referred to.

**Note:**

The recapture **does not apply** if you disposed of the property to a non-arm's-length purchaser who intended to use it all or substantially all for SR&ED. When the non-arm's-length purchaser later sells or converts the property to commercial use, the recapture rules will apply to the purchaser based on the historical ITC rate of the original user.

You will report a recapture on the T2 return for the year in which you disposed of the property or converted it to commercial use. In the following tax year, add the amount of the ITC recapture to the SR&ED expenditure pool.

If you have more than one disposition for calculations 1 and 2, complete the columns for each disposition for which a recapture applies, using the calculation formats below.

**Calculation 1 – If you meet all of the above conditions**

Amount of ITC you originally calculated for the property you acquired, or the original user's ITC where you acquired the property from a non-arm's length party, as described in the <b>note</b> above  <b>700</b>	Amount calculated using ITC rate at the date of acquisition (or the original user's date of acquisition) on either the proceeds of disposition (if sold in an arm's length transaction) or the fair market value of the property (in any other case)  <b>710</b>	Amount from column 700 or 710, whichever is less
<b>Subtotal</b>		
Enter at amount C3 in Part 17.		A3

**Calculation 2 – Only if you transferred all or a part of the qualified expenditure to another person under an agreement described in subsection 127(13); otherwise, enter nil on line B3.**

A	B	C	D	E	F
Rate that the transferee used in determining its ITC for qualified expenditures under a subsection 127(13) agreement  <b>720</b>	Proceeds of disposition of the property if you dispose of it to an arm's length person; or, in any other case, enter the fair market value of the property at conversion or disposition  <b>730</b>	Amount, if any, already provided for in Calculation 1 (This allows for the situation where only part of the cost of a property is transferred under a subsection 127(13) agreement.)  <b>740</b>	Amount determined by the formula (A x B) – C	ITC earned by the transferee for the qualified expenditures that were transferred  <b>750</b>	Amount from column D or E, whichever is less
<b>Subtotal (total of column F)</b>					
Enter at amount D3 in Part 17.					B3

**Part 16 – Recapture of ITC for corporations and partnerships – SR&ED (continued)**

Filed: August 31, 2020  
 1318 of 1407

**Calculation 3**

As a member of the partnership, you will report your share of the SR&ED ITC of the partnership after the SR&ED ITC has been reduced by the amount of the recapture. If this amount is a positive amount, you will report it on line 550 in Part 12. However, if the partnership does not have enough ITC otherwise available to offset the recapture, then the amount by which reductions to ITC exceed additions (the excess) will be determined and reported on line 760.

Corporate partner's share of the excess of SR&ED ITC **760**  
 Enter at amount E3 in Part 17.

**Part 17 – Total recapture of SR&ED investment tax credit**

Recaptured ITC from calculation 1, amount A3 in Part 16	.....	_____	C3
Recaptured ITC from calculation 2, amount B3 in Part 16	.....	_____	D3
Recaptured ITC from calculation 3, line 760 in Part 16	.....	_____	E3
<b>Total recapture of SR&amp;ED investment tax credit</b> (total of amounts C3 to E3)	.....	=====	F3
Enter at amount A8 in Part 29.			

**Pre-Production Mining**

**Part 18 – Pre-production mining expenditures**

**Exploration information**

A mineral resource that qualifies for the credit means a mineral deposit from which the principal mineral to be extracted is diamond, a base or precious metal deposit, or a mineral deposit from which the principal mineral to be extracted is an industrial mineral that, when refined, results in a base or precious metal.

In column 800, list all minerals for which pre-production mining expenditures have taken place in the tax year.

For each of the minerals reported in column 800, identify each project (in column 805), mineral title (in column 806), and mining division (in column 807) where title is registered. If there is no mineral title, identify only the project and mining division.

List of minerals <b>800</b>	Project name <b>805</b>

Mineral title <b>806</b>	Mining division <b>807</b>

**Pre-production mining expenditures\***

**Exploration:**

Pre-production mining expenditures that you incurred in the tax year (**before** January 1, 2014) for the purpose of determining the existence, location, extent, or quality of a mineral resource in Canada:

Prospecting .....	<b>810</b> _____
Geological, geophysical, or geochemical surveys .....	<b>811</b> _____
Drilling by rotary, diamond, percussion, or other methods .....	<b>812</b> _____
Trenching, digging test pits, and preliminary sampling .....	<b>813</b> _____

**Development:**

Pre-production mining expenditures incurred in the tax year for bringing a new mine in a mineral resource in Canada into production in reasonable commercial quantities and incurred before the new mine comes into production in such quantities:

Clearing, removing overburden, and stripping .....	<b>820</b> _____
Sinking a mine shaft, constructing an adit, or other underground entry .....	<b>821</b> _____

Other pre-production mining expenditures incurred in the tax year:

Description <b>825</b>	Amount <b>826</b>
Total of column 826	_____ <b>A4</b>

Total pre-production mining expenditures (total of lines 810 to 821 and amount A4) ..... **830** \_\_\_\_\_

Total of all assistance (grants, subsidies, rebates, and forgivable loans) or reimbursements that the corporation has received or is entitled to receive in respect of the amounts referred to on line 830 above ..... **832** \_\_\_\_\_

Excess (line 830 **minus** line 832) (if negative, enter "0") ..... **B4** \_\_\_\_\_

Repayments of government and non-government assistance ..... **835** \_\_\_\_\_

**Pre-production mining expenditures** (amount B4 **plus** line 835) ..... **C4** \_\_\_\_\_

\* A pre-production mining expenditure is defined under subsection 127(9).

**Part 19 – Current-year credit and account balances – ITC from pre-production mining expenditures**

**Child Care Spaces**

**Part 24 – Eligible child care spaces expenditures**

Enter the eligible expenditures that you incurred after March 18, 2007 and before March 22, 2017\* to create licensed child care spaces for the children of the employees and, potentially, for other children. You cannot be carrying on a child care services business. The eligible expenditures include:

- the cost of depreciable property (other than specified property); and
- the specified child care start-up expenditures.

Properties should be acquired and expenditures should be incurred only to create new child care spaces at a licensed child care facility.

**Cost of depreciable property from the current tax year**

Capital cost allowance class number	Description of investment	Date available for use	Amount of investment
665	675	685	695
1.			
Total cost of depreciable property from the current tax year (total of column 695)			<b>715</b>

Specified child care start-up expenditures from the current tax year	<b>705</b>

**Recapture – Child Care Spaces**

**Part 28 – Recapture of ITC for corporations and partnerships – Child care spaces**

The ITC will be recovered against the taxpayer's tax otherwise payable under Part I of the Act if, at any time within 60 months of the day on which the taxpayer acquired the property:

- the new child care space is no longer available; or
- property that was an eligible expenditure for the child care space is:
  - disposed of or leased to a lessee; or
  - converted to another use.

If the property disposed of is a child care space, the amount that can reasonably be considered to have been included in the original ITC (paragraph 127(27.12)(a)) ..... **792**

In the case of eligible expenditures (paragraph 127(27.12)(b)), the lesser of:

The amount that can reasonably be considered to have been included in the original ITC . . . . **795**

25% of either the proceeds of disposition (if sold in an arm's length transaction) or the fair market value (in any other case) of the property ..... **797**

Amount from line 795 or line 797, whichever is less ..... **A7**

**Partnerships**

As a member of the partnership, you will report your share of the child care spaces ITC of the partnership after the child care spaces ITC has been reduced by the amount of the recapture. If this amount is a positive amount, you will report it on line 782 in Part 26. However, if the partnership does not have enough ITC otherwise available to offset the recapture, then the amount by which reductions to ITC exceed additions (the excess) will be determined and reported on line 799 below.

Corporate partner's share of the excess of ITC **799**

**Total recapture of child care spaces investment tax credit** (total of line 792, amount A7, and line 799) ..... **B7**

Enter at amount B8 in Part 29.

**Summary of Investment Tax Credits**

**Part 29 – Total recapture of investment tax credit**

Recaptured SR&ED ITC (amount F3 in Part 17) ..... **A8**

Recaptured child care spaces ITC (amount B7 in Part 28) ..... **B8**

**Total recapture of investment tax credit** (amount A8 plus amount B8) ..... **C8**

Enter on line 602 of the T2 return.

**Part 30 – Total ITC deducted from Part I tax**

ITC from investments in qualified property deducted from Part I tax (line 260 in Part 5) ..... **D8**

ITC from SR&ED expenditures deducted from Part I tax (line 560 in Part 12) ..... **E8**

ITC from pre-production mining expenditures deducted from Part I tax (line 885 in Part 19) ..... **F8**

ITC from apprenticeship job creation expenditures deducted from Part I tax (line 660 in Part 22) ..... **G8**

ITC from child care space expenditures deducted from Part I tax (line 785 in Part 26) ..... **H8**

**Total ITC deducted from Part I tax** (total of amounts D8 to H8) ..... **I8**

Enter on line 652 of the T2 return.

## Taxable Capital Employed in Canada – Large Corporations

Corporation's name	Business number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2019-12-31

- Use this schedule in determining if the total taxable capital employed in Canada of the corporation (other than a financial institution or an insurance corporation) and its related corporations is greater than \$10,000,000.
- If the total taxable capital employed in Canada of the corporation and its related corporations is greater than \$10,000,000, file a completed Schedule 33 with your T2 *Corporation Income Tax Return* no later than six months from the end of the tax year.
- Unless otherwise noted, all legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 181(1) defines the terms **financial institution**, **long-term debt**, and **reserves**.
- Subsection 181(3) provides the basis to determine the carrying value of a corporation's assets or any other amount under Part I.3 for its capital, investment allowance, taxable capital, or taxable capital employed in Canada, or for a partnership in which it has an interest.
- If the corporation was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada, go to Part 4, **Taxable capital employed in Canada**.

### Part 1 – Capital

Add the following year-end amounts:

Reserves that have not been deducted in calculating income for the year under Part I	<b>101</b>		
Capital stock (or members' contributions if incorporated without share capital)	<b>103</b>	31,245,882	
Retained earnings	<b>104</b>	36,257,549	
Contributed surplus	<b>105</b>	25,459,207	
Any other surpluses	<b>106</b>		
Deferred unrealized foreign exchange gains	<b>107</b>		
All loans and advances to the corporation	<b>108</b>	85,326,465	
All indebtedness of the corporation represented by bonds, debentures, notes, mortgages, hypothecary claims, bankers' acceptances, or similar obligations	<b>109</b>		
Any dividends declared but not paid by the corporation before the end of the year	<b>110</b>		
All other indebtedness of the corporation (other than any indebtedness for a lease) that has been outstanding for more than 365 days before the end of the year	<b>111</b>		
The total of all amounts, each of which is the amount, if any, in respect of a partnership in which the corporation held a membership interest at the end of the year, either directly or indirectly through another partnership (see note below)	<b>112</b>		
Subtotal (add lines 101 to 112)		<u>178,289,103</u>	<u>178,289,103</u> A

#### Note:

Line 112 is determined by the formula  $(A - B) \times C/D$  (as per paragraph 181.2(3)(g)) where:

- A is the total of all amounts that would be determined for lines 101, 107, 108, 109, and 111 in respect of the partnership for its last fiscal period that ends at or before the end of the year if
- a) those lines applied to partnerships in the same manner that they apply to corporations, and
  - b) those amounts were computed without reference to amounts owing by the partnership
    - (i) to any corporation that held a membership interest in the partnership either directly or indirectly through another partnership, or
    - (ii) to any partnership in which a corporation described in subparagraph (i) held a membership interest either directly or indirectly through another partnership.
- B is the partnership's deferred unrealized foreign exchange losses at the end of the period,
- C is the share of the partnership's income or loss for the period to which the corporation is entitled either directly or indirectly through another partnership, and
- D is the partnership's income or loss for the period.

Filed: August 31, 2020

Subtotal A (from page 1) <sup>1327 of 1407</sup> 178,289,103 A

**Part 1 – Capital (continued)**

**Deduct** the following amounts:

Deferred tax debit balance at the end of the year	<b>121</b>	
Any deficit deducted in calculating its shareholders' equity (including, for this purpose, the amount of any provision for the redemption of preferred shares) at the end of the year	<b>122</b>	
To the extent that the amount may reasonably be regarded as being included in any of lines 101 to 112 above for the year, any amount deducted under subsection 135(1) in calculating income under Part I for the year.	<b>123</b>	
Deferred unrealized foreign exchange losses at the end of the year	<b>124</b>	
Subtotal (add lines 121 to 124)		<b>B</b>
<b>Capital for the year</b> (amount A minus amount B) (if negative, enter "0")	<b>190</b>	<u>178,289,103</u>

**Part 2 – Investment allowance**

**Add** the carrying value at the end of the year of the following assets of the corporation:

A share of another corporation	<b>401</b>	
A loan or advance to another corporation (other than a financial institution)	<b>402</b>	<u>8,656</u>
A bond, debenture, note, mortgage, hypothecary claim, or similar obligation of another corporation (other than a financial institution)	<b>403</b>	
Long-term debt of a financial institution	<b>404</b>	
A dividend payable on a share of the capital stock of another corporation	<b>405</b>	
A loan or advance to, or a bond, debenture, note, mortgage, hypothecary claim or similar obligation of, a partnership each member of which was, throughout the year, another corporation (other than a financial institution) that was not exempt from tax under this Part (otherwise than because of paragraph 181.1(3)(d)), or another partnership described in paragraph 181.2(4)(d.1)	<b>406</b>	
An interest in a partnership (see note 2 below)	<b>407</b>	
<b>Investment allowance for the year</b> (add lines 401 to 407)	<b>490</b>	<u>8,656</u>

**Notes:**

1. Lines 401 to 405 should not include the carrying value of a share of the capital stock of, a dividend payable by, or indebtedness of a corporation that is exempt from tax under Part I.3 (other than a non-resident corporation that at no time in the year carried on business in Canada through a permanent establishment).
2. Where the corporation has an interest in a partnership held either directly or indirectly through another partnership, refer to subsection 181.2(5) for additional rules regarding the carrying value of an interest in a partnership.
3. Where a trust is used as a conduit for loaning money from a corporation to another related corporation (other than a financial institution), the loan will be considered to have been made directly from the lending corporation to the borrowing corporation. Refer to subsection 181.2(6) for special rules that may apply.

**Part 3 – Taxable capital**

Capital for the year (line 190)		<u>178,289,103</u> C
<b>Deduct:</b> Investment allowance for the year (line 490)		<u>8,656</u> D
<b>Taxable capital for the year</b> (amount C minus amount D) (if negative, enter "0")	<b>500</b>	<u>178,280,447</u>

**Part 4 – Taxable capital employed in Canada**

Filed: August 31, 2020  
 1328 of 1407

To be completed by a corporation that was resident in Canada at any time in the year

Taxable capital for the year (line 500) 178,280,447 x  $\frac{\text{Taxable income earned in Canada}}{\text{Taxable income}}$   $\frac{610}{1,000}$  = Taxable capital employed in Canada **690** 178,280,447

- Notes:**
1. Regulation 8601 gives details on calculating the amount of taxable income earned in Canada.
  2. Where a corporation's taxable income for a tax year is "0," it shall, for the purposes of the above calculation, be deemed to have a taxable income for that year of \$1,000.
  3. In the case of an airline corporation, Regulation 8601 should be considered when completing the above calculation.

To be completed by a corporation that was a non-resident of Canada throughout the year and carried on a business through a permanent establishment in Canada

Total of all amounts each of which is the carrying value at the end of the year of an asset of the corporation used in the year or held in the year, in the course of carrying on any business during the year through a permanent establishment in Canada . . . . **701** \_\_\_\_\_

**Deduct** the following amounts:

Corporation's indebtedness at the end of the year [other than indebtedness described in any of paragraphs 181.2(3)(c) to (f)] that may reasonably be regarded as relating to a business it carried on during the year through a permanent establishment in Canada . . . . . **711** \_\_\_\_\_

Total of all amounts each of which is the carrying value at the end of year of an asset described in subsection 181.2(4) of the corporation that it used in the year, or held in the year, in the course of carrying on any business during the year through a permanent establishment in Canada . . . . . **712** \_\_\_\_\_

Total of all amounts each of which is the carrying value at the end of year of an asset of the corporation that is a ship or aircraft the corporation operated in international traffic, or personal or movable property used or held by the corporation in carrying on any business during the year through a permanent establishment in Canada (see note below) . . . . . **713** \_\_\_\_\_

Total deductions (add lines 711, 712, and 713) \_\_\_\_\_ **E**

**Taxable capital employed in Canada** (line 701 minus amount E) (if negative, enter "0") . . . . . **790** \_\_\_\_\_

**Note:** Complete line 713 only if the country in which the corporation is resident did not impose a capital tax for the year on similar assets, or a tax for the year on the income from the operation of a ship or aircraft in international traffic, of any corporation resident in Canada during the year.

**Part 5 – Calculation for purposes of the small business deduction**

This part is applicable to corporations that are not associated in the current year, but were associated in the prior year.

Taxable capital employed in Canada (amount from line 690) . . . . . \_\_\_\_\_ **F**

**Deduct:** . . . . . 10,000,000 **G**

Excess (amount F minus amount G) (if negative, enter "0") \_\_\_\_\_ **H**

**Calculation for purposes of the small business deduction** (amount H x 0.225%) . . . . . \_\_\_\_\_ **I**

Enter this amount at line 415 of the T2 return.

## Attached Schedule with Total

Part 1 – All loans and advances to the corporation

Title Part 1 – All loans and advances to the corporation

Description	Operator (Note)	Amount
Current portion		1,044,472 00
LTD	+	82,834,630 00
Customer Deposits	+	1,447,363 00
	+	
	<b>Total</b>	<b>85,326,465 00</b>

**Note:** The calculations are performed one at a time, from the first to the last line, and not according to the priority rules of the operations. For example, the formula  $1+2*3$  will not result in the same thing as the formula  $1+3*2$ .

**Shareholder Information**

## General Rate Income Pool (GRIP) Calculation

Corporation's name  NIAGARA PENINSULA ENERGY INC.	Business number  87196 9127 RC0002	Tax year-end Year Month Day 2019-12-31
---	--	--

On: 2019-12-31

- If you are a Canadian-controlled private corporation (CCPC) or a deposit insurance corporation (DIC), use this schedule to determine the general rate income pool (GRIP).
- Credit unions are **not** required to complete this schedule.
- All legislative references are to the Income Tax Act and the Income Tax Regulations.
- When an eligible dividend was paid in the tax year or there was a change in the GRIP balance, file a completed copy of this schedule with your T2 Corporation Income Tax Return. Do not send your worksheets with your return, but keep them in your records in case we ask to see them later.
- Subsection 89(1) defines the terms **eligible dividend**, **excessive eligible dividend designation**, **general rate income pool**, and **low rate income pool**.

### Eligibility for the various additions

Answer the following questions to determine the corporation's eligibility for the various additions:

#### 2006 addition

1. Is this the corporation's first taxation year that includes January 1, 2006?  Yes  No
2. If not, what is the date of the taxation year end of the corporation's first year that includes January 1, 2006?  
 Enter the date and go directly to question 4 2006-12-31
3. During that first year, was the corporation a CCPC or would it have been a CCPC if not for the election of subsection 89(11) ITA?  Yes  No
- If the answer to question 3 is yes, complete Part "GRIP addition for 2006".**

#### Change in the type of corporation

4. Was the corporation a CCPC during its preceding taxation year?  Yes  No
5. Corporations that become a CCPC or a DIC  Yes  No
- If the answer to question 5 is yes, complete Part 4.**

#### Amalgamation (first year of filing after amalgamation)

6. Corporations that were formed as a result of an amalgamation  Yes  No  
**If the answer to question 6 is yes, answer questions 7 and 8. If the answer is no, go to question 9.**
7. Was one or more of the predecessor corporations neither a CCPC nor a DIC?  Yes  No  
**If the answer to question 7 is yes, complete Part 4.**
8. Was one or more of the predecessor corporation a CCPC or a DIC during the taxation year that ended immediately before amalgamation?  Yes  No  
**If the answer to question 8 is yes, complete Part 3.**

#### Winding-up

9. Has the corporation wound-up a subsidiary in the preceding taxation year?  Yes  No  
**If the answer to question 9 is yes, answer questions 10 and 11. If the answer is no, go to Part 1.**
10. Was the subsidiary neither a CCPC nor a DIC during its last taxation year?  Yes  No  
**If the answer to question 10 is yes, complete Part 4.**
11. Was the subsidiary a CCPC or a DIC during its last taxation year?  Yes  No  
**If the answer to question 11 is yes, complete Part 3.**

**Part 1 – General rate income pool (GRIP)**

Filed: August 31, 2020

1332 of 1407

GRIP at the end of the previous tax year	100	28,932,694
Taxable income for the year (DICs enter "0") *	110	
Amount on line 400, 405, 410, and 427 or 428** of the T2 return, whichever is the least *	130	
For a CCPC, the lesser of aggregate investment income (line 440 of the T2 return) and taxable income *	140	
Subtotal (line 130 plus line 140)		A
Income taxable at the general corporate rate (line 110 minus amount A) (if negative enter "0")	150	
After-tax income (line 150 multiplied by 0.72 (the general rate factor for the tax year))	190	
Eligible dividends received in the tax year	200	
Dividends deductible under section 113 received in the tax year	210	
Subtotal (line 200 plus line 210)		B
Becoming a CCPC (amount W5 in Part 4)	220	
Post-amalgamation (total of amounts E4 in Part 3 and amounts W5 in Part 4)	230	
Post-wind-up (total of amounts E4 in Part 3 and amounts W5 in Part 4)	240	
Subtotal (add lines 220, 230, and 240)	290	
Subtotal (add lines 100, 190, 290, and amount B)		28,932,694 C
Eligible dividends paid in the previous tax year	300	
Excessive eligible dividend designations made in the previous tax year (If becoming a CCPC (subsection 89(4) applies), enter "0" on lines 300 and 310.)	310	
Subtotal (line 300 minus line 310)		D
GRIP before adjustment for specified future tax consequences (amount C minus amount D) (amount can be negative)	490	28,932,694
Total GRIP adjustment for specified future tax consequences to previous tax years (amount L3 in Part 2)	560	
<b>GRIP at the end of the tax year</b> (line 490 minus line 560)	<b>590</b>	<b>28,932,694</b>

Enter this amount on line 160 of Schedule 55.

\* For lines 110, 130, and 140, the income amount is the amount before considering specified future tax consequences. This phrase is defined in subsection 248(1). It includes the deduction of a loss carryback from subsequent tax years, a reduction of Canadian exploration expenses and Canadian development expenses that were renounced in subsequent tax years (e.g., flow-through share renunciations), reversals of income inclusions where an option is exercised in subsequent tax years, and the effect of certain foreign tax credit adjustments.

\*\* If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years**

Filed: August 31, 2020

Complete this part if the corporation's taxable income of any of the previous three tax years took into account the specified future tax consequences defined in subsection 248(1) from the current tax year. Otherwise, enter "0" on line 560.

First previous tax year 2018-12-31

Taxable income before specified future tax consequences from the current tax year ..... A1

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... B1

Aggregate investment income (line 440 of the T2 return) ..... C1

Subtotal (amount B1 plus amount C1) ..... D1

Subtotal (amount A1 minus amount D1) (if negative, enter "0") ..... E1

**Future tax consequences that occur for the current year**  
Amount carried back from the current year to a prior year

Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F1

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... G1

Aggregate investment income (line 440 of the T2 return) ..... H1

Subtotal (amount G1 plus amount H1) ..... I1

Subtotal (amount F1 minus amount I1) (if negative, enter "0") ..... J1

Subtotal (amount E1 minus amount J1) (if negative, enter "0") ..... K1

**GRIP adjustment for specified future tax consequences to the first previous tax year**

(amount K1 multiplied by 0.72 ) ..... **500**

**Part 2 – GRIP adjustment for specified future tax consequences to previous tax years (continued)**

Third previous tax year 2016-12-31

Taxable income before specified future tax consequences from the current tax year ..... A3

**Enter the following amounts before specified future tax consequences from the current tax year:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... B3

Aggregate investment income (line 440 of the T2 return) ..... C3

Subtotal (amount B3 plus amount C3) ..... D3

Subtotal (amount A3 minus amount D3) (if negative, enter "0") ..... E3

Future tax consequences that occur for the current year					
Amount carried back from the current year to a prior year					
Non-capital loss carry-back (paragraph 111 (1)(a) ITA)	Capital loss carry-back	Restricted farm loss carry-back	Farm loss carry-back	Other	Total carrybacks

Taxable income after specified future tax consequences ..... F3

**Enter the following amounts after specified future tax consequences:**

Amount on line 400, 405, 410, and 427 or 428\*\* of the T2 return, whichever is the least ..... G3

Aggregate investment income (line 440 of the T2 return) ..... H3

Subtotal (amount G3 plus amount H3) ..... I3

Subtotal (amount F3 minus amount I3) (if negative, enter "0") ..... J3

Subtotal (amount E3 minus amount J3) (if negative, enter "0") ..... K3

**GRIP adjustment for specified future tax consequences to the third previous tax year**

(amount K3 multiplied by 0.72 ) ..... **540**

**Total GRIP adjustment for specified future tax consequences to previous tax years:**

(add lines 500, 520, and 540) (if negative, enter "0") ..... L3

Enter amount L3 on line 560 in part 1.

\*\* If your tax year starts before 2019, use line 427. If your tax year starts after 2018, use line 428.

**Part 3 – Worksheet to calculate the GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was a CCPC or a DIC in its last tax year)**

Filed: August 31, 2020  
1336 of 1407

**nb. 1** Post amalgamation . . .  Post wind-up . . . . .

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary corporation was a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last tax year. Keep a copy of this calculation for your records, in case we ask to see it later.

Corporation's GRIP at the end of its last tax year . . . . . \_\_\_\_\_ A4

Eligible dividends paid by the corporation in its last tax year . . . . . \_\_\_\_\_ B4

Excessive eligible dividend designations made by the corporation in its last tax year . . . . . \_\_\_\_\_ C4

Subtotal (amount B4 **minus** amount C4)                      ▶ \_\_\_\_\_ D4

**GRIP addition post-amalgamation or post-wind-up** (predecessor or subsidiary was a CCPC or a DIC in its last tax year)  
(amount A4 **minus** amount D4) . . . . .                      E4

After you complete this calculation for each predecessor and each subsidiary, calculate the total of all the E4 amounts. Enter this total amount on:

- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

**Part 4 – Worksheet to calculate the GRIP addition post-amalgamation, post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC**

**nb. 1** Corporation becoming a CCPC  Post amalgamation  Post wind-up

Complete this part when there has been an amalgamation (within the meaning assigned by subsection 87(1)) or a wind-up (to which subsection 88(1) applies) and the predecessor or subsidiary was not a CCPC or a DIC in its last tax year. The last tax year for a predecessor corporation was its tax year that ended immediately before the amalgamation and for a subsidiary corporation was its tax year during which its assets were distributed to the parent on the wind-up.

Calculate the GRIP addition of a successor corporation following an amalgamation at the end of its first tax year.

Calculate the GRIP addition of a parent corporation upon wind-up at the end of the tax year that ends immediately after the tax year in which the parent has received the assets of the subsidiary.

In the calculation below, **corporation** means a predecessor or a subsidiary. Complete a separate worksheet for **each** predecessor and **each** subsidiary that was a CCPC or a DIC in its last year. Keep a copy of this calculation for your records, in case we ask to see it later.

Cost amount to the corporation of all property immediately before the end of its previous/last tax year ..... A5

The corporation's money on hand immediately before the end of its previous/last tax year ..... B5

Total of subsection 111(1) losses that would have been deductible in calculating the corporation's taxable income for the previous/last tax year if the corporation had had unlimited income from each business carried on and each property held and had realized an unlimited amount of capital gains for the previous/last tax year:

Non-capital losses ..... C5

Net capital losses ..... D5

Farm losses ..... E5

Restricted farm losses ..... F5

Limited partnership losses ..... G5

Subtotal (add amounts C5 to G5) ..... H5

Total of all amounts deducted under subsection 111(1) in calculating the corporation's taxable income for the previous/last tax year:

Non-capital losses ..... I5

Net capital losses ..... J5

Farm losses ..... K5

Restricted farm losses ..... L5

Limited partnership losses ..... M5

Subtotal (add amounts I5 to M5) ..... N5

Unused and unexpired losses at the end of the corporation's previous/last tax year (amount H5 minus amount N5) ..... O5

Subtotal (add amounts A5, B5, and O5) ..... P5

All the corporation's debts and other obligations to pay that were outstanding immediately before the end of its previous/last tax year ..... Q5

Paid-up capital of all the corporation's issued and outstanding shares of capital stock immediately before the end of its previous/last tax year ..... R5

All the corporation's reserves deducted in its previous/last tax year ..... S5

The corporation's capital dividend account immediately before the end of its previous/last tax year ..... T5

The corporation's low rate income pool immediately before the end of its previous/last tax year ..... U5

Subtotal (add amounts Q5 to U5) ..... V5

**GRIP addition post-amalgamation or post-wind-up (predecessor or subsidiary was not a CCPC or a DIC in its last tax year), or the corporation is becoming a CCPC (amount P5 minus amount V5) (if negative, enter "0") ..... W5**

After you complete this worksheet for each predecessor and each subsidiary, calculate the total of all the W5 amounts. Enter this total amount on:

- line 220 for a corporation becoming a CCPC;
- line 230 for post-amalgamation; or
- line 240 for post-wind-up.

**Part III.1 Tax on Excessive Eligible Dividend Designations**

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

**Do not use this area**

- Every corporation resident in Canada that pays a taxable dividend (other than a capital gains dividend within the meaning assigned by subsection 130.1(4) or 131(1)) in the tax year must file this schedule.
- Canadian-controlled private corporations (CCPC) and deposit insurance corporations (DIC) must complete Part 1 of this schedule. All other corporations must complete Part 2.
- Every corporation that has paid an eligible dividend must also file Schedule 53, *General Rate Income Pool (GRIP) Calculation*, or Schedule 54, *Low Rate Income Pool (LRIP) Calculation*, whichever is applicable.
- File the completed schedules with your *T2 Corporation Income Tax Return* no later than six months from the end of the tax year.
- All legislative references are to the *Income Tax Act* and the *Income Tax Regulations*.
- Subsection 89(1) defines the terms eligible dividend, excessive eligible dividend designation, general rate income pool (GRIP), and low rate income pool (LRIP).
- The calculations in Part 1 and Part 2 do not apply if the excessive eligible dividend designation arises from the application of paragraph (c) of the definition of excessive eligible dividend designation in subsection 89(1). This paragraph applies when an eligible dividend is paid to artificially maintain or increase the GRIP or to artificially maintain or decrease the LRIP.

**Part 1 – Canadian-controlled private corporations and deposit insurance corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3	_____	
Taxable dividends paid in the tax year <b>included</b> in Schedule 3	_____	1,400,000
Total taxable dividends paid in the tax year	<b>100</b>	<u>1,400,000</u>
Total eligible dividends paid in the tax year	_____	<b>150</b> _____ A
GRIP at the end of the tax year (line 590 on Schedule 53) (if negative, enter "0")	_____	<b>160</b> _____ 28,932,694 B
Excessive eligible dividend designation (line 150 <b>minus</b> line 160)	_____	_____ C
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *	_____	<b>180</b> _____ D
	Subtotal (amount C <b>minus</b> amount D)	_____ E
<b>Part III.1 tax on excessive eligible dividend designations – CCPC or DIC</b> (amount E <b>multiplied by</b> 20 %)	_____	<b>190</b> _____ F

Enter the amount from line 190 on line 710 of the T2 return.

**Part 2 – Other corporations**

Taxable dividends paid in the tax year <b>not included</b> in Schedule 3	_____	
Taxable dividends paid in the tax year <b>included</b> in Schedule 3	_____	
Total taxable dividends paid in the tax year	<b>200</b>	_____
Total excessive eligible dividend designations in the tax year (amount from line A of Schedule 54)	_____	_____ G
<b>Deduct:</b>		
Excessive eligible dividend designations elected under subsection 185.1(2) to be treated as ordinary dividends *	_____	<b>280</b> _____ H
	Subtotal (amount G <b>minus</b> amount H)	_____ I
<b>Part III.1 tax on excessive eligible dividend designations – Other corporations</b> (amount I <b>multiplied by</b> 20 %)	_____	<b>290</b> _____ J

Enter the amount from line 290 on line 710 of the T2 return.

\* You can elect to treat all or part of your excessive eligible dividend designation as a separate taxable dividend in order to eliminate or reduce the Part III.1 tax otherwise payable. You must file the election on or before the day that is 90 days **after** the day the notice of assessment for Part III.1 tax was sent. We will accept an election before the assessment of the tax. For more information on how to make this election, go to [www.cra.gc.ca/eligibledividends](http://www.cra.gc.ca/eligibledividends).

## Ontario Corporate Minimum Tax

Corporation's name	Business number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2019-12-31

- File this schedule if the corporation is subject to Ontario corporate minimum tax (CMT). CMT is levied under section 55 of the *Taxation Act, 2007* (Ontario), referred to as the "Ontario Act".
- Complete Part 1 to determine if the corporation is subject to CMT for the tax year.
- A corporation not subject to CMT in the tax year is still required to file this schedule if it is deducting a CMT credit, has a CMT credit carryforward, or has a CMT loss carryforward or a current year CMT loss.
- A corporation that has Ontario special additional tax on life insurance corporations (SAT) payable in the tax year must complete Part 4 of this schedule even if it is not subject to CMT for the tax year.
- A corporation is exempt from CMT if, throughout the tax year, it was one of the following:
  - 1) a corporation exempt from income tax under section 149 of the federal *Income Tax Act*;
  - 2) a mortgage investment corporation under subsection 130.1(6) of the federal Act;
  - 3) a deposit insurance corporation under subsection 137.1(5) of the federal Act;
  - 4) a congregation or business agency to which section 143 of the federal Act applies;
  - 5) an investment corporation as referred to in subsection 130(3) of the federal Act; or
  - 6) a mutual fund corporation under subsection 131(8) of the federal Act.
- File this schedule with the *T2 Corporation Income Tax Return*.

### Part 1 – Determination of CMT applicability

Total assets of the corporation at the end of the tax year *	<b>112</b>	254,037,560
Share of total assets from partnership(s) and joint venture(s) *	<b>114</b>	
Total assets of associated corporations (amount from line 450 on Schedule 511)	<b>116</b>	77,166,550
Total assets (total of lines 112 to 116)		331,204,110
Total revenue of the corporation for the tax year **	<b>142</b>	177,096,385
Share of total revenue from partnership(s) and joint venture(s) **	<b>144</b>	
Total revenue of associated corporations (amount from line 550 on Schedule 511)	<b>146</b>	108,557,243
Total revenue (total of lines 142 to 146)		285,653,628

The corporation is subject to CMT if:

- for tax years ending before July 1, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are more than \$5,000,000, or the total revenue for the year of the corporation or the associated group of corporations is more than \$10,000,000.
- for tax years ending after June 30, 2010, the total assets at the end of the year of the corporation or the associated group of corporations are equal to or more than \$50,000,000, and the total revenue for the year of the corporation or the associated group of corporations is equal to or more than \$100,000,000.

If the corporation is not subject to CMT, do not complete the remaining parts unless the corporation is deducting a CMT credit, or has a CMT credit carryforward, a CMT loss carryforward, a current year CMT loss, or SAT payable in the year.

#### \* Rules for total assets

- Report total assets according to generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Do not include unrealized gains and losses on assets and foreign currency gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.
- The amount on line 114 is determined at the end of the last fiscal period of the partnership or joint venture that ends in the tax year of the corporation. Add the proportionate share of the assets of the partnership(s) and joint venture(s), and deduct the recorded asset(s) for the investment in partnerships and joint ventures.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

#### \*\* Rules for total revenue

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the tax year is less than 51 weeks, **multiply** the total revenue of the corporation or the partnership, whichever applies, by 365 and **divide** by the number of days in the tax year.
- The amount on line 144 is determined for the partnership or joint venture fiscal period that ends in the tax year of the corporation. If the partnership or joint venture has 2 or more fiscal periods ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.
- A corporation's share in a partnership or joint venture is determined under paragraph 54(5)(b) of the Ontario Act and, if the partnership or joint venture had no income or loss, is calculated as if the partnership's or joint venture's income were \$1 million. For a corporation with an indirect interest in a partnership or joint venture, determine the corporation's share according to paragraph 54(5)(c) of the Ontario Act.

Filed: August 31, 2020

**Part 2 – Adjusted net income/loss for CMT purposes**

Net income/loss per financial statements *		<b>210</b>	1340 of 1401,324,219
<b>Add</b> (to the extent reflected in income/loss):			
Provision for current income taxes/cost of current income taxes	220		940,956
Provision for deferred income taxes (debits)/cost of future income taxes	222		
Equity losses from corporations	224		
Financial statement loss from partnerships and joint ventures	226		
Dividends deducted on financial statements (subsection 57(2) of the Ontario Act), excluding dividends paid by credit unions under subsection 137(4.1) of the federal Act	230		
<b>Other additions</b> (see note below):			
Share of adjusted net income of partnerships and joint ventures **	228		
Total patronage dividends received, not already included in net income/loss	232		
<b>281</b>	<b>282</b>		
<b>283</b>	<b>284</b>		
	Subtotal	<b>940,956</b>	<b>940,956</b> A

<b>Deduct</b> (to the extent reflected in income/loss):			
Provision for recovery of current income taxes/benefit of current income taxes	320		
Provision for deferred income taxes (credits)/benefit of future income taxes	322		
Equity income from corporations	324		
Financial statement income from partnerships and joint ventures	326		
Dividends deductible under section 112, section 113, or subsection 138(6) of the federal Act	330		
Dividends not taxable under section 83 of the federal Act (from Schedule 3)	332		
Gain on donation of listed security or ecological gift	340		
Accounting gain on transfer of property to a corporation under section 85 or 85.1 of the federal Act ***	342		
Accounting gain on transfer of property to/from a partnership under section 85 or 97 of the federal Act ****	344		
Accounting gain on disposition of property under subsection 13(4), subsection 14(6), or section 44 of the federal Act *****	346		
Accounting gain on a windup under subsection 88(1) of the federal Act or an amalgamation under section 87 of the federal Act	348		
<b>Other deductions</b> (see note below):			
Share of adjusted net loss of partnerships and joint ventures **	328		
Tax payable on dividends under subsection 191.1(1) of the federal Act multiplied by 3	334		
Interest deducted/deductible under paragraph 20(1)(c) or (d) of the federal Act, not already included in net income/loss	336		
Patronage dividends paid (from Schedule 16) not already included in net income/loss	338		
<b>381</b>	<b>382</b>		
<b>383</b>	<b>384</b>		
<b>385</b>	<b>386</b>		
<b>387</b>	<b>388</b>		
<b>389</b>	<b>390</b>		
	Subtotal		<b>B</b>

Adjusted net income/loss for CMT purposes (line 210 plus amount A minus amount B) **490** 2,265,175

If the amount on line 490 is positive and the corporation is subject to CMT as determined in Part 1, enter the amount on line 515 in Part 3.

If the amount on line 490 is negative, enter the amount on line 760 in Part 7 (enter as a positive amount).

**Note**

In accordance with *Ontario Regulation 37/09*, when calculating net income for CMT purposes, accounting income should be adjusted to:

- exclude unrealized gains and losses due to mark-to-market changes or foreign currency changes on specified mark-to-market property (assets only);
- include realized gains and losses on the disposition of specified mark-to-market property not already included in the accounting income, if the property is not a capital property or is a capital property disposed in the year or in a previous tax year ended after March 22, 2007.

"Specified mark-to-market property" is defined in subsection 54(1) of the Ontario Act.

These rules also apply to partnerships. A corporate partner's share of a partnership's adjusted income flows through on a proportionate basis to the corporate partner.

**\* Rules for net income/loss**

- Banks must report net income/loss as per the report accepted by the Superintendent of Financial Institutions under the federal *Bank Act*, adjusted so consolidation and equity methods are not used.

**Part 2 – Calculation of adjusted net income/loss for CMT purposes (continued)**

Filed: August 31, 2020  
 1341 of 1407

- Life insurance corporations must report net income/loss as per the report accepted by the federal Superintendent of Financial Institutions or equivalent provincial insurance regulator, before SAT and adjusted so consolidation and equity methods are not used. If the life insurance corporation is resident in Canada and carries on business in and outside of Canada, **multiply** the net income/loss by the ratio of the Canadian reserve liabilities **divided** by the total reserve liability. The reserve liabilities are calculated in accordance with Regulation 2405(3) of the federal Act.
- Other corporations must report net income/loss in accordance with generally accepted accounting principles, except that consolidation and equity methods must not be used. When the equity method has been used for accounting purposes, equity losses and equity income are removed from book income/loss on lines 224 and 324 respectively.
- Corporations, other than insurance corporations, should report net income from line 9999 of the GIF1 (Schedule 125) on line 210.
- \*\* The share of the adjusted net income of a partnership or joint venture is calculated as if the partnership or joint venture were a corporation and the tax year of the partnership or joint venture were its fiscal period. For a corporation with an indirect interest in a partnership through one or more partnerships, determine the corporation's share according to clause 54(5)(c) of the Ontario Act.
- \*\*\* A joint election will be considered made under subsection 60(1) of the Ontario Act if there is an entry on line 342, and an election has been made for transfer of property to a corporation under subsection 85(1) of the federal Act.
- \*\*\*\* A joint election will be considered made under subsection 60(2) of the Ontario Act if there is an entry on line 344, and an election has been made under subsection 85(2) or 97(2) of the federal Act.
- \*\*\*\*\* A joint election will be considered made under subsection 61(1) of the Ontario Act if there is an entry on line 346, and an election has been made under subsection 13(4) or 14(6) and/or section 44 of the federal Act.

For more information on how to complete this part, see the *T2 Corporation – Income Tax Guide*.

**Part 3 – CMT payable**

Adjusted net income for CMT purposes (line 490 in Part 2, if positive)	<b>515</b>		2,265,175	
<b>Deduct:</b>				
CMT loss available (amount R from Part 7)				
<b>Minus:</b> Adjustment for an acquisition of control *	<b>518</b>			
Adjusted CMT loss available				C
Net income subject to CMT calculation (if negative, enter "0")	<b>520</b>		2,265,175	
Amount from line 520	2,265,175	×	Number of days in the tax year before July 1, 2010	×
			365	×
			Number of days in the tax year	4 % =
				1
Amount from line 520	2,265,175	×	Number of days in the tax year after June 30, 2010	×
			365	×
			Number of days in the tax year	2.7 % =
				61,160
				2
Subtotal (amount 1 plus amount 2)			61,160	3
Gross CMT: amount on line 3 above x OAF **			61,160	<b>540</b>
<b>Deduct:</b>				
Foreign tax credit for CMT purposes ***				<b>550</b>
CMT after foreign tax credit deduction (line 540 minus line 550) (if negative, enter "0")			61,160	D
<b>Deduct:</b>				
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)				
Net CMT payable (if negative, enter "0")			61,160	E

Enter amount E on line 278 of Schedule 5, *Tax Calculation Supplementary – Corporations*, and complete Part 4.

\* Enter the portion of CMT loss available that exceeds the adjusted net income for the tax year from carrying on a business before the acquisition of control. See subsection 58(3) of the Ontario Act.

\*\*\* Enter "0" on line 550 for life insurance corporations as they are not eligible for this deduction. For all other corporations, enter the cumulative total of amount J for the province of Ontario from Part 9 of Schedule 21 on line 550.

**\*\* Calculation of the Ontario allocation factor (OAF):**

If the provincial or territorial jurisdiction entered on line 750 of the T2 return is "Ontario," enter "1" on line F.

If the provincial or territorial jurisdiction entered on line 750 of the T2 return is "multiple," complete the following calculation, and enter the result on line F:

$$\frac{\text{Ontario taxable income ****}}{\text{Taxable income *****}} = \underline{\hspace{2cm}}$$

**Ontario allocation factor** ..... 1.00000 F

\*\*\*\* Enter the amount allocated to Ontario from column F in Part 1 of Schedule 5. If the taxable income is nil, calculate the amount in column F as if the taxable income were \$1,000.

\*\*\*\*\* Enter the taxable income amount from line 360 or amount Z of the T2 return, whichever applies. If the taxable income is nil, enter "1,000".

**Part 4 – Calculation of CMT credit carryforward**

CMT credit carryforward at the end of the previous tax year *	283,619	G	
<b>Deduct:</b>			
CMT credit expired *	600		
CMT credit carryforward at the beginning of the current tax year * (see note below)	283,619	▶ 620	283,619
<b>Add:</b>			
CMT credit carryforward balances transferred on an amalgamation or the windup of a subsidiary (see note below)		650	
CMT credit available for the tax year (amount on line 620 plus amount on line 650)			283,619 H
<b>Deduct:</b>			
CMT credit deducted in the current tax year (amount P from Part 5)			I
		Subtotal (amount H minus amount I)	283,619 J
<b>Add:</b>			
Net CMT payable (amount E from Part 3)	61,160		
SAT payable (amount O from Part 6 of Schedule 512)			
		Subtotal	61,160 ▶ K
CMT credit carryforward at the end of the tax year (amount J plus amount K)		670	344,779 L

\* For the first harmonized T2 return filed with a tax year that includes days in 2009:  
 – do not enter an amount on line G or line 600;  
 – for line 620, enter the amount from line 2336 of Ontario CT23 Schedule 101, *Corporate Minimum Tax (CMT)*, for the last tax year that ended in 2008.  
 For other tax years, enter on line G the amount from line 670 of Schedule 510 from the previous tax year.

**Note:** If you entered an amount on line 620 or line 650, complete Part 6.

**Part 5 – Calculation of CMT credit deducted from Ontario corporate income tax payable**

CMT credit available for the tax year (amount H from Part 4)			283,619 M
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)			1
For a corporation that is not a life insurance corporation:			
CMT after foreign tax credit deduction (amount D from Part 3)	61,160	2	
For a life insurance corporation:			
Gross CMT (line 540 from Part 3)			3
Gross SAT (line 460 from Part 6 of Schedule 512)			4
The <b>greater</b> of amounts 3 and 4			5
		<b>Deduct:</b> line 2 or line 5, whichever applies:	61,160 6
		Subtotal (if negative, enter "0")	▶ N
Ontario corporate income tax payable before CMT credit (amount F6 from Schedule 5)			
<b>Deduct:</b>			
Total refundable tax credits excluding Ontario qualifying environmental trust tax credit (amount J6 minus line 450 from Schedule 5)	2,932		
		Subtotal (if negative, enter "0")	▶ O
CMT credit deducted in the current tax year (least of amounts M, N, and O)			P

Enter amount P on line 418 of Schedule 5 and on line I in Part 4 of this schedule.

Is the corporation claiming a CMT credit earned before an acquisition of control? 675 1 Yes  2 No

If you answered **yes** to the question at line 675, the CMT credit deducted in the current tax year may be restricted. For information on how the deduction may be restricted, see subsections 53(6) and (7) of the Ontario Act.

**Part 6 – Analysis of CMT credit available for carryforward by year of origin**

Complete this part if:

- the tax year includes January 1, 2009; or
- the previous tax year-end is deemed to be December 31, 2008, under subsection 249(3) of the federal Act.

Year of origin	CMT credit balance *
10th previous tax year	680
9th previous tax year	681
8th previous tax year	682
7th previous tax year	683
6th previous tax year	684
5th previous tax year	685
4th previous tax year	686
3rd previous tax year	687
2nd previous tax year	688
1st previous tax year	689
Total **	

\* CMT credit that was earned (by the corporation, predecessors of the corporation, and subsidiaries wound up into the corporation) in each of the previous 10 tax years and has not been deducted.

\*\* Must equal the total of the amounts entered on lines 620 and 650 in Part 4.

**Part 7 – Calculation of CMT loss carryforward**

CMT loss carryforward at the end of the previous tax year \* ..... Q

**Deduct:**

CMT loss expired \* ..... 700

CMT loss carryforward at the beginning of the tax year \* (see note below) ..... 720

**Add:**

CMT loss transferred on an amalgamation under section 87 of the federal Act \*\* (see note below) ..... 750

CMT loss available (line 720 plus line 750) ..... R

**Deduct:**

CMT loss deducted against adjusted net income for the tax year (lesser of line 490 (if positive) and line C in Part 3) .....  
 Subtotal (if negative, enter "0") ..... S

**Add:**

Adjusted net loss for CMT purposes (amount from line 490 in Part 2, if **negative**) (enter as a positive amount) ..... 760

CMT loss carryforward balance at the end of the tax year (amount S plus line 760) ..... 770 T

- \* For the first harmonized T2 return filed with a tax year that includes days in 2009:
  - do not enter an amount on line Q or line 700;
  - for line 720, enter the amount from line 2214 of Ontario CT23 Schedule 101, *Corporate Minimum Tax (CMT)*, for the last tax year that ended in 2008.

For other tax years, enter on line Q the amount from line 770 of Schedule 510 from the previous tax year.

\*\* Do not include an amount from a predecessor corporation if it was controlled at any time before the amalgamation by any of the other predecessor corporations.

**Note:** If you entered an amount on line 720 or line 750, complete Part 8.

**Part 8 – Analysis of CMT loss available for carryforward by year of origin**

Complete this part if:

- the tax year includes January 1, 2009; or
- the previous tax year-end is deemed to be December 31, 2008, under subsection 249(3) of the federal Act.

Year of origin	Balance earned in a tax year ending before March 23, 2007 *	Balance earned in a tax year ending after March 22, 2007 **
10th previous tax year	<b>810</b>	<b>820</b>
9th previous tax year	<b>811</b>	<b>821</b>
8th previous tax year	<b>812</b>	<b>822</b>
7th previous tax year	<b>813</b>	<b>823</b>
6th previous tax year	<b>814</b>	<b>824</b>
5th previous tax year	<b>815</b>	<b>825</b>
4th previous tax year	<b>816</b>	<b>826</b>
3rd previous tax year	<b>817</b>	<b>827</b>
2nd previous tax year	<b>818</b>	<b>828</b>
1st previous tax year		<b>829</b>
Total ***		

\* Adjusted net loss for CMT purposes that was earned (by the corporation, by subsidiaries wound up into or amalgamated with the corporation before March 22, 2007, and by other predecessors of the corporation) in each of the previous 10 tax years that ended before March 23, 2007, and has not been deducted.

\*\* Adjusted net loss for CMT purposes that was earned (by the corporation and its predecessors, but not by a subsidiary predecessor) in each of the previous 20 tax years that ended after March 22, 2007, and has not been deducted.

\*\*\* The total of these two columns must equal the total of the amounts entered on lines 720 and 750.

**ONTARIO CORPORATE MINIMUM TAX – TOTAL ASSETS  
AND REVENUE FOR ASSOCIATED CORPORATIONS**

Name of corporation	Business Number	Tax year-end Year Month Day
NIAGARA PENINSULA ENERGY INC.	87196 9127 RC0002	2019-12-31

- For use by corporations to report the total assets and total revenue of all the Canadian or foreign corporations with which the filing corporation was associated at any time during the tax year. These amounts are required to determine if the filing corporation is subject to corporate minimum tax.
- Total assets and total revenue include the associated corporation's share of any partnership(s)/joint venture(s) total assets and total revenue.
- Attach additional schedules if more space is required.
- File this schedule with the *T2 Corporation Income Tax Return*.

	Names of associated corporations	Business number (Canadian corporation only) (see Note 1)	Total assets* (see Note 2)	Total revenue** (see Note 2)
	<b>200</b>	<b>300</b>	<b>400</b>	<b>500</b>
1	NIAGARA FALLS HYDRO SERVICES INC.	87146 8120 RC0001	218,873	5,008
2	NIAGARA FALLS HYDRO HOLDING CORPORATION	86750 8830 RC0001	0	0
3	City of Niagara Falls	NR	50,000,000	100,000,000
4	Niagara Regional Broadband Network Limited	87177 4105 RC0001	26,947,677	8,552,235
		<b>450</b>		<b>550</b>
		<b>Total</b>	77,166,550	108,557,243

Enter the total assets from line 450 on line 116 in Part 1 of Schedule 510, *Ontario Corporate Minimum Tax*.

Enter the total revenue from line 550 on line 146 in Part 1 of Schedule 510.

Note 1: Enter "NR" if a corporation is not registered.

Note 2: If the associated corporation does not have a tax year that ends in the filing corporation's current tax year but was associated with the filing corporation in the previous tax year of the filing corporation, enter the total revenue and total assets from the tax year of the associated corporation that ends in the previous tax year of the filing corporation.

**\* Rules for total assets**

- Report total assets in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- Include the associated corporation's share of the total assets of partnership(s) and joint venture(s) but exclude the recorded asset(s) for the investment in partnerships and joint ventures.
- Exclude unrealized gains and losses on assets that are included in net income for accounting purposes but not in income for corporate income tax purposes.

**\*\* Rules for total revenue**

- Report total revenue in accordance with generally accepted accounting principles, adjusted so that consolidation and equity methods are not used.
- If the associated corporation has 2 or more tax years ending in the filing corporation's tax year, **multiply** the sum of the total revenue for each of those tax years by 365 and **divide** by the total number of days in all of those tax years.
- If the associated corporation's tax year is less than 51 weeks and is the only tax year of the associated corporation that ends in the filing corporation's tax year, **multiply** the associated corporation's total revenue by 365 and **divide** by the number of days in the associated corporation's tax year.
- Include the associated corporation's share of the total revenue of partnerships and joint ventures.
- If the partnership or joint venture has 2 or more fiscal periods ending in the associated corporation's tax year, **multiply** the sum of the total revenue for each of the fiscal periods by 365 and **divide** by the total number of days in all the fiscal periods.

**CORPORATIONS INFORMATION ACT ANNUAL RETURN FOR ONTARIO CORPORATIONS**

Name of corporation <b>NIAGARA PENINSULA ENERGY INC.</b>	Business Number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
---	---	---

- This schedule should be completed by a corporation that is incorporated, continued, or amalgamated in Ontario and subject to the Ontario *Business Corporations Act* (BCA) or Ontario *Corporations Act* (CA), except for registered charities under the federal *Income Tax Act*. This completed schedule serves as a *Corporations Information Act* Annual Return under the *Ontario Corporations Information Act*.
- Complete parts 1 to 4. Complete parts 5 to 7 only to report change(s) in the information recorded on the Ontario Ministry of Government Services (MGS) public record.
- This schedule must set out the required information for the corporation as of the date of delivery of this schedule.
- A completed Ontario *Corporations Information Act* Annual Return must be delivered within six months after the end of the corporation's tax year-end. The MGS considers this return to be delivered on the date that it is filed with the Canada Revenue Agency (CRA) together with the corporation's income tax return.
- It is the corporation's responsibility to ensure that the information shown on the MGS public record is accurate and up-to-date. To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. Visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca) for more information.
- This schedule contains non-tax information collected under the authority of the Ontario *Corporations Information Act*. This information will be sent to the MGS for the purposes of recording the information on the public record maintained by the MGS.

**Part 1 – Identification**

<b>100</b> Corporation's name (exactly as shown on the MGS public record) <b>NIAGARA PENINSULA ENERGY INC.</b>			
Jurisdiction incorporated, continued, or amalgamated, whichever is the most recent <b>Ontario</b>	<b>110</b> Date of incorporation or amalgamation, whichever is the most recent Year Month Day <b>2008-01-01</b>	<b>120</b> Ontario Corporation No. <b>1746865</b>	

**Part 2 – Head or registered office address (P.O. box not acceptable as stand-alone address)**

<b>200</b> Care of (if applicable) <b>SUZANNE WILSON</b>			
<b>210</b> Street number <b>7447</b>	<b>220</b> Street name/Rural route/Lot and Concession number <b>PIN OAK DRIVE</b>	<b>230</b> Suite number	
<b>240</b> Additional address information if applicable (line 220 must be completed first) <b>PO BOX 120</b>			
<b>250</b> Municipality (e.g., city, town) <b>NIAGARA FALLS</b>	<b>260</b> Province/state <b>ON</b>	<b>270</b> Country <b>CA</b>	<b>280</b> Postal/zip code <b>L2E 6S9</b>

**Part 3 – Change identifier**

Have there been any changes in any of the information most recently filed for the public record maintained by the MGS for the corporation with respect to names, addresses for service, and the date elected/appointed and, if applicable, the date the election/appointment ceased of the directors and five most senior officers, or with respect to the corporation's mailing address or language of preference? To review the information shown for the corporation on the public record maintained by the MGS, obtain a Corporation Profile Report. For more information, visit [www.ServiceOntario.ca](http://www.ServiceOntario.ca).

- 300**  **1** If there have been no changes, enter **1** in this box and then go to "Part 4 – Certification."  
 **2** If there are changes, enter **2** in this box and complete the applicable parts on the next page, and then go to "Part 4 – Certification."

**Part 4 – Certification**

I certify that all information given in this *Corporations Information Act* Annual Return is true, correct, and complete.

<b>450</b> <u>WILSON</u>	<b>451</b> <u>SUZANNE</u>
Last name	First name
<b>454</b> _____ , Middle name(s)	

- 460**  **2** Please enter one of the following numbers in this box for the above-named person: **1** for director, **2** for officer, or **3** for other individual having knowledge of the affairs of the corporation. If you are a director and officer, enter **1** or **2**.

Note: Sections 13 and 14 of the Ontario *Corporations Information Act* provide penalties for making false or misleading statements or omissions.

Complete the applicable parts to report changes in the information recorded on the MGS public record.

**Part 5 – Mailing address**

<b>500</b>	<input type="checkbox"/>	Please enter one of the following numbers in this box:			
		1 - Show no mailing address on the MGS public record.			
		2 - The corporation's mailing address is the same as the head or registered office address in Part 2 of this schedule.			
		3 - The corporation's complete mailing address is as follows:			
<b>510</b>	Care of (if applicable)				
<b>520</b>	Street number	<b>530</b>	Street name/Rural route/Lot and Concession number	<b>540</b>	Suite number
<b>550</b>	Additional address information if applicable (line 530 must be completed first)				
<b>560</b>	Municipality (e.g., city, town)	<b>570</b>	Province/state	<b>580</b>	Country
				<b>590</b>	Postal/zip code

**Part 6 – Language of preference**

<b>600</b>	<input type="checkbox"/>	Indicate your language of preference by entering <b>1</b> for English or <b>2</b> for French. This is the language of preference recorded on the MGS public record for communications with the corporation. It may be different from line 990 on the T2 return.
------------	--------------------------	---

## Ontario Apprenticeship Training Tax Credit

Corporation's name <b>NIAGARA PENINSULA ENERGY INC.</b>	Business number <b>87196 9127 RC0002</b>	Tax year-end Year Month Day <b>2019-12-31</b>
--	---	---

- Use this schedule to claim an Ontario apprenticeship training tax credit (ATTC) under section 89 of the *Taxation Act, 2007* (Ontario).
- The ATTC is a refundable tax credit that is equal to a specified percentage (25% to 45%) of the eligible expenditures incurred by a corporation for a qualifying apprenticeship. For eligible expenditures incurred after March 26, 2009 for an apprenticeship program that began before April 24, 2015, the maximum credit for each qualifying apprenticeship is \$10,000 per year to a maximum credit of \$40,000 over the first 48-month period of the qualifying apprenticeship. For an apprenticeship program that began after April 23, 2015, the maximum credit for each qualifying apprenticeship is \$5,000 per year to a maximum credit of \$15,000 over the first 36-month period of the qualifying apprenticeship.
- Eligible expenditures are salaries and wages (including taxable benefits) paid to an apprentice in a qualifying apprenticeship or fees paid to an employment agency for the provision of services performed by the apprentice in a qualifying apprenticeship. These expenditures must be:
  - paid on account of employment or services, as applicable, at a permanent establishment of the corporation in Ontario;
  - for services provided by the apprentice during the first 48 months of the apprenticeship program, if an apprenticeship program began before April 24, 2015; and
  - for services provided by the apprentice during the first 36 months of the apprenticeship program, if an apprenticeship program began after April 23, 2015.
- An expenditure is not eligible for an ATTC if:
  - the same expenditure was used, or will be used, to claim a co-operative education tax credit; or
  - it is more than an amount that would be paid to an arm's length apprentice.
- An apprenticeship must meet the following conditions to be a qualifying apprenticeship:
  - the apprenticeship is in a qualifying skilled trade approved by the Ministry of Training, Colleges and Universities (Ontario) or a person designated by him or her; and
  - the corporation and the apprentice must be participating in an apprenticeship program in which the training agreement has been registered under the *Ontario College of Trades and Apprenticeship Act, 2009*, or the *Apprenticeship and Certification Act, 1998*, or in which the contract of apprenticeship has been registered under the *Trades Qualification and Apprenticeship Act*.
- Do not submit the training agreement or contract of apprenticeship with your *T2 Corporation Income Tax Return*. Keep a copy of the training agreement or contract of apprenticeship to support your claim.
- File this schedule with your *T2 Corporation Income Tax Return*.

### Part 1 – Corporate information

<b>110</b> Name of person to contact for more information <b>SUZANNE WILSON</b>	<b>120</b> Telephone number <b>(905) 356-2681</b>
Is the claim filed for an ATTC earned through a partnership? *	<b>150</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>
If you answered <b>yes</b> to the question at line 150, what is the name of the partnership?	<b>160</b> _____
Enter the percentage of the partnership's ATTC allocated to the corporation	<b>170</b> _____ %

\* When a corporate member of a partnership is claiming an amount for eligible expenditures incurred by a partnership, complete a Schedule 552 for the partnership as if the partnership were a corporation. Each corporate partner, other than a limited partner, should file a separate Schedule 552 to claim the partner's share of the partnership's ATTC. The total of the partners' allocated amounts can never exceed the amount of the partnership's ATTC.

### Part 2 – Eligibility

1. Did the corporation have a permanent establishment in Ontario in the tax year?	<b>200</b> 1 Yes <input checked="" type="checkbox"/> 2 No <input type="checkbox"/>
2. Was the corporation exempt from tax under Part III of the <i>Taxation Act, 2007</i> (Ontario)?	<b>210</b> 1 Yes <input type="checkbox"/> 2 No <input checked="" type="checkbox"/>

If you answered **no** to question 1 or **yes** to question 2, then you are **not eligible** for the ATTC.

**Part 3 – Specified percentage**

Corporation's salaries and wages paid in the previous tax year \* ..... **300** 508,923

**For eligible expenditures incurred after March 26, 2009 for an apprenticeship program that began before April 24, 2015:**

- If line 300 is \$400,000 or less, enter 45% on line 312.
- If line 300 is \$600,000 or more, enter 35% on line 312.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 312 using the following formula:

$$\text{Specified percentage} = 45\% - \left[ 10\% \times \left( \frac{\text{amount on line 300} - 400,000}{200,000} \right) \right]$$

**Specified percentage** ..... **312** 39.554 %

**For eligible expenditures incurred for an apprenticeship program that began after April 23, 2015:**

- If line 300 is \$400,000 or less, enter 30% on line 314.
- If line 300 is \$600,000 or more, enter 25% on line 314.
- If line 300 is more than \$400,000 and less than \$600,000, enter the percentage on line 314 using the following formula:

$$\text{Specified percentage} = 30\% - \left[ 5\% \times \left( \frac{\text{amount on line 300} - 400,000}{200,000} \right) \right]$$

**Specified percentage** ..... **314** 27.277 %

\* If this is the first tax year of an amalgamated corporation and subsection 89(6) of the *Taxation Act, 2007* (Ontario) applies, enter salaries and wages paid in the previous tax year by the predecessor corporations.

**Part 4 – Ontario apprenticeship training tax credit**

Complete a **separate entry** for each apprentice for each qualifying apprenticeship with the corporation. When claiming an ATTC for repayment of government assistance, complete a **separate entry** for each repayment, and complete columns A to G and M and N with the details for the employment period in the previous tax year in which the government assistance was received.

A Trade code	B Apprenticeship program/trade name	C Name of apprentice			
<b>400</b>	<b>405</b>	<b>410</b>			
1. 434a	Powerline Technician	[REDACTED]			
2. 434a	Powerline Technician	[REDACTED]			
D Original contract or training agreement number		E Original registration date of apprenticeship contract or training agreement (YYYYMMDD) (see note 1)	F Start date of employment as an apprentice in the tax year (YYYYMMDD) (see note 2)	G End date of employment as an apprentice in the tax year (YYYYMMDD) (see note 3)	
<b>420</b>		<b>425</b>	<b>430</b>	<b>435</b>	
1.	111111111111	2017-09-01	2019-09-16	2019-12-31	
2.	111111111111	2017-09-01	2019-09-16	2019-12-31	

Note 1: Enter the original registration date of the apprenticeship contract or training agreement in all cases, even when multiple employers employed the apprentice.

Note 2: When there are multiple employment periods as an apprentice in the tax year with the corporation, enter the date that is the first day of employment as an apprentice in the tax year with the corporation. When claiming an ATTC for repayment of government assistance, enter the start date of employment as an apprentice for the tax year in which the government assistance was received.

Note 3: When there are multiple employment periods as an apprentice in the tax year with the corporation, enter the date that is the last day of employment as an apprentice in the tax year with the corporation. When claiming an ATTC for repayment of government assistance, enter the end date of employment as an apprentice for the tax year in which the government assistance was received.

**Part 4 – Ontario apprenticeship training tax credit (continued)**

Filed: August 31, 2020  
 1350 of 1407

	<b>H1</b> Number of days in the tax year employed as an apprentice in a qualifying apprenticeship program that began before April 24, 2015 (see note 1)  <b>442</b>	<b>H2</b> Number of days in the tax year employed as an apprentice in a qualifying apprenticeship program that began after April 23, 2015 (see note 1)  <b>443</b>	<b>I</b> Maximum credit amount for the tax year (see note 2)  <b>445</b>
1.		107	1,466
2.		107	1,466

Note 1: When there are multiple employment periods as an apprentice in the tax year with the corporation, do not include days in which the individual was not employed as an apprentice.

For H1: The days employed as an apprentice must be within 48 months of the registration date provided in column E.

For H2: The days employed as an apprentice must be within 36 months of the registration date provided in column E.

Note 2: Maximum credit = (\$10,000 × H1/365\*) or (\$5,000 × H2/365\*), whichever applies.

\* 366 days, if the tax year includes February 29

	<b>J1</b> Eligible expenditures incurred after March 26, 2009 for a qualifying apprenticeship program that began before April 24, 2015 (see note 3)  <b>452</b>	<b>J2</b> Eligible expenditures incurred for a qualifying apprenticeship program that began after April 23, 2015 (see note 3)  <b>453</b>	<b>K</b> Eligible expenditures multiplied by specified percentage (see note 4)  <b>460</b>
1.		39,410	10,750
2.		37,598	10,256

Note 3: Reduce eligible expenditures by all government assistance, as defined under subsection 89(19) of the *Taxation Act, 2007* (Ontario), that the corporation has received, is entitled to receive, or may reasonably expect to receive, in respect of the eligible expenditures, on or before the filing due date of the *T2 Corporation Income Tax Return* for the tax year.

For J1: Eligible expenditures must be for services provided by the apprentice to the taxpayer during the first 48 months of the apprenticeship program, and not relating to services performed before the apprenticeship program began or after it ended.

For J2: Eligible expenditures must be for services provided by the apprentice to the taxpayer during the first 36 months of the apprenticeship program, and not relating to services performed before the apprenticeship began or after it ended.

Note 4: Calculate the amount in column K as follows:

Column K = (J1 × line 312) or (J2 × line 314), whichever applies.

	<b>L</b> ATTC on eligible expenditures (lesser of columns I and K)  <b>470</b>	<b>M</b> ATTC on repayment of government assistance (see note 5)  <b>480</b>	<b>N</b> ATTC for each apprentice (column L or M, whichever applies)  <b>490</b>
1.	1,466		1,466
2.	1,466		1,466

**Ontario apprenticeship training tax credit** (total of amounts in column N) **500** 2,932 **O**

Or, if the corporation answered **yes** at line 150 in Part 1, determine the partner's share of amount O:

Amount O \_\_\_\_\_ × percentage on line 170 in Part 1 \_\_\_\_\_ % = \_\_\_\_\_ **P**

Enter amount O or P, whichever applies, on line 454 of Schedule 5, *Tax Calculation Supplementary – Corporations*. If you are filing more than one Schedule 552, **add** the amounts from line O or P, whichever applies, on all the schedules, and enter the total amount on line 454 of Schedule 5.

Note 5: Include the amount of government assistance repaid in the tax year multiplied by the specified percentage for the tax year in which the government assistance was received, to the extent that the government assistance reduced the ATTC in that tax year. Complete a **separate entry** for each repayment of government assistance.

See the privacy notice on your return.

## Integrity Checks

The applicant must ensure the following integrity checks have been completed and confirm this is the case in the table below, or

Item
The depreciation and amortization added back in the application's PILs model agree with the numbers disclosed in the application
The capital additions and deductions in the CCA Schedule 8 agree with the rate base section for historical, bridge and test years (as applicable) in the application. The application has a closing December 31 historical year UCC that agrees with the opening (January 1) bridge year UCC. If the amounts do not agree, then the applicant must provide a reconciliation with explanations. Distributors must segregate non-distribution tax amounts
The CCA deductions in the application's PILs tax model for historical, bridge and test years (as applicable) agree with the numbers in the CCA Schedule 8 for the same years filed in the application
Loss carry-forwards, if any, from prior year tax returns' Schedule 4 agree with those disclosed in the application
A discussion is included in the application as to when the loss carry-forwards, if any, will be fully utilized
CCA is maximized even if there are tax loss carry-forwards
Other post-employment benefits and pension expenses that are added back on Schedule 1 to reconcile accounting income to net income for tax purposes agree with the OM&A analysis for compensation. The amounts deducted are reasonable when compared with the notes to the audited financial statements, Financial Services Commission
The income tax rate used to calculate the tax expense is consistent with the utility's actual tax facts and evidence filed

Ontario Small Business Rate	4.50%	4.50%	4.50%	3.50%	3.50%	3.20%

## Notes

- The Ontario Energy Board's proxy for taxable capital is rate base.
- Regarding the small business deduction, if applicable,
  - If taxable capital exceeds \$15 million, the small business rate will not be applicable.
  - If taxable capital is below \$10 million, the small business rate would be applicable.
  - If taxable capital is between \$10 million and \$15 million, the appropriate small business rate will be calculated.
